# DIRECTOR From the Executive Director

## Our People Are Our Greatest Asset

**Paul Henderson,**  
SCSCAI  
Executive  
Director

*We have approximately 300 full-time and part-time employees who work diligently to keep everything functional and attractive in appearance.*

Over the last four months I have inspected almost all of the material assets of Sun City Summerlin. I have been very impressed with the quality of our facilities. The Board of Directors and the staff have done a wonderful job – over the years – keeping everything serviced and maintained.

We have approximately 300 full-time and part-time employees who work diligently to keep everything functional and attractive in appearance.

Every day you can observe these team members assisting residents at the front office, cleaning up the roadways and roadside landscaping, painting walls, inspecting properties to maintain our high standards of quality and appearance for each neighborhood; grooming the golf courses and the peripheral landscaping around the golf courses and buildings, working to serve our guests at the golf courses and restaurants; as well as helping to keep the game rooms and meeting rooms clean and orderly. Clear and concise information is provided through the Link and website, as well as by the online Association e-blasts. Our Community Services and Fitness departments manage the myriad social events and activities happening in Sun City, and Community Standards keeps us all in compliance.

With that said, I would like to acknowledge the dedication and commitment of all of Sun City Summerlin Community Association employees and say THANK YOU! As the headline attests, “Our People Are Our Greatest Asset,” and they – through the guidance and direction of the Board of Directors – make Sun City Summerlin the most attractive and appealing retirement community in Nevada.

The more I meet and talk with our Association employees the more I am impressed with their dedication. They truly are working hard to make your Association the best it can be.

Personally, I take great pride in working with our team and sincerely hope that you share that opinion.

TO ALL THE EMPLOYEES OF SUN CITY SUMMERLIN –  
THANK YOU FOR YOUR DEDICATED SERVICE  
TO OUR ASSOCIATION – PLEASE KNOW THAT  
YOU ARE APPRECIATED.

## The Importance of Committees

**David Steinman,**  
President, SCSCAI  
Board of Directors

*Each member of the Board serves as a liaison to the various standing committees operating under the governing documents of Sun City.*

**F**ebruary 24, 2016, signaled the termination of the Board of Directors who have served your community well over the last 12-month period. A big “Thank You” should be extended to Bruce Alitt, Leo Crawford and Glenda Rogers for their service to the community. They have retired from the Board. The election on February 24 made five people members of the Board for a two-year term. They include incumbents Ellen Bachman and myself; Sue Papilion, former executive director of Sun City and a past Board member; plus newcomers Richard Gluch and Karl Weidemann.

Each member of the Board serves as a liaison to the various standing committees operating under the governing documents of Sun City. As president of the Board, I have appointed members to the committees (see table below).

The appointed Board liaison may serve as chairman of the standing committee, or a resident member may serve as chairman. The important issue of our committees is that they consist primarily of members of the community who wish to be a part of the governing process without serving on the Board. Committees have specific areas of responsibility of the operating functions of the community. They review matters in their area of responsibility and make recommendations to the Board for action.

Can you serve on one of our Committees? Yes, start by contacting the liaison listed below who is in charge of the appropriate standing committee where you believe your time and talent will be most helpful. I urge you to attend a committee meeting and understand their functions. You may be surprised at the amount of resident help we need to run this community.

**T**he Properties Committee (CAP) reviews, inspects and approves all the buildings, amenities and landscaped property that belong to all of us as owners and residents of Sun City. Teams of volunteers walk the buildings, fitness centers and streets to make sure that they are in good condition. They report any issues that need attention. In some instances, such issues become big projects that must be funded and corrected.

This year is the beginning of Sun City's Renaissance! It is the theme of your Board of Directors, which will be using its committees to identify and update the facilities, communication and technology so that Sun City Summerlin remains one of the premier retirement communities in the country. Our community is 25 years old and it is important not to look that old so that we can maintain and increase the value of your property.

This year the Properties Committee will be working on projects such as new entrance landscapes, new pool furniture, more pickle ball

courts, improvements to the Highland Falls restaurant and possibly increasing Desert Vista's fitness facility. No improvement idea is beyond reality. Your input and help are needed.

## System the Starting Point for Making a Difference in Sun City

By Jeannette Carrillo/Link · Photos by D.J. Minella

If you are a new resident to Sun City, welcome. If not, welcome to another year of enjoying the best of amenities offered by Nevada's largest homeowners' association. With that status comes responsibility. To ensure the smooth running of day-to-day operations, SCSCAL (Sun City Summerlin Community Association, Inc.) relies on residents to assist it in maintaining and building a better community.

For those who may be contemplating a way to give back, the following article offers a start to pinpointing an area where you would like to concentrate your efforts. Along with each description of the nine standing and one advisory committees, you will find the name and contact information for the liaison appointed by the Board president. You may reach out to any of the committee chairpersons with questions or to find out more of what's required to get started sharing your time.

### Architectural Review Committee (ARC)

*Ken Caroccia, chairman,  
kcaroccia@cox.net · 254-8852*  
The Architectural Review Committee was established to maintain and enforce the standards and guidelines set forth in the governing documents to provide an orderly and visually cohesive community. It also provides a timely review of all projects planned for the community.

Two committee members are required to review applications. Committee members come into the Community Standards office on a weekly basis to review plans. All submissions for room additions, walls/fencing, patio enclosures and patio covers are reviewed by the construction

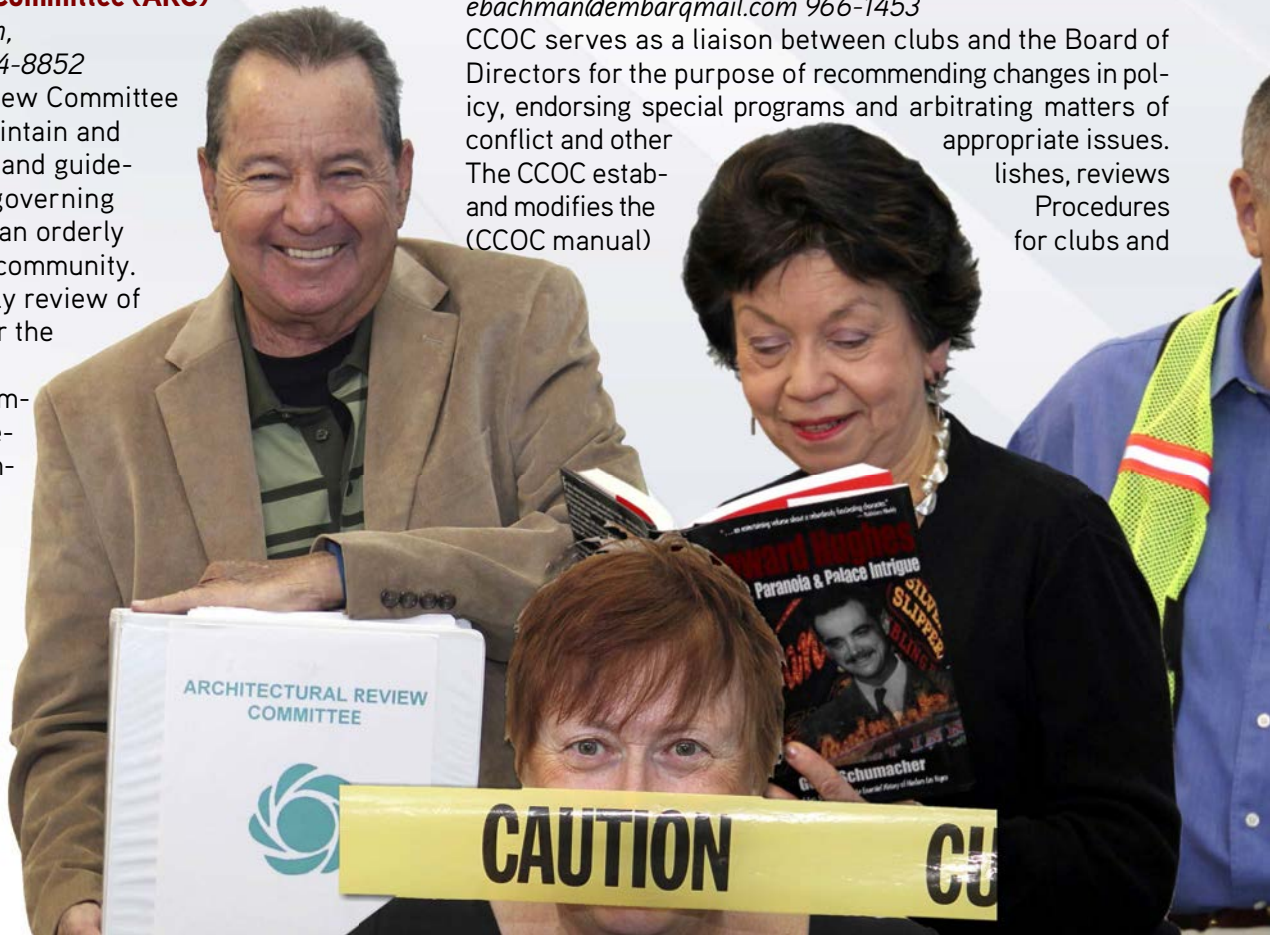

sub-committee. These members physically view the property; check measurements, etc., before approving. If applications are denied, residents have the opportunity to revise their plans or appeal to the committee at the next scheduled ARC meeting. ARC members perform inspections 120 days after an application is approved.

### Common Area Properties (CAP)

*Sue Papillon, chairwoman · spapillon@cox.net · 838-9089*  
On a regular basis, members of the Common Area Properties Committee conduct thorough inspections of all the Association's real and personal property. The committee determines and makes recommendations to the Board of Directors that said property is maintained in a manner to ensure safety of personnel, long life and efficient operation. The Committee consults with the executive director on all individual purchases of machinery, electrical and mechanical equipment. This applies to new and replacement equipment.

### Chartered Clubs & Community Organizations (CCOC)

*Ellen Bachman, chairwoman  
ebachman@embarqmail.com 966-1453*  
CCOC serves as a liaison between clubs and the Board of Directors for the purpose of recommending changes in policy, endorsing special programs and arbitrating matters of conflict and other appropriate issues. The CCOC establishes, reviews and modifies the Procedures (CCOC manual) for clubs and

submits them to the Board for approval. Chartered clubs and community organizations are subsidiaries of and sponsored by SCSCAI to foster and promote hobbies, community interests, and recreational and cultural pursuits among its members. It is the purpose of CCOC to provide direction and structure to the chartered club system and enable the membership to enjoy fully the facilities and programs offered.

### **Community Preparedness Committee (CPC)**

*Karl Weidemann, chairman*

*kwiedemann@gmail.com · 256-1944*

In the last year, CPC has undergone a reorganization. The committee has split its major responsibilities, assigning first-responder duties to the Security Patrol and leaving all community education issues to CPC. The volunteers on this committee produce articles for the Link and promote events to teach residents about the importance of being prepared for an emergency.

### **Deed Restriction Hearing Committee (DRHC)**

*Joe O'Connell, chairman · Jpcg1970@gmail.com · 363-0630*

The Deed Restriction Hearing Committee is delegated authority by the Board of Directors to hear formal complaints brought by the Association alleging violations of the governing documents. A hearing on a formal complaint shall be presided over by a hearing panel consisting of at least three members in accordance with the Association's complaint and hearing protocol. If, after a hearing, the formal complaint is upheld, the hearing panel may sanction the respondent up to and including suspension of Association privileges.

### **Finance**

*Ken Resnik, chairman · Renik1@cox.net · 366-0630*

This committee will have general oversight of the financial policy, subject to the approval of the Board of Directors, including ways and means for obtaining funds necessary to meet the authorized budget for carrying out the work of the Association. The committee will review and make recommendations to the annual budget that is prepared by the executive director. The committee comprises three sub-committees – Investment, Audit and Insurance.

### **Fitness**

*Jim Akers, chairman · 966-1458*

The Fitness Committee reviews and recommends to the Board of Directors improvements and enhancements to the facilities and fitness equipment. The committee reviews and suggests maintenance and operation of the fitness centers and other related community fitness assets. The committee makes recommendations regarding residents' fitness, suggestions and complaints. The committee will study other fitness-related matter as requested by the director of fitness, the executive director and/or the Board of Directors.

### **Golf Oversight**

*Dick Gluch, chairman*

*rgluch@yahoo.com · 362-4841*

The Golf Oversight Committee provides advice and recommendations to the SCSCAI operations staff and the SCSCAI Board of Directors regarding all phases of golf operations, regarding conduct of play and operation of the golf shops, rules and regulations to be observed by staff and golfers, design and maintenance of the golf courses and practice areas, promotion of play by

# Understanding Committees

residents and non-residents of Sun City, structure of dues and fees, as well as input to the budgetary process. The Golf Oversight Committee also provides an information link between residents, golf clubs and golf operations regarding complaints and suggestions, and recommends corrective action where appropriate.

## Information Technology (IT)

*Karl Weidemann, chairman*

*kdwiedemann@gmail.com · 256-1944*

The Information Technology Committee reviews and evaluates the adequacy of the hardware and software requirements of the SCSCAI's various user departments. The Committee will recommend cost-effective improvements and changes in order to optimize the flow of user-required information. The committee reviews and recommends new and replacement hardware and software capital purchases. It oversees the budgeting, procurement, operation, maintenance and disposal of information technology assets. These include software, servers, workstations, control computers, both wired and wireless network components, telephone system(s) and any other systems that may be deemed to be the responsibility of the Information Technology Department.

## Legal

*Ellen Bachman, chairwoman*

*ebachman@embarqmail.com · 966-1453*

Under Sun City's bylaws, LSC may review Sun City's governing documents, review and recommend strategies to keep legal costs down, and review legislation that may impact the Association and make recommendations to the Board regarding that legislation. Upon the request

of the Board, the LSC also provides training in areas where committee members have expertise and recommends selection criteria for new legal counsel. The Legal Services Committee does not provide legal advice to the Board of Directors or the Association.

## Link (Advisory)

*Ken Caroccia, SCSCAI BOD Liaison,*

*kcaroccia@cox.net · 254-8852*

The primary mission of the Link is to provide unbiased communication and to inform residents of community news, events and services. The Link is 100 percent supported by advertising revenue and no resident dues are used to produce the magazine. The Link maintains a monthly published product, as well as a website, [www.suncitylink.com](http://www.suncitylink.com). The Link welcomes residents to contribute articles, photographs, story ideas and suggestions for advertising.

# Enjoying Our Pools

**Kristie McWhorter,**  
MS, CPT, GFI,  
Director of Fitness  
[kristiem@suncitylv.com](mailto:kristiem@suncitylv.com)  
[fitness@suncitylv.com](mailto:fitness@suncitylv.com)

Outdoor  
pools and spas  
open  
April 1

It's springtime and the outdoor pools and spas open April 1 for all to enjoy! Sun City Summerlin's four Fitness Centers, along with two indoor swimming pools and three outdoor pools, are used daily by hundreds if not thousands of residents who enjoy our wonderful amenities. The Maintenance and Landscape departments have been busy preparing for the upcoming pool season.

Those visiting the Pinnacle pool will notice the lack of pine needles littering the poolside. A few pine trees and several bushes were removed to help improve the pool environment. We hope to have fewer bees after removing some of the flowering bushes that attract them; residents will see a noticeable difference while enjoying their time in the sun.

At Mountain Shadows, the pool bathrooms have been updated with new tile and vanities for a fresh, clean look, and the Maintenance staff has repaired the pool decks at all of our outdoor pools.

## FUN IN THE SUN

Sun City Summerlin is made up of a wide variety of residents. We all share the facilities, and there are rules in place to help make usage fair, safe and enjoyable for all. Our pool rules are in accordance with the SCSCAI Rules & Regulations and the Southern Nevada Health District. Below are a few issues and rules that residents question the Fitness staff about on a regular basis. We hope this information helps all residents have a pleasant experience when visiting the swimming pools.

**Showering & Sanitation Laws:** Showering before entering the pool or spa is required by the Southern Nevada Health District in order to reduce contaminants brought into the pool and spa. It is also highly recommended to rinse off by showering after exiting the pool. You always will see professional and Olympic-competitive

swimmers and divers rinse off as soon as they exit the pool. Although chlorine (salt or liquid) is necessary to keep the pools clean and sanitary, showering after swimming will help keep your skin and suit in healthier condition. No adult disposable briefs are allowed to be worn in the pool or spa.

**Pool Water & Bodily Fluids:** Even with nightly maintenance, it is important to maintain the cleanliness of the pools and spas on a daily basis. Association rules and the Health District restrict individuals with any open sores from entering a pool or spa. Regardless of where the open sore is, on the top of the head or the bottom of the foot, residents with an open sore may not enter the pool or spa water. For those who like to spend hours walking in the pool, please remember to vacate the pool often and use the restroom. Studies show that urine combined with chlorine creates many health risks for individuals. Please use good hygiene and do not urinate in the pools or spas.

## OTHER FITNESS CENTER AND POOL RULES

- ◆ Residents must be present to check in their guests.
- ◆ Street shoes are not allowed in the pools or pool areas. Clean pool shoes are acceptable.
- ◆ Persons with a cold, cough, sore or inflamed eyes, any skin or communicable disease, or with open sores or bandages must not enter the pool or spa.
- ◆ Children (under 19) must be 42 inches tall (without shoes) to use the pool, and must be supervised by an adult at all times. Children (under 19) are not allowed in the spas.

In order for all residents to enjoy their experience at the pools, we suggest picking up a rule pamphlet from the Fitness Monitor desk and being familiar with pool rules and water classes that may be using the pools at certain times.

*On a clear day, visitors to the pool at the Pinnacle  
can see forever across the Las Vegas skyline.

## Charli's Corner

*How to  
Work Your  
Core –  
Part 1*

**Charli Sue Douglass**  
SCSCAI Fitness  
Specialist, CPFT, GFI

**Y**our core is made up of many muscles that work to hold your body erect while standing and sitting. Your core includes the abdominals, back extensors, mid-back muscles and obliques, to name a few. To strengthen your core and create better posture, you need to work all the muscles that support the movements that your core can do. For example, our obliques are used for rotation and turning from side to side. Back extensors are used for keeping our bodies upright.

Residents in the fitness center love to use the ab crunch strength machine. However, many don't use it correctly and rely on only this one exercise for their core workout. The ab crunch is only one exercise of many that your body needs to do to create a core that is worth its power to keep you standing upright and straight. A proper core workout will guard against a rounded posture and weak back muscles.

Crunches only use the rectus abdominis muscle that runs vertically from rib cage to pelvic

bone. When you do endless crunches it does not shrink your waistline. It may actually make your stomach stick out and create more rounded shoulders as the muscle gets stronger and shortens from the load.

**How to use the ab crunch:** Be sure to line up your hips with the pivot point of the machine. Keep your spine straight as you move the chest plate forward (Picture 1). Draw in your belly button to engage the rectus abdominis and move 30 degrees forward (Picture 2). If you are bending forward 45 or more degrees, you are no longer doing an effective crunch.

In the coming months, I will share how to use rotation movements and low back exercises to help stabilize and strengthen your core.

## Legislative Office Hours

**State Assemblyman Glenn Trowbridge** welcomes residents to "Meet Your Assemblyman" every second Saturday of the month. This month's meeting is **April 9, 10-11 a.m.**, in the Committee Room at Desert Vista. United States Congressman Crescent Hardy continues his office hours in Sun City on the first Tuesday of the month, **April 5, 10:30 a.m.**, Desert Vista. One of the Congressman's staff members will be on hand to help residents with a variety of senior-related and veterans' issues.

Representatives' office hours are working sessions designed to help residents with problems they may be experiencing and are NOT meant to be campaign stops.

## Do You Know?

Do you know that any Sun City Summerlin resident with a valid Sun City Summerlin Association ID card is permitted to use our arts and crafts facilities whether or not he or she is a member of a club?

As stated in our Sun City Summerlin rules and regulations, the equipment must be available to all residents during "open times" when there are no club events scheduled. Club membership is not required. However, many of these facilities have safety and proficiency tests, or checks to ensure all (members and non-members alike) know how to use and care for the clubs' equipment properly. Also, clubs may charge non-members a nominal amount to help maintain and replace equipment as needed.

Open times, when any resident might use the equipment, are posted at the particular facility, and club member room monitors must be in attendance during these open times.

# PREPAREDNESS Community Preparedness Committee

## CPC's Educational Team Meets Tuesday, April 6, 9 a.m., at Desert Vista

By Ellen Greenspan  
CPC Educational Team

**Educational Coordination Team.** The Community Preparedness Committee's educational team is organized to help residents manage crisis situations that are likely to occur in their day-to-day pursuits. The team helps residents avoid home accidents and teaches them to assemble a basic first aid kit. Stockpiling emergency drinking water is vital, as is participation in the Vial of Life program that helps residents file emergency contact information. These practices have been proven to be lifesaving procedures.

**Educational team members are your neighbors.** They are knowledgeable volunteers who have learned to provide proactive direction to help residents stay safe. They have diverse business, professional and educational backgrounds; they live here and they embrace the valued concept of neighbors helping neighbors.

We need not worry about a tsunami, but commercial vehicles and railroad cars carrying hazardous materials routinely pass through Las

Vegas. The team works with residents to help them prepare for emergencies that could involve anything from an airplane crash to a disruption of the water supply.

**Everyone should have a family emergency plan.** If CPC advises residents to stay inside their homes until danger has passed, will you be able to do that? Have you stored emergency supplies for people and pets? Is your water heater strapped to prevent it from toppling and possibly causing an explosion? Do you have a battery-operated radio and flash lights? Can you turn off utilities if you detect an odor of gas? Do you know what you want to take with you if you must evacuate your home? And, if the electric garage door opener isn't working can you manually open the door?

Sun City residents are always welcome to attend CPC meetings. For information, visit [cpccommittee@suncitylv.com](mailto:cpccommittee@suncitylv.com).

## No Bad Teams, Only Bad Leaders

**Bill Henriod,**  
Security Patrol  
Chief

*(Editor's note: The following is a restated extraction from the book "Extreme Ownership – How U.S. Navy SEALs Lead and Win" by Jocko Williams and Leif Babin.)*

**S**eal training starts with hell week: 120 continuous, unrelenting hours of physical, mental and spiritual stress with minimal food and only two hours of sleep over the five grueling days. Each seven-man team is assigned a rubber boat that weighs about 200 pounds. The teams carry and run with the boats overhead, push and pull them over and under obstacles, carry and run over sand and paved roads, and have the boats overturned at sea with the crew in it.

The highest ranking team member is assigned the task of being the team leader and is responsible for the performance of that boat crew.

In an actual training group, Boat #2 was continually first or second in the competitions, while Boat #6 was always last. The

value of winning was that the winning team could take a short break from the rigorous training. Boat #2's crew was happy and worked to help one another to be successful. Boat #6's leaders and crew fought with each other continuously, each blaming the others for their failures.

After several days of this, a training officer suggested that the team leaders of Boats #2 and #6 change places. Unbelievably, in the next competition, Boat #6 came in first, while Boat #2 came in third! The difference was that the new leader of Boat #6 was a positive, encouraging leader, who believed in this "losing" crew. The crew believed in their leader and took up his winning attitude. This is a prime case of no bad teams, only bad leaders.

For additional detail on this issue, I heartily recommend "Extreme Ownership – How U.S. Navy SEALs Lead and Win" by Jocko Williams and Leif Babin.

## Sun City Family Celebrates 5 Generations

**S**un City resident Johanna Trettin was born in 1927 in Indonesia. She came from a Dutch Indonesian family and lived on the island of Java, where she had been

Looking back over her family's history, Irene said, "All five children agree that the best thing our parents did was bring our family to the United States."

Irene recalled it was after her father's death that her family was deported to the Netherlands, even though none of them had ever been to their home country. At that point they were literally people without a country, she said.

Moving from the warm, tropical climate of Java to the contrasting cold of the Netherlands took quite getting used to, Irene said. It was in the Netherlands that Irene said her mother married her second husband, Hermann. The two were married for 63 years until his passing last year. Together, Johanna and Hermann had three children – Ron, Micki, and after immigrating to the United States, Sandi, who was the only United States citizen born into the second generation.

For three years, Irene said, the family endured the wet weather in Seattle, where they had landed after arriving from the Netherlands in 1961. Three years later, in 1964, they relocated to Los Angeles, and back to warmer weather.

Hermann and Johanna eventually retired and moved to Sun City Summerlin in 1992.

Of her mother, Irene said, "She is the proud matriarch of five generations. She was born in Indonesia and is a mother, a grandmother, a great-grandmother, a great-great grandmother and a widow, who has resided in Sun City for the past 24 years."

The other four generations include: Irene, who was licensed as a real estate agent in California and Colorado; Irene's daughter Michelle Rademacher, who represents the first of the third generation born in the United States and lives in Palmdale, California, where she is a project manager for Lockheed Martin of Southern California; Michelle's daughter, Jacqueline McDonald, a mother and wife, who lives in Sacramento, California; and Jacqueline's 2-year-old Blake.

living in a nice house with her mother and father before World War II broke out. During the war, Johanna recalled that the Europeans living in Java were declared prisoners of war and held in refugee camps.

In the years following the war, Johanna met Willy, her first husband, and in 1951 they had two daughters, Hellen and Irene. Willy died in an automobile accident shortly thereafter.

Irene Denny, Johanna's eldest daughter, moved to Sun City two years ago from Colorado to be closer to her parents. Irene revels in the fact that her family enjoys five living generations today.

In 2003, Irene said her family lost a generation when her grandmother died, but regained the status 10 years later with the birth of Johanna's great-great-grandson, Blake McDonald in 2013.

Now that she is retired, Irene looks forward to the day when she can return to the island to see how much or how little it has changed.

You'll hear such show-stoppers as "On a Wonderful Day," "Bali Hai," "They All Laughed," "What I did For Love," "Get Me to the Church on Time" and more. There's also a vignette of music from "Guys and Dolls" and "The Pajama Game." All songs have been carefully arranged and scored by Musical Director George Pucine and Martha Olsen's skilled craftsmanship on the piano. ### "CARY LONG'S COMEDY ACT"

Saturday, April 2, 7 p.m. · \$15

Cary Long is a fresh new face on the comedy scene. He got his start on the hit television show "Star Search" with Ed McMahon and has been seen on "Evening at the Improv," "VH-1 Stand-up Spotlight With Brian Regan," as well as two appearances on the "Tonight Show." His act is full of everyday situations that everyone can relate to. Cary combines accents, cultures and nationalities into a rib-tickling performance that will have audiences laughing at themselves. His comedy is observational, and he gets a lot of his routine from people he sees that day. So, if you are in the vicinity, be warned! Cary's take on relationships between men and women will have couples pointing at each other saying, "I told you so." In short, he is clean, funny and a must see!

## “TRIBUTE TO SIMON & GARFUNKEL”

*Saturday, April 16, 7 p.m. · \$22*

The magic of this iconic duo is reimagined in impeccable vocal harmony. AJ Swearingen and Kelli re-create the music, memories and magic of the most famous folk-rock duo of our time, Simon and Garfunkel. Swearingen has been performing this music for 20 years with the mastery of Paul Simon’s intricate guitar playing. His deep baritone blends perfectly against Kelli’s angelic vocals that invoke a true sound in the spirit of Art Garfunkel. The duo has been performing since 2010. Together and separately they have shared the stage with Kenny Rogers, Crystal Gayle, Livingston Taylor, John McCutcheon and more. Two voices in perfect harmony balanced against one acoustic guitar delivers a true tribute to the sound of the 1960’s Greenwich Village coffeehouse performances.

## CLUB SPOTLIGHT: Model Builders Club Crafters Reveal Master Level of Expertise

The month of April will feature the Model Builders Club in the display windows at Mountain Shadows community center lobby. Throughout the year, each one of the crafts clubs is featured for a month, allowing members to show off their creations in the three display cases.

The Model Builders Club is a very diverse group of clever and creative artisans. The centerpiece of the club is its extensive HO model train layout (one of the largest in Nevada). But there is a whole lot more, including doll houses and miniature furniture, detailed leather craft, and fabulous wood carving, in addition to classic model cars, military vehicles and model ships. The display cases will include model ships by Glenn Williams, Bob Sylveter and Bruce Adams. Ernie Tomey will display his classic motor cars and Bernie Karpel will show off his award-winning skills in model military vehicles. There is also fabulous leather work by Laurence Curtis, Glenn Latta and Bill Winchester, and very creative and diverse wood carvings by Dean Otteson, Tony Giuffrida and Mel Turner. And, for the first time, the club will display some of the beautiful miniature doll house furnishings and accessories built by Vicki Ashenfelter and Edie Bush.

The Model Builders Club is located in the crafts wing of the Desert Vista community center. The Club is always open for visitors and welcomes new members, especially beginners (or those whose skills are a "little rusty"). For information, call Club President Bruce Adams, 463-9921.

faculty. Works by Mozart, Dvorak, Hayden, Beethoven, Schubert and more will be performed. This group is one of my personal favorites of the year. I especially enjoy seeing younger performers onstage in an unfamiliar venue with a new audience. The programs become more difficult as the evening progresses, ending with the faculty schooling their students on how to execute a professional program. This format results in a very exciting and emotional evening for both the audience and performers. We get to witness students grow as they challenge themselves. We are using our resources to provide opportunities for young people to perform professionally to ensure the future of classical music. The performance starts at 7 p.m., doors open at 6:30 p.m. Arrive early if you have not yet paid your \$1 yearly dues. Contact Will Rydell at 580-0727 or [lledyrw@aol.com](mailto:lledyrw@aol.com).

## Computer

The April general meeting will be held on Thursday, April 7, 7 p.m. Desert Vista. For Club information, go to [www.scscc.club](http://www.scscc.club), or contact Howard Verne, president, 527-4056, [pres.scscc@gmail.com](mailto:pres.scscc@gmail.com).

## Conservatives Club

We have interesting, informative presentations by elected officials, candidates and public figures. In April we meet on the fourth Thursday of the month at Desert Vista. The meeting date is April 28. Doors open at 6 p.m. Meeting starts promptly at 6:30 p.m. We will vote on this year's budget. Come join us for coffee, cookies and good fellowship. Have questions? ## Cribbage

The Cribbage Club meets at Mountain Shadows every Wednesday and play starts promptly at 6 p.m. Please try to arrive at least 10 minutes early. Our club members are extremely friendly and we love to welcome new players. We had only one player achieve a 400 game this month. Rhoda

## Club Spotlight: Aquacize · Pool Classes Enable Easier Movement

The Aquacize Club was formed in 1990 and currently has 173 members, making it one of the largest chartered clubs in Sun City. The current president is Marianne Jagmin.

The Club was formed in order to allow people to do a daily aerobic exercise in the water, which is less strenuous on the joints.

The Club offers four 45-minute programs each day for six days a week. There are classes at Desert Vista, Sun Shadows and Mountain Shadows. (For class times, please refer to the pool schedule page 20.)

The 7 p.m. class at Desert Vista has a volunteer instructor, Richard Adkins, who leads the class in the workout.

With four classes going each day, there is a great diversity of members, including men and women with several who are over 90!

The social aspect of the club is very extensive. The members meet quarterly and always include a summer pot luck party (celebrating the Fourth of July at the Desert Vista outdoor pool). They also have a Halloween pizza party, a Christmas party luncheon and a Valentine's party. The members go to plays on a regular basis ("My Fair Lady" is scheduled for April 7 at \$25 per person.)

In addition to the exercise and socializing, the Aquacize Club presents speakers or entertainment at each meeting. Club dues are \$10 per year for all that fun.

We play nine holes when we play Palm Valley or Highland Falls, and alternate between 9- and 18-hole scrambles during our monthly visits to Eagle Crest. Planning for our spring trip is well under way and you won't want to miss it. **CLUB SPOTLIGHT: WaterRobics**  
**Add a Splash to Your Day**

Would you like to get into an exercise routine but feel limited by stiffness or a lack of mobility? There is a way to build strength that is easy on the joints, increases flexibility, burns calories, has a positive effect on bone density and is heart-healthy. It's water aerobics.

The pool provides a relaxing environment for exercising and, as summer approaches, a respite from the heat. The water supports the body so you don't have to worry about falling, and it helps alleviate the feelings of fatigue.

Sun City WaterRobics Club President Joan Lambert has been a participant for 23 years. "It keeps me healthy, makes me feel better, and keeps me young," she said.

Member Barb Barcus also extolled the virtues of water workouts: "It's a good way to move your body without stress. It's fun and relaxing, and a neat way to exercise."

Ardath Hansen has been participating in the club for 13 years. When she started, she could barely walk due to a stroke. She credits her remarkable increased mobility to water aerobics.

Judith Shellabarger has been a member for 16 years and says, "It makes you feel great!"

The club offers classes eight times a week at Sun Shadows, Monday through Friday, from 9 to 9:45 a.m.; Monday, Wednesday and Fridays, from 1 to 1:45 p.m. Yearly dues are \$110 and are prorated.

For more information on the club, or to join, call Joan Lambert, 228-2060.

## Stained Glass

Hello, it's spring time! Would you like to do a project in stained glass? Come on down. We are located in the craft wing of Mountain Shadows. We are a very sociable, working group of people who like to help others. All you have to do is ask and if that person can't help you, he/she can direct you to one who can. Become a member by calling our President Sam Policicchio, 253-988-8342, or our Vice President Walter Medla, 228-0917. We conduct classes every month. These are instructional for both everyone, and provide an opportunity to see if the club is what you expect. We are open every day, 8 a.m. to 9 p.m. Come down any time a member is in the studio and take a tour. See you there!

The Club is strictly social, with monthly gatherings aimed at promoting friendship, conversation and shared experiences. The Club meets on the last Thursday of every month at Desert Vista, 5 p.m., for a happy hour gathering of appetizers and drinks. There also will be a contest and prize for the most creative spring bonnet. Light refreshments will be served. ### The Many Benefits of a Reverse Mortgage:

- You still own your home.\*
- No monthly mortgage payment.\*
- Get tax-free\*\* money you can use for anything.
- Eliminate your existing mortgage.

### How do Reverse Mortgages Work?

The application process is very similar to any other home loan. If you have sufficient equity in your home, your current loan (if you have one) will be paid off with your new reverse mortgage. This will eliminate any current monthly mortgage payment you have!\* Any additional money after your mortgage is paid will be available to you tax-free.\*\*
