PRESIDENT

President's Message

Changes in 2016

David Steinman,
President, SCSCAI
Board of Directors

As we leave the 2015 holiday season and celebrate the coming of a New Year, we anticipate some changes for Sun City Summerlin.

The first change residents will notice in 2016 is the presence of a new executive director. Paul Henderson has been hired to direct our nearly 300 employees and \$15 million budget. Paul comes to Sun City with a background as the city manager of Mesquite, Nev. The Board believes the duties of a city manager properly match the requirements for the leader of a large homeowners' association.

On February 24, five vacant seats on the Sun City Board of Directors will be filled. Three of our current board members have decided to forego running for another term, so there will be some new people assuming Board responsibilities. Sin

cere thanks to Bruce Alitt, Leo Crawford and Glenda Rodgers for their dedicated service to our community. The job requires many hours of work each month.

Your board knows that it has been many years since golf revenues exceeded golf expenses. In an effort to find new ways to operate our three golf courses, the Board hired a golf consultant to assist us in making the right changes to golf in Sun City. We expect the report to be delivered to the Board this month. Residents, golfers, the Golf Oversight, Com

mon Area Properties and Architectural Review committees will all be invited to respond to the recommendations made by the golf consultant.

A new board of directors, a new executive director and a new golf report will add up to some interesting beginnings for Sun City Summerlin.

Paul Henderson has been hired to direct our nearly 300 employees and \$15 million budget.

NOTICE OF ELECTION – 2016

The SCSCAI Administrative offices at Mountain Shadows community center will be open for voting until 5 p.m. on Tuesday, February 23. This is the last day to cast your ballot for the election for the Board of Directors.

The staff will be available to supply replacement ballots and tend the ballot box. The ballots will be secured in the Association office until the following day when they will be validated, opened and counted starting at 8 a.m. on Wednesday, February 24 during an **OFFICIAL ASSOCIATION MEETING** open to all residents. There is only one agenda item for this meeting, that being the counting of the election ballots. The results will be announced by the Association secretary and reported to the Board of Directors.

The Election Committee is preparing to conduct the annual election of Sun City directors. This year, Tuesday, February 23, is designated as Election Day and **will be the last day to cast your ballot.** Counting of the ballots will take place on Wednesday, February 24. Five positions will be filled. Each home has five (5) votes that may be cast for one candidate or divided among all in any manner desired. It is critical that not more than five (5) votes are marked.

Ballots (part of the Link mailing label) and a return envelope will be included in your February Link. The ballot instructions are on the back of the address portion of the mailer. The ballot portion is perforated so the name and address can be removed by tearing it off at the perforations. After you mark your votes on this ballot, remove the address portion and insert the ballot into the envelope so that the bar code shows through the window in the envelope. It may then be mailed to the Administration Office, Mountain Shadows, 9107 Del Webb Boulevard,

Las Vegas, NV 89134; or save Sun City the cost of postage by personally depositing your ballot in the ballot box at Mountain Shadows. If you mail your ballot, it must be received no later than 5 p.m. on February 23. Voting will close at 5 p.m. on February 23.

Should you lose or accidentally destroy your ballot, another can be obtained at the Administration Office. Before requesting a replacement ballot, be certain that another member of your household has not already voted. If two ballots are received from the same household BOTH will be voided. Also, if more than five (5) votes are marked on a ballot, all votes will be voided.

One "Meet the Candidates" event will be held. It will take place during the Residents' Forum on Wednesday, January 13, 7 p.m., Desert Vista. Each candidate will make a presentation, which will be followed by a question-and-answer period moderated by Las Vegas City Councilman Stavros Anthony. After this formal meeting, candidates will be available to answer your additional questions.

STANDARDS

Community Standards

A Few Tidbits

If you park in the street, please do not park any part of the vehicle on the sidewalk. If you park your vehicle in your driveway, make sure it does not block the sidewalk.

It is not unusual for us to receive the same questions over and over from residents. This month, we are providing some of the information that is frequently requested.

Mailboxes. Many of the mailboxes and posts in the community are in need of repainting. This is the responsibility of the individual homeowner or the sub-association of which the duplex or villa is a member.

If the box is rusted, faded or discolored, it is time to repaint. Boxes must be painted the color they were originally painted by Del Webb. Since this is considered maintenance, it does not require prior ARC approval. If you need to replace the mailbox you probably will not be able to find an exact model. Replace it with one as close as possible to the original. Similar styles can be found at Lowe's or Home Depot.

Tree Limbs. Are your trees encroaching on your neighbor's property or the sidewalk? If so, be a good neighbor and trim the limbs back. If

the limbs are encroaching on a sidewalk, it can be reported to the city of Las Vegas Code Enforcement department 229-6615. The City's requirement is that the limbs must be higher than 8 feet from the sidewalk.

Parking. Since Sun City does not own its streets, Nevada law prohibits the Association from forbidding street parking. If you park in the street, please do not park any part of the vehicle on the sidewalk. If you park your vehicle in your driveway, make sure it does not block the sidewalk. Parking on landscape rock is not permitted.

Trash pickup. Our pickup days are Tuesday and Friday. Trash may not be placed outside of the house for collection prior to noon on the day preceding the scheduled collection. Containers must be removed by 7 p.m. on pickup day. On windy days, please be sure the container lid is securely fastened. If you use trash bags, be sure they are tied closed.

Neighbor to Neighbor Issues. A complaint is deemed a neighbor-to-neighbor issue when a "considerable number of persons" are not affected by the problem. Neighbor-to-neighbor complaints can involve a broad range of issues, including property line disputes, party walls, water seeping walls, views, trees, shrubs, blowing leaves, parking, pet and bird issues, noise, odors and blowing trash.

When the Community Standards Office receives a neighbor-to-neighbor complaint, a courtesy notice is sent advising the resident of the issue. If the issue is not resolved, the complainant can contact the appropriate city agency (Animal Control, 229-6444, #2; parking enforcement, 229-6432; Clark County Neighborhood Justice Center, 455-3898). The NJC helps resolve conflicts at no cost through mediation services. Mediation is a process that assists disputing parties to resolve their differences confidentially and reach a mutually satisfactory agreement with the help of a trained, neutral third party mediator.

Staying Connected Clubs Are Community in Sun City

By Beth Nappe/Link

Numerous studies over the last couple of decades extol the virtues of staying active in our senior years. While diet and exercise play key roles in the longevity equation, staying socially active holds an equal seat at the table.

A study by the Center for Advancing Health found that “staying connected to other people through a wide

evolving to incorporate the changing face of our population.

“Clubs are part of the heart and soul of this community,” said Melissa Spina, SCSCAI’s director of Community Services. “Chartered clubs and community organizations are sponsored by Sun City to foster

variety of social activities can yield important health consequences as you age” and that, “older adults who maintain high levels of social activity or ramp up their social life as they age might be protected from increases in physical and cognitive issues over time.”

Here in Sun City there are currently 80 chartered clubs covering a wide variety of interests; and the list is

and promote hobbies, community interests, recreational and cultural pursuits.”

Games like bridge, euchre, canasta, pinochle, pan, mah jongg and poker exercise the brain, but the social benefits are equally important. Golf, Pickleball, hiking bocci ball, tennis, dance and swimming are just some of the offerings for physical activities. And Travel,

Classical Music, Book Club, Investment, Community Theater, Jewish Friendship and Boomer Connection offer activities, as well. A list of current clubs can be found each month in the Link.

If you find that your particular passion is not already represented, you may want to investigate starting a new club. Contact the Clubs and Community Organizations Committee (CCOC) for guidance. CCOC meets the first Thursday of every month at 9 a.m. at Desert Vista.

So how does Sun City keep up with the changing times and interests of its new residents? Through its membership. The Bicycle Club was recently formed as an example.

community, he belongs to the N-Scale Model Club and the Chapman Jeep Club.

“These clubs are what keep our property values up,” Dick said. “We need to get the maximum use out of our property. The more it’s utilized, the more valuable it becomes.”

And, former executive director Sue Papilion is currently gauging interest in forming a West Coast Club for “wine lovers, coffee connoisseurs, surfers and rockers,” she said. She is also soliciting to form another club, Friends of the Summit, to discuss ways to continue the weekly Band Night and bring more music events to The Summit.

“It can be difficult to get that first group of people to sign up,” said Bicycle Club President Dick Edmister, explaining how new clubs need 50 residents in good standing to sign a petition to charter a club. “The clubs are the reason I moved to Sun City,” added Dick, who also belongs to the Hiking, Fitness, Swim, Sawdusters and Model Builders clubs in Sun City. Outside the

As for what is down the road, and what will be the needs of the next generation that chooses Sun City as its retirement community, an informal survey of some 20- and 40-somethings provided a glimpse:

“Fitness will continue to be an important component. As the Internet natives grow older, the ever-expanding digital world will be a platform for future activities.”

Tennis Clubs Go Back to the Beginning

By Stu Gershon · Photo courtesy Linda Mejia

There is an adage, “The more things change, the more they stay the same.” This is something to consider when discussing the newest (yet one of the oldest) chartered clubs in Sun City Summerlin.

The Tennis Club celebrated its new charter in November to which you may ask, “But hasn’t there always been a Tennis Club in Sun City?” The answer to that question would be, yes, however, it has had a capricious existence in its near-25-year life.

The Tennis Club was formed in 1992 and immediately went into a dual-sided mode. There were very skilled players who wanted to follow United States Tennis Association rules, and there were recreational players who just wanted to play for fun. Those who found themselves

always have played against friends regardless of which team they belonged to. Sixteen years following the charter of Team Tennis, the sport has seen other changes, as well. Last year, the formation of a new club for Pickleball players prompted the Association to revisit the allocation of court times at Desert Vista. The popularity of Pickleball, paired with declining tennis memberships, helped to facilitate the court changeovers.

For Ellen Crawford, who was elected president of the newly merged Tennis Club, the group is all about having fun.

“The goal of the new club is to help anyone who has an interest in tennis have the opportunity to meet people of their skill level and have a good time,” she said.

USTA Tennis Alive and Well in Sun City

New residents, new attitudes. At least that’s how

Romulo Mejia, who moved to Sun City two years ago from Westchester County, N.Y., sees it.

Romulo, AKA Rady, is an avid tennis player, who has competed in and won USTA team tournaments across the country. When Rady moved to Sun City, he wanted to continue that competitive spirit. So, as a member of Team Tennis, he fielded a team of serious over-

55 doubles players who advanced to the USTA Sectionals last fall.

Rady’s efforts were supported by former Team Tennis Club President Jerry Barkdale, who, himself, had fielded a USTA National Championship-winning team years earlier.

On November 18, Rady and his team were honored by the Las Vegas City Council for winning the Intermountain Division of the United States Tennis Association Sectionals. The victory advanced Rady’s team to the USTA Regionals Tournament in Surprise, Ariz., in October, where they were ultimately defeated. “But not deflated,” Rady said, as he’s currently working on fielding another team to compete in USTA in 2016.

The USTA Sun City men's team was honored by the Las Vegas City Council, November 18.

in the middle were skilled players who moved to Sun City to retire and enjoy the good life, but who wanted to play against people of their own skill set.

This schism existed for about seven years until, one day, both sides made demands of the Association for court times and the desire to host outside tennis tournaments. The increased requests for court time on SCSCAI’s 14 tennis courts, as well as differences in opinion among members about how the club should move forward, prompted the chartering of a second club. In 1999, Team Tennis became Sun City’s 71st club.

Coffee With the Board

January 15, 10:30 a.m.

Desert Vista

Keep up with what's going on in Sun City during this monthly informal meeting with the Board of Directors. Residents are welcome to address topics with Board members, however, no decisions may be made during the session. Sweets and coffee are served.

Coffee Notes:

Last month, SCSCAI BOD Treasurer Ken Resnik invited Sun City resident Madelyn Clark to the January Board of Directors meeting scheduled for Tuesday, January 5, following a charged discussion regarding the viability of a community dog park during the November 20 Coffee With the Board.

Madelyn and several residents brought the topic to the monthly meeting, requesting that the Board take another look at finding a location in Sun City for a dog park. The discussion stemmed directly from an earlier comment made about the need for a "Renaissance" of community amenities that will help ensure Sun City remain a popular choice for the next generation of retired homebuyers.

"The community has been here for 25 years and it hasn't changed," said BOD Vice President Leo Crawford. The BOD has spent the last three to four years cutting costs. Now we need to focus on, 'Let's make it better.' That's what we're talking about."

The statement was all the opening Madelyn needed to respond.

"There are many dog owners here who are responsible. We have a lot of handicapped people here who need help with their animals. A dog park in Sun City would be an option and part of this Renaissance that you speak of. All we ask is that you listen. We just want you to come in with an open attitude," she said.

From there, both sides weighed in. History was presented and then Board member Ken Caroccia spoke. "I have spent more time on this issue than any other since I've been on the Board. This has been going on for 12 to 14 years. You're not talking about finding one dog park, we'll have to find three depending on where you live in this community. But the bottom line is that no one wants a dog park in their back yard."

If you have an opinion to register on the subject, be sure to check the BOD agenda for the January 5 meeting online at www.scsc.ai.com. If the agenda item for a dog park is on the list, you might want to attend the meeting.

Overcharged Golf Cart Batteries Could be Cause for Concern *By Ellen Greenspan/Link*

Arlene and Dan Kopycienski hope their story helps golf cart owners understand the importance of maintaining properly working battery chargers. Photo by Stu Gershon/Link

Sun City Summerlin residents Arlene and Dan Kopycienski were watching television in their home when their carbon monoxide detector sounded an alarm that something was wrong in the house. After checking the device to determine that it was in working order, they called emergency responders who were quick to arrive. Using their more sophisticated CO monitor, firefighters from Las Vegas Fire Station 107 determined that hydrogen gas levels, and not carbon monoxide, were elevated throughout the home, particularly in a smaller confined room and in the garage. According to Las Vegas Fire & Rescue Captain Mike Spurling, “A high level of hydrogen gas can fool a CO monitor,” causing it to sound an alert.

Discovering that a golf cart was attached to its charger in the garage, a firefighter lifted the seat to the battery compartment, and when he placed his detector near the batteries its meter skyrocketed. They moved Arlene and Dan, as well as their golf cart outside and opened windows and doors to ventilate the house.

Hydrogen is a potentially explosive, odorless gas. It's a hidden danger inside golf carts if batteries are mistakenly overcharged. Normally, a battery charger shuts off after about a half-hour when batteries become fully charged. However, if just one cell in any one of a golf cart's multiple batteries is defective, it could prevent the charger from turning off, thus creating the problem. According to Captain Spurling, who commands one of three daily shifts at Fire Station 107, “Just on my shift, I've responded to at least six of these calls during the past year,” he said.

Arlene and Dan have had golf carts since moving to Sun City in 1998; they never hesitated about plugging in their cart's batteries to charge in their unventilated garage.

“Normally, the charger shuts itself off after 20 minutes or so, but this time it wasn't shutting off and we didn't realize that. It had been on for hours in the garage and was overcharging the batteries,” Arlene said.

As the batteries were overcharging, they were emitting odorless hydrogen gas. With the garage door closed, the gas was being drawn through the air conditioning unit, which is in the garage. According to Arlene, “We did not know that it was coming through our vents and into our home.”

Because a defective battery is a potential problem for a battery charger, Captain Spurling suggested that golf cart batteries be charged in an adequately ventilated area and batteries should be maintained by holding water at the proper level. It's also a good idea to monitor the battery charger when it is being used. If it doesn't shut off routinely that's an indication of a problem. Unplug it and have the unit serviced.

The Kopycienskis now charge their batteries with the garage door open, and they keep working CO detectors in their home.

WALKING BOOTCAMP Every second Tuesday at Desert Vista and every fourth Thursday at Mountain Shadows. A shorter route mingled with fun strength exercises led by a fitness specialist.

Why Walk?

Walking will improve your cardiovascular fitness, muscle strength, balance, coordination and metabolism.

Kristie McWhorter, MS, CPT, GFI, Director of Fitness
kristiem@suncitylv.com
fitness@suncitylv.com

Walking is one of the easiest, safest and least expensive types of physical activity. It's also relaxing and at the same time invigorating, requires little athletic skill and does not require special equipment other than sturdy, comfortable shoes. And it is fun and natural – good for your mind and self-esteem.

For those with a history of inactivity, problems with obesity, or who just don't like strenuous activity, walking is an excellent way to begin an exercise program. You can start slowly then increase your speed and maintain a steady pace.

Walking will improve your cardiovascular fitness, muscle strength, balance, coordination and metabolism. Walking gets the heart beating faster to transport oxygen-rich blood from the lungs to the muscles. The heart and lungs grow more efficient with a regular walking regimen, reducing blood pressure. Walking is also a central element of medical rehabilitation. Recovery from many ailments, including a heart attack, is facilitated by a regular walking regimen. Walking also improves your lower body muscle strength and balance.

The best way to start is walking 10-20 uninterrupted minutes at least three times a week. Walk at a comfortable pace, slowing down if you find yourself breathing too heavily. Don't tire yourself. If 20 minutes is too much, cut back to 10 or 15 minutes. You can gradually increase your time and pace as your body adapts to the exercise.

Don't forget to drink lots of water. Cool down after exercise by slowing your pace and stretching your muscles. You are now ready to begin a walking program.

A great way to start is to join us on Tuesday and Thursday mornings at 8 a.m. to walk as a group around our community. Walks will vary in length between 2 to 4 miles, and will begin with a dynamic warm-up followed by stretching with one of our fitness specialists.

To shake it up a bit, we will offer a **Walking Bootcamp twice a month**. A fitness specialist or two will lead the group on the walk and add in fun strength exercises.

So kick off 2016 by walking with us on Tuesday and Thursday mornings!

Give Your Metabolism A Boost!

Going hungry lowers your metabolism as your body prepares for starvation.

Charli Sue Douglass
SCSCAI Fitness Specialist, CPFT, GFI

Metabolism is the amount of energy – in the form of calories – that you burn during the day. Technically, it is the chemical processes that occurs within your body in order to maintain your life. It includes the function of your organs, repair of your cells, the digestion of food and breathing. Your age, gender and weight are factors that also determine your metabolic rate, as well as proper nutrition and exercise.

As you begin to age and your metabolism decreases, losing weight or maintaining your weight becomes more difficult and you have less energy to do simple tasks. There are some tried and true ways to maintain a healthy metabolism or to even give it a boost.

Eat Regularly. Consuming regular meals and healthy snacks can support your metabolism throughout the day. Going hungry lowers your metabolism as your body prepares for starvation.

Exercise. Aerobic exercise (walking, running, biking, swimming, dancing, stair climbing) is one of the safest and most effective ways to boost your metabolism. It raises your metabolic rate, and

as you exercise, it also keeps your resting energy high during the recovery period. Start with 5 to 10 minutes and build your time to 30 minutes of moderate to vigorous exercise, 3 to 5 times per week.

Lift Weights. Having more muscle burns more calories. It gives your body the tools it needs to burn calories when you're not even moving. If you've hit a plateau, adding a weightlifting program or changing your current one will help you get over the plateau.

Drink Plenty of Water. It's very important to stay well hydrated at all times by drinking between 8 and 10 glasses of water each day. If that sounds excessive, bear in mind that water helps the body process calories – and that your metabolism slows to a crawl when you're dehydrated.

There's no such thing as a shortcut to being healthy or losing weight. Making simple, healthy adjustments to your lifestyle is far healthier than any drastic changes you might try to impose through extreme dieting and overworking yourself. If you approach your metabolism boosting smartly, you'll be successful and healthier!

During the first months of the year when temperatures are coldest, wear layers of clothing to conserve warmth. Wearing gloves and a hat will help prevent losing body heat. Bring pets indoors. If they can't come inside, make sure they have enough shelter to keep them warm and that they can get to unfrozen water. If you are using a space heater, place it on a level, hard surface and keep anything flammable, such as paper, curtains, bedding or rugs at least 3 feet away. Turn off space heaters and make sure fireplace embers are out before leaving the room or going to bed. If you use a fireplace, apply a glass or metal fire screen large enough to catch sparks or rolling logs. Run water, even at a trickle, to help prevent your pipes from freezing. Keep the garage doors closed if there are water lines in the garage. Keep the thermostat at the same temperature day and night. Your heating bill may be a little higher, but you could avoid a more costly repair job if your pipes freeze and burst. Your kitchen is for cooking. Never use the stove or oven to heat your home, and do not operate a generator inside your home or garage.

Be Aware, Daytime Watering Schedule Now In Effect

Winter is here and with it cold weather. The Landscape Department has changed it's watering schedule from nighttime to daytime. This usually does not affect most of the folks who live here. With that said, it does affect the community's parks. They, unfortunately, all have to be watered on Tuesdays per the Southern Nevada Water District. So be mindful that the sprinklers in your favorite park will come on during the day on Tuesday. Most watering begins around 10 a.m. and stops around 2 p.m., depending on the size of the park. FYI, the Landscape

Department does not control the two parks on Sundial Drive east of Del Webb Boulevard (Sundial east park and Sundial central park), so

be aware that sometime on Tuesday the irrigation will come on.

I temporarily put signs on the entry to the other parks as a reminder to residents of the watering schedule.

Also with cold weather comes the chance of ice, so be careful at all times. If you see ice please, report it ASAP to me at 254-4092 or Lydia at 363-7655. If the grass has frost or is frozen, try not to walk on it as it will cause damage to the grass. (If need be, to pick up after your dog, please try to walk straight from the sidewalk and then back. Thank you.)

If you have roses and need to move, prune or want to plant more at this time, now is the time to do it. Most nurseries will start to stock roses now. I hope everyone had a wonderful holiday.

Security Patrol
Chief

Bill Henriod was elected chief; Dick Clark, assistant chief; Ellen Bachman, personnel director; Fred Hinshaw, treasurer and Darlene Vaturi, secretary. We express our great thanks to Judy Hunt for her exemplary

service as chief in 2015, and the same to Sandy Weiser as secretary.

Beside the board there are about 33 staff positions that support the Patrol's mission. The drivers, dispatchers and information officers can't be efficient without them. Hats off and thanks to all of them. Our 235 volunteer mem-

bers provide the eyes and ears for the Las Vegas Metropolitan Police Department, which has noted that we are the most crime-free community in Las Vegas. Our drivers patrol all 73 miles of streets 24 hours a day under the direction of the dispatchers, who are under the supervision of a watch commander. Our day consists of two 12-hour watches, each watch has three four-hour shifts, and each shift is staffed by a dispatcher and one to four drivers. We are always in need of more volunteers to be Information Center officers, drivers and dispatchers.

Security Patrol provides the uniforms and training. We do not perform any law enforcement activities, and we are never to put ourselves in harm's way. We do have fun, and we are blessed to work with some wonderful people.

If you have a heart to serve your community and would like to know more about the Patrol, call 254-2303. I'm looking forward to meeting you.

The Sun City RV Club has about 60 members who enjoy using their RVs to travel and experience some of the most beautiful places and enjoyable activities in the southwestern United States. Typically, members organize and host about eight campouts each year. The three- to four-day campouts, plus travel time, are held within one or two days travel time of Las Vegas. When we're sharing this time together we enjoy camp fires, happy hours, pot lucks, dining out at local restaurants, golf, games, hiking, relaxation and local events. The diversity of destinations we have enjoyed recently include the Balloon Fiesta in Albuquerque, New Mexico, the Blythe Bluegrass Festival in California, a Thanksgiving feast at Willow Beach, Arizona, Mule Days at Bishop in California, the Shakespeare Festival in Cedar City, Utah; Valley of Fire State Park in Nevada; the Big Sam Rally in Phoenix and Death Valley, California.

Since our club's organization early in Sun City's history, we have visited well over 100 locations. Members pay dues of \$5 per year, plus their own expenses for campouts. All types of RVs are welcome to join the Club – class A, B and C, motorhomes, 5th wheels and travel trailers.

For more information, contact Club President Dave Stahlhut, 592-0581.

CLUB SPOTLIGHT: Art Club – Learn How to Draw

~ By Jean Thorne

During the Art Club meeting on January 18, 1 p.m., Desert Vista, Jean Thorne will present a basic introduction to the theory and processes of learning how to draw as presented in “Drawing on the Right Side of the Brain.” Jean will explain the five components needed to learn how to draw, and the fact that drawing is a skill that can be learned by everyday people who have average eyesight and average eye-hand coordination. Non-members are encouraged to come.

Jean will explain the reasons why most people develop a belief that they cannot draw or learn how to draw. She will discuss how drawing is about learning five perceptual skills and “how to see” by making a shift from left brain to right brain mode. A description of the nine basic lessons and exercises from “Drawing on the Right Side of the Brain” will be presented, along with an explanation of how they are aimed at giving students

access to skills they already have. These skills are waiting to be released.

Jean has a BFA in painting, a CA certification to teach art, and is certified by Betty Edwards through California State University, Long Beach, to teach “Drawing on the Right Side of the Brain.” She has successfully guided non-artists in the discovery of their drawing skills, and has helped competent artists further develop their skills and enhance their creativity in numerous classes taught at community centers in California.

An eight-week class based on the exercises put forth in “Drawing on the Right Side of the Brain” will begin in February, and will require a \$15 membership in the Art Club and \$10 per lesson. Watch the February Link for specific time and place, or contact Jean, 280-8139, if you are interested.

Learn how to draw!

Gun Club

The next general membership meeting will take place Friday, January 8, 1 p.m., Desert Vista. Residents interested in securing information regarding CCW permits, firearm selection, information on local firing range facilities and sources on firearms and ammunition are encouraged to join. CLUB MEMBERS FLEX THEIR FITNESS AT NEVADA SENIOR GAMES

The accomplishments of Sun City clubs extend well beyond the boundary of the four community centers where members meet regularly to hone their skills. And nowhere is the extension of that skill felt more powerfully than in the area of health and fitness, where Sun City athletes compete in the Nevada Senior Games.

With 25 medals collected in four sports, resident athletes cashed in on enough jewelry last September-October to more than make their clubs proud.

"We did quite well at the Games," said Swim Club President Carol Rudolph of her members who competed in the 35th annual Senior Games. Her crew not only captured gold and silver medals, but each of the swimmers have qualified for the National Senior Olympics in Alabama in 2017.

Not bad for a group of competitors whose age tops out at 91 years old.

Speaking of a nonagenarian, it was 91-year-old Paul Gwin who seized his golden opportunity with his first-place finishes in the 50-yard backstroke and 50-yard freestyle events. Other club members who took home medals included Rudolph, two silver medals for the 50-yard freestyle and 50-yard backstroke; John Spargo, three gold medals for the 500-, 200- and 100-yard freestyle races, as well as a silver in the 100-yard backstroke; and Pam Conboy, four gold medals for the 500-, 200-, 100- and 50-yard freestyle races and a silver for the 50-yard backstroke.

Not to be outdone by their aquatic counterparts, shuffleboarders, table tennis players and bowlers weighed in just as impressively in the medal count.

Shuffleboard Club Vice President Stan Chupnick earned two gold medals for singles and doubles play; Joanne Rogstad captured one gold and one bronze medallion for singles and doubles competition; Pat Gunn took home a silver medal for singles play; Charmaine Young won two gold medals, one for singles and one for doubles; and Romulo Mejia was awarded a silver medal for doubles competition.

In addition to shuffleboard, Joanne collected two medals in bowling.

Last but not least, Alex Bajor did his Table Tennis Club proud with a gold medal in the 70-74 age group singles and a silver medal in the doubles division (same age group).

Congratulations to all Sun City senior athletes.

If you took home a medal in the Nevada Senior Games and would like to share your story, contact the Link at 966-1436.

~ Jeannette Carrillo/Link

Silver, Lapidary & Glass Fusion

Welcome to the New Year. We have two new board members this year: President Sam Miller; First Vice President Sharon Abramowitz; Second Vice

President Richard Miller; Secretary Cindy Zegers; and Treasurer Shirley Berger. Forget the resolutions about more exercising and less food intake. Make a new one to let your creativity take flight. Join us for classes in glass fusion, silver and lapidary. We have all said, "I can't do that!" The items on display in our craft rooms are evidence that we CAN do that! Rooms are open every day except Sunday and Tues-

day, 8 a.m. to noon. For class information, call Sam Miller, 760-285-5320.

Silvertones

Do you remember your favorite entertainment legends of the stage and screen in decades past? Well, the Silvertones will be reincarnating the beautiful music they delivered to you at our Spring Concert on April 23-24. Start off the New Year with a song or two or more. Our winter concerts in December were a great success. Contact Joan, 363-3330, with any questions. Our first 2016 rehearsal in preparation for our spring extravaganza will be Thursday, January 7, 1-3 p.m. in the Music Room at the Pinnacle. Additional Tuesday rehearsals will commence several weeks later. Election notice: Officers for the 2016 calendar year were nominated and elected in November.

Softball-Men's

It's that time of year and the Softball Club is well under way. With the addition of new residents, we are seeing a trend with younger folks participating. We meet (and throw out the first pitch) every Monday, Wednesday and Friday at 9 a.m. at the Pinnacle field. We also have a pickup game on Saturdays. We always have room for more players and especially new residents moving into our community. You can get more information by going to our website, www.scssoftball.com.
