# HOW TO VOTE

From the Executive Director

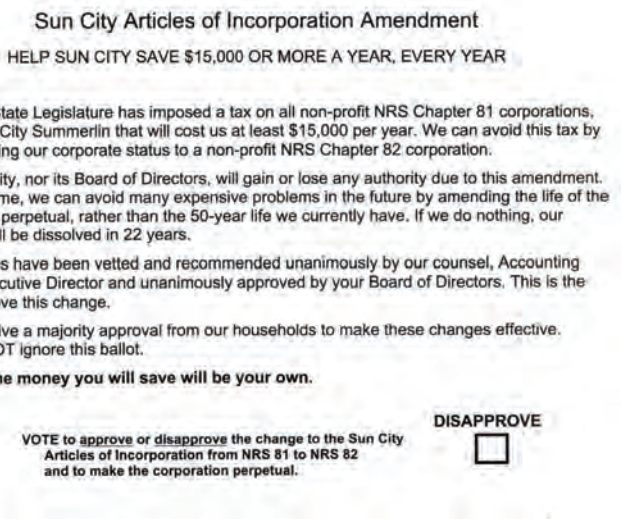

## Changing Sun City Summerlin's Articles of Incorporation

**W**ith this issue of the Link, you received a ballot to convert our corporation (Sun City Summerlin Community Association, Incorporated) from an NRS 81 corporation to an NRS 82 corporation. This conversion will help us all in the future with tax savings and preservation of our property values.

The Board of Directors is unanimously in favor of this conversion and is asking for your vote of support. It is essential that we have

a true majority (over 50 percent) of our homeowners to approve the conversion for the matter to pass. So, to be successful in this process, we need at least 3,891

yes votes (7,781 homes x 50 percent = 3,890, plus 1 vote). **This is important, the money and value we will preserve is our own, so please vote! On Page 8 of this issue you will see the argument from the Board of Directors – in favor of this conversion.**

Make sure your vote is counted. **The enclosed ballot is sent as a postage paid postcard and is located behind the address label inside the poly-sealed bag.** You will NOT find the ballot inside the magazine.

All you need to do is mark the ballot and drop it in the mail or hand-carry it into the Administration Office at Mountain Shadows Community Center, 9107 Del Webb Blvd., and drop it into the ballot box.

# YOUR VOTE IS REQUIRED

## Ballot to Approve Sun City Conversion Plan

**Vote yes – The money you save Will be Your own!**

**Kenneth Resnik,**  
On behalf of the Board of Directors

**D**ear Owner: The Sun City Summerlin Community Association, Inc., (SCSCAI) Board of Directors needs your vote to convert the Association from a corporation under NRS81 to a corporation under NRS82.

Why? Two reasons:

First: Taxes. The Nevada State Legislature has imposed a tax on all NRS81 corporations, such as us, that will cost us at least \$15,000 per year. Under our current structure, we don't benefit from exemptions that other Nevada community associations enjoy. The likelihood is that this tax will increase.

Second: Perpetuity. It is critical to make our existence perpetual, rather than the 50-year life that we currently have. If we don't have a perpetual corporation, and the Association should dissolve for any reason, all of our common buildings and amenities would have to be transferred to another nonprofit corporation. The members would see no benefit from the transfer and property values would be greatly diminished.

The Board strongly believes it is in the best interest of the Association and its members to

convert to NRS82 to avoid the \$15,000-plus taxes and to make our existence perpetual. It has been recommended by our counsel and our auditor. Neither the Association nor the Board will gain or lose any authority due to this amendment. It has no effect on the obligations between the Association and its members, and it does not change your vote on Association matters or your interest in your lot. It will preserve your interest in the common areas.

In this month's issue of the Link Magazine, you received a ballot to approve this conversion plan. We must receive a majority approval – 3,891 homeowners – to make it effective.

Please do not ignore the ballot – VOTE YES! If the vote passes, the Board will file the plan of conversion and new Articles of Incorporation with the state. If not, the Board may extend the deadline and reissue ballots to those members who did not respond. All members will be notified in writing if there is an extension. Previously submitted votes will remain valid during the extension period.

# PRESIDENT

## President's Message

*All of us (on the Board of Directors) try our best to keep the cost of our amenities low and the quality first class.*

**Joe O'Connell,**  
President

**T**he residents of Sun City voted for a new Board of Directors, and if you like the way this Association has been run, you should like the next year. There has not been a raise in our yearly assessment for three years. All of us try our best to keep the cost of our amenities low and the quality first class.

In this month's Link, you received a ballot for changing our Association from an Article 81 to an Article 82 Association. Please read the pros and cons of this issue and vote early. We need 50 percent plus one home to pass this very important action. Last month we had only 40 percent of our residents vote in the Board election. So, please, talk to your neighbors and encourage them to vote on this issue.

It is very clear to me that we are getting new residents who are a lot younger than those of us who have been here a while. Judge Ken

Resnik has a vision for our Association he calls a "Renaissance." The Board has adopted this and has been working to upgrade our facilities and amenities. Hopefully, the addition of pickleball courts, upgraded swimming pools, top quality golf courses, possibly a new infield for the softball field, expanding the Tavern at the Falls restaurant, remodeling the Mountain Shadows administration building, and some new uses for our Summit restaurant for things like "Friday Night" events will appeal to them.

If you have ideas to improve our Association, please come to the Coffees With the Board on the third Fridays of the month (10:30 a.m., Desert Vista) and share them with us. It is a very informal meeting and I promise you will be heard. It is a lot easier than waiting till the end of our regular Board of Directors meeting that can last as long as four hours.

# STANDARDS Community Standards

## Who Owns Sun City's Walls?

**S**ome of the most frequently asked questions the Community Standards office receives is:

- ◆ Who owns the walls in Sun City?
- ◆ Who is responsible for maintenance of the walls?

While there is no simple answer, we will make an attempt to make it a little easier to understand.

*Exterior walls containing a brown stripe at the top is a signature wall. Sun City is responsible for the maintenance on the street side, as well as both sides if the wall borders a green belt.  
Photo by Stu Gershon/Link*

**Perimeter Walls:** These are exterior walls that Sun City generally calls its signature walls. They have the brown stripe near the top. Commercial properties, worship sites, sub-associations and owners of single-family detached dwellings are responsible for maintaining the side of the wall that faces their property. The master association is responsible for the maintenance on the street side, as well as both sides if the wall borders a green belt.

**Residential Walls Bordering Golf Courses & Green Belts:** These walls were built within the property owner's lot and maintenance is the total responsibility of the property owner.

**Developer Installed Retaining Walls:** If you live in units 1-21: The walls were installed on the property line, thus the neighbors share the responsibility.

If you live in Units 22-51: The walls were installed within the lowest elevation lot, thus the lowest elevation lot owner is responsible for the maintenance of the total wall. A simple way to tell if this is your wall is by the fact that the wall was constructed from your property and built up. The tall retaining walls bordering the golf courses, Desert Vista and the Pinnacle are

the responsibility of Sun City.

Del Webb Boulevard is roughly the dividing line between both sets of units, with 1-21 falling east of Del Webb; units 22-51 located west of the boulevard. If you are unsure of your unit, it can be found in the legal description on your deed, or you can go to the Clark County Assessor's website ([www.clarkcountynv.gov/assessor](http://www.clarkcountynv.gov/assessor)) and click on the Property Records link on the search menu on the left side of the screen. From there, click on Owner's Name or Address and fill in your information. This will bring up your real property parcel record, where you will find your unit number. If you are still not sure of the ownership of an adjacent wall, you will need to contact a licensed Nevada surveyor to locate your property lines.

**Developer-installed Wrought Iron Fences on Top of Retaining Walls:** The higher elevation lot owner is responsible for maintenance of the total wrought iron fence.

**Sub-associations (duplexes And Garden Villas):** The sub-association is responsible for maintenance of all walls in its common area.

**Walls and Wrought Iron Fences Installed By Property Owners:** For walls and fences solely on one lot, the property owner has total responsibility. For walls and fences installed on the property line between neighbors, the neighbors share responsibility.

Many times, residents are upset with an adjoining neighbor because water leaks from one property to another. Remember, your neighbor doesn't see your side of the wall and might not even know there is a problem. It might behoove you to just knock on their door and let them know. If you are not comfortable contacting your neighbor directly, report it to the Community Standards office; we will be happy to send a courtesy notice to inform them of the problem.

# 28 YEARS AND COUNTING

## BOARD MEMBERS WEIGH IN ON SUN CITY'S LEGACY

By Jeannette Carrillo  
Photos by DJ Minella

**S**UN CITY RESIDENTS WITNESSED A MONUMENTAL ELECTION SEASON THIS YEAR, MARKED BY THE LARGEST NUMBER OF OPEN SEATS AVAILABLE ON THE NINE-MEMBER BOARD OF DIRECTORS, AS WELL AS THE BIGGEST FIELD OF CANDIDATES VYING FOR THOSE POSITIONS. ORIGINALLY, FIVE SEATS WERE UP FOR GRABS WITH THE SIXTH VACANCY BECOMING AVAILABLE WITH THE PASSING OF LONGTIME RESIDENT AND BOB PRESIDENT DAVID STEINMAN IN JANUARY.

As the votes were tallied on March 1, Sun City residents had spoken, with 40 percent of homeowners weighing in for a total of 15,317 votes cast for the winners Ken Caroccia, Joe O'Connell, Ken Resnik, Jim Akers and Barbara Holden. Leo Crawford was later selected by the Board to fill the sixth seat.

What follows is a glimpse at what Sun City's newly elected and returning Board members see as their vision to keep Sun City viable, as well as a force in the increasingly competitive age-restricted real estate market.

### **Jim Akers (Assistant Treasurer)**

Strategic plans are for all residents, not just new and younger individuals. Plans were developed and approved for golf, maintenance and landscape by the Board. Currently, the Board and residents are working on finalizing plans for food and beverage.

Over the past year, the Fitness Department increased its classes during morning and evening hours for all residents. Association fitness specialists are now available to demonstrate proper equipment usage and answer questions while residents are in the centers.

Our fitness assistant has expanded and developed free educational seminars to help, advise and teach individuals with various questions about their health.

Fitness will continue its annual health fair and Walk Into Spring events for all residents. Expansion of the above activities will continue.

by the Board. Dick Gluch and I are co-chairs of this ad hoc committee. Under Dick's and my leadership, this committee will focus on providing guidance and direction to staff to continue such popular events as Band Night and Tuesday Night Jazz, as well as providing guidance for additional activities at The Summit and Starbright Theatre, such as movie nights, and pop-up and food truck events. The committee also will focus on the food and beverage operations at The Summit and Tavern at the Falls, including addressing the needs of golfers at those facilities. Additionally, I want to make sure our Chartered Clubs and Community Organizations Committee (CCOC) continues to focus on assisting our clubs to stay vibrant to attract new and longtime residents. I also anticipate supporting fitness activities that will cater to our newer residents, as well as our longtimers. And, most of all, I will listen to all our residents' questions and concerns. Sun City is an amazing place to live. I will do everything I can to keep it that way for now and for the future.

### **Ellen Bachman (Secretary)**

I agree that we need to address the needs of and engage our newer and younger residents, while not forgetting our longtime residents. We need to keep Sun City the premier 55+ community in Las Vegas. Because we are facing increasing competition from new 55+ communities, we must keep our facilities in tip-top shape and provide activities and events that will

attract new residents. To that end, I introduced a motion at the March 7 Board meeting to create an ad hoc entertainment/special events committee for the facilities at the Pinnacle. This proposal was combined with a new ad hoc food and beverage committee and was unanimously approved

### **Ken Caroccia (Vice President)**

Keeping Sun City's facilities safe and up to date is priority No. 1. Our community, which is 28 years old, is seeing a Renaissance in how the Association is dealing with issues like maintenance and technology. Within the last year, Sun City has worked hard to ensure that all community centers are able to access free Wi-Fi, which brings us head first into the 21st Century. As for our common spaces, the Properties Committee, which

I chair, works with several departments to ensure that our community entrances and landscaping are refreshed and attractive for homeowners and their guests. We also just finished a project that retrofitted the community's lighting. LED lightbulbs not only provide more coverage, but they help to reduce the Association's overall utility bill. Lastly, supporting the more than 200 volunteers of Sun City's Security Patrol is the reason why our community is one of the safest places to live in Las Vegas.

### **Leo Crawford**

The first thing you have to do is recognize that there is a changing face of SCSCAI. We have about 1,000 new (different) residents each year and they tend to be younger than our average age of about 74, which means they have different wants and needs. Once you recognize the new residents would like to enjoy at least some different amenities, we must determine what they would like our community to look like three or four years in the future. The executive director has started that effort with the strategic planning process. But, if only the residents who have lived here a long time participate, nothing will change. We need the participation of many residents to help shape what we will look like in the years ahead. We already see changes that recognize new interests – more pickleball courts, new events at The Summit, Wi-Fi at our facilities and new message boards. The Board of Directors needs your help in determining what we need to look like in the future. What facilities and activities should we budget for? Not an easy question to answer. But if we work together we can continue to make SCSCAI the best HOA anywhere.

Happy Hour is a great opportunity to accomplish this. The men's golf club has initiated a new member orientation, which is held quarterly. I encourage and recruit for more residents to consider membership on committees and the BOD. I also support the new events at the Pinnacle, which encourage and foster resident involvement. The new F&B committee will be looking for additional opportunities to involve and benefit residents, both new and old.

### **Barbara Holden (Assistant Treasurer)**

There were two common themes running through this year's election. First, our future is largely undefined and we need to replace the very human response of resistance to change with ideas and actions. I think there are several ways to accomplish this. Small and manageable incremental changes can help eliminate much resistance. We have talented residents with common interests and ideas that can be actionable, working together with the Board. Coffee With the Board is a great start, however, we need to expand that dialogue with additional opportunities for two-way communication with the Board. Listen, hear, understand and work together on common actions to enhance our community. This would include email, phone and face-to-face opportunities. I encourage our residents to bring ideas and concerns forward either in person or other communication. I believe it is my responsibility as a Board member to respond to the best of my ability to every concern and idea. I welcome an opportunity to be invited to smaller neighborhood groups for coffee and conversation so I can better learn our residents' concerns in a forum that may be more engaging than large group meetings. I will commit to attending at least two of these informal events per month to help me become more knowledgeable about our residents and formulate some actions to be reviewed by the Board and Administration.

The second theme is our need to attract new residents and meeting the needs of a younger generation, where work/life/retirement challenges have changed from those of our more seasoned residents.

I would like to commit my time to attend the weekly orientation sessions that are provided to new residents. This provides an avenue for the Board to hear what new residents have for expectations, as well as possible future enhancements to our community. These are enhancements that would accommodate our changing world and ensure our longevity. From these orientation sessions, we will identify ideas and contacts that could provide a quarterly focus group with manageable goals and actions to take to the Board for consideration. The Board needs to facilitate a framework that supports our annual goals, our three-to-five-year goals, and those for the long term.

### **Richard Gluch (Treasurer)**

I agree that we are attracting more and more younger people as the word gets out on what a great value we have here. I actively recruit new members to join and participate in the governance of the various golf clubs in our community. I have been an active member myself. The New Residents'

Our community has much to offer, as do its residents. We need to ensure its longevity and its unique quality as it was envisioned. With resident help and working together nothing is insurmountable.

**Joe O'Connell (President)**

Our community is getting older and yet lately it is getting younger. Many new residents are buying homes here and that is great. The future of our community depends on willing residents to take over the leadership. Younger more energetic and physically fit people are needed. After 15 years here I would highly recommend they take advantage of our fitness facilities, pools and soft-ball field. Retirement is

not easy if you are too weak to enjoy it. There are many clubs that allow almost everyone to find a niche. Our community has avoided the many scandals of other HOAs in Nevada because of a very informed populace. Our Link is a great way to stay informed, and so is attending the many committee meetings we have on every issue. If you are a golfer, go to the Golf Oversight meetings. Do the same with each area you are interested in. Most important, attend the Board meetings and review the financials of our community regularly at the finance meetings. If your past life was in business or banking, we could really use you on our finance committee and on the Board of Directors. The No. 1 thing to avoid is apathy. Get involved and stay involved. Keep our community vibrant.

**Karl Wiedemann**

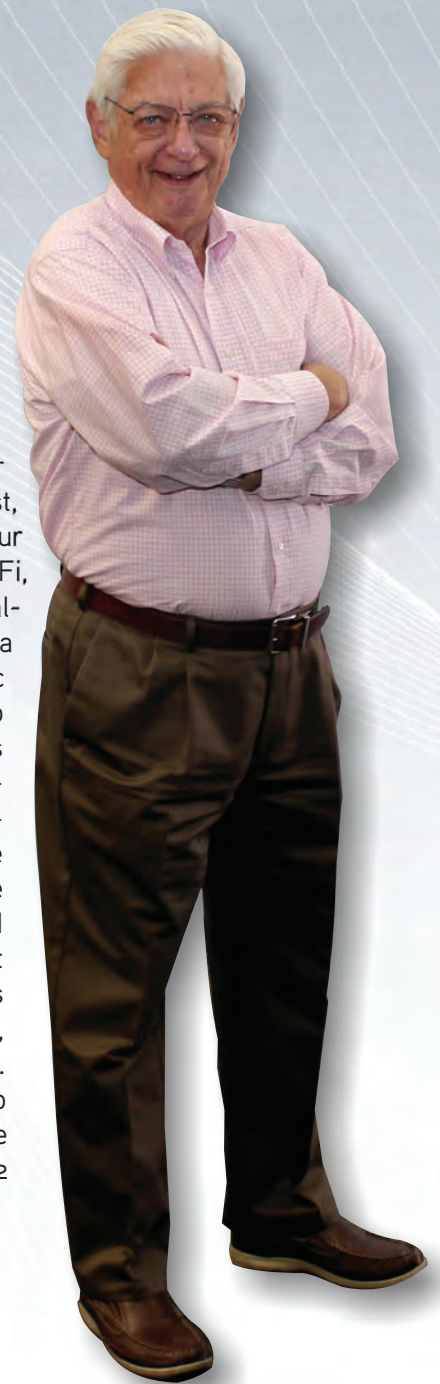

I see nothing but progress. Golf is doing great and our major expenses for golf have been incurred. I am looking forward to the name change from Community Preparedness Committee to Neighborhood Watch Committee. The program has met with nothing but approval. It now has components that have never been included into any Neighborhood Watch before, such as K-9 Patrol and Beatniks for walkers. Expansion of the Neighborhood Watch

program will be my main focus. Of course, I will support any other meaningful project that will enhance all of our lives here in Sun City Summerlin.

**Ken Resnik (Assistant Treasurer)**

The major issue facing us now and in the future is how to provide for the large age span of our homeowners. In the past, we addressed some of our issues by installing Wi-Fi, better lighting, a new calendar of events and a more effective electronic billboard. We are also developing strategic plans for such things as landscaping, food and beverage, safety, etc. There are many talented people who live in Sun City and I hope they will feel about Sun City as so many of us do by donating their time, talents and experience. The pressing issue is to get out the vote for the transition to an Article 82 corporation.

## Volunteers Needed for 2017 Classic Car Show

Still Cruisin' in your little deuce coupe? The Department of Community Services is excited to bring another classic car show to Sun City! This event promises to be a day of cool cars, BBQ and great live music! The exact date in October is to be determined.

## Dollar Tree to Open In Former Fresh and Easy Space

Sun City residents may have noticed exterior renovations taking place on the building formerly occupied by Fresh and Easy. The space will be converted into a Dollar Tree and is expected to celebrate its grand opening during the third week of April. Dollar Tree, Inc., is a national retail chain that sells a variety of items for \$1 or less.

## Handicap Parking Abuse

In Sun City community parking lots there are lines and warning signs citing parking spaces reserved for people with registered disabilities. If a space is empty, one might excuse, "Why shouldn't I park there?" But, when an able-bodied person parks in a spot never meant for them, the consequence is that life becomes even more difficult for a handicapped person who needs that parking space.

Parking abuse exists in two primary forms: The first is when a person who does not have a disability parks in a handicap space; the second is when placards are loaned out to individuals who are not disabled.

SCSCAI Board member Ken Resnik is a retired judge from New York state who often saw handicap-parking violators in his courtroom and gave them a harsh sentence. "A handicapped spot taken by someone who is not disabled is an act of extreme selfishness," Ken said. "People must understand that by illegally occupying the spot, they're depriving someone who needs to use it. They have handicap permits because they require extraordinary space, especially if they use a wheelchair."

In Las Vegas, the Metropolitan Police Department tickets such violators. The task falls to the citizen volunteers of the Parking Enforcement Unit. Citations within the city of Las Vegas limits are \$250. *~ Ellen Greenspan/Link*

Bulb #1815 is a two-pack bulb for a mini bayonet-base lamp.

## Do You Know? RV Parking Restrictions

Do you know the rules and restrictions regarding recreational vehicles parked on Sun City Summerlin streets? First, it is important to know that the entire 73 miles of streets within Sun City Summerlin are public streets under the jurisdiction of the city of Las Vegas.

Sun City Summerlin Community Association, Inc., and the Sun City Summerlin Security Patrol have NO authority to deal with matters relating to recreational vehicles parked on our streets. All issues relating to the subject must be addressed to the city of Las Vegas Code Enforcement at 702-229-6615, press option 4 for parking-related complaints.

A city of Las Vegas parking permit is required for an RV or any combination of vehicle and RV that is 24 feet or longer. There is no fee for an RV parking permit. Residents seeking a permit may do so online at [lasvegasnevada.gov](http://lasvegasnevada.gov). The process is a simple one.

Once on the city's site, type RV parking into the search menu. You will then be asked to create an account. Once this is done, you may apply for the parking permit.

Presently, an RV with a city permit may be parked for up to 48 hours on city streets, with an extension of up to 72 hours if the extension is requested prior to the expiration of the original 48 hours. A permit listing the effective dates must be displayed for the RV to be parked legally. Permits are commonly displayed on a side window (nearest the street) or on the driver's side of the front window.

Members of our Sun City Summerlin RV Club are keenly aware of and strive to comply with all rules and regulations regarding RV parking. If you have visitors who bring an RV to Sun City Summerlin, please make them aware of and help them to obtain a proper RV parking permit.

When an RV is parked, care should be taken to avoid electrical connections that extend from the RV to a residence. Exposed cords can present a tripping hazard and other dangers to those who walk on city sidewalks.

## CORRECTION:

### Policy and Procedure 3.4.1

#### General Policies – Capital Expenditure Approval Process

The Policy and Procedure insert in the March Link contained an inadvertent typographical error. The language applies to bulleted item No. 3. The corrected copy should read: 3. No expenditure or purchase order beyond the \$10,000.00 limit is authorized **without** Board approval.

## How SCSCAI Works

Next month, the Link will debut a new section designed to help residents navigate the community.

Topics for future columns will include:

SCSCAI's organizational chart, understanding Sun City's governance, how to place items on the Board of Directors' agenda, the importance of Association committees, how to get started volunteering and more. If you have a suggestion for a column topic, we would love to hear from you. Please contact Jeannette Carrillo, Link managing editor, [jeannettec@suncitylv.com](mailto:jeannettec@suncitylv.com).

Sun City Summerlin consists of 7,781 homes and approximately 12,500 residents. While these numbers are stagnant (no new homes are being built and the average number of residents per home is relatively stable), the makeup of the Association is constantly changing. In the next few months, some 250 newcomers will join Sun City Community Association, Inc.

To those people, finding one's way through the many facets of living here can seem daunting. But, in fact, it is not. All you need is an entry point, and that entry point is the Link Magazine.

Every month, the Link is mailed to each member. It even follows snowbirds who retreat to cooler climates during the hot summer months. Did you know that? All you need to do is contact the Link office to change your forwarding address and let us know when to start and stop your Link mailing into the community.

In any case, this new section is intended as a resource for your questions. We hope you take advantage of it.

*Our pool rules are in accordance with SCSCAI Rules & Regulations and the Southern Nevada Health District.*

Come see what's new at our outdoor pools when our outdoor pools and spas open on Saturday, April 1! Sun City Summerlin's Fitness Centers and pools are used daily by hundreds if not thousands of residents who enjoy our wonderful amenities. Our maintenance and landscape departments have been busy at work preparing for a busy summer at the pools.

The Pinnacle and Desert Vista outdoor pools have all new chaise lounges and chairs; the Desert Vista pool and spa were replastered; the pool deck is all new at Desert Vista and at Mountain Shadows; and the Pinnacle has had touchups done.

The biggest change will be seen at Mountain Shadows, where some of the pine trees were removed and a new awning is being constructed for shade (completion is expected in mid-April). If you like what's been done, let your Common Area Properties Committee know. The committee is considering whether to do the

same thing on the other side of the pool.

Sun City Summerlin is made up of a wide variety of residents. We all share the facilities and there are rules in place to help make usage fair, safe and enjoyable for all. Our pool rules are in accordance with SCSCAI Rules & Regulations and the Southern Nevada Health District. Below are a few issues and rules that residents question the Fitness staff about on a regular basis. We hope this information helps all residents have a pleasant experience when visiting the fitness centers.

**Showering & Sanitation Laws:** Showering before entering the pool or spa is required by the Southern Nevada Health District in order to reduce the contaminants brought into the pool and spa. It is also highly recommended to rinse off by showering after exiting the pool. No adult disposable briefs, colostomy bags or catheters are allowed to be worn in the pool or spa.

## Charli's Corner

*Treadmill Workouts to Burn More Calories*

**Charli Sue Douglass**  
SCSCAI Fitness Specialist, CPFT, GFI

**Y**ou know the old saying that if you do what you've always done, you'll get what you've always gotten? Well, the saying applies to exercise, as well. If you are still doing the same workout, whether cardio or strength that you've been doing for the last few years you aren't getting as much benefit and not burning as many calories as you could be. To burn more calories you will need to go beyond your comfort zone and allow yourself to work at a higher intensity, if just for a small amount of time.

An easy way to look at intensity levels is to use a scale from 1 to 10. We call this the Rating of Perceived Exertion (RPE), where 1 is sitting on the couch and 10 is running from a saber tooth tiger. Your warmup should be at an RPE of 3-4, low to moderate intensity, for 5 to 7 minutes. Always finish with a 5- to 7-minute cool down at an RPE of 4 or lower.

Here are two workouts that will bring some variety and challenge to your routine.

**Speed Workout.** After your warmup, begin at an RPE of 4 and gradually increase your speed every minute until you feel you are working at an RPE of 6-7. Try to stay there for 7 to 10 minutes. (You should slow down or shorten your time if you begin to feel out of breath or tired.) Be sure to finish with your cool down at an RPE of 4 or lower. When you are ready, extend your time at the faster speed and higher RPE.

**Interval Workout.** Interval training is short periods of high intensity work with longer recovery periods of low intensity. Begin with your warmup, then start with 1:3 ratio, working for 30 seconds (RPE 5-7) and recovery for 90 seconds (RPE 3-4). Repeat two to five times depending on your fitness level. When you are ready you can graduate to 1 minute of higher RPE work and 2-3 minutes of recovery. Of course, always finish with a cool down.

Hope to see you on the treadmill working smarter and harder to increase your body's ability to burn more calories and become more fit!

## Neighborhood Watch Groups, K9 Corps and Watchful Walkers are on the job

**N**ow there are three active groups monitoring the well-being of their Sun City neighbors.

**Neighborhood Watch Groups:** The focus is on crime prevention, but neighbors helping neighbors best describes what drives an effective Neighborhood Watch program. Help your neighbors by looking out for each other and creating a

- ♦ Arrange a meeting with a Las Vegas Metropolitan Police Department crime prevention specialist and neighbors to distribute information and discuss neighborhood concerns. After this meeting, unless significant crime concerns develop, most communication takes place by phone or email.

**K9 Corps:** From a tiny Chihuahua to a great greyhound, any dog, big or small, is encouraged to join the K9 Corps.

“My husband and I walk our two dogs more than 2 miles, twice every day,” said one K9 Corps member. Pet owners and their pups take note of newspapers collecting in front of a neighbor’s driveway, or a trash container that remains in front of a home after Republic Services has emptied it. They pay attention to an outside porch light that is still lit long after the sun is shining, or precious water flowing along a sidewalk from a broken landscape sprinkler. If they see something that doesn’t look as it should, they’re going to say something to Security Patrol’s on-duty dispatcher, who will further investigate whatever might be amiss.

Nearly 150 dogs are wearing official red dog tags as they encourage their civic-minded owners to watch over the community. They are on the job, and we are grateful to them as they provide a valuable service to our community.

**Watchful Walkers:** Residents who exercise by walking for their health usually walk familiar routes. They socialize with neighbors along the way and develop an awareness of what should be typical activity in those neighborhoods.

“Walking is the best exercise for your heart and now it can be the best exercise for keeping our community safer,” said Kristie McWhorter, Sun City’s fitness manager.

The rules are pretty much the same as the K9 Corps. If you see something, say something. It’s always going to be that easy to do.

- ♦ Create a prospective participants’ questionnaire: Basic contact information only – name, address, phone number, email address, emergency contact. Encourage participants to offer as much or as little information as is compatible with their comfort level. Remember that no information exists now. Participants will volunteer additional points as the program proves itself. Time and patience should prevail.

# SECURITY Security Patrol • Call 254-2303

**Drivers are on the job, 24/7**

**T**he weather was cold and it had been raining all day. Still, every four hours throughout the day and night, volunteer Security Patrol drivers, dispatchers and watch commanders left their homes to work their Security Patrol shifts. Some of them got very wet.

the car's trunk supplies: hazard flags, a first aid kit, a bull horn, an emergency blanket, a reflective vest and a dog leash – in case they were advised to be on the lookout for a lost pet. Divers also have keys for the Information Centers if they discover an unlocked door and Allen

wrenches to lock crash bars on certain community center doors. Any other unsecured doors require a call for help from the maintenance department.

Lottie reminded Larry that Patrol cars maintain speeds of 12-15 mph, and she reinforced that drivers must apply their turn signals. She emphasized that Larry should read the street name every time they turn onto a new street and she often quizzed him: "What street are we on, Larry?" Drivers must know exactly where they are so that they can quickly respond to a dispatcher's assignment.

At the end of their shift, the Patrol drivers returned to headquarters to file paper work, while three other volunteers ventured into the rain to patrol until midnight. The late-night drivers would alert residents to garage doors left open after dark – 192 open garage doors have been reported in a single month – and they would check community center buildings to make sure every door was secure.

Some of the diverse deeds recently handled by Patrol drivers, include: A solicitor purporting to work for a phony company was told to leave the community; a Patrol driver helped a resident with a leaking water heater; another stayed with a woman who had fallen and injured her ankle while the dispatcher summoned an ambulance to the scene. Then there was a tree that had fallen on Sun City Boulevard where a driver placed traffic safety cones around it until morning; and another driver extinguished a golf cart fire.

*Security Patrol Driving Trainor Lottie Tabor points out the evening's route to driver-in-training Larry Weyers.*

Driving trainer Lottie Tabor helped new driver Larry Weyers prepare for their shift. It was going to be Larry's second practice drive – this one after dark and in the rain. Larry, who has lived in Sun City since February 2016 said, "I decided to join the Security Patrol to learn more about the community and to meet new people."

To complete the learning process, Larry will drive four shifts with a trainer, followed by five probationary solo shifts.

Lottie has been a Security Patrol member for 15 years. She has served more than 16,000 volunteer hours in nearly every job that the Patrol offers, including Security Patrol chief. She currently serves as a watch commander and driver. Lottie began the shift by reviewing the community's map with the trainee, stressing the streets that their Patrol car would cover. Three cars would be patrolling the community that night.

Before leaving headquarters, Larry checked

## Striking Up Some Fun at the Suncoast

In February, Security Patrol members got together for a bowling party at the Suncoast. Thirty Patrol members bowled while 10 others handled the evening's party arrangements. Nearly 70 prizes were contributed by Security Patrol and the Suncoast, including beer mugs, complimentary buffets, free bowling cards and more than a dozen T-shirts, polos and sweatshirts. Resident Jan Glass pulled the winning tickets and everyone took home a prize to commemorate the special evening.

"We had lots of food and so much fun," said volunteer Linda Engebretson, who organized the event with the help from new Patrol trainee Milt Goldstein.

"I forgot how great bowling was," said Assistant Chief John Lytle. "This is the most fun I've had in a long time."

The Suncoast charged Patrol bowlers only \$2 a game while supplying free rental shoes, balloons and party decorations. Patrol driver Richard Lloyd bowled the overall high game of the evening, a colossal 245.

"I was relaxed and just had fun," said Richard, a competitive bowler who wound up with an impressive 600 series.

Sandy Lyons bowled a 162 game, high score for the women bowlers. Patrol Chief Dick Clark, a good sport,

proved he is not a seasoned bowler; he earned a special prize for the lowest series. Dick's triple game score: 274.

"This was a big success. I'm so glad I came," said Watch Commander Walter LaMay. Dean Grassick, who serves in one of the community's Information Centers, said he had so much fun that, "It makes me want to join a league. I hope we do it again."

Some participating Patrol bowlers, including Kitty Copeland had not bowled in more than 10 years. Kitty earned a unique prize for having rolled the most gutter balls, all 30 of them.

## What's Happening in the CAP Meetings

Photo by Stu Gershon/Link

*CAP is considering a proposal to extend Highland Falls' parking lot over the drainage culvert located east of the course along Sun City Boulevard.*

**F**or those residents who like to know what's happening at the Common Area Properties (CAP) meetings, here is a summary from the February 1 agenda.

Ken Carocchia, CAP Chairman, gave a eulogy for his very close and dear friend Board of

Directors President David Steinman. David was a long-time resident of Sun City, who passed away recently.

New Business: Paul Henderson, SCSCAI executive director, presented the capital budget items that were reviewed, line by line,

by the committee and department heads. This is done so that committee members were informed and able to discuss items that are on the list before final approval. The following departments were represented by managers – Building Maintenance, Fitness, Food & Beverage, Golf Course Maintenance,

Palms, Palm Valley, Highland Falls, Eagle Crest golf courses and pro shops, Information Technology, Landscape and Security Patrol.

**Staff Update:** Paul Henderson handed out a map of the proposed change to Highland Falls' parking lot as more parking space is needed. The proposal is to use the extra lot in the drainage culvert for room to park approximately 30 more cars. More research will be done on this project as to cost, size and other factors.

Louis Darling, landscape manager, reported that the Rampart Boulevard entrance is done. Mountain Shadows pool patio and tree removal is being worked on, with more pine trees being considered for removal on the east side of the pool. Green Belt #2 will have more turf removed at Button Willow and Sun City Boulevard.

Brandon Balek, building maintenance supervisor, reported that the contractor is set to start on the patio enclosure at Mountain Shadows.

# Starbright

*Saturday, April 8, 7 p.m. · \$20*

Chris Kenner, the executive producer for David Copperfield, calls Greg Devereaux a “Corporate Magic Powerhouse.” And for good reason. Devereaux performs nightly on the Las Vegas Strip at each of the major hotels and casinos. Devereaux’s magic is heavily influenced by Copperfield, but also his love for great heist movies mixed with a taste for exotic travel where he can learn hidden cultures while picking up an interesting artifact or two that he can incorporate into his performances. The Las Vegas Review-Journal wrote, “Expect a lot of ‘How Did He Do That?’ moments!” Not only that, but you will be treated to a performance that will make you laugh, wonder and cheer as everything comes together at the end . . . just like a well-planned heist.

The JAZZMIN Vocal Band is led by producer, arranger Rod Henley, who was a member of the iconic vocal groups The Four Freshmen & The Manhattan Transfer. The group presents a unique blend of fresh interpretations of jazz and contemporary standards. From Las Vegas to Europe to Broadway and every major cruise line, Preston is an international entertainer passing through Vegas for this very rare performance. He performed as a member of the The Lettermen for 11 years when the group was nominated for three Grammy awards and inducted into the Vocal Group Hall of Fame in 2001, and he toured the world with three of the original group members. Michelle Murlin, a versatile singer/dancer/actress, has appeared on Broadway in "Joseph and the Amazing Dreamcoat," "Les Miserables" and "Cats." She also has been featured in films, commercials, TV, documentaries and is a BMG recording artist. Murlin describes herself as "being from another time," favoring music from movie musical eras. Between these two dynamic performers and a swinging band, you can expect an evening of world-class music.

# CHARTERED CLUBS

## CLUB SPOTLIGHT: Community Theatre • 'Manhattan Melodrama' Comes to Sun City

It is only community theater and, after all, this is Las Vegas, home to some of the best theatrical productions in the world. But when more than two dozen cast members took to the stage to perform “Manhattan Melodrama” in February, audiences immediately engaged. More than engaged, it became part of the show! “Manhattan Melodrama” is, of course, a farce and as such it was a bit over the top.

But it was just that exaggeration that allowed the audience to interact with the players. In this case, it did not take long for the booing and hissing to begin without waiting for the cue cards. In turn, the cast reacted to the audience through fist shaking and cold stares, which merely encouraged the audience even more.

A play like this naturally features a villain, in this case the local banker, Mrs. Blackheart played by Kim Tuel. From the opening scene, Kim dominated the stage. If the name (Blackheart) didn't define the character for you, her demeanor and dialog immediately did. Although set in late 19th Century New York, many of the actions by this mean-spirited banker would be familiar to most people alive today.

If Kim's performance wasn't good enough (and it was), that of Sharon Haneiwich playing her daughter Natasha was superb. The daughter was every bit as mean-spirited as her mother, but even more manipulative mixed with a good measure of spoiled child.

Finally, not that this performance needed more, Elaine Ruda's support in the role of Badger, a blackmailer turned good guy was noteworthy.

In the end both the Blackhearts got their comeuppance, the good guys won out and, with a slight twist to the ending, the star-crossed lovers were married.

If you haven't been taking advantage of the semi-annual performances of Community Theatre, you have been missing something. Yes, it is only community theater, but it is our community theater.

We offer doubles with many levels of players, or singles for the more adventurous types. From beginner to those qualified for tournament play, you can find a game, as well as players willing and eager to teach you the sport. Fun events with other local communities are being scheduled, and our second charity tournament is planned for the first weekend in May. The weather is warming up fast, so our start time as of Saturday, April 1, is 7 a.m. on Tuesdays, Thursdays, Saturdays and Sundays. Our members are also open to play other days and times with prior arrangement. Play is based on weather conditions as our courts are outdoors at the Desert Vista campus. ## CLUB SPOTLIGHT: French Club

### *Bienvenue* to a Great Way to Learn a Language

**W**hen Sun City Summerlin was formed about 28 years ago, there were many French natives living in Sun City. One of them, Paulette Crise, who is 94 years old and presently living at Las Ventanas, founded the French Club. She was immediately supported by Dr. Roman Colbert, a French professor, who is now deceased.

Today, residents will find that the club offers three distinct French classes. Gregory Nunz, Danielle Luthy (President) and Arlene Krane instruct students.

The Club meets every Friday from 2 to 4 p.m., and lessons are broken up into three categories – Gregory teaches the beginners; Danielle instructs the intermediate level; and Arlene oversees the advanced students. Classes are held in three separate rooms at the Sun Shadows Community Center.

Annual dues are \$1 and the club currently has about 30 members who are equally divided among the levels. Occasionally, the group will decide to visit a French restaurant. However, this is not a regular event. These people come to Learn the French language.

### Writer's Workshop

If you love to write and want to be inspired by the most talented and friendly people in Sun City, come join us on the first four Mondays of each month at Sun Shadows, 9-11 a.m. Whether you're interested in novels, short stories, memoirs, poetry, etc., we have classes and members to assist you in a social and educational atmosphere. Annual dues are \$15. We welcome all visitors on the second and fourth Mondays. For further information, contact our president, Maxine Engel-Muccigrosso, 360-1863. Visit our international blogs to read and meet some of our talented members: [www.suncityww.blogspot.com](http://www.suncityww.blogspot.com) and [www.summerlinww.blogspot.com](http://www.summerlinww.blogspot.com).

### Yoga

This is an intermediate class, welcoming serious students

The Club is fortunate to have these three residents as members because Gregory's background is American who had French grandparents; Danielle had a French mother and she grew up mostly in the French part of Switzerland; while Arlene studied at La Sorbonne and was a French and Spanish teacher in Westfield, New Jersey.

Each class uses workbooks, which students obtain on their own – usually from Amazon, and speak French in class. The beginners emphasize mostly vocabulary, but include some idioms and grammar. Sometimes, Gregory will include French-American history and culture into the lesson. Danielle's group spends much of its time working on more advanced vocabulary and more grammar, while Arlene's advanced class speaks conversational French for the first hour of class. For the second hour, they read from a French magazine called France Amerique.

If you want to learn French, there is a place for you in Sun City. Contact Danielle at 360-5141, or stop by Sun Shadows any Friday afternoon. ~ *Stu Gershon/Link*

not limited by complex physical limitations. Classes are held at Desert Vista on Tuesdays, Thursdays and Saturdays, 8-9:45 a.m. Monthly fees: One class weekly, \$20; two classes weekly, \$35; three classes weekly \$45. A one-time trial walk-in is \$5. For information, please feel free to call Carolyn, 243-3758, or Joanie, 233-4416.

### Zoom Zoom Club

Zumba® classes. Come and join us. All classes are held at Sun Shadows. Aqua Zumba®, 11 a.m., Wednesdays and Fridays, in the pool; Zumba®, 9 a.m.; Zumba® Gold, noon on Tuesdays and Thursdays; Zumba® Toning, 11:05 a.m.; Zumba® Gold Chair, noon on Saturdays. Notice of election of Zoom Zoom Club officers will be on Monday, May 8, 1 p.m., Desert Vista, Room 2. Call Teresa Gusel, 838-5301, or Ruth Cuti, 546-5465.
