# DIRECTOR

## From the Executive Director

### Proposed Budget Calls for \$9 a Month Increase to HOA Dues

*As our Association ages we need to work harder to keep everything looking nice.*

**Paul Henderson,**  
SCSCAI  
Executive  
Director

The most important aspect of keeping our property values stable and high is to keep each property looking nice, including your private residences and all of our common properties (fitness centers, meeting/game rooms, pools, golf courses, club houses, tennis/pickleball courts, restaurants, greenbelts, etc.). Over the years the Association's properties have been well maintained, as have almost all of the residences, which has been demonstrated by the consistently high value of our properties compared to the surrounding areas.

The Board of Directors of our Association have spent many hours over the last year discussing ways to sustain our property values and improve our community. Some important issues that have arisen include the condition of our general facilities, and deferred maintenance and repairs. As our Association ages we need to work harder to keep everything looking nice.

Through strategic planning meetings the Board has determined that a rededication to better maintenance, repairs and upkeep is required. As a result we have begun work on a "Renaissance" of our common elements. We have hired contractors and additional staff to improve the appearance of streetscapes, buildings, golf courses and especially the area between the golf courses and residential properties. The Association takes the maintenance responsibility very seriously.

Included in next month's issue of the Link you will find a copy of the proposed budget for the next fiscal year (July 2017 to June 2018). To do all that we need to do next year, we have proposed a budget that requires a modest increase in assessments of \$9 per month, per residence. When you see the improvements made this year and next year I hope you will agree that the money has been well spent. Again, our goal is to maintain your property values and ours. As a result, if you need to sell your Sun City Summerlin property in the future you will be rewarded by sustained high values and an easier sales process.

The Association staff has worked diligently to develop a budget that will accomplish the goals of your Board of Directors and thereby sustain and maximize property values. In addition, your assistance in keeping your property looking nice and well maintained is appreciated by your neighbors and the Association. Thank you!

## The Great Outdoors

*With the new beautiful weather we all need to get out more and enjoy our outdoor Sun City facilities*

**Joe O'Connell,**  
President,  
SCSCAI Board  
of Directors

**T**his is May already and it is getting ready to get hot. I hope by now we have our shade cover for the pool at Mountain Shadows erected to keep us from getting burned. Also by now you will have noticed the work on the Mountain Shadows Community Center. LM Construction is expanding our facilities to accommodate our additional staff and an upgraded facility for meetings. According to Doug Wong, our new IT expert, our Wi-Fi glitch at our facilities has been found and corrected. We should all have excellent reception at all our facilities.

With the new beautiful weather we all need to get out more and enjoy our outdoor Sun City facilities – pickleball, horseshoes, bocci ball, tennis, softball, walking, swimming and golf. If we take advantage of all our facilities our cost to live here will be worthwhile. We are supposed to be an active senior community.

After our exercise we ought to also take advantage of our Five Star Tavern, The Summit and the Tavern at the Falls. We run at a loss for the last two. We have over 7,000 homes here. If we all eat one meal a month at our facilities we may be able to turn that around. We have a new menu at the Tavern at the Falls with ice cream and pies. I eat there four or five times a week. The food is only outdone by the great service and views of our golf course, pond and waterfalls. You might even meet some new friends there.

Get off the couch and get involved with your community.

# department **SPOTLIGHT**

By Brian Bagwell, SCSCAI Golf Course Maintenance General Manager

## GOLF COURSE MAINTENANCE

**S**un City Summerlin Community Association, Inc., has three outstanding golf courses. They are Palm Valley, Highland Falls and Eagle Crest. Each course has its own different characteristics and unique challenges that make for a fun golf experience. Palm Valley and Highland Falls are both championship length, while Eagle Crest is our executive course with a par of 60 that challenges the golfer's short game.

The responsibility to ensure that the courses are kept in tip-top shape falls to the Golf Course Maintenance Department, which is divided into four groups. Each golf course operates independently under the direction of the respective golf course superintendent. This past year, Sun City's Board of Directors approved a new department that is responsible for the non-golf landscape areas surrounding the courses that typically fall out of play.

The total landscape maintained by the GCM staff is 466 acres.

Our staff does an outstanding job and they are very dedicated to their jobs and take pride in the work they do. Many of our employees have been with us for 10 years or more; a few have been employed by Sun City for 20-25 years.

Highland Falls has been recognized multiple times now by the Las Vegas Review-Journal as the "Best of Las Vegas," earning the honor in 2016 for the second year in a row.

This is a great tribute, and the true heroes of this award are the GCM staff. The maintaining of the putting greens at Highland Falls and all of our courses are carefully considered by each of the superintendents. This is not an easy task and requires much skill and understanding of agronomic practices to ensure the proper management. There are so many different aspects to maintaining a golf course – not to mention the variety of grasses that have different requirements to survive, especially here

in Las Vegas. It has been said that growing grass in Las Vegas is like trying to grow grass on the moon!

## THE GURUS OF GRASS

Clockwise from top, Roger Knight, Lydia Lampasona, GCM General Manager Brian Bagwell, Rob Stottern, Eric Alms and Riot. Opposite page, GCM crew members are key to making Highland Falls a top-rated city course. Photos by Brian Bagwell, Jeannette Carrillo, Stu Gershon and DJ Minella.

*Over the past few years, the GCM staff has accomplished many projects in house or were in some way a part of making the improvement, including rebuilding a majority of the tee boxes, renovating bunkers, removing turf, remodeling hole No. 9 at Palm Valley around Fire Station 107, as well as Highland Falls' practice area and hillside project along Hole 18.*

The management staff at Sun City comes from various places. One grew up on a farm; others just have it in their blood. From Wyoming to Illinois to California to Utah, our managers have vast knowledge and experience that translates into success. This isn't just a job to them, it is their career. College education has led them to this profession with bachelor's degrees and turf grass certificates, specializing in turf grass management. Almost 11 years ago when I took over the maintenance of these golf courses, they were in tough shape. Dirt spots were visible on most golf holes, basic cultural practices were not being done, and we were considered one of the biggest water users in the valley. Today, we have really turned this place around.

In fall 2015, Sun City golf courses were awarded the 2015 Water Heroes Award from the Las Vegas Valley Water District. At that time we had converted 3.1 million square feet of turf to water-efficient landscape. Since then we have converted approximately another 500,000 square feet.

All of this work was done with our current staff. We are fortunate to have talented men and women who have gotten really good at what they do.

All of this conversion of turf to landscape plants has required an extensive workload, requiring us to redirect our efforts in maintenance. Last fall our non-golf landscaping effort began. So far neglected areas of Eagle Crest are now being maintained and the course has seen a major transformation. But the landscape is a living element in constant need of care and maintenance, and I am confident that with this staff we will be able to do a better job of keeping up with the required maintenance that is out there.

All this could not have been done without the assistance of the great GCM staff that are outstanding employees and our most important asset to our great company. We take pride in what we do and do our best to provide great golf course conditions for an amazing community that we should all be proud of.

# PROPERTIES **Common Area**

## What's Happening in the CAP Meetings

**W**hat's currently happening at the Common Area Properties meetings? Here are the highlights:

**Old Business:** Brandon Balek, SCSCAI building maintenance supervisor, handed out

the results of the pool heating costs for Mountain Shadows and Desert Vista. To open the pool at Mountain Shadows a month early and close it a month later would cost approximately \$18,000. For Desert Vista, the cost would be about \$8,000.

Since there are indoor pools available year round, this seemed like an extreme request for a limited amount of residents. The committee voted unanimously to reject the project.

**New Business:** Brandon Balek presented the remodel of the Sun City Summerlin Security Patrol office, which will make it easier for residents to come in for help. This project will be done in house and be started this summer. The cost is expected to be under \$1,000.

Following discussion of the entrance door at Mountain Shadows located near the Exchange Room, a motion was made to recommend to the Board of Directors that the Association install an automatic door opener not to exceed \$6,000. The motion was seconded and passed with one committee member opposing.

A discussion of the . re pit at Desert Vista was moved to next month's meeting as Louis Darling, SCSCAI's landscape manager, was not present. SCSCAI Building Maintenance Manager Dennis McGrew presented the figures for chairs and 3-by-3-foot tables that need to be replaced at Desert Vista. A motion was made to recommend to the BOD to buy 500 maroon chairs with silver trim not to exceed \$25,000. The motion was seconded and passed unanimously. Bids for the sound system at The Summit and multipurpose rooms at the fitness centers were passed around by Brandon Balek. The total amount of the bids were approximately \$40,000. After considerable discussion, the committee decided to look further into alternatives for less-expensive options.

*Workers apply new plaster to the outdoor pool at Desert Vista. The renovation project included several upgrades to tile and decking at both Desert Vista and Mountain Shadows' outdoor pools.*

### Staff Update:

**Brandon Balek** reported that the deck, tile and plaster work at the Desert Vista pool will be complete by the time the pool opens on April 10. At Mountain Shadows, the pool deck is complete and the pool water refilled. The grout was done around the edge of the pool, and we are still waiting for the permit for the patio cover. Brandon said he calls the city every day to get an update. Bids were sent out to refinish the floor at the Pinnacle Fitness Center. The floor is expected to be done in late May or early June. New window shades were purchased for both Desert Vista and Pinnacle fitness centers.

**Brian Bagwell**, golf course maintenance general manager, reported that the golf courses are in good condition. The BOD had the executive director hire a five-man crew to clean up the peripheral areas around the golf courses by residents' homes. This was considered deferred maintenance. Clean up at Eagle Crest has been completed and the crew is now working at Highland Falls and will finish up at Palm Valley. The bunker project at Palm Valley has four or five more bunkers to go.

The turf removal program at all the golf courses netted the Association \$75,000 in rebates. The greens will be aerated at Palm Valley next week, and the water pump was replaced at the Highland Falls waterfall. The daily numbers for golf play were very good for March.

### Team Leader Reports:

**Allan Bell** will inspect next month with Louis Darling. John Ankrapp, motor officer for CAP, had nothing to report. Sherry Gunderson reported that the birds are an ongoing problem, and the deck is coming up at Sun Shadows. Brandon Balek replied that the contractor is coming back next week to fix the deck. Maris Mizel inspected Desert Vista and only minor things were found. Allan Rosenberg, for Ed Turkin, reported he inspected Pine Valley and Highland Falls and everything looked good. Murray Waks reported that the Pinnacle will be inspected next month. Rhoda Ring is waiting to order furniture for Highland Falls and complete the restaurant look. SCSCAI Executive Director Paul Henderson reported that the insurance carrier would like to participate in the inspections, looking for liability exposure.

# NEIGHBORS **Meet Kris Martin**

## **Taking Sun City One Step at a Time**

*Kris Martin shows how the Link's street map helped her reach her goal of walking all 73 miles of Sun City streets.*

**T**he definition of the word wanderlust is “a strong desire to travel.” And so it follows that a person stricken with wanderlust is someone who loves to travel. Well, we have such a person in Sun City who not only loves to travel, but loves to move. Not only has Kris Martin climbed to the top of the Great Pyramid of Giza in Egypt, strolled along The Great Wall of China and gone on safari through the African plains of Botswana, but she also has walked all 293 streets or 73 miles of Sun City Summerlin!

Kris is an explorer, and if she had been around in 1492 she would have been standing on the bridge of the Nina right next to Christopher Columbus.

Kris was born in Omaha, Neb., and has lived in California and Reno, but she and her husband own a condo here in Sun City.

Kris says, “Life is a sensory experience.” When she’s in Reno, she walks every day, either along the Truckee River or near her Reno neigh-

borhood. She wants to feel, see, hear and smell the things around her. Basically, she can’t sit still.

When she’s here, three to four weeks each year, Kris walks and walks and walks. She started walking our streets as a project about seven years ago, and she tracks all of her treks on the Link’s map of Sun City. Before she sets out, Kris selects a certain area on the map and then drives out. When she gets to the spot, she parks and walks around. She loves to meet people, see the different flora and enjoy the varieties of pottery and statues she sees along the way. What is really special for her is the intrigue of what she may see around the next corner. She often takes photos of some of the things she sees.

Now that she’s finished walking our community, I asked her, “What’s next?”

She replied, “Wherever my imagination takes me!”

## Incarcerated Burglars Tell What Does/Doesn't Stop Them

(Editor's note: This story was compiled by Link editorial board member Ellen Greenspan from more expansive coverage on community crime that aired last month on KGW-TV in Portland, Ore. To read the full version of this story, visit the Link's website at [www.suncitylink.com](http://www.suncitylink.com).)

**K**yle Iboshi, a senior investigative reporter for KGW-TV in Portland, Ore., questioned 86 inmates currently serving time for burglary in Portland's Department of Corrections.

The burglars responded to questions detailing how they broke into, as well as what they were looking for during home burglaries. What the reporter learned could help keep others from becoming a target.

How did you typically break into a home? Most of the inmates broke in through an unlocked door or window. Several bur-

glars kicked the door open. "I would kick in the door rather than break glass. Loud bangs are better than loud glass breaking," said one inmate.

Once inside, what was the first thing you looked to steal? "Jewelry, electronics, guns, cash and credit cards are attractive to burglars. An NRA sticker equals guns to steal," wrote one burglar.

Where did you look for hidden valuables? Across the board, burglars said they go to the master bedroom first. They search beds, drawers, closets and boxes – every inch of the bedroom. "You always want to hit the bedroom first," a burglar said. "That's where I find jewelry. Guns are in the bedroom closet. People keep their valuables close to them where they feel they are most safe, but in reality they are not," another wrote. "I search the master bedroom for valuables before moving through the rest of the house.

"Then, I check everywhere – the stove, freezer, fish tank, toilet tank, book shelves and even inside boxes of cereal," said an inmate.

What time of the day did you break in? Burglars prefer breaking in during early afternoon. "Between 12:30 p.m. and 2:30 p.m., anyone who was home for lunch should be gone and kids are still in school," wrote a convicted burglar.

Would it make a difference if there was a car in the driveway? All of the burglars said they'd avoid a home if there was a car in the driveway. "Most of the time that's a sure sign that someone is home," said an inmate.

What was your ideal target for a burglary? Burglars looked for homes hidden by fences and overgrown landscape. "A home away from other homes, blind spots, older window frames, cheap wooden doors," said a burglar," adding, "A nice home with a nice car equals a person with money."

Did a dog in the home discourage you? If a homeowner has a big, loud dog most burglars stay away. Smaller dogs don't seem to bother them. "Big dogs are a deal-breaker for me," said one inmate.

Did you knock on the door before breaking into a home? Yes! All of the inmates said they would knock on the front door before breaking in. If someone answered the door they would act as if they were lost or looking for a friend. "I'd say, wrong house, sorry, thank you, or ask if they'd seen my dog and leave."

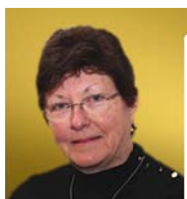

What can homeowners do to avoid being burglarized? "Alert police if you see something suspicious at a neighbor's home. Know your neighbors so you recognize different people in the neighborhood. Be neighborly. Neighbors can be one of the best security systems. Have a true neighborhood watch," recommended a convicted burglar.

### Eye on the Information Centers

*As you drive by, have you ever wondered why the ICs are there? What is their purpose?*

Information Centers are the outposts that you pass by when you enter or leave Sun City. These small edifices are part of the Security Patrol. The volunteers who work the ICs serve four-hour shifts, the same as drivers and dispatchers. The ICs are located at Rampart and Del Webb boulevards; Lake Mead and Del Webb boulevards; and Sun City and Lake Mead boulevards. They are open every day for two shifts – one from 8 a.m. to noon; the other from noon to 4 p.m.

As you drive by, have you ever wondered why the ICs are there? What is their purpose?

The Information Centers are the sentinels, the first contact visitors and prospective residents

radio contact with the Security dispatcher, and the watch commanders on duty visit the ICs on each shift. IC volunteers must maintain a log of events, visitors and radio checks. Additionally, they are responsible for contacting the dispatcher if they observe an accident on Sun City property, or a suspicious person or vehicle. If an IC volunteer is unsure about a situation, she/he contacts the dispatcher by radio. The dispatcher then sends the watch commander to handle and resolve the problem.

Each IC has a battery-operated alert device that announces the arrival of a visitor; an information manual with business addresses and phone numbers; and locations of the community

centers and golf courses. A book of maps used by Security drivers that contains all the street names in Sun City is kept at each information center. The IC volunteers distribute street maps and copies of the Link, as well as give verbal instructions to visitors.

In addition to serving the public, the IC volunteer is responsible for maintaining the operation of the kiosk. Air conditioning/heating units, a restroom, a small refrigerator and an electric “open” sign are all monitored by the IC volunteer on duty. The Association maintains all equipment

inside the IC buildings.

So, the next time you need information about an event in Sun City, or need to drop off your blue emergency contact form, please drive up to the window of one of the Information Centers. The volunteer on duty will be happy to assist you.

New recruits for the Information Centers are always welcome. If you have four hours to volunteer during the morning or afternoon, and you enjoy meeting people, please contact the Security Patrol base, 255-2303.

have with our community. In 2016, IC volunteers served 2,517 inquiries. The most frequent questions asked are directions to our three golf courses, and from real estate agents needing directions to residences for sale. The Security Patrol volunteers who serve in the ICs are trained and follow Security Patrol procedures. Interpersonal communication is a valued skill for these members. People from around the globe stop by the ICs and inquire about our community.

Information Center volunteers are trained for three on-the-job (OJT) sessions, which is followed by a check-out with the IC supervisor. Volunteers in the buildings are in hourly

## Drink Up! Why You Need Water

*Without proper hydration, your body's normal functions can become seriously inhibited.*

**Kristie McWhorter,**  
MS, CPT, GFI,  
Fitness Manager  
kristiem@suncitylv.com  
fitness@suncitylv.com

**W**ater is the most common substance on earth, and it's also the most common substance in the human body, making up more than 60 percent of a person's body weight. While you could potentially live without food for weeks, you're unlikely to last more than a few days without water.

Staying hydrated is extremely important; water is used by your body to perform almost every major function. For example, your body uses water to transport nutrients and oxygen to cells, regulate your body temperature, moisten your mouth, eyes and nose tissues, protect your organs and tissues, lubricate your joints and flush out waste products. Without proper hydration, your body's normal functions can become seriously inhibited.

Dehydration occurs when liquid is replaced at a slower rate than it is being used up by the body. This is most commonly caused by diarrhea, vomiting or sweating. Early symptoms include dry mouth, the inability to produce tears or sweat,

muscle cramping and lightheadedness. At its worst, dehydration can be life-threatening.

We are just beginning our hot Las Vegas summer and it is important to make sure you have extra water in situations that involve physical activity. Avoid outdoor exposure and limit physical activity when it's particularly hot or humid outside. Pay close attention to physical cues (thirst, dizziness, headache), which might indicate your fluid levels are getting low. Keep drinking water close at hand during these hot summer months to stay hydrated and healthy!

## Charli's Corner

*The Elliptical Machine:  
Try it, you just might like it*

**Charli Sue Douglass**  
SCSCAI Fitness Specialist, CPFT, GFI

**T**he elliptical machine is a powerhouse among cardio equipment. It allows you to use many muscle groups, and the more muscles that are working, the more calories you'll burn. Using an elliptical also will build strength and muscle endurance in your quadriceps, hamstrings, glutes, calves, arms, chest and back.

### The Benefits of Using the Elliptical:

- ◆ It improves your coordination, challenging you to work your upper and lower body at the same time.
- ◆ While being a low-impact exercise for your joints, it will help to reduce mineral loss in your bones because it is still a weight bearing exercise.
- ◆ It decreases repeated pounding of your feet, because your feet never leave the pedals. A good thing for those with peripheral neuropathy.

### Getting Started:

If you have never used an elliptical, sign up for an equipment orientation or ask any fitness staff member to show you how to use it. Once you've learned the basics, you may want to start with just 3-5 minutes. The elliptical can be a bit more challenging, so starting with a shorter time is OK. Add 1 to 2 minutes each time you use the elliptical. Your body is a great adapter. Before you know it you will be doing 20 to 30 minutes.

You can safely enter the elliptical by stepping on the foot pad closest to the floor first and while holding on to the stationary handle bring your other foot up to the foot pedal. Avoid leaning forward because it puts undue strain on your lower back and knees.

Start by pressing your higher foot forward and down. To work your upper body, actively push and pull on the handles, not just hold on. Once you are familiar with the movement you can increase the resistance. Ellipticals are also a great way to walk backwards. These machines are meant to go in a reverse direction and will work muscles you never knew you had.

SCSCAI Fitness Monitor Kathy Yeko operates an elliptical machine at Mountain Shadows Fitness Center.

If you have only been using the treadmill or bike for your cardio exercise, then this is a great new option to work into your exercise program so you avoid hitting those plateaus. Be adventurous and bold to see and feel the benefits of cross training with the elliptical.

## Stamp Out Hunger Food Drive Returns Saturday, May 13

The National Association of Letter Carriers resumes its popular Stamp Out Hunger Food Drive this month on Saturday, May 13. This year marks the 25th year of the event that helps local food banks stock their pantries. All food collected on Saturday stays 100 percent within the community collected.

Last year, letter carriers collected more than 80 million pounds of non-perishable food throughout the 10,000 cities within all 50 states, including Puerto Rico, the Virgin Islands and Guam, where the drive takes place. To participate, fill a box or bag (or several) with canned and boxed food items and place the container/s at your mailbox. Letter carriers will pick up the donations when they deliver the mail that day.

## Pickleball Tournament

## How SCSCAI Works

NEW SECTION

If the Social Monitors are the heartbeat of Sun City and the clubs are the soul, then certainly the committees are the muscle. While it may appear to residents that all of the business of the Association is conducted at the Board of Directors' meetings, that is only partially true. The BOD meetings are the culmination of a process. When the Board meets on the first Tuesday of the month it is for a business meeting, where residents are invited to sit in the audience and observe. Participation is strictly limited by the meeting's agenda.

By contrast, committee meetings are where the real work of the Association begins. Committees are the research arm of the BOD. For example, if new technology equipment is needed, as was the case with the recent installation of Wi-Fi throughout Sun City, the IT committee was tasked with research and recommending appropriate action to the Board. The BOD then made the final decision. Each committee has a unique area of responsibility, while the Board has overall responsibility.

Wondering how you can join a committee? Each committee has a chairman/woman who is appointed for a one-year term by the BOD president; committee leadership is listed on Page 6 of every Link. The chairperson is responsible for determining how new members are appointed, and while there may be minor variations from committee to committee the process is basically the same: You must be a resident in good standing with a valid SCSCAI membership card. You attend the meetings, express an interest in membership to the chairperson, submit a resume, answer committee member questions about your interests and then a vote is taken. Once you are welcomed onto a committee you will be assigned a specific task/s.

## Free Resources for Seniors

**382-0721** Catholic Charities offers its Telephone Reassurance Program to seniors who would like to schedule reminders for doctor's appointments, taking their meds, or for those who just need a daily check. Automated, as well as personal telephone calls may be scheduled daily. According to Catholic Charities, the program offers residents peace of mind in knowing that someone will reach out to them daily to check on their well-being.

### City Collecting Feedback on Speed Cushion Test

The Las Vegas Public Works Department will install a temporary speed cushion

on Button Willow Drive east of Sun City Boulevard on May 2. The test cushion will be in place for approximately 30 days. During that time, residents are encouraged to provide their feedback to City Traffic Engineer Gena Kendall at 229-6327 or [gkendall@lasvegasnevada.gov](mailto:gkendall@lasvegasnevada.gov). Following the test period, the city will evaluate residents' feedback and decide whether or not to proceed with the installation of permanent speed cushions along Button Willow and Villa Ridge drives.

## Wi-Fi and Websites, Oh My

In the last several months, the Association has responded to residents' requests to expand the availability of Wi-Fi throughout the community. The new Wi-Fi system at Desert Vista, Mountain Shadows and Pinnacle has been a success. It's

easy to access Wi-Fi at the community centers by locating the SCSCA-Guest network. The password is Welcome! Be sure to capitalize the "W" and type the exclamation point. Once you click to join the network you will need to approve the terms of use and that's it. You may then start browsing the web.

**Website Update:** The Association's website, [scscai.com](http://scscai.com), has been in the process of a full redesign and has added an interactive calendar. It now accurately displays all happenings within the community.

**Link Magazine:** The link also has a website, [suncitylink.com](http://suncitylink.com), which updates every Tuesday. The site posts information on upcoming events and timely stories on issues of importance to residents.

**E-News Signup:** To receive e-blast reminders of what's happening in Sun City, be sure to register your email address at [scscai.com](http://scscai.com). Head to the Administration tab and click on the yellow e-news subscribe link located in the lower left-hand column.

Congratulations and thank you to the volunteers who helped prepare free income tax returns for Sun City residents this year during the AARP Tax-Aide program. A special thank you, too, to the Link for publicity, Sun City Community Services for providing the space for the program, the Mountain Shadows social monitors for their time and effort to arrange all the appointments, and to the custodians for a great job arranging the facilities for us.

## Security Patrol Bids Farewell to Volunteer Fred Hinshaw

*Security Patrol volunteers Gary Cummings, top left, Dennis Nicpon, and Pat and Ron Pfeffer, bottom left, enjoy a farewell breakfast with Fred Hinshaw at Tavern at the Falls.*

Sun City resident Fred Hinshaw retired from the Security Patrol in January after serving 12 years on the community's 24/7 volunteer force. Fred was appointed treasurer of the organization for four and a half years and dedicated 10 years to the car wash squad. A car aficionado, Fred worked to ensure the Patrol's automobiles were properly equipped with light bars,

outfitted in appropriate decals and were always in pristine condition. While he is no longer on the Patrol, Fred continues to help out his community by lending a hand wherever one is needed, said Security Patrol Chief Dick Clark. According to his friend and Security Patrol driver Dennis Nicpon, "Fred's a great guy and if you need him all you have to do is ask and he'll be there."

## Now and Then

One of the greatest pleasures I've ever had was to sit and talk with some of our original residents who came to Sun City in 1988-89. Mary and her husband moved into Sun City on October 22, 1989, and she immediately got involved in some of the many clubs and groups that were formed for our new residents.

**NEW SECTION**

Mary just turned 90 and she is so sharp, she remembered the people who helped form some of the first clubs in Sun City Summerlin. Mary joined the Silvertones and said as far as she knows she is the last of the original members who's still singing 28 years later and loving it. Mary also was an original member of the Sun City Dance Company (tap dance), which was originally called the Nevada State Troupers. She was a founding member of the Women's Club and also was a member of the Sewing Club, the Art Club and the Women's Niners.

When I first interviewed Mary, one of the photos in the shoebox of pictures she showed me had the picture of her sitting on the hearth of her fireplace. If you notice, the house hadn't been built yet and you can see the outside through the studs. I took the photo of her sitting in the same place 28 years later. It's like capturing a moment in time.

~ Stu Gershon/Link

*The purpose of this new feature in our magazine is to let our residents know who is still around. If you have been in Sun City since its inception, and if you have photos, I'd like to meet with you and continue the Link's Now and Then project. ## GEORGE PANTAGES

### Beyond the Order to Abandon Ship

**H**e was born in San Mateo, Calif., in the middle of World War I and was destined to be her mate. Before he met her, he graduated from UC Berkeley pharmacy school in July, 1942. Immediately thereafter he enlisted in the Navy. He is Sun City resident George Pantages.

She was born in Camden, N.J., in the throes of World War II. Originally planned as a light cruiser, she was destined to be a fast attack carrier. Commissioned in February 1943, she was the U.S.S. Princeton, CVL-23.

Pharmacist Mate George Pantages met her that month and, as the saying goes, “till death do they part.”

Immediately after a shakedown cruise, the Princeton sailed to Pearl Harbor to join the growing fleet. Over the next 17 months, she participated in nearly every major engagement, shot down 193 enemy planes and destroyed 17 ships. In total, the Princeton covered more than 150,000 miles crossing the equator 60 times and the international dateline 38 times.

She was a busy ship, and George had settled into a comfortable routine in his shipboard pharmacy. Life was good, and as George put it, “The fact that I controlled the ship’s liquor cabinet went a long way to boosting my popularity with my shipmates.”

Life was good until the morning of October 24, 1944. That morning, while the Princeton was supporting the invasion of Leyte (in the Phillipines), she was hit by a single Japanese dive bomber. One bomb and everything changed. The bomb pierced the flight deck and exploded in the hanger deck filled with fully fueled planes. The fire spread, despite the efforts of the Princeton damage control teams and those of the cruiser Birmingham and destroyer Morrison. The order was given: Abandon ship.

The Grim Reaper had three chances to take George’s life. George jumped into the Pacific. When he reported on board in 1943, he was issued an inflatable life preserver – one he never bothered to wear. “The day before the bombing, for some unknown reason, I decided to check it and found that it wouldn’t inflate,” George said. That afternoon, he had it repaired; the next morning it saved his life. Strike one for the Reaper.

George spent 4 ½ hours in the water before rescue. During that time, a Japanese pilot returned to strafe the

survivors. He missed! Strike two.

Finally, rescued by the destroyer Morrison, George thought his ordeal was over. But the Morrison was ordered to help the still burning Princeton. As fate would have it, her superstructure tangled with the Princeton’s flight deck. The two ships eventually separated and the Morrison moved away. The Birmingham pulled alongside to replace the Morrison. The fire aboard raged on until it reached the ammunition locker. A mighty explosion rocked the two ships. Virtually everyone on the Birmingham’s deck were killed or injured. An hour earlier that would have been the Morrison alongside with George on the deck. Strike 3 and the Reaper was out. But the Princeton was fatally wounded and had to be sunk by friendly fire. “Til death do they part.”

The battle was not over for George. As a pharmacist mate he was assigned to the Birmingham to assist treating the 400-plus injured. The scene was horrific. It was non-stop work over the next five days saving lives and splinting broken limbs. The injured were transferred to a hospital ship and George was sent back to the States. He spent the rest of the war just outside of Palm Springs, but that is another story.

She was signed to a contract to perform at Caesars Palace for 40 weeks a year for more than eight years. Then, in 1996, Tammy was signed to Arista Records Nashville with a self-titled album that spawned three Billboard charting hits – "A Dozen Red Roses," "Tell Me Again" and "Cool Water." ## CLUB SPOTLIGHT

### DANCE COMPANY LAS VEGAS Lovely Ladies Keep Dance Legacy Alive

**H**ave you always wanted to go to NYC and see a Broadway show? One with music that makes you want to get up and dance? A show with visually stunning costumes and amazing choreography? Well, this is your lucky day because your neighbors and friends are putting on a tap dancing show for you of epic proportions!

For two weekends, May 13-14 and May 20-21, Sun City Dance Company Las Vegas will perform "Ticket to Broadway" at the Starbright Theatre. Inspired by classic Broadway shows like "A Chorus Line," "42nd Street," "Thoroughly Modern Millie," "Kiss Me Kate," "Grease," "Spam-a-Lot," "Pippin" and "Hamilton," this production will have you tapping in your seats.

Sun City Dance Company Las Vegas was one of the first organized clubs here in Sun City with a membership of only 15 people. The group was hired by Del Webb to help promote the development and often performed on a flat bed truck. Over the years, the club grew and a drill team was added. The reasons for joining were varied. One member signed up at age 72 because it was her life-long

dream, another said she always envisioned herself as Ginger Rogers; and others had no clue what they were getting into, but they report they have enjoyed every minute of it.

For 25-plus years, SCDCLV has been tap dancing its way around Nevada, performing at Clark County schools, assisted living facilities and hospitals, including the Veterans Hospital in Boulder City. Members also give back to the community by teaching tap to students at Kermit R. Booker Elementary School in Las Vegas.

With the popularity of TV shows such as "So You Think You Can Dance" and "America's Got Talent," tap has seen a huge resurgence over the last few years, and our club is growing. We have members from age 55 to 92-plus. Some are even second generation.

So here's to mid-May, when we hope to see you at one of our performances at the Starbright Theatre!

~ By Darlene Fadem/SCDCLV

# CLUB SPOTLIGHT

## FRIENDS OF THE SUMMIT

### Cultivating an Entertainment Center

**F**riends of The Summit happily celebrated its one-year anniversary last month. The club has 148 members and is going strong. The main goal of the club is to support and publicize upcoming events that would be of interest to members, residents and their friends.

These events include, but are not limited to, Band Night, which takes place every Friday from 7:30 - 9:15 p.m.; Open Mic, which occurs the third Wednesday of every month; and Tuesday Night Live, a jazz music series that's a work in progress.

"The success of any event is based upon residents' participation," said Friends President Christine Bauman. "Let's take full advantage of The Summit to have a lot of fun, build our community, create new friendships and maximize our fabulous Sun City Summerlin environment!"

The vision for Friends of The Summit came from former resident Sue Papilion, Marsha Klein, who was president of the club through December 2016, and resident Melanie Spector, who has her own band and enjoys playing gigs all over town.

Marsha is well-connected to the entertainment networks in Las Vegas and so her ability to help attract bands that play everything from classic rock to blues to Southern rock to R&B has met with tremendous success every Friday evening. While Friends members attend Band Night, all residents are welcome to enjoy the event. Plus, for those wanting to become a Friend of The Summit, there is a signup sheet at every event, where residents can join the booster-style club for the annual dues of \$1 per year.

"Band members love Sun City people, the magnificent view and the nonsmoking environment," added Christine. "Everyone dances with everyone or sits and enjoys the music. The energy in The Summit every Friday is amazing!"

According to Christine, The Summit is undergoing a metamorphosis from a minimally used facility into the hot spot of social engagements in Sun City Summerlin. It is transforming into an amenities center focused on events for all residents. "The goal is to provide a wide range of events to attract as many participants as possible at one of the most beautiful facilities in all of Sun City Summerlin. The Summit has a panoramic view of the Las Vegas Strip and a good part of the valley. It is truly amazing."

For more information on Friends of The Summit, contact Christine Bauman at 808-927-4588 or [cmb4u2me@gmail.com](mailto:cmb4u2me@gmail.com), or Melanie at 847-502-1700 or [melaniespectortrio@gmail.com](mailto:melaniespectortrio@gmail.com).

### Golf (Men’s) 18 Hole

How often have you heard the statement, “If I could only go out on the golf course and play easily like I do on the practice tee!” Why is it so different to play on the course vs. the practice tee? One reason could be that when you’re on the practice tee you have the luxury of raking over another ball and hitting another shot without the pressure of each shot counting for your score. It’s important for the average player to differentiate between practice and playing. I find that most players get on the golf course and practice rather than play golf. They lose the spirit of the game, the fun of playing, of just going out and letting it happen. They should

## Gun Club

The Club generally meets the second Friday of the month, 1 p.m., Desert Vista. If you're new to firearms ownership, have been considering purchasing a fire arm for home defense or concealed carry or are an old hand at firearms and looking for others to practice with, the Sun City Gun Club is the place for you. The club is a resource for all things gun related. We offer free in-house training courses that will teach you all about firearms, help you select a firearm, show you how to clean/maintain your firearm and teach you about the legal aspects of a defensive shooting. Also, the Gun Club hosts guest speakers, a spring BBQ and a holiday luncheon in December. Call Allen Sakaguchi at 331-3390 or [scgunclub@yahoo.com](mailto:scgunclub@yahoo.com).

Become a member and find out what it takes to accomplish this task. If you feel you need to do other projects first, fine. We are here to help you in any way we can. We have wonderful, knowledgeable and patient instructors like Roger Wagar and Walter Medla. Find out about special classes and look at our display windows when you visit. The items are made by some of our members. We are in the craft wing of Mountain Shadows. Our studio is open daily from 8 a.m. to 9 p.m. For more information, call Roger, 243-0873.

## Sun City Summerlin Charities

Charities provides residents who are unable to drive with transportation to medical appointments, shopping and other personal services. We also perform handyman services such as replacing light bulbs, smoke alarm batteries and furnace filters, as well as repair cabinet hinges and drawer glides. We currently need more volunteer drivers to meet a heavy demand for transportation services. If you are interested in helping your fellow residents maintain an independent lifestyle, call us at 254-5831 or stop by our office adjacent to the Desert Vista picnic area. We're open Monday to Friday, 8:30-11 a.m.

## Sunshine Service

We loan medical equipment and children's equipment to Sun City residents with a valid Association ID. Our warehouse is next to the Security Patrol office at Desert Vista. We also collect aluminum tabs, Campbell's soup labels and food donations for charity. Salvation Army's food barrels are located at our warehouse and in the lobby of Mountain Shadows. The warehouse is open Monday through Saturday, 9-11 a.m. The club meets the first Monday of each month at Desert Vista.

## HAWAIIAN CLUB

### Tickets to Popular Luau Go on Sale May 16

The Hawaiian Club was formed by Tammy Camacho and Thomas Spencer in 2011 with an initial group of about 30 members. Today, the club has grown to a membership of nearly 50.

“Our members range from native Hawaiians to visitors to the islands. The goal of the club is to celebrate Hawaiian culture through fun, friendship, good music and the shared love of Hawaii,” said Club President Sandy Weiser.

Aloha is an affectionate Hawaiian term used to say hello and goodbye. The true meaning is used to convey love, peace and compassion. One of the strongest bonds in Hawaiian culture is family, Ohana. According to Sandy, it was the desire to celebrate the rich culture and history of Hawaii that brought together a diverse group of Sun City residents to form the club.

“Any Sun City resident with an interest in Hawaii and a desire to meet some of the friendliest people in our community is welcome to become part of our local Ohana!” said Sandy.

Throughout the year the club offers several programs featuring Hawaiian music, dancing the beautiful hula, authentic Hawaiian storytelling and craft displays, a Taste of Hawaii potluck and the annual luau.

This year’s luau will be on June 10 at Desert Vista. The event is open to everyone. You do not have to be a member of the club to attend. Tickets to the event are \$20 per person and go on sale this month on Tuesday, May 16, 10 a.m. to noon, at Desert Vista. Unforgettable Hawaiian food, entertainment and camaraderie will make this night one not to miss! Annual dues are \$10.

Tickets to the luau also may be purchased from Tammy, 869-5212; Sandy, 612-5908; Lottie Tabor, 243-8273; and Doralynn Luke, 838-7465. Seats are limited, so please be sure to secure your tickets to this very popular event soon.

The club meets on the second Tuesday of the month at Desert Vista at 6 p.m.

## BEADING CLUB

### Crafting Friendships, Great Jewelry One Bead at a Time

Just over 20 years ago, Dorothy Steinmetz formed the Beading and Jewelry Club. The current president is Vicki Socol, who, over a 10-year period, has seen the club wax and wane between 30 to 60 members.

The club meets every Tuesday from 1-3 p.m. The business meeting is held the first Tuesday of each month at Desert Vista. Subsequent meetings are held in the Silver Room at the Mountain Shadows Craft Building.

At the business meeting, reports of ongoing and future activities are discussed. Meetings may include luncheons, classes and demonstrations on anything from “the simple technique of bead stringing to the most intricate of weaving designs,” said Vicki. “The ladies display their artistry from their ears, around their necks and wrists, on purses, clothes, ornaments, or you name it.”

I visited the club while Ellen Crawford taught a class using basic bead stringing techniques. An introductory class, which is perfect for beginners as well as people who want to resume or refresh the skills they have previously learned, is also available. According to Ellen, “It’s just really fun to watch the light bulb go on!”

When I asked the newest member of the club, Carolyn Earnest, why she joined the club, her answer was very simple: “I’m new here, so I wanted to meet people and develop friendships.”

A more experienced member, Sher Gaeta, told me: “Even though I was experienced and self-taught, I wanted to see what more I could learn and make new friends at the same time.”

Several times each year the club has luncheons, where the ladies socialize and wear their jewelry. They also hold charity creation days and make jewelry for the women at the local Willow Creek Alzheimer’s facility. The residents “absolutely adore the jewelry,” said Vicki. “It makes them feel happy, worthwhile and beautiful.”

The dues for the club are \$10 per year. The Beading Club invites residents to come and learn new techniques, make friends, share ideas, and fix or rework your favorite bracelet or necklace through beading.
