PRESIDENT President's Message

April Signals the Season of Activity

The budget is being finalized . . . The pools are ready . . . We have some new equipment in the workout rooms . . . Most of us are retired and we should be enjoying the benefits of living here

Joe O'Connell,
President, SCSCAI
Board of Directors

April is here already, and this year is flying by. We have two new members on the Board of Directors, and it is not too early to think about running for the Board for next year. We are working on shortening the election process, so it is not so painful. At least three of the Board members have told me they will not run again next year. If you thought about it this year, Amos, next year is the time.

There is always a lot going on at this time of year. The budget is being finalized and the cost of next year's assessment is hanging in the balance. Hopefully we will not have an increase. Mitzi and your board members are doing their best to keep it low or not at all.

Judge Resnik's Renaissance is coming to fruition. We are close to having all our building projects completed, and the place looks really good. The pools are ready; the decks are pristine; and the water is warm. They are also clean, so enjoy them while the temperature is not too hot. We are supposed to be an "active adult community." Remember those New Year's resolutions to get, and keep in shape. After three months of working out, the swimsuit should fit. We have some new equipment in the workout rooms. Use them.

I joined the Security Patrol on March first. If the trainers have not abused me too much, I should be assisting to keep us all safe. If you are physically fit, think about joining the Patrol. It is a good way of giving something back to our community.

We have about 14,000 residents in SCSCAI, and if we all used our great restaurants once a month it would help us get them in the black. I eat at the Tavern at the Falls about four times a week for breakfast and sometimes lunch. Chef Darryl is famous for some of his dishes and our Food and Beverage Director is getting renowned for his dishes at the brunch and other special affairs. Most of us are retired and we should be enjoying the benefits of living here. Get out of the house before the hundred degree heat hits us. If you have not golfed in a while give one of our teaching pros some business, and improve your golf game. Mr. Sanchez has helped my swing so I am down to a 12 handicap. If they can help my horrible swing, they can help yours.

My wife suggested I read more books, and that should be good for all of us. My only problem is the Cubs are on Television this month. I'm joking, of course, but recently I have seen several of my friends have some Dementia and Alzheimer's effects. Read a book. Play chess. Volunteer for something. Stay off the couch.

No more advice - enjoy the great weather. And remember this is "be nice to a Board member month."

Security Patrol Training and Expectations

From top, Carol Friedman, Massoud Modarres, and Floyd and Mary Matheny joined Security Patrol as a way to give back to their community.

Darlene Vaturi, Sun City Summerlin Security Patrol Chief

Security Patrol is fortunate to have new recruits regularly joining the organization. Massoud Modarres, Carol Friedman and the Mathenys – Floyd and Mary – have completed their training and accepted permanent assignments. Here are some of their views on their motivation for joining, training and expectations.

All four stated that their prime motivation for joining Security Patrol was to give back to the Sun City community, and to meet people with similar interests.

Throughout her professional life, Carol Friedman said, “I have always volunteered. I am a past president of the local Big Brothers and Sisters, and have recorded books for the blind.” Carol is a Patrol driver and an Information Center volunteer. “I love the 2000 shift (8 p.m. to midnight). There is so much to do – open garage doors, 911 lights, checking and securing Association properties, and other resident situations.”

Carol is currently aiding Security’s personnel director in writing a handbook for personnel directors.

Massoud Modarres, MA Environmental Science, had an experience while living in Houston that proved the value of community involvement. “We didn’t have a security patrol in our community and during the hurricane the neighbors gave their contact numbers to one resident for security purposes. Security Patrol has a monetary value since our Association rates would be so high if we had a private security company.”

Mary and Floyd Matheny have been with Security Patrol for almost two years. Mary dispatches on the midnight to 0400 shift while Floyd drives. Sometimes Floyd is the only driver and he covers all of Sun City Summerlin. “We joined because friends are members and thought we would like Security Patrol,” said Mary. “Since we work the midnight shift, the monthly meetings with the staff and members are important and give us great support. We get to meet other Patrol members and talk about their experiences on the job.”

Training prepares the Security Patrol member in his or her discipline – driver, dispatcher or IC volunteer.

“I had great trainers,” said Massoud. “Each gave me a point of view of the job and how to do it. It taught me to be familiar with each area, and how important it is to be vigilant and observant while driving. I learned how to communicate with the dispatcher at base – be precise and brief.”

“All my trainers had positive attitudes, and it was infectious,” said Carol. “Their on- the- job experiences set my expectations.”

Mary’s training brought an unexpected perspective of Security Patrol. “Training was very involved. I was amazed at the behind-the-scenes people. They take care of things that make Security work efficiently.”

Most people join an organization with certain expectations about the job and its importance to community. Mary, Floyd, Carol and Massoud all thought that their expectations were exceeded.

“I set high expectations for myself,” said Carol. “I wanted to do more, so I am now assisting in the orientation of new recruits.”

Massoud added: “I thought I would just drive around for four hours. Well, there are a lot of responsibilities. There is a need to be involved with the residents – observing and trying to help with their needs. It is more interpersonal. I have experienced residents who needed water because they were dehydrated while walking or had injuries while walking. Sometimes just basic help, such as a resident who was unable to reach the valve on the water heater. She was grateful to have someone help.”

Security Patrol offers rewarding opportunities. Call Security Patrol base, 254-4218, anytime. Someone will help get you started.

The general membership meeting will be Tuesday, April 24, 7 p.m., Desert Vista.

A MUSIC NOTE

Not just any performer can be called a master of his craft. Reaching this level takes untold years of work, and a true passion for making incredible music. At The Smith Center, we

bring amazing artists from a wide range of styles to Myron's Cabaret Jazz. We strive to book true masters of their art forms.

Don't take my word for it. You can hear for yourself, by experiencing some unbelievable musical masters headed to our venue soon.

This includes the return of incomparable jazz vocalist Kurt Elling on May 4 and 5. A Grammy winner and possibly the best scatting performer alive, his history amazes me. Although Kurt was raised singing in church with his father, a church musician, he never went to music school or even took voice lessons. He actually attended the University of Chicago Divinity School to become a professor.

After overhearing some kids listening to Herbie Hancock and

Dexter Gordon in college, Kurt decided to pursue jazz on his own - and look what happened. It's astonishing that such an accomplished artist is completely self-taught.

There's also the Brubeck Brothers Quartet coming on April 27 and 28. This is one of those rare groups whose performers have music in their blood. The founders, brothers Dan and Chris Brubeck, spent their childhoods learning jazz under their father, the world-famous jazz icon Dave Brubeck.

Not only have Dan and Chris continued their late father's legacy (Dave Brubeck was my friend during my days working with Baldwin Piano) by becoming respected artists themselves, they also recently paid a moving tribute to him. The brothers recorded an album celebrating their father's favorite hits, even rehearsing in his former home for inspiration.

I can't wait for you to hear these incredible artists share their talents and stories on our stage at Myron's Cabaret Jazz.

Myron Martin is president and chief executive officer of The Smith Center for the Performing Arts.

Calico is an old West mining town that has been around since 1881 during the largest silver strike in California. With its 500 mines, Calico produced more than \$20 million in silver ore over a 12-year span. When silver lost its value in the mid-1890s, Calico lost its population. The miners packed up, loaded their mules and moved away abandoning the town that once gave them a good living. It became a ghost town. Walter Knott purchased Calico in the 1950s, architecturally restoring all but the five original buildings to look as they did in the 1880s. Bluegrass in the Spring features bluegrass music, cloggers, old time games, gunfight shows and more. The perfect way to spend Mother's Day!

PROPERTIES Common Area

Pickleball, Security Patrol Requests Top Meeting's Agenda

CAP will meet April 10, 9 a.m., at Desert Vista.

Ken Caroccia,
Chairman, Common Area Properties

At the February meeting of the Common Area Properties Committee (CAP), two resident groups made presentations. Augie Costanzo, president of the Pickleball Club, provided a description of the changing preferences among seniors that has dramatically diminished paddle tennis play in favor of Pickleball. At the present time, two community courts are marked for both paddle tennis and Pickleball, which causes confusion among new players and visiting teams. The Club then formally requested that those two courts be re-stripped for Pickleball play prior to the next tournament scheduled May 19-20. CAP approved the request.

A large contingent of Security Patrol members attended the meeting in support of Security Patrol motor pool volunteer Norm Cohen's presentation requesting that a carport be built over the area where the Patrol cars are normally parked near the Pickleball courts. The cover

would provide sun protection for Patrol members when they wash the cars in the summer, and would contribute to extending the usable life of the vehicles. The CAP passed a motion recommending approval of this project with a cost estimate of approximately \$15,000. This proposed project requires review and approval by the Architectural Review Committee prior to being presented to the Board of Directors.

Brandon Balek, SCSCAI Building Maintenance Supervisor, reported that the Fire Department has completed its review of Sun City's plan to add parking for six golf carts near the Mountain Shadows Fitness Center entrance. That project will now be scheduled. Brandon also reported that new carpet has been installed at Tavern at the Falls at the Highland Falls Golf Course, and the newly enclosed patio is complete and open for business.

Do You Know? Sun City's Official Communication Stream

Do you know the official sources of information in and about our Sun City Summerlin? Information contained below are products of Sun City staff, the executive director and resident volunteers whose work has been vetted by our Sun City administration.

The Link is the official monthly publication that contains all information required by law that must be mailed to every Sun City Summerlin homeowner. Such required information may be Association election ballots, proposed changes to governing documents and notices of legal actions involving Sun City Summerlin Community Association, Inc. (SCSCAI). Included each month in the print edition of the Link is the Summary of Operations, a report of actions by the Board of Directors, notices of committee meetings, contact information for members of the Board of Directors, the executive director and department heads.

In addition, the Link features articles of interest, chartered club listings, and news and notes of interest to residents.

The Link is mailed to each of the occupied 7,779 homes in Sun City, as well as to renters who have purchased a yearly Association membership card. Magazine advertisers also receive a copy of the Link. The Link has a companion website at suncitylink.com, which refreshes each week in a product called Tuesday Newsday that features timely information not available by the publication's deadline. The website features the current edition of the Link, as well as past copies in the archives section.

Other official information is available through SCSCAI eNews Bulletins. Instructions for how to subscribe for the bulletins can be found on Page 6 of every Link. By signing up for eNews Bulletins, residents can receive notices regarding events as soon as they are available. In addition, you will receive information directly from Executive Director Mitzi Mills. Two such communiqués are "Updates From Mitzi" (providing information of Board actions, reviews of meetings and activities that are available to all residents) and "Rumor Mills" (the facts behind some of the rumors that circulate within our Sun City Summerlin).

Only the print edition of the Link, the online edition of the Link at suncitylink.com and notices via eNews Bulletins offer official Sun City Summerlin information.

RESIDENTS' FORUM Monthly Meeting

It's Baaack! Team Trivia Night

*Tuesday,
April 11,
7 p.m.,
Desert Vista*

Trivia Night was a huge success last year, so mark your calendar for its return on April 11. Join Residents' Forum for this wonderful social evening. Come with your own team of eight or just show up, find old friends or make new ones. Join any table and make a team of eight. Who knows the answer? Here are a few questions just to get you warmed up:

Who was known as the "Say Hey Kid?"

*Who is buried in Grant's Tomb?
(That's a "gimme"!)*

*What was the scarecrow seeking from the
Wizard of Oz?*

Everyone in Sun City is a member of Residents' Forum. No dues and no HOA fees fund this great organization. We are self-funded and continue to present great programs every month. (Donations are always welcome, but certainly

aren't necessary. We just want you to show up and have a great time!)

We hope to see you at the Team Trivia event on Wednesday, April 11, at 7 p.m. It will be an evening of fun, friends and refreshments, plus prizes for members of the winning team.

By the way, Residents' Forum Committee plans and organizes all of the events. We are a

small group of volunteers and we are all Sun City residents. We can always use help and invite you to join us the first Wednesday of every month. We meet at the Pinnacle at 1 p.m., so please consider joining our friendly group.

WE ARE.

It's Pool Time!

Come see what's new at our outdoor pools and spas when they open early on Saturday, March 31! Sun City Summerlin's Fitness Centers and pools are used daily by hundreds if not thousands of residents who enjoy our wonderful amenities. Among all of our amenities, our pools and spas are some of the most used and enjoyed activities in Sun City Summerlin. Our maintenance and landscape departments have been preparing for a busy summer at the pools.

The pool deck is all new at the Pinnacle, and the decks at Desert Vista and Mountain Shadows have had touch-ups. The Sun Shadows pool has been emptied, cleaned and minor maintenance issues taken care of. The lounges at Mountain Shadows have been re-slung with new material. With the installation of the surveillance cameras, the fitness monitors will be able to keep a better eye on the pool and spa areas.

Answers to Frequently Asked Question

Sun City Summerlin is made up of a wide variety of residents. We all share the facilities and there are rules in place to help make usage fair, safe and enjoyable for all. Our pool rules are in accordance with the SCSCAI Rules & Regulations and the Southern Nevada Health District. Below are a few issues and rules that residents question the Fitness staff about on a regular basis. We hope this information helps all residents have a pleasant experience when visiting the fitness centers.

Showering & Sanitation Laws: Showering before entering the pool or spa is required by the Southern Nevada Health District in order to reduce the contaminants that are brought into the pool and spa. It is also highly recommended to rinse off by showering after exiting the pool. No adult disposable briefs, colostomy bags or catheters are allowed to be worn in the pool or spa.

Other Fitness Center and Pool Rules

- ♦ Residents must be present to check in their guests. This also applies to purchased guest passes. Medical exceptions can be made with documentation by contacting the Fitness Office.

- ♦ Street shoes are not allowed in the pools and not recommended in the pool areas. Clean pool shoes are acceptable.
- ♦ Persons with a cold, cough, sore or inflamed eyes, any skin or communicable disease, or with open sores or bandages must not enter the pool or spa.
- ♦ During Children's Hours: Children (under 19) must be 42 inches tall (without shoes) to use the pool and must be supervised by an adult at all times. Children (under 19) are not allowed in the spas.

In order for all residents to enjoy their experience at the pools, we suggest picking up a rule pamphlet from the monitor desk and being familiar with pool rules and water classes that may be using the pools at certain times.

Pick up a handy pool rule pamphlet from the Fitness Monitor to acquaint yourself with basic SCSCAI pool rules, and to see when aquatic classes are scheduled.

MR. GYM ETIQUETTE

Locker room etiquette is just as important as gym etiquette. While we cherish our home-y atmosphere, locker rooms are still not our homes. Avoid performing personal hygiene, such as clipping hair or nails, in the locker rooms, and be sure to clean up powders, lotions or paper towels. It's also a good idea to avoid sitting on benches unclothed and to use shower shoes.

HEALTHY Health & Fitness

'5 to Follow' for Clean, Healthy and Safe Pools & Spas

Here at Sun City Summerlin, we love our pools! Besides being fun, aquatic exercise supports quality of life. To stay safe and healthy, there are some things to know, and practices to follow when using the pools and spas.

The Centers for Disease Control and Prevention (CDC) have found people using shared aquatic facilities downplay the “shared” part and exaggerate the pool chemical’s strength. The result of such misunderstanding has been a sharp increase

in illnesses associated with pools and spas over the last decade. This is a serious issue. The good news is that we can cut our risk by improving overall awareness and understanding by following five simple rules:

1. Shower off well first, even if you don’t plan to get fully submerged. Germs hitch rides on hair, skin, clothing and other items. Also, other stuff – sunscreen, lotion, after-shave, hair product, powder, perfume, makeup, deodorant – alters the pH balance in the pool. Our good intentions to keep body parts above water may not be enough. Wash off such products outside the pool. It’s better all around for everybody.

2. Don’t urinate in the water. We know not to mix ammonia and chlorine bleach, but do we realize that the same basic chemical building blocks used to make bleach are used to disinfect pool water? Pool chemicals don’t “kill” the germs in urine – on the contrary, mixing the chemicals in urine with pool chemicals forms toxic by-products! Just don’t do it! If you experience urinary incontinence, speak privately

with the Fitness Department for further guidance. Note: Be aware that after absorbent undergarments are submerged in water they offer no benefit.

3. Don’t defecate in the water. Fecal contamination spreads disease, period. The presence of fecal matter in our pools or spas means they must be immediately closed, disinfected, and will not reopen for at least 12 hours. Also, stay out of the water if you have diarrhea, and wait at least two weeks after it clears before returning to the water to make sure you are fully recovered and no longer contagious. If you experience incontinence of the bowels, speak privately with the Fitness Department for further guidance. As previously mentioned, absorbent undergarments offer no protection.

4. Don’t swallow the water. By the way, also don’t spit in the pool or spa water.

5. Stay out of the water if you have any wounds, sores, rashes or any openings in the skin until they are healed. Openings in the skin are like mini-freeways for germs to directly access your bloodstream. If you have a non-contagious skin condition, contact the Fitness Department for further guidance. Note: It is also recommended for pool users to wear a clean pair of aquatic shoes, reserved for use only inside the pool area, to protect their feet.

What about medical concerns? Medical devices, ports and other conditions bring additional health concerns into the picture. Anyone with concern about a medical condition and pool use should consult with the Fitness Department for more advice about health risks and best practices for using shared pools.

Even though pool chemicals and filtration do a great job of disinfecting and cleaning the water, as Benjamin Franklin once said, “An ounce of prevention is worth a pound of cure.” Let’s all do our part.

SUN CITY'S NEXT GENERATION FOCUS GROUP RESEARCH PROJECT

By Barbara Holden

A Focus Group is a thorough research technique involving a diverse group of people who are asked their perceptions, opinions, proposals and attitudes about a strategic concept. Sun City's volunteer research group, "Next Generation Sun City Summerlin" has completed interviews and focus group assessments with professional Realtors, as well as producing an Electronic Focus Group questionnaire that provided an opportunity for all residents to respond to a series of questions about our community. The research team, consisting of Dolly Mack, Wendy Bowles, Barbara Holden, and Sun City's Executive Director Mitzi Mills, carefully studied residents' responses to the questionnaire.

The Board of Directors received an account of the summary results from 1,285 responders, including 1,793 thoughtful comments. The entire report may be read on the SCSCAI website, the Link website, or SCS Living's electronic newsletter. At the Association Board meeting on the evening of April 3, the strategic plan will be shared with directors and residents for action to further enhance the community.

The response rate, as well as the demographics of responders proved remarkable in validating the analysis as it tracks the overall age census in our community. The account concerning residents' time in the community, too, is detailed. Clearly, the next generation of Sun City Summerlin residents has arrived and, each month, they are continuing to merge with the community.

The largest resident group of responses came from those who have lived in our community less than 5 years, and the largest age faction of respondents, nearly 47 percent, included residents in the 65-75 age group.

The questions solicited resident feedback

about the community's amenities, clubs and activities, as well as communication venues, customer service and residents' overall satisfaction with Sun City Summerlin.

Many comments and requests involved day-to-day operational items that could be improved or supplemented without Board action because our executive director can manage those requests. Work already has been started and will be communicated by the executive director as the items progress towards completion.

Health & fitness, Starbright Theater events, entertainment and swimming pools top the amenities usage in terms of the scope of participation and positive responses. A summary of the appeals for improvement focuses on an indoor walking track, an ambassador program for new residents, year-round outdoor spa, a dog park and enhanced restaurant facilities.

Clubs were popular with all responders. There were many requests for increased afternoon, evening and weekend activities. There was interest in a variety of entertainment as well as non-club-based activities such as solo and drop-in events.

Communication and technology are critical in every community. An improved website, smartphone app, and the importance of the Association's keeping pace with modern world technology were included priorities.

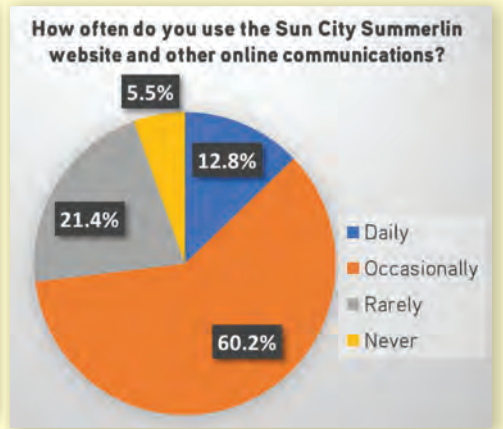

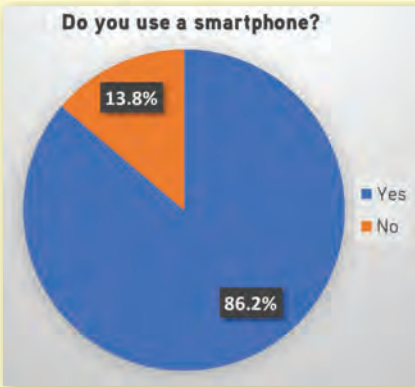

Resident perception of customer service was noteworthy. Clearly, residents mentioned progress in positive customer service and communication since Mitzi Mills' arrival in October. She is leading by example and working with staff through training to improve customer service, which residents find

commendable. A common desire by all responders was for our community to be more welcoming to guests as well as to each other.

Safety concerns primarily related to speeding motorists, adherence to stop signs, and continuing to make our facilities more handicapped-accessible with handrails and easier opening doors.

Constructively, the electronic focus group validated so many positives in the community, including beautiful golfing landscape with green space, as well as convenient road access for travel and shopping. Excellent return-value for

a reasonable assessment; onsite fitness facilities and diverse activities also were applauded.

Clearly, Sun City Summerlin is our slice of heaven. In the forthcoming month, residents will see a strategic plan to weave the common themes of the 1,793 comments into proposed actions. This comprehensive Electronic Focus presentation is available on the SCSCAI website, Link magazine website, and SCS Living newsletter.

THANK YOU FOR YOUR SERVICE

By Bob Cohen/Link **Paul Lightfoot**

Whether on the barren slopes of Mount Suri-bachi, the frozen waste land of the Chosin Reservoir or the mosquito-infected jungles of Vietnam, whenever a wounded Marine called “Corpsman Up,” a Navy corpsman was there. We’ve all seen it in hundreds of movies, but there is a lot more to being a Navy corpsman than being a battlefield doc. Take, for instance, the career of Sun City resident Paul Lightfoot.

Paul’s 20-year career started with a visit by a Navy recruiter at his high school in mid-state Illinois. He already had been accepted to pharmacy school at the University of Illinois, but that was really his parents’ idea; Paul just wasn’t up for college at that point.

“So, when the recruiter told me that the Navy would make me a pharmacist, I was hooked,” he recalled. It took some doing to convince his parents, but he was 18 and, in the summer of 1957, he enlisted.

After completing boot camp, he got his promised assignment to Corpsman School at Naval Station Great Lakes. Sixteen weeks later, he began his on-the-job training at the Naval Hospital in Portsmouth, Virginia. There he would undergo two specialty rotations; medical/surgical and communicable disease. That was followed by yet another four months studying EKG and basal metabolism testing.

Next up, assignment to Camp Lejeune, North Carolina, the major Marine Corps base on the East Coast. And it was there, on New Year’s Eve 1960, that he met Patricia, the future-first Mrs. Lightfoot, who was a Wave also serving as a corpsman. They married 21 days later. Soon pregnant, she left the service and Paul was sent to Guam for a three-year tour. She later joined him and their first two children were born there.

More education was to follow with Paul completing Instructors School.

“I really didn’t want to teach, but they made it pretty clear that I didn’t have much of a choice,” he said. But, he really liked it and after graduation taught for five years, 1963 to 1968.

Then even more education, as he was assigned to Preventive Medicine School in Oakland, Calif. By this time, they had four children and even as an E-7 he had to work nights at a McDonald’s to make ends meet. That was followed by Field Medical Service School at Camp Pendleton in Southern California. For a kid that didn’t want to go to college, Paul was getting a very thorough education!

But the year was 1969, the Vietnam war was raging, and it was time to put that education to work. Paul was assigned to the 3rd Preven-

tive Medicine Unit, 3rd Medical Battalion, 3rd Marine Division. A modern military unit is somewhat akin to a small city. The troops had to be supplied and fed and that meant field kitchens, which, in turn, needed to be inspected. (Think “Dirty Dining” on Channel 13.)

Paul’s main job was as an instructor in food services along with insect and rodent control. His responsibilities took him all over the northern half of South Vietnam.

Travel to the various fire bases was usually by lone Jeep, occasionally in a helicopter or swift boat and sometimes in a convoy.

“Some of those journeys were uneventful,” he recalled. “But others were not. One time three of us were driving to a forward fire base, FB Vandergrift. The route required us to ford three streams. We crossed the first two with no problem, although they did slow us down a bit. It was getting late but we decided to push on. We arrived at the third stream just as VC patrol were entering the area. They spotted us and a short fire fight ensued. I was in the passenger seat and had my M16 fully loaded. I emptied the clip as the driver hit the gas and we took off.

NEIGHBORS **Meet Rod Ouano**

Pianist Serves Up a Soothing Soundtrack at Summit Brunch

Did you know that there is a Sunday Brunch at The Summit every week? Did you know that the event features a regular piano player, Rod Ouano, who plays for the full three hours, 9 a.m. to noon?

Every Sunday residents can enjoy a great experience, eating good food and enjoying delicious pastries and Mimosas, while ordering at

Left, Rod Ouano and his wife, Gloria. Right, George Lobue and Mary Louise Lobue enjoy Rod's playing during the brunch and even make requests for some of their favorite songs.

Story and photos by Stu Gershon/Link

the separate omelet station. Add to that Rod, who complements the experience with unforgettable piano stylings and you're in for one heck of a breakfast.

Throughout his career, Rod has enjoyed multiple vocations in several outlets. He has been a musician, an engineer, a radio announcer, a TV producer, and he has acted in theater. He even tried his hand in the movies as an extra in "The Fabulous Baker Boys" and "Waiting for the Light."

Rod was born in the Philippines in 1946 and came to the U.S. in 1953. His family settled in San Diego, and in the 1960s his music career began when he formed or joined various garage bands.

In 1986, Rod published two Christmas Songs "The Sounds of Christmas" and "Hello, Christmas Day," which received national airplay for almost three years over the holidays.

Rod is a proud veteran of the Vietnam War, where he served in the Army. After that, he eventually settled in Seattle and worked for Boeing Company as a tool designer/liason engineer in Research & Development and then finally as an instructor. While working full time Rod found time to play music and managed to pro-

duce his Christmas record.

When Rod speaks of the piano, he says that he never had any formal piano training and basically plays by ear. He loves the standards of the 1930s and '40s, and selected songs from the pop genre of the 1950s and '60s.

Rod and his late wife, Cynthia, wrote, produced and performed an original show, "Remember

Those Days," which was billed as "A Musical Nostalgic Stroll Thru Yesteryear!" The two performed throughout seven western states and occasionally were featured on local and regional radio and cable TV shows. At the peak of their popularity, Rod and Cynthia performed more than 300 shows a year. Together, they collaborated on 50 original songs.

In 2003, Rod lost Cynthia to cancer. Later, he met his present wife, Gloria. They eventually married in 2005. They moved to Sun City in 2015 and enjoy living here.

Rod listed among his most memorable radio moments as conducting interviews with jazz greats Cal Jader and Larry Coryell, songwriter Hoyt Axton ("Joy to the World" and "The No No Song") and Peter Yarrow (Peter, Paul and Mary). He also said, recalling a radio interview with actor Vincent Price, "He was the nicest star personality I'd ever met!" While working on various TV productions for station promos, Rod recalled casual chats with actors George Takei of "Star Trek" and Bill Dailey ("The Bob Newhart Show"). But perhaps his most cherished movie moment, he said, was sitting and chatting with actress Teri Garr while both were being prepped for a scene in "Waiting for the Light."

Enjoy a great Sunday Brunch at The Summit Restaurant while listening to Rod on the keys.

Do you have a special talent? Would you like to perform in front of an audience? It might interest you to know that every third Wednesday of the month at The Summit various residents and their guests have a chance to perform in front of a live audience. There is no charge to attend or perform.

Melanie Spector, a six-year Sun City resident, came up with the idea of offering a venue for Open Mic, a place for residents to showcase their talents in a casual and pleasant coffeehouse atmosphere.

Melanie has been playing guitar since she was 14 years old. On this particular Wednesday, Melanie, along with her band mates Jim Damele and Jimmy Schuppel, played a variety of music including folk and pop tunes. On any given night, the audience can listen to a wide variety of music from Sinatra to Dylan, and show tunes to rock 'n' roll.

"It's a lot of fun. It's fun to see the audience reactions and to make them smile," Melanie said.

Also performing were some vocalists singing standards, a comic and a pianist. Although most of the performers are musicians and vocalists, the audiences have enjoyed various acts, including poets and even a clown.

The Summit offers a reasonably priced variety of food and cocktails to enjoy during the performances.

If you are looking for a pleasant way to spend an evening, Open Mic is the ticket. And if you are a talent in search of an audience, this stage is for you!

Any resident can sign up to perform 30 minutes before the show begins at 6 p.m. For additional information, contact Melanie, 254-5369.

"'56 ROCK 'N' ROLL REVIEW"

Saturday, June 2, 7 p.m. · \$20

THEN: '56, a year that featured Coup de Villes and drive-in movies, Ed Sullivan and Milton Berle in your living room once a week. Mickey Mantle led the Yankees to the pennant and Grace Kelly left Hollywood's silver screen to become a princess. Elvis had four Top 10 hits that year, alongside Dean Martin and The Platters, and he became a movie star – all in 1956. NOW: '56, four amazing musicians, individually accomplished in other genres, come together to ask this question: What if all those legends from Sun Records and the Louisiana Hayride never went to Hollywood, never made TV shows and movies, but were still just playing today? '56 is the answer! So, put your glad-rags on and grab your best gal or guy, and get ready to ROCK!

CLUB SPOTLIGHT

SHUFFLEBOARD CLUB

Members Bring Home the Gold, Silver and Bronze From the Nevada Senior Games

Over the weekend of October 6-7, 2017, Nevada Senior Games competition was held across town at the Henderson Recreation Center. There were shuffleboard players from all over the United States represented from the Senior Tour, with ages ranging from 55 into the 90s.

Sun City Summerlin's Shuffleboard Club has 23 members, and our club had four players who signed up to play in the 2017 Nevada Senior Games. Those four players won seven medals among them. Charmaine Young won a gold medal in singles (in her age group) and a silver medal in doubles with Fred Bailey. Fred Bailey won a silver medal in singles in his age group and also won a silver medal in doubles with Charmaine.

Joanne Rogstad took home a bronze medal in her age group and paired with Rady Mejia to win a silver medal in doubles; and Rady won a silver medal in doubles teamed with Joanne.

Shuffleboard is a simple game to begin playing that offers players years of enjoyment. Charmaine took up the sport when she couldn't bowl anymore because of a shoulder injury. She pointed out: "Some of the strategies of shuffleboard are similar to bowling because the pins, in bowling, are set in the shape of a triangle, and the shuffleboard court has the same shape in its scoring section."

During the 2018 Winter Olympics, where the United States won the gold medal in curling, some shuffleboard players liken the strategies of the two sports.

"My goal for the game is to knock the opponents' puck out of the scoring zone and put mine in," Charmaine said.

Fred Bailey enjoys the game "Because it provides excitement, a lot of laughs and a great a social environment. Individuals with limited mobility can easily play this game."

Shuffleboard Club members wish that our community had an indoor facility, like the one in Henderson, because another part of the game is to spread tiny glass or plastic beads all over the court so that the pucks can roll more easily down the court. "If you're playing outdoors, the wind can blow the beads, and they are expensive," Charmaine said.

All in all, shuffleboard is a great game for seniors, and these four players brought home seven medals to represent our community's shuffleboard team.

Congratulations!

ful weather. Would like to thank Dick Zeiter for hosting a long overdue newcomers' event to pass on our welcome, club operations and the local rules. It was a successful event as we had 30 new members present, and I hope that those who participated are able to join and possibly volunteer to be on our board in the future. We are always looking for new and innovative ideas that may help to improve all our experiences. I would like to report that our Home and Home with Revere in February was a successful event in that we all enjoyed camaraderie with our golfing neighbors/buddies. I would also like to report that we brought back the trophy for SCSMGC for 2018. In February, we also presented Gene Sasser with a plaque from the 18 Holer's, commemorating his long-standing tenure as our tournament chairman. Our thanks for a job well done and our best wishes go out to Gene! I would like to pass on our appreciation to Joe Wydra and Ron Cole for their efforts to provide a seamless transition to the new USGA "Golf Genius" software program that we had to transition to on January 1. Even though there are more challenges with this new software, they made it work for us. Check out 18holers.org, or call Colbert, 859-979-4376.

Mitzi Mills
SCSCAI Executive Director

Executive Director's Report for the Month of April 2018

Time is flying. It is hard to believe that as of April 1 I will have been the Executive Director here at Sun City Summerlin for 180 days. It has certainly been a whirlwind of getting to know the people who live and play here, as well as learning the community, governing documents, policies and procedures. As many of you know I believe in using all means of communication. This month launches the Executive Director's Report, which will appear each month in the LINK. For those of you who get my email blasts some of the information will be a repeat or update of that information, but I do think you will still enjoy the monthly report. Normally, the information reported will be for the prior 30 days, however, since this is the first report it encompasses 180 days' worth of information.
