Countdown to New Palm Valley Restaurant Starts Now

August means we only have five or six more weeks of unbearable heat. Vacation time looks good this month. Mountains and lakes are a great escape. Stay cool residents.

A resident named "Rachel" called me to tell me about a rat problem at the north end of Crown Ridge in the green belt area. She said she walks her dog regularly and actually sees them in the grass and on the nearby streets. Anyone miss the coyotes? She does. The rats she saw on the streets near the green belt are probably in the houses near Villa Ridge. If you see rats around your home, don't just attack them yourself. Get with your neighbors for a concentrated effort. If you just get rid of yours they will go next door where they probably already exist. The green belts are baited by Sun City employees when rats are found, and their homes are uprooted and disturbed. I've heard a couple of coyotes call Sun City home. I can live with a "couple" but I don't want to see packs of eight again.

For the last five days my wife has been complaining about the early morning "bang bang boom." We live on the first hole of Palm Valley Golf Course and work has begun in earnest replacing the worn out irrigation system. She used to get up at five fifteen to get ready to go to work during the school year. She asked me why I made it the summer for the work to be done? If you live on the course it should take five days of noise to get past your house when they get there. Be patient, we need the work.

We are probably about six weeks away from our new restaurant opening at the Palm Valley Golf Course. When it opens, give it a try. Mr. Miller has promised a golf motif and good food. It should take another 16 weeks after that to get his gaming machines. Hopefully they will be "loose." I'm not much of a slot player so I have to check with Ron Lawson to get the scoop on how good the slots are.

Sun City Summerlin is a very welcoming place. I've heard from quite a few new residents that they like our paradise, and have felt very welcome from our existing residents. We are very nice people, and it is our best trait. Let's keep it that way. Right Amos?

September Fire Safety Class to Target Information for Seniors

Neighborhood Watch/Community Preparedness Committee

Sun City's Neighborhood Watch/Community Preparedness Committee has engaged Timothy R. Szymanski, the Public Education & Information Officer (PEIO) for Las Vegas Fire & Rescue, to instruct a class on fire protection for seniors. The session is scheduled for Wednesday, September 5, 6:30 p.m., at Desert Vista. Tim has been in fire service for more than 40 years, working in positions from firefighter/paramedic to fire chief. He is a Nevada-certified fire service master instructor and holds national and state certifications in multiple areas of fire service. His notable awards include the Liberty Mutual National Fire-mark Award for Community Education and the Community Service Award from the Nevada Broadcasters Association. Tim's professional point of view will focus on senior fire safety-related issues while emphasizing the prudence of summoning fire emergency responders quickly, rather than attempting to extinguish even a small cooking fire that can quickly escalate into a possible life threatening situation. According to Tim, seniors may have mobility concerns that inhibit them from hurriedly escaping a fire, and even a seemingly minor burn can be life threatening.

"It's wiser to get out of the house and let emergency responders deal with the fire," Tim said. Tim also will address the danger associated with cooking in a garage, which frequently takes place in Sun City. He'll also touch on the use of generators, faulty wiring

and keeping fire extinguishers and home smoke detectors in working condition. This will be important information for Sun City homeowners and Tim will welcome questions from residents in the audience. If you plan to attend, please leave a telephone message at 702-658-4486. Be sure to let the committee know how many guests will be in your party so that we can plan adequate seating and refreshments.

The NW/CPC will meet on
Wednesday, August 15, 9 a.m., in the
Committee Room at Desert Vista.

Education & Information Officer Tim
Szymanski for a class on fire safety on

Grand Canyon Caverns & Kingman Railroad Museum

The Grand Canyon Caverns are the largest dry caverns in the United States, located 200 to 300 feet below the surface. Guests enter and leave the caverns by means of an exploration elevator, dropping 21 stories underground, making the caverns easily accessible. Because the caverns are so deep underground, the temperature is always constant, a mild 56 degrees and there is zero humidity. The caverns offer a number of unique geological formations that can be easily viewed from smoothly paved walking trails. The walking trails have handrails and there are a number of benches for resting along the way. With the cooperation of the City of Kingman and a mission to preserve the historical Railroad Depot, the Whistle Stop Railroad Club has created, operates and maintains the Kingman Railroad Museum. The club

is composed of volunteers who have a shared interest in finding and obtaining railroad memorabilia and in sharing these with the public. Their educational and attractive layouts are on display for you to enjoy.

Los Angeles Museum of the Holocaust (LAMOTH) is the oldest survivor-founded Holocaust museum in the United States. In 1961, at Hollywood High School, a group of survivors taking English as a Second Language classes found one another and shared their experiences. They discovered that each of them had a photograph, a concentration camp uniform, or other precious primary source objects from the Holocaust era. They decided that these artifacts needed a permanent home where they could be displayed safely and in perpetuity. They also wanted a place to memorialize their dead and help educate the world so that no one would ever forget. Some of these founding survivors remain active on the LAMOTH Board of Directors today.

Always On Call

Security Patrol Volunteers Serve Sun City 24/7

Boards of Directors are concerned about budgets, assets and employees. In a volunteer organization that serves this community 24/7 morale and maintaining membership is key to its fulfilling its mandate. Strict adherence to the budget is key to its efficiency. Security Patrol Chief Darlene Vaturi and Treasurer Jim Strom both have backgrounds in finance. “It’s about saving the community money,” said Chief Vaturi. “Without the Patrol, the Association would have to increase the dues for private security.”

“My concern, as treasurer, is fiscal integrity, and my goal is to reduce the workload by developing a system allowing the computer to do the computation for the budget,” added Jim. “With the assistance of Fred Bailey, we input the gas mileage of each car, fuel costs, checks for purchases and any other costs. All are inputted into the spreadsheet.” Donations are used to purchase coffee, water and other items needed at the base.

Assistant Chief
Linda Engebretson

Linda Engebretson, Assistant Chief, supervises the watch commanders in addition to her duties assisting the chief. “My goal is to improve working as a team. We have people working in the background jobs – timekeepers, social committee, special events

in the community that require the presence of Patrol volunteers, pet officers – they need to be recognized.”

Nan Stevenson, Head of Personnel, agreed. Nan, a retired psychotherapist, a board-certified hospital chaplain and an employee assistance program (EAP) representative, said “The back-office people need more recognition for the jobs they do. These volunteers also serve as drivers, dispatchers, watch commanders

and information officers. We have about 218 members and at least 100 are involved in the back-office jobs.” Stevenson continued, “Personnel is a huge job. I am fortunate to have an assistant, Carol Friedman, who is working on a handbook for the head of personnel. We need to continue with mentors in each discipline. Once a member is trained, there are many incidents that come up while on duty. Mentors can help there.”

Sometimes, there are issues that require Personnel intervention. “I try to communicate with kindness. That includes

communicating with the heads of disciplines to get to the heart of the problem,” Nan said.

Barbara Aimone, Secretary, has had multiple experiences on boards of directors, including serving as a president.

“My goal as a board member is to bring a different perspective to the table,” she said.

“ We have fabulous people from all walks of life. They are interesting people, and they are members of Security Patrol. ”

Darlene Vaturi, Chief,
Sun City Security Patrol

Sun City Summerlin’ Security Patrol officers for 2017-18 are, from left, Chief Darlene Vaturi, Secretary Barbara Aimone, Head of Personnel Nan Stevenson; Assistant Chief Linda Engebretson; and Treasurer Jim Strom.

Barbara has served as a training officer and continues as a dispatcher. “I initially trained as a driver and served as a driver for over a year before I trained as a dispatcher. That, in addition to having been a training officer, has given me a great understanding of the functions and importance of all the disciplines and how they interact with others to accomplish our goals. It is easy for us to think someone else’s job is easier or less important, but often when we actually do that job, we learn what is involved and appreciate it more.” Engebretson agreed. “Information officers need to know the responsibilities of the drivers; drivers need to know what the dispatcher responsibilities are in order to assist them; dispatchers need to understand the responsibilities of the watch commanders in order to assist them, and watch commanders must be familiar with all the disciplines in order to solve any problems that come up. “As assistant chief, the more I understand the disciplines, the better I can keep the chief informed, and that helps us operate smoothly.” As for the goals of the chief: “My goals are increasing membership with the tools we have – the recruiting team and our members – and improved changes in training. We have fabulous people from all walks of life. They are interesting people, and they are members of Security Patrol,” Darlene said.

Teamwork is top priority at Security Patrol agree Jim Strom, Barbara Aimone and Nan Stevenson.

Summing up Security Patrol’s place in this community, Barbara said “Security Patrol is an important and integral part of our community, and it provides residents with assistance they do not have in other communities. In addition to the crime deterrent, we provide 24/7 presence on the streets. Residents are more likely to call Security Patrol than Metro with a concern about another resident or other issues. We can also respond faster than Metro to those non-emergency situations.”

SCSCAI Introduces a New Website

As I stated in a Link note several months ago, one of the great things about evolving Information Technology (IT) is that new hardware and software makes it possible to provide services better, cheaper and faster. Example: Online ticket sales for SCSCAI events. There's a lot of hidden effort by the staff that goes on before such services are implemented. Software, hardware, contracts and training all have to be addressed.

The next iteration of a new and improved service is the effort to implement a new SCSCAI website. After many months of planning and coding, if all goes well, the new website will replace the present website on August 1. The goals of the new website are to make the site easier to use, eliminate redundant and outdated information, and provide a better reflection of what happens in our community – the amenities and activities. When you develop software such as a new website, you have to stop at some point and implement it or else you will never open the new website. That's why you see occasional new releases of software programs. You pick a date and finish what you can by that date; then you work on the improvements. We already have improvements planned for the new website (as of August 1), and when you see and use the new website and find errors or things you think could be improved, send them to me or the IT department for consideration. You are the user. The website is for you, so help us make it better. I want to thank the members of the Computer Club for their help in planning the new website. Thanks to Jeff, Tom, George and all the others who took the time to help us improve the website. The look and feel will reflect their efforts, and they are working with us to make future releases even better.

Try it (the new website), you'll like it. 

There is no IT Committee meeting in August.

New Trash Service Coming to Sun City

Residents can see the new trash cans and sizes that will be delivered to their homes in September as part of Republic Services' new collection program. The cans will be on display throughout the month in the lobby areas of each community center.

Republic Services held three meetings in June to offer residents information on the new trash program set to start in Sun City in September. The program consists of a new pickup schedule, as well as new trash cans that will be required for residents to use. Two weeks before the program begins, homeowners will receive a start-up letter from Republic Services that will include the start date, the pickup schedule and other important information. **DO NOT** throw this letter away. Next, two trash cans will be delivered to each home in Sun City. The 35-gallon containers are free to residents and will be designated for trash (with a black lid) and recyclables (with a light blue lid). Republic Services asks that residents use the initial trash cans for at least a month before requesting a larger size. Trash cans are available in 35-gallon, 65-gallon and 95-gallon capacities. If, after a month you require a larger trash can, or do not wish to participate in recycling, you may call to request a larger trash can, as well as to have the recyclable container picked up.

The second part of the program involves a change in the pickup schedule. Currently, Sun City has its trash picked up twice a week. The new program will reduce the service to once-a-week pickup with Tuesday designated as trash day. In addition, Republic Services will pick up bulk trash, such as landscape debris and other items too large to fit inside the trash can, every other week.

Photo and story by Jeannette Carrillo/Link

Perhaps the biggest question raised by residents at the meeting concerned residents who are not able to maneuver the trash cans to the street due to physical limitations. That question was answered in this way: "Republic Services offers a disability service if you are unable to roll your container to the street. You do have to place your container on your driveway up against your closed garage door. The driver will roll the container to the truck, dump the container and place it back at your garage door. In order to request this service, a resident must fill out a form and provide information about their disability. Residents may pick up the form at the Administration Office at Mountain Shadows, or call Republic Services (702-735-5151) to have the form mailed to them.

Other questions asked by residents included the storage of the trash cans. The reply from the Association stated that the Architectural Review Committee is working on a solution for outside storage. That information will be published when it is available. Republic Services also has offered to host another meeting in September to answer additional questions to help make the transition as easy as possible. If you are interested in attending a September meeting, email the Link at link@suncitylv.com and let us know.

Sun City Sub-HOA Officers to Meet August 1

Did you know that there are 39 sub-homeowners' associations operating in Sun City Summerlin, in addition to the master Association? If your home is a duplex, triplex or four-plex, your home is part of a sub-association. As a way to help homeowners understand the HOA system, as well as offer a resource for answers, the Sub HOAs Officers and Directors' meeting was organized. The group will meet on Wednesday, August 1, 10 a.m., at Desert Vista. Thereafter, the group will reconvene on October 4 and December 5. For information, contact Karl Wiedemann at kdwiedemann@gmail.com.

Residents' Forum

Residents' Forum Planning a September Double-header

Residents' Forum will be dark in August. Although we have no program in August we will make up for it in September. We have two programs scheduled. The first one is not on our traditional second-Wednesday-night-of-the-month event. We have planned a "Meet the Candidates" forum for Friday, September 7, 4-8 p.m. This event is a chance for residents to meet and talk with political candidates prior to the General Election in November. We held a similar event before the Primary Elections and it was well attended. The Residents' Forum makes it a point to let candidates know that Sun City residents are voters who take an interest in being well-informed. Local, state and federal candidates will have tables set up in the Desert Vista

Ballroom. Residents are invited to come anytime during the event and talk one-on-one with the candidates. Next up will be Trivia Night. This will take place on Wednesday, September 12, 7 p.m., at Desert Vista. This evening is always lots of fun. All residents are welcome so come with or without a team. If you have never played Trivia, don't worry. This is a great way to meet new friends and hang out with old ones. Refreshments will be served and the winning team members will be awarded a fabulous prize. Residents' Forum is open to all Sun City residents. Everyone is a member. No signing up required. No dues. All of our events are free.

WE ARE.

Smile,

You Could Be Featured in the [link](#)

I moved to our community from Long Island 12 years ago. My wife, Beth, and I had been visiting here, yearly, since 1996. We would arrive in Las Vegas, rent a car, get some basic provisions and take to the road for two or three weeks. When we returned, we'd then stay in one of the local hotels and visit with friends who had moved here in 1995. We saw the Grand Canyon and other National Parks, we'd go to various parts of California, Arizona and New Mexico, but we loved coming back to Las Vegas, no matter what time of the year it was. I came to Sun City overweight, with a heart condition and diabetes. Twelve years later, I am still overweight, still have a heart condition and still have diabetes. However, there is always a smile on my face. The reason is, every day I would walk through my laundry room, get in my car, put on my sunglasses and open the garage door. There is always a smile on my face because knowing what I'm going to experience outside (320 days of sun per year) made me happy. We have only two seasons here – from Thanksgiving to Valentine's Day is sweatshirt weather; from Valentine's Day to Thanksgiving is T-shirt weather! No worrying about hats, gloves, boots, etc. The climate puts a permanent smile on my face. I think it also does that to many of our residents. I recently found a statistic on our SCSCAI website I found amazing. Out of our almost 13,000 residents there are 27 people who are over the age of 100. Of 27, 10 are women and 17 are men. I think they must have smiles on their faces, too. Also, there is so much to do in our community. Writing and taking photos for the Link and teaching classes for the Computer Club keep me mentally active, and walking regularly in the pool keeps me physically active. Many of you have been reading our "Now and Then" features and this new idea stems from that. So, I'd like to invite you to share with me why our community brings a smile to your face. If you do, we can have a discussion, you can tell me your story and it might turn into a great feature. Contact me at stugershon@gmail.com.

Congratulations and Welcome to Monitors Old & New

If you have visited any of our fitness centers, you have probably met one or more of our Fitness Monitors. Our Fitness/Pool Monitors are customer service representatives for the residents and guests of the Association while they are using the fitness centers, pools and recreation facilities. They are responsible for positively greeting residents and guests, and maintaining a healthy, helpful experience.

All of our monitors are CPR/AED/first aid-certified and trained in basic water safety. They take your health and safety very seriously. While you are enjoying our facilities, they are working to ensure that you have a safe, satisfying experience. Falls were identified as the most common cause of traumatic brain injury. Come listen to Physical/Occupational Therapist Mike Rantissi as he explains what causes dizziness, poor balance and falls. MR. GYM ETIQUETTE

Hot or cold? Do you like air moving on you during your workout, or does that make you cold? Each individual has a different preference while working out and we must understand why this takes place so we can respect each other in the gym.

More than 70 percent of the energy that powers your muscles is lost as heat, causing your body temperature to rise during exercise. To keep your body temperature from rising too high, your heart pumps the heat in your blood from your muscles to your skin. When you sweat and it evaporates, the process cools your body. For some, this system works very well and for others with circulation issues, medical struggles and because of certain medications, it may be difficult to keep their body temperatures up. Please be courteous to those around you while working out and realize each individual has different preferences for the temperature while working out.

MS. POOL ETIQUETTE

Have you ever questioned the importance of showering before entering the pool?

Do you wonder why you are required to rinse off before getting wet?

Showering before swimming is one of the best ways to protect yourself and other swimmers from recreational water illnesses.

When you shower away impurities it helps to reduce the risk of waterborne illnesses such as diarrhea, swimmer's ear and skin infections. Some impurities contain germs that may be ingested when swimmers swallow contaminated water.

For your convenience, there are showers located next to each of our pools.

THE PRACTICE OF MEDITATION

(Part two of our three-part series)

In the July Link, I shared the many benefits of meditation. Now, it's time to learn how to do it. While there are many different types of meditation, in this series I will focus on three methods to help get you started.

GUIDED MEDITATION

Guided meditation is a great way to start if you have never meditated before. Guided meditation makes use of your imagination and visualization, as well as affirmations that help to create a more positive mind-set. When you get the hang of guided meditation and wish to take your practice to the next level, try a CD, podcast, video or YouTube. Remember to sit in your meditation posture and turn on the audio. Listen and visualize. What you'll need: A chair that you can sit upright in. (NO, a recliner won't work). You should be able to place your feet flat on the floor. If you are short, like I am, be sure to place a pillow under your feet. Your back will be straight and your head in a neutral position when looking to the front. Your hands should be resting in your lap with your palms up and thumbs and pointer finger touching.

LOVING KINDNESS MEDITATION

Boost your ability to empathize with others, help create positive emotions through compassion and a loving attitude for yourself and others.

How to do it: Sit in your meditation position, close your eyes and generate in your mind and heart feelings of kindness, goodwill and compassion for yourself, a good friend, a neutral friend, a difficult person or all of the above, and then, gradually, for the entire universe. Finally, the feelings to be set in motion are ones of wishing happiness and wellness for all. The more you practice this meditation the more joy you will experience.

Remember, you can't feel loving kindness and depression at the same time. So choose to feel good!

MINDFULNESS MEDITATION

This practice focuses on the present moment, and accepting and paying attention to the sensations, thoughts and emotions that arise.

How to do it: Focus on your breath. Breathe in and notice how it feels; do the same when you breathe out. When your mind wanders, bring it back to your breath. At first this will feel very annoying but it won't take long before you notice your mind isn't wandering as often. This exercise is about being consistent and practicing bringing your focus back, which will make it easier for you to focus and pay attention in other areas of your life.

Now is the time to use your brain to help you get stronger mentally and physically by meditating. Look for my next article on how to create your own meditation practice, and mark your calendar for the Mindfulness Meditation Workshop scheduled for September 28 at Desert Vista.

GOLF

Palm Valley Irrigation Project Rolling Along

The irrigation project for the front 9 at Palm Valley Golf Course has begun. The contractor is installing the new mainline. The ground is rocky and hard to dig, so things are moving a little slower than originally anticipated. The contractor has brought in a different type of trencher to speed things along. There have been several questions from residents about the different sizes and colors of pipe being used in this project, so I thought I'd try and provide a simple answer: The large, light blue pipe is the mainline. This pipe will provide the main supply of water throughout the course. The smaller purple-colored pipe will be the new lateral lines that supply water to the sprinkler heads. The black pipe is called HDPE, and it is the pipe that will go underneath the road crossings. The contractor is going to install the entire mainline first and then install the lateral lines for each hole after that. Thank you for your patience while we are under construction. 🍷

Further Review Required of Proposed Golf Course Projects

Most of the shortened June Common Area Properties Committee meeting was spent on three proposed changes to Sun City's common areas. The first, and far more important agenda item was the expansion of the outside patio area at Highland Falls Golf Course. The second, and somewhat less discussed item was the widening of the driveway at the Highland Falls entrance. The third agenda item was the creation of additional golf cart parking at Mountain Shadows' Administration building.

During the homeowner comment period, BOD member Bruce Alitt registered an objection to spending more money on the patio expansion and driveway projects until a final plan for eliminating deficits in the food service and golf areas was agreed to. This led into a brisk discussion of the purpose of the proposed expansion, which revealed that food service would not be provided there. The primary users were expected to be golfers relaxing before or after a round and having a drink. That, in turn, raised the question as to whether anyone would want to relax in the 110-degree heat. After some further

discussion, it was agreed to convert this project to a Conceptual Idea.

The widening of the driveway at Highland Falls in order to make it easier for golfers to drop off their golf bags was generally agreed upon as a project worth consideration. Some concerns were raised as to the aesthetics of the renovation. Before the project was approved, complete plans, including the appearance of the entrance, would be required by the committee, along with estimated costs. This project also was converted to a Conceptual Idea. Two plans for increasing the golf cart parking at Mountain Shadows were submitted to the committee. Further discussion will need to take place.

SCSCAI Director of Golf Course Maintenance, Brian Bagwell, reported that the Palm Valley irrigation project was underway as was the aerating of all three courses. Brandon Black, Director of Building Maintenance, reported on the installation of the shade cover at the bocce ball court at Sun Shadows, as well as the resurfacing of the shuffle board courts at Mountain Shadows and the Pickle Ball courts at Desert Vista.

The Common Area Properties
Committee will meet on Tuesday,
August 14, 9 a.m., in the Committee
Room at Desert Vista.

SCSCAI Director of Landscape, Louis Darling, reported on the installation of a bench at green belt No. 4 and various updates to the community's landscaping. Fitness Director Pam Shields stated that bids on replacement fitness equipment are in process and that new outdoor furniture should start to arrive in the coming months. 🍷

Harry (Mac) Hinman

By Bob Cohen/Link

Distinguished Service, Medals, Memories Part of Naval Aviator's 26-year Career

According to Professor Morris Massey, "What you are is where you were when." More simply put, the major events of your adult formation (teenage) years shape your life and outlook forever. For example, if you were a male baby boomer, the draft and the Vietnam war were major events of your teenage years. It was true for many men; it was true for future Sun City resident Harry (Mac) Hinman.

"I received my draft notice in March, 1968. I was a senior at Cal State Chico. I had already set my sights on being a Navy pilot and had been accepted to attend Aviation Officer Candidate School after graduation. With the help of my on-campus Navy recruiting officer, I obtained permission from the draft board to complete the school year. In September 1968 I joined the inactive reserves. I went on active duty on December 30, 1968, and immediately started Aviation Officer Candidate School. I graduated and was commissioned in May, 1969," Mac recalled.

Thus started what would be a varied, 26-year career in naval aviation. For a boy that grew up in the small town of Redding, Calif., it was to be a life of worldwide travel.

"I was carrier qualified on board the USS Intrepid in January 1970. I received my Naval Aviator designation in April of that year," he said. That kicked off a series of schools: Survival, Evasion, Resistance and Escape in Norfolk, Va., and Gunnery, Tactics and Coordination/Employment school at Ft. Rucker, Ala.

By that time, it was 1970 and the Vietnam War was still raging. In September, Mac was assigned to Helicopter Attack (Light) Squadron 3, the Seawolves, in Vietnam. They were based on the USS Hunterdon County, a converted WW2 LST, and onshore near the Mekong Delta rivers. (The Light designation referred to the size of the helicopter, not its armament. They were heavily armed.) It was to be a busy year.

"Our job was to provide attack services for anybody that needed it. We supported the 'Brown Water Navy,' the PBRs (Patrol Boat River) that patrolled the delta rivers. At that point, I was a helicopter aircraft commander and fire team leader. In that year in Nam, I flew some 600 combat missions."

After his Nam tour, Mac was assigned to HS-10 for training and then HS-4 on the USS Ticonderoga. These squadrons were carrier-based anti-submarine SH-3D-type helicopters. During this rotation, Mac found time to get married. He and Ruth married in October 1972.

In September 1973, Mac was ordered to Iran to serve a technical assistance field team chief, an advisor for the Shah's aviation arm.

"I was on my way to Iran, flying over the Atlantic on October 6 when the Yom Kippur war between Israel and Egypt and Syria started. We diverted to Beirut. As we landed, I noticed that the Lebanese army was bivouacked right next to the landing strip. Suddenly, I saw a sleeping bag sucked into the No. 1 engine. I called the flight attendant and pointed that out. The pilot came out to talk to me and basically asked, 'Do you want to stay here for possible repairs?' I thought about that for a second and answered, 'No. Let's rev the engine and if it sounds good,

let's get out of here.' The pilot agreed and we took off ASAP."

Ruth joined him in Iran in December. She got a job teaching at the Iranian Naval Academy in order to get resident alien status.

U.S. Navy Captain Harry (Mac) Hinman has received The Legion of Merit, the Meritorious Service Medal with Gold Star, the Air Medal with 18 strike flights, the Vietnam Service Medal and so many other honors for his military service. He and his wife, Ruth, moved to Sun City in 2003.

Later, Mac was relocated to Bushehr on the Persian Gulf. At that point he was traveling frequently. So when the assignment was over, and the Hinmans relocated to Pensacola, Fla., no one was unhappy. Mac was a pilot instructor and Ruth was a mom; their first son was born there.

But you don't get to stay in one place very long if you are in the Navy. The next assignment was to HSL-35 (Helicopter Antisubmarine Light) based in San Diego.

It was spring of 1978. Mac was assigned as the OIC (officer in charge) of a LAMPS (Light Airborne Multi-Purpose System) detachment aboard the USS Kincaid. The mission: Over the horizon surveillance and anti-submarine patrols. That assignment lasted until the summer of '79 at which point he was assigned to wing staff as the safety and standards officer.

In the spring of 1982, he was on the move again, this time to Norfolk Va. He was assigned as XO (executive officer) of HSL-30, the East Coast RAG (Replacement Air Group) for LAMPS.

In the spring of '84, he was off to El Salvador and Panama onboard the USS Deyo. The mission: training Army pilots in tactics developed by the Navy. (This was somewhat ironic since, in the early days of Vietnam, the Seawolves were trained by Army pilots.) He was then promoted to CO (commanding officer) of HSL-36 in Jacksonville Fla. In July 1987, HSL-36 was back at sea with a mission to provide air assets to the Atlantic fleet's cruisers, destroyers and frigates.

Another series of schools followed before Mac was assigned to the USS Guadalcanal in ... Norfolk Va. as operations officer from January 1988 to January 1990. During this time period, ...

When driving west along Cheyenne Avenue, between Rampart Boulevard and the I-215, you have most certainly noticed the beautiful stained glass window at the Mountain View Lutheran Church. But did you know that this magnificent work is the inspiration and creation of one of our Sun City Summerlin neighbors, Roger Hall?

Roger says his artistic interests and talents are most certainly inherited. His great grandmother Hall was an artist of acclaim in Europe. Growing up, Roger and his artist brother often painted side by side, using watercolors and oils. For Roger, this work with color was, then, only a hobby.

Roger received his education in California schools after his family migrated to California from Iowa. He served in the United States Air Force Reserve. With his degree in electrical engineering and membership in the Reserve, Roger traveled the world. It was during these travels, especially in Europe, that he became fascinated with the stained glass windows he saw there.

Roger and his wife, Sarah, moved to Sun City Summerlin 18 years ago. He said they researched many adult retirement communities and found Sun City Summerlin to be the place they wished to settle. It was only then that he transferred his love of color to the medium of stained

glass. For several years Roger worked on his new hobby in his garage.

When his church's congregation relocated from the downtown area of Las Vegas to its present location on Cheyenne Avenue, Roger asked if he might create some windows for the first structure that was erected. These 6-foot windows now honor members of his family.

The church then built a dedicated sanctuary building that is most visible from Cheyenne Avenue. Having witnessed Roger's talents while working with stained glass, several members of the congregation approached him to determine his interest in designing a stained glass work for the 70-foot-by-40-foot space fronting Cheyenne Avenue. Roger was interested.

He presented a paper pattern to the committee that was accepted. The biblical theme Roger chose to depict was, "The world's end of time taken from the book of Matthew," he explained.

With the design in place, the next step of fundraising began. The amount needed for the window was

significant. Members of the church held many events to raise the money. After a few years, the funds were available and construction began. The actual creation and installation of the window was a monumental effort of cooperation among architects, engineers and craftsmen. One serious consideration was the sheer weight of the glass itself. Once the window was installed and services began to be held in the sanctuary, some adjustments were needed. One consideration was the strength of our Nevada sunlight coming through the window and shining on the worshipers. For a while shades had to be installed. The effect of the exterior lights that illuminate the window at night had to be fine-tuned for evening services. Today, Roger's creation is enjoyed by those within the sanctuary and passersby. Roger is now an active member of our Sun City Stained Glass Club. He enjoys working in the Club's facilities, but even more enjoys the camaraderie with fellow Club members. Asked if he sells any of his stained glass works, Roger said, "I never sell anything." Presently, he is enjoying making sun catchers and mobiles for his grandchildren and great grandchildren.

In answer to the question if he ever instructs on stained glass techniques, Roger related a story of teaching fifth-graders at the Mountain View Lutheran School. "First of all, I learned I had to separate the boys and the girls," he said. Each child got to choose what he/she wanted to make. Asked if he would teach again, Roger indicated that the experience would be his one foray into stained glass instruction.

Sherie Rae Parker is the No. 1 Bette Midler impersonator in the world with performances from Las Vegas to cities and countries around the world. Major production shows, to name a few: “Legends in Concert,” “American Superstars,” “Stars in Concert” (in Berlin), “Serendipity” (a musical comedy), “A Really Big Show” and “Tribute the Concert” have made Sherie their best Bette. “I feel a special closeness to Bette,” Sherie said. “Our voices are a lot alike. I love her humor and energy on the stage. Her style and ability to take me to another place. ... It’s always a challenge!” The audience is in for a true treat. “Sherie Rae bears an uncanny resemblance to the vivacious diva and reproduces Midler’s bawdy sense of humor, as well as her vocal acrobatics to perfection,” wrote What’s On magazine, adding, “Parker is up to the task of taking on the Divine Miss M and all her flamboyance. With a voice that literally jumps out of the microphone, she does Midler better than Midler.”

“Our biggest and most ambitious production of the year, Mistinguett and Bill Fayne have signed the very best talent Vegas has to offer,” said show organizers. “With several show closings on the Strip this summer, we’re taking advantage of the featured performers now available to do our shows from “BAZ,” “Jersey Boys,” “Marilyn the Musical,” and Steve Wynn’s “SHOWSTOPPERS,” “Rock of Ages,” “Phantom of the Opera,” and other shows still running from “Vegas the Show,” “Alice, Fantasy” and more. Besides the musical vocal performers will be the “Jubilee!” showgirls, performing a tribute to “Jubilee!” And as a very special guest headliner, Kelly Clinton will join us with her tribute to Elvis, Cher and her favorite headliner Clint Holmes and more. Loving tributes to Gladys Knight, Celine, the Righteous Brothers, Donny and Marie, “Menopause the Musical” and so much more. With a cast of 12 Vegas performers and a kicking band, you can’t miss this one. Get your tickets early!

Art - We hope you are having a wonderful summer. In case you can't wait for classes to begin again, remember you can always work on your watercolor projects on Friday mornings with other members at Desert Vista. If your medium is oil, members work on projects at the Pinnacle Art Room on Monday and Friday, 9 a.m. to noon. Our next general meeting will be September 17 at Desert Vista. For Art Club information, contact Steve Brenner, 749-7737.

Arthritis - This low-impact pool exercise club meets Tuesdays and Thursdays, 10:30-11:30 a.m., Desert Vista indoor pool. The exercises safely move every part of the body. Stretching, range of motion, flexibility and balance exercises improve health and wellness. Check with your doctor to make sure you are fit enough for the class. Annual membership dues are \$45. Call Alan, 708-309-4995, or Colette, 630-639-6740.

Beading and Jewelry - The Bead and Jewelry Club is on vacation. We'll be back in September for our

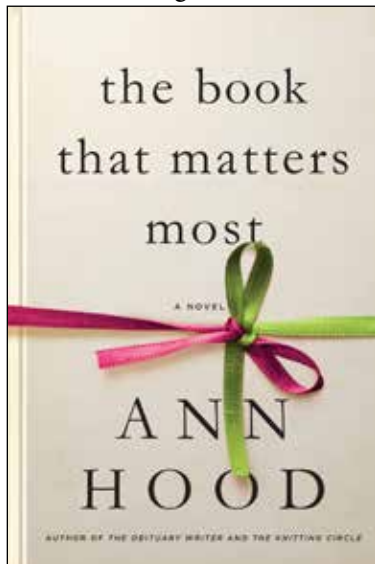

meetings and classes. We usually meet every Tuesday of the month, 1 p.m., at Desert Vista, for a business meeting. Come check us out to see what we do and plan to do. The other Tuesdays, we meet in the Silver Room at Mountain Shadows, 1 p.m. Please, if you are interested in taking our next introductory class (no experience needed), call Ellen Crawford, 478-8806. If you have any other questions, call Paula Nuzzo, 820-9343, or Paula Defino, 476-5829.

Bicycle - Ride consistently and keep in shape year around. We have about six regular rides per week with five to 12 riders attending. We also have a program that's announced to members by weekly email. Guests are welcome. Membership is available online at scsbicycleclub.com. You can email us at suncitysummerlinbicycleclub@gmail.com, or call 920-3983.

Billiards - Billiards or pool has been around for more than a 100 years. The social side of pool tables has played an important role in the lives of thousands of people. Decelerate the aging process and perk up several cognitive functions. Polish the psyche and come visit us on Monday, Wednesday or Friday at noon. Call Gavin Lightner with questions, 838-2767.

Bocci Ball - We play bocci at Sun Shadows on Mondays and at Desert Vista on Thursdays. Play starts at 7 p.m. For information, call Henrietta Rapp, 987-3456.

Book - The Sun City Book Club is excited to share "The Book That Matters Most," by Ann Hood at our next meeting on Thursday, August 9, 2 p.m., Sun Shadows. Ava's 25-year marriage has fallen apart and her two grown children are pursuing their own lives outside of the country. Ava joins a book group, not only for her love of reading but also out of sheer desperation for companionship. The group's goal throughout the year is for each member to present the book that matters most to them. Ava rediscovers a mysterious book from her childhood one that helped her through the traumas of the untimely deaths of her sister and mother. Small group discussions, which are a club favorite, will be held this month. They provide a chance to learn more

Golf (Ladies) Executive - It has been a hot summer and our tee times remain at 7 a.m. with a check-in at 6:30 a.m. We have many fun activities planned for the fall so mark your calendars accordingly. Our BBQ pot luck picnic will be Monday, September 17, 5:30 p.m., Desert Vista picnic grounds. Bring your spouse/guest, a side dish or dessert and a lawn chair. We provide the hamburgers. On September 18, we will be going to Top Golf. On October 19, a fun day of golf with the Women's 18-Holers. November 7 and 8 we will be going to Avi Resort in Laughlin for our annual golf outing. A bus will be provided for transportation. This outing is open to anyone who enjoys golf and having a good time. See our website, www.scsleg.com, for registration forms. Golf (Men's) 18 Hole - "The best exercise for golfers is golfing. - Bobby Jones." It's August and most of our championship golf events have come and gone, except for our Member-Member (August 9 and 16). Now we prepare for the fall. It is also the season where football fans start to get ready for their teams to hit the field. As you all know we are still in the throws of renovating the front nine irrigation system at Palm Valley. I hope that you have had the opportunity to take advantage of the deals that Donny set up for the 9 holes still playable at Palm Valley and also have taken advantage of Eagle Crest. Since my last article there have been a couple of USGA/local rule items that have been voted on by the membership at the May 31 general membership meeting. 1. The membership voted to allow a "rock" club to be used by members at our Thursday and special events. It means that you may have a 15th club (not in the bag) that emulates one of the clubs in your bag and designate it as a club that you will use to extract your ball from any of the rock hazards on our courses (or you can exercise the other local rule and drop to the nearest grass no closer to the hole with a one stroke penalty); 2. The membership voted to not institute the 3-5 rule. The other change to our Thursday event is that closest to the pin and skins have been identified by the tees that you play - i.e. white

and gold flights. Some of you may have heard rumors about winning money at the Thursday/special events and now you may be a pro according to the amateur status rules. Not so, our club and our Thursday event does not fit under the rule that dictates this happening. If you don't know, our entry fee is not mandatory, therefore it is incidental to the game and is not excessive. Even though you do not decide to enter the pot, you can play as an SCSMGC member on Thursday, your option. You just won't be eligible for any pot money. Lastly, we will be conducting our elections for the 2019 slate of board members at our December 6 meeting. All board positions are open for re-election. If you have questions, check out our website, 18holers.org, or you can call Colbert, 859-979-4376.

Golf (Men's) Niners - There will be five Thursday tournaments in August, starting at 7 a.m. All members should be aware that due to expected work this summer at the Palms course, tournament locations could change this summer. The good news is our schedule is designed to beat the heat, which means you can be done by 10 a.m. All new members are welcome even if their game is a little rusty. Applications for membership are available at any of our golf shops. Our membership chairman, Pete Bentivegna, is available to answer any questions. Call him at 941-223-6550.

Golf (Women's) - The last general meeting before summer included an inviting table of salads organized by Social Chairwoman Nicki Altomondo and prepared by members to celebrate the President's Cup winners. We will welcome everyone back from summer break at the September 11 general meeting at 12:30 p.m. at Desert Vista. Come have fun golfing with our group as a guest for two games and meet new friends. For more information, visit our website, scswomensgolf.com, or contact membership chairwoman Dolly at dollytmack@gmail.com or by text 775-747-6143.

Gun - All regular meetings are held on the second Friday of the month, 1 p.m., Desert Vista. If you are new to firearms ownership, have been considering purchasing a firearm for home defense or concealed

carry, or are an old hand at firearms and looking for others to practice with, the Sun City Gun Club is the place for you. We offer free in-house training courses that will teach you all about firearms, help you select a firearm, show you how to clean/maintain your firearm and teach you about the legal aspects of defensive shooting. The Club also hosts speakers, a spring BBQ and a holiday lunch. Contact Jerry Daino at 493-3341 or scgunclub@yahoo.com. Be sure to check out our new Club website at scsgunclub.com.

Hawaiian - Our club will be on hiatus in August. Have a great summer. See everyone in September. Any questions? Call Lottie, 243-8273.

Hiking - There will be no Club meeting in August. Our next club meeting will be held at 8:30 a.m. on Thursday, September 13, at Desert Vista. Monday hikes (easy/moderate) will continue during the summer,

but there are no formal Wednesday hikes (moderate/challenging) scheduled during August. Wednesday hikes during the summer months will be scheduled as leaders are available. Club members will receive email notifications of Monday and Wednesday hike details. Non-members should please call coordinator Ann Cronin 737-5758 for times/details. Hiking carpools will leave from the lower parking lot at Desert Vista. Experienced hikers coordinate outings. Visitors are welcome. For information, including fitness-level recommendations, call Ann Cronin, 737-5758.

Horseshoes - We practice daily at the Mountain Shadows pits and new players are always welcome. We play for about an hour and start at 8 a.m. Need information? Call 228-6939.

Investment - The Investment Club will not meet in August. Our members will enjoy the warm, relaxing weather of the summer while reviewing their financial portfolios. Our next exciting meeting with a great guest speaker will be September 26, 7 p.m., Desert Vista. We will have our initial nominations of 2019 officers on September 26 and October 24. The actual election of 2019 officers will occur at our November 28 meeting. Check the Link for further details. Call Stephen Commander, president, 304-1768.

Table Tennis - Two and a half years ago I became a resident of beautiful Sun City Summerlin. The first club I investigated was Table Tennis (ping pong) and, in so doing, I hit the jackpot! This club is a blast. The sport keeps everyone's hand/eye coordination and reaction times sharp while keeping us laughing at our mistakes, relearning rusty skills and enjoying new friends. All this exercise and fun is experienced in a large, air-conditioned room, which makes the hot Vegas heat of no concern. Beginners, male or female, excellent players, all levels are welcome. The members are happy to get you started or perhaps you can show us a thing or two. Time reserved for play at the Pinnacle: Monday (robot machine setup), Wednesday, Friday and Sunday, 9:15 a.m. to noon; Tuesdays from 5-8 p.m. Time reserved for play at Sun Shadows: Thursdays, 5:30-8 p.m. What to wear: Tennis shoes and clothing that works for moving around. Cost: \$10/year. Borrow one of the club's paddles or bring your own. For information, call Bob Swanson, president, 562-5098.

Mitzi Mills, SCSCAI Executive Director

Executive Director's Report for the August Link Magazine

In the June issue of the Link Bob Cohen wrote an article on what a Conceptual Idea (CI) is and the process used by staff to investigate it. In a nutshell, a CI is a procedure I use to properly research items requested by the Board, clubs, committees and individual homeowners, and to evaluate and quantify the need, the impact on the community as a whole and the impact short and long term on the Association finances. As homeowners at Sun City Summerlin Community Association, Inc. (SCSCAI) each of you is a stakeholder when the Board, club, committee or individual homeowner asks for the addition of an amenity for the community. Presently, there are 22 CIs that the staff is or will be working on. I thought this month would be a good month to tell you a little about each one, and to share with you how you can provide input and monitor the CI as it moves through the process for review and consideration by committees and the Board.

There are three primary goals (1) To give any interested homeowner a voice on improvements and additions to amenities. (2) To allow candid input from stakeholders on the proposal before it is considered by the Board and (3) To create a funding mechanism that is not first-come first-served, but evaluates all requests and allows the committees and Board to determine if and where funds should be spent based on merit, wants and needs. Each CI is listed by its reference number.

You can submit your comments on any CI to MitziM@SunCityLV.com. All comments become a part of the CI and are published as part of the study on the Association’s website, www.scscai.com. In the next few days, all of the CI studies will be posted on the website and you can review the progress. You can also watch the agendas for committee meetings and Board meetings to see when a CI is being reviewed. If you receive my email blasts, I also will be sending out alerts letting homeowners know when each CI is traveling to a committee or the Board for review. Remember, these are studies. Unless noted, they have not been reviewed or recommended to the Board for denial or approval. The items marked complete are the only ones that have been approved.
