DIRECTOR

From the Executive Director

Resolve to Keep Sun City Summerlin the Best Active Adult Resort Community in Nevada

As I write this article Hanukkah has begun and we are about one week from Christmas. I have attended many wonderful events, met so many new homeowners and learned so much about community needs and homeowner wants.

Like many of you, I use this time of year to reflect and give thanks for my blessings, as well as set goals for the coming year. At the top of my thankful list is Sun City Summerlin and the wonderful homeowners and staff. My commitment is to always be available to you, to treat you with respect and to provide you honest answers.

As I was reading through this month's Link Magazine I noted that there are some fantastic ideas for resolutions in this issue. Here are some suggestions:

On Page 55, there is a great article about Sun City Charities – neighbors helping neighbors – what an excellent way to give back to the community in time or donations. It is also a reminder that we have residents who may need help from us for things they once could do themselves. This group brings back the true meaning of what it is to be a neighbor. If you can give help, or you are in need of help this article will make you proud to be an SCSCAI resident.

I know for a fact that everyone who lives here has an interesting life story. Have you ever taken the time to write your story for your children or grandchildren? Many people don't do this because it seems cumbersome, but it does not have to be long and can just be memorable moments. On Page 38, Rick Cornstuble shares with us the story of why he joined the Navy. I hope you will take the time to write pieces of your story in 2018.

Mentor a child or children. Children really are our future. It can be as teaching our grandchildren or reaching out to the communities and schools around us. For inspiration, read the article on Page 33 about SCSCAI homeowner Dennis Ortwein. You'll see how the Clark County School District is honoring him. We should all be proud to have him as an SCSCAI homeowner.

Help SCSCAI stay one of the best active adult resort communities in Nevada. See the article on Page 14 on how two new homeowners joined together and came up with a plan to gather information on what homeowners who live here want, as well as what future wants may be. I hope you participate in the Electronic Focus Group, January 8-22, as this information can only make us better. I am anxious to work on the items that are simple and affordable right away.

Get SCSCAI first hand. I, of course, love this resolution. Communities where the homeowners do not rely on rumors and take advantage of the communication means available have happier homeowners. Make a commitment to read the Link, attend the monthly Coffee with the Board (Page 26), Residents' Forum (Page 28) and Board meetings. If your schedule does not allow for you to attend meetings, write or call me to confirm information you are hearing on the street before you repeat it.

Take advantage of the fitness programs and entertainment here in SCSCAI. Exercise and socialize with your SCSCAI friends and neighbors. There really is something for everyone, so check out all of the classes and events each month in the Link.

I hope to meet even more of you in January, and I wish you each health and happiness in 2018. I ask that you each help me keep SCSCAI wonderful, clean and friendly.

PRESIDENT President's Message

Happy New Year!

Joe O'Connell,
President, SCSCAI
Board of Directors

Last month we all received an envelope in the mail requesting we vote on several issues. If you have not already done so, please take the time to read carefully and vote on the issues. If you have already registered your vote, thank you very much.

This is a new year and we have a lot of candidates that think they want to run for Board of Director positions. We have some great candidates. Again, please take the time to learn about the candidates and vote for the five you like. We have a very smooth running board right now and our finances are in good shape. It is very important to have solid, qualified residents as Directors. If you are not sure who to vote for, ask a trusted neighbor or friend for advice. Who is chosen will decide the future of our association.

January is a time for reflection and New Year's resolutions. Try to get healthier by using our fitness centers and pools – not just for the first three weeks, but for the whole year. I have seen the fitness centers very busy each year in January

and then fall off by a large percentage each month. It is also a good time to decide to volunteer in areas in which you are interested. If you want to be well informed, get on a committee, or at least attend the meetings. I believe a well informed populace will keep our community in the top ten senior communities in the country.

Since being your President for the last several months, I have come to meet many of you. I always try to return your telephone calls the same day, and always try to give an answer to your questions. My personal philosophy of: "Never in doubt, often wrong." has not always helped. The place for answers is now in the hands of our new ED, Mitzi Mills. She really does have all the answers. Call her and you will see I'm right. She has not been here very long, but the place is better because of her already.

Have a happy and healthy new year.

~ Joe O'Connell, President

ELECTION COMMITTEE

2018 Board of Directors Election

The Election Committee is preparing to conduct the annual election of Sun City Summerlin's Board of Directors. This year, Tuesday, February 27, is designated as Election Day and will be the last day to cast your ballot. Counting of the ballots will be on Wednesday, February 28. Five positions will be filled. Each home has five (5) votes that may be cast for one candidate or divided among all in any manner desired. It is critical that not more than five (5) votes are marked.

Ballots (part of the Link mailing label) and a return envelope will be included in your February Link. The ballot instructions appear on the back of the address portion of the mailer. The ballot portion is perforated so the name and address can be removed by tearing it off at the perforations. After you mark your votes on this ballot, remove the address portion and insert the ballot into the envelope so that the Bar Code shows through the window in the envelope. It may then be mailed to the Administration Office, Mountain Shadows Community Center, 9107 Del Webb Boulevard, Las Vegas, NV 89134, or save Sun City the cost of postage by personally depositing your ballot in the ballot box at Mountain Shadows. If you mail your ballot, it must arrive no later than 5 p.m., Tuesday, February 27, at which time voting will be closed.

Should you lose or accidentally destroy your ballot, another ballot can be obtained at the Administration Office. Before requesting a

replacement ballot, be certain that another member of your household has not already voted. If two ballots are received from the same household, BOTH ballots will be voided. Also, if more than five (5) votes are marked on a ballot, all votes will be voided.

The following is an alphabetical listing of candidates for this election:

1. Bruce Alitt
2. Ellen Bachman
3. Leo Crawford
4. Dr. Mitch Fadem
5. Dick Gluch
6. Barbara Holden
7. Michael Obradovich
8. David Putney
9. Jeffrey Rorick
10. Gerry Sokolski
11. Karl Wiedemann

One "MEET THE CANDIDATES" event will be held. It will take place during the Residents' Forum on Wednesday, January 10, 6:30 p.m. The location will be at the Desert Vista Community Center. Each candidate will make a presentation. This will be followed by a question and answer period. After this formal meeting, candidates will be available to answer your additional questions.

Each candidate may provide a photo and a statement, which will be published in the February Link.

NOTICE of Election – 2018

The SCSCSAI Administrative offices at Mountain Shadows Community Center will be open for voting until 5 p.m., Tuesday, February 27. This is the last day to cast your ballot in the election for Sun City Summerlin's Board of Directors.

The staff will be available to supply replacement ballots and tend the ballot box. The ballots will be secured in the Association office until the following day.

The ballots will be validated, opened and counted starting at 8 a.m. on Wednesday, February 28, during an OFFICIAL ASSOCIATION MEETING – OPEN TO ALL RESIDENTS. There is only one agenda item for this meeting, that being the counting of the election ballots.

The results will be announced by the Association Secretary and reported to the Board of Directors.

A MUSIC NOTE

Jazz is the great American art form. With roots in blues and ragtime, jazz is clearly our country's gift to the world.

Today, jazz musicians borrow from popular music of all kinds along with the Great American Songbook, bebop and swing to create a uniquely American experience. They create a musical conversation not unlike a casual conversation you might have with a group of friends. You might start a conversation about a specific topic, but I doubt you come prepared with a script. You improvise what you talk about based on the direction the conversation takes, as well as your friend's feedback. Musicians do the same thing. They know the subject matter (or the tune), and are prepared to play it in a particular key, but improvise when it comes time to take a solo (like you do when you share your opinion among friends). This improv within the parameters of the song gives live

performances a certain excitement, since no one knows exactly where the soloist will go in terms of music notes.

Cabaret Jazz got its name because we wanted to celebrate two great art forms: jazz, and the group of songs known as the Great American Songbook. Cabaret performers (many of whom have successful careers on Broadway and in the recording studio) use a variety of tunes to create great musical programs. Therefore, you will find a great range of artists performing on this stage. Still thinking this is not for you? I'd say, pick something that looks interesting and give it a try. The room has been called the best sounding jazz club in America, and with a full-service bar and delicious lite bites, I think you'll have a great time. I look forward to seeing you there.

Myron Martin is president and chief executive officer of The Smith Center for the Performing Arts.

LIGHTBULB MOMENT

By Jeannette Carrillo/Link

ATTRACTING NEXT
GENERATIONS TO
SUN CITY SUMMERLIN

Dolly Mack, left, and Wendy Bowles pioneered the Electronic Focus Group to give residents a chance to have their voices heard. Photo by Jeannette Carrillo/Link

Everyone has had them. And every time they happen they make us slap our forehead and go, "Aha!"

Such lightbulb moments are illuminating. Sometimes they are the result of much trial and tribulation; other times they happen quite quickly. Regardless of how they occur, when the lightbulb goes on, it's a rush.

Sun City residents Dolly Mack and Wendy Bowles experienced one such lightbulb moment recently that motivated them to start a project. They have turned their vision of attracting next generations to Sun City Summerlin into a project that involves gathering data to determine what our community needs to do to plan for the future. First, Dolly and Wendy facilitated some focus groups, interviewed several local real estate professionals, and now have designed and beta tested an online questionnaire called the Electronic Focus Group. This month, every resident will be able to participate in the Electronic Focus Group. "We want

**THE ELECTRONIC FOCUS
GROUP WILL BE AVAILABLE

WWW.SUNCITYLINK.COM
FROM JANUARY 8-22.**

SCS
to remain
viable, desirable
and competitive among
all active adult communities in
the Las Vegas area," Wendy said.

The Electronic Focus Group will be available as a live link on www.scscai.com and suncitylink.com from January 8-22. All responses will be anonymous and no email addresses will be collected.

"We have no hidden agenda for this effort," said Dolly, who moved to Sun City Summerlin a year and a half ago with her husband from a brand new Del Webb community in Reno.

"We truly want to know what current and future residents want from this community," said Wendy, who still works full time and moved to Sun City from Las Vegas a year ago.

Relatively new residents, Dolly and Wendy couldn't wait to settle into their new community. For them, settling in meant meeting neighbors, making friends, participating in activities and groups, attending meetings and generally getting involved.

"I attended the new resident orientation and new residents' happy hour at The Summit, but was still finding it difficult to integrate into this community," Wendy said. After that, Wendy made the rounds to clubs that interested her and even joined one. "But since I work full time and most clubs meet during weekdays, many activities are not available to me. Also, I didn't find an easy way to get answers to questions I had about simple things, or make suggestions," she said.

Dolly, who also sought out a community connection, had a different experience. An avid golfer, she and her husband were welcomed into Sun City Summerlin by clicking on the Golf Ambassador link on the Association's website when they decided to look for a house in the Las Vegas area.

Sun City's Golf Ambassador Program pairs potential homebuyers with resident golfers and acts as a sort of buddy system. Prospective homeowners play a round of golf with volunteers, have

lunch at an Association restaurant, meet other golfers, receive a tour of the community and get a lifeline to helpful residents who become a resource for everything relating to Sun City. Dolly and her husband were so impressed with the warm welcome that they decided to purchase a home.

Despite having two very different introductions to the community, Wendy and Dolly made the best of it. Dolly joined the Lady 18-Holers, the Hiking Club, the Dance Company and Dance Connection, as well as the Fitness and Classical Music clubs. Wendy became a member of the Art Club and attended meetings when she could but her work schedule conflicts with many club activities she would like to participate in. When Wendy started a Neighborhood watch group, she found other residents had similar experiences trying to integrate into the community, even after living here for quite some time.

Dolly and Wendy didn't know each other until an SCSCAI Board member, who heard them speak up at Board coffees, connected them, thinking that they might be able to work together for the future of our community.

"Now, I've met someone new who also shares my vision to attract future generations here," said Dolly.

Not only has each woman met someone new, but together they've set their vision into motion. "After we collect all of the data from the Electronic Focus Group, there is still a lot of work to be done," Dolly said. "We'll need to summarize the findings, boil down the facts to determine if there are any changes we can make as a community to satisfy our current residents and to attract next generations."

SCSCAI Executive Director Mitzi Mills has offered to address any findings that the staff can handle, and "If there are any items requiring Board approval, we will present our recommendations to the Board. The information will be published," Dolly said.

So far, each woman has spent close to 300 hours on the project, which started in July. The Electronic Focus Group will be easy to complete with many of the questions in a check-box format, but some offer ample space for expanded comments. "We are truly hoping for a great response rate from our Sun City Summerlin residents," Wendy said.

When asked why they embarked on the project, both Dolly and Wendy said because it is important to look toward the future – to find ways to better welcome and accommodate next generations and to keep our community competitive.

Making Resolutions a Reality

Kristie McWhorter,
MS, CPT, GFI,
Fitness Manager
kristiem@suncitylv.com
fitness@suncitylv.com

Whether you want to lose weight, quit smoking, get your finances in order or spend more time with your family, here's some advice to help make your resolutions stick. Remember, winners do what losers don't want to do. Have passion, take action and you'll get what you're after.

Set a Very Specific Goal

Resolving to exercise more, for example, is not specific enough. Committing to yourself to work out 30 minutes a day four days a week is more specific. If you want to spend more time with your family, make an appointment every week to spend time together. Define exactly what you want in clear terms.

Set a Goal That Has a Measurable Outcome

Getting in shape is not quantifiable. Without a goal that is measurable, how will you know when you've made progress or even reached it?

Assign a Timeline

Someday is not a day of the week. The difference between a dream and a goal is a timeframe for making it happen. A deadline also can help motivate you and prevent you from procrastinating.

Identify Small Steps

Major life changes don't just happen; they happen one step at a time. Keep putting one foot in front of the other. Steady progress through well-

chosen, realistic, interval steps produces results. Know what those steps are before you set out.

Create Accountability

Without accountability, people are prone to con themselves. If you know precisely what you want — and there are real consequences for not doing the assigned work — you are more likely to continue in your pursuit of your goal. Find someone in your circle of family or friends to whom you can be accountable. Make periodic reports on your progress.

Change Your Lifestyle

If you're trying to get in shape or lose weight, for example, make sure you have a plan and start making a lifestyle change. It is difficult to be overweight or inactive without a lifestyle that supports it. Willpower will not make things change. Be sure to clean up your environment by removing obstacles in your way. Remember that you don't break habits: You replace one behavior with a new one.

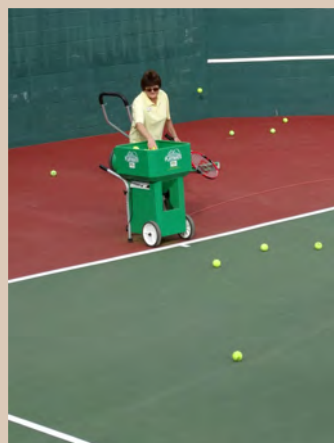

Happy New Year from the Fitness Department!

MR. GYM ETIQUETTE

Treadmills sure look easy, but for your safety and the safety of those around you, there are a few steps to follow when using them: Always use the safety clip, straddle the belt before starting, be aware that the belt will move even if the machine isn't on and never use hand weights while using the treadmill. Also, our SCSCAI treadmills are not designed for walking backwards or sideways. Instead of attempting these risky activities, consult with one of our fitness staff about safer ways to increase the intensity of your workout.

Late Life Depression: Signs, Symptoms & Effects – Lunch & Learn

Lunch will be provided by Summerlin Hospital. A ticket is required for entry; a waiting list will be available at the door only.

Mobile Hearing Screening

Monday, January 29, 10 a.m. to 3 p.m. – By appointment

Sign up with the Desert Vista Social Monitor.

It's Possible to Keep Fit Off Your Feet at the Sit & Be Fit Fitness Class

Charli Sue Douglass
SCSCAI Certified Fitness Specialist, CPFT, GFI

As we age, exercising is so much more crucial for us to do than when we were younger. In fact, it is critical for us, as seniors, to remain physically active so that we can extend the length and quality of our life. But as we age we get to deal with health issues and injuries that may prevent or curb our activity. Finding appropriate ways to continue to be active and exercise becomes very important.

The Fitness Department's Sit & Be Fit classes can play an important role in your life as you age and deal with some of these issues. This class will give you the opportunity to continue to exercise when you are dealing with an injury, balance issues, chronic conditions such as Parkinson's, osteoporosis, arthritis, heart disease, or just an overall feeling of muscle weakness.

Sit & Be Fit classes will help you:

- ◆ Increase overall blood circulation
- ◆ Increase the range of motion of your joints
- ◆ Increase your overall strength and energy
- ◆ Lubricate your joints to ease pain
- ◆ Help to decrease your chance of falling

If you're thinking how it's possible to get so many benefits from an exercise class while you're sitting down, the answer is simple: We have experienced fitness instructors, and we use a variety of different methods and equipment (bands, tubing, Pilates rings, dumbbells, balls and gliding discs) to offer the most out of the work

The Fitness Department offers Sit & Be Fit classes Monday through Friday. For a full schedule, see Page 20.

HEALTHY

Health & Fitness

Beginning this month, the Fitness Department will offer a new, weekly 30-minute Active Stretching class on Thursday evenings at 6:30 p.m. at the Desert Vista Fitness Center.

The Joy of Stretch

Back pain. Arthritis. Muscle tightness. Joint stiffness. These are just a few of the conditions we increasingly face as we age. If you suffer from any of these, stretching might just be the answer. If you do not suffer from any of the above, count your blessings, but don't get too comfortable.

Stretching is one of the most misunderstood and underappreciated forms of exercise. It helps keep muscles flexible and allows joints to maintain their range of motion when going about daily activities, i.e. reaching, lifting, standing, bending and turning.

Some of the major benefits of stretching are:

- ◆ Reduced muscle tension and soreness
- ◆ Improved posture
- ◆ Better flexibility and range of motion
- ◆ Decreased risk of falling
- ◆ Reduced low back pain and arthritis
- ◆ Stress relief and improved mood
- ◆ Increased circulation

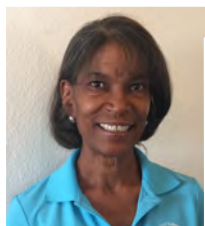

There are many classes offered in Sun City by the Fitness Department and other activity- and fitness-related clubs. Check out the following clubs for their offerings: Tai Chi, Fitness, Yoga and several of the water exercise clubs.

Beginning this month, the Fitness Department will offer a new, weekly 30-minute Active Stretching class on Thursday evenings at 6:30 in the Desert Vista Fitness Center.

Want to learn how to stretch on your own or to be more effective at stretching? Come to our stretching workshop to be held on Tuesday, January 30, 1-2:30 p.m. Learn all about why you should stretch, how to stretch safely and effectively, and what fitness tools are available to assist you. Several stretching aids will be demonstrated, including a stretching strap. See Page 20 for more information.

A proper stretching routine includes the following:

- ◆ **Warm Up.** Stretching cold muscles can lead to pulled muscles. A light stretch after your warm-up and then a deeper, more thorough stretch after your workout is recommended. This is when your muscles are warmer and more pliable.
- ◆ **Don't Bounce.** Move slowly into your stretch position and hold. Bouncing back and forth or up and down can cause injury to the muscles, tendons and joints.
- ◆ **Breathe.** Relax and breathe deeply during your stretches. This helps increase the blood and oxygen flow to your muscles.
- ◆ **30-second Rule.** It takes time for muscles to respond and lengthen. Hold each stretch for at least 30 seconds and up to 60 seconds for a really tight muscle.

Thar She Blows! Classes to Review Water, Gas Shut-off Valves

The call came at 10:30 on a sweltering Friday night. Angela, a Sun City resident, was frantic. A geyser of water had erupted through a bathroom wall that was common with her neighbors. Angela's residence was rapidly flooding. The initial assessment was that her neighbors had a broken water main. No one was home on that side of the wall.

The shut-off for each residence is located in the sidewalk and approximately lined up with the front door. I grabbed a flashlight and a screwdriver to lift the vault cover. I had bad news for Angela, the water meter for her neighbor's service showed no movement. I opened the vault to Angela's service and observed the meter dial spinning like a top. The broken line belonged to Angela. A water district technician arrived soon to turn off the line.

In Sun City, the primary water line for a residence is under the concrete slab. In Angela's case, it burst. The point where the water escaped from the slab was under the bathroom wall. The damage was extensive, the repairs costly.

Since that night I have learned a great deal about how to stop water leaks, and the tools one should use. I also have learned there are significant responsibilities and dangers associated with turning off either water or gas service to a home. When a gas odor is detected in a home, the gas

company prefers that occupants call 911 and get out of the home until responders arrive.

These lessons have been incorporated into the first of a series of Community Preparedness classes that are written specifically for Sun City residents. We are not athletes capable of impressive physical feats if there is an emergency, however, there are practical emergency responses we can take until designated responders arrive.

The first classes on responding to either a water or gas leak will be offered this month. The session will last around an hour, and offer hands-on experience in shutting off a water valve to your home and the precautions you must take when doing so.

The class size will be capped at 25 so that we can answer questions and provide the hands-on experience to interested class participants.

For residents' convenience, two classes will be held on Monday, January 8 at Desert Vista.

The first class will start at 10 a.m. in Room 1; a second one will repeat at 7 p.m.

To register, send an email with your name and email address to: Neighborhoodwatch@suncitylv.com, or call 319-310-5777.

The next meeting of the Neighborhood Watch/CPC Committee will be Wednesday, January 17, 9 a.m., at Desert Vista.

1990

NOW AND THEN Sydell Miller

2017

Sydell Miller has lived in Sun City since 1990, when she picked out her home and its location from the original sales office.

Sydell Miller was a young woman who modeled in the garment district of New York. She met her husband, Robert, and they were married in the early 1950s. They settled in Long Island, and, one day, Sydell received a promotional post card announcing a new senior community in Las Vegas sponsored by Del Webb. She had no idea how they got her name and address, but the post card

looked inviting. She always thought of going to Las Vegas and her son Scott was only a few hours away, stationed with the United States Navy in San Diego.

Sydell bought an airline ticket (her husband trusted her to make the right decision) and she flew to Las Vegas. She met the salesman who had sent her the brochure

(Continued on page 29)

NOW AND THEN

(Continued from page 28)

and together they looked at model homes and available lots. It didn't take Sydell long to select a lot, and with the salesman's help, who suggested a particular model, she became a new resident and has been here ever since (1990).

Sydell and her husband both loved to golf, so he joined a foursome and she played with some other ladies. Sydell's true passion, however, is singing. She was an original member of the Silvertones and the Musicmakers; she had wanted to be an opera singer most of her life.

With her experience of being a national member of B'nai B'rith Women, Sydell helped start the Bet Knesset Bamidbar Temple (BKB) and that led to forming a choir, which she is still involved with today. Sydell has helped steer BKB since its inception, and she is still involved in many of its functions.

Sydell has lived in Sun City Summerlin for almost 28 years; her husband, Robert, passed away in 2004. Sydell says she is still very happy here and said, "The sun is always shining, and there is always something to do in Sun City!"

**Happy
New Year!
Why Don't
You Join Us?**

Making a conscious choice to give of oneself for the benefit of others is an immensely satisfying New Year's resolution. Volunteering is one of the most effective ways to feel useful and connected to others. We are a very connected group and do our patrols with old and new friends. Many cars have friends or spouses riding together.

At Sun City Security Patrol, we resolve to continue to make a difference.

We resolve to be the eyes and ears that notice anything suspicious, or out of the ordinary. If we catch a glimpse of something moving alongside your home after dark, we'll shine a spotlight on it to make sure it's a prowling cat, not a cat burglar.

If you forget to close your garage door, we will do our best to alert you.

While flashing emergency lights are often left on in error, we resolve to take every one of them seriously.

Patrol drivers Murray and Linda Rosner share their afternoon shift behind the wheel.

When you are away on vacation, we are on the job, checking your property's windows and doors (if requested).

Every day, we are here for you. Metro credits us with keeping our community one of the safest in the area. Our flashing car lights are a deterrent to thieves. We help keep our homeowners' fees down and Sun City Board members and our executive director appreciate our group.

Why don't you join us? We'll give you training and a free uniform. Shifts are four hours per week. Please join our team, we'd love to meet you.

For assistance, call 254-2303.

CCOC Chartered Clubs & Community Organizations

Committee Eyeing Streamline to Procedures Manual

The CCOC meeting on December 7 did not have a quorum of committee members and therefore was not able to vote on any agenda items, however, there was discussion on a variety of topics, which will, in all likelihood, be addressed in future meetings.

CCOC Procedures Manual Review

The CCOC Chairwoman suggested the possibility of revising the manual in an effort to simplify it with the goal of eliminating redundant passages that appear elsewhere in SCSCAI documents. She believes a revision would serve to help make it easier for clubs to function.

CCOC Motions Considered by the Board of Directors at the December 5 Meeting

- ◆ Requirements to start a club. The BOD passed the CCOC recommendation to reduce the number of people required to start a club from 50 to 25.
- ◆ Household membership dues structure to be decided by the club. The BOD did not pass this revision.
- ◆ Club meeting notifications printed in the Link Magazine. The motion to change from 60 days to 30 days was withdrawn by the BOD.
- ◆ Co-presidents for clubs. The BOD did not pass this.

Non-Resident Guest Passes

A survey will be constructed to query the clubs

that have made a change in allowable non-resident guest passes to determine the efficacy of this change.

Fitness Pool Usage by Classes

Kristie McWhorter, SCSCAI fitness manager, sought guidance on aqua club classes that do not meet the 10-person-per class requirement to conduct the class. After discussion and the presentation of data regarding actual attendance, the CCOC recommended that the fitness manager is authorized to enforce the 10-person minimum requirement to conduct a class.

Performing Club Members Selling Tickets

There was discussion on the ability of club members to sell tickets to their club events.

Credit Card Payment

There was discussion on allowing credit card payment for event tickets.

NEIGHBORS **Meet Dennis Ortwein**

Clark County School to Carry Resident's Name

Story by
Aileen Zsenyuk

Dr. Dennis Ortwein, Sun City's premier vocalist, has a history of contributions to the community. Since moving to Sun City Summerlin in 2005, he has blended his talents at our Starbright Theatre with service in Las Vegas classrooms and even shared his skills beyond our shores. In addition to being recognized for his performance on stage, Dennis has been cited by the Clark County School District (CCSD) for his proficiency in the classroom. His latest accolade is recognition by the CCSD for his contributions to the schools and the community.

Dennis Ortwein is a 50-year member of Rotary International, helping to provide services to children and people in need.

A committee of seven school district and community representatives were given the task of choosing names for four new schools in the area to be completed next year. They have recently completed their task by selecting four honorees from a field of 61 distinguished candidates. Our own troubadour will be the proud namesake of one of the new schools. The Dennis Ortwein Elementary School at Dean Martin Drive and Interstate 15 is expected to

open for the 2018 school year. That's right.

In their announcement of Dr. Ortwein's selection, CCSD Board of School Trustees stated that "one of the highest honors they can bestow upon an individual . . . is to be a school namesake." Those selected "have made an everlasting impact on the local community." Dennis's history of involvement in the education of our youth is evidence that he is a worthy choice for this tribute.

In addition to his vocal talent, Dennis has a 36-year career in education in Las Vegas under his belt. Of those years, 24 were as principal and administrator. Dennis interrupted his teaching to take a leave of absence. He devoted the years

1966 to 1968 assisting the U.S. government (Aid for International Development) and Ohio University to establish a "teacher of teachers" training program for the newly formed government of Nigeria. In conjunction with this, he acted as an ambassador for the U.S. by sharing his love for music. He traversed the country performing recitals, bridging the cultures with his exceptional vocal skills and friendly demeanor.

If you have attended some of the many quality performances by Sun City's Community Theater group at our own Starbright Theatre, you surely recognize Dennis. He's the white-haired gent with the memorable singing voice.

In addition to his interest in education and music, Dennis is an advocate for civil rights. As principal of a then still-segregated elementary school, he campaigned with other civil rights supporters to facilitate the integration of the schools and to secure equal educational opportunities for all CCSD students. He also championed educational equality for students with special needs or disabilities.

In keeping with his record of community service, Dennis works with the National Conference of Christians and Jews, having been hired as the executive director. He is a 50-year member of Rotary International, helping to provide services to children and people in need. He worked with other community leaders to found the still-active Southern Nevada Interfaith Council and continues to work with them to develop interfaith forums. He escorted a group of young business people to the Manila area for an exchange visit for a month with a group of young Filipino business people.

Dennis's extraordinary story reminds us, as he says, that music is the universal language. He has put his vocal ability to constructive use throughout his career, fostering communication here in Sun City, as well as in the greater Las Vegas area, and extending to foreign lands.

Congratulations, Dennis. Your history of a life filled with service to others is evidence that you are a deserving choice for this very special honor.

STANDARDS Community Standards

Helpful Hints/ Reminders for Homeowners

Trash and Recyclable Pickup

The Community Standards office has had several reports recently regarding residents putting their trash cans and bags out one to two days before the scheduled pickup time. This is not only unacceptable, but it is dangerous in light of the increase the community is experiencing with coyotes. SCSCAI's Development Standards state that trash should not be at the curb prior to 3 p.m. the day before pickup.

On windy days, please make sure the lid to your trash container is securely fastened. If you use trash bags, please make sure they are tied closed. Always secure your trash and recyclables to keep them from taking flight around the community.

Mailbox Maintenance/Replacement

The maintenance of mailboxes and their posts is the responsibility of the residents of single-family homes; for attached units, the responsibility for maintenance falls to the sub association. Replacements should be metal boxes that match the developer shape as closely as possible. Recently, residents have been requesting locking mailboxes. The Architectural Review Committee has ap-

proved two styles – Mail Boss/Mail Manager model No. 7506 black or model No. 7507 white and Gibraltar/Wingate model No. WM16KB01 black and model No. WM16KW01 white. Mailboxes and posts must be the same color and finish that matches the original developer color.

Moving/Estate/Garage Sales

It has been reported that some residents are having multiple, unauthorized garage sales. Garage sales are only permitted during the two weekends in the spring and the two weekends in the fall designated by the Board of Directors. If you are moving or have had a death in the household, a one-time, two-day sale is permitted. A sale permit must be obtained from the Community Standards office and displayed on the residence on the day/s of the sale.

If you are aware of a resident who is conducting multiple sales, you may notify the city of Las Vegas code enforcement at 229-6615, or online at http://dp.lasvegasnevada.gov/DP1/Metroplex/lasvegas/customerservice/wiz_csr.asp.

Right, a NuStep recumbent stepper and a SciFit arm bike were added to the Pinnacle Fitness Center. Other new arm bikes were placed at the Mountain Shadows and Desert Vista fitness centers.

Kristie McWhorter, SCSCAI fitness manager, reported that four new fitness equipment pieces, totaling \$16,835, have been installed and are available to residents. A NuStep was installed at the Pinnacle Fitness Center and SciFit arm ergometers (arm bikes) were installed at the Pinnacle, Mountain Shadows and Desert Vista fitness centers.

Kristie also described plans for upgrading the monitor stations at the three fitness centers. The work will be done during the first quarter of 2018, at which time the carpets will be replaced as part of the project. At the Pinnacle Fitness Center, the existing monitor station will be moved into the lobby, thus allowing for an expanded

and cupboards will be updated to match.

Finally, Kristie recommended the purchase of five new table tennis units (or tables) – four for the Pinnacle and one for Sun Shadows for a total cost of \$7,500. The existing units (tables) appear to be original to the centers, meaning that they are more than 20 years old. The committee approved recommending the purchase and the item was forwarded to the December 5 Board of Directors' agenda where it passed unanimously.

Before adjourning, the committee recommended the creation of approximately six golf cart parking stations outside of the Mountain Shadows Fitness Center. The item will be revisited at a later date.

The next CAP meeting will be held January 9, 9 a.m., Desert Vista

THANK YOU FOR YOUR SERVICE

By Bob Cohen/Link **Rick Cornstuble**

Join the Navy, See the World

"I was born in Missouri and raised in Oklahoma, and I wanted to see the world. So I joined the Navy and asked to be assigned to an East Coast station. Naturally, I was sent to Pearl Harbor," Rick Cornstuble said in response to the question: Why did a Midwest boy join the Navy? "Join the Navy and See the World is what the recruiting poster said," and Rick got to see much of the Asian world during his four-year hitch.

While based in Pearl Harbor, Rick was destined to serve on three different destroyers. Initially, he was assigned to the USS Benjamin Stoddert DDG-22, an Adam's-class guided missile destroyer launched in 1963. The year was 1967. That tour lasted about a year and Rick was assigned to fire control for the ship's main battery of 5-inch guns. In 1968, the Stoddert was scheduled for an extensive overhaul. The ship went into dry dock in March of that year and most of the crew, including Rick, were assigned to other ships. Rick drew a WWII-era Fletcher-class destroyer, the USS Jenkins, DD-447.

The Jenkins was older, but it had been updated with some of the latest gunnery features, including RAPs – rocket-assisted projectiles – which dramatically extended the range of the main battery guns. It was 1968 and the Viet Nam War was in full bloom and the Jenkins was given opportunities to use the upgraded arsenal.

"We had a number of assignments, including shadowing an aircraft carrier during aircraft launch should any of the planes have to abort and crash land," Rick said. "It was necessary but not very exciting. One engagement that was exciting was providing fire support for a 1st Cavalry Division helicopter assault on a village. I was in fire control and we were raking a ridge that overlooked the village. Suddenly, there was a large secondary explosion. In a situation such as this, you never see your enemy; the explosion was confirmation that we hit a vital spot."

On occasion, the Jenkins' marksmanship elicited a response from enemy artillery. That didn't last long as the big guns of the cruisers lying over the horizon, and out of sight of the enemy, quickly silenced them.

At the end of the Viet Nam tour, the Jenkins was

decommissioned and Rick was assigned to yet another ship, a Gearing-class destroyer, the USS Carpenter DD-825. In July 1969, she was assigned as a secondary recovery station in support of the historic Apollo 11 capsule recovery mission. (The Apollo 11 mission put the first humans on the moon.) The capsule had a safe splash down only 12 miles from the primary recovery ship, the aircraft carrier Hornet.

During his three-plus years based in Pearl Harbor, Rick got to fulfill his dream of world travel. He had the opportunity to visit such notable places as Australia, New Zealand, the Philippines, Guam, Japan, American Samoa and Manus island in Papua New Guinea.

His tour completed, Rick returned home and used the GI Bill to earn a degree in education. During his working career, he taught middle school in Oklahoma and worked for the Indiana State Teachers Association before retiring and moving to Sun City in May 2013.

Fitness Security Cameras

Doug Wong,
SCSCAI IT Tech/
Web Support

The safety of our facilities is a high priority for the SCSCAI Board and staff. That goal is a challenge since our facilities have many common doors providing easy entry points. Criminals often watch a potential target building for a considerable time before breaking in, taking note of the ebb and flow of traffic, residents' schedules and possible points of entry.

Multi-use facilities can be even more vulnerable since there is high foot traffic from residents and their guests, and strangers can pose as guests or even residents to gain access. The larger the facility, the more susceptible it is to unauthorized entry.

So, how do we improve the safety of our facilities? One project approved by the Board and recently completed was the installation of video cameras with recording capabilities at many of our facilities. A video surveillance sys-

tem can record thieves and vandals, protect families, deter crime, and monitor building activity for safety problems. The presence of obvious video surveillance, along with video disclosure signage in common areas inside and outside a facility will, by itself, discourage criminal activity. The recorded video also can be very helpful in identifying and prosecuting criminals if needed.

The next phase of the video camera project is to install cameras at the entrances and exit points of the four fitness centers, as well as the pool areas. The fitness monitors will have access to the video so they can keep track of activities in these areas.

Installation of the fitness center cameras should be completed by the time you read this.

Golf (Men's) 18 Hole

As your 18-Holers' newly elected Club president for 2018, I hope that you and yours had a great holiday season. I would like to personally thank Gerry

Sokolski for his dedicated service as our past president. 2017 was a great year for our 18-Holers and we intend to make 2018 just as memorable. If you check the calendar, you will see that it contains basically the same activities as we have scheduled in past years. Some could say that one of the reasons is no new ideas involved and some could be right. Edye and I have lived here now fully retired for 2.5 years. Yes, I have had lots of time and in that time I played lots of golf as a member of this Club. Before we moved here, I was on the board of a large organization and was not ready to get

SUN CITY CHARITIES

Pairs Helpers With Those In Need

Sun City Charities volunteers like Dave McConnell help residents with small handyman jobs like changing lightbulbs and smoke alarm batteries to driving them to appointments. Photo by Stu Gershon/Link.

Located at the rear of the Desert Vista parking lot, at 10362 Sun City Blvd., is a very important building staffed entirely by resident volunteers who offer three very valuable services to those living in our community.

One of these organizations is the Sun City Charities. This organization provides help to residents seeking to contact government services, run errands; transportation to the supermarket or doctor's office; help with changing light bulbs and other handyman services, and more. Sun City Charities is solely dependent on donations for all its operating expenses. It has been servicing our community for 26 years. The current President, Mike Lee, reminded us that there are no formal charges for these services. However, SC Charities does request a donation to help cover its operating costs.

Currently, the program is experiencing a shortage of handymen and drivers.

Ken Cain has been in Sun City for just two years.

"I don't do this for publicity," Ken said. "I like to help people who cannot do for themselves in the hope that when I need help, someone will be there for me. One lady called me an angel – how could it get any better than that?"

Ken is a former manager of a John Deere dealership in western Illinois. His new license plate, since he moved to

Nevada is "NOW HERE" and that is why he's here, to help now!

A volunteer handymen, Dave McConnell, said, "I pretty much have been a handyman most of my life. I was a professional handyman in Pennsylvania for 10 years and moved into Sun City almost three years ago. I also gained some of my knowledge by working in a tool mill. I think that this is a great service because it gives people someone they can trust and not be ripped off.

"So far, everyone I've met, has been extremely nice, and the people I have helped have just been very grateful for the work. It just gives you a great feeling!"

A resident who is happy to endorse the handymen program is Edie Klar.

"I'm just very grateful for the wonderful program that is offered. Everyone has been extremely generous and kind with their time and every time I call everyone makes an extreme effort to help me when I need it. I've had to call them several times for transportation to get me to a medical procedure and, in the 10 years I've been a widow, these people have been invaluable to my survival."

If you have any of these special talents – turning a screwdriver, holding a wrench or driving a car, every little bit helps. Anyone interested in volunteering can call 254-5831.

Silvertones

Did you enjoy the Silvertones' winter concert "Wonderful Time of Year" in December? We surely hope so. Now it's time to turn our attention to our annual spring concert to be held in May. Our amazing musical director George Pucine has once again chosen a fabulous program that will entertain you. Weekly rehearsals resume on Thursday, January 4, 1 p.m., Pinnacle Music Room next to the Starbright Theatre. Annual membership dues of \$50 are payable, as well as \$5 for music. If you are interested in joining the Silvertones, contact Hal Denham, 254-0158.

Softball-Men's

We are nearing the end of our season's first half, which concludes on January 19. So far, the National League Grays under Coach Gary Suggestt are in the driver's

seat after a great 17-0 start. The American League has a tight two-team race with the Blues under Coach Dom Vittori and Whites led by Tom Popek look to be battling it out to the end. We've had a lot of close games so any of our seven teams could put together a streak and make things interesting. We will begin our second half on January 22 with each team starting out 0-0 as they compete for a chance to make the season playoffs against the first half champions. If you would like to see some spirited, friendly competition, come on up to Pinnacle Field on Monday, Wednesday, Friday when our first games begin at 9 a.m. You can watch our games while walking the ¼-mile track and get some steps in at the same time. Prospective members can join us for batting practice on Thursday and Saturday mornings or come join us for golf on Tuesdays at one of our great courses. We begin around 11 a.m. each Tuesday. We have welcomed 25 new members this year. For information, check out our website, www.scsssoftball.com, or call Gary Kuehl, 321-1045.
