## Two Tenants Eyeing Palm Valley Restaurant Space

*This month, we should have an offer from two entities that want to lease out our restaurant at Palm Valley.*

**Y**es, it is hot! Take very good care of your skin for the next three months. I have had some of mine removed thanks to our sun and dryness. I have become a believer in sunscreen. It works. Perfect time for the pools! Learn to swim and do the laps for your cardio. I will try to do 500 yards a day – four days a week.

On the Security Patrol I have seen several homes that do not have an emergency caller if your house is found to be open, burglarized or vandalized. Help the Patrol contact you when you are gone, by giving an emergency number of a neighbor or friend.

Many residents leave for the hot months of summer. Have a neighbor pick up your papers and mail. Good neighbors help each other. Fortunately, we have a few that we can count on.

I have to congratulate our Board of Directors. They have been the best working group I have worked with since I have

been on the Board. With the expertise of our executive director, this has allowed me to spend a very small amount of my time on Board matters and three days a week on the golf courses. I know I say it every month, but it is important to have good Directors on our Board. Consider running for the Board if you are interested

in a particular area that we work with. I have gone from 35 hours a week to about 20. It is also very rewarding, Amos, when you succeed at your goals.

Hopefully, this month we should have an offer from two entities that want to lease out our restaurant at Palm Valley. Judge Resnik, Leo Crawford and Mitzi are our assigned threesome to get a new tenant. They have worked hard to get it done. I personally eat breakfast at the Tavern at the Falls four or five days a week. It would be nice to be able to eat where I am playing golf on Thursdays.

Speaking of restaurants, our Food and Beverage Manager has been very successful at The Summit with many different ideas. I have heard his Sunday morning brunch is famous for its cinnamon rolls. Enjoy his gourmet abilities and eat at our restaurants often.

Get off the couch. Exercise, and stay healthy and active. Enjoy your Sun City Summerlin.

# TECHNOLOGY Information Technology

## Expanding Access to Community News

**Leo Crawford,**  
Chairman,  
IT Committee

**G**ood day to all Sun City Summerlin residents from the Information Technology Committee. This month we'll highlight some of the IT projects being looked at by SCSCAI.

- ◆ A new SCSCAI website, which should be up and running by July. The goals of the new website are to make our website easier to use, eliminate redundant information, eliminate outdated and wrong information, and make the new website easier to update.
- ◆ A smart device App like all the other Apps you use on your smart phone and tablet. We will be able to send notices about community events, golf specials, restaurant specials, alerts and so on – any information you've indicated you want sent to your smart device. This is a long-term effort and it will be some time before it is completed.

- ◆ An expansion of our message display boards to include the fitness centers and the golf pro shops.
- ◆ A rehousing of our backbone communications network that ties our facilities together and gives us access to the Internet, including Wi-Fi. When completed, our network will be faster. But more importantly, our network will be more resilient and less likely to fail.

The next IT Committee meeting will be Friday, June 22, 1 p.m., Desert Vista.

# LANDSCAPE DEPARTMENT SPOTLIGHT

## Mission: Maintain Community's Splendor While Conserving Water

By Ellen Greenspan/Link

**F**or the past 20 years, Louis Darling has been responsible for maintaining the mature landscaping that beautifies today's Sun City Summerlin community. As a teenager, Louis learned and labored in landscape construction. That career spanned 30 years before he began to focus on landscape maintenance. Except for time out for his U.S. Naval service, construction and maintenance of turf, plants and trees has been his life's work.

According to Louis, evergreens or pine trees prevalent in Sun City were the perfect trees for Del Webb

Snap dragons planted in early fall add vivid color to entrances and intersections throughout Sun City. In early summer, they are replaced by colorful heat-tolerant Pintas and Vincas. Residents might notice the plants that have been cropped back along Lake Mead's perimeter to Sun City. This is called restoration pruning. "That promotes better health for those plants," explained Louis. "By cutting them back, the plant is less woody and more colorful flowers will re-bloom."

*SCSCAI Director of Landscape Louis Darling. Except for time out for his U.S. Naval service, maintenance of turf, plants and trees has been his life's work. Photo by Jeannette Carrillo/Link.*

to plant in the desert. Most of them, native to Afghanistan and Mediterranean countries, were durable attractive young trees when originally planted in the barren new Sun City community. More than 25 years later, these extensive huge-rooted, needle-dropping trees have become problematic. Our landscape staff has removed about 30 percent of the community's originally planted pine trees, most often to prevent their roots from damaging walls and concrete walkways.

Sun City's landscapers avoid plants that are known allergens. Louis mentioned that new residents who relocate here from non-desert areas often develop allergies due to the native plants. For that reason, olive or mulberry trees may not be planted in Nevada or California.

Louis advises newer residents looking to landscape their yards to drive around the community to appreciate properties that appeal to them. "Take photos of trees and plants that you like. This will help you know which plants do well here," he said.

Texas Rangers, green or grey clouds, and roses all contribute color and do well in desert areas with average care. Ocotillos are attractive desert plants that occasionally are killed by residents who over-water them. "A big killer of plants in the summer is over-watering," Louis said. For the first year, an Ocotillo needs only to have its trunk occasionally sprayed, after which it can be watered weekly. At maturity, an Ocotillo may be watered up to three times a week or less.

Louis is serious about our community's obligation to never waste water.

"Wasting water in the desert just isn't smart," he said. "We cannot let younger generations worry later about diminished available water."

## Resident's Donation Is a Beautiful Gift

~ Ellen Greenspan/Link

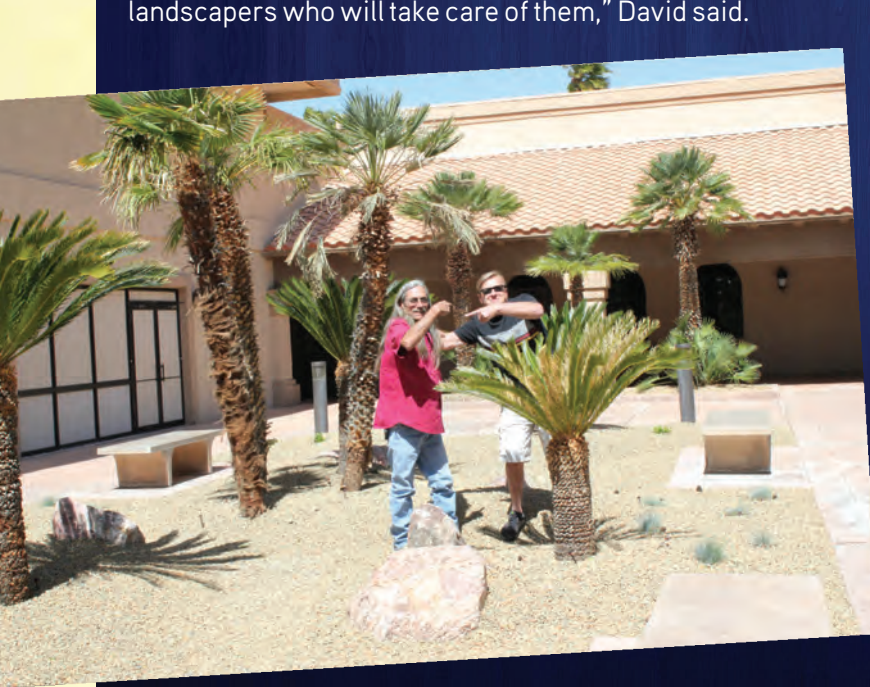

A year ago in May, David Urban became a Sun City resident property owner, whose new home was decked out with lush sago palms. Sagos are magnificent and they are costly, but they are not an ideal landscape selection if you tend to let gardening slide. Each year, maintenance necessitates that excessive growth at the base of a sago must be chopped off to avoid tangled clutter. Older leafy spines also should be routinely cut off.

"One huge palm was impeding the driveway and other large plants were scratching stucco on the house," said David, who decided "It was my responsibility to remove the trees and transition to a desert landscape."

Leaving only three small palms in the back patio area, David offered to donate five sagos to his new community.

Upon learning of the donation, SCSCAI Landscape Maintenance Director Louis Darling was excited. Not only did he realize the value of the palms, but he had an ideal location in mind for them – in the spacious patio area alongside the Mountain Shadows Community Center.

"I'm glad the community can enjoy the sagos, and that the community employs professional landscapers who will take care of them," David said.

Right, from left, Nicolas Martinez, Nelson Hernandez, Basilio Saldivar and Marciano Olivia put the finishing touches on rehoming the sagos (photo by Jeannette Carrillo/Link).*

In March, 190 days had passed with no measurable rain-fall in Sun City. One fairly recent conservation project involved Louis' crew removing the grass that covered the hill in front of the Desert Vista Community Center. According to Louis, the grounds were watered every day in the summer from 8 p.m. to 6 a.m., utilizing an exorbitant amount of water. Since the turf's removal, the modified desert-landscaped is watered for only a half-hour each night.

Two neighboring developments to our community have not invested efforts in excess turf modification.

"When I drive through those communities, I see puddles and water running along the curbsides – all wasted water that is not being monitored," Louis said.

When we irrigate turf areas in Sun City, Louis said,

water is turned on, depending on the type of sprinklers, for 3 minutes. Then, it is turned off for 15 minutes, which allows the water to soak into the ground. Finally, the water is turned back on for another 3 minutes. "We have no collecting puddles, no wasted water," Louis said.

Sun City's landscape staffers are on the job weekdays from 5:30 a.m. to 2 p.m. They take a 15-minute break at 8:30 a.m. and a half-hour for lunch at 11 a.m. Our easily recognizable landscape employees wear bright yellow shirts with their name and "Sun City Landscape" imprinted on their shirt fronts.

When driving family or visiting friends through Sun City, it's impossible not to hear someone remark about the community's attractive mature landscaping. It's all the result of very hard work and very well-planned maintenance.

# PREPAREDNESS **Neighborhood Watch**

## Sun City's K-9 Corps and Watchful Walkers Are on the Job

The next NW/CPC meeting is Wednesday, June 20, 9 a.m., Desert Vista. Join us for coffee and donuts.

**P**et-walking volunteers on the Neighborhood Watch K9 Corps are given red dog tags for their tail-wagging partners and guidelines explaining the “See something, say something” practice of the community-service program.

Like Sun City's K9 Corps who walk with their dogs while increasing the visibility of the Security Patrol, residents who exercise by walking for their health usually follow familiar routes, and while doing so, they socialize with the neighbors they meet along the way. They have developed an awareness of typical activity in those neighborhoods. And similar to the K9 Corps, Watchful Walkers also are aware of anything that might be amiss.

containers that may not have been returned to a garage. Such indications as lights that have not been switched off in daytime, or bulbs that are not lit after dark, are possible clues that something might be wrong inside a home.

If you have been making an excuse not to exercise on your own behalf, this is your chance to fortify your resolve, while also making a real contribution to your community. You can be a K-9 Corps volunteer or a Watchful Walker even if your neighborhood does not yet have an organized Watch group. Watchful Walkers wear Sun City V.I.P. wristbands.

While they exercise, Watchful Walkers add to the visibility of Security Patrol cars that monitor

One Sun City resident wanted to join the K9 Corps but told the program coordinator: “I don't have a dog. I walk most days for my health and I would like to be part of the program.” So, the program welcomed him to join the civic-minded, dog-less residents who walk – just for the health of it. Walking is excellent exercise and now it also can be an ideal way to help keep our community safe.

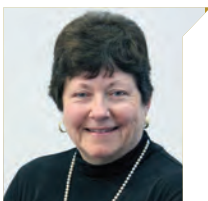

According to Barbara Holden, Chairwoman of the Neighborhood Watch/Community Preparedness Committee, “The guidelines are much like the K9 Corps, except dog-less walkers don't carry a plastic waste bag. If you see something, say something,” Barbara said. “It's still that easy to do.”

Although the focus is on crime prevention, the true premise is about neighbors helping neighbors. While walking their routes, Watchful Walkers might notice newspapers, advertisements or packages collecting in driveways, or empty trash

the community. Walkers report questionable situations that they see, but they never should confront anyone, or intervene in any apparent criminal activity. Depending on an occurrence, volunteers will call the **Security Patrol's dispatcher, 702-254-2303**, or if they witness an emergency situation, they may take it upon themselves to dial 911 to summon emergency responders.

It bears repeating that Watchful Walkers will not personally confront questionable individuals. Communication with residents will continue to be the responsibility of the Security Patrol or Las Vegas Metropolitan Police Department officers. It's a good idea to program the Security Patrol's number into your cell phone.

Learn more about Sun City's Watchful Walkers, K9 Corps, or how to organize a new Watch group in your neighborhood by attending the monthly meetings, or email neighborhoodwatch@suncitylv.com.

## Heart Attacks & Strokes

*There is a small window of time to receive life-saving medications and treatments for a heart attack or stroke.*

**Kristie McWhorter,**  
MS, CPT, GFI,  
Fitness Director  
kristiem@suncitylv.com  
fitness@suncitylv.com

**D**o you know how to recognize if someone is having a heart attack or stroke? Do you know when to call 911?

Signs of a heart attack are discomfort or pain in the chest and upper body (arms, back, neck, jaw or stomach), shortness of breath, cold sweats, nausea, and/or lightheadedness. For women over 50 years of age, nausea (with no known cause) is the most common sign of a heart attack. If you have any of these symptoms for which there is no noticeable cause, you should call 911 immediately.

Signs of a stroke are the **sudden onset** of numbness or weakness on one side of the body, confusion, trouble speaking, trouble seeing, trouble walking, dizziness, loss of coordination, or a severe headache with no known cause. If you suspect someone is having a stroke have them do the “smile test.” If only one side of the mouth smiles they are most likely having a stroke. Call 911 immediately.

In both cases, there is a small window of time to receive life-saving medications and treatments for a heart attack or stroke. So, calling for emergency help is very important. Do not drive yourself or have someone drive you to the hospital.

Paramedics will be able to provide life-saving medications and utilize an Automated External

Defibrillator (AED) when needed. Call 911 and have an ambulance transport you to the hospital for the best and quickest medical care.

**Important Note:** When you call 911 for help, paramedics will be sent. There is no charge for them to come out to you and give emergency aid. You are only charged if the ambulance transports you to a hospital or other medical facility. So, if you are unsure of the situation, call 911. It’s better to be safe than sorry.

### DID YOU KNOW?

**Sun City Summerlin has 10 AEDs (Automated External Defibrillators)** located throughout our community in each fitness center, social hall and golf course pro shop. Most of the staff that works in the vicinity of an AED is trained and certified in the machine’s use, as well as the most recent guidelines for first aid care and CPR. In addition to the fitness and social monitors, and pro shop employees, many others from Maintenance, Landscape and Administration departments are trained. We have more than 130 employees throughout Sun City Summerlin who are trained to respond to emergency situations. It’s just another way we are trying to take care of the residents of our community.

\$1.9 Million Upgrade Needed to Bring Irrigation System Up to Date

~ By Golf Course Maintenance

On May 1, 2018, SCSCAI's Board of Directors approved the Palm Valley Irrigation System upgrade. Heritage Links was awarded the \$1.9 million contract.

The new system will replace the original Rainbird "block" irrigation design that was installed in 1989. According to Brian Bagwell, Director of Golf Course Maintenance, the block design is not water efficient, nor is it easy to maintain consistent turf grass on golf courses.

"With this block-system irrigation design, overwatering is unavoidable. The current sprinkler heads that we have on the course are no longer available, and the piping system is deteriorating," Brian said. In addition, "Head spacing is very inconsistent. The new irrigation system will be a Rainbird system, but it will have single-head control."

Having single-head control will allow the GCM staff the ability to manipulate the water at each sprinkler head instead of the entire line, Brian said. "The sprinkler head spacing will be consistent at 60 feet. This will save the

Association water and help us be more efficient in our watering practices."

The irrigation project will take place along the front nine holes of Palm Valley's Golf Course. The start date is set for Monday, June 18. Completion is scheduled for September 17. During this time the front 9 will be closed, with play available on Palm Valley's back 9, only.

"During this process, our maintenance staff will be working hard at promoting Bermuda grass in the front 9 fairways. This has been an ongoing project over the years and we only have No.s 1, 4 and 6 to complete," Brian said.

Overall, the Palm Valley Golf Course irrigation project will help the Association with its water-saving goal as Bermuda grass is much more drought tolerant.

"The contractor has been asked to keep the integrity of the old system as long as possible so the greens won't die and we can keep things as green as we can during the construction," Brian said.

### NOW & THEN

## Second Generation Arrives in Sun City

By Miriam Block; photo by Stu Gershon/Link

*Miriam Block re-creates one of her mother's photographs taken during the construction of her parents' Sun City home. Miriam inherited the house and moved in last October. She is enjoying getting active in community activities. Photo by Stu Gershon/Link.*

My parents, Ana and Ernie Block, moved into their San Marino home in Sun City Summerlin from Tarzana, Calif., in 1991. My mother was 59 and my dad 62. They loved Las Vegas long before Sun City was conceived. Some of our weekend family vacations were in Las Vegas.

My memory of Sun City was that it reminded me of a camp for seniors. For 27 years, my parents stayed active in this beautiful community. They founded the Ping Pong Club. My dad drove for Security Patrol, was a member of the Properties Committee and the Tennis Club. He participated in the Senior Olympics, winning medals in track and field. My mom took many of the fit-

ness classes at the community centers and was an original member of the Sun City Bet Knesset Bamidbar choir. They loved going to the buffets at the local casinos, where my mom also enjoyed playing bingo.

When my sister and I inherited the house last year, my partner, Rich, and I decided to buy my sister's half of the house and move from Minneapolis to Sun City. We arrived with our dog Murphy last October. I am 62, just like my dad was when he moved here. I'm looking forward to many years of "camp" fun. We're already taking advantage of this lovely desert community by attending the fitness centers, Friday Band Nights at The Summit and the Classical Music Club.

## Safeguarding Your Home Against Rats

Much like rabbits and coyotes, rats are here and will not go away any time soon; they have learned to live with us. According to the Southern Nevada Health District, rats can and do live in areas of high human population density undetected and without creating significant public health hazards.

That said, there are many things a resident can do to prevent having a problem with rats invading their home. Some simple, effective measures have yielded great results in controlling rat populations.

**Seal off cracks and crevices** around your home that are easy entry ways for rats. Roof rats can gain entry into your home via small openings in the eaves.

**Do not feed your pets outdoors.** If you must, pick up any food debris quickly after your pet has eaten. Do the same for water.

**Food stored in the garage** should be held in sealed glass, metal or sturdy plastic containers.

**Bushes and trees** should be kept to at least 18 inches from the outside of the house, making it difficult for rats to access an entry site. For more information on the topic, visit [www.southernnevadahealthdistrict.org/health-topics/rodent-pests.php](http://www.southernnevadahealthdistrict.org/health-topics/rodent-pests.php).

## The Link Online

By Jeannette Carrillo/Link

**S**ince debuting its Facebook page **Sun City Link Magazine** at the end of March, we are happy to report that residents and their friends have turned out in great support. A little over two months in and the magazine has developed a strong following of 222 people and counting. In addition, 210 FB users have logged on to “Like” events we’ve promoted, which have included club concerts and activities, special dinners at our restaurants, golf promotions and more

In addition to the Link FB page, Darlene Fadem, the Link’s FB content creator, started a Group page, **Sun City Link Magazine Neighborhood Group**. The reason for the Group page is to allow residents to post their photos, comments and videos directly to the site. Frankly, we were getting so many requests from residents who wanted to share what they were doing with us that we decided to open a Group space where they could connect with one another. You can share tips on a fabulous restaurant find, show off your gardening skills, update the community on your club’s activities, tell us where you relocated from and, in general,

get a conversation started. Please remember that the page is designed to connect the community, not divide it, so keep your comments helpful and fun.

If you are a Facebook user and need help finding the Link’s page, all you need to do is log onto FB and type **Sun City Link Magazine** in the search bar. Once the Link’s blue logo shows up, you have arrived. To find the Group page (where you can post your feedback), scroll down to the blue search bar below the blue Link logo that reads “Visit Group.” Click that and you will be directed to the Group page.

Welcome! You have now moved into the Sun City Summerlin online community with more than 160 neighbors and counting. Now do your part and show us how **YOU** Sun City Summerlin!

conceptual  
**idea**  
there's a new  
process in town

by  
**Bob Cohen/  
Link**

**D**id you ever have the feeling that when you are dealing with government at any level you're shoveling against the tide? Or maybe it is more accurate to say that you are whistling into the wind because it seems that no one is hearing you. Well, times are changing – at least here in Sun City.

Executive Director Mitzi Mills has introduced a new process that allows every resident's idea to be heard. More than that, the process she calls a Conceptual Idea involves the stake-holders of an idea taking their thought through a series of steps that provide detailed information (pros, cons, costs and benefits) by gathering comments and input from homeowners, staff, industry professionals and committees. Following that is a presentation of the findings that allow for an educated decision to be made. The study is then published in the community library and website (scscai.com) for future reference.

**Here are the steps:**

1. An idea or request is submitted to Mitzi. An appropriate team is then constituted to do the following:

- a. **Cast the Line** – Identify the parameters of the project/idea to discover what the end goal is and create a clear and concise introductory paragraph of the request.
- b. **Stake Holders** – Identify the stake holders. This could be a chartered club, an activity, individual homeowners, a committee, staff or a combination of those identified. The stake holders are those who will benefit from the project or idea, those who may be negatively affected by it, the clubs, the homeowners and the committees that need to be included before the Board of Directors sees the request.

2. SWOT Analysis

- a. **S** = Strengths of the project. How it benefits the community, club, organization or individuals.
- b. **W** = Weaknesses. What obstacles need to be overcome to do this project or idea, and at what cost.
- c. **O** = Opportunities. What added value and opportunities does this project or idea bring to our community.
- d. **T** = Threats. What are the threats or disadvantages to moving forward or not moving forward. What possible negative impact is there.

3. PEST Analysis

- a. **P** = Political impact on the community. Will the project or idea be well accepted by those who own the community? Will this project or idea create controversy outside our community?
- b. **E** = Economical. What is the estimated cost of the project or idea? What are the long-term costs of the project? What will be the bottom line effect on the Association budget if this project or idea is adopted by the Board? How will it be funded?
- c. **S** = Social. The basis of Sun City Summerlin is to promote social activities in an active adult resort-style community. In the CI, we quantify the social benefit by identifying who will benefit.
- d. **T** = Technology. Does the project or idea update or bring new technology to the community that keeps us competitive with new communities and provide convenience to our homeowners?

## CI Process Paves Way for New Saws for Sawdusters

In one of the first applications of the Conceptual Idea process in Sun City, Sawdusters Club members Chris McKee and Tom Johnson presented the justification for the purchase of two new computer-controlled saws for the Club. The presentation was backed by facts developed by the CI process. In short, the CI process allowed the

**Ken Caroccia,**  
Chairman, Common  
Area Properties

Club to submit the purchase request to the Administration, which assembled a task force to determine the pros and cons of the purchase. The main purpose of the acquisition is safety as this model of saw is capable of detecting and reacting to human skin so quickly that it is nearly impossible to cause injury. The CAP committee

voted to approve the request, which now must be acted upon by the Chartered Clubs & Community Organization Committee and the Finance Committee before submission to the SCSCAI's Board of Directors.

**In other news:** Maintenance Supervisor Brandon Balek reported that an acceptable bid had been received for the creation of golf cart parking at Mountain Shadows. Executive Director Mitzi Mills authorized the work. Creating these spaces will free up more parking for automobiles.

Fitness Director Kristie McWhorter reported that the chairs and lounges at Mountain Shadows are being re-slung and that the acquisition of replacement furniture for Sun Shadows and Desert Vista was moving forward. A new low-back extension machine and a vertical knee raise dip machine have been recommended for the space made available by the remodeling of the Pinnacle Fitness Center.

Landscape Director Louis Darling reported that the turf in the Mountain Shadows BBQ area is being refurbished.

Director of Golf Donny Long reported that the new PA system at Eagle Crest has been installed. In addition, the golf pro shops are in the process of converting to Cox high-speed Internet service, which will reduce the time it takes golfers to purchase rounds/items at the pro shops.

*~ Bob Cohen/Link*

*(Continued from page 34)*

Each CI is introduced to the community at the beginning of the study and the membership is updated as it progresses, so they can provide feedback. Comments are included in the final study before it goes to any committee for review, and also when it goes to the Board. All comments contain the author's name for publication on the Association's website. Anonymous comments will not be accepted.

The process allows for homeowners to be completely informed on proposed ideas before any decisions are made. Once a decision is made by the Board, the CI is updated to document the Board's reason for approving or denying the

CI. With this history, any homeowner, who in future years, is interested in an item that was denied can read the research. If there is nothing new that would change the decision of the Board the item will not be re-submitted.

Studies are updated every time new information is available. When a CI is going to be on an agenda for a committee, organization or Board meeting, a notice will be sent out with a direct link on the website to the completed CI.

There you have it. A complete, well-developed process that will allow each of our voices to be heard. The next step is up to you.

## Watch Commanders – Why?

~ Dorothy Macchio/  
Security Patrol

**R**etirement – time for relaxation, new pursuits without career demands. We come to Sun City Summerlin to enjoy all the activities available, or not. It’s a wonderful choice. We have worked hard all of our adult lives and now it’s time for fun.

family members.”

For Doug Krause, “When we moved here, I read an article in the newspaper about Security Patrol and decided I wanted the challenge. I joined and trained as a driver.”

John Breed said, “I played golf and joined book clubs, but there wasn’t enough variety for me. So, I joined Security Patrol as a driver and then trained for watch commander. I’m still surprised by new situations to help and calm our residents. Eight years as a watch commander has provided great variety in the exposure to a number of residents.”

A “concern for resident” situation recently arose that put the skills and training of the watch commander and the driver to the test. The daughter of a resident phoned the Patrol base asking if someone could check on her parent. The driver, John Breed, assigned to the area where the resident lived, became concerned when he didn’t get a response from the resident even though a neighbor said the resident was home. Looking in the window, he saw the resident reclining on the bed not responding to his knock at the window. Breed radioed the watch commander, Sandy Weiser, and she went to the residence. Observing exactly what the driver saw, Watch Commander Weiser phoned 911. When the Fire Department paramedics and Las Vegas Metro arrived, they found the resident responsive and in good physical health, but depressed. After the emergency team left, Weiser returned to the residence and talked with the resident whose spouse had recently died. Weiser observed the resident was extremely depressed and voiced a negative view of life. Weiser contacted the daughter and reported her observations, suggesting the resident be put on suicide watch until the daughter could come to Las Vegas. The daughter agreed.

Security Patrol’s Policies and Procedures govern responsibilities for each discipline and shift. “They are necessary to do the job correctly,” Krause said.

Clockwise from top left, Sandy Lyons, Sandy Weiser, Doug Krause and John Breed answered the question of Why: “To give back to our community.”

So why would you volunteer for a 12-hour shift and be responsible for dispatchers, drivers and the concerns of your neighbors? The answer is so simple it seems trite.

Watch Commanders Sandy Weiser, Doug Krause, John Breed and Sandy Lyons answered the question. To give back to our community.

They accepted the watch commander position in addition to their regular four-hour shifts as driver, dispatcher or IC (information center) volunteer.

“Many residents are original residents. Some have no family or friends in the area that can help them. They are alone and cannot care for themselves,” said Sandy Weiser. “Security Patrol has expanded its role to fit the needs of the community.

Sandy Lyons added, “We perform welfare checks, follow-up on resident emergency lights, hospital calls and maintain contact will distant

## Band of Brothers

There's something special about Iowa. Something that creates large, close-knit, patriotic families even during the harshest of times. Take these two examples, both products of the Great Depression: The Sullivan brothers and the Davis brothers.

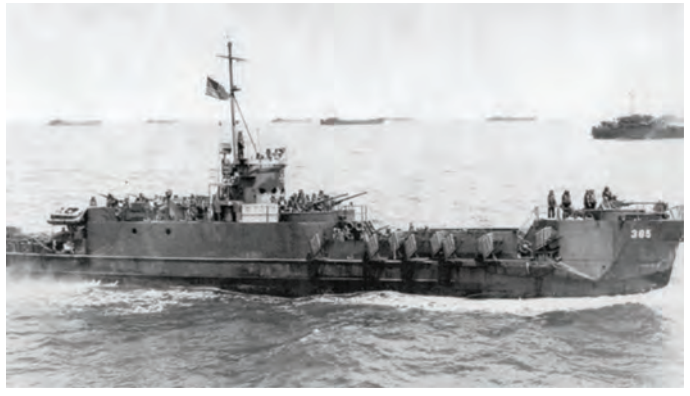

Everyone in America at the time knew of the five Sullivan brothers who served on the light cruiser U.S.S. Juneau and died with the ship in November 1942. They were from Waterloo, Iowa.

Hardly anyone knew of the seven Davis brothers who lived in Burlington, Iowa, 150 miles away. They, too, were a Navy family.

"There was never any question of which branch I would chose," recalled Sun City resident Mel Davis, 92. "We were a Navy family. My oldest brother Sheldon joined the Navy before the war started. In fact, he was serving on the West Virginia in Pearl Harbor on December 7. The ship was gone, but that didn't stop Sheldon. He just transferred to submarine duty. The only question was: When would I enlist? The answer was October 1943. I was the sixth brother to enlist."

He was sent to Farragut, North Dakota, for boot camp. Not a great place to spend the winter. Upon completion, he was assigned to signal school in San Diego, a vast improvement. Upon graduation, he was assigned to the USS LCI(G) -752, a new ship commissioned in late April 1944. LCI (Landing Craft Infantry) were 158-foot, long-range ships designed to carry 190 infantrymen into combat. Some of those were converted to other uses. The 752 was reclassified as a gun ship and outfitted with 10 rocket launchers a mere 3 months later. Once the retrofit and shakedown cruises were completed, the ship and crew, including 18-year-old Mel Davis headed for the South Pacific, assigned to LCI Division Sixteen in support of General Douglas MacAuthor's Southwest Pacific campaign.

"As a gun ship, we had a complement of five officers and 65 enlisted men. Our first combat assignment was to provide close-in fire support for the infantry invading Leyte Island in the Philippines. That was October 20, 1944. We started firing early in the morning. Later that day, we were assigned the task of delivering a group of

doctors to the northern end of the island, behind Japanese lines. We never made it. At about 6:30 that evening, we were attacked by six Japanese dive bombers attacking the bow of the ship along with two others

diving on the stern. I think one of those planes was a kamikaze because he was headed right for us. One of our guys got him with a sub-machine gun and he crashed harmlessly into the water. The guys on the 20mm and 50-caliber guns shot down four of the planes and drove off the others heading for our bow. But the last plane was able to drop a 250-pound bomb aimed at our stern. It missed, but was close enough that the explosion lifted our stern out of the water and twisted the propeller shafts. We were dead in the water and out of the war," Mel said.

"After things quieted down (the whole attack probably lasted 5 or 10 minutes – though it seemed like 10 hours) we noticed that the suspected kamikaze was floating about 50 feet from the ship. We didn't want it drifting into us, so three of us took a small boat out to the plane. We opened the hatch. It was sealed and could not be opened by the pilot, thus confirming to us that it was a kamikaze. We checked to be sure the pilot was dead. He was. One of the guys took a souvenir. We made sure the plane would sink and returned to the ship.

"They towed us back to the bay, where we dropped anchor and waited for a tow to Pearl. While we were waiting for that tow, we were attacked by Japanese torpedo planes four or five times. It seemed like they would always attack early on a Sunday morning, coming in low out of the morning sun so we didn't see them until just before they launched. We were able to see the wake of the torpedo as it targeted us. Let me tell you, that was not a good feeling. We were helpless, a sitting duck. But it appears that the torpedos were set for a depth of 14 or 15 feet and we were drawing only 4 or 5 feet of water. They passed right under us," Mel said with a smile.

The ship had to wait three months for a tow back to Pearl Harbor for repairs. By the time the repairs were completed, the war was over. Mel and the 752 went to Tokyo for occupation duty. They arrived in time to witness the formal surrender on the USS Missouri on September 2, 1945.

"We were anchored very close to the Missouri, maybe 200 yards. I was able to watch the whole thing through my binoculars," Mel said. He remained in Japan until December 1945, when they returned home. The ship and Mel were decommissioned in April. Mel returned to Iowa to be reunited with his mother, six brothers and four sisters.

Mel and his wife, Kathy, moved to Sun City in 2003. Mel has been a member of the Niners golf group for those 10 years. And, at 92, he still plays three times a week.

## SOCCER, ANYONE?

### Seasoned Goalie/Coach Seeks to Share His Love of the Game

*By Beth Nappe*

**O**n a beautiful spring Saturday a couple dozen men gathered at All American Park to play a game that most grew up playing in the countries of their origins. They hail from Mexico, Jamaica, Columbia, Canada, Russia, the Netherlands, former Yugoslavia, Turkey and Poland. Most of the players are in their 30s and 40s with the exception of one goalie. The younger players call this player “Papa.” Eddy Biren has played soccer and coached at the semi-pro or pro level in several countries, and his love of the game and his expertise has earned him the respect and admiration of his teammates.

Mike Nikolic, a former professional player and current teammate, described Eddy as “one of the greatest goalkeepers of the game.”

Eddy Biren has a few years on his fellow players. Let’s just say he is approaching 80

years old and his enthusiasm for the game of soccer and life in general is infectious. He has been playing the game since he was 6 years old. Eddy plays soccer twice a week. He also regularly plays ping-pong, pool, tennis and, occasionally, hockey.

“When I was 40, I used to think I hope I can play soccer when I am 50, and when I was 50, I said ‘I hope to play when I am 60 and so on.’ Now I will be 80 in a few years and I hope I will be playing at 80, as long as I can,” Eddy said.

In the recent Senior Olympic Games in California, his team was awarded a silver medal in the 75 and older category,

This Sun City resident was born in Russia. His family left when he was 6 years old and moved to Poland. From there he continued playing in Austria, moving next to Italy and Canada

and finally to California. He came to Las Vegas for tournament play and a friend showed him around Sun City.

“Soccer is how I ended up in Las Vegas,” he recalled.

Soccer has not only been the vehicle for Eddy’s travels, but has afforded him the opportunity to be conversant in several languages. While he is self-deprecating about his command of the English language, which, by the way, is better than some native speakers, he also speaks Russian, Polish, Italian, German, French and Yiddish.

Eddy was trained as a draft designer. He also has worked as an electrical contractor and owned some clothing stores in his pre-retirement life. He managed to continue playing the sport he loves while working to support himself and his family.

He attributes his health and well-being to exercise and watching what he eats. He also doesn’t drink or smoke,

and doesn’t take any medications or supplements. Eddy does confess that he loves to eat, donuts being a favorite indulgence.

He is the proud father of two and has nine grandchildren.

Jett, one of his grandchildren, is following in his grandpa’s soccer boots and at 6 years old has already distinguished himself in the sport – recently being awarded a Most Valuable Player trophy.

Eddy would love to start a scrimmage game here in Sun City. Anyone interested in playing soccer can contact Eddy at eddyb.soccer@gmail.com, or 818-599-5770.

## **"'56 ROCK 'N' ROLL REVIEW"**

*Saturday, June 2, 7 p.m. · \$20*

THEN: '56, a year that featured Coup de Villes and drive-in movies, Ed Sullivan and Milton Berle in your living room once a week. Mickey Mantle led the Yankees to the pennant and Grace Kelly left Hollywood's silver screen to become a princess. Elvis had four Top 10 hits that year, alongside Dean Martin and The Platters, and he became a movie star – all in 1956. NOW: '56, four amazing musicians, individually accomplished in other genres, come together to ask this question: What if all those legends from Sun Records and the Louisiana Hayride never went to Hollywood, never made TV shows and movies, but were still just playing today? '56 is the answer! So, put your glad-rags on and grab your best gal or guy, and get ready to ROCK!

The Motown sound dramatically changed American music and influenced the world. With platinum-selling stars such as The Jackson 5, Michael Jackson, The Supremes, The Temptations, The Four Tops, Smokey Robinson and Marvin Gaye on its music roster, Motown will always be popular. Award-winning vocal group Gregg Austin & Second Wind have become a staple in the Entertainment Capital of The World, performing oldies but goodies and especially Motown hits of Yesteryear for over three decades. "We need more shows with performers, not just big production shows," said Austin. "I saw a void in this town with a lack of personality entertainment. We need song and dance in a show. I took a bunch of local entertainers and created "The Magic of Motown & More," performing the music of The O'Jays, The Manhattans, Earth, Wind & Fire, Luther Vandross, Anita Baker and more!

## BOOMER CONNECTION

### Like Meets Like In Group Made Up of New Residents

In 2011, residents Julie Zerbel, Lynda Carpenter, Sue Papilion, Ellen Bachman and Nancy Banner got together at Lynda's house to discuss forming a club that would allow the residents of Sun City Summerlin to connect with others among the more than 12,000 people living here.

The result of that conversation was the establishment of the Boomer Connection, a club "aimed at the newer members of the community and those residents whose status had changed over the years," said Club President Julie Zerbel. "The club has always encouraged its members to start new sub-groups within it to find others with similar interests. Throughout the six years the Club has been in existence this is how most of the events have come to be. A chairperson oversees the event throughout the year and usually a new chairperson takes over every year or two."

As the Club began to take shape, Julie said, "We talked about how there were no social clubs in Sun City, and every club was just for one specific thing like Mah Jong or Shuffleboard. There didn't seem to be a club for people to just meet others, socialize and make friends. That was the biggest point for us, making friends as most of us had been here a year or two and hadn't found people with similar interests through other clubs. We had our one-time meeting, where you get a free room to try and organize a chartered club, and had about 75 people show up."

From that point, the Club has grown to more than 350 members. Today, The Boomer Connection meets quarterly, but has functions throughout each month.

Some of the more popular events are the BYOB and Wine Connoisseur parties that are held in members' homes; Ethnic Dining, which takes place at an exotic restaurant throughout the valley; Bunco, which is a dice game with rotating hosts; Mexican Train, a dominoes derivative game; and Hand & Foot, which is a card game much like Canasta. There is also a weekly bowling league that meets at Red Rock Lanes every Friday from 10 a.m. to noon.

A recent Mix & Mingle was held to great success. According to Sofia Castille, the M&M coordinator, "If you were new to the Boomer Connection or a member that had not been able to attend previous socials, then this was the gathering for you! We had fun ice-breaker games, great party music (at a sensible noise level) and a photo booth. A hospitality crew was available to make introductions and assist in table selections. Everyone brought a hot or cold appetizer to share, and a cash bar was available. As members schmoozed, exchanged ideas and made new friends in Sun City Summerlin, they sipped on the evening's signature cocktail – The SCS Boomer Boomerang."

Overall, Boomer Connection activities allow for members to enjoy an evening of socializing and connection with other like-minded residents. The next Boomer Connection meeting is Tuesday, June 5, 7 p.m., at Desert Vista. For more information, email Julie at [juliezerbel@yahoo.com](mailto:juliezerbel@yahoo.com).

Area merchants were very generous with sponsorships and great raffle prizes. A wonderful lunch at The Summit followed the tournament. Vicki Belford, president, welcomed our guest golfers and introduced our invitational chairs, Rosie Walisever and Glencora Lannen. Rosie thanked all her helpers. ## DANCE COMPANY

### Sun City Club Cultivates Young Talent

On Wednesday, April 11, the Bobcat Tappers made their dancing debut at the Desert Vista Ballroom. The Tappers are 2nd-, 3rd-, 4th- and 5th-grade students from Kermit R. Booker Sr. Elementary School in Las Vegas. One of the members of the Sun City Dance Company is Lida Derrin and, three years ago, she asked the Dance Company if they could teach her students tap dancing. The children made the commitment to stay after school each Wednesday and members of the Dance Company traveled to the campus to teach them the basics. The Dance Company also helped provide the students with tap shoes and T-shirts.

Interested children sign up each September to take part in the class. Dubbed the Bobcat Tappers, they perform for their own school and their community.

During the presentation at Desert Vista, Victoria Jones, founder of Tap Fest, addressed the audience. Both the Dance Company and the Bobcats were scheduled to perform at Tap Fest. The event was held in May at UNLV. The dance festival's mission is clearly stated "To produce, educate and perform the history and tradition of tap dance culture for the youth." The festival is based out of Las Vegas because it is the Entertainment Capital of the World.

Suzanne Rosenthal, president of the Dance Company, said about the Bobcat program, "It is a rewarding collaboration between the young and the mature dancer!"

~ Stu Gershon/Link

We're there 24 hours a day, 365 days a year. Our membership meetings are held on the fourth Tuesday of each month, 7 p.m., Room 5, Desert Vista. We would be happy to take you for a ride-along if you would like.

### Sewing (Just Sew)

Our Last meeting before summer break is June 6, 12:30 p.m., Desert Vista. It will be our annual sandwich luncheon. Each attendee brings a sandwich cut in fourths to share. Chips and dessert will be provided. There is no monthly meeting in July and August, but Thursday general sewing will meet as usual. Come in out of the heat and join us from 9 a.m. to noon each Thursday. As always, donations of fabric and yarn are gladly accepted. For information, call Sue Voigt, 701-457-8953, or visit our website, [scsclubs.wixsite.com/scsjustsew](http://scsclubs.wixsite.com/scsjustsew), to see our current projects.

June has arrived and along with it is the threat of the very hot summer weather. Starting time is adjusted to 8 a.m., making play more comfortable. We always welcome and have room for new members. Call Andy Lawson, 242-1540.

### Silver Foxes

our classes. The classes are given often with fantastic instructors and our members are very supportive. For more information, call Sam Miller, 629-6278. The next club meeting will be Saturday, June 9, 9 a.m., in the Silver Room at Mountain Shadows.

## Silvertones

The Silvertones would like to thank all of our friends who attended our spring concert in May. It was a show-stopping success and we enjoyed performing. Now it's time to take a break for the summer. We will resume rehearsals in August. If you have ever considered singing in a choir, think about joining the Silvertones. There are no auditions and reading music is not required. All we ask is for a commitment to attend weekly rehearsals and to participate in the winter and spring concerts. For additional information call Hal Denham, President, 254-0158.

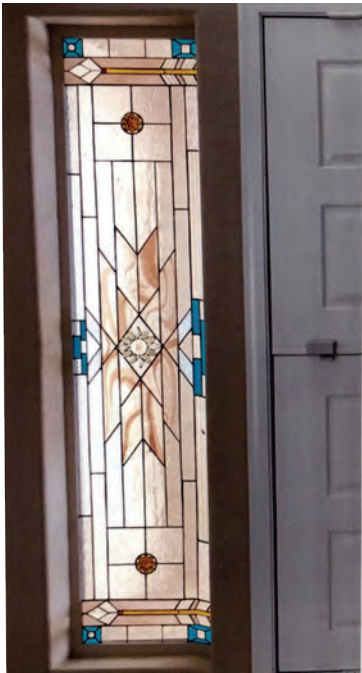

## Softball-Men's

We concluded our 56-game regular season with seven teams competing in our two leagues. In the American League, the Blues, under Manager Dom Vittori, captured both halves and easily won the overall league championship. In the National League, a season playoff was necessary since the Grays under Gary Suggett won the first half and George Geyer's Whites took the second half. These two teams will match off in a best of three playoff to determine the season championship. The winners will enjoy a brief period of boasting until our attention turns to the upcoming season, which will begin in late September. We also enjoyed our spring golf tourney with more than 40 participants and over 100 members and spouses gathered for our spring Club picnic. Over the summer months, our club will gather on Pinnacle Field each Monday, Wednesday and Friday mornings for batting and practice games. If you are interested in participating, come up to the field and speak to any of our members and they will welcome you and get you set up. Regardless of your background or skill level, we invite you to get back in the game. Call Rob Robinson, 217-836-6656.

## Spanish

The Spanish Club offers classes at beginning, intermediate and advanced levels that include conversation and composition, as well as occasional social gatherings. Classes are held on Wednesday and Friday mornings at Sun Shadows Com-

munity Center. To join the Club, or for information, contact Jim Ross at 461-8741 or jamesbrianross@gmail.com.

### Stained Glass Club

Here is a beautiful, over the front-door piece made by one of our members, Jim Bailey. Sandy Beirle, another member of our Club, designed the project. Since then, Jim and Sandy have married. Please come to our Club, take a tour, talk to our members working on their projects, sign up for a "How-to" class and become a member! We are located at the Mountain Shadows Community Center, on Del

Webb Boulevard, in the craft wing. If you have questions or need more information, contact our Club President Mike Drace at 970-2442 or m2drace@mac.com.

### Sun City Summerlin Charities

Charities provides transportation services for residents who no longer drive, transportation to medical appointments, shopping and other personal services. Charities also offers handyman services such as changing smoke alarm batteries, replacing light bulbs and furnace filters, as well as repairing broken drawer glides and cabinet hinges. Charities offers general information about senior citizen services that are useful to many of our residents. If you would like to lend a hand and are good at performing minor household repairs, call Charities, 254-5831, or stop by our office, Monday to Friday, 8:30-11 a.m., next to the Desert Vista picnic area, to discuss how you can become a volunteer.

### Sunshine Service

We loan medical equipment and children's equipment to Sun City residents with an Association ID. Our warehouse is next to the Security Patrol office at Desert Vista. Our warehouse is open Monday through Saturday, 9-11 a.m., as well as

# TRENDING From the Desk of the Executive Director

## Community Updates as of April 30, 2018

*(Please Note this article reflects the status as of April 30, 2018)*

**Mitzi Mills**  
SCSCAI Executive  
Director

**Mountain Shadows Golf Cart Parking Area Addition** – An area has been added for golf cart-only parking. Our in-house landscape crew will be preparing

the area on April 30 and May 1. Following that an outside contractor will be installing the parking area and marking it for golf carts. This will free up spaces for the parking of cars.

**Desert Vista Indoor Spa Salt System** – A new salt system is needed for the Desert Vista indoor spa. The cost of the system is \$2,567.66 (PO11302) and was budgeted for as part of the Pool Equipment Budget. The system was ordered approximately four weeks ago from a company in Australia and is scheduled to arrive in two to three weeks. Once the system arrives the installation will be done by staff and take approximately one day. We do not anticipate having to close down the area or the spa for this installation. Currently we are using chlorine tablets so the spa is open and usable.

**Desert Vista Indoor Pool Heater** – A new pool heater circulation pump was needed for the indoor pool heater. The cost of the pump was \$1,006.50 (PO11333) and was budgeted for as part of the Spa and Pool Equipment Budget. The installation was done by our in-house staff.

**Desert Vista LED Lighting Retrofit** – Our in-house maintenance leadership is preparing to start the LED lighting retrofit at Desert Vista. They are currently preparing information on the quantity and types of lights to be changed to LED. Once this is completed the application will be made to NV Energy to qualify for the rebate program. The LED lighting will then be ordered in the Association's fiscal year that ends June 30, 2018. The retrofitting will begin in July 2018 and will be one of the many summer projects.

**Swamp Cooler Maintenance and Start-Up** – Our in-house maintenance crew is busy checking all of the swamp coolers on the common area buildings. The start-up process includes checking (and replacing if needed) cooler pads, pumps, motors and belts. In addition, all of the pans and frames are cleaned and a rubberized coating is applied to

preserve them. There are approximately 30 swamp coolers that have to be inspected, maintained and repaired (if needed) before start-up and the maintenance crew is about half-way through this process.

**Air Conditioner Maintenance and Start-Up** – Our in-house maintenance crew will be beginning the maintenance and start-up procedure on the air conditioner units on the common area buildings. We have 104 units. The start-up includes replacement of the air filters and coil cleaning, and identifying any other repairs that may be needed. Once the work is started it takes about two weeks to complete all units.

**Highland Falls Maintenance Yard Parking Lot Reseal** – The work on the Highland Falls maintenance yard parking lot has been completed. The lot was resealed as part of the normal asphalt maintenance and to seal cracks to keep water from penetrating and causing damage to the asphalt that would decrease the life and cause replacement to have to be done sooner than planned.

**Desert Vista Tennis Courts and Pickle Ball Courts Windscreen Replacement** – All of the windscreens at the tennis courts and the one side of the windscreens in the Pickle Ball courts are in need of replacement following a wind-storm that damaged them. The replacement will be done by Superior Courts at a cost of \$5,200.00 (PO11338). This is a budgeted expense.

**Pinnacle Tennis Courts** – All of the windscreens at the tennis courts are in need of replacement, following a wind-storm that damaged them. Since only half were budgeted for we will do half of the replacements now and then replace the remaining half in 2018/2019 budget. The replacement of the first half will be done by Superior Courts at a cost of \$4,200.00 (PO11338).

**Mountain Shadows Tennis Court #3 Resurfacing** – Tennis court number 3 at Mountain Shadows is scheduled for resurfacing by Superior Courts at a cost of \$8,000.00 (PO11337). This is a budgeted expense.

**Mountain Shadows Shuffle Board Court Resurfacing** – Staff will prep the shuffle board courts by sanding the surface. Resurfacing with green stain, glaze, wax, stencils and lines will be done by Superior Courts at a cost of \$4,000.00 (PO11341). This is a budgeted expense.

**Sun Shadows – Pool – Cubbies for Shower Area** – Our in-house maintenance staff will be installing cubbies near the outdoor showers for the convenience of our residents, so they can place their items in a cubby instead of taking up seating space.

**Pinnacle Fitness Center – Addition of a Knee Raise**

**Apparatus Machine** – The Common Area Properties Committee approved the purchase of a knee raise apparatus for the Pinnacle Fitness Center at a cost of \$582.13 (PO11351), including delivery, set up and sales tax. This item was not budgeted for as new equipment and will be purchased as an unbudgeted expense and added to our reserve fund for future replacement.

**Pinnacle Fitness Center – Addition of a Back Station**

**Apparatus Machine** – The Common Area Properties Committee approved the purchase of a back station apparatus machine for the Pinnacle Fitness Center at a cost of \$1,318.38 (PO11351), including delivery, set up and sales tax. This item was not budgeted for as new equipment and will be purchased as an unbudgeted expense and added to our reserve fund for future replacement.

**Mountain Shadows BBQ Area** – The area has been closed for the last few weeks while the grass areas were revamped by reseeding and where seed would not help by adding new sod. The area is complete and the seed and sod have had time to become established. The area will open the week of April 30.

**Desert Vista Picnic Area** – This area is in need of clean up and repair. The area was taken over by rabbits that destroyed the landscape. A fake owl was installed and over the last few months the rabbits have stayed away. The area will now be closed and the grass restored. The area will be

cleaned up and additional plants will be added as needed. Work should begin right after May 1, 2018, and will take a couple of weeks before the area is opened back up for use.

**Online Ticket Sales for Sun City Summerlin Events**

– Starting Monday, May 7, residents are now be able to purchase tickets to Sun City Summerlin events online using a credit card. In the past the only event that had online ticket sales were those held at the Starbright Theatre. The ability to purchase tickets online has been requested by many of our residents and the Community Services Department is happy to make this request a reality.

**EI Numbers for Chartered Clubs and Community**

**Organizations** – In order for a business, organization or club to have a bank account, the Federal Government requires an Employer Identification Number (EIN) or a Social Security Number (SSN) to be submitted to the bank as part of the application. Since club members do not want to tie their personal SSN to club activities, the Association EIN was used for all 77 chartered clubs and three community organizations. This is not the best way to do business since, in reality, it would mean that the officers of the clubs should be the same as the officers of the Association. In order to remove the confusion and make it easier for chartered clubs and community organizations to do banking, SS-4 EIN applications were mailed to the IRS for all chartered clubs and community groups. It will take approximately two weeks for each chartered club and community organization to be assigned its own EIN. This is being done in order to remove the Association EIN from the bank accounts and banking information of each of the chartered clubs. We expect to provide the exclusive EINs to each chartered club at the May chartered club meeting.
