President's Message

Respect for Handicap Parking Spaces Is Appreciated

Joe O'Connell,
President, SCSCAI
Board of Directors

May is a beautiful month here in the desert. It is still not too hot and great for outdoor activities. Sun City Summerlin was created for "active seniors." Get out of the house and enjoy yourselves. While you are at it, pay attention to the handicap spaces. If you have someone in the family who qualifies for the sticker, **ONLY** use the parking space when that person is with you. Also, some spaces are for wheelchair access only. They are wider and more inviting. Do not use them unless you have that type of handicap sticker. We have more than we are required to have, but let us not abuse them.

Your Board members are working hard for you, getting a new budget prepared and on many other topics. Last month I mentioned it was be kind to a Board member month. It did not work. Let's try it again. Otherwise, some of you, Amos, will have to take their place next year. Seriously, we need good Board members. The latest new guys are working hard for you. We will need a few new ones next year. Think about it.

I'll keep it short this month. Read a book. Exercise. Get off the couch. Have a nice May.

~ Joe O'Connell, President SCSCAI Board of Directors

Link Content Creator Darlene Fadem covers Sun City for the Link's Facebook page. Be sure to "like" the Link at Sun City Link Magazine and follow Darlene as she works her way around community events. You'll want to share the page with your friends and comment on what you see. Darlene will be waiting to hear from you. Photo by Mitch Fadem.

At the end of March, the Link magazine joined the millions of users on Facebook!

The mission of the Sun City Link Magazine Facebook business page is dedicated to promoting community events that support the resort lifestyle our active adults have come to expect. The Link welcomes information about upcoming club and community activities, along with posts about why you love our little corner of the world.

With the ability to post pictures, videos and do live broadcasts, the FB page is the next generation of communication in Sun City. But it will need your help to make it a success.

"If you are a member of a club, community organization or committee, and you want residents to know what events, programs or meetings you have planned, be sure to 'like' the Sun City Link Magazine FB page to help get your message out," said Jeannette Carrillo, Link managing editor.

"The Link's decision to embark on social media is a direct response to residents' requests for more and varied lines of communication between the Association and homeowners," added Jeannette, citing feedback

from the Next Generation Sun City Summerlin Electronic Focus Group questionnaire.

"With its FB page, the Link has taken the first step in engaging residents head-on. So far, our newest Link Committee member, Darlene Fadem, has posted videos on the Tavern's brunch, a golf demo day, swimming pool opening day and the ever-popular garage sales. In two weeks, Darlene's posts have generated over 100 followers, with several of her videos logging more than 340 views. Right now, we're taking baby steps and having fun with all that we're learning."

CALICO GHOST TOWN – BLUEGRASS IN THE SPRING

Sunday, May 13 • Ticket purchase deadline: **May 10**

Bus departs Pinnacle at 7:30 a.m.; returns at approx. 4:30 p.m.

\$35 includes transportation and admission • **Min. 20 guests**

Calico is an old West mining town that has been around since 1881 during the largest silver strike in California. With its 500 mines, Calico produced more than \$20 million in silver ore over a 12-year span. When silver lost its value in the mid-1890s, Calico lost its population. The miners packed up, loaded their mules and moved away abandoning the town that once gave them a good living. It became a ghost town. Walter Knott purchased Calico in the 1950s, architecturally restoring all but the five original buildings to look as they did in the 1880s. Bluegrass in the Spring features bluegrass music, cloggers, old time games, gunfight shows and more. The perfect way to spend Mother's Day!

Itinerary:

7:30 a.m. Depart Las Vegas

10 a.m. Arrive Calico Ghost Town, time to explore and eat lunch (**on your own**)

Vegas SafeCam: LVMPD's Community Video Surveillance Program

Barbara Holden
Chairwoman, CPC/
Neighborhood
Watch Committee

SafeCam is a voluntary program designed to take advantage of home video surveillance systems across Las Vegas to reduce crime. To register for the free program, visit LVMPD.com.

When a crime is reported, Las Vegas Metropolitan Police Department officers and detectives can save valuable investigation time with help from residents who are registered with Vegas SafeCam. The program allows LVMPD to look for potential video evidence. Information provided by a resident can help solve a burglary, an auto theft or a more serious crime. According to Metro's Crime Prevention Specialist Randy Klenosky, during the past year, several major cases have been solved using citizens' video surveillance to help identify suspects. Registering with Vegas SafeCam does not allow the LVMPD access to privately owned surveillance systems. It does not grant access to video feed, and the LVMPD will not be monitoring cameras. The free program allows residents to voluntarily register their home video surveillance systems with the LVMPD and is simply a list that Police officers may use to contact homeowners to determine if helpful surveillance video might be available.

To register your surveillance system online, search LVMPD.com.

- ◆ Click on "Online Services"
- ◆ Choose "Sign Up for Vegas SafeCam."
- ◆ Click on "Register Here"

SafeCam is a voluntary program designed to take advantage of home video surveillance systems across Las Vegas to reduce crime. Active programs exist with police departments across the nation. LVMPD has reached out to several police departments to review success stories about how the program has helped their communities.

How It Works: A home owner's surveillance system may catch something helpful to the Police Department. The resident, however, may be unaware of having captured anything suspicious until the recording is shared with police. The program broadens possible leads to solve criminal activity. Vegas SafeCam may give you and the LVMPD a chance to identify a perpetrator on your property, passing by, or even a package thief in the act of committing a crime.

As an example, using the registered SafeCam database, a police officer might inform you of a recent burglary in your neighborhood. The officer would ask if it is possible for you to review your video for a suspicious person or vehicle between the listed times of the event. Upon reviewing the video, you may have recorded a vehicle possibly connected to the crime. This information is passed along to detectives working on your neighborhood case. Your SafeCam infor-

mation would be accessible only with your permission for specific investigations.

The next Neighborhood Watch/Community Preparedness Committee meeting will be Wednesday, May 16, 9 a.m. at Desert Vista.

ARREST MADE IN AUTO BURGLARIES AND DOORBELL THEFTS

Residents' surveillance efforts in Providence, a community located northwest of Sun City Summerlin, helped police identify and capture a burglary suspect, according to a eblast report from LVMPD Northwest Area Command.

Because of homeowners' extensive support, an arrest was made in an outbreak of auto burglaries and doorbell thefts that were happening in the northwestern community. The suspect in these crimes was taken into custody and objects he had stolen were recovered.

Burglary victims were advised that detectives would notify them to help identify articles that might belong to them that were found among the retrieved stolen items.

"Thank you, residents of the Northwest Area Command. We could not do it without you," said an LVMPD officer.

UNLV-sponsored Program Meets Thursdays in Sun City

By Jeannette Carrillo/Link

Have you heard of OLLI? No, it's not the name of the newest single man to move into Sun City. Just kidding. But it is a funny name, don't you agree? OLLI or Osher Lifelong Learning Institute is a program supported by UNLV that's dedicated to the continuing education of seniors. As such, OLLI instructors are retired or semi-retired professionals who volunteer their time and experience to bring classes of interest to seniors across Las Vegas. Classes meet at UNLV's Paradise Campus (851 E. Tropicana Ave.) and at satellite locations across the valley.

One such class, "Turning a Negative Into a Positive Without Algebra," meets every Thursday, 10 a.m. to noon, at Sun Shadows. The class is led by Sun City resident EJ Levine.

"Living in Sun City is so positive. It's so much fun. However, you do have to get up, take a shower and get out there," said EJ, who turned her former writing career and love of people and positivity into the popular class that tackles everyday subjects.

At the start of each session, EJ welcomes her students with salutations and a quick exercise designed to get the creative juices flowing. She uses guided writing assignments to prompt discussions that get the group sharing.

"I tell my students this is a safe place," EJ said.

One particular day, "control" and "focus" became the topics of the afternoon as the instructor shared an experience that had happened to her the week before class.

"The focus has to be on the acceptance of the situation – I accept I cannot control everything. And then it's over," she said.

EJ, who came to Sun City 19 years ago from teaching a similar class in California, enjoys sharing Thursdays with her students.

"I have some fun-fueled questions about junior and senior moments. People write if they want to, don't write, share, don't share, nap, whatever. No judging, no criticism, just plain acceptance and enjoyment of each other," she said.

It's true, at the moment the class is made up entirely of women. But EJ challenges a brave man or two, or three to join the conversation. Who knows? His name might even be Olli.

"Turning a Negative Into a Positive Without Algebra" meets Thursdays, May 24 to July 26, from 10 a.m. to noon, at Sun Shadows. It is one of many classes offered by OLLI for the summer semester. A registration fee of \$75 entitles members access to all OLLI opportunities. For information or a class catalog, visit olli.unlv.edu/courses, or call 774-6554.

month on Saturday, May 12. This event helps local food banks stock their pantries. All food collected on Saturday stays 100 percent within the community. In past years, letter carriers have collected more than 80 million pounds of non-perishable food throughout the 10,000 cities in 50 states that participate in the one-day event.

To participate, fill a box or bag (or several) with canned and boxed food items and place the container/s at your mailbox. Letter carriers will pick up the donations when they deliver the mail that day.

Special thank to the Link for publicity, Sun City Community Services for providing the space for the program, the Mountain Shadows social monitors for their time and effort to arrange all the appointments, and to the custodians for a great job arranging the facilities for us.

A special thank you to Vanessa, Leslie and Jacob from our Maintenance Department. Thanks to Social Monitors Jean and Karen for their help each Thursday and Friday.

Come join the happy feet!

Do You Know?

Do you know what is involved in being a participant of a Neighborhood Watch group? It means you merely go about your daily activities, but with a heightened awareness of what is happening in and about your home. If you see something out of the ordinary that

concerns you, say something. We are all too aware of after-the-fact statements by people who noticed something that just didn't seem right. If they had just reported what appeared to be out of the ordinary, many a tragedy or crime could have been prevented.

A person (or persons) wishing to begin a Neighborhood Watch need only contact Randy Klenosky, Las Vegas Metropolitan Police Department Northwest Area Command's Crime Prevention Specialist, at 828-4305 or email him at R15916K@LVMPD.COM. Officer Klenosky or his volunteers will help you set up a Watch group by providing flyers to distribute to your neighbors and conducting an introductory meeting with all interested parties. These meetings are often held at a residence or a meeting room at one of our community centers. To schedule a meeting room, contact our Sun City Room Scheduler at: 702-363-4790. There is no fee for a Neighborhood Watch introduction meeting.

In addition, members of existing Watch groups are willing to aid in getting your Neighborhood Watch group started. Contact the Chairwoman of our Sun City Neighborhood Watch/Community Preparedness Committee, Barbara Holden, to have a person mentor you through the process. Barbara can be reached at 319-310-5777 or baholden2437@gmail.com.

There is no right or wrong way for a group to function, other than knowing those living near you, sharing your contact information, being observant and alerting the proper agency when something doesn't seem right. Some suggestions for remaining connected are email newsletters, quarterly social gatherings, or for more close-knit groups frequent meetings to share neighborhood news. Also, Neighborhood Watch block captains often receive alerts from the crime prevention specialist that are passed along to participants.

Once your group is formed, be sure to include new neighbors as they move into your Watch area. All residents of Sun City are welcome at meetings of the Neighborhood Watch/Community Preparedness Committee or any meetings addressing neighborhood and preparedness concerns.

Celebrating Home Plate

Local TV personality Rick Dale, star of the History Channel's "American Restoration," heeded the call of Sun City resident and friend Paul Madigan who approached his celebrity pal about putting the finishing touch on the Pinnacle Field's recent renovation. According to Paul, who covers third base for the Softball Club's American League, "Rick took the old wooden home plate and fashioned a new one out of aluminum that won't rust. Everyone loves it." And, to thank Rick for his help, Paul presented his friend with a framed magazine cover to commemorate the moment. The Softball Club's appreciation is proudly displayed in the lobby of Rick's iconic downtown shop.

Now & Then Community Libraries Are Sun City Gems

Sun City Summerlin's library system started with a bookshelf somewhere in the Mountain Shadows Community Center. It operated on the honor system, where residents could borrow and donate books, magazines and puzzles. The Library later moved to the Money Room near the Administration Offices. The room was so dubbed as it contained a TV that featured a financial program, where residents could track their stocks and investments.

When the Link and IT departments were relocated to that location this past fall, the library was moved to its current area inside the enclosed sun porch off the Sahara Card Room. It is a lovely and inviting space with a new, flat-screen TV, a community computer and a nice view.

Sun City's other library can be found at Sun Shadows. The room located behind the Fitness Monitor's desk offers a space that stocks books, puzzles and more. There is no limit to the number of books that can be checked out at one time. All that is asked is that the material is returned.

As our community expanded, volunteers began to staff each library. The current coordinator of the library volunteers is Eva Wardlaw. According to Eva, "The Library is not an official club. But we have 14 wonderful volunteers and six substitutes, and we meet twice each year to get to know each other better and to discuss improvements and issues that come up. When the shelves get too full, we donate some of the items to the Summerlin Library and different charities like Safe Nest and Big Brothers, Big Sisters."

As for the collection, Eva said, "We greatly appreciate donations of recent, clean items. Large-print books are especially wanted."

If you have large donations or are interested in being a volunteer, contact Eva at ejwardlaw50@gmail.com.

Maxine McKeown is one of the coordinators for the Mountain Shadows library and said, "The thing I like best about volunteering is the people you meet, and assisting them in finding a book that they may be interested in. If you want to donate, please bring ONLY paperbacks or hardcover books."

Cheryl Kidd assists Maxine as coordinator at Mountain Shadows. "The lending library is one of the reasons we chose to move to Sun City from Oregon in 2012. From the moment I saw the library, I was hooked!"

Phyllis Resnik is another volunteers. "I volunteer at the Sun City library because I love being surrounded by books. They give me a feeling of comfort and serenity. Our residents donate books of all genres so it is possible to find books that interest you. We encourage residents to take a peek at both of our libraries. We also have many jigsaw puzzles."

For Eva, who grew up among books, as her mother and aunt were librarians, said the libraries contain more than 1,500 books and 75 puzzles.

"All our volunteers work very hard to organize our books and keep our collections growing. We hope to see many of you soon."

BINGO!

Doors open at

6:45 p.m.

Over the past few years, Bingo has been one of Residents' Forum's more popular events. This month, the Forum is happy to announce that the game returns Wednesday, May 9, to the Desert Vista Ballroom. Doors open at 6:45 p.m., with the fun starting at 7 p.m.

There is no need to bring markers since the Bingo cards have punch tabs. There will be prizes for the winners of each game and, of course, there will be light refreshments. All residents of Sun City are members of Residents' Forum (no dues, no fees!) and are welcome to

play Bingo with us in May. However, due to fire codes, seating is limited to the first 208 participants.

Residents' Forum Board and committee members are all volunteers who live in Sun City. We enjoy planning our monthly events and our reward is your enjoyment. If you have an interest in volunteering to help us, our planning meetings are every first Wednesday of the month at 1 p.m. in the Meeting Room at the Pinnacle. Everyone is welcome to attend and participate.

HEALTHY Health & Fitness

Stay Safe & Healthy This Summer

Heat stroke/exhaustion are serious risks that increase when you're working or exercising in the heat, spending time in a spa, or using some types of medications

Heather Senn
Assistant to the
Fitness Director

I don't know about you, but for me summer means backyard barbecues, lounging by the pool and enjoying the outdoors. Long days and warm mornings and evenings beckon us outside with friends and family. Staying smart and pre-planning can ensure that we enjoy all the benefits of the summer while minimizing health risks posed by a few summertime worries.

Top 5 Ways to Stay Summer Safe:

Stay Cool and hydrated. The average temperature in Southern Nevada hits 100 degrees during more than 60 days in the summer; humidity is around 26 percent. Heat stroke/exhaustion are serious risks that increase when you're working or exercising in the heat, spending time in a spa, or using some types of medications, and/or drinking caffeinated or alcoholic beverages, which are dehydrating. Signs of overheating include feeling faint, nausea, experiencing changes in your pulse rate, weakness and muscle cramps, and clammy skin. If you have any of these symptoms, get indoors immediately, drink water and cool down. Call 911 if symptoms worsen or persist.

Cover up. Too much sun exposure can cause sunburn, premature aging and skin cancer. Reducing your exposure during mid-day, using an SPF of 15+, and wearing hats and light-colored clothing are practical ways to prevent health issues related to sun exposure.

Fight the bite! Bees, wasps, ants, mosquitoes and ticks are more active in the summer months. Drain any standing water to reduce mosquito breeding grounds, wear long sleeves and pants in wooded or grassy areas when hiking or camping, use insect repellent, and never poke nests or hives. If you see a hive, call a professional to remove. Know the signs of an allergic reaction: Hives, swelling, throat tightness, difficulty breathing, vomiting and/or feeling faint/light-headed. If you experience these symptoms, contact your doctor or call 911 immediately.

Watch that food. Follow five simple steps to food safety: Clean hands, surfaces and serv-

ing/cooking utensils often; separate raw meat from other food and clean any surface that held raw meat well before using again; cook foods to the right temperature; chill food promptly after meals; and when in doubt, throw it out!

Stay Water Safe. Avoid solo swimming. Don't mix alcohol and swimming, and designate a water watcher to keep eyes on children at all times around bodies of water.

EQUIPMENT ORIENTATION CLASSES

We're here to help! Learn how to use the strength and cardio equipment properly and safely in each fitness center. A fitness specialist will demonstrate proper equipment usage and answer your exercise questions. Classes are limited to three participants and are 60 minutes long. **Participants must wear closed-toe, closed-heel shoes. A 24-hour advance signup, in person or via phone, is required to reserve your place.**

Use It Or Lose It! How to Take Control of Your Brain Health

You may be surprised to discover that only 30 percent of your brain health is determined by genetics; 70 percent is determined by lifestyle choices.

Pam Shields
Fitness Specialist,
SCSCAI Fitness
Specialist, CPT,
FAS (Functional
Aging Specialist)

What do you want out of the rest of your life? To see your grandchildren grow up? To travel the world? To volunteer? To leave a legacy? We all may have different life goals, but most of them require that we maintain a certain level of health and independence.

Why is Brain Health So Important?

The brain controls all organ systems in the body. It determines who we are and how we are. It controls everything we think and do, and how we do it. You may be surprised to discover that only 30 percent of your brain health is determined by genetics; 70 percent is determined by lifestyle choices – the decisions you make on a day-to-day basis.

You can take charge of your brain health by making small changes in your everyday life. There are seven (7) key actions you can take that will positively impact your brain health. They are:

1. Getting regular physical exercise
2. Consuming a balanced diet
3. Challenging your brain with mental activities
4. Being socially active
5. Getting quality sleep on a regular basis
6. Managing your stress level

7. Managing your medical health

You can take control of your brain health starting today!

Choose. Pick one area to focus on. Make a list of things you can do within that area to positively impact your brain health.

Research. Looking for healthy recipes, free classes, exercise programs, brain games or medical information? Whether you prefer to do your research online or at the local library, there is a wealth of information that is readily available to you, and much of it is free.

Act. Choose one to two things to start doing, stop doing or make a change to what you are currently doing. Make it a habit.

The important thing is that you do something. Make a choice. What will YOU do?

If you are concerned about your own brain health or just want to make sure that you are living your life in a way that enhances your brain health, consider signing up for the Fitness Department's "Use It or Lose It! Healthy Brain Program" at Desert Vista. Summer classes will be held June 6, 13, 20, and 27 (1:30 – 3:30 p.m.). Attendance at all classes is required. Space is limited. Sign up, starting May 1, with the Desert Vista Social Monitor.

THE LIGHTBULB IS ON

By Jeannette Carrillo/Link

BOARD MEMBERS GET ELECTRONIC FOCUS GROUP MESSAGE

“WE FEEL LIKE WE WERE HEARD.”

~ DOLLY MACK, NEXT GENERATION SUN CITY SUMMERLIN COMMITTEE MEMBER

Barbara Holden, an SCSCAI Board of Directors member and one of the facilitators of the Next Generation Sun City Summerlin project, culminated the efforts of the electronic focus group during the March BOD meeting when she introduced residents Dolly Mack and Wendy Bowles to officially present the findings of the January questionnaire regarding suggestions on how to enhance the community's amenities.

Dolly and Wendy opened their presentation by explaining to the more than 50 residents in attendance at Desert Vista that the presentation was intended to share data, as well as to provide a recommendation on a plan of action to the Board of Directors.

“We feel like we were heard,” said Dolly. “We asked and they answered. It’s a validation.”

Overall, the project yielded responses from 1,285 responders, including 1,793 comments. Dolly and Wendy reviewed each response from which they culled their data.

Some of the feedback included ideas for a dedicated dance studio, an indoor walking track, a dog park, enhanced restaurant offerings, upgraded gym facilities and an ambassador program for new residents.

According to Dolly and Wendy, many of the responses touched on improvements that require little to no financial investment. Those ideas were passed along to SCSCAI Executive Director Mitzi Mills for review and potential implementation.

One such idea, the creation of an ambassador program for new residents, was off and running as soon as it hit Mitzi’s desk. Upon hearing of the idea, Mitzi sent out a community e-blast and got the program going. In two days, Dolly said, Mitzi had received 55 responses from residents

volunteering to be part of the program. The idea is currently under development and additional details will be available soon.

After the presentation, SCSCAI BOD President Joe O’Connell told residents, “The future of the findings are in the hands of our executive director.” Another Board member suggested the BOD receive quarterly follow-ups on the project’s progress.

“This is a marathon, not a sprint,” said Barbara. “We have begun a journey here.” According to Barbara, keeping residents’ enthusiasm up about the project will be the challenge to ensure that the efforts of the Next Generation Sun City Summerlin Committee will not go to waste.

“You have been heard,” Barbara told residents. “The lightbulb is on!”

Residents may read the entire report by following the link, suncity-summerlin.com/Administration/BOD_Documents/BOD_Backup_2018-03-06_Powerpoint.pptx.

The Building Blocks of War

Right, Paul Gwin pictured at work with the 1782nd Engineering Parts Supply Company. Top, Paul, 94, moved to Sun City in 1997. He enjoys swimming and has received several medals for his competitive spirit.

On December 7, 1941, America changed. We were at war; certainly not our first time, but this war would prove to be different. It was highly mechanized and fought on two fronts. We weren't prepared and it took some time to get up to speed.

By the spring of 1945, approximately one-half million engineer officers and enlisted men were in the armed forces – approximately 8 percent of the army. One of those men was Paul Gwin of Junction City, Kansas.

"I was a student at Kansas State College and like many others, I immediately volunteered for service in the air corps. But I was turned down because I was color blind. So, I decided to stay in school and wait for the draft. That happened in May 1943, and on the 14th of that month I reported for active service at Fort Leavenworth, Kansas," Paul said.

"After basic training, I was assigned to the 1782nd Engineering Parts Supply Company. Our initial training was in clearing minefields. But that soon shifted to warehousing of parts for big construction equipment used to build air strips, hangers, roads and such."

Part of that training was at the Engineering Supply Depot at Columbus, Ohio, which happens to be the home of Ohio State University.

"We never had it so good," Paul said. "The local USO Club was itching to entertain the troops and we were

about the only ones living nearby. We were invited to parties at the homes of the wealthy along the Sciota River. In addition, many of the coeds from Ohio State worked at the Supply Depot. Let's just say that the men of the 1782nd were well supplied with parties and dates during our stay there."

But the parties weren't to last. There was a war waiting for them and Paul was sent to Hollandia, New Guinea, as part of General Douglas MacArthur's Southwest Pacific Command. Hollandia had been recaptured in April, 1944. Retaking New Guinea was necessary to protect Australia and to provide a base for the liberation of the Philippines.

"Rumors spread that there was a tribe of headhunters still living in New Guinea. That was true but the only time we saw them was during the annual sing-sing, a gathering of the tribes from the various islands. The natives wore very tall headdresses and face paint and danced. We thought that looked like fun so we joined them, whooping and hollering," Paul recalled.

Meanwhile, the war was still going on. On October 20, The 6th Army invaded Leyte, the first step in liberating the Philippines. Three days later, the Japanese Imperial Navy went all in and committed its remaining capital ships to the Battle of Leyte Gulf in the hopes of destroying our fleet and thus being able to retain the Philippines. It was a decisive American victory. On January 7, 1944, the 6th Army invaded Luzon. Along with the infantry was the 3rd Platoon, 453rd Engineer Depot Company, including Paul Gwin. By the end of June, all of the Philippines was secured and life returned to normal, "playing cards, sports and what other excitement we could dream up."

"My last three months of service were spent with the occupation forces in Yokohama, Japan. We were quartered in the high school building with a barbed wire fence to keep out the starving locals who crowded the fence pushing plates through near the area where we emptied our plates and washed them. It was a pitiful scene and we began loading our plates with extra food and putting it in their containers.

TECHNOLOGY Information Technology

Using IT to Make Services Better, Cheaper or Faster

Leo Crawford,
Chairman,
IT Committee

Good day to all Sun City Summerlin residents. The IT Committee is now reformed for the coming year, and the new members are:

Chairman – Leo Crawford

Members – Jim Ross, George Gish, Chuck Strickland, Lynn Kasner Morgan (all previous committee members) and a new member, Jeff Wilkinson.

Welcome to all the Committee members, and thanks for dedicating your time and effort to improve SCSCAI.

Working with our Executive Director Mitzi Mills and the SCSCAI staff, one of our primary goals will be to look for ways to make it easier to access our data and improve communication with residents. A new website is under construction and we are exploring the development of an app for smart devices, such as telephones, that

will allow better two-way communication between staff and residents. These are ambitious projects and when completed will very much improve our community. There are other projects that you won't see but also will improve services for residents and staff.

The next IT Committee meeting will be Friday, May 25, 1 p.m., Desert Vista.

Security Patrol – Always Evolving

Security Patrol is fortunate to have members who have been part of the organization from almost the beginning to the present. These people not only remember the struggles of a fledging idea, the changes in social attitudes and innovations but, most importantly, can say “We dealt with that problem. Let’s not re-invent the wheel.” That prevents wasting time

Centers for 21 years. “Once I was assigned to the ICs, Dennis Vetter (chief 2006-’07) asked if I would be head IC volunteer. I told him for a quadruple pay increase I would be willing. Dennis said “Wow! OK, four times nothing is nothing,” she laughed. “At the ICs you meet a lot of interesting people and provide information about living in Sun City. I had many meetings with IC vol

on an issue that this volunteer service organization had resolved.

Below are the stories of five pioneers who have earned a total of 96,330 hours of volunteer work for Security Patrol.

Silvia and Walter LaMay have been active in Security Patrol for 22 years. “We joined when we first moved to Sun City,” said Walter. “I had an auto accident and went to the Security Patrol base for advice. I didn’t know Nevada rules. Hugh Benoit was chief (1994) and said Security Patrol couldn’t help, but that I should join the Patrol. They needed people.” Silvia continued: “I joined in memory of my parents. They didn’t speak English very well and I wanted to continue to be of help.”

“I moved to Sun City a widow,” remembered Kascy Englund. “I wanted to meet people and get involved. Kascy has worked at the Information

unteers at my home because we didn’t get to base often and needed to know what was going on.”

Lea Solomon recalled that she wanted her husband to join. “So, I did as well,” she said. “I volunteered all my life, since I was a kid when my mother made me volunteer.” Jerry Solomon was Chief in 2008, and Lea has served as a dispatcher, head of dispatchers, a dispatch scheduler and a stint as a training officer. In 2017, Lea received the “Most Valuable Officer” Award for her contributions to Security Patrol.

“OK, I was coerced,” smiled Lottie Tabor, remembering how she was recruited. “All I was interested in was bowling. I moved to Sun City because my sister and brother-in-law were living here. Bill Gutknecht (chief 2002) was recruit officer in 2001. He recruited me at the Newcomers meeting, suggesting I meet Mary Billege, who was on a bowling team.

The Security Patrol general membership meeting will be Tuesday, May 22, 7 p.m., Desert Vista.

Mary convinced me to become a dispatcher. I was assigned to the 1,600 hours shift (4 p.m. to 8 p.m.). Back then, new people were assigned to shifts that needed personnel. Now, I drive on the same shift and I am a watch commander on Thursdays.”

Many changes have occurred at Security Patrol. Technology advances and social attitudes have evolved the Patrol to where it is at present.

Security Patrol is a service organization that adapts to the needs of the community and the abilities of its members. Please consider volunteering four hours of your time per week. Your talent will be used to benefit all residents in Sun City. And you, too, can receive a pay increase. In volunteering, the formula for success is $o \times o =$ great personal satisfaction. Security Patrol base is open 24/7. Call 254-2303 and a dispatcher will pick up the phone.

Walter has praise for Brian Dodd, (Chief 2016). “We have to thank Dr. Brian Dodd for developing the policies and procedures. There have been so many changes within the organization in general and in each discipline. The P

and P’s are followed during training new recruits. It also helps when communicating with residents.”

Silvia said that the biggest change is in training. “Recruits were assigned to their shifts and expected to work that shift. Now, trainees can pick their shift. And each discipline has its own program.”

“Definitely,” Lottie agreed. “Driver training now includes learning about the car. With the hybrid car there are things a driver who doesn’t own one needs to learn. Now the trainee gets behind the wheel on the first night. And the biggest change for drivers was removing their logs. Each driver had to keep a written log each shift. All that information was radioed to the dispatcher and put into the dispatchers’ log, which is the legal document, making the drivers’ logs redundant. Drivers could spend half their shift logging open garage doors, 911 lights, checking Association property and other resident assistance.”

COMMUNITY STANDARDS

It's Springtime! Some Tips From Community Standards

General Maintenance

- ◆ How do your awnings look? Can they use some cleaning, repair or replacement? Maybe you just want to change to a new color. The approved color chart is available at the Community Standards Office.
- ◆ Don't forget about your windows and screens.
- ◆ How about your mailbox post? It should be either black or white (depending on your neighborhood). If it is faded, rusted or any other color, it needs attention.
- ◆ Take a look at your wrought iron fencing. If it is faded or rusted, it should be repainted.

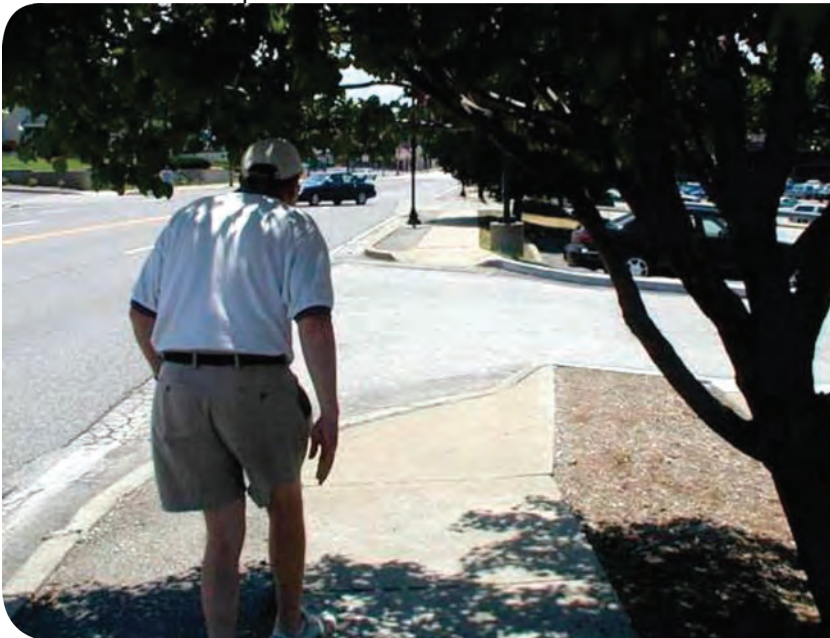

Landscaping Tips

- ◆ Treating your lawn with a pre-emergent won't eliminate all weeds from your property, but it will surely reduce them.

- ◆ Don't forget to clean up those pine needles and pine cones that collect on your property. They seem to have a way of migrating uninvited to your neighbors' property, as well.
- ◆ If you live on a corner lot that is separated from the street by a wall, remember, YOU are responsible for the maintenance of the strip of landscaping in between.

Community Pets

- ◆ Responsible pet ownership includes ensuring your family pet does not bother your neighbors. Incessant barking can be considered a nuisance. It seems that some people are oblivious to repetitive barking while others are annoyed by a woof or two. If your dog is left unattended outside and begins to bark, bring it inside so as not to disturb the neighboring residents.

- ◆ Are your trees encroaching into your neighbor's property or over a sidewalk? If so, be a good neighbor and trim the limbs back. If the limbs are encroaching over a sidewalk and impede walking on the sidewalk, you can call City of Las Vegas Code Enforcement and report the property (702-229-6615). The City's requirement is that the limbs must be higher than eight (8) feet from the sidewalk.
- ◆ How about those palm trees? Dead fronds should be removed.

- ◆ Residents who walk their dogs must keep them leashed at all times. That's the law!
- ◆ Residents are reminded that they are responsible to pick up after their pets, no matter where they leave their deposits. That's the law, too!

Moving or Estate Sales

- ◆ If you are moving or have had a death in the household, one two-day sale is permitted. A sale permit must be obtained from the Community Standards Office and displayed on the residence on the day/s of the sale.

“’56 ROCK ‘N’ ROLL REVIEW”

Saturday, June 2, 7 p.m. · \$20

THEN: ‘56, a year that featured Coup de Villes and drive-in movies, Ed Sullivan and Milton Berle in your living room once a week. So, put your glad-rags on and grab your best gal or guy, and get ready to ROCK!

CLUB SPOTLIGHT

BRIDGE CLUBS

The 'King' of All Card Games

Most card players consider Bridge not only the ultimate, but one of the oldest of all card games. Bridge was derived from Whist in the 16th Century, which was then played by the British. It wasn't known as Bridge before the 1890s in the United States. In 1925, Harold Vanderbilt, while on a cruise, changed some tactics and rules, and Bridge became Contract or Rubber Bridge as we play here at Sun City.

Charles Goren called Bridge the "United States' No. 1 Card Game" in 1958 when he was on the cover of Time magazine. President Dwight D. Eisenhower played Bridge regularly on Saturday nights with the top experts. Omar Shariff ("Lawrence of Arabia") wrote books on the subject of Bridge. Warren Buffet got Bill Gates interested in Bridge again after having been taught the game by his parents. Buffet played in tournaments and Gates was quoted as saying, "Bridge is the king of all card games."

And then in 1931, there were the Bennetts of Kansas City, Kan. Mr. and Mrs. Bennett were playing Bridge one evening, as partners, with the Hoffmans. The Bennetts had been bickering all day and when Mr. Bennett failed to make the bid that he had proposed and Mrs. Bennett, who had not only supported but taken him to game, became extremely agitated. In fact, hysterical. He slapped her across the Bridge table and then she shot him. Ely Cuthbertson later analyzed the cards and proclaimed he could have made the contract.

My aunt moved to New York in the 1930s and got addicted to Bridge at their country club. She taught me how to play in the early 1950s and wanted me to win trophies as she had. Even though it takes years to learn Bridge and I've played off and on for a lifetime, I'm still just barely average.

We moved to Sun City and played Bridge – call it what you will – Contract, Rubber or Party. (We do not score Chicago.) We have two clubs here. The Monday to Thursday Bridge Club meets at 12:30 p.m. on Monday and at noon on Thursday. The Friday evening club meets at 6:30 p.m. Many players, as I do, belong to both clubs. We're not a serious bunch. We come to see our friends, have snacks, two or three lunches or dinners, on the club and play Bridge.

Dues for both clubs are \$10 annually and \$1 each time you play for prize money. Both clubs play in the High Sierra Room at Mountain Shadows. Both clubs play 24 hands – six hands and then the winners move. Monday and Friday, you play with the same partner that you start with. On Thursday, you change partners. Thursday is the more comfortable game for you if you haven't played for a while or don't have a partner. On Friday, we will try to help you find a partner the first time. Prize money is distributed according to the number of tables. Mondays and Fridays the money goes to pairs; Thursday it's to the individual. Average table count is 12 – 16 on Mondays; 8 – 12 on Fridays and 4 – 6 on Thursdays. You are welcome to be a regular or substitute. The first two games are free in each club and then you must join.

Please call before coming. As Bridge players know, it's four to a table and we don't want you to have to go home.

For information, contact Jan Goldwasser at 478-5188 or janet9288@aol.com.

Top, Peggy and Bob Cushman treated Friday Night Bridge Club members to dinner in celebration of their 40th wedding anniversary. From members: Thank you and congratulations! Bridge players representing three clubs enjoy weekly games.

CLUB SPOTLIGHT

PICKLEBALL CLUB

May 19-20 Tourney Helps Kids in Need

Sun City Summerlin's Pickleball Club continues its tradition of fun and philanthropy this month with its charitable tournament to benefit the Assistance League of Las Vegas, May 19-20, at the Desert Vista courts. The tournament is open to players from 2.0 to 5.0. Registration is \$25, and is open through Saturday, May 12 at pickleballtournaments.com; click on Nevada.

"We're the only Pickleball Club in Las Vegas doing tournaments for charity," said Club President Augie Costanzo. "We raised \$5,000 when we did our first tournament for Toys for Tots, and our second event was bigger when we doubled our contribution."

Pickleball players do not need to be members of the club to participate in the tournament. According to Augie, in the past, the Club has welcomed players from as many as five states at a time.

When asked why he thought his tournaments are so successful, Augie said "Because they are all for the kids. We don't take any money from them. We only work with charities that help kids. Plus, all the money we collect stays local, and that's important."

Another reason Augie credited for the events' success are his volunteers. "The ladies take care of everyone at the table. They make it easy. Their hard work and the big schedule boards that show upcoming matches are easy to read. They all do a fantastic job."

For Judy Davis, treasurer of the Pickleball Club and a volunteer with the Assistance League of Las Vegas, Pickleball is a great sport to rally around because it draws in so many different kinds of people.

"It's more than a sport; it's social, too," she said. "My brother (back home) was very introverted. He still has friends he made in high school. He used to play tennis. Then he started playing Pickleball and he really came out of his shell. I had to say, 'Hey, what'd you do with my brother?'"

A great way to get in some exercise, a terrific way to meet and make new friends and a perfect way to help out local kids. No wonder membership in the Pickleball Club has seen an increase.

In addition, Augie said, if someone doesn't know how to play the game; no worries. "We offer classes for residents who request instruction on the fundamentals of the game. We try to schedule classes with new players so everyone is on the same level and does not feel intimidated."

Pickleball Club start time is 7 a.m. Tuesday, Thursday, Saturday and Sunday. During the summer, the Club also plays at 7 p.m. "It's much cooler playing under the lights and so enjoyable," Augie said.

Sun City's Pickleball Club is proud to sponsor tournaments throughout the year, benefitting children's charities. To help support the Club's efforts, head up to the courts at Desert Vista, May 19-20, where you will be able to catch some fast action and a lot of fun.

So whether you're looking to join a new club, would like to help out the Assistance League, or just want to see what's cooking up at the courts, head to Desert Vista and catch the action. What a great way to spend a weekend morning.

For information, call Augie Costanzo, 702-375-4533, or Judy Davis, 541-729-4395.

CLUB SPOTLIGHT

CLASSICAL MUSIC CLUB

High-caliber Concerts Mark Monthly Showcases

The Classical Music Club endeavors to bring the best available artists to the Starbright Theatre,” said Will Rydell, the Club’s president. And members and their guests agree that is, indeed, the case.

Artists who perform for the Club are professionals with amazing credentials — often performing, not only locally and nationally, but throughout the world. A Google search of recent performers verifies their outstanding talents. Many have permanent jobs with the Las Vegas Philharmonic, with back-up groups for stars performing on The Las Vegas Strip, or degrees and/or teaching positions at the highest level.

Usually, the last Monday of each month the Club presents a concert at the beautiful Starbright Theatre. Often, additional concerts are arranged as artists become available. Each concert is unique — be it an artist performing solo, in an instrumental group, or vocal selections. Performers treat audiences to works outside the classical genre, presenting show tunes, movie scores, and tangos. Performances begin at 7 p.m., with doors opening at 6:30 p.m. Dues for the club year are \$5 per person. There is also a free will offering collected at each concert intermission to allow audience members to show their appreciation to the performers.

At its March 26 concert, the Club welcomed De Ann Letourneau, concertmaster of the Las Vegas Philharmonic, and Voltaire Verzosa, principal pianist for the LV Phil. De Ann and Voltaire presented mesmerizing works by Johannes Brahms, George Gershwin, John Williams and Fritz Kreisler. At one moment during her rendition of “Remembrances” from the theme of “Schindler’s List,” De Ann held the audience to audible gasps as the poignancy of the moment flowed from her fingers. (To see an excerpt of the concert, visit the Clubs tab at suncitylink.com.)

Those new to our community mistakenly think that to be a member of the Classical Music Club, one must be an accomplished musician. Not so. All that is required for membership is a love of music.

Originally chartered as the Chamber Music Club in 1997, a group of classical music devotees met in members’ homes. From those humble beginnings, the Sun City Summerlin Classical Music Club is now one of the larger clubs in our community.

“It’s the best bargain in Sun City,” or “It is the best kept secret in Sun City Summerlin,” are statements often made about the Club. Remember, as a Sun City resident, it is possible to attend two concerts for free before joining the Club. But being able to attend outstanding musical performances a short distance from home with free parking and the beautiful surroundings of the Starbright may have many joining after only one visit.

~ Tammy Collins/Link

De Ann Letourneau, concertmaster of the Las Vegas Philharmonic, and Voltaire Verzosa, principal keyboard of the LV Philharmonic, presented a program for the Classical Music Club in March. According to De Ann, the concert represented favorite selections that the musicians find “fun to play.” De Ann and Voltaire are prime examples of the spectacular musicianship the Classical Music club is able to attract each month to the Starbright Theatre. Stained Glass Club

We at Stained Glass hope you are enjoying the warmer weather! Here's a lovely window piece to help you get happy. It was made by our Vice President Walter Medla. It's a 3 foot by 5 foot flowered window for their kitchen. Come down to our club, take a tour, take an instruction course (our instructors are fantastic and very patient). Become a member and you, too, can make a very similar window piece for your home! All you need is confidence. We are located in the craft wing of the Mountain Shadows Community Center on Del Webb Boulevard. Besides having LED lights on all our equipment, we also have it in our display windows to show off our members' work. For more information, contact our President Mike Drace at 970-2442 or m2drace@mac.com.

SCSCAI Executive

Executive Director's Report for the Month of May 2018

1. Action 10/3/2017-04 – Purchase of a Tuff-Shed to serve as a Cart Barn at Eagle Crest – At the October 3, 2017, Board of Directors meeting the Board of Directors approved a capital expense not to exceed \$35,000 for the purchase of a Tuff-Shed so the golf carts can be secured and stored at the end of each day. The budget for this item was \$20,000 and additional funding was needed in order to move forward with this project. This project has been completed and was closed at the April 3, 2018, Board of Directors meeting.

2. Action 12/5/2017-09 - Additional HVAC Needed for the Highland Falls Enclosed Patio Enclosure – At the December 5, 2017, Board of Directors meeting the Board approved Change Order #3, with reservation and without giving up the right to pursue the matter further, for the addition of one (1) 3 –ton HVAC unit with metal duct work and a parapet wall to shield from view at a cost not to exceed \$12,300 for the Highland Falls patio enclosure project. This decision was made after much deliberation and confirmation that in order to be energy efficient and cool the addition effectively the installation of an additional HVAC is required. The Board moved this purchase on for the sole purpose of completing the project and expects that further meetings be held with the contractor and all contractual obligation (if any) as it pertains to sizing of equipment or meeting code requirements be an adjustment to the final billing. At the April 3, 2018, Board of Directors meeting the Board reviewed the costs and change orders for the entire Highland Falls enclosed patio enclosure and found the installation of a second air conditioner to be an added benefitted and the cost to be fair. This action item was closed at the April 3, 2018, Board of Directors meeting.

3. Action 12/5/2017- 11 Purchase of Table and Chairs for the Tavern Falls Restaurant – At the December 5, 2017, Board of Directors meeting the Board approved the bid from Daniel Paul Chairs in an amount not to exceed \$38,000 for the purchase of 58 dining table chairs with arms, 44 dining table chairs without arms and 23 dining tables in a range of 5 different sizes. This action item has been completed and was closed at the April 3, 2018, Board of Directors meeting.

4. Action 01/09/2018 -2 – Disposal by Auction of (2) Maintenance Trucks - At the January 9, 2018, Board of Directors meeting the Board approved the disposal of 2 Maintenance Trucks by public auction. The staff is to research and establish a minimum bid.

5. Action 01/09/2018 - 3- Purchase and Installation of Dust Collectors & Ventilation System for Model Club Room at Desert Vista - At the January 9, 2018, Board of Directors meeting the Board heard from me on the need for the installation of air purifiers in the Model Club Room. Earlier the same day the Common Area Properties Committee had heard directly from the Model Club Charter Club members who had put together and excellent presentation detailing their needs and the cost involved. The cost to replace and upgrade the current air purifying system was approximately \$4,000 and was approved by the Board of Directors. This action item has been completed and was closed at the April 2, 2018, Board of Directors meeting.

6. Action 02/06/2018 -1- Purchase and Installation of Carpet and Moving of the Monitor's Desk at the Pinnacle Fitness Center – At the February 6, 2018, Board of Directors meeting the Board of Directors approved the bid from Floorworks in the amount of \$11,404 to replace the carpet at the Pinnacle Fitness Center and noted the moving of the monitor's desk would be done in-house with only minor costs for incidental construction items. This action item has been completed and was closed at the April 3, 2018, Board of Directors meeting.

7. Action 02/06/2018 -2 – Reserve Study - At the February 6, 2018, Board of Directors meeting the Board of Directors made a motion to table the RFP for a Reserve Study until the March 6, 2018, Board meeting, which would give Ms. Mills and the Finance Committee the opportunity to review the proposals and make a recommendation to the Board of Directors. 3/5/2018 Update – the Finance Committee was canceled in the month of February in order to give the accounting staff the opportunity to get caught up on their duties and prepare the January financial statement. This meant that the Reserve Study proposals also did not get reviewed by the Finance Committee. I have prepared a comparison analysis of all 4 bids received for the Board to review at the March 6, 2018, Board meeting. I am hoping that since “time is of the essence” and in March the committee appointments are made, that the Board will be able

to review the material and feel comfortable choosing a contractor at the March 6, 2018, Board meeting. 4/3/2018 Update – The Finance Committee met in the month of April and after reviewing the proposals from four companies, narrowed their recommendation down to two of the contractors. The Finance Committee made and unanimously approved a motion for the Executive Director to consider the two finalists and make a recommendation of her preference at the April 3, 2018, Board of Directors meeting for Board consideration. The Executive Director gave a report on each of the companies and the reasoning for the company recommended. The Board of Directors approved the recommendation of Complex Solutions in an amount not to exceed \$37,500.

8. **Action 03/06/2018 – 1 – Two Utility Carts for Landscape Maintenance (RFP #18-26)** At the March 6, 2018, Board of Directors meeting the Board of Directors approved the purchase of two Vantage Utility Carts in the amount of \$36,956.61, including the trade-in. The budget for this item was \$20,000. This action item has been completed and was closed at the April 3, 2018, Board of Directors meeting.

9. **Action 03/06/2018 – 2 – Rewrite of the Clubs and Community Organization Manual** – At the March 6, 2018, Board of Directors meeting, Board member Barbara Holden submitted to the Board a proposed rewrite of the Clubs and Community Organization Manual from the Clubs and Community Organizations Committee. The Board tabled a decision on this item until the April 3, 2018, Board of Directors meeting. At the April 3, 2018, Board of Directors meeting the Board passed a motion to accept the recommendation of the Clubs and Community Organizations Committee to accept the rewrite of the Organization Manual with the addition that the committee must stay involved and participate in the rollout of the new manual and the educating of the clubs on the contents.

10. **Action 03/06/2018 – 3– Amendment to the Rules and Regulations in Regards to the Clubs and Community Organization Manual** – At the March 6, 2018, Board of Directors meeting, Board member Barbara Holden submitted to the Board a proposed amendment to the Bylaws if the Rewrite of the Clubs and Community Organization Manual was adopted. The Board tabled a decision on this item until the April 3, 2018, Board of Directors meeting.

11. **Action 03/06/2018 – 3– Amendment of the Policies and**

Procedures Manual – At the March 6, 2018, Board of Directors Meeting, Board member Ellen Bachman submitted to the Board a proposed resolution from the Legal Services Committee to amend the Policies and Procedures Manual. The Board tabled a decision on this item until the April 3, 2018, Board of Directors meeting. At the April 3, 2018 Board of Directors Meeting the Board reviewed the proposed changes and approved adopting the changes as proposed by the Legal Services Committee.

12. **Action 03/06/2018 – 4– Proposed Addendum and Lease Agreement from Black Dot for the T-Mobile Lease** – At the March 6, 2018, Board of Directors meeting the Board reviewed the proposed addendum and advice from our attorney and denied the request from Black Dot to amend our existing lease with T-Mobile. This action item has been completed and was closed at the April 3, 2018, Board of Directors meeting.

13. **Action 03/06/2018 – 5– Board Election Time Line** – At the March 6, 2018, Board of Directors meeting, Board member Bruce Alitt submitted to the Board a request that the Election Committee, Legal Services and Staff research the current election timeline to see if it can be shortened, and to report their findings and recommendation in the next 90 days.

14. **Action 03/06/2018 – 6– Next Generation Questionnaire** – At the March 6, 2018, Board of Directors Meeting, Board member Barbara Holden submitted to the Board a power point presentation outlining the answers received to the questionnaire. We will now work on quantifying those answers, separating those items where immediate action can be taken from short term and long term goals. At the April 3, 2018, Board meeting an update was given by homeowners Dolly Mack and Wendy Bowles.

As always, I can be reached at MitziM@suncitylv.com or by calling 702-966-1409. In the future, once an item has been reported and completed it will be removed from the Executive Director's report and, of course, new items will be added monthly. There is a lot going on here in Sun City Summerlin and these pages will keep you informed. I hope you enjoy them.

~ Mitzi Mills, SCSCAI Executive Director
