President

PRESIDENT'S MESSAGE

Good day to all Sun City Summerlin residents, especially all our newcomers who are obviously astute decision makers since you chose to join our community. Welcome!

This is my first President's Message since the Board selected me as Board President (not counting my fill-in for Joe O'Connell last month) and I first want to congratulate the folks you elected to the Board in the election: Ken Resnik, Jim Akers, Gerry Sokolski and Dick Clark. For Gerry and Dick, welcome to the Board. I hope you enjoy the experience, and I know you will work like all Board members do to keep SCSCAI the best homeowners' association (HOA) anywhere.

So, what can we all do to keep our association looking great?

1. As I said last month, obliterate the weeds! Between the rain and the warmer weather, the weeds and grasses are growing, well, like weeds. Just before writing this note, I spent an hour attacking weeds, especially dandelions. They are everywhere. If there is a space between the sidewalk and a wall on your property, that space is probably yours and you must maintain it. There are a very few exceptions, mainly on a busy street like Thomas Ryan. If not sure, call Community Standards at 702-966-1411.
2. Maintain your mailbox. If you have not already done so, your mailbox very likely needs painting or replacement, as does the mailbox post. We have restrictions on mailboxes and posts, so call Community Standards before doing anything.
3. We do not have a "prize patrol" that drives around looking for things needing repair. We rely on you to let us know if there is something needing fixing. See a leaking faucet, let us know. Someone has an issue on their property such as a whole bunch of weeds, let us know. A tree branch is blocking a stop sign, let us know. If you see something, say something.
4. As of March 1, you must have acted to keep your trash cans out of sight. If you have not already done so, call Community Standards on alternatives.

As a last thought, let's all be good neighbors and help each other when someone needs help. If a neighbor has trouble moving their trash can to the curb, help them out and move their trash cans when you do yours. Remember, you might need help some day.

See you at the next Coffee With the Board (April 18, 6 p.m., Pinnacle) or Board meeting (April 2, 6 p.m., Desert Vista).

HOW EVERYTHING WENT RIGHT FOR SMASH BROADWAY COMEDY, 'THE PLAY THAT GOES WRONG'

Hilarious Disasters Abound in Broadway Comedy, 'The Play That Goes Wrong'

If ever there was truth in advertising, it's the hit British comedy and Broadway smash, "*The Play That Goes Wrong*," says producer Kevin McCollum.

McCollum ("*Rent*," "*Avenue Q*") teamed up with famed writer-producer J.J. Abrams ("*Star Wars*," "*Star Trek*," "*Lost*") to bring this international hit about a hilariously disastrous production of a murder mystery to the U.S.

Abrams saw the show in London, when he took a day off from filming "*Star Wars: The Force Awakens*."

"I was amazed by the whole construction of it," he says. "The way it was put together. The rhythm of it. The cleverness. The brilliance of the performers."

BRINGING BRITISH COMEDY TO THE STAGE

The show is the brainchild of Jonathan Sayer, Henry Shields and Henry Lewis.

Fans of British comedy, from silent films to "*Mr. Bean*," they drew upon their own theater-disaster stories to craft a script filled with outrageous, slapstick calamities, Sayer says.

"There's always a little bit of some kind of experience we've had, that informs some of the moments," he explains. "But we take it to a much, much more excruciating place."

Word of mouth propelled the show to the Trafalgar Studios in the West End, where the show acquired producers to take it on tour in the United Kingdom.

A HILARIOUSLY CATASTROPHIC SET

The three writer-actors then teamed up with set designer Nigel Hook's to create even more catastrophes. Hook's two-level set, which won a 2017 Tony Award, provides a cascading series of malfunctions. The result is, "We get a laugh at least every six or seven seconds," Shields says.

This new-and-improved version opened at the Duchess Theatre on the West End in 2014, where it captured the Olivier award for Best New Comedy and is still running.

"*The Play That Goes Wrong*" is now the longest-running play on Broadway, and has been produced in cities across the globe.

"Finding something that is such a pure, unadulterated, hysterically funny and bighearted piece of entertainment is no small thing," Abrams says. "It's about remembering that one of the great reasons we are alive is to come together and to laugh."

Stroke of Fabulous

Utility Box Project Brings Artists Together

By Tammy Collins/Link

Artist at work" signs are appearing in and around our Sun City Summerlin, indicating a student artist from the Las Vegas Academy of the Arts is changing an ugly utility box into a beautiful artwork to be enjoyed by all. These students are being mentored by several of our Sun City Summerlin artists.

Sun City Summerlin resident and a Las Vegas Arts Commissioner, Sandy Karpel, in cooperation with the City of Las Vegas, is leading this student/mentor initiative. Seven student artists from this Clark County School District's elite magnet school have survived a very competitive selection process to be chosen to paint utility boxes in our area. Joining these

students, all in their senior year of study, are Sun City Art Club members and other Sun City artists acting as mentors. This cross-generational pairing appears to benefit all those involved.

Susan Neiry, Art Club member, is mentoring Alejandro Ponce. The two have collaborated on a design that reflects the desert in which we live. All the painting is being done by Alejandro. The location of the utility box is on the northeast corner of Sun City and Lake Mead boulevards. This particular utility box will depict two Sun City wildlife favorites, a quail and a gecko. In addition, on the Lake Mead facing panel, a big horn sheep is centered in the outline of the state of Nevada.

Top, Alejandro puts the finishing touches on a big-horn sheep framed by an outline of the state. All paintings are part of the city-sponsored AMP Project. Photos by Jeannette Carrillo/Link

According to both Susan and Alejandro, what began as a partnership has developed into a friendship. Susan hopes to follow Alejandro's career as he plans to continue his art education after high school. Of Alejandro's talent, Susan said, "He is fabulous."

Natalie Delgado, art instructor at Las Vegas Academy of the Arts, said of the seven students paired with Sun City mentors, "Their first collaborative meeting was magical to witness. Each student had an assigned senior mentor or mentors and immediately everyone worked together discussing ideas and designs."

Painting of the utility boxes that control traffic signals is a city-wide project sponsored by the City of Las Vegas. Artwork

in other areas of the city has been completed by many professional artists. The student/mentor effort is unique to our Sun City area. In addition to the utility box at Sun City and Lake Mead, other nearby locations where artists and mentors are working are the Walgreen's corner of Cheyenne Avenue and Durango Boulevard; the northwest corner of Rampart and Del Webb boulevards; the southwest corner of Lake Mead Boulevard and Hills Center Drive; and the northeast corner of Anasazi Drive and Summerlin Parkway.

Sun City Summerlin residents are receiving the benefits of this wonderful program as the art work will remain in the community for all to enjoy.

Going Gray: Community Standards Approves New Paint Colors

Over the years, the Office of Community Standards has received requests to add to the Association's approved house paint colors. Most recently, the feedback has been for a choice of gray tones.

As a result, in November, the Architectural Review Committee approved six gray color schemes to present to the Board of Directors for approval. At the February 5 meeting, the Board agreed to add the new colors. Almost immediately, the Community Standards Office had residents coming in to apply to have their homes painted in the new colors. If you've been contemplating a change in your exterior painting, stop by Community Standards to take a look at the newly approved colors.

Every spring, Community Standards reminds residents of the following. Please be a good neighbor and address any general maintenance issues:

- ◆ How do your awnings look? Can they use some cleaning, repair or replacement? Maybe you just want to change to a new color. The approved color chart is available at the Community Standards Office at Mountain Shadows.
- ◆ Don't forget about your windows and screens.

- ◆ How about your mailbox post? It should be either black or white (depending on where you reside). If it is faded, rusted or any other color, it needs attention.
- ◆ Take a look at your wrought iron fencing. If it is faded or rusted, it should be repainted.

Landscaping Tips

- ◆ Treating your lawn with a pre-emergent won't eliminate all weeds from your property, but it will surely reduce them. If you live on a corner lot that is separated from the street by a wall, remember, you are responsible for the strip of landscaping in between.
- ◆ Are your trees encroaching into your neighbor's property? If so, be a good neighbor and trim the limbs back.
- ◆ How about those palm trees? All dead fronds should be removed.
- ◆ Don't forget to clean up pine needles and pine cones that collect on your property. They seem to have a way of migrating uninvited to your neighbors' property as well.

Welcome to Brain Health Month

YEAR OF HEALTHY LIVING

January	February	March	April
Mental Well-being	Heart Health	Nutrition	BRAIN HEALTH
May	June	July	August
Bone Health	Healthy Home	Eyes, Ears, Nose, Throat	Pain Management/ Supplement
September	October	November	December

Brain health is no longer just the domain of doctors and scientists. Numerous studies have shown that brain health is multi-faceted and, to a great extent, within our control. It is not just exercise, nutrition or playing brain games that keeps the brain healthy. We must engage in different ways to support daily thinking skills and reduce our risk for serious memory loss. This includes a focus on physical, mental and emotional health.

This month we have a full lineup of seminars and resources to help you take care of your brain, arguably the most important organ in your body.

As you begin or continue your quest to be healthy, fit and feel good, consider these additional resources. These websites, books and podcasts are just a drop in the bucket of the available information on brain health.

Olympic-style Events Set to Start

The Nevada Senior Games offer Olympic-style events that demonstrate the positive aspects of aging, and provide motivation and inspiration for our community's seniors. Since 1980 the Games have provided an opportunity for people in the second half of their lives to be competitive athletes. The events also have assisted seniors in reaching their health and fitness goals. These goals, along with personal recognition and the camaraderie of like-minded participants, are key components for maintaining independent lifestyles.

Senior athletes come from all over the state and country to participate in multi-sport competition aimed specifically for adults 50 years old and over. The Nevada Senior Games will take place in September and October, and Sun City Summerlin will host the Pickleball tournament, October 3-5.

For more information on the Games, visit their website at <https://nevada.fusesport.com/>. Registration begins April 1.

*Let's cheer on our Sun City Summerlin residents as they compete and represent our community in the National Senior Games in Albuquerque, N.M., June 14-15. Far left, Roy Nelson, 85, will compete in the 10K on June 23. Top, from left, Tina Shannon, Walt Butler and Rita Barcus will compete in swimming events. All three are members of the Swim Club.

NPT Radio Operators: Ready When All Else Fails

In a crisis situation, the primary purpose of the Neighborhood Preparedness Team's HAM radio operators will be to communicate with Clark County's Emergency Operations Center. County Emergency Operations radio personnel will provide crucial data to Sun City's 24 amateur radio operators, who will relay that information to residents.

For example, in hot weather, an extended electrical power outage could become an emergency situation, leaving residents without radio, television, computer, telephone, air conditioning, lights, garage door opener, refrigerator, microwave oven and other electrical appliances. Oxygen-dependent individuals could become at risk. Essentially, communication would be non-existent at a time when it is most needed, and anxious residents would want to understand what is causing the power disruption, how widespread it is and when power should be restored to them. In such situations, emergency management would prioritize a huge volume of cell phone traffic that could cause individual users to experience busy signals on inoperable private cell phones. Eventually, power could fail in cell towers and phones would become useless.

Amateur Radio Emergency Service and Radio Amateur Civil Emergency System personnel are licensed by the Federal Communications Commission (FCC) and trained in emergency communications procedures. They drill frequently to maintain readiness. Members are certified in emergency management protocols, and they receive training through Federal Emergency Management Agency (FEMA)

There are 24 amateur HAM radio operators in Sun City who are tasked to communicate with Clark County during emergency situations.

courses. Nevada High Frequency and UHF/VHF emergency radio systems are compatible to communicate with the state capital in Carson City, as well as 75 federal and non-government agencies through the National Emergency System.

In a crisis, few things are more disturbing than not knowing what is happening. Affected residents have lots of questions. The HAM Radio team is tasked to establish and maintain information between Sun City and local government agencies. And because recovery begins when communication is re-established, Sun City's Neighborhood Preparedness Team understands that a solid communications plan must be in place before a serious incident occurs.

SUN CITY SNOW DAY

Mother Nature put on a winter show in Sun City Summerlin in February when she opened up her makeup kit and let up to 3 inches of fluffy white powder spill from her compact case. According to the National Weather Service, the winter storm ramped up on February 20 and continued into the next morning. By 8 a.m. on February 21, Sun City resident Edward Arbuckle snapped a picture of snow falling on the Desert Vista Community Center that conjured up images of

an Aspen, Colo., ski lodge. Local weather reports confirmed snow falling on the Las Vegas Strip, with some of the white stuff sticking long enough for tourists to snap some pretty cool pictures of the Welcome to Las Vegas sign. As for the last time it snowed in the valley? The National Weather Service confirmed that a little over 3.5 inches fell on December 17, 2008.

The Residents' Forum is opening this yummy challenge to all Sun City bakers. So, if you have a favorite recipe handed down from granny, or a cookie that everyone drools over, that recipe may earn you a terrific prize.

The deadline to enter Sun City's Great Cookie Bake-Off is June 1. Cookies will be judged by residents during the June Residents' Forum. All residents will receive a ticket that will act as their vote to be deposited at their table of choice. Don't worry, you won't have to bake hundreds of cookies. Sample sizes will do. Bakers can enter their favorite traditional cookie, bar cookie, brownie, etc., but no cakes or cupcakes. More information will be sent to bakers when they enter. To register for the contest, or for more information, contact Julie Zerbel at juliezerbel@yahoo.com or 512-775-1309.

Security Patrol Needs Your Help

Sun City Summerlin Security Patrol is privileged to serve our community. The Security Patrol base is open 24/7, and dispatchers and drivers are on duty in four-hour shifts. Last year, the Patrol responded to 2,796 open garage doors and 512 (911) emergency lights. Drivers performed 5,152 house checks for residents on vacation. The Information Centers (ICs) were visited by 2,268 interested people, and volunteers provided community maps and general information about Sun City Summerlin.

More challenging situations required residents' emergency contact information. Patrol Chief Sandy Lyons recalled a situation that occurred on a cold December day. A neighbor reported that a water pipe was broken at a residence and water was pouring out onto the street. The dispatcher immediately phoned the resident. The resident's voice mail answered and the dispatcher left a message. Next, the dispatcher phoned the emergency contact and, again, left a voice message. A Security Patrol driver was able to turn off the water at the sidewalk. Later in the day, the emergency contact phoned base to say that the resident was in the hospital and reported he would make the repairs. He thanked Security Patrol for contacting him.

Here's Where Security Patrol Needs Your Help

If you live in Sun City (some homeowners rent out their residences and don't reside in SCSCAI, so this information is important to their renters), please make sure that the blue Emergency Contact form (available at Security Patrol headquarters) is filled out and returned to Security Patrol. The completed form also can be returned to the Association's Administration Office at Mountain Shadows or any of the Patrol's Information Centers. This request is especially important for new residents. Until Security Patrol receives an updated Emergency Contact form, only the previous owner's name and contact information remains on file. Please note that at least one contact should be local, preferably a Sun City resident. Out-of-state relatives cannot close an open garage door or turn off flooding water.

Sandy Lyons,
Security Patrol
Chief

Address Lights

Please check to see if the light within the street address box located adjacent to your garage door is working. In case of an emergency, the address light helps Security Patrol drivers and emergency responders find your residence quickly. The light bulbs can be purchased at Pep Boys and Cheyenne Auto Parts. The lamp number is 1891. To get assistance with installation, call Sun City Charities/Volunteers at 702-254-5831.

Emergency 911 Light

The lamp light located outside your front door serves as an emergency 911 light. If it is blinking, a Security Patrol driver will respond and ring the doorbell and knock on the door to inquire if assistance is needed. The switch is tricky. To make sure that only the regular light is on, push the switch completely up; half-way results in a blinking light and a Security Patrol response.

Thank you to those residents who have provided their emergency contacts to Security Patrol so that we can serve you efficiently. Security Patrol is always looking for new members. Please phone base at 702-254-2303 to ask how you can volunteer.

Dorothy Macchio, Security Patrol

The next Security Patrol meeting is
Tuesday, April 23, 7 p.m. at Desert Vista.

JIM BROWN, IWO JIMA AWAITS

Seventy-four years ago, more than 100,000 U.S. Marine, Army, Navy and Air Corps personnel fought the battle of Iwo Jima — a battle indelibly etched into our history by the iconic raising of our flag over Mount Suribachi. But those troops didn't just miraculously appear at Iwo Jima; they were transported there by men such as then future Sun City resident Jim Brown.

A native of Glendale, Calif., Jim was just 15 years old when WWII started. In the spring of 1944, a Navy recruiter came to Jim's high school looking for future sailors.

"I was 17 and had to get my parents to sign consent papers before enlisting," Jim said. "They signed and two days after graduation I reported into boot camp in San Diego. On my first day, the Chief Petty Officer of our barracks came in asking if anyone could type. I had been a journalism major in high school, so I raised my hand. No one else did and whether that was because they didn't know how to type or just knew better than to volunteer I'll never know. In any case, I became the company yeoman.

"Many of my high school classmates benefitted from my job. You see, I made out the duty rosters so my friends never pulled night duty and always managed to have duty when calisthenics were on the schedule."

After boot camp, Jim was assigned to radar school. Radar was new at that time so that was a choice assignment. After graduation, he was assigned to the newly commissioned USS Sevier, APA 233, an attack transport built in the Kaiser shipyards in Vancouver, Wash., near the Oregon border. The ship was commissioned on December 5, 1944. Her new crew, including Jim, was being assembled in Seattle. A skeleton crew, with Jim as radar operator, was sent to pick up the ship and bring it to Seattle.

"Coming through Puget Sound we encountered heavy fog and were forced to navigate by radar only. At this point, you have to remember, I'm a teenager just out of school and I'm the eyes of this brand new ship. So, when I got a return from what appeared to be a large ship ahead of us, it had my full attention! The bearing (heading) of that ship did not change, but the distance did. It was getting closer. In radar school we were taught that a constant bearing and decreasing range meant that a collision was imminent. I notified the bridge; nothing happened. The range kept decreasing. Once again I notified the bridge; nothing happened. Finally, on the third call, the skipper ordered full astern to stop the ship. A large yacht passed under our bow. Collision avoided. My reward was to be kept on radar watch until we arrived in Seattle. Missed my liberty, but was able to catch up on my sleep," Jim said.

It was December 1944 and there was a war being waged in the Pacific and the Sevier was needed. On December 20, the Sevier left Seattle for San Pedro, Calif., to undertake about 30 days of ship shakedown and crew training. On February 6, she departed San Pedro for Hawaii, where she picked up men of the 4th Marine Division and joined a convoy headed to Iwo Jima. Once the Marines were off loaded, the Sevier moved off shore and waited for the battle to be won and the 4th Marines to be evacuated. In the interim, the Sevier functioned as a temporary hospital ship. On March 20, with the evacuated Marines on board, the Sevier returned to Hawaii. During the month of April, the Sevier underwent repairs to the main thrust bearing.

Unlike many successful Broadway composers, Porter wrote the lyrics, as well as the music for his songs. "Backstage Cabaret" is excited to announce a loving tribute to Cole Porter, starring Ron and Lisa Smith. With a list of hit musicals, the material for this show will include "Anything Goes," "Night and Day," "Begin the Beguine," "I Get a Kick Out of You," "I Got You Under My Skin" and more. Grab a bite, a classic cocktail at The Summit and join Bill Fayne for an evening of brilliant music and lyrics.

Brush Into Spring

Imagine the Possibilities

When More Than 100 Artists Come Together to Display Their Artwork!

The Sun City Summerlin Art Club proudly presents its Annual Fine Art Juried Show, "Brush Into Spring," Saturday, April 6, to Sunday, April 7, 10 a.m. to 3 p.m., at the Desert Vista Community Center.

The Art Club invites residents, and their friends and visiting guests to stop by and enjoy magnificent works of art by Club members. Entries to this year's juried show include acrylic, mixed media, oil and watercolor.

The show is a community favorite that highlights the creativity of the members of the Sun City Art Club. After being welcomed by club members at the door, visitors are free to roam the aisles of easels displaying hundreds of original paintings, sketches, mixed-media and more.

The awards ceremony, where visitors get to vote on the People's Choice Award, will take place on Saturday, April 6, at 11 a.m. Official judging will be conducted by nationally recognized artist and educator Jeff Fulmer.

A second component and very popular section of the show will feature the Art Bin, where matted, unframed works are offered for sale, as well as many original 5x7 hand-painted cards. There will be refreshments throughout the day, and a raffle featuring prize paintings donated by the Club's professional instructors.

Come spend an afternoon celebrating the creative minds of Sun City. The artists will be very happy to welcome you. Admission is free.

Days for Girls Project Spreads Smiles, Dignity

Quilt Club members assemble hygiene kits for schoolgirls in Liberia. Members show off the completed kits. Girls in Liberia show their gratitude to Quilt Club members after receiving their kits.

Photos courtesy Sue Zager/SCSQC.

What does Sun City Summerlin Quilt Club (SCSQC) and schoolgirls in a remote region of Africa have in common? They both want girls to stay in school.

Girls in Liberia often miss school and drop out because they do not have access to reliable feminine hygiene and health education. SCSQC members put their quilting techniques to work by sewing and assembling Days for Girls sustainable feminine hygiene kits. Club members donate fabric, soap, washcloths and other materials to make and assemble the kits. Most importantly, members donate their time and quilting skills to make high-quality sustainable kits. Recently, these kits were distributed to schoolgirls in the remote Kuwaa region of Liberia in Africa. Without a reliable way to deal with menstrual cycles, girls use whatever materials they can find, sometimes resorting to grass and leaves. This often leads to infections. Without a solution, girls often miss school and drop out. In the past year, SCSQC has sewn

and assembled more than 150 kits for schoolgirls in Liberia. Each kit is washable and reusable and can last three years. Our kits have provided 27,000 days that girls are able to stay in school. Each kit is distributed with important health education for the girls.

The Days for Girls program increases access to menstrual care and education that shatter stigmas and limitations for women and girls, helping to create dignity, health and opportunity for all. Worldwide, Days for Girls International has distributed more than 1 million kits in the past 10 years. In addition, SCSQC makes and distributes hundreds of quilts to local charities each year. These efforts are funded, in part, by the Club's annual raffle quilt and window sales. For more information or to get involved, visit the Club website, www.scsquiltclub.org or contact Sue Zager, summerlinlvnv@daysforgirls.org.

Golf (Men's) 18 Hole

"You swing your best when you have the fewest things to think about" – Bobby Jones. And, so far this winter we have had fewer things to think about with the condition of our courses. Of course, we are still dealing with golfers who continue not to rake bunkers, fill in divots or fix ball marks. Some even drive up to and around the greens. It is near time for our maintenance crews to begin the prep for spring. This will entail the removal of the winter overseed. In order for the Bermuda to take hold and begin to grow, the plan is to kill the overseed in lieu of letting the Bermuda choke it out. Even though this will be a new process for us, it is used by the majority of courses that have our type of grasses. It may take a couple weeks for the Bermuda to mature, but the plan should prevent the condition of spotty fairways as we have witnessed in the past. I know that some will have issues and that is fine, your input is always welcome. But please be patient and let's see this through and then we can decide if that is what is best. At this time we have one special event scheduled, our annual Eagle Crest Challenge on Monday, April 15. If you have questions, check out our website, www.18holers.org, or call Colbert, 859-979-4376.

Golf (Men's) Niners

As the warmer weather approaches in April, we will start all Thursday tournaments at 7:30 a.m. We have four regular tournaments scheduled in April. That is not all! Our annual Spring Swing will take place at 7:30 a.m. at Eagle Crest on Saturday, April 13, followed by our annual picnic at Desert Vista picnic grounds at 11 a.m. You don't want to miss the picnic, always a lot of good food and drink. To finish the month with a bang, our spring out-of-town trip is scheduled for Laughlin. Two days of golf at Mohave Golf Club. Lunch and prizes are provided. By the time you read this article, you should have already signed up. If not, do so, because you don't want to miss out on this trip. We look forward to new members every month. Applications for the Niners are available at our golf shops and on our website, www.scsniners.com. Contact Membership Chairman, Pete Bentivega, 941-223-6550.

Pickleball

Come and try the fastest growing sport among seniors. The Sun City Pickleball Club has 10 courts located at Desert Vista by the Security Patrol Office. We meet on Tuesdays, Thursdays, Saturdays and Sundays. Play time is based on the weather. We currently start at 9 a.m., but that will change to 8 a.m. when the weather warms up. In the summer, we start at 7 a.m. We offer doubles with many levels of players, or singles if you are more adventurous. From beginner to those who qualify for tournament play, you can find a game, as well as players who are willing and eager to teach you the game. We have all the equipment you need to try the game. Please wear tennis or court shoes. We will host a charity event to benefit the Assistance League of Las Vegas on Saturday and Sunday, April 13-14. We hope you will support this event by either playing or cheering for the players. Our spring picnic will be on Saturday, April 6. We are also hosting the Senior Pickleball games in October. For information, call Augie Constanzo, President, 375-4533. Our website is a pickleball.com. Hope to see you on the courts!

Pinochle

Are you new to pinochle, or do you need a couple of brush-up lessons? We have members who can book time to meet with you prior to playing with this Club. The Pinochle Club meets for double and single deck pinochle every Tuesday at Mountain Shadows. Players check in for play no later than 4:45 p.m. Play begins at 5 p.m. This club is so much fun. Challenges, laughter and meeting new folks top the evening – honest! For additional questions or information, call Sandi, 925-642-6764.

Quilting

The Quilt Club meets on the second Monday of each month at 9:15 a.m., Desert Vista. Stop by the Pinnacle Quilt Room to purchase handmade items, or to buy raffle tickets for this year's beautiful quilt. We have an active Art Quilts group and are teaching classes using our new long arm. Please contact Sandy Lawlor, 877-9887, for more information or visit our website, www.scsquiltclub.org.

Racquetball

The Sun City Racquetball Club welcomes new members who want to give the sport a try or resume play. The Club offers reserved court times for singles and doubles play for all skill levels for our court at the Mountain Shadows Fitness Center. Lessons can be arranged for new members or those who would like some additional playing tips. Members will be alerted by email

R.V.

Wagons Ho . . . That's the goal of the RV Club as we hold campouts at a variety of locations throughout the Southwest.

We've gone to the Shakespeare Festival in Cedar City, Utah, enjoyed Bluegrass music on the beach at Lake Havasu, strolled through historic San Diego, meandered around Sedona, ridden a train that provided breathtaking views and enjoyed a BBQ turkey dinner while looking out on the rugged Colorado River's Black Canyon from Willow Beach. Plans are now taking shape for upcoming trips that will include a mix of both old and new destinations. Join us as we travel to Morro Bay, Calif., to enjoy the best of beachcombing and Central Valley wine tasting. If you have an RV or travel trailer of any type, or want to rent one, please join us! Make new friendships, marvel at what the geographic area has to offer and help us determine where we want to go! For information, call Club President Tim Troxel, 249-3239. We meet at Desert Vista the second Monday of each month at 7 p.m.

Sawdusters

Stop by the shop and see all the new equipment – a planer, two saw stops, a band saw, a chop saw and a few smaller tools and a drum sander. If you have an interest in making things out of wood, we are now taking names for future beginner classes. We accept wood and tool donations. We are open daily from 8 a.m. to 7 p.m. All members must take a stop saw class on the saws before using them. We have installed security cameras; no tools are allowed to be taken out of the shop. For information, call Bev at 838-2621 or the shop at 240-1325.
