## PRESIDENT'S MESSAGE

**W**e are so very lucky to live in what I am sure is one of the premier homeowner association (HOA) communities in the entire USA. Of course, we have great facilities and reasonable assessments, but what really makes our community great is the people who live here. You and your neighbors who keep their homes looking great; you and your neighbors who join our committees like Link, Finance or our Security Patrol; and you and your neighbors who help each other with moving trash cans and picking up newspapers when you are on vacation and so on. Keep it up.

For whatever reason, when Del Webb incorporated SCSCAI, it set up 39 separate sub-associations made up of various numbers of attached homes, each a separate corporation – a separate HOA. As a general statement, the "subs" are responsible for the exterior of the houses, including the outside walls, yards, roofs. If you live in a sub-association, you belong to the "master," SCSCAI, as well as the sub. Get involved in your sub-association. They also need talented people to keep things running well. Each of the sub-associations must have a Board of Directors, reserves, a budget, member meetings, assessments, insurance and so on.

Each month I spotlight one of our standing committees and this month I have some thoughts to share about our Finance Committee. Sometimes we forget what a large organization we are and what resources we collectively own. We are, in effect, a small city with an annual budget of about \$15 million that must be prepared and monitored. We need to decide how to invest our reserve fund of \$12.5 million, and we are required to have insurance for our facilities (worth about \$47 million) for damage and for liability purposes. The Finance Committee is the focal point for those activities and is responsible for making recommendations about SCSCAI finance matters, including investments, insurance, the budget, auditing and so on. The Committee is chaired by Board member Gerry Sokolski and presided over by an incredibly talented group of committee members, many (I think four at last count) who are certified public accountants (CPAs). We can all rest easy knowing that we have such a great group looking after our finances. Thanks to all the Finance Committee members for all their hard work on the behalf of our SCSCAI residents. A great group of people who volunteer their time and talent to help keep us fiscally sound.

As a final note, all our residents are, in effect, members of a committee, the SCSCAI Residents Committee. Your job: If you see something, say something. See a leaking faucet, a tree branch that obscures a stop sign, a yard in disrepair, someone walking on the golf course (non-golfer, of course) – say something. On Page 6 of every Link is a list of Board members, with their contact information, as well as the Executive Director and her contact information, plus the telephone numbers of our facilities. Let us know if something needs attention. We can't fix it if we don't know about it.

# Miller's Time

**GRAND OPENING LUAU  
GETS THE PARTY STARTED**  
STORY AND PHOTOS BY JEANNETTE CARRILLO

**M**iller's Tavern at Palm Valley Golf Course blew the roof off the place on May 4 with a grand opening luau that had residents and special guests mingling til the wee hours. The party started at 5 p.m., and while guests grabbed a cocktail and got situated in the restaurant and on the patio, old and new friends connected under beautiful blue skies. Around 5:30 p.m., bar owner Randy Miller gave the sign and smooth Jamaican sounds filled the air.

At a casual count, 200 people stopped by to offer Randy and his crew good luck wishes, visit with friends, try their luck at the newly opened slot machines and enjoy an island-themed buffet of teriyaki chicken and BBQ pork skewers, beef sliders, SPAM fried rice, mini cheesecake and more.

Miller's Tavern opened in Sun City last October and started to offer gaming in April, when the restaurant's hours changed to 24/7.

According to Miller, who was born and raised in Las Vegas, and who decided to join his family's gaming, bar and restaurant business after serving in the Las Vegas Metropolitan Police Department, "It has been amazing to meet all the wonderful people of this community who have become quick friends since we opened last year." Randy and his General Manager Curtis Deal, who traces his roots to Virginia and has lived in Las Vegas for 15 years, said he and Randy

enjoyed playing Palm Valley long before opening Miller's Tavern. After the former restaurateur moved out, Randy seized the opportunity to service golfers and Sun City.

One thing Miller's prides itself on is providing exceptional service to big groups that show up without notice. His staff, led by Bar Manager Carlee Scardina, knows how to ensure the venue is staffed properly to handle all situations without a hitch.

On any given day, Miller's Tavern is happy to extend a 15 percent savings to residents off their breakfast, lunch or dinner checks. The discount is not available on happy hour items. When you're in the neighborhood, stop by and enjoy live music on Fridays, 6-9 p.m.; dueling pianos rage on Saturday, 6-9 p.m.

Happy hour features special pricing on drinks and food daily from 2-5 p.m.; specialty dining nights are Monday, Tuesday, Wednesday and Thursday; the full menu is available weekdays, 6 a.m. to 9 p.m., on weekends until 10 p.m.; a graveyard food menu is available; gaming features eight single-play, five Super Star and two Buffalo slot machines; new play signups feature "Lose \$20 Cash, Get \$20 Free Play." Food delivery is available through GrubHub. Miller's Tavern offers smoke-free dining, with smoking on the patio only. The restaurant is available for wedding and party bookings.

## Everyone Plays a Part In Pool Hygiene

**A**long with the warmer weather, pool season is upon us! We've got three beautiful outdoor pools (and two indoor) in Sun City Summerlin ready for you to water-walk, swim, or just relax on the deck. Swimming and other pool activities are excellent forms of exercise that are low-impact, provide cardiovascular and strength benefits, and can be enjoyed by people of all fitness levels. With swimming being one of the most fun and popular activities in our community, it is important that we are aware of the responsibility we each have to exercise good pool hygiene.

Ultimately maintaining a healthy pool environment is a team effort, involving our Maintenance and Fitness departments keeping the pool environment safe and clean, and our pool users exercising good pool hygiene. We'll look at some things we can all do to ensure we have a healthy, happy pool season!

All of our pools are approved by the Southern Nevada Health District (SNHD) to be open to the public. Our permits are renewed annually according to a schedule established by SNHD.

In order to maximize germ-killing power, the SNHD sets required levels of disinfectants and pH. It is required that our pools maintain a minimum free available chlorine (FAC) level at all times of 1.0 ppm (parts per million). Hot tubs/spas are required to have a minimum FAC level of 3.0 ppm at all times. Maximum FAC concentration shall not exceed 10.0 ppm. Chemical levels are tested daily and average between 3.0-5.0 ppm, well within the required levels. Our chemical testing logs can be accessed by visiting the Maintenance Department.

Chlorine in swimming pools kills germs that can cause recreational water illnesses (RWIs), which can make people sick, but it does take time. In a properly disinfected pool, most RWI-causing germs are killed in less than an hour. In the event of a fecal incident in the pool, the pool is shut down for 24 hours and raised to the maximum chlorine level of 5.0 ppm. This process appropriately disinfects the

We all share the water we swim in, so it is up to each of us to do our part to help maintain the integrity of the pool water and help keep ourselves, our friends and our neighbors healthy. Here's what you can do each time you visit the pool:

- ◆ Shower with soap and water prior to entering the pool. You must take your shower at the pool (not at home) to ensure you are removing all possible contaminants.
- ◆ ALWAYS get out of the pool for restroom needs. Do not enter the pool if you currently have or have recently had diarrhea.
- ◆ Wear a swimsuit/swimwear. Wearing shorts, shirts, or other clothing can introduce dyes, germs, bacteria, etc.
- ◆ Do not swim while sick or with open wounds. Entering the pool with bandages is not allowed. This keeps bacteria from entering your wound, as well as keeping bacteria from your wound entering the pool.
- ◆ Never swallow the pool water.
- ◆ Stay hydrated while at the pool.
- ◆ Shower after swimming.
- ◆ HAVE FUN!!!

Let's all do our part to fully take advantage of our wonderful community, weather and pools! Enjoy your summer!

## Community Leaders Saluted at Events

In April, Neighborhood Watch block captains were praised at two events sponsored by the Neighborhood Preparedness Team (NPT). The learning sessions were introduced by Barbara Holden of NPT's leadership team and Security Patrol Chief Sandy Lyons. According to a crime analysis compiled by the Las Vegas Metropolitan Police Department (LVMPD), Neighborhood Watch Block Captain and Security Patrol driver Allyn Ayotte, Sun City continues to achieve the lowest percentage of crime-related incidents in Las Vegas. Metro gives credit for that achievement to Sun City's volunteer Security Patrol, with support from Neighborhood Watch volunteers. According to Metro's Crime Prevention specialist Randy Klenosky, volunteers who serve Security Patrol and Neighborhood Watch significantly contribute to the community's safe environment.

NPT board member Bill Holden provided information about crime alert tools available to Neighborhood Watch groups, including Alertnest, a recording system of reporting Metro crime incidents. LVMPD is previewing the innovative system in Las Vegas before it is applied nationwide.

Block Captain Molly Sher led a discussion offering ideas about working directly with members in Neighborhood Watch, including the use of street-specific gmail addresses for communicating among active Watch volunteers. Currently, 93 block captains oversee 84 streets in Sun City.

NPT leadership member Erik Braun provided an overview of the sessions, including the package of informational materials prepared for every guest. Erik also introduced Klenosky, who works closely with the NPT program.

Upon moving to Sun City, Block Captain Jean Heatherly learned that creating a Neighborhood Watch group was a terrific way to introduce herself to her new neighbors. "I contacted Barbara Holden, who was happy to give me pointers. It really is easy to form a Watch group. I was surprised at how little time and effort it takes," Jean said.

In June, the NPT's monthly newsletter, Neighborhood Watchdog, will cir-

culate to Watch group volunteers and residents who have subscribed to learn about the community crime prevention program. Interested residents may contact neighborhoodwatch-suncity@gmail.com or telephone 702-658-4486.

Neighborhood Watchdog news will analyze crime incidents reported within a 2-mile radius of Sun City. Emphasis will concentrate on home and car burglaries, and thefts.

A sheriff's officer in conversation with a Sun City resident expressed the likelihood that our low crime rate is significantly attributable to educating our residents about local crime information and teaching the worth of home security practices, including the use of outdoor cameras and improved lighting, as well as avoiding the peril of clever telephone scammers.

## Phase 2 of Palm Valley Irrigation Project Starts June 3

## Summerlin to Get Its Own Police Station

The Las Vegas Metropolitan Police Department broke ground on a new sub-station earlier this year and reports the building is scheduled to open in the fall west of Interstate 215 at Far Hills Drive. Construction continues on the Summerlin sub-station, which will be the 10th in the LVMPD's jurisdiction.

According to a recent article in the Las Vegas Review-Journal, land for the sub-station was donated by the Howard Hughes Corporation in 1997. When complete, the Police station is expected to reduce call-response times as the dedicated staff of officers will replace those who currently split their time serving two of Metro's largest areas in the northwest and southwest parts of the valley.

## Things to Remember When Discarding Trash

SCSCAI reminds residents when putting out their trash cans for pickup that all containers must be placed with their wheels facing the curb. If more than one can is placed curbside, a space of 2 feet must be left in between the cans. This space allows for ease of operation of the trash truck's automated arm to maneuver around the cans. Bulk trash pickup is scheduled for two days this month, on Tuesdays, June 11 and 25. Bulk items are defined by Republic Services as items that are 6 feet or less in length, items must not have protruding nails, and tree branches must be tied in weights of 50 pounds or less. Bulk trash items need to be left at the curb; mattresses are required to be wrapped in plastic, and all items must be bundled or bagged. No loose trash will be picked up.

## THE GREAT SUN CITY SUMMERLIN COOKIE BAKE-OFF

### You're Invited as Residents' Forum Bakes Up a Cookie Competition

*Wednesday, June 12, 7 p.m.  
Desert Vista*

What Sun City baker will earn bragging rights for creating the best cookie in Sun City? Come taste, vote and mingle as you join in the fun of this challenging event. All Sun City residents are welcome, and will receive one ticket when entering the ballroom. Guests will taste all of the cookies and then use the ticket to vote for their favorite. Brownie? Chocolate Chip? Sugar? Molasses? Gingersnap? Speculoos? Rugelach? Sun City bakers participating in this new event will need to provide samples. In addition to the cookie tasting, there will be a cash bar, so bring some money for that, as well as for the Residents' Forum 50/50 raffle (\$1 each; 6 for \$5. A portion of the 50/50 helps Residents' Forum find its wonderful monthly events.)

And if that wasn't enough, we'll double the fun of the evening by teaming up with Honey Bears Frozen Scoops, a new local ice cream shop, that will provide free samples of their delicious new frozen flavors.

### Board set to OK Increase in Annual Dues

The Board of Directors invites all homeowners to attend the annual Budget Ratification meeting on **Tuesday, June 11, 9 a.m., at Desert Vista**, where it seeks to ratify the 2019/2020 budget.

In April, the BOD approved the recommendation of the Finance Committee to adopt proposed budget 1B for SCSCAI's fiscal year 2019/2020. This budget includes an annual assessment increase from \$1,464 to \$1,647, a difference of \$183 a year, or \$15.25 per month.

The budget will be ratified at the meeting, unless at that time, a majority of all unit owners reject the budget. For more information and an agenda of the meeting, see Pages 76-77.

**Link's SPOT THE DOT Contest Continues**

*Silver Acura spotted at the Pinnacle parking lot on April 28*

*Black Mercedes spotted on May 7*

*Silver Corvette spotted on May 7*

Did you know that the sunshade you received at the Link FANFARE is worth a prize? Back when residents attended the 3rd annual advertiser expo in January, Link volunteers alerted them to the then-upcoming contest. While the sun wasn't all that strong in January, it sure is now. So, every time a Link volunteer takes a photo of a car using its Link sunshade, we post the picture online at Suncitylink.com. To date, there have been three winners and we're currently looking for three more, whose car photos can be viewed online. We've published them here for you, as well. If you are the owner of the silver Acura, black Mercedes or silver Corvette sporting a Link sunshade, head to our office at Mountain Shadows and collect your prize. Remember to check Suncitylink.com every Tuesday to see if your car's DOT was spotted! Thanks for supporting your community magazine.

**Fiduciary Duty Topic of June 18 Meeting**

Did you know that an HOA's Board of Directors has a fiduciary duty pursuant to state law? Find out what that means by attending this class sponsored by the State of Nevada Department of Business and Industry, Real Estate Division. The workshop gets underway on Tuesday, June 18, from 2-4 p.m., at Desert Vista. The class is free and open to all residents.

## Busy Drivers Split Time Between Community Groups

**S**un City Summerlin Security Patrol members volunteer hundreds of hours as the eyes and ears of this community. For 24 hours, seven days a week, on four-hour shifts, volunteers have saved lives, assisted seniors with minor household problems, protected residents' safety by making them aware of their open garage doors, helped find lost spouses, and reunited lost pets with their owners. Countless adult children have expressed gratitude for Security Patrol's diligence in helping them contact their parents.

Some Security Patrol members also volunteer with Sun City Summerlin Charities/Volunteers, driving residents to appointments and fixing minor household problems, and Sunshine Service, which provides medical equipment for short-term needs, as well as necessities for visiting grandchildren.

Jim Edwards, a 12-year volunteer with Security Patrol, joined both the Patrol and Charities within a month of moving to Sun City. "We bought a house but didn't move in until 2007. We received the Link, so we knew what was going on in Sun City," Edwards said. "With Charities, I drove residents to doctor appointments and did minor repairs. There are similarities between Security Patrol and Charities – neighbors helping neighbors."

He continued with a story. "A few years ago I remember that a woman who just moved into Sun City phoned Charities asking for help in putting light bulbs into the fan fixture. When I arrived, she had everything ready to do the job – light bulbs and step stool. I looked at the fan and told her that there wasn't a light fixture on the fan. She was upset because she had been told that the house had all the amenities."

Edwards drives the midnight shift for Security Patrol. During his routine patrol between 2 and 3 in the morning, he came upon a large pickup truck parked in the street in front of a residence. "I thought I heard a motor running. I stopped the car, got out and put my hand on the hood.

*Jim Edwards, left, and Michael Pennock are happy to help neighbors with driving duties for Security Patrol and Summerlin Charities/Volunteers.*

It was warm to hot and the motor was definitely running. I rang the doorbell and woke up the resident who, at first, didn't believe me about the motor. He came out and heard the sound. He was very thankful and thanked Security Patrol for letting him know."

Michael Pennock, a Security Patrol driver for almost two years, joined Charities six months ago. "I saw my elderly neighbors who needed help with getting to doctor appointments. I thought, I drive for Security Patrol, I can drive someone to their appointment, and I can drive at night for emergencies." Pennock continued: "Sun City is a wonderful place to live. You feel safe in your person and home. Security Patrol drivers carry water in the summer for residents who are walking or are in need." Pennock is presently training as a dispatcher and is an information volunteer.

Recently, while on patrol, Pennock came across a resident who flagged him down. "She was very agitated because the garage door wouldn't stay closed," he said. "She had an appointment and was late, and the door wouldn't stay closed. I saw that the electronic eye was loose, so I tightened it and the door stayed down. The woman was very appreciative."

Both men have a history of volunteering before retiring. Edwards was active in fundraising for the Shriner's Burn Institute; Pennock volunteered during the Civil Rights movement and was active in other union and political causes.

Nice people join Security Patrol. Meet a few by joining Security Patrol and be a neighbor helping neighbors. Call the base at 702-254-2303, the dispatcher will help you get started.

## ALFRED 'AL' ROWE: HE SURVIVED D-DAY TO SPEND A LIFETIME ON THE RAILROAD

Left, Al Rowe today. Right, a portrait of Al, painted by a disabled German Army veteran, in 1945.

**S**eventy-five years ago this month, the coast of Normandy was witness to the largest invasion in history. War and accompanied invasions were not new to Normandy. The region had been contested for centuries with England and France both claiming ownership. But this was different, the size of the invasion fleet was mind-boggling. German soldiers awoke in the pre-dawn morning of June 6, 1944, to the sight of some 5,000 ships spread across 20 miles of sea. Well, more than 155,000 Allied Army and Naval personnel were aboard those ships awaiting H-hour, 06:30, to begin the assault. One of those men was future Sun City resident Alfred 'Al' Rowe.

Al grew up in Sacramento, Calif., but spent his late teen years in Norden, a railroad town near Donner Lake. Al's father was a railroad man. Growing up in the high Sierra Nevada mountains gave Al a sense of independence; some would say stubbornness.

"In the summer I would hike by myself though my father was dead set against it. I taught myself how to ski and that ability was one of two special skills that I had that interested the Army. The other

was surveying, a trade that I learned in high school," Al recalled.

After high school, Al got a job surveying for the Southern Pacific Railroad. That job lasted until just shy of his 20th birthday when he received his draft notice. Al dutifully reported for induction into the Army at San Jose, Calif., and in doing so began a less-than-traditional Army career that spanned nine years and two wars.

"Somebody noticed that I had skiing and surveying experience," Al said. I was told to wait until they got enough people together to send to Colorado for mountaineering training, but before that could happen somebody else decided that they needed my surveying skills more and put me on a train to Fort Claiborne, La. But our train got stuck in El Paso and we arrived in Louisiana three days late by which time the outfit I was supposed to connect with was gone. At that point, they didn't know what to do with me. Eventually, I was assigned to the 358th Engineer General Service Regiment.

"This was a kind of catch-all outfit. Our job was to support other Corps of Engineer units with general labor and things like clearing mines, running DUKWs and building storage units. Most of the guys

in my outfit were poor boys from the coal mines who couldn't even read. I guess that's why they promoted me to corporal. Before we were sent to England, we were trained in landmine removal, not an easy thing because the Germans were pretty tricky."

The morning of June 6 found Al and his Company aboard an attack transport along with major elements of the 29th Infantry Division. Portions of the 29th were part of the first wave to hit the beaches, but most of the Division was sent in as part of the second and third waves. The 358th was part of the third wave.

"When it came time to load into the Higgins Boats, we climbed over the side and down a net. The Navy chiefs were supervising the loading and, at the last minute, he put my buddy and I into a boat loaded with infantry. That's how we got separated from our outfit. When we got within a couple hundred yards of Omaha beach, our boat got stuck. The coxswain dropped the landing ramp and told us 'if you want to live, you'll get off this boat now! We're sitting ducks.'

"I got off, but the water was too deep. I dropped all of my gear and after inflating my life belt, started swimming to shore. Somehow my buddy and I made it there but we weren't even sure where 'there' was. Later, I found out we were in the area of Omaha labeled Dog Red. It was still pretty hot with bullets and shells everywhere. We had no idea where the rest of our outfit was and frankly we were more concerned with finding cover. I spotted a wrecked half-track and we took refuge there."

The pair stayed in that shelter for a couple of days until an MP came along and directed them to the company HQ. At that point, with no mines to be cleared, the pair was loaned out to a graves registration unit. Casualties were high and they were busy.

"What we did, basically, was to sort through equipment and determine if it could be reissued, had to be sent back to England for refurb or just plain scrap. Mostly boots, helmets and rifles. Not a very pretty assignment, but necessary," Al recalled.

The battle progressed, the Germans in the coastal defenses eventually ran out of ammunition and major progress was made as the infantry moved inland. The 358th was sent to the Cotentin Peninsula, where they cleared wrecks and otherwise aided in the opening of some of the smaller ports. After Cherbourg was retaken, Al and the 358th repaired bridges, built gasoline storage tanks and built a network of pipelines and storage tanks to support Patton's tanks as they moved into the French heartland.

"Interesting thing happened when we started laying pipelines. A number of German POWs volunteered to help. Seemed that they weren't too fond of Hitler and wanted to get the war

ended. Later, when we recaptured Paris, our outfit laid communications cable under the Seine River. After that, we were sent to Antwerp to rebuild the port facilities that the Germans had pretty well destroyed.

"About that time, General Eisenhower put out a call for men willing to be infantry officers. In general, I didn't like volunteering for anything in the Army but I thought if I'm going to be shot at, it might as well be at an officer's pay," Al said with a smile. He did volunteer but nearly didn't get passed by the review board when he offered a few, less-than-politically correct answers to their questions. Somehow he made it through, completed the Infantry Officer's training in Fountainebleau, France, and was commissioned on May 24, 1945, as a Second Lieutenant and assigned to the 36th Infantry Division. Al was eventually reassigned as Executive Officer of a company responsible for the retrieval and maintenance of the Pershing Tank, the largest of the American tanks used in World War II. He remained there until his discharge on February 1, 1946.

Returning to California, Al settled into civilian life and attended the University of Southern California, majoring in civil engineering. He had survived D-Day and all that went after. He was home and, while he did struggle with some of the effects of Post-traumatic Stress Syndrome (PTSD) life was basically good; that is until June 1951, when he was recalled to the service and sent to Korea.

"I didn't go peacefully. It was bad enough fighting a war but this was a 'Police Action' and I wasn't a cop. But eventually the Army won out. They sent a couple of MPs to escort me to Vancouver, Canada, where a plane waited to bring me to Japan. There I attended a chemical warfare school before being brought to Pusan. Next thing I know I'm on top a hill somewhere in Korea earning my Combat Infantryman Badge. After a while, I made enough of a pain-in-the-butt of myself that I got transferred to the Philippines as part of the 30th Engineer Base Survey Company, 29th Engineer Battalion. My assignment: Complete a topographical survey of the coast of the Philippine Islands. We did that using two ships, which we (the United States) had donated to the Philippine Navy. We accomplished that mission sufficiently well that we received a Unit Citation," Al said with some pride.

"At that point, they let me go home, where I was discharged on October 27, 1952, as a First Lieutenant.

Home was again in California. Al returned to the Southern Pacific Railroad as a surveyor. Eventually, he made the move to construction superintendent responsible for the track, bridges, snowsheds and tunnels running between Roseville Calif., and Reno, Nev. After 43 years on the job, he retired and moved to Sun City in 2007. Quite a run!

## Ladies Executive Golf

### Chic Competition Spells F-U-N at Annual Tourney

Sun City's Ladies Executive Golf Club welcomed the summer, along with invited guests to a morning of golf during the Club's annual Invitational at Eagle Crest Golf Course. ## Golf (Men's) 18 Hole

"If every shot you hit was a hole-in-one you'd lose interest. You have to hit a few in the woods sometimes to appreciate the game. Much like life." – Missy. One would say that our golf adventures on and off the course here at SCS may have the same results. We have three of the best courses in Las Vegas. Let's remember to keep our courses in great shape as we follow the rules. If you have questions, check out our website, [18holers.org](http://18holers.org), or you can call Colbert, 859-979-4376.

## Golf (Men's) Niners

Yes, it is a bit of a shock to get up so early in June to play golf, but starting at 7 a.m. is a way to beat the heat. We have four interesting tournaments in June to get your golf game going. Three scrambles and one Ind. net. I hope you attended the general membership meeting in May. It is the best way to keep up with our golf course issues and ask any questions you may have. We will have another meeting in the fall. We plan on a special tournament to support our own golf courses in June. Unfortunately, we do not have a date yet, so stay tuned. Want to become a member of a great club? Applications are available at our pro shops, or go online, [www.scsniners.com](http://www.scsniners.com). ## Dinner & Learn

### Members Enjoy a Great Meal While Helping Culinary Students Perfect Their Craft

The Sun City Men's Club took over Russell's Restaurant student kitchen at the College of Southern Nevada (CSN), 3200 E. Cheyenne Ave., in North Las Vegas for dinner on April 4. The 5:30 p.m. meal was prepared and served by the CSN culinary students from The CUL 200 Aromatics Class and FAB 112 Restaurant Management Class under the supervision of Eileen Metcalf, Director/Professor of Food & Beverage Management at CSN.

According to the menu, Club members enjoyed a three-course meal, featuring entree choices of braised lamb shank, pan-roasted duck breast or grilled fillet of ono (Wahoo).

"We had over 80 members (coed) attend," said Club President Alan Spector. "The room was festive and the service was terrific. The cooks and servers were all students of the CSN Culinary School, and this was a training activity for these budding entries into the LV entertainment industry. They really have learned well, and their instructors observed closely and were rightly proud."

The Culinary School is not permitted by policy to accept tips, however, SCSMC collected money from the evening's diners and presented a \$175 gift to CSN for the Culinary School Scholarship Fund. SCSMC has done this before and the total contributions to date are over \$800.

Congratulations to our Sun City medal winners in the Assistance League of Las Vegas charity event sponsored by the Sun City Pickleball Club. Gold medals were won by Lianne Emerson, Pam Standen, Bruni

Slinn, Katie Vaporean in women's doubles. Linda Buccelli and Nancy Popek won bronze medals in women's doubles. In mixed-doubles Katie Vaporean and Mark Sampsel took silver medals, and Suzanne Esber and Jim Dumber took bronze medals. We are very proud of our Sun City Winners. Over 60 people participated in the event, and the Club raised over \$4,000 for the Assistance League of Las Vegas. Members of the Sun City Pickleball Club worked hard to make this event a big success. You, too, could win a medal. Come and see what Pickleball is all about. The Sun City Pickleball Club has 10 courts at Desert Vista by the Security Patrol Office. Members meet Tuesdays, Thursdays, Saturdays and Sundays. Play time is based on the weather. In the summer, we start at 7 a.m. We offer doubles with many levels of players, or singles if you are more adventurous. From beginner to those who qualify for tournament play, you can find a game, as well as players eager to teach you the game. We have all the equipment you need to try the game. Please wear tennis or court shoes. Our spring picnic was a big success. Brats, hot dogs and fun were had by all. On October 4, 5 and 6, we will host the Nevada Senior Pickleball Games. For more information, call Augie Constanzo, President, 375-4533. Check out our website, [scpickleball.com](http://scpickleball.com). Hope to see you on the courts.

## CHARTERED CLUBS

### R.V.

R.V. wagons are rolling through the countryside as the RV Club holds camp-outs at locations throughout the Southwest. We've enjoyed kayaking in Morro Bay, Calif., Shakespeare on stage in Cedar City, Utah, and bluegrass music on the beach at Lake Havasu, Ariz. We've also strolled through historic San Diego, meandered

Sedona, ridden a train that provided breathtaking views, and enjoyed a festive dinner while looking out on the rugged Colorado River's Black Canyon from Willow Beach. Plans are taking shape for upcoming trips through 2020 that will include a mix of old and new destinations. For example, join us as we travel to Flagstaff, St. George, Death Valley and Valley of Fire. If you have an RV or travel trailer, or want to rent one, please join us!

Make new friends, marvel at what this uniquely beautiful geographic area has to offer, and help us determine where we want to go! For more information, you are invited to call Club President Tim Troxe, 249-3239. We meet at Desert Vista the second Monday of each month at 7 p.m.

### Sawdusters

Our meeting is on Wednesday, June 5, 9 a.m., Desert Vista. The topic will be new equipment. Please try to attend. Dues are \$40 a year. After July, they will be \$20. We do not prorate dues. We accept donations of wood and equipment. The back left board must stay off the back door. Remember, we have a camera in the shop. Please clean up after yourselves. For further information, please call Bev at 838-2621 or the Wood Shop, 240-1325

### Security Patrol

Security Patrol is a volunteer organization made up of residents of the Sun City Summerlin community. We are the eyes and ears of the community, providing 24-hour patrol of the Sun City roads. Members serve as drivers, dispatchers and Information Center officers. Contact the Patrol at 254-2303, or visit us at base (located at the rear of Desert Vista's parking lot). We're here 24 hours a day, 365 days a year. Our membership meetings are held on the fourth Tuesday of each month at 7 p.m., Room 5, Desert Vista. If you are

## IGNORANCE CAN BE EXPENSIVE

This is an Advertisement.

**Failing to plan, is planning to fail. The threat of enhanced Medicaid recovery is real.**

**SITUATION:** We met with a daughter whose parents had been divorced. Both had paid off their individual homes. Mom had some asset protection planning in place and passed away without having to use her Medicaid assistance. Dad had a simple estate plan in place, and had been declared incompetent because of dementia, but was otherwise in superb health. He appeared likely to need a memory care or skilled nursing facility in the coming years. The cost of a facility would likely be \$8K per month. He would be forced to use the \$320K from the sale of his home to pay for his care *before* Medicaid assistance would kick in.

**THREAT:** When the daughter came to our office, she wanted to move Mom's house into Dad's trust. Moving Mom's home would have made the funds available for Medicaid "recovery", an estimate \$350K. Medicaid assistance has a 5 year look back period to "recover" any transfer of assets.

**SOLUTION:** We met with Dad, and suggested the family get him formally tested by a doctor, and it turned out he was competent enough for us to get better Durable Powers of Attorney and advanced Elder Law planning in place. The end result was \$320K would now be protected and not available for Medicaid "recovery". When the time comes for Dad to move into a skilled nursing facility, the cost of care could be covered by Medicaid assistance. The funds from the sale of both homes would be safe from Medicaid. The daughter and her Dad now have their assets and funds protected.

**WHAT IS IMPERATIVE TO UNDERSTAND:** Had the daughter not gone to an Elder Law Attorney, Dad's assets and funds would HAVE been used FIRST before Medicaid kicked in. He would only have about \$2K in assets left.
