PRESIDENT'S MESSAGE

## Changes Coming to Sun City's Board of Directors' Election

**G**ood day Summerlin residents. For October let's look at one of our standing committees, the Election Committee. The Election Committee is responsible for conducting all SCSCAI elections and balloting, including counting the votes for those activities. Like all the standing committees, the chairperson is appointed each year by the president of SCSCAI's Board of Directors (me) with the advice and consent of the Board. Jeff Wilkinson is the present chairman of the Election Committee. The chairperson of each standing committee appoints the members of its committee (with the exception of the Architectural Review Committee, where Sun City's Board of Directors approves the members as well as the chairperson). Once appointed, only SCSCAI's Board can remove a committee member.

Working with a Board-appointed subcommittee made up of Ellen Bachman, Barbara Holden and Bruce Alitt, Jeff did an in-depth review of Sun City's voting processes to see if we could improve the ballots themselves, as well as the way we conduct our elections and balloting. As a result, at the August SCSCAI Board of Directors' meeting, the Board approved changes that will improve how the Election Committee conducts activities, including how ballots are sent to the membership and how ballots are secured. The February SCSCAI election will reflect those changes.

The election for SCSCAI Board members takes place every year on the fourth Tuesday in February. Other balloting for such things as changes to the CC&Rs typically also take place on that day on the same ballot, although they do not have to. The counting of ballots normally takes place the day after the final day ballots can be submitted. Once counted, the results are given to the Board Secretary, who signs the tabulation of the votes and announces the results.

New subject. There are some issues that never seem to end. I'll briefly note three of those.

1. Parking on the sidewalks. Don't do it! Sidewalks are for walking, not parking. That seems to be a difficult concept for some people.
2. Please maintain your yard in accordance with our development standards. Sweep the rocks off the sidewalks, pull weeds, and trim bushes and trees off the sidewalks.
3. Contact the Community Standards Office before doing any work on the exterior of your home. Kate Carroll and Barbara Davidson, the Community Standards folks, will be happy to show you what color you can paint your home, tell you about setback requirements and so on. Page 6 of the Link lists the office telephone number 702-966-1411.

## Request for Tree Removals Sparks Discussion

**C**ommon Area Properties Committee Chairman Bruce Alitt brought the September CAP meeting to order on September 3, thanking committee members for their hard work and dedication. "CAP is one of the hardest working committees in Sun City. We do inspections once a month and we're always running around, and I appreciate your efforts very much," he said.

Among the agenda items for the meeting were four homeowners who live along the 2500 block of Deer Lake Street who requested the Association remove trees (at the residents' expense) on Thomas Ryan Boulevard that impact their views.

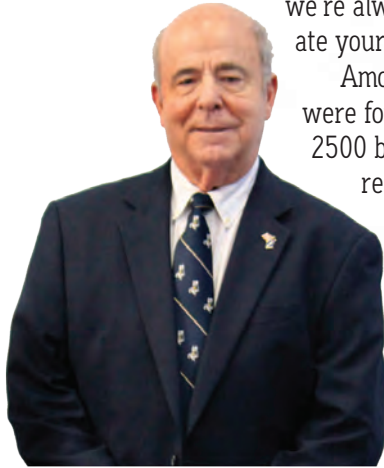

The item sparked a healthy discussion among CAP members, with the central issue focusing on a concern over setting a potential precedent for tree removal requests. As such, the item will continue to be researched by

SCSCAI Executive Director Mitzi Mills and return to the Committee at the October 1 meeting for further discussion.

Another tree issue was addressed by SCSCAI Landscape Director Louis Darling, who explained that irrigation work at the Palm Valley Golf Course caused significant damage to several pine trees located behind the Miller's Tavern/Palm Valley monument sign located at Echo Mesa Drive and Del Webb Boulevard. According to Louis, the trees will most likely need to come down as he does not think the root systems are strong enough to support the trees during a wind storm.

Aside from landscape concerns, the Committee reviewed an update to an emergency addition to the August Board of Directors' agenda regarding the installation of a security camera and license plate reader at Highland Falls Golf Course. The project, which was approved not to exceed \$12,000, was implemented in response to a recommendation by staff due to several reported break-ins at the parking lot.

The next CAP meeting will take place at 9 a.m. on Tuesday, October 1, at Desert Vista. All residents are invited to attend CAP meetings to learn more about how the Committee evaluates community expenditures. *Jeannette Carrillo/Link*

## Sun City's 30th Birthday Bash One of Many Celebrations Planned This Month

**W**elcome back, snowbirds, and happy autumn to all those who braved the summer heat! As Sun City gets ready to head into cooler months the calendar heats up with events planned for every weekend in October and throughout many weekdays. While this story covers only a few of the festive events in store, you'll want to make sure to check out the Events and Daytrips section, the Health & Fitness pages, Golf News, and The Summit and Starbright Theatre schedules in this issue to see what other activities are planned to keep you busy.

tors are expected from Arizona, California, Canada, Nevada, Utah and more. Players will be arranged by age groups in men's and women's singles and doubles, and mixed doubles categories. As is familiar in Olympic-style competition, medals will be awarded to winners in each category for first through third places in the form of gold, silver and bronze medals.

"We'll be set up to accommodate lots of spectator seating as we can use up to 18 courts for play, and that means lots of family and friends coming to see their loved ones," said Augie Costanzo, Sun City Pickleball Club President. NSG is expecting roughly 200 players to compete this year, including about 50 Sun City residents.

Opening ceremonies will begin Thursday, October 3 at 8:45 a.m., courtside. There will be a formal welcome, followed by the National Anthem. After that, Augie said, "This thing will be live! with players' scores, rankings, news updates and photos available in real time at [Pickleballtournaments.com](http://Pickleballtournaments.com).

### Have You Considered Running for the Board of Directors?

Sun City Summerlin Community Association, Inc., has an elected board of directors whose responsibility it is to conduct the affairs of the Association and work with the Executive Director who conducts the day-to-day operations. If you are a unit owner in good standing with the Association and have an interest in serving the community, you are eligible to run for Sun City's Board of Directors. Each February, Sun City homeowners vote in an election to replace members of the Board whose terms have expired. The Board is made up of nine directors who serve three-year terms and serve on a variety of committees aimed at improving residents' overall community experience. In addition, the BOD works with the Association's Executive Director and department managers, guiding SCSCAI's annual budget, and rules and regulations. This is an opportunity to contribute and help shape the community. The deadline to submit a declaration of candidacy is 5 p.m., Friday, November 29. Candidate statements may be turned into the Administration Office at Mountain Shadows. For more information, call Kelly Balek, Executive Assistant, 702-966-1408.

## Piano Man, Rod Ouano, Celebrates Two Years at The Summit

Happy 2nd anniversary to Sun City homeowner and resident piano man Rod Ouano, who entertains diners every Sunday morning behind the keyboard during the weekly brunch at The Summit. Nearly 60 friends, fans and others showed up to celebrate Rod's piano stylings on September 1. Rod lives in Sun City with his wife, Gloria, who provided an appropriately designed musical sheet cake for all to enjoy. An extremely talented musician, Rod has years of experience that easily allows him to meet musical requests without missing a beat. As for the Mickey Mouse Pez dispenser, it was presented to Rod by a fan and friend, Men's Club President Alan Spector. If you didn't already know, Rod also makes up one part of The Summit Trio, an independent group of Sun City musicians, that provides musical entertainment at events throughout the community. So, if you happen to be free one Sunday morning, or have a craving for brunch with a side of piano and a fantastic view, head to The Summit. SCSCAI's brunch is offered from 9 a.m. to noon every Sunday and features scrambled eggs, sausage, bacon, fruit, homemade desserts, rotating entrees and a made-to-order omelet station. Bar service is also available that includes delicious Bloody Marys and mimosas. The all-you-can-eat brunch is priced at \$12.95 for residents with an Association ID; \$15.95 for their guests.

## Audrey Smith Is 'Every Woman'

Sun City resident Audrey Smith will be on stage next month at Ron DeCar's Event Center, 1201 Las Vegas Blvd., South, on Sunday, November 10, in her new one-woman show, "She's Every Woman."

What's the show about? According to Audrey, who will portray all numbers through tap, singing, piano and comedy, "It's about females. Females that are classy, females that are sassy. Females that want to be a star, females that frequent the bar. Females looking for their honey, and females looking for money. Females that have had it with romance as they would just rather dance."

If you've attended any of the club shows at the Starbright Theatre this year you have seen Audrey perform. Now, she celebrates her very own show, and she's raring to go with special guest Chas. Doors to the theater open at 5:30 p.m.; show starts at 7 p.m. Tickets are \$30, with a buffet dinner. Bus transportation is available from Sun City for \$15.

**AARP Tax Program Needs Your Help**

AARP sponsors an important program in Sun City to prepare income tax returns for residents. The campaign is staffed by volunteers. Last year, more than 700 free returns were processed in Sun City. Each return is prepared by a trained counselor and reviewed by an experienced volunteer to assure a high standard of quality service. But AARP cannot accomplish this alone, and so the organization is looking for volunteers to help. If you have knowledge of income tax rules and computer skills, this friendly group would like to hear from you. All volunteers are required to attend a one-week tax course and pass a minimum proficiency exam. Volunteers must contribute at least four hours a week during tax season. All work is done at the Mountain Shadows Community Center on Thursdays and Fridays, starting in February and running through April 15. If you would like to volunteer, please feel free to register online at [www.aarpfoundation.org/volunteer](http://www.aarpfoundation.org/volunteer) before October 31. For more information, contact Mike Sanders at 702-724-0476 or email [sandersmichael774@yahoo.com](mailto:sandersmichael774@yahoo.com).

**Sewer Cleaning Project Continues in Sun City**

The city of Las Vegas continues its inspections and assessments of manholes and the small diameter sanitary sewer system throughout Sun City this month. The program started last month and residents will see work crews in several areas throughout the community. During dates listed on the map, there will be high-pressure cleaning of the sanitary system. Residents may see some bubbling and splashing within bathroom fixtures. To minimize any issues that may arise, it is recommended that toilet lids be closed and any tubs/sinks be kept drained as much as possible. For more information on the program, call 702-435-3700, ext. 6701.

The Health and Fitness Department would like to thank all residents who participated in our Fall Fitness Week, Wednesday Workout Series, and the 27th Annual Health Fair. It is our commitment to the community to provide support and encouragement to living a healthy and happy life.

**Pam Shields,**

This month we will focus on women's health and men's health, with four lunch-and-learn topics that may be difficult to talk about, but are important to hear and gain insight on as we strive to age healthfully.

- Our fabulous healthy cooking demo is back, but this time it will take place in the evening.
- Mindful meditation will now be offered weekly on Fridays at Sun Shadows at 12:15 p.m.

As the weather starts to cool off, remember to take advantage of

According to Robert Sallis, M.D., a family physician and sports medicine doctor with Kaiser Permanente, "Walking is the most studied form of exercise, and multiple studies have proven that it is the best thing we can do to improve our overall health and increase our longevity and functional years."

There are ways to get the most benefit from your walks by walking as much as you can, picking up the pace, trying intervals by increasing and decreasing speed, and by walking uphill which is certainly available in our Sun City neighborhoods.

## Golf Carts and Driver Safety

**W**hen it comes to golf in Sun City Summerlin, safety is the No. 1 concern for residents and visitors, alike. The most obvious question about golf carts in use is who has the right of way at street crossings? The answer:

- ◆ The automobile ALWAYS HAS THE RIGHT OF WAY
- ◆ If a vehicle stops on the street and waves a golf cart across, cart drivers should REFUSE and wave the car through. Golfers can never count on other traffic stopping.
- ◆ For an automobile driver in the community, it is imperative that when driving on the streets that border the golf courses, always slow down to a crawl but do not stop. Motorists always have the right of way. Always remember to use that right-of-way with a slow caution.

# THANK YOU FOR YOUR SERVICE

## STEPHEN EDEN: A LITTLE TOO LATE FOR WWII, BUT JUST IN TIME FOR KOREA

**B**ack when I was growing up there was a cartoon in our local newspaper called "Born Too Soon," or something like that. Although not the focus of the series, in some way it characterizes many of the youth of America born in the late 1920s who were born just a little too late. These kids desperately wanted to fight in World War II, but they were just a little too young. Not that that stopped many of them. A "modified" birth certificate here, a recruiter with a quota to make there and, *voilà!* — they were in.

Look at the history of Sun City resident Stephen Eden. Being born at the very end of 1928 meant that Steve was barely 13 when Pearl Harbor was attacked. He and his two brothers were living in Chicago. By 1945, both brothers were in uniform. Oldest brother Edward was a Master Sergeant with three years of combat experience as part of MacArthur's Southwest Pacific command. Middle brother Bruno was in the Navy. Steve wanted in so he "modified" his birth certificate and went to the local Navy recruiting office. The modification wasn't exactly professional and the Navy sent him home.

Not to be denied, Steve tried again. Starting with another modified certificate he went to the Army recruiting office in April 1945 and volunteered for immediate induction, asking to start on May 16 because five of his friends were scheduled to report that day. This time, whether it was because he did a better job of modifying the certificate, or because the recruiter hadn't met his quota, or because his story of enlisting along with his friends rang true we will never know. Suffice it to say, Steve took the oath along with his friends and they all reported to Fort Sill, Okla., for basic training. Steve's mother wasn't thrilled, but she went along for now.

But by late June that changed. Mother decided that she needed Steve at home more than the Army did. One phone call and on July 5, 1945, Steve was a civilian again. The war was about over anyway, so Steve began his civilian career landing a job as a printer. He was married at 19, divorced at 21 — just in time for the Korean War.

"In September 1951, I again enlisted in the Army. This time it took. After basic training and some advanced schooling I found

myself in Korea. I was assigned to a topographic company in the Corps of Engineers. My outfit was stationed about 10 miles south of the front lines, which at that time was around the 38th parallel. My job was to make maps. That included printing them in four colors so my civilian experience really helped. You see, the presses we had at that time were one-color presses, which meant that the maps had to be created with four overlays — one for each color and then the image printed four times to create an accurate map. Not an easy thing at any time, let alone on a field press.

"The job also required that I go up to the front line to meet with the men from our survey platoon to get the information necessary to keep our maps up to date. The first time I did that was an experience that I will never forget.

As I said, my outfit was stationed about 10 miles behind the lines so we were required to maintain our uniforms, brass and boots as if we were in the States. So, dressed in a freshly starched set of fatigues, boots polished and the Jeep freshly washed, I ventured up to the front.

"No sooner that I got there, it seemed like every sniper in the North Korean or Chinese Army was shooting at me. I mean really shooting at me personally! I ran the Jeep off the road and dove into a nearby ditch. A sergeant was there and I asked him what the heck was going on? His answer: To them you look like someone important, maybe a general because you were so clean. Next time, make sure that you and your Jeep are appropriately mud splattered so you'll blend in. You can bet that I took that advice!" Steve said.

In August 1953, Steve's hitch was up and he returned to the States to be discharged having obtained the rank of corporal. He remained in the inactive reserves until January 1960.

In returning to civilian life, Steve returned to his printing profession. By the time he retired he had learned some 60 different machines.

He and wife, Joan, (who passed away early this year) moved to Sun City in 2004.

# A Walk in Sun City Summerlin

By Tammy Collins/Link

One of the great joys for many Sun City Summerlin residents is a nice walk about our community. Whether it is alone with earbuds playing your favorite music, sharing the jaunt with a companion, or exercising a four-legged member of the family, many of us enjoy the vistas and

You can also send an email to SCSCAI's Community Standards Office at [Communitystandards@suncitylv.com](mailto:Communitystandards@suncitylv.com), giving the make, model, color and license plate number of the vehicle and where it is parked. Landscaping stones that spill onto the sidewalk can result in a twisted ankle or even a fall. Taller

If you are inconvenienced by a vehicle encroaching on the sidewalk, you can send an email to SCSCAI's Community Standards Office at [Communitystandards@suncitylv.com](mailto:Communitystandards@suncitylv.com), giving the make, model, color and license plate number of the vehicle and where it is parked.

experiences such a walk has to offer. And this is a bit of exercise during which we often encounter friends, neighbors and even others' pets.

However, some things make, what should be a pleasant outing, an experience filled with irritations and even dangers. Many of these things are the result of negligence by homeowners, drivers and even walkers themselves.

For example, obstacles on or encroaching on the sidewalk such as plants, landscaping stones and even cars parked on the rolling curbs and sidewalk areas cause walkers to pass by in the street. This can place them in the path of street traffic. If you are inconvenienced by a vehicle encroaching on the sidewalk, you can call Las Vegas Parking Enforcement (702-229-6432).

walkers often are slapped in the face by untrimmed tree branches, and a recurring irritant to walkers is excessive pet waste that has been neglected for far too long. This waste is offensive to the senses, but more importantly can present a health hazard.

As many residents use the garage as the primary entrance to their home, they often neglect checking the front and side areas of their property. And many who own corner lots do not glance around the corner to see what may need to be addressed. All private property that abuts Sun City sidewalks and streets is the homeowner's responsibility and must be maintained by the homeowner.

While exercising a pet, please be sure it is leashed and controlled. After all, that is the law. Many Sun City residents

adore their four-legged companions, however, not all walkers share that same love of animals. Encountering a walker and his/her pet should be a pleasant experience, not one of fear or discomfort.

A further walking danger is inattentive automobile drivers. Walkers, all too frequently, encounter drivers who ignore stop signs and turn into an intersection while people are visibly in the cross walk. And when entering or exiting garages, many drivers neglect to check to determine if walkers might be passing by.

On the flip side, to ensure their own safety, walkers who enjoy strolls at sunrise and sunset might want to consider wearing light-colored and/or reflective clothing. Often, drivers and cyclists when encountering walkers during those times are unable to see walkers clearly. This is especially true of those who walk in the street. Remember to dress to be seen when walking during the dark, at dawn or at dusk.

Making certain sidewalks are free from obstacles, driving carefully and walking with care and awareness will make a walk in Sun City Summerlin a pleasure indeed.

## Meet the New Watch Commanders

**W**atch Commanders are the daily managers of Security Patrol. They serve twelve-hour shifts and are responsible for smooth operation of three shifts of dispatchers, drivers and information centers. Watch Commanders respond to neighbors who ask for assistance with personal and security concerns, and reports involving Sun City properties. They respond to accidents in Sun City that are reported to the Base and remain on site until first responders come on the scene. It is quite a job!

Watch Commander candidates are approved by the Security Patrol Board of Directors, They are required to be trained as dispatchers and drivers. For example, if a candidate is not a dispatcher, he/she must complete the dispatcher training program prior to Watch Commander training.

Four experienced Security Patrol volunteers, Mel Chaloupka, Steve Douglas, Massoud Modarres and Bob Newton have completed their Watch Commander training and are on the job.

In a retirement community - a reward for years of hard work - why would anyone volunteer to stand twelve hours and assume responsibilities reminiscent of their careers? The answer, because they care about the community in which they reside.

"There is a need in Security Patrol for Watch Commanders. My training as a dispatcher and driver seemed a continuation to becoming a Watch Commander - a natural progression," responded Steve Douglas to the question "Why?" He continued, "I'm

willing to accept the additional responsibilities that come with the job. I bring thirty-three years of experience as a first responder."

Steve retired from the Los Angeles, CA Fire Department.

Massoud Modarres responded to the question with "Security Patrol brings safety, security and peace of mind to the residents. A reassurance that we can help. It is good feeling in Sun City, and I'd like to "pay back. Communication skills are important since we deal with a larger portion of Sun City residents in

their specific situations." Massoud also drives a regular shift and is available for emergency fill-in if a scheduled driver is unable to work.

"Being a Watch Commander is more challenging, and I have experience in the field," said Mel Chaloupka, who is also serves as a dispatcher. "As a navy pilot for over twenty years, I have respect for procedures, leadership and, also, how to follow a leader. As Watch Commanders, we provide guidance to the Chief, dispatchers, and drivers."

"It is an expansion of responsibilities," responded Bob Newton to the "Why?" question. "A Watch Commander must be a leader, but he/she must learn to lead him/herself first," he continued. "I know how to work with people as a supervisor, communicate problems to the appropriate person and how to solve problems."

Steve Douglas reflected on the training. "There is an emphasis on decision making, record keeping, support to all disciplines, and support for the volunteers."

Modarres and Newton agreed that attention to schedules and reading the dispatcher and watch commander daily logs were essential to doing their job. The daily logs identify possible on-going problems as well as provide information on how dispatchers resolved issues on their shifts. Mel Chaloupka reflected that the training was more like an intern-

ship with candidates shadowing Watch Commanders as they went about their duties.

"We communicate with a larger Sun City community," reported Massoud. Watch Commanders make welcome home phone calls to residents who have returned and registered for a house check. Additionally, they interact with neighbors when a call comes in regarding the well-being of a neighbor.

Security Patrol is proud of our new Watch Commanders. They are on the job monitoring the activity of Sun City and helping to provide a peace of mind to all who live here. Security Patrol always needs volunteers. Please call 702-254-2303 and a dispatcher will get you started.

## TECH-SAVVY NEIGHBORS HELPING NEIGHBORS

Technology is a growing part of our lives and the Sun City Summerlin Computer Club strives to provide an opportunity for residents who are familiar with some aspect of technology to assist other residents. Most of our helpers have extensive experience and have found that assisting others helps maintain their expertise.

"Cutting the cord" is a topic currently being explored at the Club. Many people are no longer satisfied with their television viewing package and want information on alternatives. Club President Jeff Wilkerson presented the results of his cord-cutting research at a recent monthly club meeting. Guest speakers at monthly meetings have included an FBI special agent, who discussed Internet fraud and a Clark County librarian, who detailed the process for accessing the vast library resources available online.

More information regarding monthly meetings is available on the Club's Facebook page, [https://www.facebook.com/Pres.scsc/?epa=SEARCH\\_BOX](https://www.facebook.com/Pres.scsc/?epa=SEARCH_BOX).

One of the Club's most popular offering is the Tuesday afternoon, one-on-one help and repair session. Every Tuesday, from 12:30-4 p.m., a group of qualified volunteers is available to assist all Sun City Summerlin residents with their computer issues.

The Club is located at The Pinnacle, with both a classroom and a lab offering Windows and Mac operating systems. The lab is open for use by any Sun City Summerlin resident. Lab hours are 9 a.m. to 12 p.m., Wednesday and Saturday.

Computer basics are taught at the Club's Boot Camp, a hands-on class for beginners. Small group meetings offer tips and experience with the newest Mac, Microsoft or Android devices. Other classes covering topics such as genealogy, Internet investing, the Cloud, the Internet of Things (IoT), and credit monitoring are also presented throughout the year.

If you have a question, but don't want to wait until a scheduled session, the club's Yahoo group, Helping Hands, is available to supply the answer. Club technicians monitor this group, and most questions should be answered the same day they are asked.

Whether you are new to our community or a longtime resident needing help or wanting to explore a new area of interest, the Sun City Summerlin Computer Club has something for you.

## Golf (Women's)

Golfers are a quirky breed. We love the game and can't wait to get to the first tee. Off we go – driver, 4 wood, 8 iron, putter! Yay! Then suddenly we run into the group in front of us. Oh no! We are going to be forced to spend more time doing what we love with good friends! Give it a rest, golfing pals and gals, enjoy every moment, each swing, each putt. Embrace the round and come join our very patient women's group. We will match you with a buddy who will show you the ropes and introduce you to our members and to our great golf staff! In the summer, our shotgun is Tuesdays at 7 a.m., and we have a membership meeting with lunch monthly. Check out our website, [scswomensgolf.com](http://scswomensgolf.com), for membership forms. Contact Vice President Billie Dauk at [b.dauk1951@gmail.com](mailto:b.dauk1951@gmail.com). Election of officers will be on Saturday, November 19, 1 p.m., Desert Vista.

## Gun

Regular meetings are the second Friday of the month, 1 p.m., Desert Vista. Whether you're new to firearms, are considering purchasing your first weapon, or are an old hand at shooting, we are looking for you. Our membership includes retired firearms

instructors, armorers and range safety officers from law enforcement and military communities. We maintain lists of beginner's classes, places to shoot, local gun-smithing and concealed carry weapon permit instructors. In May, a pizza social is held; in December we hold a catered holiday party in lieu of a meeting. ## IGNORANCE CAN BE EXPENSIVE

This is an Advertisement.

**Failing to plan, is planning to fail. The threat of enhanced Medicaid recovery is real.**

**SITUATION:** We met with a daughter whose parents had been divorced. Both had paid off their individual homes. Mom had some asset protection planning in place and passed away without having to use her Medicaid assistance. Dad had a simple estate plan in place, and had been declared incompetent because of dementia, but was otherwise in superb health. He appeared likely to need a memory care or skilled nursing facility in the coming years. The cost of a facility would likely be \$8K per month. He would be forced to use the \$320K from the sale of his home to pay for his care *before* Medicaid assistance would kick in.

**THREAT:** When the daughter came to our office, she wanted to move Mom's house into Dad's trust. Moving Mom's home would have made the funds available for Medicaid "recovery", an estimate \$350K. Medicaid assistance has a 5 year look back period to "recover" any transfer of assets.

**SOLUTION:** We met with Dad, and suggested the family get him formally tested by a doctor, and it turned out he was competent enough for us to get better Durable Powers of Attorney and advanced Elder Law planning in place. The end result was \$320K would now be protected and not available for Medicaid "recovery". When the time comes for Dad to move into a skilled nursing facility, the cost of care could be covered by Medicaid assistance. The funds from the sale of both homes would be safe from Medicaid. The daughter and her Dad now have their assets and funds protected.

**WHAT IS IMPERATIVE TO UNDERSTAND:** Had the daughter not gone to an Elder Law Attorney, Dad's assets and funds would HAVE been used FIRST before Medicaid kicked in. He would only have about \$2K in assets left.

**ARE YOU AND YOUR FAMILY PROPERLY PROTECTED?**
