Now Is a Great Time to Join a Committee

In previous Link months we have discussed one of our great standing committees that do so much to make Sun City Summerlin such a great place to live. For this month, let's take a general look at our 11 standing committees: Architectural Review, Deed Restriction Hearing, Finance, Common Area Properties, Clubs and Community Organization, Golf Oversight, Legal Services, Neighborhood Watch/Community Preparedness, Fitness, Election and Information Technology. The detailed charter for each committee is defined in the SCSCAI Bylaws, available online at the Suncitysummerlin.com, at "Administration," then "Resource Center" and "Governing Documents."

The charter of each committee is pretty much explained by its title, but two might need some explanation.

The Architectural Review Committee (ARC) enforces Sun City's development standards, such things as house paint colors, landscaping and upkeep of properties, as well as processing, along with Community Standards, applications for landscape changes and other property changes. The ARC is the only committee mandated by the SCSCAI CC&Rs/Master Declaration.

The other committee name that might be confusing is the Deed Restriction Hearing Committee (DHRC). DHRC is responsible for determining what sanctions should be imposed when the development standards are not followed. Again, read our bylaws for more details on each committee.

Each committee has an SCSCAI Board member chairperson appointed by the President of the SCSCAI Board of Directors with the advice and consent of the Board. Each chairperson then selects the members of their committee. And, of course, there are exceptions. ARC members must be approved by the SCSCAI Board. The other exception to the process is that the Election Committee cannot be chaired by a Board member (potential conflict of interest) so the Board President, with Board consent, selects a non-Board member as the chairman/woman, who then selects his/her committee members.

I cannot say enough good words for the work done by our committees. The committees provide many hours of staff work (unpaid!), providing the Board of Directors and our Executive Director with information needed to make decisions on what to buy, color of furniture, assessment of legal issues, investment of our funds, budget assessment and so on. Without question, SCSCAI would not be the great place to live in without our committee members. Many, if not most, decisions made by the SCSCAI Board of Directors reflect a recommendation made by one of our committees.

So, who is on our committees? Glad you asked.

Our committees are staffed by your fellow owners, volunteers who have a vested interest and applicable skills in maintaining our community. As discussed above, in most cases, the committee chair selects committee members. Being a member of one of the SCSCAI standing committees is a very rewarding experience. Not only do you learn a lot about what goes on in SCSCAI, you also will help make our community an even better place to live. And, you will meet some great fellow residents. Many committees discuss their monthly activities in the Link, and the Link calendar on page 44 includes the committee schedules. Give some of your time and talent to SCSCAI by attending a committee meeting that attracts your interest and skills to get a feel for what that committee does. Then call the committee chair and discuss your interest in their committee. Page six of the Link includes the name of each Board member and what committee they chair.

Think Link! And Think Committees!

Lions Club Extension Roars Into Action Against Juvenile Diabetes

When you hear the term Lions Club, what is the first thing that comes to mind? If you said "Knights of the Blind" or anything associated with eyesight you would not have been wrong. But you would not have been 100 percent correct, either. While it is true that a major thrust of the Lions Club International has been helping both the blind and people with impaired vision, the Lions predates that mission and was founded in 1917 with a mission to address social problems created by World War I.

Donna Cutler helps where she can during a recent foot screening for peripheral neuropathy at Desert Springs Hospital.

In 2016, as part of its 2017 100th anniversary mission review, a new mission was added:

Support for people with diabetes, a worldwide problem. Among those lobbying the international board were Sun City resident members of the Summerlin Lions Club. And prominent among that group was Donna Cutler.

Donna has been a Lion since 1996 when she joined the Los Feliz, Calif., Club. She moved to Las Vegas in 2003 and immediately joined the Summerlin Lions where she served as president in 2009 and 2010. After moving to Sun City in 2012, Donna, joined by other Sun City and Summerlin residents, began expanding the vision to include diabetes support and prevention. In September 2016, coincident with the international board's adoption of diabetes as a mission, a group of Summerlin Lions members split off to form the Las Vegas Diabetes Wellness Lions

club to focus on diabetes.

As with any new organization, it takes time to really get in motion. Eighteen months after founding, the Club held its first fundraiser and selected its first area of support: diabetic children. In conjunction with Downtown Summerlin merchants, the Club held its first poker run in October 2018. The funds raised were used to send a child to one of the five camps the Nevada Diabetes Association runs specifically for children with Type 1 diabetes. In October 2019, the Club ran its second poker run and raised enough money to send three children to camp.

The Club has broadened its efforts and, in addition to the fundraisers for children, now include diabetic outreach programs, including the very important foot screenings for the homeless, veterans and at Desert Springs Hospital. Many of these events are scheduled in conjunction with other local Lions clubs so that sight and diabetes screening are done in parallel.

"There are opportunities to do more and we invite Sun City residents to join us in these worthwhile programs. It's an opportunity to make life in Las Vegas a little better, one small step at a time, Debra said.

The Las Vegas Diabetes Wellness Lions Club meets every second and fourth Wednesday at McGoo's, 7360 W. Cheyenne Ave. Meetings start at 6 p.m. followed by dinner at 6:30 p.m.

"Please join us," Donna said.

For more information, contact Donna at 702-875-6290 or fancymelv@gmail.com.

2020 Board of Directors Candidates Announced

The SCSCAI Election Committee is pleased to announce that 11 candidates are vying for five open seats on the Sun City Summerlin Community Association, Inc., Board of Directors. The candidates have submitted their names and meet the qualification of being a unit owner, a member in good standing and have stated they have no professional or personal relationship that would result or would appear to a reasonable person to result in a conflict of interest if elected to serve as a member of the Board.

As Sun City Summerlin is in the final year of a three-year transition from two-year to three-year Board terms, this year the top three vote recipients will be elected to three year terms with the next two highest vote recipients receiving one-year terms. Each voter has five (5) votes (one for each vacancy) and may distribute the votes among the candidates or give all votes to one candidate. The candidates are listed in the order in which they will appear on the ballot, an order that was determined by drawing numbers. Candidates are:

A true fiscal conservative

My objective is to make the Board responsive to our members. I have and will continue to use my education, experience and knowledge only for the betterment of our Association. I have no personal agenda. I belong to no faction or group. I will always and only evaluate issues based upon my fiduciary duty to our Association. Communicating with as many members as I can through all means available makes me accessible to all members. I am open and honest. I am available. I listen to and communicate with any and all of our members.

Our assessments were raised an excessive amount. I was 1 of only 2 Board members to vote against that raise.

I want and have worked for term limits for our Board. That issue is now on our ballot. Please vote for term limits for our Board. When elected I will not run for another consecutive term. That is my pledge.

My dedication to our Association is reflected by my many hours and years of service to it. I am not a "johnny-come-lately." I have served as Board Vice-President, Secretary and Treasurer. I have also been Chair Person of the Common Area Properties, CCOC and Legal Services Committees as well as a member of the Finance Committee and ARC.

As a graduate of the US Naval Academy I have proudly served as a US Navy Submarine Officer. In civilian life I was a Project Manager responsible for multi-million dollar electric generation projects both domestically and internationally. Later I was Chief Compliance Officer for the Nevada Real Estate Division (NRED) which included responsibility for all of Nevada's HOAs. I know and will follow Nevada HOA law.

Thank you for electing me as a board member for our Association.

When re-elected I will never forget my fiduciary duty to our Association.

Retired after 35 years of Information Technology (IT) experience

- Member of Executive Committee
- Aligned IT Priorities with the Business Objectives of the Board
- Expertise in the development and adherence to both Capital and Operating Budgets
- Expertise in Cost/Benefit Analysis
- Expertise in Project Management – Delivering the objectives
- Expertise in Vendor Negotiations
 - Requests for Proposals (RFPs)
 - Contract Negotiation
 - Proper Vendor Selection

IT professionals tend to be innovators and proponents of change – I represent those traits

How I can Help?

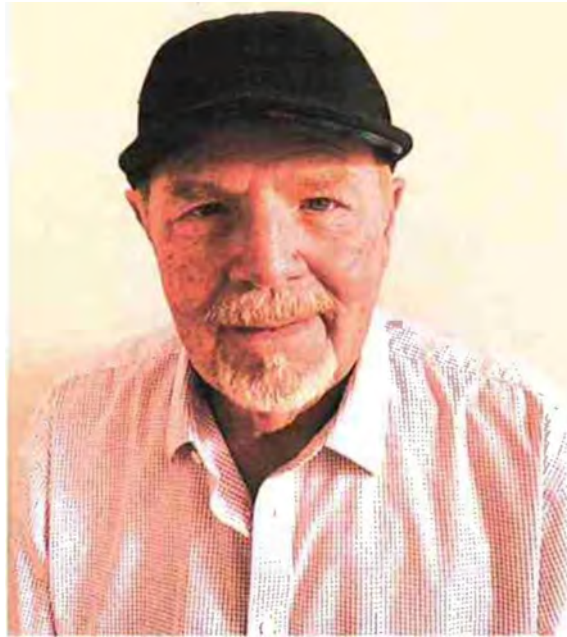

Boards Chief Responsibilities

- Cost Containment
 - Keep HOA fees as low as possible while maintaining all facilities/assets in excellent and equitable condition
 - The Board has done a pretty good job – our current fees of \$134 are a steal compared to comparable retirement communities such as:
 - Palm Desert Ca. Sun City - \$239
 - Sun River, St. George Utah - \$172 – if inside gated portion - \$312
 - Mesquite Nv. Sun City - \$154 – if inside gated portion \$221
- Drive Maximum Real Estate Value per Resident/Homeowner
 - The Board has only done a fair job here due to ignoring our prime asset (the golf courses). I envision that Sun City Summerlin can become the premier retirement golfing community in the western United States while improving the real estate values for every resident. Enhancing our Marketing program is the solution. We can't accept "that is the way we have always done it" any longer. That puts companies out of business and it will over time erode our real estate values. I will always focus on driving real estate values.

Changes Needed

- Golf Courses
 - We need to maintain all three (3) of our golf courses in premier condition. This must include the proper over seeding of all courses in the fall to properly prepare for winter play. One of the key factors to the bankruptcy of Black Mountain was their failure to over seed. The result was lost revenue. We need to improve our marketing to outside play and more importantly we need to implement an aggressive marketing campaign to attract more retiring golfers to our community.
- Get Food and Beverage Operation to revenue neutral. A Sports Bar at the Summit would deliver substantial revenue.
- Review and make needed changes to our CCR documents to provide us with the organization and flexibility to make changes quickly and proactively, as opposed to reactively
- Better Marketing – both local and nationwide
- Engage local realtors to drive sales
- Form a Buying Consortium for the purchase of equipment for the golf courses
- Term limits and eliminating block voting (all votes for one candidate)

Candidate Information Statement

Darrell (Skip) Harness

I have lived in this community for the past 9 years or so, and have really grown to like and respect this community. In part, because of the dedication and support the members are willing to provide and also, the overall community pride I witness.

Until January this year, I was working at the Las Vegas Valley Water District/ Southern Nevada Water Authority as the Manager of the Survey, Right of Way and Field Data Acquisitions within the Engineering Department. I am a professional Land Surveyor, licensed in Nevada, California and Arizona. In addition, I was entrusted to establish the first Global Positioning Satellite system (GPS) base station network in Nevada. Some of my previous experience, was with Leica Geosystems North America, where I was in charge of customer support for GPS systems and Survey Instrumentation. I provided on-line and in-person support for North America. Previous to that position, I owned a successful Survey and Engineering Company for many years. I also worked with the State of Nevada, as the Deputy State Land Surveyor just prior to working with the Water District. It is with this experience, I feel I would be a good candidate to supplement the already vast variety of experience currently on the Board.

Thank You for your consideration to this important position as a Director of the Sun City Summerlin Community Association, Inc. (SCSCAI),

Darrell (Skip) Harness

Twelve years as the Vice President for Technology and as a consultant for a French company that operates toll roads in the US.

ACCOMPLISHMENTS: What are just a few of the accomplishments that I had a major part in bringing to SCSCAI? Initiated the project to provide assigned seating at the Starbright (remember standing in line to get a seat?); along with the Executive Director wrote the RFP to outsource the restaurant at Mountain Shadows with a hard savings of over \$300,000 per year; initiated the project to get WI-FI in our facilities; with the Executive Director wrote a landscape plan for SCSCAI; wrote "The Day in the Life of a Board Member" to help people understand what a Board member does; initiated the meetings of the Sub-Associations to help them share information and hopefully save money; and as a last example, along with two other Board members at the time initiated an exhaustive review of the operation of our golf courses by an outside expert that resulted in many positive changes to our golf courses. There were many, many other projects I played a major part in but these examples give you the idea. A Board member should be looking for ways to improve our amenities and reduce costs by using Total Cost of Ownership (TCO) and Return on Investment (ROI) when considering projects. As the people in our community change, we must review our amenities and make sure they are meeting the needs of our residents.

SUMMARY: As stated in our by-laws, "The business and affairs of the Association shall be managed by a Board of Directors." We are in effect a small city and you want Board members who will put in the effort needed to meet the responsibilities of being a Board member. Being a Board member is not an easy job; to be a successful Board member you must spend many hours each week working for the community, have common sense, and have experience that relates to the needs of community. Experience in both the private and public sector is a big plus. Vote for Board candidates who meet those attributes, Board candidates who have shown an interest in our community by attending Board meetings, committee meetings, and belong to committees. I believe I meet those requirements and would very much appreciate your vote. I am proud of what the present Board has accomplished and want to do even more to make Sun City Summerlin an even better place to live.

Michael Pennock

Candidate for Sun City Summerlin Board of Directors

My wife, Connie Van Blarcum, and I moved here 2 years ago. As a Director I pledge to make sure Sun City is the *Place to Be* for active adults. We must protect and maintain what we have and make changes and improvements that reflect current tastes and future trends.

Recently I became part of the leadership body for the Neighborhood Preparedness Team, NPT. My current responsibility is to assure the Smoke Alarm Replacement Project runs smoothly in 2020. We coordinate with Las Vegas Fire and Rescue to replace outdated alarms in as many homes as possible.

One of the first things I did in Sun City was to join the Security Patrol. I do a weekly midnight patrol shift on Tuesdays and a regular dispatch shift on Friday evenings. I am on the recruitment committee and am a trainer of new drivers. I also drive for the Sun City Volunteers. As a concerned resident, I attended Board meetings on a regular basis.

Among past activities I was treasurer of a 4-county Friends of the Library group in rural Minnesota. I was a speaker with AARP's Fraud Watch network protecting older adults.

I have several goals as a Board Member:

- We live in an active adult community with wonderful amenities for every taste. Our budget reflects this. I support a small, regular HOA dues increase (if needed) as opposed to waiting several years until we need a big jump in dues as happened in 2019.
- Our golf courses are part of the beauty of Sun City. They help attract new residents. I will strive to continue to improve efficiencies in our golf programs.
- One of the nice things about Sun City is the work our residents do for each other. We need to attract more volunteers to the Security Patrol, the Sun City Volunteers, the Sunshine Club, and the Neighborhood Preparedness Team, which includes the Neighborhood Watch program.
- I pledge to answer every resident's phone call, email, or other communication with me every single time.
- My work life included 20+ years as an industrial safety engineer for 3M and PepsiCo. I hope to use those skills to review what we can do to reduce the number and severity of injuries among our maintenance and landscaping crews. This will lower Worker Compensation costs.

Finally, I believe every organization, including our Board, needs a regular infusion of fresh members. I've been active in our wonderful community from the day we moved here. Please help me with your vote so I can bring my enthusiasm, talents, and experiences to the Board.

Thank you for your consideration.

WHY VOTE FOR DAVID PUTNEY: I am currently on the Sun City Board and have twenty years of experience with the issues of a non-profit corporation. As with any \$17,000,000 business, there will always be issues with how income is allocated. We now have a stable administration and must continue investing in new technologies and extending resident services and activities. Your support will help continue that positive trend.

FAMILY: I have been married to Kathleen for 53 years. We have two sons, one in Portland, Oregon and one in Spokane, Washington and three grandchildren. Additionally, we have a small poodle that is in charge of our home and many family decisions.

EDUCATION: I graduated from Wisconsin State University with a B.S. in mathematics. I fled the Wisconsin winters for Lancaster, California and taught high school math and coached golf, tennis and basketball. I completed a Masters and then attended law school. I had an academic scholarship my last five semesters, was the law review articles editor and graduated second in my class.

EMPLOYMENT: After the Washington State Bar Examination I started practicing in Yakima, Washington with a nine man firm and was there for thirteen years. I then started my own firm for the next fourteen years handling personal injury, sexual harassment, wrongful discharge and nursing home negligence cases. Kathleen sold real estate and we raised our boys and numerous collies. When our youngest son started college we decided that we needed to live south of the of "the palm tree line" and moved to Las Vegas.

WASIIINGTON ACTIVITIES: I served on the board of the Central Washington Speech and Hearing Center, a nonprofit, and was its president for several years. I was also on the board and president of the Central Washington Humane Society. Both nonprofits had multimillion dollar budgets.

LAS VEGAS: Kathleen and I took our licensing exams here and worked until recently. We are both active in Sun City golf and other clubs and activities. I have been on the Sun City Legal Services Committee for about six years total. I am extremely familiar with our governing documents and NRS 116, the state statute governing common interest communities.

Sandy Krause
Candidate for Election to
Sun City Summerlin's
Board of Directors

My name is Sandy Krause and I feel fortunate to have lived in Sun City with my miniature dachshunds for the past eleven years. I look forward to many more years as a resident of this very special community.

I enjoy volunteering. I have served as a member of the Legal Services Committee, the Finance Committee and the Insurance Sub Committee. I am currently President of a 42-home, self-managed sub association within Sun City. The administrative and fiscal responsibilities for a self-managed sub association require me, along with the other Board members, to be well-informed and knowledgeable about the business and fiscal

management of an HOA in accordance with the Nevada statutory requirements. This experience is invaluable and specially qualifies me as a candidate for the 2020 Sun City Summerlin Board of Directors.

I understand the numerous responsibilities of an Association Board member for a corporation the size of Sun City Summerlin. Although we are an HOA, we must always remember that we are also a business. My years working in the insurance industry have provided me with the vast corporate background essential for me to be an effective Board member for our Association. I have long advocated and will continue to advocate for the development of a business/strategic plan for Sun City that would incorporate the short term and long-term operational goals, as well as the personal amenity requirements for everyone in the community. I am committed that a business/strategic plan will benefit the HOA in both long-term planning and budgeting resulting in an improved fiscal accountability to resident property owners. If elected, I will strongly advocate for the appointment of a special committee for the purpose to discuss ways to enhance revenue, decrease expenses or reduce reserve requirements.

Increasing our HOA assessment should never be the first or only explored solution to realize enough funds to manage this community.

The inclusiveness of our community creates many similarities between residents who live in a sub-association townhome or single-family residence. There also are differences. Over 25 percent of homes in Sun City are townhomes within sub-associations. Considering the substantial number of townhomes in the community, the residents of townhomes, along with the residents of single-family homes, deserve representation on the Board of Directors.

I believe in transparency, not secrecy, about good or bad issues that impact all residents within our Association. I believe that everyone should be treated with respect and be provided an opportunity to express their opinions or perceptions of the management of the HOA without consequence, as well as feel welcome and important to this community.

I am running for the Board of Directors in the Sun City Summerlin Community Association because the above issues matter to me. If they matter to you, I ask for your votes in this election so that I can make a difference to the Association on your behalf.

You are welcome to email or call me to relate your personal concerns. I encourage it.

I will be grateful for your votes **and I'll work to earn your support.**

Functional Fitness: What Is It?

Functional fitness, also known as functional training or functional movement, is a major trend in the physical fitness and wellness industry. But, if you think it is just a fad, think again. Functional fitness is here to stay, and for good reason.

In life, our daily activities include lifting, bending, pushing, pulling, reaching, rotating, etc. Functional fitness trains the body to function better by combining strength, coordination and range of motion. The focus is on training to complete a particular movement, not to strengthen a particular muscle. It can prepare you for better performance in a sport/activity or for carrying out day-to-day activities in a safe, confident and pain-free manner. Functional fitness training often includes some combination of cardiovascular, strength, flexibility and balance moves.

Functional fitness "trains your muscles to work together, and prepares them for daily tasks by simulating common movements you might do at home, at work, or in sports," revealed a report authored by the Mayo Clinic.

Functional training as we know it today originated in a rehabilitation setting. Post-surgery or post-injury, physical and occupational therapists developed exercises that mimicked activities their patients needed to accomplish in order to return to work or daily living. The next big wave of functional training was high-intensity boot camps, ninja warrior-type training and Cross-Fit. Over the last several years, it has entered the mainstream for the everyday individual looking to remain fit, healthy and functional in life.

The benefits of functional training are numerous. Let's separate these into lifestyle benefits and physical benefits.

Pam Shields,
SCSCAI Health &
Fitness Director

Physical benefits:

- Helps improve muscle strength, balance, flexibility, coordination and agility.
- Improves balance and posture by making the muscles work together to accomplish a movement or task.
- Improves muscle memory. You train your body using movements that mimic daily activities, so those movements become easier and more efficient.

Lifestyle Benefits:

- Improved quality of life. Functional training improves your ability to perform everyday activities safely and with confidence.

- **Maintain Independence.** By improving your strength, mobility and balance you will be able to continue to function independently without assistance or assistive devices for much longer.
- **No gym required.** Functional training can be performed with minimal or no equipment, which means it can be done at home, in the park, or in the gym.
- **Reduced risk of injury.** Because you are training your body to perform regular daily tasks and activities, you are less likely to tweak your back when picking up a suitcase or pull a muscle when golfing.

Functional exercises usually involve more than one joint and more than one muscle group. This is because when we perform tasks or activities in our daily lives, we are using multiple joints and muscles. Let's take the simple task of picking something up from the floor and putting it on a shelf. The ankles, knees and hips are involved. Lower body muscles and core muscles are involved in standing up. Shoulder, elbow and chest muscles are used to put the item on the shelf. Throughout this simple process we also incorporate balance, flexibility and agility.

Some exercises that are considered "functional" that you might be familiar with are squats, lunges, push-ups, and planks. There are many more. In next month's Link, we'll discuss more specifics on getting started with your own functional training program.

NEW EVENING CLASS LOCATION

Throughout 2019 our evening fitness classes have grown. In order to accommodate the increasing number of residents who attend each session, we have decided to relocate the classes to a larger space. Effective Monday, January 6, all Health & Fitness Department evening classes will be held at the Pinnacle Fitness Center. Please review our schedule on Page 30 for specific classes/times.

NEW CLASSES ADDED

In response to the popularity of our occasional Wednesday night cardio series we will begin offering higher intensity cardio classes (including cardio kickboxing and boot camps) every Wednesday evening. Beginning Wednesday, January 8, at 5:30 p.m. at the Pinnacle.

WHAT IS YOUR 2020 HEALTH VISION?

We all know that when we establish goals or set out to accomplish something, it is much more effective when we write them down or tell someone. We encourage you to look at your own health and fitness and pick at least one thing you want to accomplish in 2020. It may be to visit the gym three times a week, increase your distance walked on the treadmill, attend one fitness class per week, eat more green vegetables, or get one more hour of sleep each night. Throughout the month of January, we will have a poster in each fitness center. We encourage you to write your goal down and feel free to initial it or keep it anonymous. Together, let's make Sun City Summerlin a fitness-focused community.

WISHING YOU A HAPPY, HEALTHY 2020

Thank you to everyone who participated in our 2019 Health & Fitness Department events, seminars and classes! Our greatest hope is that you found some benefit, large or small. In our 2019 Year of Healthy Living, we used a focused, month-by-month approach to addressing the many aspects of overall fitness. With health and wellness being such a huge topic area, we were only able to scratch the surface. With our theme for 2020, "Healthy Living: Head-to-Toe," we will dig a little deeper into each area. In addition to the informational seminars, we will include more workshops, demonstrations and hands-on instruction to give you practical ways to apply this information in your own life.

January through March we will focus on the head and neck region with seminars and classes on brain health, addressing neck issues, eyes, ears, nose and throat, etc. April through June we will move to the upper body, encompassing shoulders, arms, core, heart and lungs. September through November will focus on the lower body – hips, knees, feet, etc. Visit the website at www.suncitysummerlin.com/page/415377920999/Health-Fitness-Events to view a highlight of our events throughout the year as they are planned.

This month, we have a seminar on Brain Health & Dementia with the Lou Ruvo Center for Brain Health. This seminar will be followed up in March with a four-week class on living a brain-healthy life called "Use It or Lose It."

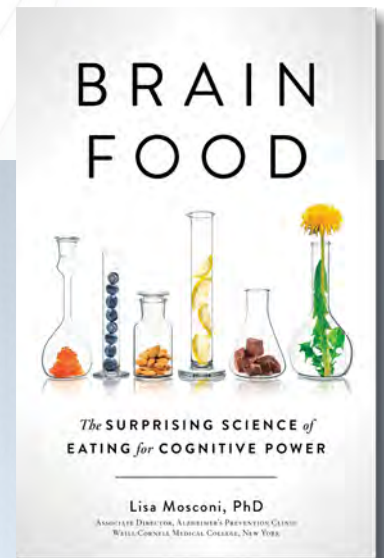

Your Brain On Good Food

There is a great article by the Harvard Health blog that talks about the relationship between your brain, mood and food. Contributing Editor Eva Selhub, M.D., writes, "Put simply, what you eat directly affects the structure and function of your brain and, ultimately, your mood." She makes the comparison between our brain and an expensive car. A Ferrari functions best with premium fuel, just like our brain. The premium fuel for the brain is high-quality foods full of vitamins, minerals and antioxidants. Processed and sugary foods are the "low premium" foods that are detrimental to the brain and to overall health. Dr. Selhub writes, "Multiple studies have found a correlation between a diet high in refined sugars impaired brain function – and even a worsening of symptoms of mood disorders, such as depression."

The challenge becomes fighting the urge to reach for the processed and unhealthy snacks and find healthy alternatives to fuel and nourish the brain. There is a branch of psychiatry that is becoming dedicated to your brain on food, called Nutritional Psychiatry. The medical field is now acknowledging the connection between mood and food. Below are some resources on nutrition for your brain.

The next Security Patrol meeting will be held on
Tuesday, January 28, at 7 p.m., Desert Vista

Looking Forward to Another Great Year

Happy New Year Neighbors! My name is Sandy Lyons and I have the privilege of serving as Security Patrol's Chief again this year. The Board members are Jim Strom, Assistant Chief; Dorothy Macchio, Secretary; Fred Bailey, Treasurer; and Judy Foy, Personnel Director. I joined Security Patrol in 2011 to learn about my community. It has been enjoyable with a lot of experiences.

Security Patrol is on duty 24 hours a day, seven days a week. When you need us, we are a phone call away. Anytime you need to speak to me please call the base at 702-254-2303. If I am not at base, the dispatcher will find me, and I'll return your call.

Security Patrol offers "Neighbors Helping Neighbors" services. For example, when a driver notices three or more newspapers on a driveway, he/she will talk to the neighbors to ask if the resident is home. If the resident is not home, the driver will pick up the papers and put them out of sight. The dispatcher will phone the emergency contact person listed to make sure the resident is okay.

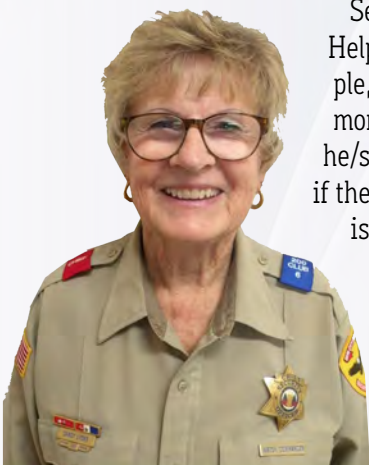

The emergency contact information is so important for your safety and well-being. If

you haven't filled out the blue Emergency Contact form, please do so. Also, there may be changes in your contact information, such as a new phone number. This information is helpful when a neighbor or family member calls the base concerned that a resident hasn't answered their phone for a couple of days.

Some of the other services performed by Security Patrol are:

- Contacting the resident when a driver sees a water leak while patrolling the neighborhoods.
- When a resident calls the base concerned about a suspicious vehicle, we make sure to check it out.
- Drivers perform house checks when a resident is on a trip, which gives the resident peace of mind that their property is being monitored.

Join us. We would love to have you as a member and get to know you. We are a friendly group and being a volunteer is a great way to meet new friends. I so look forward to 2020 and another great year of helping our neighbors.

Sandy Lyons,
Security Patrol Chief

The Neighborhood Preparedness Team will meet on Wednesday, January 15, 9 a.m., Desert Vista Committee Room. Join us.

Organization is Bringing a Lot to the Community in 2020

One of the most visible efforts undertaken by the Neighborhood Preparedness Team is the Smoke Alarm Replacement project spearheaded by Las Vegas Fire & Rescue (LVFR). We've learned that smoke alarms are not functional after 10 years; the sensors stop working. Even if the batteries are replaced and we hear the familiar "chirp, chirp, chirp," the units need to be replaced. Sun City's program replaces all units in a home for \$135. This includes steeply discounted pricing for the units, professional installation, 10-year batteries for all units, a carbon monoxide (CO) detector and personalized fire safety education from LVFR during the installation process. Applications for the program are available at the Social Monitor desks at Desert Vista, Mountain Shadows and the Pinnacle community centers.

In 2020, the NPT will host monthly educational sessions on a variety of topics relating to the safety. Sign up at the Social Monitor stations. On the schedule for the first quarter of 2020 are:

January 13, 1 p.m., Desert Vista – Women's Self-defense. This 90-minute, women-only class will be taught by Laura Van Dyke from the Las Vegas Metropolitan Police Department. Be sure to wear comfortable clothes. You will leave the session with an

increased understanding and confidence. Note that this 50-person class will probably fill up quickly. Don't worry, we will schedule more classes as the demand warrants.

February 19, Active Shooter Civilian Response presented by Metro.

March 5, "Talk Saves Lives" suicide recognition and prevention.

The Neighborhood Preparedness Team draws upon many Sun City resources. Our backbone is the Neighborhood Watch program, which is organized on about 85 Sun City blocks. NPT partners with and has members who work with the volunteers of Security Patrol. The Ham Radio Club is another part of the team.

Some NPT members bring decades of experience in various fields that strengthen our group. Members are from military, law enforcement, FEMA, fire service and professional safety backgrounds. But most are residents who simply want to help keep Sun City Summerlin the safest place to live in all of Nevada. The key attributes of our members are caring and enthusiasm. If this describes you, consider becoming part of the Team. NPT meets the 3rd Wednesday of the month at 9 a.m. at Desert Vista. We can be reached at neighborhoodwatch@suncitylv.com.

Pinnacle Community Center – New location for this month's event

Residents' Forum will host this event, which is important to all Sun City residents! On **Wednesday, January 8**, you will have the opportunity to meet the candidates for your Sun City Summerlin HOA Board of Directors. This informative evening will be divided into two segments. During the first hour (6-7 p.m.) candidates will be available for a meet and greet in The Summit Restaurant. During this period, residents may submit questions for the candidates. Please do not submit questions that pertain to your personal grievances. Questions will be vetted, and those that address the concerns of the community will be considered and submitted to the moderator. We are pleased to have Mitzi Mills, our SCSCAI Executive Director, moderate the Forum.

Next, the candidates will move into the Starbright Theatre, where they will take a seat on the stage and have the opportunity to tell you something about themselves including

their goals for Sun City.

Following their statements, the Q&A will begin. Due to time limitations, not all submitted questions can be asked. Following the Forum's presentation, the candidates will again be available to talk with homeowners one-on-one. This event is a great opportunity to learn about the candidates, so you can make an informed decision at election time.

Be sure to mark your calendar because you don't want to miss this important event.

Residents' Forum is a self-funded organization. All Sun City residents are members of the Forum. No Association dues or fees are ever used to pay for any of the Forum's activities. Forum committee members are volunteers who enjoy hosting events, including the popular Club Fair, which is scheduled next month (February 12).

The Forum's motto is "Where Neighbors Become Friends."

Starring some of the Las Vegas Strip's best baritones, the show features classic baritone standards such as "That's Life," "You Raise Me Up," "The Impossible Dream" and a piece from "Don Giovanni." SCSLEGC Celebrates 28th Annual Club Championship

On three perfect Tuesdays in October (15, 22 and 29), the Sun City Summerlin Ladies Executive Golf Club (SCSLEGC) held its 28th Annual Club Championship at Eagle Crest Golf Course. Since we just celebrated the 30th anniversary of Sun City Summerlin, the ladies of SCSLEGC have been organizing their tournament almost as long as we've been here!

Over 44 members joined in the fun, playing the best two out of three games to compete. The course was in perfect condition and championship took off in perfect coordination, thanks to the maintenance crew and Sun City golf pro staff. Also, many thanks go out to Tournament Chairwoman Marion Douglass, who has been coordinating the Ladies Executive golf tournaments for more than 12 years.

According to Marion, "It's a pleasure working with the ladies, figuring out the pairings and then calculating the winning scores. You just never know who's going to win. This year, there were a few surprises. But, overall, everyone had a fun time and played really well."

This year's Club Champion was Susy Wiley. Susy is no

stranger to winning, as this is her 9th SCSLEG Club championship win since 2002. Susy said that the key to her successful winning strategy is "To focus on the game and practice, practice, practice!"

The members were divided into three flights, based on their handicaps.

The A Flight Champion was Peggy Calhoun; B Flight Champions were Marie Sullivan and Yuan Thompson (tied); and C Flight Champions were Kobi Yeager and Ruth Dodrill (tied). All flight champions' winning scores were based on low net scores (total strokes minus handicap).

To announce and celebrate the winners, the Club held a luncheon at The Summit on November 5. Club Vice President Patricia Horsfall officiated the ceremony, acknowledging past championship winners and past presidents who were in attendance. The SCS Ladies Executive Club wishes a hearty congratulations to all this year's champions, and thanks all the members who participated.

CHARTERED CLUBS

(The deadline for February 2020 chartered club articles is Thursday, January 2, 2020. If you have any questions, please contact the Link at 966-1435 or link@suncitylv.com.)

Aquacize

Aquacize classes are a great way to exercise and meet new friends. The Aquacize winter class schedule is 8 a.m. and 7 p.m., Desert Vista; 8 and 10 a.m., Sun Shadows (all indoors). It's easy to join Aquacize, come to any class and ask for the class representative. Just \$10 a year lets you come to any of our four class times. Prospective members can try out two sessions for free before you join. Call Jill Robinson, 217-836-6099.

Art

Welcome to 2020! The first meeting of the New Year is January 21, 1 p.m., Desert Vista. Instructors will give brief descriptions of their classes at this time. Guest speaker Judi Moreo will share ideas to promote and market your artwork and turn your artwork into cash. Remember to stop by Mountain Shadows to see the Artist of the Month display. Dues are \$15 per year payable at this meeting. Artists of all levels, from beginners to advanced, are welcome to join the Art Club. For our website, please feel free to log onto www.suncitysummerlinart.com or contact Steve Brenner, 702-749-7737.

Arthritis

Do those painful joints keep you from exercising? We have a solution. Slip into your swimsuit and join us in the pool for soothing exercises that get those joints limbered up. These exercises safely move every part of the body. Stretching, range of motion, flexibility and balance improve health and wellness. This low-impact pool exercise club meets Tuesdays and Thursdays, 10:30-11:30 a.m., Desert Vista indoor pool. Check with your doctor to ensure you are fit enough for the class. Annual dues are \$35. Call Alan Gill, 708-309-4995, or Colette Gill, 630-639-6740.

Band Jam

If you are a Sun City Summerlin musician or vocalist who has no one to play or sing with, our Club is looking for you. We are creating a musician's directory that will be available to all Club members. Use this directory to find your musicians and singers to create your unique band. Reserve the Pinnacle Music Room through the room scheduler or with the Social Monitor if the date is within a five-day window and create your own musical magic. Annual dues are \$10. Contact Mike, 310-422-1184, or email bandjamclub@gmail.com.

Beading and Jewelry

We meet in the Silver Room at Mountain Shadows on Tuesdays at 1 p.m. We usually have our business meeting at Desert Vista the first Tuesday of the month at 1 p.m., but we will be skipping this and having our annual January luncheon instead. Give Ellen

Crawford a call, 702-478-8806, to sign up for a beginner's class to learn the basics. No experience necessary. Any other questions, call Paula Nuzzo, 702-820-7343.

Bicycle

Ride consistently, have fun and stay in shape year round. Currently, we ride every Tuesday, Thursday and Saturday. The Tuesday and Thursday rides start at the Desert Vista parking lot. Saturday rides start at Sun Shadows. Start times for the rides vary from 7 a.m. in the summer to 9 a.m. in the winter. Email scherry69afa@gmail.com to get current start times. No rider left behind. You can email us at scherry69afa@gmail.com or call 661-238-9719.

Billiards

Billiards or pool has been around for more than 100 years. The social side of pool has played an important role in the lives of thousands of people. Decelerate the aging process and perk up several cognitive functions. Polish the psyche and come visit us at Desert Vista on Monday, Wednesday or Friday at noon. Call Gavin Lightner, 838-2767.

Bocci Ball

We play bocci at Sun Shadows on Mondays; at Desert Vista on Thursdays. Play starts at 2 p.m. Call Henrietta Rapp, 987-3456.

Book

A special author will join us on Thursday, January 9 at Sun Shadows. Sun City resident Joanne Gilbert will be selling her latest book (our February selection) about the little Jewish girl who defied the Nazis, "A Victory for Miriam!" Since Joanne is a very popular author, we will meet at Desert Vista in February. Visit us on Facebook at Sun City Book Club. Sun City residents and their guests are welcome to meetings. For information, contact Cherie, 360-244-2648 or klipsan2@gmail.com.

We truly believe in this Club and hope that what we instituted (new Golf Genius software, new constitution, new by-laws, new handicap system, i.e.) will continue to serve all the members. No special events for January. If you have questions, check out our Website, 18holers.org, or call Colbert, 859-979-4376.

Evening Meetings: All evening meetings will be held at Desert Vista, Room 5, at 6 p.m. Executive Sessions are held prior to any evening meeting(s).

Note: A resident has the right to:

- ◆ Have a copy of the minutes, a summary of the minutes or a recording of the meeting upon request (\$.10 per page and \$1.00 for the recording per meeting) (NRS116.31083). Copies of the minutes and recordings of recent Board meetings may be downloaded from the website without charge.
- ◆ Speak to the Executive Board, unless the Executive Board is meeting in Executive Session (NRS116.31085).
- ◆ The Agenda is posted on the Association bulletin boards and website on the Friday prior to the meeting.

Recordings of Board meetings will be made. The recordings will be kept for a period of ten years in the Administration's Executive Director's office in the Mountain Shadows Community Center.

Recordings, minutes or a summary of minutes will be available not more than 30 days after the meeting (NRS116.31083). Depending upon meeting schedules, on occasion, the minutes or summary of the minutes may be in draft form.

SCSCAI Board of Directors and Committee Meetings

The Board agenda is posted on the Administrative bulletin board, on the website, and in the community centers. Copies may be obtained in the Administrative office on the Friday prior to the meeting. All meetings will be held at Desert Vista except where noted on the calendar. For updates, please visit Suncitysummerlin.com.
