## Focusing on What We've Gained

As I begin to write this month's article, I am struck by the fact that our community has been on at least a partial shutdown for six months. Rather than reflect on what we have lost, I would like to focus on what we may have gained. I have grown to appreciate my friends that live in Sun City even more. We like so many of you have talked and shared more than ever before. Early on neighbors were meeting in courts or parking lots to enjoy "happy hour" or just conversation outside of the home. This socialization has continued as groups of neighbors, club members or friends have continued to meet especially at the Desert Vista Park. There are practically no times when the park is not being used by our residents.

We have all made adjustments and will continue to do so. I am saddened that the fellowship that abounds in the card rooms is missing but am encouraged by the fellowship that I see not only at Desert Vista Park but in the pools as well. I have visited the pools more than usual in the last month and sat on the edge of the pool talking with residents. I am glad to see so many staying six feet apart and talking while walking as a group in the pool or on the edges of the pool. They are talking while waiting to get into the fitness centers or pools. As frustrated as we all are, 99% of the residents are doing their absolute best to comply with the government mandates and your Board of Directors, Executive Director and Department Heads. Thank you to the 99%, for without your support times would have been even harder to endure.

In August, I asked the residents to thank Security Patrol members for their efforts. In September, I asked the residents to thank the monitors for the patience. This month, I am asking the residents to thank the Department Heads for their extra efforts in helping to provide guidance and solutions to the many issues that our community has faced in the last six months. This included completely redoing our budget, figuring out how to close then open and keep open most of our facilities. They have been forced to work additional and unusual hours. They have had to deal with all sorts of staffing issues. They have done all of this with smiles on their faces and budget constraints. Please thank them when you see them. They are led by our Executive Director who has put in even more hours than anyone else trying to find solutions, "put out fires" and respond to a myriad of questions from the Board and the residents. When you thank her, make sure to congratulate her on her third anniversary which takes place this month.

# Thank You To Mitzi For 3 Great Years!

Melanie and I bought our home in Sun City Summerlin in 2010 but did not move here full-time until 2012. Since then, we have loved every minute of our life here. Since we arrived, we have seen several Executive Directors at Sun City try their hand at managing our large, complex community. Some lasted only months. This month, our fearless leader, Mitzi Mills will be celebrating her 3-year anniversary as Executive Director. As the chief professional officer of Sun City Summerlin, you must be an expert in many areas and be a great problem solver. Whoever thought you would also have to be skilled at managing a raging pandemic? The Sun City Executive Director must be prepared for anything.

I recently found out that Mitzi came to Sun City Summerlin in October 2017, so I did some checking. Mitzi has terrific qualifications. Ever notice the long list of certifications that follow her name? Each one is a significant professional accomplishment, which has been all well-earned. She attended Utah State University and a slew of professional institutes, association management training, and certification programs. As we all can tell, Mitzi knows association law, finance, and management. I was really impressed with her past leadership tenures at large communities and residential properties. Clearly, Mitzi can speak with authority based on her experience and training.

A leader of Sun City must have special knowledge of senior communities. I would say, they have to also have the "heart" for the distinct needs, desires, issues, and challenges of folks who have the extra years of experience. Like all successful professionals, you also must love your job, appreciate, and value those you work with, and be able to negotiate divergent constituencies. I had the chance to read some articles Mitzi has written in her career, and it is certainly evident that she really understands her job as well as the many, unique challenges and divergent issues that face communities like Sun City.

Over my career, I have learned that good leadership is neither easy nor clear cut. It is, however, possible to appreciate a good leader even when you do not agree with them, understand their actions, or when they are "wrong". There is always room for well-intentioned disagreements when there is good communication and goodhearted motives and open minds. I have never heard Mitzi claim to be perfect, but like each of us, Mitzi does appear to work hard at getting better every day. Most of all, I really think Mitzi really "cares". I am hoping Mitzi does not get wind of this article, and I am confident she will be peeved at me for this submission, but I think we should not allow this milestone to go unnoticed. Among Sun City homeowners, I think there is a great sense of appreciation for all Mitzi does to make our hard-working, volunteer Board of Directors most effective, to enhance the amazing lifestyle we all enjoy here at Sun City, and to make Sun City Summerlin the very best community of its type in the U.S.

So, congratulations, Mitzi. Thanks for a great 3 years, and best wishes for the future. Your successes are our enjoyments. Thank you so very much for everything.

## “As I See It . . .”

# SCS Benefits from all Generations

One of the many wonderful things about living in Sun City Summerlin is that we are a very diverse community in many ways. We are a blend of people from all over the world, of many different faiths and beliefs, and with a variety of political and social viewpoints. Interestingly, our residents also represent all generations from Baby Boomers (born 1946-1964) to Generation X (born between 1965 and 1980), to Millennials (born between 1981 and 1996), to Generation Z (born after 1997), to seniors (the golden years). Even though our homes need to be occupied by at least one person who is 55 years of age or older, some of our homes are multigenerational with children (19 years of age or older) living with a parent making our community age range 19 to 106. It is this diversity which brings so much wisdom, energy, knowledge, experience, and expertise to our community.

Every generation has its strengths which add so much to any community.

**Generation T (Traditionalists)** - Strong in experience, technical knowledge, and tactical know-how.

**Baby Boomers** - Stand out for their rigor, commitment to results, and great preparation.

**Generation X** - Recognizes the value of teamwork, encourages collaboration, bridges generations.

**Generation Y (Millennials)** - Strong on versatility, self-confidence, flexibility, unparalleled digital skills.

To celebrate the contributions of our many generations, we thought it would be interesting to get some **words of wisdom** from Sun City residents to pass on to all generations. All opinions are their own. Unfortunately, we're unable to list all of the suggestions, but I'd thank all of those who wrote.

### Janet Veloz

1. Pay yourself first. Meaning, saving a little from your paycheck will go a long way towards early retirement. You won't want to work until you're 66 - 70 years old, which is the current suggested Social Security retirement age.

2. Work towards being your own boss as soon as can. You may need to start your career working for someone, but the sooner you can be independent, the longer you will enjoy working.

3. Think twice, maybe more, before having children, or especially if you want to travel and/or retire early.

4. Hobbies: Make sure you have several if not many before you retire, or you will find retirement anxiety-producing.

5. Volunteering: This is a very satisfying way to spend your time in retirement may lead to another career if you desire.

6. Pets: I think pets are the key to really enjoying retirement because of the extra time you have.

7. Texts: I prefer (surprised I do).

8. TikTok: Huge Fan, supposed to be for younger people (some might say).

Every generation has its strengths which add so much to any community.

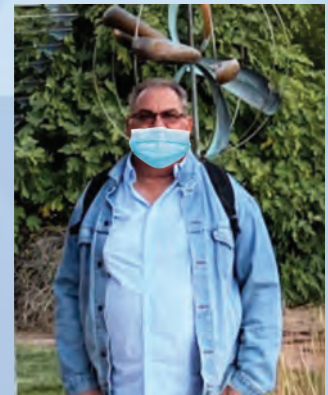

### Sydell Miller

The most important part of living is to always think positive. You cannot let yourself fall into a depression.

### Gavin Lightner

Solomon searched for satisfaction almost as though he was conducting a scientific experiment. Through this process, he discovered that life without God is a long and fruitless search for enjoyment, meaning, and fulfilment. Solomon shows how empty it is to pursue pleasure that this life has to offer rather than a relationship with an eternal God. Nothing in the world can fill the emptiness and satisfy the deep longings in our restless hearts.

## James P. Barr

On our "Life's Trial", life is hard, life is not about you. You are not that important, and we are all going to eventually die! So perhaps only the good do die young, and we the rest must persevere to gain knowledge, experience, and fortitude. Should we live to a ripe old age, hopefully, we will gain wisdom to share.

## Diane Hunter

I've been a registered nurse for more than 30 years and have two pieces of advice to offer everyone:

1. Understand your health insurance. Know your providers, formulary, and other coverage before you need to use it in an emergency. You may have

a terrible financial surprise otherwise.

2. Always have a designated advocate accompany you to the hospital when you're an in-patient. Have someone who will ask every doctor and nurse questions on your behalf. Especially about tests and medications given.

## Patti Tripp

As my father used to say, "If I only knew then, what I know now." The one thing I've learned through the years is that age brings life experiences, not necessarily wisdom. Giving advice to anyone, young or old, needs to be dispersed with respect and knowing they may not accept it or even like it.

When someone asks for advice, there are times they are only asking for reinforcement for their own mind-set, and at any age, young or old, we need to remember and recognize the fact we just don't know everything!

## Chet Crouch

My bit of wisdom is to work hard and be honest. What you bring to the world today will shape your future. Do the right thing even when it's uncomfortable. It will make you a better person and free your soul for the future. Treat others with respect and dignity, so that you will surround yourself with people who will show you the same. Don't be afraid to walk away from those who do not have your values. Life is not a dress rehearsal; this is the only time you have. Make it count for the good of mankind. Set the example so that others may follow. Most of all, be kind and true to yourself.

Here are more pieces of wisdom from some nameless (but very wise) Sun City folks to their grandchildren:

*Start a savings program.*

*Study. Get a good education.*

*Don't be like your parents.*

*Stay connected with your family.*

*Love is the answer to life.*

*Be the best at whatever you do.*

*Get married before having children.*

*Be happy with what you do.*

*Stay young.*

*Treat everyone with respect and courtesy.*

*Focus on education -  
especially science.*

*Do the right thing.*

*Treat everyone like family.*

*Honesty and integrity always.*

*Don't burn bridges.*

*Do not use drugs. Don't get arrested.*

*Be careful what you put  
on Social Media.*

*Don't get old.*

*Live within your means.*

*Become a lawyer.*

*Bet on black.*

*Support your grandparents.*

*Life is a journey, enjoy every day.*

*Love me even when you  
don't get money all the time.*

*Treasure the weekend,  
there's more to life than work.*

*Whatever you want to do in life, be happy.*

*Don't take any day for granted.  
Some day your luck will run out.*

And from me? All people can choose good or evil, negative, or positive, sadness or joy. Choose good. Choose the positive. Choose joy.

## AARP Income Tax Program Needs Your Help

AARP sponsors an important program in Sun City to prepare income tax returns for residents. This program is staffed by volunteers who prepared more than 500 returns last year. Each return is prepared by a trained counselor and reviewed by an experienced volunteer to assure a high standard of service.

We need your help. Volunteers should have some knowledge of income tax rules and some computer skills. You will be required to attend a one-week tax course and pass a minimum proficiency exam. You will need to contribute at least four hours weekly during the tax season. We work at Mountain Shadows on Thursdays, Fridays, and Saturdays from the beginning of February until April 15. Due to COVID-19, we will be preparing income taxes virtually next year. If you would like to volunteer, register online at [www.aarpfoundation.org/volunteer](http://www.aarpfoundation.org/volunteer). For more information, contact Mike Sanders at 702-724-0476 or [sandersmichael774@yahoo.com](mailto:sandersmichael774@yahoo.com)

# "CHAT WITH MITZI" via ZOOM

## PROCEDURE AND PROTOCOL FOR MEETING

Chat with Mitzi by Zoom will be held the first Thursday of every month at 3:00 p.m.

October 1, 2020 – 3:00 p.m. (Thursday)

November 5, 2020 – 3:00 p.m. (Thursday)

December 3, 2020 – 3:00 p.m. (Thursday)

### "Chat with Mitzi by Zoom" Netiquette

These sessions can be fun and informative and a great opportunity for you to ask general questions about the day-to-day operations of the Association. The Board of Directors is the governing body, and they address governance questions. I can answer Administrative questions, and questions regarding items the Board of Directors has already made resolutions on and also take suggestions for consideration by Committees for recommendation to the Board.

Zoom sessions are live and are recorded and will be posted on the Web page so those unable to attend can "watch" the session. The following Netiquette (online etiquette) will make sure the session is enjoyable for all.

1. Please enter your first and last name in the options portion of your Zoom set up. Since this is a meeting where everyone is allowed to ask questions, no anonymous, phone number or email attendance will be allowed. At the beginning of the meeting, I will coach anyone who has not entered their first and last name on how to do so. We will block anyone who is not willing to show their first and last name. We will also verify that those logged in are homeowners or residents that are registered with the Association.
2. Respect should be shown to all participating in the session, no profane language, name calling or bullying will be allowed and we will remove anyone who does this from the "Chat".
3. Since comments will be written for all to see, do not write things in jest or jokingly, since we cannot see the tone of your remarks, these types of remarks can be offensive.
4. No comments about race, religion, sex or politics.

5. Do not use the cap lock feature when typing in the Chat Box, in social media this is interpreted as yelling.

6. Prior to the session make sure your microphone and speakers work. If everyone else can hear the meeting, and their microphones are working the issue is on your end, not on our end.

7. After you join the meeting, mute your microphone, only unmute your microphone if you are called on. There may be times you know an answer to a question that I do not know and I will call on you to share.

8. You will be typing your questions in the Chat Box on the Zoom screen. I will be reading each question aloud, in real time, and answering them

9. I hope that you join with video as the "Chat" will be much better if we can all see each other. Remember, all participants will be able to see your video feed so look around and make sure there are no inappropriate items in the background, and be sure and tell others in your home they can be seen walking around in the background.

10. Other than your first and last name, please do not provide any other personal information or personal information of another resident.

11. Remember, we all need to be patient with each other as we learn to have "Chat" sessions. This is the first one for me in this format, so there may be bumps, but I promise to learn from each one, so eventually it becomes easy for everyone participating.

The sign in information will be sent out in a separate meeting invitation, this will allow you to click on the information and connect.

## LANDSCAPING DEPARTMENT

### Fall is Upon Us Again

**F**all is the time to do some fertilizing before winter hits. It would be good to get at least two applications done when the weather cools down. Fertilizer should be well balanced such as 9-9-9 with iron. For drip areas, use a water-soluble fertilizer which you should be able to purchase from your local nursery or hardware store. Do not be afraid to ask a store professional on what to use. Most nurseries have a qualified staff member to help you decide what to use, and how to apply the product. With most water-soluble fertilizers, you can mix it in a bucket and then pour it into and around the plant. You can also use fertilizer spikes for your palms and other plants. Again check with your favorite nursery on which product you should use on the plants that you have.

This is also the time of year to plant bulbs if you choose to add some early color to your garden. Some say you should refrigerate them before planting them. I'm not going to dispute this, but at the Pinnacle, we have Daffodils that bloom every

year and we do not do anything to them. Each year they bloom, they appear with more plants and the following year after.

Lastly, do not forget to reset your irrigation timers. You do not want to get a love letter from the water department. I hope everyone enjoys the fall.

## ARE YOU A MEMBER OF A SUN CITY SUMMERLIN COMMUNITY ASSOCIATION, CHARTERED CLUB OR ORGANIZATION?

**If you are, the time to volunteer to run to be an officer is closely approaching and so is voting!**

Many of you are asking how the required Membership meeting, self-nominations and election of officers will be held with all the COVID-19 restrictions and many of the Chartered Clubs or Organizations, not meeting. You will be happy to know that we not only have a secure and fair procedure for Clubs and Organizations to follow, but your Administrative staff is willing to facilitate all of the procedures for your Club to save you time, frustration and expense.

Following is an outline of the mandatory procedure, and an explanation of how we can do each process for you.

### **MANDATORY PROCEDURE:**

**1. Due to COVID-19 restrictions, Clubs and Organizations will not hold a meeting this year to report to their membership and to elect their officers.** *Since all Club members have equal rights to attend a meeting, there are limitations on how many people can attend a meeting, and at this time some members would not feel comfortable attending a meeting. The requirement to have a meeting is lifted for this election year.*

**2. Ballot Boxes in rooms or personal residence will not be allowed.** *To provide a fair and equitable opportunity for all members of a Club and Organization to cast their vote, and since Ballots will not be opened and counted at a meeting of the Club or Organization, ballots cannot be received or counted by a member or*

*members of the Club and must be delivered to a neutral location by email, mail or placement in a drop box. The Association address, dedicated email address and drop box will be provided, and the items will be retrieved by staff members that are dedicated to making the Club and Organization process successful.*

**3. A blast email will be sent out by the Association to every member of every Club and Organization. Giving every Club and Organization Member the opportunity to self-nominate. All nominations will be submitted to the Association through email, regular mail or drop box.** *Since many of the Clubs are not meeting right now, and even for those that are, many members are not participating. This effort will allow any member interested in running for any open position to submit their names to a neutral party.*

**4. A ballot will be prepared by the Administration for each Club or Organization with the names of those who have self-nominated, and if the Club or Organization has a Nominating Committee with the names submitted by the Nominating Committee. All ballot formats will be uniform in design to assist the counting process.**

**5. The current Board of the Club or Organization will decide what method their Club will use to vote. Clubs and Organizations can use a combination of:**

**A. Hard copy ballot mailed to**

**Members and then returned by mail or to a drop box at the Administration Office.** *If preferred, the Administration Office will take care of preparing the envelopes and mailing costs as the postage is offset by other expenses, we are not experiencing for preparation of Club meetings. Those returning the ballots will have to provide their own envelopes and mail them to the Association address and provide their own postage, or they can drop their ballot in a drop box outside of Mountain Shadows.*

**B. Email Balloting, with the ballot being sent to members of Clubs or Organizations that have email addresses for their members.** *The ballot is sent by Administration from an email address unique to your Club or Organization and the member votes right from the email and returns it to the same email address.*

**C. You can use option A or a combination of options A and B. But unless 100% of your membership has an email address you cannot just use option B.**

**6. Unless your election day is before October 15, your election day will stay the same as your Club has already submitted and is posted in the Link Magazine. If your election day is between October 1, and October 14, your election day will now be October 15.** *The date change for those at the beginning of the October gives the Club, or Administration if the Club elects to take us up on our offer, the opportunity to get all notices out to their Membership.*

**7. All ballots will be received by the Administration through US Mail, drop box or email, and will be sorted and counted on the date of the Clubs designated election day. The name of the voter will be verified against the Club or Organization membership list. All member identification on the ballot will be**

**kept secret and will not be provided to anyone outside of the Administration offices. If a Club or Organization or a member of a Club or Organization challenges an election, the Club or Organization or a member of a Club or Organization can observe a re-counting. Anyone (1) Club or Organization officer who is not a candidate for a position can be appointed by the Club or Organization to observe the original counting of the ballot in a Social Distancing set up or by Zoom.**

**8. The Club or Organization will be provided with the final vote and will make the announcement to their Club or Organization.** *I know when the step by step procedure is put into writing, it seems long and even confusing, but keep in mind, these procedures make sure that, during this time that:*

*A. Every Member of a Club or Organization has the opportunity to self-nominate and run for a position on the Club or Organization Board.*

*B. Every Member of a Club or Organization receives a ballot, regardless of whether or not they are here at Sun City Summerlin, and whether or not they are participating in activities.*

*C. Since Ballots will not be opened at a meeting of the Membership, that all Ballots are received by a someone that is not in the Club or Organization and the Members vote is kept secret.*

*Also, please note, uncontested ballots will not be sent out, and the Club or Organization will be provided with the information and will just make an announcement. We look forward to working with each of the Clubs and Organizations to make all of the elections uniform in process, yet unique to your Club or Organization, and encourage you to let us take the stress out of your election by handling every step this year.*

*Mitzi Mills, Executive Director*

## Night Drivers

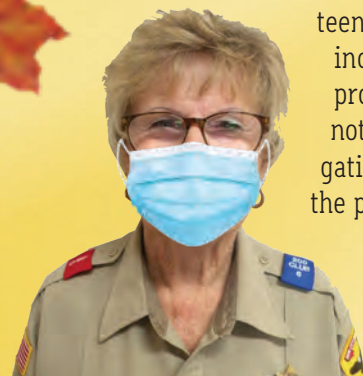

While you are sleeping soundly, watching late-night shows, or watching the stars, Security Patrol night drivers are patrolling the neighborhoods making sure you will not be disturbed. The shift beginning at midnight (or 11:30 p.m. shift time), ends at four in the morning (4 a.m.). After checking the Association properties, they patrol every street. When you see the flashing light from the patrol car, know that Security Patrol is there to assist if needed.

All four night drivers featured here are military veterans and they have stories. Jean Mohler, Joan Keltner, Erik Braun, and Earl Stitt chose to work the midnight shift. Mohler and Keltner on Sundays and Saturdays, Earl and Erik on Thursdays. Jean and Joan have served in Security Patrol for sixteen years. Joan remarked, "I choose this shift as it's very quiet." All open garage doors and 911 emergency lights are radioed to the dispatcher who then contacts the residents. "It's rewarding to see the open garage door close and the 911 lights go out."

"During the sixteen years," Jean reported, "I have trained as a Watch Commander, Driver Trainer, Dispatcher and Driver. As a 0000-0400 driver, I check all the Association properties." The primary responsibility for drivers on the midnight shift is to check all fourteen Association properties. That includes walking around the property checking all doors, noting non-working lights, irrigation leaks, any disturbances to the properties including tennis and pickleball courts.

**Sandy Lyons,**  
Security Patrol Chief

Erik Braun, also a Watch Commander, has been with Security Patrol for almost five years. His reason for choosing the

midnight shift, "I find it the perfect time and greatly enjoy making sure things are safe and secure for our residents as they get a good night's rest." Braun continued, "When I first began, there were a few more active coyote packs running around Sun City. I was amazed at how they would watch me walking around the [Association] grounds, following me, but not too close."

For two years, Earl Stitt has been patrolling the neighborhoods during the night. "The midnight shift is usually quiet, and the "pay hours" are good." Drivers on the midnight shift receive ten hours which is the currency for Security Patrol. One of the duties is to spot open garage doors. "I rarely got a complaint from a resident when I ring the bell late at night and alert them to the open garage door," he reported. Earl commented on some observations. "There are a number of residents

walking between 2 - 4 a.m. They walk in the street and even though there is limited traffic, I would recommend they wear some reflective tape on their clothing or clothing with reflective material. Most residents, though, walk in the parking lots. I've spotted large RVs parked on the street and I think it would help with traffic if they put reflective cones around. Just an observation." After hesitating a little, Stitt recalled, "I have seen a winter's night snowfall."

Night drivers are important and critical observers for the safety of our residents. They respond to calls received by the dispatchers, assessing the situation and radio back for the Watch Commander if necessary.

Dear resident, consider joining Security Patrol. Telephone 702-254-2303 and begin a new adventure.

## Life is Better in Motion!

"Life is Better in Motion" is the 2020 National Senior Health & Fitness Day theme. The national event is in its 27th year and is always celebrated on the last Wednesday in May. Due to COVID-19, this year's festivities were canceled. The Health & Fitness Department would like to borrow the theme and bring it to the community of Sun City Summerlin.

Doris Poders-Barsky, E.J. Levine, Jennifer Smith and Al Lunceford are Sun City Summerlin residents that are great examples of living in motion both physically and mentally.

**Jessie Miles**  
SCSCAI Fitness  
Manager

Doris Poders-Barsky is a Sun City Summerlin resident, group fitness instructor for both the Health & Department and Fitness Club. She shares her words of wisdom on living a life that is better in motion: "Wisdom comes in many forms. For me, it was when I was in my 50's. As a sedentary secretary of 30 years, an incident happened and I realized I didn't have any physical strength to handle it. It was then I began to work out at Gold's gym in Northridge, CA with a trainer. From there I began to love the feeling of "movement" and "strength". So, the journey began and I haven't looked back since, and I'm 82 and going strong and getting "wiser" every day. My motivation is what got

me started, and the habit of feeling movement throughout my body is what keeps me moving. To maintain "balance in life" you must keep moving. It enhances your life and stimulates the brain. Any type of movement is of value for your health and wellbeing. Get off the couch and start your journey of movement and better health."

E.J. Levine, author, educator, and Sun City Summerlin resident who leads the department's monthly Life 102 workshops has this to say:

"There is a process to moving forward from negative to positive. Fill your mind, body and spirit with positive thoughts, and your thoughts will very shortly turn into positive words, and before you know it, the process moves you in to taking positive actions.

I will be civil to all

Social to many

Familiar to few

Friend to some

And...

Enemy to none.

Whatever I long for, I will give to others more often.

If I want more support, I will support others more often.

If I want more love, I will love others more often.

If I need more acceptance, I will accept others more often.

If I need more understanding, I will take the time to understand others more often.

I still miss those I have loved who are no longer with me, however, I find I am grateful for having been given the opportunity to have loved them, and now I can move ahead with my life."

"When you have health, you have everything" says Al Lunceford (below), originally from Warren, Ohio, who moved to Sun City Summerlin 13 years ago. Al came from a musical family and started playing clarinet at the age of 5. He spent his childhood around musicians. Needing a change from music, Al took a job in a steel mill for 3 years, then got a job in a bank as a teller and worked his way up to branch manager. After managing the bank, he decided to start his own company. The company grew and grew. "Desire. Dedication. Discipline. Those are my 3 D's of life. It works." Al recalls of his hard work and determination of owning a business. He started playing golf at the age of 57 and applies his "3 D's" to his golf game by practicing everyday and at 78 years old has a golf handicap of 10. Sun City Summerlin's personal trainer, CeCe Ceccarini, has worked with Al for the past 6 years and keeps him focused on good proper form in the gym. Al takes his health very seriously, and he and his wife incorporate fruits and vegetables into their daily routine. Al says, "it's the little things that mean a lot especially in this time in age to enjoy life."

Jennifer Smith (above), moved to Sun City Summerlin from California about a year and 4 months ago. She knew at an early age that she wanted to be an athlete. Jennifer played volleyball through high school and at Arizona State University. She also began practicing with the swim team in college to keep her upper body strong for volleyball. After college in 1975, Jennifer entered her first 4 mile run and won. She decided to train for her first marathon that same year. Jennifer recalls, "I did a 3:20, and I was actually one of the top 100 women in the world." She has run over 20 marathons and countless half-marathons but had to stop running due to a rock-climbing accident in 1998 followed by 6 back surgeries. Swimming is what keeps her body in motion. Jennifer says, "there's two critical things about the water. 1 - You need to learn to relax in the water, because the water will hold you up when you're swimming. 2 - Breathing. You need to learn how to breathe before you learn strokes or anything else. You have to adapt to what happens to your body as you age, and you can't stop moving because when you stop moving, you're dead."

# How Halloween Became a Tradition in the United States

"Tis now the very witching time of night, when churchyards yawn and hell itself breathes out contagion to this world." – Hamlet by William Shakespeare

By Molly Sher/Link

For centuries Halloween has been celebrated around the world. How did it originate? And why is the day/night so . . . scary? Come with me through the shadows that seem to surely disappear in the light (or will they?) back through time to when this Holiday came into being.

The origin of Halloween has its roots in the Celtic festival of Samhain, which was celebrated in ancient Britain and Ireland. The original date for Samhain was November 1, and the Celts believed that the New Year began on that date. They would bring the herds back from pasture and prepare for winter. On this day, it was believed that the souls who had passed would return to their home's hearth, and those who had passed during the year would begin their journey to the "other world." Bonfires on hills were created to relight hearth fires and to scare away any evil spirits. Masks and other disguises were used to avoid being identified by ghosts that haunted the night. At this time, the notion of witches, demons, fairies, and others came into being. This important day was also for divining the future – marriages, health, death, and good fortune.

During the 1st Century, CE, the Romans conquered the Celts and added their two holidays, Feralia (honoring the passing of the dead) and Pomona, the goddess of the harvest, to the festival of Samhain. It is believed that Pope Boniface, IV, who established All Saints Day, originally on May 13, moved the holiday to November 1, in the hopes of replacing a Pagan holiday with a Christian one. The evening before became a holy or "hallowed" night and thus Halloween on October 31, was officially born. While the Reformation put an end to the religious part of the holiday for Protestants, in Europe Halloween was celebrated as a secular holiday.

While Halloween was largely forbidden in the colonies, festivals that marked the harvest and some aspects of Halloween were observed. Beginning in the mid-19th century, when large groups of immigrants, particularly the Irish, came to the United States, they brought their

custom of Halloween with them, and it became a secular holiday, particularly for children. It is thought that the custom of "trick or treating" was derived from Britain, where beggars were allowed to ask for food on this Holiday. Harmless pranks were the "tricks" and candy were the "treat."

Halloween parties often included bobbing for apples, a practice believed to come from the Romans for their feast of Pomona. By the late 1800s, there was a large movement to encourage parents to have parties and discourage the use of grotesque scary costumes and references to witches, ghosts, and pranks. However, by the 1920s and 1930s, vandalism began to plague communities despite the more community-oriented feel of the holiday. A campaign was mounted to squash the practice of vandalism, and by the 1950's the practice was pretty much discarded; parties moved from community centers to homes, and the practice of trick or treat, once again revived, proved an economical way for neighborhoods to be involved in the holiday by giving children treats. Thus, the American tradition of Halloween began and has continued to grow. In today's world, Americans spend about \$6 billion on Halloween, making it the second-largest commercial holiday, with Christmas being the first.

Would you like more fun facts on how Americans are spending money on their pets for Halloween, costumes, movies for Halloween or a trivia test on Halloween? Head on over to the LINK website at [www.suncitylink.com](http://www.suncitylink.com)

Happy Halloween, everyone!

# A HALLOWEEN POEM

By Patti Tripp

Remember Halloween when trick or treating was fun –  
... we dressed up as a princess, or a cowboy with guns.  
We would work on our outfits for weeks on end,  
making sure we'd look better than our neighborhood friends.  
The girls making sure we looked pretty and cute,  
and the boys, well, might dress in a hobo's old suit!  
And sometimes the costumes would be covered, you know,  
with winter coats as we trudged through cold and the snow!  
We'd take pillowcases, or a brown paper bag  
and the stash we collected made us sit there and brag  
about all of the goodies we managed to score,  
from brownies, candied apples, popcorn balls and much more.  
We'd ring all the bells up and down every block,  
and hope to be greeted with some 'treat' when we knocked.  
We'd get a big bar of candy, no bite-size for us –  
homemade goodies when a neighbor would take time to fuss.  
We were out way past dark, not a care to be had...  
there was nothing we got that was thought to be 'bad'.

Nothing had to be x-rayed, and no gluten to check  
anything with some lactose didn't make us a wreck!  
We ate everything, sometimes more than we should –  
mattered not we were told we'd get sick...and we would!!  
In Sun City, seems Halloween is a quieter time,  
no trick or treaters, no dress-up, and no doorbell chimes.  
So let us remember the days long gone by  
when times were much simpler, 'fore the world went awry.  
So come Halloween, just pour a nice glass of wine,  
as we reminisce and remember a kinder, gentler time,  
when life held a promise of all the good things  
we hoped were ahead and the future would bring.  
Being a grown-up is not always as great as it seems,  
so remember when young, when we hung onto dreams.  
Now don't trick or treat 'cause we're older and 'gray',  
but may we stay young at heart to recall our Halloween Days.

## CHARTERED CLUBS

(The deadline for November 2020 chartered club articles is Thursday, October 1. If you have questions, contact the Link at 966-1435 or [kellym@suncitylv.com](mailto:kellym@suncitylv.com).)

### Aquacize

Aquacize members watch your emails for information regarding club elections and schedule for moving indoors with the cooler fall weather. Club elections are scheduled for October 21, 1 p.m.

### Art

Artists of all levels from beginners to advanced are welcome to join the Art Club. Dues are \$15 a year. Officer elections will be held during our meeting on Monday, November 16, 1 p.m. For more information visit our website at [suncitysummerlinart.com](http://suncitysummerlinart.com), or contact Steve Brenner at 749-7737.

### Arthritis

Do those painful joints keep you from exercising? We have a solution. Slip into your swimsuit and join us in the pool for soothing exercises that get those joints limbered up. These exercises safely move every part of the body. Stretching, range of motion, flexibility

and balance improve health and wellness. This low-impact pool exercise club meets Tuesdays and Thursdays, 10:30-11:30 a.m., Desert Vista indoor pool. Check with your doctor to ensure you are fit enough for the class. Annual dues are \$35. Call Joyce Scheinman, 339-2773. Election of officers will be Wednesday, October 28, 12 p.m.

### Band Jam

If you are a Sun City musician or vocalist who has no one to play or sing with, our Band Jam Club is looking for you. We have created a Musician's Directory that's available to all club members. Use this directory to find musicians and singers to create your unique band. We have an Informal Jam & Get-Together every Wednesday from 3:30-5 p.m. in the Pinnacle Music Room. Annual dues are \$10. If you want to join or have questions, call or text Mike, 310-422-1184, or email [bandjamclub@gmail.com](mailto:bandjamclub@gmail.com). Election of officers will be Wednesday, December 2, 3:30 p.m.

### Beading and Jewelry

regarding the club please call Paula Nuzzo at 820-9343. Election of officers will be November 3, 1 p.m.

### Bicycle

As of this update, the Bicycle Club has resumed group rides starting at Desert Vista on Tuesday and Thursday, and Sun Shadows on Saturday. All rides currently start at 7 a.m. However, to minimize the risk of COVID-19 exposure, the club still recommends that members continue to ride alone or in small groups as much as possible. For information and updates, please email to scherry69afa@gmail.com. Officer elections are on December 10, 4 p.m.

### Billiards

Billiards or pool has been around for more than 100 years. The social side of pool has played an important role in the lives of thousands of people. Decelerate the aging process and perk up several cognitive functions. Polish the psyche and come visit us at Desert Vista on Monday, Wednesday or Friday at noon. Please call Gavin Lightner, 838-2767. Election of officers will be December 9, 12 p.m.

### Bocce Ball

Bocce has started night play, beginning at 7 p.m., on Mondays at Sun Shadows, and Thursdays at Desert Vista. Face masks must be worn. We hope you are all safe and healthy. Hope to see you all soon. For information, call Henrietta, 987-3456. Election of officers will be December 8, 6:30 p.m.

### Book

We sadly feel the need to cancel our meetings for the rest of the year, and possibly resume in January 2021. With the spike in COVID-19 cases, we do not want to put our members at risk. We will send monthly emails with discussion information on one of our books from the 2020 selections. October's book is The Secret River by Kate Grenville. If there are any updates we will communicate by email and Facebook (Sun City Book Club). Keep well, keep reading, and we hope to see everyone in 2021. For more information, contact Cherie: 541-233-6545 or klipsan2@gmail.com. Election of officers will be November 12, 2 p.m.

### Bridge (Duplicate)

Longtime bridge players: Want a challenging and fun afternoon of duplicate bridge? We typically play 26-28 boards. Join us for a great duplicate experience. Need a partner? Call Gloria, 341-1244, or Marilyn, 254-8245. See our Duplicate Bridge Club website at www.suncitysummerlin.com. Election of officers will be December 2, 11 a.m.

### Bridge (Friday Evening)

We hope to resume play soon. We play 24 hands of bridge (rubber scoring) at 6:30 p.m. on Fridays at Mountain Shadows. We try to help you find a partner and a foursome. You remain with the same partner all evening. Winners advance to another table. Annual dues are \$10 and \$1 each time you play. For more information,

more information, contact President Linda Haber at, (714) 686-1401. Election of officers will be Tuesday, October 27, 9 a.m.

### Chicago/Midwest

We have good news and bad news. The bad news first: we have no idea when we will be back together again. The good news: there will be no membership dues for existing members for 2021. We are all chomping at the bit to get our lives back, and it will be sweeter than ever. In the meantime, stay well, stay as active as possible and stay in touch with friends and above all, stay positive. For more information on this dynamic Club, call Myra 838-3859. Election of officers will be October 18, 6:30 p.m.

### Classical Music

Unfortunately, the Classical Music club had to cancel last month's scheduled performance due to COVID-19. During our last concert performance back in February, we had the pleasure of welcoming father and son duo, Paul and Alex Fried and Jae Ahn. We hope to resume our concerts in the fall, possibly when social gathering restrictions are lifted. Live performances all over the world have been affected in these unprecedented times. Thank you for your understanding. Will Rydell, President. Election of officers will be October 26, 7 p.m.

### Computer

All meetings through the end of the year will be Zoom meetings. The link to these meetings will be on the club calendar. Zoom Seminars and classes are posted on [www.scscclub.com](http://www.scscclub.com). The Repair SIG is open on Tuesdays and is by reservation only. You can register through the website, [www.scscclub.com](http://www.scscclub.com). Effective Saturday, September 5, Open Lab is available only on Saturday from 9 a.m. to 12 p.m. Face masks are required. For information, go to [www.scscclub.com](http://www.scscclub.com). Contact President Jeff Wilkinson at 527-4056, or [pres.scscclub@gmail.com](mailto:pres.scscclub@gmail.com). Election of officers will be December 3, 2:30 p.m.

### Conservatives

Until further notice, due to COVID-19 directives, we will meet via Zoom on the third Thursday of each month at 6:30 p.m. Visit our website at [www.scscconservatives.club/p/calendar.html](http://www.scscconservatives.club/p/calendar.html) for updates and the Zoom link to join meetings, or call Brenda Flank at 286-8957. Election of officers will be November 19, 6 p.m.

### Cribbage

We welcome new players. We play partners format and strive to reach 400 points in a round. These are hard times with this virus, but please know we will gather again, and we will all be happy to be together and play our favorite game! Stay well friends! For information, call Linda Ray, 586-1007. Election of officers will be December 16, 6 p.m.

# THE HISTORY OF HALLOWEEN

To quote Maurice Chevalier, " . . . Ah yes, I remember it well."

By Patti Tripp/Link

And yes, being a kid on Halloween 'back in the day', when taking candy from strangers was pretty much ok. Today, well, maybe not so much . . .

Halloween in Sun City is rather tranquil – no candy to buy in bulk, no trick or treaters, no doorbells going off, and no stationing yourself at the front door waiting to hand out goodies. But, as we celebrate the peace and quiet in our community, perhaps some of us miss the days when we would stay out way past dark, hit every house until our bags were full or we simply just got worn out, and then come home to sample everything in our cache. That was when Halloween, growing up, was celebrated in a kinder, simpler world.

More than once, for me at least, the costume I worked so hard on was hidden by a winter coat and boots as we ploughed through the snow in Pittsburgh. It was devastating to many of us, but it did not deter our resolve to top what we got the year before. Of course, there were those kids we might run into who simply put on old play clothes and a mask; perhaps, there was no one at home to give them a more creative look. But back then, we just went on our way, hopefully not judging. It was Halloween – and that was all that mattered.

'Back in the day', you could dress up as a cowboy and strap on your holster with two six-shooters and not be chastised for being politically incorrect. The girls – well, we had Cinderella, Snow White, or perhaps a witch - not the plethora of movie characters to choose from today! Your costume was homemade and sometimes thrown together with whatever could be scrounged up at the last minute because it never quite got finished. You made your way, block after block, while Mom or Dad manned the door to pass out goodies to other kids traipsing up and down the

streets in search of whatever was being given out at any house with a porch light on.

The candy – well, everything from bubble-gum cigarettes to Bonomo's Turkish Taffy, to full-size Milky Ways (no bite-size in those days), popcorn balls wrapped in colored cellophane, and if you're lucky, a candied apple. Most of us never played the threatened 'trick' when there was no treat to be had; it probably never occurred to us - we weren't raised that way. So, we took our

pillowcase or brown shopping bag from the grocery store home, dumped it all out onto the floor, and perused our haul, separating our favorites to eat first, and the stuff we were willing to share with others (maybe).

We were not carted off to a building to trick or treat because the streets weren't safe, and nothing had to be taken off somewhere to be x-rayed. No one had to check to see if everything was gluten-free or lactose-free; and peanuts – well, EpiPens were decades away. Perhaps we just didn't know any better, or maybe we were too trusting, but it was a time when being young gave us memories, hopefully, good ones.

While Halloween is so very different now, there may be no parties or gatherings this year, one never knows – it remains to be seen what lies ahead. Regardless, Sun City is a quiet community with no trick or treaters. So perhaps we can spend the evening this year at home with a nice glass of wine or refreshment of choice, and a few grown-up 'treats' allowing us to recall October 31, and the proverbial 'good old days' when we were young. We will never be those innocent little kids again but while Thomas Wolfe said, "we can't go home again", we can remember when it was a kinder, simpler world.

## MEN'S CLUB

### Just Resting, But Not Out!

Everyone knows that the Sun City Summerlin Men's Club (SCSMC) is the most active, fun, and fastest growing club around. Everyone knows that our SCSMC has 10-12 fantastic events every month (except July and August when we take a hiatus). Everyone knows about half of our events are coed and are extremely enjoyable. Everyone knows that SCSMC is the place to be for friendship and fun.

Things came to an abrupt and near-total halt when COVID-19 hit, but not the SCSMC. We quickly adapted and established a safe and fun way to stay connected during this historic period. We held a weekly coed Zoom meeting with very interesting speakers. We still have a weekly discussion group which we continued all Summer by popular demand, so men can get together for a virtual gathering with an opportunity to exchange ideas, experiences, and friendships.

We are also using this time to make plans for an exciting and energetic return to the Sun City Summerlin community once it is safe. Sadly, we are mourning the loss of a number of members over the last 6 months. Our hearts are heavy missing them and extending our support to their families. At this point, our wonderful SCSMC may be resting right now, but we are not out! Interestingly, we have taken in six new members in recent months and believe me, SCSMC is still here. We're more committed and capable than ever, just watch us! As soon as COVID-19 restrictions are relaxed and/or terminated, we will resume our record-breaking array of interesting and fun activities. You won't believe what plans we are working on right now! They are bigger, better and more fun than ever . . . stay tuned.

In the meantime, the SCSMC men pay the dues and their significant other is a complimentary member. Our membership has already grown to over 250 men and a total of over 400 members. We are a large group and there is something for everyone at SCSMC. You can get more info and/or join by contacting our President, Alan G. Spector at [ags717@gmail.com](mailto:ags717@gmail.com) or 847-558-5423. Join now and start receiving our fabulous monthly newsletter. Try it, you will love us! Here are some photos of our recent great events.

# GRATITUDE CORNER

*Some examples of why SCS is the most incredible place to live!*

*Send your nominations to [scsspirit@gmail.com](mailto:scsspirit@gmail.com)*

**Great Role Models** - Some of us try to work out or take a walk every day. But how about climbing a mountain? Hats off

to Rozi Heredy and Susan Feinberg (pictured) who accomplished a major feat. They climbed to the very peak of Mt. Charleston! They weren't the first to make that climb, but they certainly were the classiest. Great congratulations!

Not to be outdone, Stephan Jones, Mike Madaffari, and Joe Carelli made the same climb another day; just to prove that the guys can do it also. We are so proud of all five of you!

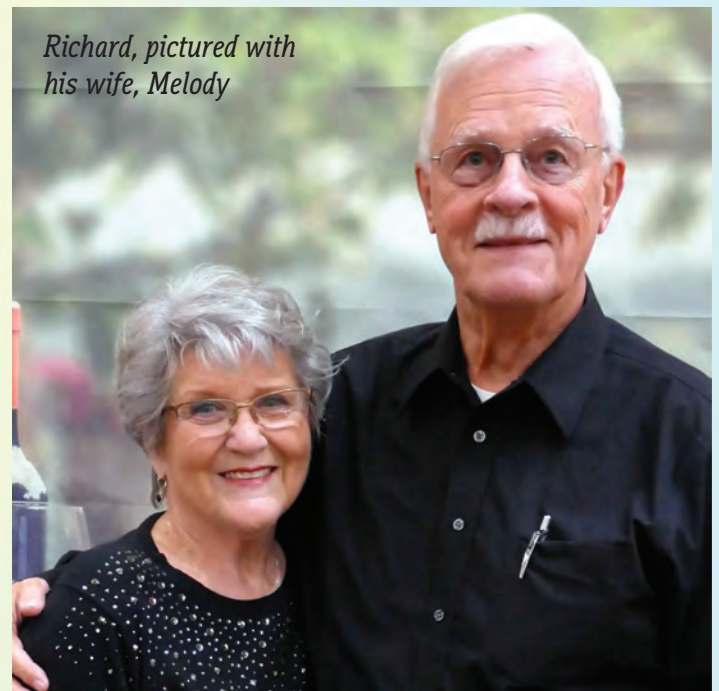

**Always Interested in Helping** - I have known Julie Zerbel almost since we moved to Sun City Summerlin. First as a friend at clubs, then as President of the Resident's Forum, and now as the always helpful, totally knowledgeable staffer of the Community Standards Department - I recently needed some information, and Julie immediately responded with a great volume of info to help me out. Sun City is grateful to have Julie here to help all of us.

**Can't Believe It** - Gary Brodt reported that the incredible Jessie Miles, Health and Fitness Director, solved a treadmill problem at Desert Vista with super-duper rapid response. Everyone was thrilled and grateful to Jessie. She's one terrific staffer who cares.

**Beyond the Call of Duty** - The following employees have been working as Health and Fitness monitors to fill in while additional monitors are hired and trained. Thank you! Your

extra efforts help keep our facilities open for all of us. Thank you Mitzi- for putting together the schedule. Anthony Marrone, Donny Long, Fred Scarrone, Jeff Doble, Julie Zerbel Kelly-Mae Mahoney, Kerri Morris, Kristina Santos, Nancy Cota, Brandon Balek, Brian Bagwell, Melissa Spina and Stacie Coppens.

*Richard, pictured with his wife, Melody*

Sun City? Need someone to help with a Men's Club event? Need a friend? Richard Becker (pictured) is that guy! Such an impressive combination of helpful spirit, talent, and genuine caring. Grateful to have Richard for a friend.

**Thanks To the Pros** - Thanks to the volunteers who serve on the Architectural Committee for jumping in and keeping applications moving while the Community Standards Office was closed due to COVID-19. There is no substitute for real pros who really care. Our gratitude to all you great volunteers.

**The Way it Should Be** - Thoughtful Jola Oliver expressed her gratitude to Carolyn, Lynda and Mick, of the world-famous Mountain Shadows Fitness Monitor Team. We should all recognize our wonderful fitness monitors and let them know how much we appreciate the work they do for all of us. Especially during these challenging times. Jola calls these monitors "The Gold Standard" and we agree. Thanks, Carolyn, Lynda, and Mick!

# Our Amenities Here in Sun City Summerlin

**W**as residents/owners in Sun City Summerlin enjoy a wide variety of amenities. All of these amenities require maintenance and at times new equipment, whether it be a piece of equipment in the gym or a lawnmower for our landscaping crew.

All of these amenities are paid for through our annual assessment known as 'Home Owners Assessment' (HOA). Only a few of these amenities generate revenue in an attempt to offset their expenses. The Summit, Food and Beverage, and Golf are three of the amenities generating revenue.

**Jeff Rorick, SCSCAI**  
Board of Directors  
Assistant Treasurer

We should recognize the fact, that the best assets we own that drive our real estate values in this community are our three golf courses. We should take the needed steps to deliver more revenue through our golf courses. Increased play at our golf courses will also deliver more revenue for Food and Beverage.

This will take both of these operations closer to revenue-neutral, which will help us control increases in our HOA fees.

We will need a better Marketing program to generate this revenue. Recently, Highland Falls won an award for 'The Best Course in the Valley'. It would be great if we could improve the year-round aesthetic appeal and playability at Palm Valley, and get it rated as the 'Second-Best Course in the Valley'. What a Marketing statement that would be, "Sun City Summerlin – Home of the best two courses in the Valley." This would not only drive golf revenue, it will in fact, drive real estate values, as we will have increased demand for our homes.

So, if there are residents out there that enjoy golf but haven't played for a while, please come out and enjoy your home courses. If anyone has some good Marketing ideas to help sell our community to active adults that play golf please share them with us. To submit your Marketing ideas please go to [www.suncitysummerlin.com](http://www.suncitysummerlin.com) on your computer or phone and click on the Marketing Input Form button. Let's work together to make both Golf and Food and Beverage Department more successful.

## What Does it Take to Be a Board Member?

On page 65 of this issue of The Link Magazine notification has been issued by the Sun City Summerlin Election Committee that if you are an Owner of a home in Sun City Summerlin Community Association, Inc. and in good standing you are eligible to submit your name to run for the Board of Directors.

While there are only two qualifications to be a Board member (1) an owner of the home and (2) a member in good standing, as a Professional Community Association Manager (PCAM), I'd like to share with homeowners what they need to know not to just be a Board Member, but to be a good Board Member. I'd also like to share if elected, what they might expect as far as time commitments and meetings.

### How many hats can you wear? A Board member at SCSCAI wears more than one hat!

**Owner:** As a Board member, you are still a homeowner and have all of the same obligations, responsibilities and opportunities of every other homeowner. Board members pay the same assessment and fees that homeowners pay and do not receive any compensation or perks. As an individual owner, you cannot speak for the Board. While you can share information that is available in open session minutes, publications or on the web, you cannot commit the Association, Board, or staff to provide services, purchases, or maintenance of any kind. You can bring items forward through the committee process and the Board meetings, but until voted on and approved by the Board it is an idea and not a commitment.

**Director:** As a member of the Board of Directors, you are one of nine directors. All decision making is done

at a duly called meeting with a properly stated motion that receives a second and is voted on. Majority prevails. There will be times you are happy about the outcome of a motion and there will be times you are not. But, in the end, as a Board member you should support the decision and not speak out negatively about other board members who may not have voted the way you would have liked them to.

The Board as a whole, as well as each individual Board member, is assigned mandatory duties by the SCSCAI governing documents as well as the State of Nevada.

As a Director you are charged with protecting, maintaining, and enhancing all the common elements. This is important to note because it does not say just those you personally think are important, or those with the largest use, or those that you participate in. As a Director on the Board, you must be able to separate your personal interests and the interests of your friends or club members and look at the needs of the entire Association. It is interesting to note the duties do not just say "protect and maintain", it says "enhance". Enhancing a property is a duty well above just keeping it clean and fixing things when they break. It means evaluating and replacing things that are obsolete and adding new things to keep the property from aging in place. There is also an obligation as a Director to make sure the business affairs of the Association are being managed properly and to ensure the Association is in compliance with the governing documents. One thing all Directors are made aware of is they can delegate action and jobs, but they cannot delegate responsibility. Both the governing documents and Nevada State Law hold the Board responsible for Association business and Association care and Association financial stability now and for the future, whether or not the task itself was delegated to a staff member or contractor.

As a Director, you have a fiduciary responsibility to

the Association and will exercise the business judgement rule. As surprising as it might be this may be your biggest challenge on the Board. Not because you are not honest or not a good business person, but because almost every decision you make will impact someone. It could impact you, your spouse, significant other, someone you personally know in the community, one of your neighbors, someone you are in a Club with, or someone who voted for you. Whether it is a decision on the operations of an amenity or on the budget, you cannot let your own personal needs or the needs of someone you know play into your decisions on what is right not only for the community as a whole but the future of the community 30-years from now. This is especially difficult at budget time, as each Board member has a fiduciary duty to evaluate the information presented and make the best financial decision for the Association, not for themselves or their neighbors. Every five years this decision is escalated because of the requirement for a full Reserve Study. The Reserves are a driving force in preserving, maintaining, and enhancing the community and therefore are a driving force in the budget. As a Board Member you must be willing to raise dues when necessary to cover day to day operations, but just as important to cover expenses 10, 20 or 30 years from now.

**Officer:** Once the election is over and the incoming Board members have been seated, the entire Board will elect officers. If you are elected as an officer you will be obligated to the officer duties set forth in the SCSCAI governing documents as well as Nevada State Law. Again, there are some of those duties that you can delegate but the responsibility remains with you. Officers can make certain decisions, but those decision-making powers have to have been delegated to them by the governing documents, or by a vote of the Board approved by a majority of Board members in a duly called Board meeting.

**Committee Chair:** Each Board member serves as a Committee Chair. The only member who sometimes does not Chair a committee is the Board President, primarily because of the other duties they perform.

As a Committee Chair, in most cases, you will have a Committee of eight to ten people and your committee will meet monthly. Each committee has a designated duty. Your job is to prepare the agenda and work with staff to prepare for the meeting and present items from you Committee Meeting to the Board for decision.

### **How Much Time Should I Expect to Spend on Board Duties:**

Since each Board member is different this list provides the things that all Board members do to prepare for and attend meetings.

### **Monthly minimum hours spent on Association business for the Average Board Member = 68 hours a month**

1. In preparation for their monthly Board Meeting, Board members attend an average of six of the nine monthly Committee meetings. Each meeting is at least 2.5 hours long. This includes the monthly Committee meeting that they chair. **15 hours**
2. Review of Financial Statements in preparation for the Finance Committee Meeting and Board of Directors Meeting. **2 hours**
3. Review of the agenda and back-up material prior to the committee meeting they chair. **1 hour**
4. Property Inspections for committees they serve on or Chair where applicable or meeting with staff to review documents for meetings such as finance and legal services. **2 hours**
5. Review of the Board Agenda and Back-Up material for the Board Meeting. **3 hours**
6. Attendance of the Open Board of Directors Meeting. **3 to 4 hours**
7. Attendance of Executive Session Meeting. **1 hour**
8. The Board members receive an average of ten emails a day regarding Association business.

# Trending

FROM THE EXECUTIVE DIRECTOR

While they are only copied on these and do not need to respond, they do need to read and be aware of them. **5 hours**

9. Budget Hearings. Four consecutive days minimum - late March or early April (four hours each). **16 hours**

10. Budget Ratification Meeting. **1 hour**

11. Coffee with the Board. (Monthly). **2 hours**

12. Each Board member is different on how many times they contact staff or the committee they are responsible for, or how many homeowners call them or email them directly. In talking with Board members over the years most agree that on average they spend at least 4 hours a week on Association business that includes talking to, emailing, or being stopped by homeowners. **17 hours**

In fairness, I have used the minimum of what time commitment is needed. Many of our Board members dedicate many more hours to the Association, but most people that are considering running for the Board want to know what I think the minimum hours for meetings they should attend, are expected to attend, preparation for meetings and interacting with staff and homeowners.

If serving your community as a Board member sounds like something you would like to do, remember the only qualifications you need to have are as follows:

- Be a unit owner in Good Standing
- No unpaid assessments
- Disclose any potential or actual conflicts of interest

- Cannot stand to gain from a matter before the Board
- Cannot reside with or be related to a Board member or candidate
- Cannot be related to the Executive Director

Being a Board member can be a rewarding experience. I have found that the Board members who enjoy their time on the Board are those who went into the election knowing the following:

- (1) Every decision is a decision made by the Board in a Board Meeting.
- (2) The governing documents and State Law have to be adhered to, and while changes can be made to the governing documents it is not only tedious and costly but many times takes an overwhelming vote of the homeowners in order to pass.
- (3) That while caring for the homeowners and their individual wants and needs is important, the fiduciary responsibility assigned to each Board member in the governing document is the Association as a whole.
- (4) There is a time commitment to being a Board member, and it is more than a three to four-hour meeting each month.

I want all of you who think you would like to be a Board Member to be empowered by the knowledge of not only what makes you eligible but what some of the duties and commitments are once you are elected. If you think you might like to run or if your planning to run, start attending Board Meetings, Coffee with the Board and Committee Meetings now, so you are well versed on the issues when you participate in Candidates Night!
