PRESIDENT'S MESSAGE

Working Together, We Will Get Through This Difficult Time

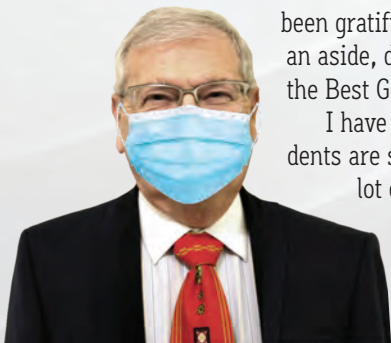

As I sit to write my article for September, I realize that it is only August 1 and circumstances seem to change weekly. With that said, I have noticed that our residents are using our facilities a lot. This is a great thing for our community as we need to keep active and busy. I am going to single out golf as the primary topic of this month's article. There are 1,288 homes that abut one of our three golf courses. That is nearly one in five of all the homes in Sun City. There are at least six formal golf groups in Sun City, as well as too many informal groups to count: There are the Ladies Executive, the Ladies 18 Hole, the Men's Niners, the Men's 18 Hole, the Guys and Gals, as well as the Nine, Wine and Dine. These groups play at least once a month and most on a weekly basis.

I am a golfer, but do not consider myself to be an avid golfer or even a good golfer. However, I enjoy the camaraderie of playing with new and old friends. We had to shut down our courses for about seven weeks because of COVID-19. Since our courses re-opened the amount of play has substantially increased. In May, the number of rounds played was 2,600 – greater than the number that had been budgeted. Since outside players were substantially prohibited that means that Sun City residents were playing substantially more. Admittedly, there were several other recreational activities that were prohibited, but still our residents were playing a lot more and I think that is a good thing. In June, the number of rounds was more than 4,100 – more than budgeted. Once again, more play by Sun City residents.

When the Board goes through the budgeting process and considers the number of rounds that are played each year, tournaments, and tournaments from groups outside Clark County are a significant part of the calculations. An over-simplification of the cost paid by golfers that use our three courses is that outsiders pay the most per round, Clark County residents not living in Sun City pay the next lowest amount per round, and Sun City residents pay the least amount per round. There are several loyalty discounts and annual memberships made available to residents to reward frequent play. While the average income per round might be lower because of the substantial decrease in outside play, it has certainly been gratifying to see the huge increase in play by our residents. As an aside, did you know that Highland Falls Golf Course was selected the Best Golf course in the Las Vegas Valley in 2017 and 2018?

I have also noticed, in spite of the heat, that many of our residents are still walking (especially at 6 a.m.). Our pools are getting a lot of use as our residents are trying to return to what is now the new normal. The Board wants to thank the 99 percent of our residents who are helping us, and the staff work through these new and, at times, difficult issues. We, as a community, will survive this pandemic by continuing to work together.

Drink water no matter what activity you take part in during these hot days.

Originally, the Sun City Men's Softball Club had been around for a few years and members had to travel around the city to play their games. In 1998, that all changed when the Club got a home ballpark at the Pinnacle Community Center (Pinnacle Field) with their charter. Currently, the Club has 102 members that range in age from 53 to 86 years. Players come from all walks of life and, amazingly, there are three players that have been playing since the Club's inauguration – 22 years ago!

One of these three players is Russ Roskens. He is in his early 80s and still enjoys playing the game. Over the years, Russ has served the Club in a number of positions. He credits softball with extending the lives of a number of Club members over the years.

According to Club President Ted Biedryck, "When people move to Sun City, they leave behind their old friends and find themselves looking for new acquaintances and new routines. When they join the Softball Club, they immediately join a new family of over 100 people!"

The Softball Club has members of all skill levels. There are two leagues in the Club (the American League and the National League). Both leagues play competitive softball. The American League has three teams and is composed of players that regularly play in tournaments, while the National League has four teams and has players who enjoy the game, the camaraderie and coming out to play.

Jim Herhusky, who has been a member of the Club for a number of years and has served in multiple positions including president, told me three reasons that he plays softball in the Club:

1. The Club provides an excellent social environment by playing a team sport with a diverse group of guys.
 2. Getting out in the fresh air and having an opportunity to exercise.
 3. Playing softball helps fulfill the competitive edge.
- There literally is something to do for anyone who is interested in membership.

I had an opportunity to chat with the youngest member of the Club, Dean Byers. Dean just moved to Sun City about a year ago. He had played softball in the L.A. area for many years, so when he saw the field and heard about the Club, he immediately said, "Sign me up!" Dean says he gets kidded once in a while because he is the youngest player, at 53 years old. "I enjoy being outside and participating in sports, plus it gives me an

Calling All Umpires

Come volunteer and get back on the field! If you have experience with high school, college, city league or tournament softball or baseball, we need you!

Sun City senior softball plays three days per week (Monday Wednesday and Friday). You choose the day/s you would like to umpire. Our league begins October 5 and runs through May, with holiday breaks. There will be clinics before the season to introduce you to the nuances of senior softball, along with some pre-season games to help you get ready.

If you're interested, please send an email to Ed McKeown at ed.mckeown42@gmail.com

Running through the last week of September, the Club plays pickup games at the field every Monday, Wednesday, and Friday at 8 a.m.; batting practice is held every Thursday at the same time. If you think you might be interested in signing up, heading to the Pinnacle Field to catch a pickup game might be a great idea. The games are also open to softball fans who may just want to view some incredible live sports action.

Summer non-league play provides players an opportunity to knock off the rust and become comfortable with the game again. Scheduled league play starts the first week in October and runs through May.

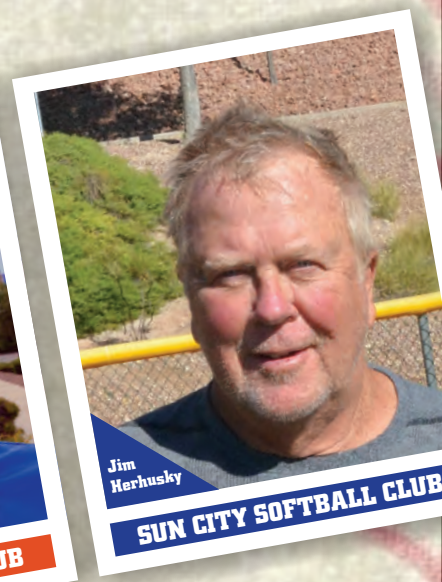

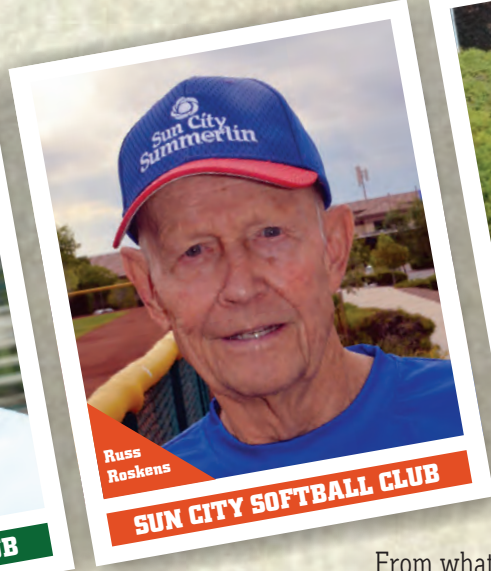

In 2017, Sun City made a major investment in the Pinnacle Field. That year, the Association purchased artificial turf for the infield. Pinnacle Field is one of the best ballfields around and provides a phenomenal playing experience. Sun City's leadership team continues to be very supportive of the Softball Club.

opportunity to meet people and make new friends," he said. When I asked his opinion of our community, he said, "Sun City is amazing! There are so many facilities and things to do and the weather is great! We live in Disneyland!"

Playing softball is the Club's No. 1 purpose, but the Club also has multiple social events that include barbecues/cookouts, and there is also a Men's Softball golf league that meets every Tuesday. Between 24 and 36 players rotate each week between Sun City's three golf courses, playing a best ball scramble. The activity enables golfers of all skill levels to play together in another fun, athletic environment.

Dues to become a member are \$30 per year. With their dues, members receive an official team jersey and hat, all the softball they can play and participation in social events. The Club welcomes new members at any time during the year. If you are interested in joining, stop by the Pinnacle Field, or call Ted Biedryck, president, at 949-228-7623 or Ron Kozel, vice president, at 586-322-6014.

FOR THE LOVE OF THE GAME

On Friday, July 17, there were around twenty members of the Club with rakes helping Sun City's crew with the renovation of the outfield's natural grass. One of those members was Paul Madigan, a player, and the director of field operations. Paul said his goal is to make sure the field provides a great playing

experience. From what I saw, it looks like he is succeeding. Also, while at the field, I met Frank Davis, who is 67. Frank is a Chippewa Native-American and is an enrolled member of the Turtle Mountain Reservation in Belcourt, N.D. He grew up in Anaconda, MT, and has loved playing softball all his life. He met the love of his life, Sharon, and wound up in Plattsburgh, N.Y., for 30 years until he retired to the warm weather in Las Vegas. He loves it here!

Aside from playing, the Club offers members the opportunity to serve as a board member, a league commissioner, a team manager, or an umpire.

THE HISTORY OF **LABOR DAY**

YOU MIGHT NOT KNOW

By Molly Sher/Link

Historically, humans have mused about what labor means for centuries from Aristotle, who said, "The end of labor is to gain leisure;" to Voltaire, who is quoted as saying, "Work keeps at bay three great evils – boredom, vice and need;" to the 19th Century Americans who created Labor Day to improve workers' rights and to honor the U.S. employee.

So, how did this federal holiday come about? Who created it? And how has it evolved since its formal adoption in 1894? This article hopes to answer those questions and others you might have about Labor Day.

The U.S. was not the first country to think about the treatment of workers. In the 19th Century, May Day, customarily celebrated as a time to welcome in a new season, became an international workers' day.

In 1872, the first Canadian Labour Day was created when printers in Toronto began lobbying for a shorter work week. Here, our Labor Day goes back to when the average American worked 12-hour days, seven days a week, and children, aged 5 to 6, worked in factories and mines.

Back in 1882, not only did workers look to improve their conditions, but also to honor the American worker. As Peter J. McGuire, General Secretary of the

Brotherhood of Carpenters and Joiners, sought "A day to honor those who from rude nature have delved and carved all the grandeur we behold."

There is a question, historically, as to who should be credited for the origin of the holiday. Records show that McGuire, who also was a co-founder of the American Federation of Labor, first suggested such a holiday. Other records seem to indicate that Matthew Maguire, a machinist with coincidentally the same name but different spelling, founded the holiday.

Matthew Maguire proposed the holiday in 1882, while serving as secretary for the Central Labor Union in New York. In accordance with the Central Labor Union's plans to recognize workers, the Union held its first Labor Day on Tuesday, September 5, 1882.

A movement was subsequently formed to move the holiday's proposal through state legislation in New York. However, the first state to pass Labor Day as a law was Oregon on February 21, 1887. Four more states followed suit that year – Colorado, Massachusetts, New Jersey and New York. Connecticut, Nebraska and Pennsylvania then followed.

By 1894, 23 states joined in adopting the holiday, and on June 28, 1894, President Grover Cleveland, signed a law

declaring the first Monday in September as Labor Day, a federal holiday.

In the beginning, parades and speeches organized in urban areas marked Labor Day's tribute to the American worker. Today, the holiday is recognized with fewer parades and more activities. Families celebrate the value of labor and the workforce, and Labor Day weekend has become the unofficial reminder of the end of the summer season.

According to the U.S. government website on Labor Day, "The vital force of labor added materially to the highest standard of living and the greatest production the world has ever known, and has brought us closer to the realization of our traditional ideals of economic and political democracy. It is appropriate, therefore, that the nation pays tribute on Labor Day to the creator of so much of the nation's strength, freedom and leadership – the American worker."

National HOT DOG & SAUSAGE Council

The National Hot Dog and Sausage Council reports that between Memorial Day and Labor Day, Americans eat 7 billion hot dogs.

Years ago, especially on the East Coast, it was a fashion faux pas to wear any white clothing after Labor Day. The etiquette behind the thought was that white indicated you were still in vacation mode at your summer cottage.

Masks Are Required, Period!

Randy Williams shows off the masks made by Just Sew Club members that are available for sale.

If you're planning on heading to one of Sun City's community buildings, be it a social center, a restaurant or a fitness center, you are required to wear a face mask. In addition to practicing 6-foot social distancing and washing your hands frequently or using hand sanitizer, face masks are mandated by the state of Nevada to help reduce the spread of the COVID-19 virus.

If you'd like a variation to the blue paper medical mask, members of the Just Sew Club are busy crafting 2-ply fabric masks the Club sells for \$2 each; sports-themed face masks are \$5 each. The Club's face masks are available for purchase at their studio at Mountain Shadows or at any of the Social Monitor stations.

Regardless of the face mask you wear, just remember to wear one . . . it's required.

And if you think no one is watching if Sun City is being face mask compliant, you're wrong. State inspectors drop into the facilities unannounced to inspect the surroundings. If residents are found to be in violation, it could lead to closures. So, please, don't be the face that shuts Sun City down. Wear your face mask to show your care about keeping your friends and neighbors safe.

And the Winner Is:

We asked for them and you delivered. Thank you to those residents who participated in the Link's COVID-19 Face Mask Coloring Contest. We hope creating your artwork brought you a peaceful distraction. We sure enjoyed seeing them, and picking the top three designs was tough.

But the winners are:

1. Suzanne Bugg
2. Sonya Hillman
3. Bonnie Goldstein

The winning artist will receive a \$10 Starbucks gift card, and the design will be displayed on all community A-frame signs and on all building entrance doors. Other winners will receive a Starbucks or McDonald's gift card.

Smile and Make Someone's Day

It doesn't get much better than what Link photographer Richard Becker found decorating a resident's front yard. The "You Make Us Smile" sign made Richard and the staff at the Link smile so much once we saw the endearing message, we couldn't wait to share it with you. Big or small, be sure to share your positive messages with those who you come in contact with daily and just wait to see the pep it puts in their steps!

Shred Event Returns September 5

The Las Vegas City Council and Ward 4 invites residents to drop off unwanted paper, bills and more during the annual free document shredding event on Saturday, September 5, 10 a.m. to noon, at Mountain Shadows. There is a limit of five (5) boxes per car. In addition to shredding, the Department of Public Safety will be on hand to collect expired medications. For more information, call 702-229-2524.

3 Bulk Trash Pickups Set for September

Bulk trash pickup is scheduled in Sun City three times this month on **Tuesdays, September 1, 15 and 29**. Bulk trash items, such as landscape trimmings, do not have to fit inside the trash cans, but must be bundled or bagged and placed to the side of the rolling containers.

No Arts & Crafts Event This Year

Sun City's annual Arts & Crafts show, which moves into the Desert Vista Ballroom every October, has been cancelled due to COVID-19. Stay tuned to the Link for information on rescheduled events and cancelled activities.

Welcome, Kelly-Mae Mahoney · New Link Assistant Handles Clubs/Classifieds

Kelly-Mae & Fluffy

Hello Sun City residents! My name is Kelly-Mae, and I am the new Administrative Assistant for the Link Magazine. I'm from London, England, and I graduated from Staffordshire University with a BA degree in English Literature and Journalism in 2009. I interned at "This Is Money" (a financial news section of The Daily Mail Online), JustSpotted.com (a celebrity news tracking website founded by the team

that created Google+), and EntertainmentWise UK as a celebrity news reporter. I moved to Las Vegas at the end of 2018 and began working at Sun City in March. I love the Las Vegas weather and the captivating beauty of Sun City, but helping and providing community news to our residents is the best part of the job! I look forward to meeting you all very soon. To submit a classified ad or a chartered club update, please contact me at 702-966-1435, or at kellym@suncitylv.com.

How to Report Lost & Found Items in Sun City

If you discover that you have lost or found an item recently, report it to SCSCAI Executive Director Mitzi Mills at Mitzim@suncitylv.com. For lost items, describe what you've lost, the date you last remember seeing it and if you visited any of the community's buildings, picnic areas or sporting courts recently. It will help backtrack your movements. If you have found an item you'd like to report, do the same: Describe it, let Mitzi know where you found it and when and which Social or Fitness monitor station you dropped it off at for safe-keeping. Mitzi will e-blast a notice to the community and, hopefully, reunite the owner and object.

Gratitude Garden

The idea for the Gratitude Garden started as a way to draw resi-

dents to the beautifully renovated patio outside the Mountain Shadows Social Monitor station, that was completed in July. Soon, the idea expanded into thinking of a space where residents and their families might be able to honor clubs, club members, veterans, volunteers, grandkids, spouses, pets, etc. by purchasing a paver with an engraved message. When presented with the idea, Sun City's Board of Directors unanimously approved the project at its August meeting. Stay tuned for more information on how you can help sew the seeds of Sun City's Gratitude Garden – a place for positivity!

Chat With Mitzi

As you may recall, I announced late last year that I was going to start having "Fireside Meetings" with owners, where we could meet casually and you could ask questions regarding Association business and other things you want to know about SCSCAI. Of course, with COVID-19, this plan was put on hold. Since I miss seeing those of you who attend meetings in person, and I miss meeting with our owners in person, I decided to launch the twice-monthly Zoom events called "Ask Mitzi." The meetings are held on the first and third Thursdays of the month from 3-4 p.m. So far, they're going great. Be sure to look for the "Ask Mitzi" Zoom e-blasts to get the meeting ID and password to log on.

Frequently Asked Questions

Can I park or store a vehicle on the street? You can park on the street, but cannot store a vehicle as the streets in Sun City belong to the City of Las Vegas. To report vehicles parked on the street for any length of time, or that are inoperable, call Las Vegas Parking Enforcement, 702-229-6432.

Can I keep a vehicle that is inoperable in my driveway? No. Inoperable or unregistered vehicles may not be stored or parked on any lot. Note: It is a safety hazard to leave a vehicle unattended on a ramp or on blocks.

Can I store a recreational vehicle or trailer on my lot? No. Recreational vehicles, mobile homes, travel trailers, tent trailers, camper shells, detached campers, boats, boat trailers or other similar equipment or vehicles may not be parked, maintained or repaired on any lot.

Can I replace my mailbox? Yes. Mailbox replacements can be locking or non-locking, but the design must be chosen from the approved models on file in the Community Standards Office.

How many estate sales can I have? Only one (1) sale for a maximum of two days is allowed. That sale may be conducted one time only if the resident is moving, or if there is a death in the immediate household. A permit from Community Standards is required to conduct such a sale. No garage sales are permitted.

Can I post estate sale signs on utility poles and/or other common areas? No. Only one (1) sign is permitted on the lot on the actual date of the sale.

When can I put my trash out? Trash containers should not be placed in any part of the front yard for collection prior to 3 p.m. on the day preceding the scheduled collection, and must be removed by 7 p.m. on the day of collection.

Where can I store my trash containers? The obvious place is in your garage. Trash containers also may be stored in a three-sided enclosure in the side yard behind the front line of the home that is stuccoed to match the home. Another option is a three-sided wrought iron enclosure with the same color metal mesh screening, or even a three-sided area enclosed with bushes or shrubs that are the same height as the trash containers.

Are political signs allowed? Yes. One (1) sign per candidate or ballot question is allowed. There is not a limit on how many signs.

A NOTE FROM COMMUNITY SERVICES

Starbright Theatre Sound System Now in the 21st Century

*Dirk Kleutgens, SBT audio engineer.
Photo by Jeannette Carrillo/Link*

The Community Services Department is pleased to report some wonderful changes. There's something exciting to look forward to when Sun City Summerlin's Starbright Theatre will once again be able to open its doors to residents. Dirk Kleutgens, our Starbright Theatre Audio Engineer, took some time out of his day to describe the many changes that residents can look forward to.

"We brought the Starbright Theatre's sound to the 21st Century," Dirk said. "Dale Meeker, our longtime Lighting Designer and I, were able to achieve a lot of great changes over the last few months."

You can feel Dirk's excitement when he explained that thanks to the new line array PA speaker system, every seat in the Starbright Theatre will have an exceptional sound experience. Dirk made sure to point out that the update will not mean a louder Starbright Theatre, but thanks to added speakers and sub-woofers, sound will be delivered to each seat evenly. Likewise, the new mixing console will ensure a great sound experience everyone can enjoy.

There is also great news for Sun City's performing clubs and other entertainers.

"We added a new radio frequency system," Dirk said. "This means no more dropouts from microphones and, on account of additional monitor speakers, stage boxes, microphones, and wireless microphones, the theater will be able to accommodate larger groups where everyone on stage will hear themselves and the audience will not miss anything."

Additionally, pre-show videos can now be streamed with Apple TV, which makes everything easier for the producer of each show. Overall, performing groups will be elated with the stage improvements and how at-ease they will feel performing.

Another big improvement Dirk and Dale worked on, is the way residents will be "hearing" movies that screen at the Starbright Theatre. The theater now features a 5.1 surround-sound system that will give viewers a full movie theater sound experience. "The movie screen will have to catch up soon," Dirk joked. Movies also can be streamed now, which increases the opportunity for more current films while boosting the picture quality.

In addition to improvements at The Summit, there have been

changes to the ballroom and meeting rooms at Desert Vista Community Center. Dirk and Dale made sure to re-use any salvageable equipment from the Starbright Theatre, adding speakers to the ballroom for better sound coverage and Bluetooth in all meeting rooms in order to have the ability to play content from devices like cell phones, laptops and tablets.

There are many other areas throughout Sun City's community centers where equipment from the Starbright Theatre was re-used to improve the sound or to complete repairs. So, keep your ears open to hear all the great changes throughout our wonderful buildings and enjoy!

Community Services extends a big thank you to Dirk and Dale for creating a budget-friendly plan to upgrade the Starbright Theatre. For the installation of those upgrades, and especially for their resourcefulness and proactive thinking on how to implement re-usable equipment from the Starbright Theatre to other areas in our community centers.

A Safer Sun City Summerlin For Everyone

A firm handshake, a friendly hug, a kiss on the cheek – these are some of the gestures now on hold because of social distancing guidelines intended to keep us all safe. This does not mean, however, that good manners should go by the wayside. Instead, there are safer ways of greeting one another while visiting the community and fitness centers.

Since showing courtesy to everyone in our community means keeping our distance and avoiding large gatherings, here are a few ideas on how to mind your manners in the COVID-19 era:

Greetings – Try totally contactless greetings like clasping your hands together and putting them over your heart as you approach someone or placing your hands behind your back (so you're not tempted to reach out for a handshake), then nod to say hello. A head nod or wave also can be used when passing other guests in the community and fitness centers.

Face Coverings – With this new state requirement, interacting with others with half of your face covered means losing some of the nonverbal ways we use to express ourselves, like smiling. This is where gestures can come in, something as sim-

ple as a thumb's up or a mock salute can help express yourself in public in the way a smile once would have.

Safety in Public – Frequent hand washing is still one of the easiest things to do to ensure everyone's safety. In addition to hand washing, sanitizing stations are now available throughout all the community and fitness centers.

Some of our long-standing rituals and habits may re-emerge as restrictions on our daily lives are eased, but, until then, safety is the guideline.

Information Centers

Cathy Swindle

The Information Centers (ICs) stand like sentinels at Del Webb and Lake Mead boulevards, Sun City and Lake Mead boulevards and Rampart and Del Webb boulevards. Visitors drive past them as they enter or exit Sun City Summerlin. Security Patrol volunteers staff the ICs seven days a week from 8 a.m. to 4 p.m. Equipped with maps and information, volunteers provide interested persons with directions to golf courses, various streets and general information about Sun City. In addition, Information Centers are essential to the smooth operation of communication and assistance to residents.

"The IC volunteers could be the first impression of Sun City for a potentially new resident," said Cathy Swindle, Head IC volunteer. "We often have new people inquiring about what Sun City is all about and how we like living here. We provide them with a copy of the Link, a map of Sun City and information about Security Patrol. We also provide directions to places within Sun City and sometimes outside the community."

In addition to greeting guests, IC volunteers maintain a shift log that reports on all visitors and calls received at the Information Centers. The log is given to the Watch Commander during his/her shift rounds and stored at base. A monthly report of numbers is published in the Link.

our residents. I also point people in the right direction to the community centers, golf courses, and other locations inside Sun City."

Training for IC volunteers follows the same criteria as the training in the other disciplines – dispatcher and driver. All must complete the initial training that includes policies and procedures, and one shift observing the other disciplines.

"After an application is received, I contact the volunteer and introduce myself," Cathy said. "Then I contact the training leader to set up the initial basic training. The applicant is given a policy manual, all required training forms and information on how to acquire the uniforms. The training consists of four training sessions at each of the three ICs and five solo shifts."

Veronica added. "We have a yearly refresher course to remind our volunteers of some of the new policies and procedures and anything new at Security base."

All volunteers receive a Class A uniform (formal), and a Class B uniform (a polo shirt that can be worn with brown or black trousers or beige trousers in the summer; knee-length shorts are permitted during the summer months). Volunteers are also issued a winter jacket and a lightweight jacket. Items are available at the uniform shop to all volunteers who complete their training. There is no charge for the uniforms.

COVID-19 brought changes to the operations of Security Patrol. After closing the IC operations in Phase I, Cathy reopened the ICs when Security base resumed operations.

"Masks, sanitized wipes and spray sanitizers are provided for each IC location. When an IC volunteer reports that these

Sandy Lyons,
Security Patrol Chief

supplies need to be restocked, the volunteer contacts the dispatcher or the assistant head IC volunteer, who will handle the request. A temporary policy was implemented to maintain social distancing. The morning shift closes at 11:40 a.m. to ensure it is gone before the afternoon shift arrives at 11:50 p.m.," Cathy explained.

Cathy also noted that there are 42, four-hour shifts per week.

Veronica Douglas

"We have forty-three IC volunteers – full and part-time. Some volunteers work two shift per week; some are cross-trained as drivers or dispatchers. Recruiting is done by the head recruiter and assistant. They coordinate having personnel at the new resident welcome event and all have information tables set up at community events."

Cathy and Veronica are fairly new to the community.

"I moved to Sun City three years ago from Indiana. Since I had only a few family members living here, I wanted more information about Sun City and to meet new people," Cathy said.

"I have been a resident of Sun City for over three years now and a Security Patrol member for two years," said Veronica. "My husband and I love living here and being part of the community. And I just want to add one more thing: Thank you to all the IC volunteers working during the COVID-19 virus emergency."

Although Security Patrol is not taking new applications right now due to the COVID-19 virus, you can still get information on volunteer opportunities by calling 702-254-2303. You will be contacted when training resumes.

SEPTEMBER IS SELF CARE AWARENESS MONTH

Self-Care Is Not Selfish

A Few Simple Steps Will Get You Through September – National Self-Care Awareness Month

Self-care is anything you do that benefits your physical, emotional, spiritual and/or mental well-being. Self-care is important for all of us, but especially important for those who are in a role of caring for others.

Caring for others is something most of us have done all of our lives – either for children, parents or ailing loved ones. For many of us, it is second nature. But when it comes time to look inward and care for ourselves, it is not as automatic.

When traveling by air, we always hear the pre-flight instructions to "make sure to put the oxygen mask on yourself first, before attempting to help someone else put theirs on." This is what self-care is all about.

Whether you are caring for others or just yourself, here are a few areas to focus on to ensure you have a full tank as you forge your path, one day at a time:

Socialize. Socially active people tend to live longer, have stronger immune systems, a lower rate of depression and a greater sense of well-being.

Exercise. Keep up or start an exercise routine. With an exercise program, you can have more energy, live longer, improve your mood and have fun. Plus, you will be able to take better care of those around you, should you need to.

Positivity. Optimism and a positive attitude means looking forward, envisioning a happy life, and not being daunted by obstacles, problems or delays.

Time-out. When you have enough sleep, rest and relaxation, you increase your creativity and decrease your stress level. You'll also be more alert, which will improve your physical and mental performance.

Eternal learner. Be a lifelong student. From learning a language, to learning how to crochet, to learning a new route to the store. Push yourself to do something you haven't done before. When was the last time you did something for the first time?

Medical self-advocacy. Be your own medical health advocate. Know your insurance plan and know your medications. Don't blindly trust medical professionals and, most importantly, ask questions and don't stop until you have answers.

Balance. Make sure you have a healthy balance between the things you have to do and, the things you want to do.

Eat a healthy diet. With a nutritious diet you will feel better and be more alert and productive. You also will strengthen your immune system.

Relationships. Maintain your current relationships and build new ones. It will increase your energy and reduce stress, and reinforce that you have support, if necessary.

Self-care is not selfish. You must care for yourself in order to be the best you. When you are at your best you feel better, look better and have more fun.

Let's talk cannabis.

A Poem By Patti Tripp

Roses are red, and sand traps are beige;
May we always play golf, no matter our age!
May our shots always bounce out of traps every time,
And our swing have finish that you know was just 'prime'!
May we hit over water and clear it with ease -
And our balls can avoid going into the trees.
Though try as we might to always hit the ball long,
There'll be times it ends up where it doesn't belong.
But in the month of September, will be that time of year,
Over-seeding takes place, and so all our golf gear . . .
Will find a new home, and it's not in our trunk -
But out in the garage beside so much other junk.
We'll look at our clubs, reminiscing of sorts . . .

How we miss being out with our golfing cohorts.
And just for the record - from my personal view . . .
To the men on the course, you know sometimes it's you.
Not all women play slow, so it's not always us . . .
We're the ones waiting while the guys make the fuss.
So before you play through when the ladies are up,
It just could be the men who are missing the cup.
So, what fate has in store may remain to be seen,
It's so far ahead - like many a 'green' . . .
We know golf is a game, and it's meant to be fun . . .
And it's what we enjoy when all's said and done.
So, when out on the course, and you don't like the score -
If no one is watching, it's what erasers are for!

I Believe . . .

That even when you think you have no more to give, when a friend cries out to you, you will find the strength to help.

I Believe . . .

That credentials on the wall do not make you a decent human being.

I Believe . . .

The happiest of people don't necessarily have the best of everything. They just make the most of everything they have.

So in retrospect, in 2015, not a single person got the answer right to "Where do you see yourself five years from now?"

“As I See It . . .”

Small words can have huge impact! Think about it . . . a small compliment can make your day, an unfair criticism can cast a dark shadow on your week. A story of a Good Samaritan helping a needy person makes you feel hopeful and grateful; another story of people needlessly in conflict can bring discouragement. This is a good time to give that extra compliment to someone, express some extra gratitude to another and share friendships with as many people as you can. The following was sent to me by my good friend Jan Edwards, who, by the way, never ceases helping our homeowners get on the SCS email list, and who also has provided me with some thought-provoking, meaningful and inspirational thoughts to add to my life.

I Believe . . .

That you can keep going long after you think you can't.

I Believe . . .

That we are responsible for what we do, no matter how we feel.

I Believe . . .

That either you control your attitude, or it controls you.

I Believe . . .

That maturity has more to do with what types of experiences you've had and what you've learned from them, and less to do with how many birthdays you've celebrated.

I Believe . . .

That it isn't always enough to be forgiven by others. Sometimes, you have to learn to forgive yourself.

I Believe . . .

That no matter how bad your heart is broken the world doesn't stop for your grief.

I Believe . . .

That our background may have influenced who we are, but we are responsible for who we become.

I Believe . . .

Two people can look at the exact same thing and see something totally different.

Boy, is this true. Who could ever have imagined our situation today, or even five years ago? Sure, we all know anything can happen, and the possibilities are endless. But, really, this? Now? It is, however, a great time to contemplate our lives, re-think, adopt new ways of thinking and discover new ways forward. The trick is not to work hard to get things back to normal. It is to work hard to do things better now and especially when all this is all over. Here are some little signs that were spotted that have big messages.

Please contact us at scsspirit@gmail.com to nominate folks or groups for our Gratitude Corner, or to request a copy of our now famous "We Love Mail Carriers" signs for your mailbox to show gratitude to our postal folks, or to pass on words of wisdom and inspiration. Our column is the go-to place for fun and thought-provoking topics. Hope you enjoy our monthly read.

GRATITUDE CORNER

Some examples of why SCS is the most incredible place to live!

Major asset – We all know the Link is an amazing part of the SCS lifestyle, but don't forget the wonderful online Tuesday Newsday feature called, "Think Link." Posted every Tuesday morning, it is a fun, informative, entertaining SCS feature. Huge thanks to the awesome Jeannette Carrillo, and Stacie Coppens. Check it out and sign up to get the weekly e-blast reminder at www.suncitylink.com.

Gratitude – Gerd and Janice Weidemann – These incredible people are never too busy to serve others. They prepare breakfast for around 100 members of the SCS Men's Club each month and prepare and host the annual SCSMC Blowout Dinner Party. They are involved in so many other ways that add so much to the lives and enjoyment of all of us.

Beyond the Call of Duty – Oscar Reyes, one of the custodians, recently did some dumpster diving for Link staffer Stacie Coppens, and found a missing part of her Office Depot order in the recycling bin. Thanks Oscar! What a guy!

An Example For All – Richard Augulis – This fine SCS resident volunteers to serve as a driver for our Security Department, and volunteers for the SCS Sunshine Club providing

critical handyman and driver services. He never says no to anyone who has needs. Awesome!

Hats Off – Sam and Marsha Miller – Sam volunteered to line up speakers for the monthly SCS Men's Club breakfast meetings . . . but then, the pandemic hit, and the Club went to weekly Zoom meetings. Sam, with the great help of his wife, Marsha, got busy and lined up a plethora of great programs for many weeks. Incredible!

Word Has It – Our gratitude to Phylis Resnik who paid it forward in a grocery store for a woman who did not have enough money for her groceries. What a wonderful thing to do!

Flash, Flash! Remember that adorable dog Hobbit, that was spotted running around SCS lost and desperate? Well, seems at least 30 wonderful homeowners went out individually and in groups to search for the poor pup. They have successfully rescued the little fella and returned him to some very grateful, worried folks here. Our greatest thanks to all the great people who turned the situation around from a disaster to a loving reunion. Honestly, this is a perfect example of true SCS spirit and the fabulous people we have living here. Our heartfelt thanks to each and every one of the rescuers.

CLUB SPOTLIGHT

Classical Music Club

By Will Rydell, President, Classical Music Club

Let There be Sound

Appreciation Sole Requirement for Membership

There seems to be some confusion about the nature of our club. Some people are assuming that one must be a musician in order to join. This could not be further from the truth. One does not need to play an instrument to enjoy our club; one only has to be a good audience member. Our meetings are concerts at the Starbright Theatre, and all are welcome!

A short history about the Classical Music Club (originally Chamber Music Club). The Chamber Music Club received its first charter in June 1997. It had 44 members and Rick Temple was the president. There was no treasurer or vice president listed on the charter as noted by the executive director who approved it. I have heard stories that the Club started by having concerts in members' living rooms before the Starbright Theatre was built. The Club's original purpose, or mission statement, has changed a little, "to promote the enjoyment, understanding, knowledge and appreciation of live performances of chamber/classical music, and to encourage fellowship among its members."

Our Club membership increased from 44 in 1997 to more than 400 – so we must be doing something right. Just the fellowship of assembling a group of people creates a sense of community that is important to human existence and contributes feelings of self-worth. Hearing some of the best music ever written, performed by world-class musicians, in a well-designed environment, for almost free, is part of what makes Sun City Summerlin one of the best places in the world to retire in.

There are many people who have contributed to the success of our Club. In the 23 years since the first charter, many Club presidents, board members and volunteers have donated their time, talent, and treasure. There are too many names for me to remember, so I will not name them, for fear of leaving someone out. However, I would like to thank them all; they know who they are. The one group of people that I will mention specifically are the many artists. I apologize in advance for those I could not mention due to space and time constraints. One of the first to come to mind is Dr. Mykola Suk, currently employed at UNLV in the division of keyboard studies as coordinator. He has been performing with our Club since arriving in Las Vegas in 2001. He organized the

From left to right, Dean Balan, William McCullough, Rebecca Morris, Ginger Land-Van Buuren, Travis Lewis, Monica McCullough and Meric Pittman at a previous concert.

Beethoven 250 Project, a two-year series of complimentary programs celebrating Beethoven's 250th birthday. Program No. 7, scheduled for April 27 in the Starbright Theatre, was a COVID-19 casualty. Dr. Suk also has been instrumental (pun intended) in recommending the Club to talented performers from the UNLV College of Music program. He will, hopefully, be involved when we are able to reopen the Starbright Theatre in the future.

While much has changed in Sun City and elsewhere in the last few decades, the mission statement of our Club has remained true. Our Club has expanded its scope to include performances by young artists, featuring The Nevada School of the Arts, a non-profit organization. This program usually begins in April, allowing new students most of the school year to have sufficient preparation. For many of the students, the Starbright Theatre is their first experience in a venue away from the school. Our appreciative audience response is sometimes life-changing, and the opportunity encourages the students to pursue a career in the performing arts. This passing of the torch between generations is a powerful feeling that is palpable to many in the audience. I spoke with Sun City's sound and lighting technician Dale Meeker, who manages the booth at the Starbright Theatre, about this and he said: "The Starbright is one of the best community theaters in our area."

While I personally have not been in any other community association theaters, I believe it. I know that our theater has fabulous acoustics, especially for piano, violin, viola, cello, bass, opera voices and brass, which is what our Club primarily features, though usually not all at once.

The Sun City Board of Directors have been working on budgeting and details of upgrading the sound system in the Starbright for some time now. In an ironic twist, the upgraded system was installed shortly after the Starbright closed in March. While the Classical Music Club primarily uses this system as monitors to help the musicians hear each other better onstage, it will greatly enhance many of the other programs the theater offers, especially the free movies that are regularly shown there. I am eagerly and optimistically awaiting the re-opening of the Starbright in the near future.

CHARTERED CLUBS

Chicago/Midwest

It's September and we wish we could be getting back to our regular lives, including coming back to the Chicago/Midwest Club. However, the COVID-19 virus has other plans for us. Be assured, as soon as we can be together again, you'll be the first to know. In the meantime, keep the third Sunday of every month open for our return. For more information about this dynamic (and we will be again) Club, call Myra, 838-3859.

Classical Music

Unfortunately, the Classical Music Club had to cancel last month's scheduled performance due to COVID-19. During our last concert performance back in February, we had the pleasure of welcoming father and son duo Paul and Alex Fried and Jae Ahn.

We hope to resume our concerts in the fall, possibly when social gathering restrictions are lifted. Live performances all over the world have been affected in these unprecedented times. Thank you for your understanding. Will Rydell, President. Election of officers will be October 26, 7 p.m., Starbright Theatre.

Computer

There will be no meeting in September. Seminars and classes are on Zoom and are posted on www.scscc.club. The Repair SIG information is on the website and is by reservation only. The lab is open Wednesday and Saturday 9 a.m. to noon. Face masks are required. A SIG on TCP/IP Networking launched on Zoom in August. The SIG will cover the technology that underpins and enables the Internet. The link to these meetings will be on the Club calendar. For information, go to www.scscc.club. Please contact our President Jeff Wilkinson at 702-527-4056, or email pres.scscc@gmail.com.

Conservatives

Due to COVID-19 directives, we will meet via Zoom on the third Thursday of each month at 6:30 p.m. until further notice. Visit our website at www.scsconservatives.club for updates and the Zoom link to join meetings, or call Brenda Flank at 702-286-8957. Election of officers will be November 19, 6 p.m., Desert Vista.

Dance Company

The Sun City Dance Company is an especially fabulous group. We have lessons in tap, jazz, precision drill and musical theater. We put on amazing shows! Unfortunately, the COVID-19 pandemic has halted all Dance Company classes and events until January 2021. This was a tough, heartbreaking decision for us, and our fingers are crossed that the situation improves by January. Members: Watch for updates in our monthly newsletters. We will hold a virtual election on November 11 at 10:30 a.m.; more information will be announced in the future. Any questions? Contact Jolynn at jolynnreid@gmail.com.

Euchre

Euchre is a card game usually played with four players per table (two partnerships). It is a trick-taking game, with a trump suit and played with only 24 cards. Cards below nine are removed from the deck. We rotate tables and people, so Euchre is a very social game for all levels. No partners are necessary. Lessons are available. Call Gloria, 702-430-7785.

Fitness

We offer classes such as Cardio & More, Strength & Toning, Total Body Conditioning, Pilates, plus a variety of Yoga classes and Barre Method. Class schedule, registration details and updates are on the Club's bulletin board at the fitness centers. Annual dues are \$10, pro-rated mid-year. To participate in Fitness Club classes, you must be a member. Non-members may observe only before deciding on a class. Members may drop in and participate for \$3 (provided there is space). Members may bring guests for \$3 after completing the check-in process at the front desk. The Club is in the process of selecting a new name, which will be approved at the annual meeting in November. SCSCAI Executive
Director

FITNESS CENTERS & POOLS ZERO TOLERANCE

for Owner or Resident Abuse,
Bullying, Name Calling, Harassment,
Disregard or Argument over COVID-
19 Restrictions at the Fitness
Centers and Pools

Dear Sun City Summerlin Owners and Residents,

At the August 11, 2020 Board of Directors Meeting, the Executive Director presented to the Board of Directors a plan to avoid shutting down or reducing the hours of any of the Fitness Centers and Pools. This plan comes from the Executive Team, made up of all the Executive Director and the Department Directors, and included the commitment that each Department Director would personally take a shift as a Fitness Monitor and/or provide a lead staff member in their department who would take a shift. The Board of Directors accepted the plan, therefore there will be no alteration in the hours that the Fitness Centers and Pools are open. During this time, the Director of Fitness will fill the 10 vacant positions caused by the exit of Monitors due to the treatment they are receiving from Owners and residents.

In addition, the Board of Directors adopted a NO TOLERANCE POSITION. Please take time to read and understand all actions that will be taken if an Owner or resident exhibits any type of argumentative, hostile or bullying behavior, including but not limited to speaking loud, belittling or swearing at a staff

member or any other Owner or resident or directed at no one in particular.

The following ZERO TOLERANCE POSITION applies to the Fitness and Swimming Pool Areas. The primary area of abuse is from those using the swimming pools. Therefore, at this time the Board of Directors has stated, that this measure will only be put in place in the Fitness Centers, which includes the Swimming Pools, however if any other Department Director experiences a growth of abuse in their department they can request the Board to adopt the same or similar policy.

If an Owner or Resident disregards, argues over, disputes the validity or creates any type of controversy, including but not limited to swearing, hollering, aggressive actions, inappropriate hand gestures, arguing, calling names, bullying, etc., regarding the COVID-19 Restrictions in place for Fitness Centers and Swimming Pools while at the Fitness Center or Swimming Pools, including but not limited to:

- Wearing of a Face Covering
- Having their Temperature Taken
- Having their Temperature Taken on their Forehead
- Social Distancing
- Reservation Requirements and Rules

The following action will be taken:

1. An Executive Team member or a Board Member will ask them to leave the building immediately and will escort them out. If they refuse to leave the police will

be called and they will be charged with trespassing.

2. The alleged offender will be given the Executive Directors business card and a letter from the Executive Director stating that they will not be able to return to any Fitness Center or Swimming Pool until they have made an appointment and met with the Executive Director to discuss the incident that led to their being asked to leave the building. It will be up to the alleged offender on how long their ban is in place as it is their responsibility to make the appointment with the Executive Director. The Executive Director will schedule the appointment within 8 business hours of the request.

3. The procedure for assessing fines and sanctions,

including taking away or restricting the alleged offenders right to use all or some of Sun City Summerlin Community Association, Inc. amenities will start at the moment the person is asked to leave the building and will follow the Hearing Procedure per Sun City Summerlin Community Association, Inc. governing documents and NRS 116, which at the end of the discovery and submitting witness statements, the alleged offender will have a Hearing before the Board of Directors or Hearing Committee designated by the Board of Directors. The decision of the Board of Directors or Hearing Committee shall be final and will be enforced.

This procedure will only impact the offenders who do not think they have to abide by the State of Nevada Directives and our procedures.

Keep doing what you love

Find the replacement lens that is right for your lifestyle

After cataract surgery, you have the option to choose a replacement lens customized for the activities you love. There are lenses that improve both near and far vision so you can sink a 20 foot putt, serve an ace, or focus on your intricate artwork. At Shepherd Eye Center, we've been caring for the eyes of Southern Nevada since 1968. Trust us to help you see your world more clearly.
