DIRECTOR From the Executive Director

Melissa Spina Named Interim Executive Director

Melissa Spina
Interim SCSCAI
Executive Director

During this transition period, I will continue in my current position as manager of the Community Services Department while splitting my time between my office at Desert Vista and the executive director's office at Mountain Shadows.

With the departure of SCSCAI's Executive Director Paul Henderson in June, I was welcomed into the position of interim ED by the Board of Directors. Over the next several months, while the Board undergoes a search for a new executive director, I will do my best to ensure that Sun City continues to run smoothly.

I am familiar with Sun City residents, staff, and policies and procedures as I have worked in the community for more than 16 years. During this transition period, I will continue in my current position as manager of the Community Services Department while splitting my time between my office at Desert Vista and the executive director's office. Residents may still reach me at 702-242-4153 or melissas@suncitylv.com.

Assisting me with my new set of duties is Kelly Balek, SCSCAI's executive assistant to the executive director, who rejoined the Association in May. Some residents may recall Kelly, who worked as an administrative assistant/insurance coordinator in Sun City from 2007 to 2012. In that role, Kelly provided administrative support to the controller and worked closely with the Insurance and Finance committees.

Kelly's experience includes more than eight years in the HOA industry, specifically in the Summerlin area. She is originally from Southern California and relocated to Las Vegas in December 2006.

According to Kelly, "This opportunity has allowed me to reconnect with Sun City's wonderful residents, as well as the best staff in the HOA industry."

Please join me in welcoming her back.

Another new hire I am excited to introduce and whom many residents already have met is Rick Sciascia, our general manager of food & beverage.

In his own words, here is a little background on Rick:

I grew up on the shores of Manhattan Beach, Calif., and was fortunate enough to attend elementary school at Our Lady of Guadalupe; high school at Mira Costa; and college at El Camino in Torrance, Calif., with a little more college at California State University, Northridge. I was blessed with God-given

athletic ability and was fortunate enough to play football and basketball throughout my education. I was coached in football in college by the late great Jack Elway, John's father, and caught a number of passes from John when he was a 13-year-old freshman at Granada Hills High School. His dad would bring him to our summer practices and at that time John was a better quarterback than the ones we had on our college team. It was extremely humbling for us all. I always aspired to be a teacher and a coach, but when I finished school, enrollments were declining and tenured teachers were being laid off. I went to work as a waiter in a beach town and I have never left the business.

I am very flattered and honored to be a part of your community and hope that I can be an asset to you and

It has been a real pleasure making your acquaintances and while this is a challenging position with its share of obstacles, I cherish the opportunity. My hope is to make you all very proud and thankful for what you have here. I hope you will want to bring your family to the various food and beverage outlets in Sun City because you are certain that everything is going to exceed your expectations.

Thank you one and all.

The Heat Is On

Our search for a new executive director is going well. We should have someone in place by September.

Joe O'Connell,
President,
SCSCAI Board
of Directors

It's August. It is hot, really hot. This is when we try to tell ourselves that July and August in Las Vegas is better than the six months of winter in Chicago, Buffalo, Green Bay or Seattle. I can play golf at 110 degrees, but over 115 we should all just stay inside and take in a movie or gamble at a casino. Softball players are tough and still play ball, but the fields are empty after 11 a.m. When I was younger we had all our tournaments in the summer after the sun went down. Hopefully, our softball field is progressing well with the new infield.

As of this writing, our search for a new executive director is going well. We should have someone in place by September. Maybe by then we also will have the shade cover installed at

the Mountain Shadows pool. The pools are a good idea for this month. Take advantage of them and please shower before using the pools and pay attention to the rules there.

There were no Board meetings in July, so we could not make anyone unhappy with our actions last month. Your Board members are volunteers who try hard to do the right things for our community. Try to say something positive when you meet them. Again, if you have a pet project you are interested in, go to the respective committee meetings and make your suggestions there, before it gets to action at a Board meeting. We have a lot of new, younger people moving into Sun City. Please consider running for our Board. We need new, energetic members with fresh ideas.

The Legal Services Committee has concluded its review of Sun City Summerlin's bylaws and will forward its recommendations for final changes to the Board of Directors at the August 1 BOD meeting, 9 a.m., Desert Vista. The Board will discuss the proposed changes at that time, and asks residents with input on the subject to be sure to attend the meeting to make their opinions known.

Golf Summerlin to be Featured on American Airlines TV

Donny Long,
SCSCAI golf
operations manager

In the coming months, visitors arriving to Las Vegas on American Airlines flights will learn about the golfing opportunities in Sun City Summerlin. The method of communication will be via American Airlines' "Talk Business 360" program that airs on the seat backs within the passenger cabin.

American Airlines schedules approximately 110 flights a day into and out of Las Vegas, so the opportunity to introduce Eagle Crest, Highland Falls and Palm Valley to a whole new audience was seen as a great match.

I'm very excited and proud of the video our team put together for American Airlines. For

the months of August and September, Sun City and its golf courses will be viewed by thousands of passengers traveling with AA, promoting Sun City and the three courses.

The next time you find yourself on an American Airlines flight, be sure to check out "Talk Business 360," the free, independent commercial loop, before you select your in-flight movie. You'll beam like a proud parent over what a beautiful community you live in.

If you'd like to see the video AA passengers will enjoy during flights, log onto the Link's website, suncitylink.com, where the video will play all month long.

PREPAREDNESS **Neighborhood Watch**

Neighborhood Watch Block Captains Meet, Exchange Information

Thirty-six Neighborhood Watch block captains reviewed their recent crime-focused reporting activities at a recent meeting at the Desert Vista Community Center. The variety of incidents intercepted by Neighborhood Watch volunteers are testimony that the neigh-

Rutkowski shared the monthly activities report by Security Patrol dispatchers with the neighborhood watch volunteers.

CPC Chairwoman and SCSCAI Board member Barbara Holden emphasized the importance of keeping information current on residents' emergency contact forms. She also noted frequent burglaries reported regarding driveway-parked cars. Helen Bubenheim became involved with the watch program because of three vacant houses in her neighborhood, one of which was being broken into by young people who were staying in the house at night. Neighborhood Watch members' information resulted in the property being properly secured, and monitoring deterred further break-ins while the house was being renovated for sale. According to Helen, as new owners move into the homes, she will be recruiting them to join the watch group.

Las Vegas Metropolitan Police Department Crime Prevention Specialist Kathy Cassell attended the meeting.

"There is a lot of terrific lifetime experience and good common sense in Sun City," said Kathy. "More so than in other developments covered by Metro's Northwest Area Command. Occasionally that may be a drawback in that some retirees think former experience should allow them to go beyond observing and reporting potential crime."

Kathy further explained that, ideally, residents should use their expertise for timely observation and accurate descriptions instead of direct involvement. Kathy asserted that residents are fortunate to live in Sun City, surrounded by so many caring people such as the Neighborhood Watch volunteers. Addressing community residents, she said, "You should want to be part of that in some way."

Metro's vast Northwest Area Command serves roughly 370,000 residents in its assigned boundary. According to the crime prevention specialist, "It's the quietest command in the Las Vegas Valley."

bors-helping-neighbors concept is serving Sun City well. Two reports involved aiding residents who had fallen. Next, Renae Watsabaugh told the group how she spotted a front door left open by a vacationing property owner. The emergency contact was called to secure the door.

Countless landscape water leaks and garage doors left open after dark have been reported to Security Patrol. SCSCAI Board member Karl Wiedemann described how he noticed a stranger inspecting the backs of properties in his neighborhood. Upon questioning the man, Karl said the guy told him he was checking sprinkler systems. Knowing that to be untrue, Karl asked for business identification and the man left and did not return. One block captain noted a row of open mailboxes along a street, emphasizing the importance of not using home mailboxes for outgoing mail.

Another block captain said she has picked up newspapers accumulating in the driveways of vacationing homeowners. Gerry Sokolski photographed and reported an apparently abandoned car to Security Patrol. Patrol volunteer Don

Ever-evolving Security Patrol

Leadership's Vision Keeps All Eyes Focused on the Future

By Dorothy S. Macchio/Security Patrol

When Ron Gagne, a retired Chicago police detective, became the first chief of the Sun City Summerlin Security Patrol in 1991, his priority was to protect SCSCAI property and building materials stored on site. The Association provided vehicles for Patrol volunteers: members in beige uniforms chased away thieves. Two years later, as the population in Sun City grew, the job description increased to add vacation house checks, an interoffice mail run and information centers. Always moving forward, Gagne smiled at the improvements.

Here we are in the 21st century and Security Patrol moved to synchronize with it. Before computers were installed (2008-2009), all dispatch logs and personnel records were hand-written. Computers were a blessing for dispatchers and drivers with arthritic fingers, and a challenge for those who remembered the mimeograph machine.

Security Patrol's progress has been the result of strong, visionary leadership of the chiefs whom members have elected over the years. Chief Gagne would be proud of all his successors.

While all Security Patrol chiefs and their board of directors have contributed to the organization's advancement, this article concentrates on four chiefs whose leadership has directly contributed to the technological transformation of the Patrol. They briefly tell the story.

JERRY WEISER (2008-2009)

Technological changes began when Security Patrol purchased its first computer during Chief Jerry Weiser's two-year tenure. Until that time, logs and personnel files were hand written. Patrol drivers were required to write logs listing activities during their four-hour shifts.

JUDY HUNT (2012 AND 2015)

"A lot of attention was given to radio communications during 2012. Radio frequency relay equipment was moved from Highland Falls to atop the Pinnacle. Higher elevation improved reception for handheld and car radios by removing static and calls being dropped. Drivers were using their cell phones to communicate with the dispatcher. In that year, four cars and handheld radios were purchased that complied with the new Federal Communication Commission that all radios be narrow-banded."

During 2015, Judy oversaw the reconfiguration of Patrol cars with improved light bars and radio shut-off switches in cars. This removed the worry of drivers forgetting to turn off the radios at the end of their shifts.

BRIAN DODD (2014)

“When I stood as assistant chief and then chief, I knew I wanted to do it because I felt I had something to contribute,” Brian said. And he did.

Brian built on Weiser’s foundation and revolutionized the way the Patrol uses technology. Among his achievements are: developed a Facebook page for increased Security Patrol visibility; initiated and wrote weekly email broadcasts for current news and information necessary for members; and implemented a Security Patrol network, disassociating it from the SCSCAI domain to allow for better local control.

Improving the clarity of job descriptions was another area Brian tackled. During his tenure, the Policies and Procedures manual was updated to enhance easy understanding of the responsibilities in each discipline. Brian oversaw a car replacement process that bought three new vehicles. Driver maps with correct spelling of street names were initiated and completed on his watch.

BILL HENRIOD (2016)

Security Patrol’s boards of directors have played a vital role in guiding the chiefs. “I am gratified by the support of the board of directors during my tenure,” said Bill. With radios, computers and vehicles running smoothly, Bill concentrated on developing leadership

and self-improvement qualities of the volunteers. His monthly articles in the Link and INSIDER (in-house newsletter) provided the direction and encouragement necessary in a volunteer organization. To improve efficiency, Bill changed scheduling to assist drivers in their duties. The Association’s interoffice mail delivery was changed to 1 p.m.

from morning and afternoon deliveries so that 8 a.m. drivers performing vacation house checks would not be interrupted. It is most beneficial in the summer when the Patrol staff is short and the list of requests for vacation house checks is long.

DICK CLARK (2017)

In November 2016, Dick Clark was voted in as chief. Working with his board of directors John Lytle, assistant chief; Nan Stevenson, personnel director; Bob Segler, treasurer; and Darlene Vaturi, secretary; Dick has presided over the largest number of recruits in many years, as well as the replacement of aging equipment.

“New members are vital to the future. There is opportunity to grow within the organization and become the future leaders of the Patrol,” Dick said. “I worked with Brian (Dodd) as he brought the Patrol into the 21st century. When I first joined the Patrol, I met Jerry Weiser. I was impressed that retired people would devote 12 hours as a watch commander, and many more as chief. This is a wonderful community. I get more from it than I give.”

Dick, along with all chiefs, has served as watch commanders, drivers and/or dispatchers, as well as assisted in other projects. By the time a person is ready to consider the responsibility of chief, he or she knows the heartbeat of the Patrol.

With insightful leaders and wise boards of directors, the Patrol serves Sun City residents well. Dispatchers maintain the connection among all the disciplines and problem solve. Watch commanders are at the ready in case of emergencies.

Volunteers are the Patrol’s greatest asset. Over the years, the neighbors who willingly give four hours a week, led by elected chiefs, provide the best security possible. Chief Gagne’s idea is still evolving.

Emergency Contact Information Saves Lives

This is a true story that happened within the last year here in Sun City. Late one morning a Patrol dispatcher received a call from a resident concerned about her next door neighbor. It was reported that the neighbor always read his paper and then brought it next door for her to read. It was now 11:45 a.m. and the paper was still lying in the man’s driveway. The dispatcher sent a car and driver to investigate. The driver checked all around the house but every door and window was shut, preventing him from looking inside. The front door, although open, was not accessible because of a locked security door. The driver yelled into the open door and thought he heard something. With the help of the dispatcher and the watch commander on duty, the driver requested emergency contact information from the resident’s blue Emergency Contact Information form. The form had the name of a friend who had a key to the house, as well as the name and telephone number of the man’s son who lived

in California. The dispatcher asked the contact with the key to go to the resident’s home and meet the Patrol’s watch commander and driver, where entry was made into the home. The resident was found semi-conscious, lying in a pool of blood on the kitchen floor. Security Patrol called 911 and the resident was transported to the hospital, where he received several stitches and tests that resulted in a short hospital stay and a complete recovery.

The purpose of this story is to remind residents of the importance of getting to know their neighbors and ensuring their emergency contact information is filed and accurate. Security Patrol volunteers are most frustrated when they can’t help. In this case they were able to. The resident had a form on file and a watchful neighbor. Security Patrol was able to do its job and a happy ending was the result.

PROPERTIES Common Area

Security Camera Project Complete

For residents who like to know what's happening at the Common Area Properties (CAP) meetings, here are the highlights from the June 13 meeting.

Ken Carocchia,
Chairman, Common Area Properties

Staff members update: Brandon Balek, building maintenance supervisor, reported on the hardwood floor refinishing project at the Pinnacle Fitness Center's multi-purpose room, the Mountain Shadows pool patio cover and the Mountain Shadows Exchange Room. In addition, Brandon told the committee that an air conditioner unit and compressor was replaced in the men's and women's locker rooms at the Desert Vista Fitness Center. The roof at Desert Vista was repaired, and damaged tiles from the leak were replaced. A shower at the Desert Vista Fitness Center was repaired.

Brian Bagwell, golf course maintenance general manager, reported that his crew will plant Bermuda sod at Palm Valley in preparation to possibly change SCSCAI's overseed practices to no longer oversee the fairways. The bunker project has begun at Eagle Crest.

At Palm Valley, the irrigation project to redo Hole No. 5 is a test to get a better idea of what it will take to renovate the entire course in years to come. Work remains in progress along residents' yards on the front line at Highland Falls Golf course.

Louis Darling, landscape manager, reported that his staff is prepping Sun City Boulevard for new rock on green belt 2. He is waiting for easement paperwork for turf reduction. Green belt 4 is the next scheduled for turf reduction, which also will need paperwork from the Las Vegas Valley Water District. Green belt 10's water pipe broke again and was repaired. Work is being done to re-establish plants there.

The softball field bids were approved for Astro turf, and the project should be completed during the month of September.

Lastly, new flowers have been planted at the entrances to Sun City, which the committee is very pleased with.

Special Projects: Nine additional security cameras have been installed throughout the community from the original list. Tavern at the Falls Restaurant could be closed for construction this

month. Work will start as soon as permits issued from the city are completed.

New Business: There was discussion on new furniture for the Summit Restaurant. Also, SCSCAI Board member and committee member Karl Wiedemann discussed new flag designs and displayed some proposed ideas. Committee members agreed to review more designs to see which one is the best fit for our Community. This item will be followed up on at the next CAP meeting.

Old Business: The Mountain Shadows LED retrofit project is almost complete. Widening the circle of the driveway at Tavern at the Falls was not approved by a vote of the Committee.

Team Leader Reports: Allan Bell received e-mails inquiring about cutting back shrubs and plant growth. Allan replied that due to summer growth, at this time it was best to do this during the fall. Diane Glismann requested that the table in the entry of the Pinnacle be put into storage. The storage room is full of chairs that need to be sold.

Murray Waks would like the floor of the Pinnacle Art Room to be replaced due to damage from chairs. The flooring in the ladies' locker room at the Pinnacle Fitness Center also needs to be repaired. Brandon will look into it. Rhoda Ring discussed the purchase of new chairs for the Pinnacle Restaurant.

Ed Turken would like the sound system at Desert Vista checked into to see what needs to be done to fix it. It was discussed that it needs to be fixed and re-set before each event. A member of our own maintenance staff members should be responsible for recalibrating the system before each event.

Amos Barcus wanted to look into getting placards installed under the pictures of the stars that are displayed at the Starbright Theatre hallways and entrances. Amos also wanted to look into cleaning the chimes at the Mountain Shadows bell tower, which was taken care of by Brandon.

Charli's Corner

How to do a Perfect Seated Leg Press

Charli Sue Douglass
SCSCAI Certified
Fitness Specialist,
CPFT, GFI

Using the seated leg press machine is a great way to train your legs for strength and support for the many activities that you do during your day. We truly use our legs for everything we do from walking, golfing, playing sports to squatting to sit in a chair (or the toilet), getting in and out of the car, and in and out of the bath tub. Maintaining lower body strength is the most important thing you can do to stay mobile and independent. Using the leg press machine is an easy way to do that.

DO It Right:

1. Put your feet up on the foot plate with your shins parallel to the floor, hip distance apart with your knees at a 90-degree angle (or as close as you can get).
2. Place your entire back, hips and head on the seat back.
3. Press down through your heels and feet until your legs are extended all the way, while keeping your knees soft, but not locked.

DO

DON'T

4. Push slowly with a 2-second count, feeling your muscles engage. Return to starting position with a 2-second count.

DON'T Make These Common Mistakes:

- Tuck your chin and let your head lift off the seat back.
- Arch your lower back off the pad.
- Go too fast with your repetitions and use the momentum.
- Put your feet too low on the pad or too close together.

If you would like help learning how to perfect your squat or leg press, sign up for an Equipment Orientation class or ask one of our trained fitness specialists for assistance.

TECHNOLOGY Information Technology

Making Life Better, Cheaper, Faster Via Technology

Leo Crawford,
Chairman,
IT Committee

Every year computers and their components are cheaper than the previous year. For example, the price of disk drives has dropped an incredible amount over the past few years. As a result of that decline in cost, new applications using computers become economically feasible. One of the goals of the Information Technology (IT) Committee is to identify areas in SCSCAI that can be made better, cheaper or faster as a result of the decline in the cost of computer technology. We recently replaced the entire SCSCAI telephone system at a hard dollar savings of more than \$3,000 per month, and the new system has a much greater feature set. Another project was the installation of Wi-Fi at our facilities. All those projects were made possible by the decline in the cost of computer technology.

Over the past few years, SCSCAI replaced the IT infrastructure including the wiring of our buildings that made those projects possible.

Change can be a good thing. As the motivational speaker Tony Robbins said, "If you do what you've always done, you'll get what you've always gotten." And the IT Committee is working hard on the behalf of SCSCAI to identify new areas that we can change and make life better in our community. The most recent focus is how to make it easier for staff and residents to get better access to our information, including such things as better websites and easier access to all the data residing on our computers.

Thanks to the support of the Board of Directors, we are making our IT systems better, cheaper, faster.

Rev. 2017-03-31 Assistant - Blair

Do you know that by providing our Sun City Summerlin Association with your contact information you enable your Association to greatly aid you in times of emergencies and concern? The blue information form contained in this edition of the Link can help you in so many ways. This

information is completely secure and confidential. And it is essential to your well-being that it be kept up to date.

Examples of assistance come from past situations when an accident or illness has occurred. Such situations have included: When residents are away and there is an emergency situation at home such as a failed water heater; when children or others concerned about your welfare can not reach you as expected; when pets are left at a residence and you are unable to return in a timely manner to care for them; and when you might be in need of assistance at home.

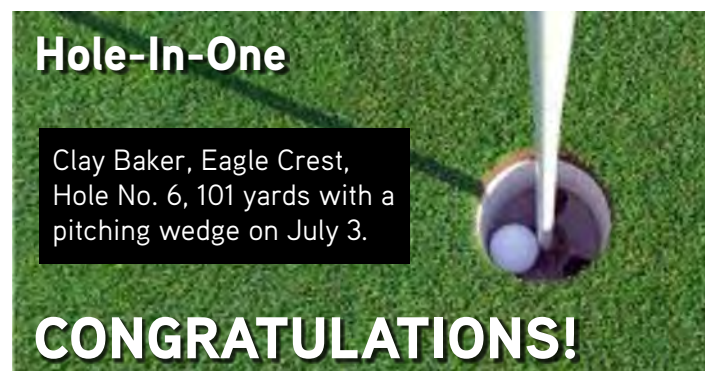

Emergency contacts, with access to your home, may be trusted neighbors or friends living within Sun City Summerlin or the greater Las Vegas area. If you have no family in the immediate area, you are encouraged to list contact information for relatives who might be in charge of your affairs. You are most strongly urged to complete the enclosed blue form and turn it in to the Security Patrol Office, the Administration Office at Mountain Shadows, or to any Social Monitor. You will need to show your Sun City Summerlin ID card at the time you submit the form.

If you already have your emergency contact information on file, please be sure it is up to date.

How Sun City Works

Considering Running for the Board of Directors Next Year? Here's How to Start

To be a candidate for SCSCAI's Board of Directors, you must be a member of the Association in good standing. Stated more simply, you must be a property owner and not have any unpaid and past-due assessments. Once you pass that rather simple threshold, the rest of the procedure is straightforward.

- ◆ Notify the executive director in writing that you wish to be candidate.
- ◆ Complete the Association-provided candidate's form.
- ◆ Complete a statement to be distributed with the ballots where you state whether you are a member in good standing and whether or not you have any actual or

potential conflicts of interest as defined by state law.

Steps 1 and 2 must be completed and submitted by the last business day of November. Prior to the opening of the voting period, you will be invited to the Candidate's Night Residents' Forum, where you will have an opportunity to state your qualifications.

That's it. The rest is up to the electorate.

(FYI, for those seeking a more detailed description of what's it's like to be on the Board, a binder titled: "A Day in the Life of a Board Member" is available for checkout at the executive director's office at Mountain Shadows.)

RESIDENTS' FORUM Monthly Meeting

The Residents' Forum invites you to attend an informative presentation on credit card, Internet and financial scams, **Wednesday, August 9, 7 p.m., Desert Vista.**

Have you or someone you know been a victim of an Internet scam? Have you received a call about tech support for your computer? Have you been a victim of ransomware?

Last year, the FBI's Internet Crime Complaint Center reported losses in excess of \$1.3 billion!

Sadly, senior citizens are prime targets, and are often tricked into sending money, providing personal and finan-

cial information or items of value to perpetrators. This year, personal data breach was one of the top three crimes reported with an emphasis on romance and confidence fraud. The grandparents' scheme is just the tip of the ice berg.

Come and learn how to recognize, avoid, and prevent yourself from being the victim of a credit card, internet or financial scam.

Please join the Las Vegas Division of the FBI along with the Department of Justice United States Attorney's Office for a 2 hour presentation on Credit Card, Internet and Financial Scams.

THANK YOU FOR YOUR SERVICE

JOHN GRABOWSKI JR.

A Military Career, Times Two ~ Bob Cohen/Link

It is not unusual to find someone who has devoted his career to the military – a 20-year man. Less common is a veteran who completes his obligation in one service and then begins an entirely new one in the same uniform. Such is the story of recent Sun City resident John Grabowski, Jr., “Grabber” to his friends.

A native of the Pittsburgh area, John graduated from Duquesne University before enlisting in the Air Force OTS program to begin his first career. The year was 1964. He graduated as a 2nd lieutenant with an AFSC of Supply and Logistics officer and was assigned to the SAC base on the shores of Lake Huron. That assignment lasted long enough to be promoted to 1st Lt. and assigned to a one-year tour at Vietnam’s main Air Force base, Tan Son Nhut, near Saigon. His assignment: logistics officer for the 619th Tactical Supply Group, providing support to a string of radar stations located around the periphery of Vietnam. The year was 1966. Things were relatively quiet in the Saigon area. That is until Christmas Day, when Viet Cong sappers attacked the base. Hey, this was war and things happen in war. Nothing personal as far as Grabber was concerned; nothing personal until he learned that one of the attackers was his barber at the base, the same man who routinely trimmed his hair using a straight edge razor! It suddenly became very personal.

And, speaking of personal, while stationed there he met a Vietnam Navy nurse, Miko, whom he dated occasionally, just dating, nothing serious. His tour complete, Grabber returned to the States with an assignment at Nellis AFB near Las Vegas. The year was 1967. The assignment was still in the logistics area. Life was once more routine until he received a call from Miko. She was in California and the relationship was rekindled. As the saying goes, one thing led to another and they were married in mid-December 1967.

Left, 1st Lt. John Grabowski, Jr., in his Vietnam office (1966). John still has the same boots, now bronzed, that he received as a retirement gift. Top, Colonel John Grabowski, Jr., (Ret) in his Sun City home. Photo by Stu Gershon/Link

His second career was about to begin. The year was 1969. His initial four-year obligation was met and he was considering his future when a friend suggested changing fields and joining the Air Force Medical Service Corps. It sounded good and in January John was recommissioned as a captain, MSC. Thus began a series of schools and assignments that took him to bases all over the U.S. and a five-year hitch as a hospital administrator in Tachikawa and Yokota AFBs in Japan. John and his wife considered that the best assignment of all!

The year 1981 saw them assigned to Zaragoza, Spain, which was followed by an assignment to the Air War College in Montgomery, Ala. (John had previously obtained his Master’s degree in business and hospital administration at the University of Florida.)

Following that was a promotion to (bird) Colonel and the assignment as an inspector general, which saw him on the road for 276 days in the first year. Finally, after completing an inter-service tour at the Defense Supply Agency and a tour in California, John retired with 27 years of service.

Las Vegas was now home and after another 13 years in the civilian workforce, he retired permanently. Sadly, Miko died in 2016. Grabber is committed to the SC life, where one of the first things he did was to join the Military & Friends Club, of course.

Over-watering Quickest Way to Kill a Plant

Summer is here and the heat affects everyone and everything. When plants get too hot they will wilt. Don't freak out.

Before adding more water make sure they need it. Too much water will make the plants wilt even more and cause root rot. The biggest killer of plants is over-watering, especially during the summer. So, take the time to make sure your plants need the water before giving them more.

Moisture meters work great and you don't need to buy the most expensive ones, either. Most will have a reading between 1 and 10 and be color coded. Make sure if you use the meter you know what time the irrigation comes on. It will be wet right after the water cycle and drier before. Keep this in mind before adding water or lowering the water. Usually, if a plant starts dying from the outer leaves in, that's due to not having enough water; if it dies from the inside out, that's too much water.

Have a great summer and be safe.

Updates Keep the Link on the Pulse of Progress

"What we need to do is always lean into the future; when the world changes around you and when it changes against you . . .

By Jeannette Carrillo

In the vein of keeping up with the times, the Link has undergone several changes over the past few months in hopes it will keep Sun City's official magazine moving forward while increasing the amount of information provided to residents.

The first change to the magazine came by way of increased pages. Steady advertising sales proffered an opportunity to add four pages to the monthly product and therefore expand community coverage. The Link Committee added several new features to the magazine that focus on helping new residents navigate the Association in How Sun City Works; pays a nod to history in Now and Then; and honors residents for their military service to the United States in Thank You for Your Service.

www.suncitylink.com

The biggest change, however, has been to the magazine's website, www.suncitylink.com. The site, which launched four years ago and enjoys a dedicated following on its Tuesday Newsday e-blasts, has rebranded to "Think Link." Reminder e-blasts still go out every Tuesday morning with a clickable link to the website. Once residents sign on, what they will discover is a brand new look that features a photo gallery; a searchable key word menu; an expanded classifieds section, where residents can download ad forms and place their ads via email; and community columnists, who offer insights into shopping and dining deals, cigars, video poker, day trips, history, humor and more.

The key to navigating the site is what insiders call the "hamburger" or box menu adjacent to the Table of Contents label (located at the top left of the screen). By clicking on the

Checking in on The Summit 350 feet above ground level.

Photo Jeannette Carrillo/Link

hamburger, visitors will be able to turn the pages to read what's going on in the Home, About Us, Community, Classifieds, Clubs, Club Calendar, Advertisers and Archive sections.

A neat feature on the Home tab is Top Picks of the Week, where editors help residents fill out their weekly calendars by recommending fun things to do.

In About Us, readers will find the website's mission statement, an introduction to the staff and volunteers, as well as a way to contact the magazine in case you'd like to get involved in the creative process.

The Clubs section features video spotlights of Sun City clubs on a dedicated YouTube channel, where videos will be archived under an SC LINK prefix and have a shareable feature so you can forward them to your friends and family on Facebook and other social media outlets. The page also displays a live club calendar that allows club representatives to post monthly club meetings and cancellation notices on one centrally located site. Next month, the Link will work with the Residents' Forum to introduce this powerful new feature. Club presidents should plan on attending the Forum on September 13.

Visitors also will notice an expanded section on Link advertisers, where you can get to know the businesses that support our community. A new advertiser story will be featured every week.

Last but not least, analytics are working behind the scenes that enable staff to track visitor traffic. This will help editors see what sections work and which ones need improvement.

“... What used to be a tail wind is now a head wind – you have to lean into that and figure out what to do because complaining isn't a strategy.”

– Jeff Bezos, founder, CEO, Amazon.com

At the Link, we've plowed head-on into the headwind of change and have been having a heck of fun time doing it. Adding magazine pages, redesigning the website and, drumroll please, jumping on the drone bandwagon.

That's right, with the support of SCSCAI's Board of Directors, the Link's managing editor went to drone school to earn her Small Unmanned Aircraft Systems (sUAS) pilot's license. Then she bought a drone in June that should help the magazine soar to new heights of community coverage. Not only will the Link be able to snap some really awesome photos and videos of events, but the magazine is looking to work with clubs in covering their adventures.

As you can see, the possibilities are endless as the sky truly is the limit.

CHARTERED CLUBS

CLUB SPOTLIGHT

By Stu Gershon

SO YOU WANT TO SING?

What's the Difference Between the Musicmakers and the Silvertones?

So, you just moved into Sun City Summerlin and used to sing in the choir back home, or you just like to sing in the shower. You scan through your first issue of the Link and see that there are two singing groups, the Musicmakers and the Silvertones. And you wonder why.

As a resident of Sun City, you are allowed to attend two meetings of each of the community's 79 clubs without charge to see if you would like to join its membership.

If you go to the Silvertones, you will find out that Hal Denham is the president of the Club and George Pucine is the musical director. When asked to describe the Club to new residents for the purpose of this article, Hal said "The Silvertones is a singing group that has a harmony section that provides more options for the members. It gives some of them a chance to do solos or duets."

The Silvertones has about 65 members.

Hal is also a member of the Musicmakers and said, "The Musicmakers do four-part harmony (soprano, alto, tenor and bass), and their music has some foreign influence and is, sometimes, more classical." Hal further explained that the Musicmakers' music is "more disciplined."

As the musical director for the Silvertones, George selects the music for the shows, and in his arranging is tasked with getting the music to fit the capabilities of his singers. He told us, "If you like to sing and cannot read music, you're welcome into the Silvertones."

The Musicmakers are a bit different. The Club's president is Pat Vaughn and the musical director is Dennis Gazso. Pat described the music of the Musicmakers as: "We sing different parts and the MusicMakers like to challenge their ability in the arena of vocal music." Pat is very proud of her group of talented people and added, "They are very dedicated to our music."

Dennis pointed out that their music is very eclectic and therefore a little bit more varied. In its last show, the Musicmakers performed pieces from John Denver, the Beach Boys and Vivaldi (sung in Latin).

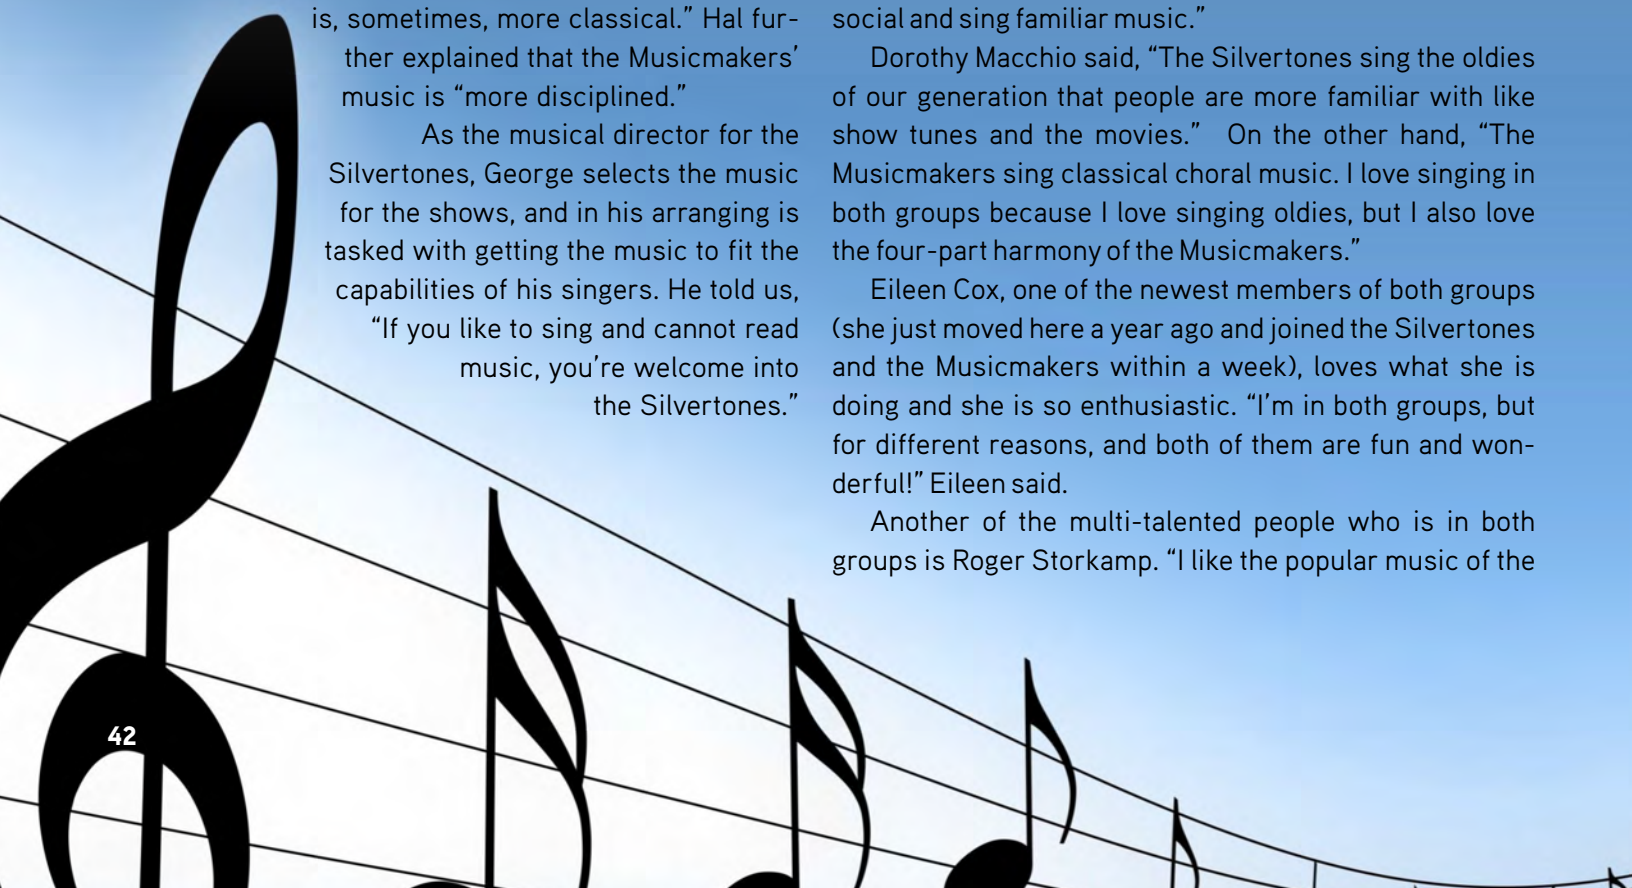

In researching this article, I found some people who were members of both singing groups, so I asked them why they decided to join the group they did. Here is what they said:

Sam Mastropolitto reminded me that "In order to sing for the Musicmakers you have to go through an audition and know how to read music. The Musicmakers are more disciplined, and it's harder work. The Silvertones are more social and sing familiar music."

Dorothy Macchio said, "The Silvertones sing the oldies of our generation that people are more familiar with like show tunes and the movies." On the other hand, "The Musicmakers sing classical choral music. I love singing in both groups because I love singing oldies, but I also love the four-part harmony of the Musicmakers."

Eileen Cox, one of the newest members of both groups (she just moved here a year ago and joined the Silvertones and the Musicmakers within a week), loves what she is doing and she is so enthusiastic. "I'm in both groups, but for different reasons, and both of them are fun and wonderful!" Eileen said.

Another of the multi-talented people who is in both groups is Roger Storkamp. "I like the popular music of the

Residents who love to sing will be happy to know that Sun City Summerlin is home to two music clubs – The Musicmakers, top, and the Silvertones. Each group has its own requirements for membership with the common thread being a genuine love for music. Sing on!

Silvertones, which includes selections from movies and Broadway, while the Musicmakers sing polyphonic (four-part harmony) songs, which are unique and classical.

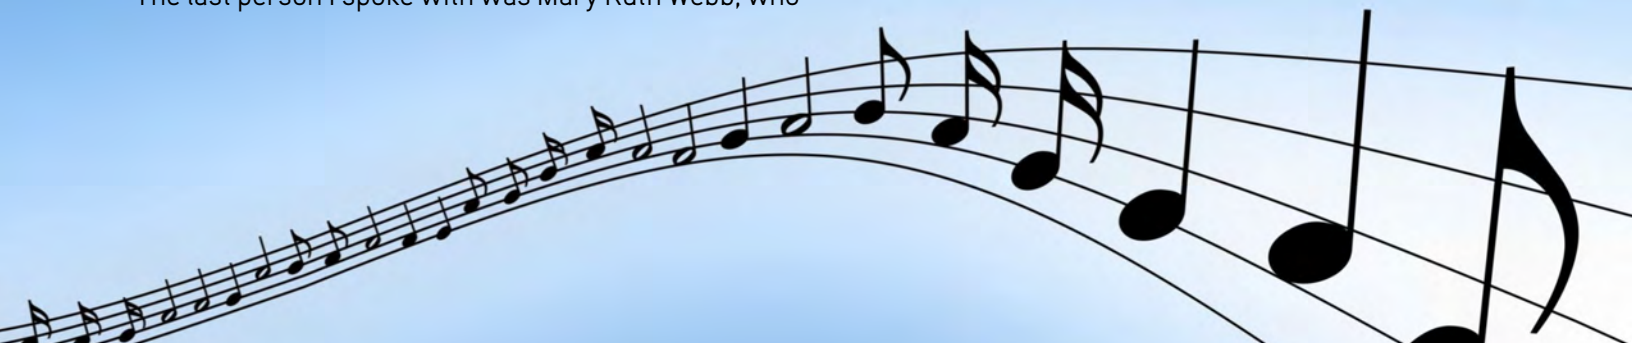

“Dennis selects pieces to challenge the group, while George adapts the music to his group,” Roger said.

Linda Van Horn, a member of both groups, explained, “The Musicmakers is a smaller group (about 25 to 30) with people who read music and like to sing the different parts.”

The last person I spoke with was Mary Ruth Webb, who

just loves music. Mary is a member of the Silvertones and goes to all of the Musicmakers’ concerts. Mary is also the last of the original Silvertones, who has been singing for more than 20 years in the community. She just celebrated her 90th birthday!

In the end, if you love music, either group or both can be for you. It just depends on how much time you have to devote to one set of clubs. Because, remember, there are another 77 you might want to look into joining.

for players to find suitable grass to hit from if they are in the fairway. Even though the weather is a bit balmy, there is considerable play at our courses with a resultant lack of golf etiquette regarding our bunkers. It is very disheartening to hit a ball in the bunker, but even more discerning when your ball is in an inconsiderate golfer's footprint. Customarily, a golfer who plays from the bunker will rake the bunker after play. There is a noticeable disregard for this tradition at our courses. For those of you who prescribe to raking after play from the bunker, thanks from the rest of us. Questions? Check our website, or you can call Colbert, 859-979-4376.

Golf (Men's) Niners

Starting times for Thursday tournaments will be 7:30 a.m. You can still beat the heat and be home by 10 a.m. A great way to start the day. Think about it! You can get nine holes in before you go to work or start your projects, or just pur-

sue doing nothing for the rest of the day. No more five-hour rounds. We have new members joining every month. Come join us. Find the applications at our golf shops, or go to our website, www.scsniners.com.

Gun Club

We generally meet the second Friday of the month, 1 p.m., Desert Vista. If you're new to firearms ownership, have been considering purchasing a firearm for home defense or concealed carry or are an old hand at firearms and looking for others to practice with, the Sun City Gun Club is the place for you. The club is a resource for all things gun related. We offer free in-house training courses that will teach you all about firearms, help you select a firearm, show you how to clean/maintain your firearm and teach you about the legal aspects of a defensive shooting. Also, the Gun Club hosts guest speakers, a spring BBQ and a holiday luncheon in December. Call Allen Sakaguchi at 331-3390 or scgunclub@yahoo.com.

Sewing (Just Sew)

Are you getting tired of the heat? We have a few things that might help. We have steering wheel covers for cars and for golf carts. We also have neck coolers that anyone spending time outside either sitting, walking or golfing during this time of year will keep you nice and cool. Come visit our room at Mountain Shadows on a Thursday between 9 a.m. and noon and pick one up. Right now we have been sewing for the Salvation Army for their homeless veteran program. Their goal is to have no veteran living on the street. As always, we are thankful for any donations of fabric, but right now we really need yarn donations. So, if you have yarn you don't want any more we would be more than happy to take it off your hands. For information about the Club, call Sue Voigt, 457-8953.

Shuffleboard

Our club is now playing for the summer at 8 a.m. to be ahead of the extreme heat. Tuesdays, Thursdays, Saturdays are the days of play. You are invited to play according to your

schedule. There are no dedicated teams, just pairing up before play begins. Competition is always friendly and no record of scores is kept after the games are over. New members are always welcome. Stop by for a few minutes and give the game a try. The courts are located behind Mountain Shadows between the tennis courts and putt-putt golf. The election of officers will be held in November. To all members: Let it be known what office you would like to be nominated for. Any questions? Call Andy Lawson, 242-1540.

Silver Foxes

Join us for exercise classes to Richard Simmons' tapes at Sun Shadows. We welcome new members to get moving at our classes on Monday at 10 a.m.; Tuesdays and Thursdays at 10 a.m.; Saturdays, 10 a.m. The club's yearly dues are \$8. Please sign up and join us for a free lunch for members only at the Rampart buffet, 11 a.m., October 25. Club elections will take place after the luncheon. For information, call Amy, 656-5019.

CLUB SPOTLIGHT

DANCE CONNECTION:

Fun Is the Name of the Game in Tony V's Class

Dance Connection instructor Tony Vainuku's goal for club members who take his classes is to just move and have fun!

Tony has been teaching in Sun City for two years and during that time he has received a nickname. That nickname is "The young Richard Simmons." Members agree that Tony's classes are fun, and once the music gets going, stress flies out the window.

Tony was born in Southern California to parents who instilled in him a deep love for his Somoan and Tongan traditions. Tony will often share the history behind the dances he teaches. He comes from a very loving, enriched Polynesian-cultured household, where his parents raised 15 children. All of the children were taught hula dancing and Polynesian dance. His mother, Kilisitina is Samoan and his father, Sione, is Tongan. His parents have been in the entertainment business and have traveled all over the United States performing, so Tony grew up dancing at a very young age.

Tony moved to Las Vegas three years ago to finish his nursing degree. Besides teaching numerous classes for

Tony Vainuku leads club members Janice Hoffman, Paulette Bader, Arlene Goodman, Joan Wiener, Elaine Cohen, Carol Sworsky, Harriet Faden, Terry Starker, Lisa Brinkley, Rita Barcus and Debby Smith in a dance routine at Silver Hills Assisted Living.

Dance Connection, he also does in-home health care. Tony is very family oriented and is raising a 16-year-old son, Poa. In his spare time, he loves to cook. Tony has come to love all of his class members in Sun City. His background in nursing helps him devise classes for every level, from sitting and dancing to really high-energy classes.

So, if you have some time on your hands and want to get busy, head to one of Tony's classes. You'll definitely get busy moving, and you'll have a blast doing it.

Silvertones

The Silvertones hope you enjoyed our dynamic musical tribute to the music of Hollywood in May. We have been taking a break during the summer months and will resume rehearsals on Thursday, August 31, when we begin preparing for our winter concert. If you like to sing, can carry a tune and are able to commit to weekly rehearsals on Thursday afternoons, we would be pleased to have you join us. We meet in the Pinnacle Music Room from 1-3 p.m. For information, contact Hal Denham, president, at 254-0158 or HalDenham32@gmail.com.

Softball-Men's

The Boys of Summerlin are a hardy group. Despite the heat, we continue our weekly activities up on Pinnacle Field. We begin a bit earlier at 8 a.m. with batting practice, followed by pickup games at 8:30 a.m. on Monday, Wednesday and Friday, and batting only on Thursday and Saturday mornings. SCSCAI's Board of Directors unanimously approved a bid to install artificial turf on the infield area of the Pinnacle Field, with installation in time for our season start this fall. We expect the field work to begin in August with the contractor working with the Sun City landscape team under Louis Darling to ensure the turf infield and grass outfield are ready by late September for a ribbon-cutting and grand opening ceremony. Watch for more announcements regarding this major facility improvement. In preparation for our 2017-18 season, the club's board announced the appointment of Dick Danzak and Mike Gazarek as league commissioners. Dick and Mike will work closely with the board to develop league and team rosters, recommend Club and league competition rules, and manage game preparation and competition with the team managers. We thank them for agreeing to serve the Club in these key capacities. The Club's board will conduct its quarterly meeting on September 13 to propose the season's budget, preview the coming season's competition, and seek a membership vote on SCSCAI's revised non-resident guest
