PRESIDENT'S MESSAGE

We are definitely in "the dog days of summer". It is hot, so again, I remind everyone, *stay hydrated*. Summer activities are in full swing. The pools are in constant use and residents are trying to keep cool. Golfers are trying for early morning tee times and the walkers are out before daybreak and after sundown. Remember to carry extra water when you are out and about. Keep an eye out for your neighbors that might become affected by the heat. If we watch out for each other, it will be a safer summer.

August is Security Patrol Month. You may notice some additional articles in this month's Link about Security Patrol. Once again, Security Patrol is made up of all volunteers. They are your friends and neighbors. They want to give something back to this great community that we all live in and enjoy. Security Patrol is a major deterrent to crime in our community. It is first on the scene to many incidents in the community and although they **do not confront** anyone they certainly get the attention when they drive up with the flashers flashing. Once again when asked Summerlin Command stated to us that Sun City Summerlin is the safest community in the valley. The reasons are simple. We are a vigilant community. We all have gotten into the habit of "saying something if we see something". Administration, myself and Security Patrol personnel met with Summerlin Area Command recently and were very pleased to exchange much information with each other. You, the residents, should know that there are more undercover cars in our community than marked cars. Metro has determined that that is the best way to police our community.

Now might be a good time to remind everyone about some simple methods to help deter crime in our community. The single most important tool in Metro's arsenal to solve Breaking and Entering's in our community is cameras. Recently a great picture of a suspected thief was obtained from a camera on the neighbor of a victim. The Resident's camera did not capture the face of the bad guy but the neighbor's camera did. Also cameras on the block got pictures of the suspected vehicle as well. Other deterrents include but are not limited to: 1) Keeping your home well-lit both inside and outside 2) Cutting down any landscaping that obstructs a view of your doorways 3) Alarming your home. The detective that spoke with us could not think of any home in Sun City that had its alarm on and was broken into 4) Start a Neighborhood Watch program 5) Call Security Patrol if you see a strange vehicle on your street 6) Call Security Patrol if you see a strange person on your street 7) Vary your routines, do not leave home at the same time when you leave for an activity in the community 8) Drive around the block and return home every now and again when leaving your home 8) Look after your neighbor's home and maybe they will do the same for you.

Do **not** confront any thief. If you come home and find that your home has been broken into do not rush in and look to see what if anything has been taken. Call Metro and then Security Patrol. We all know that Metro may take some time to come but we have been told that residents often contaminate the crime scene by touching or opening drawers, cupboards, etc., that might have "trace" evidence on them. Let Metro tell you when it is ok for you to check on what was

stolen and give them that list. If you take pictures of valuable items, especially jewelry, it can sometimes be helpful in locating same. Serial numbers of guns or other valuable items can also be very helpful. Let's all continue to keep our community as safe as we possibly can.

Be Safe, Be Careful, Be Vigilant, and Keep Cool.

HOT AUGUST NIGHTS

By Patti Tripp/
Link

Originally a Neil Diamond album, obviously he never lived in Vegas - 'hot' doesn't cover it. You can literally bake cookies in your car here! You run the water longer than you should just to get cold water to brush your teeth. We spend a lot of time looking into the fridge just for a cool breeze. Go outside to get the mail without shoes on? . . . not unless you want third degree burns on your feet.

Our plants wilt; our hair wilts (my natural waves become sweaty ringlets so I end up resembling a 'Betty Boop' emoji). Beads of sweat appear on our brows just going into the garage. Our make-up runs so we look like raccoons if we go outdoors. Men have sweat marks the size of basketball hoops under their shirts, and some resort to applying sunscreen to those bald spots they may not even admit exist. Now *this* is a 'hot August night.'

Being a golfer (granted a *bad* one), we arrive at the course and it's already close to 100° - the thought of what it will be by the 18th is when we try to remember if we'd taken all our meds! You think about going outside, take a peek, see there is not a single cloud in the sky and, well, back into the air-conditioning. Growing up, it was a bucket of ice in front of a fan - unless the dog drank all the cold water as it melted.

Sure, there are other places to live, other places we have lived, but we're in the desert - Vegas. Consider this - how often do we need a snow shovel? How often do we use the winter coat we brought here from back East? How often do we have to worry about rust on our cars (you normally need rain or snow for that - and well, we just don't have that - not often, anyway)? Our pant legs looked like we needed mud flaps from the back-splash that was once as "pure as the driven snow" now melted into puddles of cold, dirty water. We don't have hurricanes or tornadoes (although 60 mph winds come pretty close when we have to tie down our lawn furniture).

I remember as a little girl in Pittsburgh going to school in leggings - not the fashionable Yoga kind - the ones that sometimes had suspenders, bulky enough to make you look like a miniature version of the Michelin Man. Then there were the boots, the rubber boots, not the stylish ones of today, but the rubber ones that our shoes went *into*, with the glamorous name of "galoshes," kept in the cloak room and invariably got mixed up with all the others lined up! Of course, young men had the same things that only covered their shoes; neither were attractive and after school, finding the matching two that were yours was often an exercise in futility.

But when those "hot August nights" hit us, there are worse places. Not sure how or why any of us ended up here, but it's "home" and we learned to cope - most of the time. For me, having moved here years ago in the month of July, it didn't take long for my blood to thin so now, if it goes below 85°, the heater goes on in my car. We can always find something to complain about, usually things we can't change. That's human nature, sadly. So, as we face another August, keep hydrated, and above all, let us pray for rain!!! I would give anything to need an umbrella!!

Together they recreate the look and sound of the Bee Gees from the 60's to the late 70's, with their unique falsettos that made them legends. This show will make it difficult to stay in your seats and not dancing in the aisles. Get your tickets early!

MISTINGUETT PRODUCTIONS PRESENTS

"In Perfect Harmony"

Saturday, September 17, 6 p.m. • \$25

Just imagine: **The Everly Brothers** (Bye Bye Love, Wake Up Little Susie) **The Mamas & The Papas** (Monday, California Dreamin') Peter Paul & Mary (Blowing in the Wind, Leaving on a Jet Plane) . . . From a celebrated list of the greatest hits of these folk rock vocal groups, it's hard to select any better music synonymous with classic harmonies. To honor the genius of these artists who were a defining force in early rock and roll and the counterculture music scene of the 1960's, we celebrate their music and the songs you will love to remember under the direction of Dennis Blair, who has brought us sold out tributes to Simon & Garfunkel and James Taylor, Joni Mitchell and Crosby Stills Nash & Young. He now recruits Las Vegas singers Ian Ward, Armi Guzman and Toscha Comeaux to join him in presenting this entertaining tribute. And to bring it all on home, Blair includes the timeless and harmony-enhanced music of Linda Ronstadt (Blue Bayou, It's So Easy, When Will I Be Loved) and the Queen of Soul Aretha Franklin (Chain of Fools, Natural Woman, Respect) This is one of those shows that you will not want to miss, get your tickets early!

The Benefits Of Volunteering *Continued!*

Back in May, I wrote an article about the benefits of volunteering; after reviewing all the benefits I decided to volunteer for something I've been thinking about doing for a long time but just never did - Security Patrol.

My partner, Ken Carocchia, has been with the Security Patrol for almost 20 years, at least 16 of those years as Watch Commander. He told me that the Patrol lost a few good people when they left due to the COVID-19 crisis at the time, and the new volunteers didn't really want to take late night shifts. Apparently getting dispatchers for those shifts is particularly difficult. The shift he needed to cover was the 12:00 midnight to 4:00 A.M. shift (or in military/Patrol time, 0000 to 0400 hrs.)

I'm someone who is used to going to bed by 9:00 p.m. at the latest (and known to go to bed even earlier) but I tend to get up quite early. Committing to this shift even once a week might play havoc with my "beauty sleep," but I felt if a dispatcher was where they needed someone the most then that's what I would do.

Each "discipline" (Information Center or "IC," Driver or "DR" and Dispatcher or "DI") requires different training, and I learned that even as a Dispatcher I'd have to "cross-train" a little with a Driver Trainer and with an Information Center Trainer, just so I would be exposed a bit to the other disciplines.

Knowing I was going to write this article, I thought I'd keep track of my experience with each trainer that I had and then mention them in this article. Holy cow! Too many wonderful and kind people to even start listing for fear of missing someone! From my recruitment class where you are told the purpose or motto of our Patrol is "Neighbors Helping Neighbors," to learning we all work as a team and remembering we are all human as well as volunteers, to how we make a difference - it was an amazing class. Furthermore, the stats of crime in our area show that we are the safest Community in LV given our population here thanks to our Security Patrol!

Next came actual training. As a dispatcher you must ensure the safety of your drivers at all times by keeping track of them, including the Information Centers. They, in turn, are keeping track of your safety as a dispatcher. I won't go into the detail of how this is done because disclosure in a very public forum might not be a good idea.

But I can tell you that each of my trainers demonstrated their awesome skills, points of view and the "gems" of how they do the work; and all did it from a spirit of love for this Community. I feel so grateful to have been taught by what I feel were "the very best." In addition, I've learned skills that can be used in everyday life; even at my age, one is never too old to learn something that may prove invaluable down the road.

Recapping the benefits of volunteering, joining the Security Patrol has connected me to others; not just "others," but a whole bunch of caring, loving people truly dedicated to this Community. I have increased my skills (and brain power for sure!), and the Happiness Factor I spoke of in the May LINK issue, is true; you do feel pretty darn good when you're contributing.

So, once again, outside of the Security Patrol, which I chose, there are many clubs and activities like the Helping Hands or Sun City Charities that could use your help. I hope I've inspired - I'm already reaping the benefits!

Every person makes a difference . . . what will YOU do?

"What is the essence of life? To serve others and to do good."

Spoken by Greek philosopher Aristotle over 2,300 years ago, one of the most ancient quotes about volunteering offers proof that giving back to the community is hardly a new concept.

HEALTH & FITNESS

August: National Wellness Month Defining Wellness

The Global Wellness Institute defines wellness as the active pursuit of activities, choices and lifestyles that lead to a state of holistic health.

There are two important aspects to this definition. First, wellness is not a passive or static state but rather an "active pursuit" that is associated with intentions, choices, and actions as we work toward an optimal state of health and wellbeing. Second, wellness is linked to holistic health—that is, it extends beyond physical health and incorporates many different dimensions that should work in harmony.

Wellness is an individual pursuit—we have self-responsibility for our own choices, behaviors, and lifestyles—but it is also significantly influenced by the physical, social, and cultural environments in which we live.

Wellness is often confused with terms such as health, wellbeing, and happiness. While there are common elements among them, wellness is distinguished by not referring to a static state of being (i.e., being happy, in good health, or a state of wellbeing). Rather, wellness is associated with an active process of being aware and making choices that lead toward an outcome of optimal holistic health and wellbeing.

What Is Wellness?

Wellness is a modern word with ancient roots. The key tenets of wellness as both preventive and holistic can be traced back to ancient civilizations from the East (India, China) to the West (Greece, Rome). In 19th-century Europe and the United States, a variety of intellectual, religious, and

medical movements developed in parallel with conventional medicine. With their focus on holistic and natural approaches, self-healing and preventive care, these movements have provided a firm foundation for wellness today. Wellness-focused and holistic modalities have gained more visibility since the 1960s/1970s. As these have evolved, proliferated, and gone mainstream, they have informed the healthy-living, self-help, self-care, fitness, nutrition, diet, and spiritual practices that have become a flourishing wellness movement in the 21st century.

ORIGINAL OWNERS

Allan and Mary Ann Clark

We took possession of our house on Palmridge Drive in November 1990. Ours was the first privately-owned house on the whole block, the rest were spec homes. There were no houses behind us, and Del Webb was just building the duplexes across the street.

Coming out here from downtown, Highway 95 was just two lanes with a turning lane. Lake Mead was partially gravel at that time. The only entrance to Sun City Summerlin was at Del Webb and Lake Mead. Rampart was not yet built. The sales pavilion was located between Echo Mesa Drive and Copperstone Drive, overlooking the golf course. There was no Crown Ridge Drive on that side of Del Webb. Later, Del Webb tore down the sales pavilion and built houses there.

Back then, the HOA Assessment was \$350 per year, per household. There were no houses of worship. Services were held in the large room at Mountain Shadows, which at that time was called the Recreation Center. There were no commercial businesses yet built in Sun City, not even Smith's.

Sun City Summerlin has come a long way and changed a lot in the last 30 plus years.

RESIDENTS' FORUM

Where Neighbors Become Friends

Residents' Forum fan favorite is back! Mark your calendar for Wednesday, August 10th. The fun will start at 7 p.m. at Desert Vista. The doors will open at 6:45 and, due to the Fire Code, seating is limited to the first 216. Residents' Forum once again welcomes Debbie Benkert, a professional Bingo caller who will help us out, call the games and keep things hopping. Refreshments will be provided and, of course, there will be some great prizes. We'll also be doing our 50/50 raffle, tickets are 6 for \$5.00 or \$1.00 each, and someone will go home with more money than they came with even if they're not a lucky Bingo winner.

All Sun City residents are members; Residents' Forum . . . no dues, no fees. We hope to see you at Bingo and other events throughout the year. Keep the second Wednesday of each month open! Where Neighbors Become Friends.

“As I See It . . . ”

"Don't just walk around it, And don't just curse it"

By Alan G. Spector / Link

"In ancient times, a King had his men place a boulder on a road-way. He then hid in the bushes, and watched to see if anyone would move the boulder out of the way. Some of the king's wealthiest merchants and courtiers passed by and simply walked around it.

but the last choice, although perhaps more difficult and more complicated, will ultimately pay off and make things much better for the long term.

Some gifts of wisdom . . . to remind us that anyone can gripe and complain, but it takes a wise, thoughtful, capable person to really make a difference.

"Everybody can be great . . . because anybody can serve. You don't have to have a college degree to serve. You don't have to make your subject and verb agree to serve. You only need a heart full of grace. A soul generated by love."

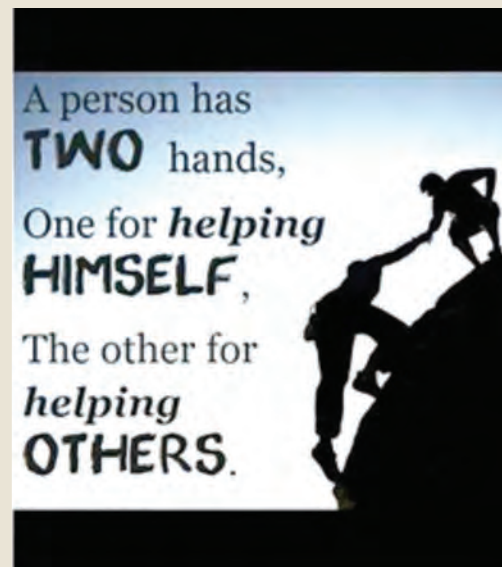

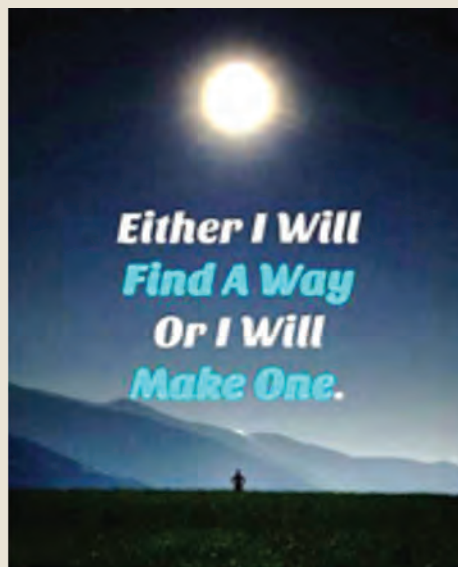

-Martin Luther King, Jr.

"To serve is beautiful, but only if it is done with joy and a whole heart and a free mind."

-Pearl S. Buck

"It is not enough to be compassionate – you must act."

-The Dalai Lama

Many people blamed the King for not keeping the roads clear, but none of them did anything about getting the stone removed.

One day, a peasant came along carrying vegetables. Upon approaching the boulder, the peasant laid down his burden and tried to push the stone out of the way. After much pushing and straining, he finally managed.

After the peasant went back to pick up his vegetables, he noticed a purse lying in the road where the boulder had been. The purse contained many gold coins and a note from the King explaining that the gold was for the person who removed the boulder from the road."

Now there is a concept! We see a problem . . . 1) Do we just walk around it? Or 2) Do we curse it and the people who put it there? Or 3) Do we do something constructive and positive to make it better! The first 2 approaches might be faster and easier and make even make us feel better in the short term . . .

"The world changes according to the way people see it, and if you can alter, even by a millimeter, the way people look at reality, then you can change the world."

-James Baldwin

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has."

-Margaret Mead

"One person with passion is better than forty people merely interested."

-E.M. Forster

"No act of kindness, however small, is ever wasted."

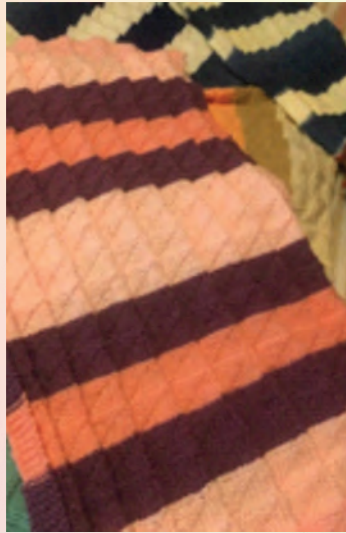

-Aesop

"As I See It" Moral (life-lesson):

There is so much wisdom in the world . . . all we have to do is to be open to it . . . and make it our own.

GRATITUDE CORNER

Some examples of why Sun City Summerlin is the most incredible place to live!

With all the horrible events and suffering going on in the world these days, many folks wring hands, shed tears, or lose sleep. Here is one woman who just got busy, is doing something, and is really making a difference in the lives of many helpless victims of war.

Wonderful Sun City Summerlin resident, Elayne Tessler, was horrified when she saw all the Ukrainian children who had to flee their country with their families to save their lives. Finding refuge in Poland, these children had precious little, other than the clothes they were wearing. At 90 years old, Elayne got busy . . . really busy! She knew how to knit afghans and knew these children needed things to keep them warm. Elayne worked hard and quickly . . . she produced 12 afghans and shipped them off to a relief organization in Poland which immediately put them to good use keeping these refugee children warm. I am sure their families also found some comfort in knowing that someone, in the US, in Nevada, in *Sun City Summerlin* cared enough about them to *do something about it!!* Elayne is an amazing example of heartfelt generosity, caring for folks we will never know, and deep commitment to *do something* . . . not just moan about it. Elayne truly "lit a candle" rather than "curse the darkness." Our heartfelt gratitude and great respect to this "Woman you should know!" Thanks Elayne, from all the unnamed children you helped – and from all of us here in SCS. Elayne, you make us all proud.

A Note From Board Member and Golf Oversight Chair, Jeff Rorick

Fiscal year 2022 is nearing an end and I wanted to take this opportunity to share with all golfers some great news. Please feel free to share this information with any golfers that you may know and if you have some friends that may question how both Golf and Food and Beverage are performing here are some numbers for you.

As you are aware both Golf and our Food and Beverage Departments are amenities, just like our Gyms, Tennis Courts, Swimming Pools, etc. One difference though is that both of these amenities generate revenue which helps offset their expenses. All other amenities (except for Community Services and the Link) are 100% funded through our annual assessment, meaning that our residents enjoy the use of these amenities for no additional charge.

Prior to Fiscal Year 2021 Golf (including the Pro Shops and Golf Course Maintenance) cost each homeowner approximately \$29 per month to bring Golf to revenue neutral. However, beginning in Fiscal 2021 and continuing this year, due to a vari-

ety of reasons, our Golf Team has delivered outstanding results. Fiscal year 2021 cost our homeowners \$15.25 a month and this year through May 2022 we are sitting at \$12.28 per month. All in through May 2022, Golf is beating their budget by \$1.6 million dollars.

We all owe a sincere thanks to our golf team. The golf courses are our single biggest asset driving property values here in Sun City Summerlin, and we all have something that we should be very proud of.

In addition, I would like to thank all of our golfers and residents that support our restaurants. This is another amenity that is supported through our annual assessment to become revenue neutral. That said through May 2022 (11 months of the fiscal year) the restaurants are also beating budget and their monthly cost to our homeowners is \$4.54. This is minimal and with just a little bit more support we can in fact cut black ink in our restaurants. I know that WE can do it.

In closing, thanks to all of you for your support. We live in a great community and it is our responsibility to keep it that way. Take the time to thank the individuals that work in Golf Operations (Pro Shops and Golf Course Maintenance) along with those that work in our restaurants for a job well done.

Frame Restoration by a Sawduster

My name is Martha Smith. My husband and I moved here from Washington state about four years ago. I have a great photo of my father, James Barton, when he was commissioned in the Navy in 1943.

The frame had been damaged and I had no idea where to go to try to get it fixed. After looking through the Link at the Chartered Clubs Listings, I noticed the listing for the Saw Dusters Club. I decided to take a chance and stop by with the frame and photo of my father.

The first gentleman who looked at the frame was not encouraged that it could be fixed at all. Then, a gentleman by the name of Gene Dolgner took a look and said: "Let me see what I can do." He worked on the frame and after a few months of his expert craftsmanship . . . Here it is!

COMMUNITY STANDARDS

New Hues is Good News!!

If you are in the "considering" stage of painting your home, we hope you will consider these helpful points from your Community Standards office as you work through the selection process, both from the materials and service perspective. ARC will be considering finalizing this process by fall.

As we are already in the extremes of the desert summer heat, we are easily reminded that lighter paint colors will reflect heat better than darker colors. Going from dark color extremes to lighter colors can substantially affect the heat absorption of the walls of your home....and that can directly affect how well your home cools. Some experts will recommend lower-luster satin finishes on stucco because they tend to represent a good balance between obscuring imperfections and keeping the surface clean and, they can enhance the texture of the stucco. Also, it is known that many colors may appear lighter when placed on a wall in sunlight. It's all about the natural lighting outdoors. These are things to think about and to ask the professionals for advice on for your own home.

These are only a few of the subtleties of a home painting project to consider but they may be helpful with your decision making and even trigger more important questions to ask of a contractor or supplier.

Fortunately, Sun City Summerlin residents have a very supportive paint supplier in our backyard, with the Dunn Edwards company on Lake Mead Boulevard.

With that bit of background, we are pleased to acknowledge that the Dunn Edwards experts have provided us with an impressive array of approved color combinations in our new paint "Schemes and Hues" book. These combinations are very complementary to our Sun City Summerlin landscape. These schemes — about 60 of them — offer you the ultimate ease in selecting what is right for your style and tastes. In actuality, the color schemes and hues in the book can quickly and easily put a professionally selected palette of colors on your home. The "Schemes and

Hues" book includes various complementary colors for stucco, trim, garage, and front entry doors. If you are contemplating painting in the future, we invite you to visit the Community Standards office to look through the professionally inspired "Schemes and Hues Book" to find the combination that meets your fancy. There's something for everyone who wishes to take advantage of the latest in color trends.

To make things even easier, Dunn Edwards can provide the advantage of seeing what your home will look like with any of the selected color combinations. It's as simple as taking a picture of the front of your home and calling the Dunn Edwards store to make an appointment with one of their experts. They will computerize the overlay of your color selections on your home's image so you can visualize what it will look like with its new coat! This service is free of charge to Sun City Summerlin residents. You can reach the Dunn Edwards store at 702-562-9225 or, visit them at 7450 Lake Mead Boulevard. An appointment with Dunn Edwards is required.

Painting your home represents a substantial, but necessary, expense. Using quality paints and suppliers can prolong the life of your house paint. Your project deserves the best and we will be happy to assist you through the selection process. The "Schemes and Hues Book" colors will be waiting for you!

An important note: It is still a requirement to apply and receive approval for your paint project *before* the project begins. We will approve your request as quickly as possible.

Our official Link Magazine is a great resource for identifying service providers, many with several years of Sun City experience. And remember . . . *New Hues is Good News!!*

Ride Along With Security Patrol

Sun City Summerlin has its own Security Patrol. All members are residents who proudly volunteer their time to serve and protect US! These are residents committed to looking out for our community.

I was invited to do a "ride along" one recent Sunday evening with two patrol members. What I witnessed was a serious commitment to keep our community safe and to help each other. That night, I met the Watch Commander, the

Dispatcher and two Patrol members. They take their roles very seriously and have security procedures in place that are adhered to by all members. As we rode along that night, we checked street by street for open garage doors, house lights out, and for any suspicious activity. We also stopped at several community centers and golf shops after hours to make sure doors were locked and secure.

Acting as the "Eyes and Ears" of the community, Security Patrol looks out for YOU! Whether it's an open garage door, a lost dog, a house check, or a call for assistance, they are there for all of us 24 hours a day, 7 days a week, 365 days a year.

The Patrol has approximately 220 members serving as drivers (patrol), dispatchers, and information center guides. Did you know that 36 couples work together on shifts? There are many different roles to be filled by residents who want to serve on the Security Patrol.

Volunteers are needed to help keep our community safe. Please consider volunteering your time. If you would like to experience a "ride along" contact Security Patrol. If you would like to be a part of this chartered club, please visit with any patrol member or call 702-254-2303.

The Security Patrol Motto: Neighbors Helping Neighbors.

Top: *Classica LV 4/2022*. Bottom: *Las Vegas Piano Quartet 5/30/2022*.

There seems to be some confusion about the nature of our club. Some people assume that one must be a musician in order to join. This could not be further from the truth. One only has to be a good audience member. Our meetings are concerts at the Starbright Theatre, and all are welcome!

The Classical Music Club received a charter in November 1997. It had 44 members with Rick Temple as president. I have heard the Club was started by having concerts in members' living rooms before the Starbright Theatre was built. The club's original purpose, or mission statement, has changed little. It is "to promote the enjoyment, understanding, knowledge and appreciation of live performances of classical music, and to encourage fellowship among its members."

Our club membership was over 400 in 2020. We are now around 300 and I'm going to blame Covid-19. The fellowship of assembling a group of people creates a sense of community that is important to human existence and contributes to feelings of self-worth. Hearing some of the best music ever written, performed by world-class musicians, in a well-designed environment, is part of what makes Sun City Summerlin one of the best places in the world to live.

Our club has expanded its scope of guest performers from the Las Vegas Philharmonic Orchestra, the Henderson Symphony Orchestra, faculty and musicians at UNLV and other well-known Las Vegas artists to include performances by young artists. For many students, Starbright Theatre is their first experience in a venue away from the school. Our appreciative audience response is sometimes life-changing, and the opportunity encourages the students to pursue a career in the performing arts.

The Board of Directors has upgraded our sound system and piano to provide the finest environment to our audiences. The club prefers the natural acoustics of the theatre and uses the upgraded sound system primarily for monitors, so that the artists can hear themselves and each other.

If you are not taking advantage of this fabulous facility, you should definitely try it, and soon!

*Will Rydell, President
Sun City Summerlin Classical Music Club*

Golf, Men's 18 Hole

Gentlemen we had our general membership meeting in June. We had a guest speaker Brian Bagwell at the meeting thank you Brian for attending and giving us a rundown on the course's and answering questions from the membership. I was disappointed at the turn out I was hoping more members would attend and share some ideas on different formats for tournaments and possibly more blind draws so you are not playing with the same people every week and could meet some other members. Our next general membership meeting is in December along with election of Board members we need people to run for these positions. If no one runs, we may not have a Men's Golf Club so please consider running for one of the positions thank you. Contact Phil Kapsimalis at 818-489-6076.

We also schedule periodic events at outside courses in the area. At this time, we are looking toward a wonderful two-day trip to Laughlin in October. It will include two rounds of golf, evening fun, and a dinner cruise on the river. Applications are available at all our golf shops. For more information, contact membership chair, Louie Medrano at (661) 478-0812.

The Board does find that for the purpose of negotiating and entering into a lease contract for a phone system a multi-year contract is not only necessary but required, in addition a multi-year lease will avoid future unknown price fluctuations, save resources, and allows us to lease rather than buy equipment. At the June 01, 2022, Board of Directors meeting, Doug Wong, Director of Information Technology stated incorrect savings by changing vendors. This disclosure is to provide the correct amount for documentation in the minutes. Presuming lease expenses increased each year, our expense was approaching \$98,000.00 and Doug Wong noted Les Olson will be around \$36,600.00 (\$16,240.00 in overage and annual contract of \$20,340.00), savings would be closer to \$61,400.00 not \$93,000.00.
