PRESIDENT'S MESSAGE

As I sit to write this article for the February Link, it is quite cold outside. It is my hope that by the time that you are reading this article that the cold weather will be behind us. The "winter in Vegas" is two months and we see the sun most of the time. Winter in the Northwest, Midwest and Northeast is five months with mostly dull gray skies most of the time. A lot of us enjoy the "Vegas winter" and it is often the reason that we now live in Sun City. To our friends and neighbors that come from the South or California to Sun City, let us enjoy not shoveling snow or jump starting cars in below freezing temperatures.

If you have not already done so, remember to vote. All homeowners should have gotten a ballot in the mail in January. Ballots **MUST** be returned no later than the close of business on February 22nd. Ballots will be counted on February 23rd and the Election Committee will announce the results after they complete their count. Remember that Budget Hearings for the Board of Directors, Administration and Department Directors start on March 1st and will continue most days for the next two weeks. Residents can watch all hearings via zoom. A schedule of what areas of the budget will be covered each day is available on Sun City's web site. Input from Residents is welcome, in fact we the Board seriously consider all such input when making decisions regarding a suggested budget.

Let's all support our Community Theatre group. These residents have been working hard to prepare for the presentation of "The Butler Did It". It will be performed at our own Starbright Theatre. Beth and I are looking forward to seeing this production as it is being performed by our own residents. I hope that all of us support all of the productions taking place at the Summit and the Starbright Theatre, especially those put on by our friends and neighbors. It appears to me that there are multiple shows, movies, band nights, comedy shows, blues nights and cabaret shows multiple times every week. Add to that, the great Sunday Buffet and the numerous sporting events being televised when there are not shows going on it seems like the Pinnacle is in constant use. It is indeed great to live in Sun City. Please continue to be safe and healthy. Be considerate of others and together we will to enjoy this great community that we live in.

Each candidate participated in a Residents' Forum sponsored "Meet the Candidates" evening on January 10 and a recording of that event is linked on the SCSCAI web page for your review or in case you missed it (see link below*).

COMMUNITY STANDARDS

Wood in Sun City Summerlin

Wood is a wonderful, versatile material with a huge presence in basic home construction, as well as with many common exterior home accessories.

Unfortunately, most exterior wood applications are not compatible with our Nevada desert weather. Wood is not very resilient in our extreme heat and high UV environment and therefore does not readily maintain its long-term natural beauty, nor its beneficial shape, strength or construction characteristics. While most paints and coatings can help preserve wood, they have not provided the long-term protection these items require.

We are finding more and more unapproved decorative wooden items, such as trellises, fences, benches and lattices in our community's yards that are not permitted. We are also finding more substantial items, such as patio covers and pergolas, which have not been approved.

Several violations have been imposed because exposed wood surfaces have dried out and deteriorated, creating peeling, warping, splitting, rotting and loose fasteners, which may make structures unsafe. Of serious concern is that these dry wood conditions eagerly react with natural oxygen, creating a high propensity for the wood to ignite and burn.

For the above reasons, wood items have been restricted for exterior use in Sun City Summerlin since the Community was first constructed. These restrictions remain in place and are broadly defined in our Development Standards. Despite its versatility, wood is not permitted for any exterior purpose in Sun City Summerlin.

Community Standards has identified a satisfactory substitute for some structures, that being aluminum products which have a wood grain finish, the appearance of wood and most of the construction characteristics, we desire. These products have long lifespans, which will minimize future repair and replacement.

Remember, aside from wood, plastics, chain link fences, chicken wire and any type of lattice are not permitted for any exterior purpose.

Contact the Community Standards office for further information – 702-966-1411.

“As I See It . . .”

From the Heart?

By Alan G. Spector /Link

My children refer to Valentine's Day as a "Hallmark Holiday". The card, flower, and candy stores lay out their wares and "red" is the color of the month.

Perfume brands and men's tie makers are hopeful for sales, and somehow even exotic gifts like diamonds, cruises, and even cars are touted as ways to show someone we love them.

Sure, I love getting gifts, and I love giving gifts. I have always thought that the best time to give a gift is when it is not expected, for no reason other than you were thinking of someone, and perhaps even something unusual, that you had to work hard to think of as being the perfect gift for someone.

Is it really that difficult? Sure, it is easy to get over to the drugstore, or gas station, or dollar store and pick out a card. Candy and ties and flowers are abundantly and easily available. No problem. But do those gifts really hit the mark? Is that what is really in your heart? Could we perhaps find some new and powerful ways to show someone they are loved, cared for. . . you know, from the heart?

So, I was thinking of some ideas for this Valentine's Day. Since it is just you and me talking here, these ideas can be our little secrets.

- A gift-wrapped box, with a key in it. "Here is the key to my heart because that is where I keep you every minute of every day."
- Working all day on a creative and unique meal, served by candle light. "I made this feast just for you with love and gratitude for all you do for me and all you mean to me."
- Don't underestimate the power of a foot-rub or massage with soft music and a scented candle. "I am doing this for you as a way of saying you are so special to me."
- Surprises are always great ways to show appreciation. How about a surprise outing to a couples spa or a leisurely walk/hike in nature holding hands. "I just love spending my time and my life with you."
- How about doing the dishes, or washing the laundry, or dusting the furniture - you get the idea, something helpful that you don't usually do. "Honey, I know you do a lot for me, I want to find a way to show you how much I appreciate all you do."

- Tell jokes together, play your someone's favorite game (even if you don't really like it), watch a movie together... "Dear one, I just want you to know I want to share our lives together and have fun together."

After all that, don't forget the diamonds, cars, and perfume!

No, seriously, I understand that this might seem hokey... maybe even childish or naïve. Still, so what! It is wonderful to be childish sometimes, and "hokey" is highly underrated. Perhaps our taking the chance to be different this year will be amazingly welcomed and appreciated. These past 2 years have been pretty stressful... how about busting out with something new and loving? Perhaps Hallmark will lose a sale, but your stock will soar. Who knows what good can come from just opening our hearts and sharing our gratitude, love, and genuine caring with someone in a new and powerful way? Food for thought?

The Real Story of Valentine's Day!

(Sadly, this is one way to show your love!)

There's a true-life story. It's a story that teaches us a lot about love, sacrifice, and commitment—the true meaning of Valentine's Day.

In the third century, the Roman Empire was ruled by Emperor Claudius II Gothicus. He was nicknamed Claudius the Cruel because of his harsh leadership and his tendency for getting into wars and abusing his people. In fact, he was getting into so many wars during the third century that he was having a difficult time recruiting enough soldiers.

Claudius believed that recruitment for the army was down because Roman men did not want to leave their loves or families behind, so he canceled all marriages and engagements in Rome. Thousands of couples saw their hopes of matrimony dashed by the single act of a tyrant. And no one seemed interested in standing up to the emperor.

But a simple Christian priest named Valentine did come forward and stood up for love. He began to secretly marry soldiers before they went off to war, despite the emperor's orders. In 269 A.D., Emperor Claudius found out about the secret ceremonies. He had Valentine thrown into prison and deemed that he would be put to death.

As Valentine was awaiting execution, he fell in love with a blind girl who happened to be the jailer's daughter. On the eve of his execution, with no writing instruments available, Valentine is said to have written her a sonnet in ink that he squeezed from violets. Legend has it that his words made the blind woman see again. It was a brief romance because the next day Valentine was clubbed to death by Roman executioners.

St. Valentine gave his life so that young couples could be bonded together in holy matrimony. They may have killed the man, but not his spirit. Even centuries after his death, the story of Valentine's self-sacrificing commitment to love was legendary in Rome. Eventually, he was granted sainthood and the Catholic Church decided to create a feast in his honor. They picked February 14 as the day of celebration because of the ancient belief that birds (particularly lovebirds, but also owls and doves) began to mate on that very day.

Memorable Valentine's Day Featuring the Link Editorial Board

Special thanks to the Link Editorial Board for sharing Valentine's Day memories with our readers...

Richard and Melody Becker

My son-in-law surprised my current wife with flowers. It was my first visit in 2012 to Las Vegas to meet my now wife. We were told later he dropped in to check me out to see if I would fit the family.

The Crawford's

Each year at Valentine's Day the Crawford's celebrate by inviting friends and family to a chocolate buffet where they partake in homemade desserts and wine.

Ken Caroccia and Molly Sher

The nicest Valentine's Day Ken and I have had so far was a couple of years ago (pre-Covid-19) when we took a two-week cruise in February to Hawaii. That was an extra special Valentine's Day. Thank goodness we were able to do something that memorable because, like many of you, the last couple of years have been quiet celebrations. The picture we're sharing is special because it was taken on my birthday in June when things had started to open up. We went with our good friends, Tom and Rose Robin, to the Hawthorn Grill; it felt so nice to be out enjoying good food with good company! This Valentine's Day is yet to be seen, but if we can't celebrate in a big way, we feel it is more important that you can still be together with your loved one! Happy Valentine's Day! Molly & Ken

Stu and Beth Gershon

My wife and I have spent fifteen Valentine's Days here in Sun City where the sun shines 320 days each year. You would usually see smiles on people's faces and holding the hand of their partner. This Valentine's Day is a little different. You might see a couple holding hands, but you can't see the smile on their faces because we're all wearing masks.

Alan and Melanie Spector

Been lots of places, done lots of things, got lots of memories. We have enjoyed each and every Valentine's Day we have been together

... but the most memorable Valentine's Day will be the **next one!** That's why they all have been great days...we always make the **next one**, the **best one!**

Clarence and Tammy Collins

Funds were tight, but we splurged on a dinner at our local tearoom in Clarendon Hills, Illinois. There was a gentle snow falling, and we had a most romantic dinner in the all candle lit setting.

Patti Tripp. I had reconnected with the proverbial "old flame" from High School back in Pittsburgh. After a long- distance romance of sorts for a few months, it was like going back in time and I loved it. Long phone calls in the evenings, trips back and forth, then the realization I was not that girl anymore. There came a time he flew out here with an engagement ring. It was a beautiful weekend, except for the proposal. End of the story . . . I'm still single!

Wear Red Day: February 4

February is American Heart Month and the first Friday in February is National Wear Red Day. Everyone is encouraged to wear red to raise the awareness of heart disease and stroke. Whether it's your clothing, jewelry, shoes, or hat; wear something red on February 4th. Let's paint Sun City Summerlin **RED** on Friday, February 4th!

RX for a Healthy Heart. If the first thing that comes to mind when you think of a prescription for a healthy heart is Lipitor or Warfarin, think again! While pharmaceuticals can be vital to keeping your ticker ticking, there are many lifestyle options that can strengthen your heart and help reduce your risk for heart disease.

Social interaction and friendships can be as important to your heart health as diet and exercise. Social isolation and loneliness have been closely associated with a higher incidence of heart disease. The question remains whether it is the lack of social interaction that causes the heart disease or if the lifestyle habits of many who are socially isolated (poor nutrition and limited physical activity to name a few) are the culprit. Either way, social interaction is an important part of keeping your heart and your spirit healthy!

As most of us already know, **Diet and Exercise** are key components in the prescription for a healthier heart. The American Heart Association has three basic recommendations: 1) Use up at least as many calories as you take in; 2) Eat an overall healthy dietary pattern that emphasizes a variety of fruits and vegetables, whole grains, healthy sources of protein, minimally processed foods, minimal added sugars, minimal salt, and little to no alcohol intake; and 3) Live tobacco free.

Just as there is a long list of side effects to consider before using pharmaceuticals; you'll need to watch out for some of the common side effects of changing your lifestyle habits . . . lifelong friendships, weight loss, improved fitness, and feeling great!!!

Pam Shields, SCSCAI
Health & Fitness Director

What do you know about your heart?

We have heard many of the facts about heart disease: one person dies every 36 seconds in the US from cardiovascular disease, heart disease is the leading cause of death in the US, etc. Here are some interesting facts about the heart that you may not have heard:

- Your heart beats over 100,000 times per day.
- The heart is about the size of your two hands clasped together.
- Your heart pumps about 1.5 gallons of blood every minute. Over the course of a day, that adds up to over 2,000 gallons.
- There are 60,000 miles of blood vessels in your body. That's enough to go around the world twice.
- The average heartbeat of a woman is about 8 beats a minute faster than a man's heartbeat.
- Your age and fitness level impacts your heart rate. According to the NIH, the average heart rate of children 10+ and non-athletic adults is 60 – 100bpm. In athletic adults it is 40-60bpm.
- The highest number of heart attacks occur each year on Christmas Day. The day after Christmas and New Year's Day are close behind.
- More heart attacks happen on a Monday than any other day of the week.

NATIONAL SNACK FOOD MONTH

Five Healthy Snacks For Better Health

According to Healthline.com, while research on whether snacking aids weight loss is mixed, some evidence suggests that increasing your meal frequency through snacking may help manage hunger and improve blood sugar regulation. Additionally, snacking can help you increase your intake on nutrient-rich foods like fruits and vegetables.

- **Mixed nuts.** Nuts are an ideal nutritious snack, providing the perfect balance of healthy fats, protein, and fiber.
- **Red bell pepper with guacamole.** The combo of red bell peppers and guac gives you plenty of nutrients that help keep you feeling full for hours.
- **Greek yogurt with mixed berries.** Greek yogurt is high in protein, and berries are one of the best sources of antioxidants around.
- **Apple slices with peanut butter.** Note that many store-bought peanut butter brands contain added sugars and oils. Check the ingredient list and choose one that only contains peanuts and salt.
- **Cottage cheese and fruit.** The combination is exceptionally good when combining the cheese with tropical fruits such as pineapple, papaya, or watermelon.

OUR VALENTINE STORY

Doug and Janice Oliverius

Valentine's Day is around the corner. I am lucky to have a beautiful and loving wife Janice, to share these golden years together. We met here in Las Vegas in 1977 and I was immediately smitten with her. Our first date was at the Peppermill and seeing the movie *Staying Alive* at the old RedRock theater. We were young and I was going into the Navy. We kept in touch over the next 30 years. We reconnected in 2007 and started dating again. It was like we had never been apart. We planned on getting married but Janice was diagnosed with Breast Cancer. She was only given a 30% chance of surviving. I promised her we would get through it together. We found

a clinical trial that saved her life. In 2010, she was pronounced cancer free. We were married. We sold our home in 2020 and had to move in March. The COVID-19 Pandemic began and Las Vegas closed. We were unable to move into a new home. We had a family member that had a house and they were in New Mexico due to the pandemic. We purchased our home in Sun City. We have lived here for a 1-1/2 years and love it. Even though the pandemic has limited what we can do at times, we have made the best of it. If we have learned anything during this time, it is that love can endure lots of things. Life is short, so enjoy and be happy.

It's that time of year – it is Valentine's Day!

The pressure is on, so get ready to pay
for the gift you must get and you'd best get it right
or you'll find what's ahead is a VERY long night . . .

Be it candy or flowers, you must give it some thought;
and a gift for the house? . . . well it just better not!

Now you must rack your brain, and try to remember
if there was something she mentioned way back in September!

Your job here is taxing, 'cause if you get it wrong
the dog house will be where you'll find you belong!

If you are so inclined to get the man in your life
a Valentine's gift, well there isn't much strife.

Men are easy to please, seems the simplest thing
puts a smile on their face, which is easy to bring.

Some golf balls, a six pack, maybe boxers or briefs,
or a day watching sports filled with silence not grief.

"Men are from Mars . . .", or so it's been said,
and women – you never know what's going on in our head.

I know for a fact, we can 'turn' on a dime –
and there are days when it's only a matter of time.

If you're female or male, the task now at hand
is to make sure you take a few minutes to plan
to just bring a smile to your spouse or your friend,
and you'll find 'peace on earth' when day comes to an end.

Now, listen for hints, and men, pay attention –
you can bet what she wants has already been mentioned.

And ladies, a man may not want fancy stuff,
but give it some thought, and make sure it's enough
and it's something he'll use, and just not go in a drawer –
if he wants it, doesn't matter if YOU think it's a bore!

It may not be the gift that means sometime to you –
but on Valentine's Day, that's not what we do.

It should make THEM happy, so do not make a fuss –
know when giving a gift, it is not about us.

So no matter the gender of the person you love,
be they family or friend, they're our gift from above.

Try to make this day special, matter's not what you paid;
if it's given with love and the effort you made!

About Me: Doug Wong

Hello, I am Douglas Wong, Director of Information Technology at Sun City Summerlin. I was born in Upstate NY and lived in Yorktown Heights, NY before moving to Staten Island, NY at the age of 1. I attended Moore Catholic H.S. and continued my education at Monmouth University, Lincoln Tech and Berkeley College.

Both of my parents worked on Wall Street where my father was an Investment Banker and my mom worked with stocks and bonds.

While in New York, I worked for an IT Company who at the time had an office here in Las Vegas. This allowed me to continue working for them when I moved out here. When they moved to Atlanta, GA, I decided to stay in Las Vegas and eventually began to work for SCSCAI.

I have been with SCSCAI for 5 years, and it has been a pleasure to serve the community. I will continue to do my best as the IT Director now and far into the future.

The gift of Love *For Yourself!*

When I think of the month of February, I always think of St. Valentine's Day, love in the air, and people expressing love for their partners, children, friends, and neighbors.

It got me to thinking, though, about love and kindness for the individual person. I'm sure you've read articles on being kind to yourself and being your own best friend. I was brought up to believe that every job I did, no matter how big or small, or how important or mundane, was to be done to the very best of my ability. To be honest, I felt that the trend to "be kind to yourself" or "treat yourself as your own best friend" was more just excuses to soothe those who failed to do the best they could.

Come to find out, many people question self-love's importance or believe that it sounds too selfish and narcissistic. Other reasons given for not lending importance to self-love are that things seem hard to do, we avoid them by saying things like I'll take a break and focus on myself after I've taken care of my family; I've been surviving on five hours sleep for years so how bad can that be; I have too much to do; noticing my feelings and journaling seems like a lot of work.

But this year, after 2 years of COVID-19 I started to wonder if just maybe, love, kindness, and compassion for oneself might be something we could all use. And so, I researched a few psychological articles to see what self-love is all about.

Turns out being one's best friend is not at all an out for those who feel they didn't do the best they could; to the contrary, it's a healthy way to treat yourself which in turn allows and motivates you to be kind to others, not to mention the better quality of life one can experience filled with more joy.

"Self-love means that you accept yourself fully, treat yourself with kindness and respect, and nurture your growth and well-being." (Psychcentral.com)

One article suggests that we just try to treat ourselves a little better than we did yesterday. Another therapist suggests that writing down what we are going to do for ourselves increases accountability and makes it more likely we'll follow through.

One researcher, Christopher Germer, co-developer of the "Mindful Self-Compassion Training Program," says there are many benefits to be derived from learning to have compassion for oneself. Research has shown that those who engender in themselves the qualities of compassion and kindness, as they would a dear friend or a beloved relative, experience greater happiness, higher optimism, more good moods, and a greater sense of wisdom, to name a few.

What are small changes one can make to be good to oneself? It might be lighting a candle when you get home, read for 10 minutes before bed, do a puzzle or creative activity; stretch for 5 minutes, spend 15 minutes free of electronics.

Experiment yourself! Try a 28-day challenge for the month of February and discover your own improvements!

"You've been criticizing yourself for years and it hasn't worked. Try approving of yourself and see what happens."

SECURITY PATROL

Lite the Nite

If your family does not want an uninvited guest, please, please light up your property!!!

Even though many break-ins happen during daylight hours, the nighttime covers illegal activities with a curtain of shadowy places for questionable persons to hide and attempt to grab your treasures!

Have you been outside this year after sunset to check your address lights? Grab a coat and do that tonight. If you do have an emergency of any kind, no one can help you if they can't find you. Check with Security Patrol on replacement bulbs or replace the address equipment with an HOA approved new model. So many of our neighbors do not even realize their address lights are inoperable. If you cannot go outside after dark, give call to our office and we may be able to have one of the patrol officers check for you as they make their regular rounds.

Look around your property while you are out there shivering in the night air chill. Is it dark and attractive for creeping around or is it well lit and unappealing to a would-be intruder. Our good friend from Las Vegas Metro Police, Randy Klenosky, says "This can be accomplished with porch lights near your front door, carriage lights over your garage, up lighting in your landscaping and fixed lighting along the sides and rear of your home." (*Note: don't forget to turn them on!*) He further suggests, "Most home improvement stores have a wide variety of affordable options these days to consider. If homeowners are not handy and are looking for 3rd party vendors to provide lighting or security enhancements: a great resource is the Nevada Security Association. Members are all licensed, insured, and bonded and can be located at nevadasecurityassociation.org" or use your favorite handyman.

Also, if adding lighting – consider 2-in-1 systems that have surveillance cameras along with motion sensor lighting. These systems provide lighting when someone enters the set motion zone, but also records to provide potential evidence if a crime is committed. These systems also provide instant alerts to the homeowner, who can then actually speak through the device to the subject and/or activate a siren alarm to deter unwanted behavior on their property.

So many folks in Sun City are dog owners. They are out and about any time of the day or night when the pooches ask to head down the street for exercise and, well, you know. After the

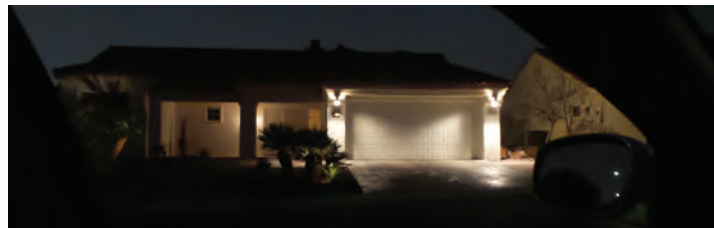

sun goes down, can drivers see you? Or are you and your doggy just a big black shape? SOLUTION: Have a vest with reflective material for the human half of the duo; grab it before leaving the house. Better yet also have reflective material on the collar or lead of your favorite canine. Check your favorite pet supply store or on line for these bright and colorful lifesavers. Suddenly the image seen by a driver DOES "Lite the Nite".

Next, remember the interior of your home, especially if you are having a night out. Calling on Randy again for suggestions, "When away at night or on vacation, have lamps, TVs, or radios on timers so it gives the look of occupancy. Criminals are less likely to target homes if they believe someone is inside."

Dial 911 FIRST if you have an emergency, then call Sun City Security to check if we can be of assistance.

Working Smoke Alarms Save Lives

By Rick Rozier,
Deputy Fire Marshal

The "Sun City Smoke Alarm" program started in August of 2019 with one simple mission: to make the residents of Sun City safer by modernizing obsolete and failing smoke alarms and by providing important fire and fall prevention educational tips. Nearly two and a half years later we are well on our way to accomplishing this goal. As with most good things, bringing this program from a good idea to a reality has not been easy. We evolved from hosting monthly town hall meetings to a more user-friendly sign up process. We are navigating this unprecedented global pandemic with all its frustrating variants. We have had to solve supply chain issues with our resource partner, Lowe's. We have also dealt with labor shortages within our department. With the help of five separate licensed electrical and fire alarm contractors, countless volunteers, Michael Pennock, your Neighborhood Preparedness Team (NPT) and the tireless efforts of the program's manager, Fire Inspector Zach Collins, we have kept the program on the right path and continued to provide this valuable service to our friends in Sun City.

What have we accomplished to date? As of January 2022, we have installed nearly 5600 new smoke alarms in 1210 homes. This included providing additional smoke alarm coverage in hundreds of homes to bring the properties more in line with current codes and standards. It also included installing carbon monoxide detectors in all the residences, where none previously existed.

Inspector Zach Collins removing an old smoke detector.

What can you expect in 2022? Due to the uncertainty of this pandemic, we have decided to limit the number of new applications accepted per month. Starting January 17, 2022, we will accept the first 250 applications. If you will be available from January 17 – February 28, 2022, feel free to sign up. Additional months will open once the prior month's installations are completed. Please note that additional delays could occur if smoke alarms become unavailable due to supply chain issues. *Applications are available at the Social Monitor Stations.*

Enrolling in Medicare and choosing a plan is one of
the biggest decisions you will make. You should be
educated about all of the rules before you decide.

- Are you turning 65?
- Did you recently retire or lose group insurance coverage?
- Did you recently move into the area?
- Are you having trouble paying for your co-payments or medications?

If any of these apply to you, please stop by or call PGIA Medicare Health Plan Options to get connected with a licensed agent.

For accommodations of persons with special needs at meetings, call (702) 825-2307, TTY 711, M-F 10a-2p. By calling the number, you'll be directed to a licensed insurance agent.

Billiards

Billiards or pool has been around for more than 100 years. The social side of pool has played an important role in the lives of thousands of people. Decelerate the aging process and perk up several cognitive functions. Polish the psyche and come visit us at Desert Vista on Monday, Wednesday, or Friday at noon. For more information, call Gavin Lightner at 838-2767.

CLUB SPOTLIGHT SUNSHINE SERVICE CLUB

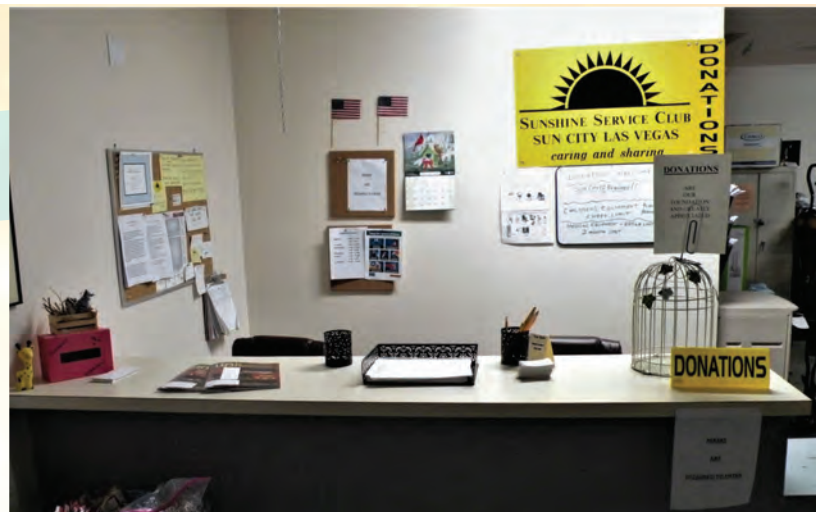

We are the Sunshine Service Club made up of dedicated volunteers from our Sun City community. We spread sunshine by loaning medical equipment and baby furniture. When grandkids visit there are highchairs, booster seats, strollers and flip beds available for loan up to two weeks. If you need some help after surgery or a fall, check out our canes, crutches, walkers, transporters, wheelchairs and shower chairs. Residents can borrow these for two months.

The Sunshine Service Club accepts food donations for the Salvation Army. We also accept flip tops and Betty Crocker labels.

Our warehouse is located at the back of the Desert Vista parking lot. We share the building with Security and our doors are by the pickle ball courts. We are open 9 a.m. to 11 a.m., Monday through Saturday, and from 1 p.m. to 3 p.m. on Monday, Wednesday and Friday. Masks and a Sun City I.D. are the only requirements to loan our products, but donations are greatly appreciated.

Volunteering is good for the soul. If you would like to help us out, pick up an application at the warehouse or come to a meeting held at Desert Vista the first Monday of every month at 11 a.m., or give Beth a call at: 412-477-5861.

People Walking on the Golf Course

Just a reminder, pedestrians and dogs are not allowed on our golf courses at any time.

Some of you may come from areas where in the winter when the course is closed, early morning or late afternoon people may be allowed to use the courses for walking.

Our courses are not only open year-round, between maintenance and tee-times our courses are either being maintained or golfed on all daylight hours.

There are many safety reasons why pedestrians should not be on the courses at any time, some you may not have thought of;

- The courses are designed to be accessed by golf carts, the ground, turf, and cart paths were not built and are not maintained for walking.
- Walking while golfers are on the course is dangerous. According to Golf Digest, an estimated 40,000 people each year seek emergency medical treatment due to injuries caused by **errant** golf balls and flying club heads. A golf ball hit by a golfer can be traveling as fast as 148 mph or more.
- When there are no golfers on the course, we are maintaining the courses with chemicals, fertilizers, and watering with non-potable water. While none of

these things are poisonous, you certainly do not want to subject yourself or your pet to them.

- We use large noisy equipment on the courses. Our workers know where the golfers are and know how to look out for them. The same cannot be said about pedestrians and dogs.
- Our golf courses have no lighting and do not have pedestrian walks so they can be dangerous for you to walk on.
- Coyotes have dens on our courses, and we would hate to see your pet attacked or you injured trying to protect your pet.

Seasonal golf courses have the flexibility of allowing people and pets on their courses during the winter months when there is no maintenance, watering or fertilizing, since our courses are open year-round, we have limited hours to care for our courses and we do put chemicals down during the times no one is to be on the course.

For your safety, safety of your guests and safety of your pet, please do not access the golf course for any purpose other than to golf and then do so by checking in at the Pro Shop during business hours.

Thank you,

Mitzi Mills, Executive Director
