PRESIDENT'S MESSAGE

As I look back at 2021 it reminds me of 2020. We have had to give up so many things that I am even more excited about the future. We as a community have gotten through these last two years in large part because of willingness to adapt to our circumstances. We as a community have become more patient, more tolerant and more forgiving. We now as a community can be looking forward together. The New Year will bring new challenges, to be sure, but I am going to take the attitude that I will have new opportunities in this new year to accomplish more. Your Board will also take on the New Year with a positive attitude and move forward with not only the projects budgeted for in the current fiscal year but take the opportunity to continue with the overall plan of not only keeping our facilities maintained but beginning the process of refurbishing and/or replacing as is necessary to keep our community centers and our outdoor facilities from becoming outdated. We all have seen the efforts of many of our new residents in modernizing their recently purchased homes. We have also seen ourselves; our friends and our neighbors update their homes in the community. We would be less than responsible if we did not take the same action with all of the Sun City assets.

You can be as involved in this process as you would like to be. **VOTE:** the election for your Board of Directors is happening right now. Budget hearings for fiscal year 2021-2022 will begin at the end of February and continue through March until completed. These meetings will be available by Zoom. Your comments and suggestions are welcome. Particular attention will be paid to addressing the future of the community and what expenses will need to be made soon as well as what expenses will have to be considered as necessary in the next one, two, three, five or ten years. As I said earlier, there will be opportunities this year to not only look to but plan for the future of our community.

Many of the residents that I have spoken with are looking forward to the same travel opportunities that Beth and I are. Perhaps traveling out of the country. Perhaps traveling to visit family or friends that one could not in the last two years. Perhaps having family or friends come to visit now. Perhaps taking in more of what Las Vegas or Sun City has to offer. Beth and I have expanded our activities to include three visits to the Smith Center to see live performances in the last week before I typed this article. We have seen three live performances at our Starbright Theatre in the last month as well. Consider making 2022 the year of **OPPORTUNITY**. Get out more. Resume some of your deferred activities and take on new challenges and activities in the coming year. But, most of all: be safe, be well, and be considerate of others.

Candidate Information Statement

Dear Fellow Sun City Summerlin Residents,

As a member of our wonderful community for a bit over a year, I am pleased to present myself as a candidate for the position as a Director on the Board of Directors of our Sun City Summerlin Community Association.

My wife Mary and I plan to stay for the long run!

For the past 30 years in my previous community, I have been involved in many foundations and associations, serving on boards supporting students, seniors, veterans and athletes to better their lives and support their activities. I served in leadership roles as Committee Chair of many finance and investment committees, Treasurer, Vice President and President in the following organizations:

- Santiago Canyon College Foundation
- Orange Public Library Foundation
- Community Foundation of Orange
- Association of Intelligent Information Management
- Association of Records Management Administrators

As a successful business owner, I have run two businesses, having started and selling my first and currently running my second firm, involved in providing Business Process Automation solutions to firms across the country. In this capacity, I negotiate with both vendors and customers to get the best value for all involved in any transaction, and would do the same for our community when elected.

Currently I sit as a director on my Sub-HOA, and have the understanding and experience of directing an HOA.

My goal is to support the needs of every member of our community and all involved in keeping our community running smoothly in a transparent and open manner, focused on sensible management and fiscal policies.

Thank you for this opportunity and I look forward to serving you.

Sincerely,

Larry D Cohn

Steve Commander is for 'WE the people...' of Sun City Summerlin.

PERSONAL

I was CEO of an online retail business in New York, Assistant Treasurer for a major bank, obtained my Financial Adviser license and was a Board of Director member of my Temple. I became a full time Financial Adviser in 1990 with an office, staff and helped a myriad of clients reach their financial goals. My wife Diana and I retired in 1999 and moved to Las Vegas. During our twenty years in Sun City Summerlin I continue as a Financial Adviser. I am the Sun City Investment Club President going on ten years and Past President of Temple Bet Knesset Bamidbar, 2016-2018. I participate in clubs and utilize the Fitness Center. Diana and I are actively involved in numerous charities such as the Las Vegas Rescue Mission, Shriners, Wounded Warriors, Tunnel2Towers, Project 150, and Crestwood Elementary School. I won a bronze medal in swimming during the 2010 Nevada Senior Olympics.

SUN CITY

During the past few years I heard, and experienced unpleasant changes in our Sun City Summerlin leadership team that must be redirected. Leadership personnel must be held accountable. Based on my experience, expertise and business success, I would be a great SCSCAI Board of Directors member who will be accessible and accountable to 'WE the people...' of Sun City Summerlin to ensure concerns and issues are heard and treated fairly and honestly.

CONCLUSION

Because I am one of 'WE the people...' of Sun City Summerlin, I humbly ask for your vote for the 2022 Sun City Summerlin Board of Directors

Sincerely,
Steve Commander

KENNETH RESNIK

- ASSOCIATION BOARD MEMBER FOR 9 YEARS
- TREASURER OF SUN CITY (2 TERMS)
- CHAIR OF FINANCE COMMITTEE (1 TERM) AND MEMBER FOR SIX YEARS.
- CHAIR (1 TERM) AND MEMBER OF INVESTMENT SUBCOMMITTEE –6 YEARS.
- CHAIR OF LEGAL SERVICES (1 TERM) AND MEMBER FOR 8 YEARS.
- CURRENT CHAIR OF GOLF OVERSIGHT COMMITTEE
- MEMBER OF PROPERTIES COMMITTEE 1+YEARS
- SECURITY PATROL MEMBER FOR 5 YEARS
- VETERAN

My wife Phyllis and I are beginning our 16th year in Sun City. Despite the effect Covid has had on our activities, we still enjoy our friends, the limited activities permitted and believe ourselves so lucky to live in Sun City Summerlin.

I have used the experience gained in my 45 years as an Attorney and A Judge to help our community. Cautious and necessary expenditure, adherence to the requirement of the statutes that govern us, and transparency are my guiding principles. I believe that these principles have gone a long way to maintaining our homes at a high value, not just this blistering real estate market.

I am proud to have been instrumental in and supportive of the improvements made, such as;

- Wifi in all our buildings,
 - The complete replacement of the watering system on our Golf courses,
 - New lighting in our parking lots and throughout our buildings,
 - A state of the art Ultraviolet System to kill the germs and viruses in Mountain Shadows,
 - New software to track our funds;
 - Revised and new Banking and Investment relationships,
 - Additional library space,
 - Enlarging and enclosing Tavern at the Falls Restaurant.
- and many other improvements, while **always** maintaining a reasonable budget and adequate reserves.

I ask for your vote and continued support.

KENNETH RESNIK

Dick Clark For SCSCA B.O.D.

It has been my honor for the past three years to serve you, the residents of Sun City, as a member of the Board of Directors. In my first year I continued to serve as a member of the CCOC committee and became its chairperson. I was elected by my fellow Board members to serve as President of the Board of Directors in both my second and third year as a Board member. In addition to my duties as President of the Board, I served as chairperson of the CAP (Common Area Properties) committee. As a Board member, I thought that I should attend as many meetings of the other committees as possible. As Board President, my commitment to attend those meetings has increased. I have attended meetings of every committee in our community. If re-elected, I would like to continue to serve, paying particular attention to where our community is going or should be going in the next three to five years and beyond. There are new challenges every year. I see the challenge for the next few years to be that of maintaining our existing facilities. We should look at improving what we have as well as adding whatever might be needed to provide the residents the greatest opportunities to enjoy existing or new amenities. This can and should be done in a fiscally responsible manner. My goal is to enhance your Sun City experience no matter if you are a golfer, walker, playing on outdoor courts, card player, club member, participant in any of the “craft” rooms or studios. My goal also includes enhancing your entertainment and dining experiences as well.

I think that my experiences in serving on the Sun City Board as well as my experiences in business and local government will enable me to better serve you. I Practiced law for nearly 40 years. For over 20 years I was a city attorney for one of the suburbs of Detroit. I worked as volunteer for many organizations and causes. The one that I feel best about is my 40 years as a Special Olympics volunteer. I served on the Michigan Special Olympics Board for 12 years and was its president twice. I was elected to its Wall of Fame in 1993. Here in Sun City my wife, Beth, and I have belonged to Security Patrol for 10 years. I have served as a driver, a dispatcher, a Watch Commander, a Head Driver twice and as its Chief in 2017. I work at least two shift every week.

Beth and I will have been married for 53 years in March. We have two children and five grandchildren back in Michigan. We have lived in Sun City since 2010. I am going to borrow the Security Patrol motto as I would like it to be my campaign slogan and promise “Neighbors Helping Neighbors”.

Norman was a professional photographer and photographed over 1,500 weddings. Since retiring he became the President of the Photography Club and is active in other clubs. He writes and photographs “Club Spotlight” articles for the LINK and also “Stories of Service” honoring the military service of members from our community who defended our Nation and who continue to do so.

Norman is on the board of the LINK and uses his professional photography experience to work with members of our community promoting our clubs and Sun City in general. However, since February 2020, we have battled COVID, a virus that continues to attack and divide us.

Norman is also on the board of the Nevada Nurses Association (NNA) and since 2016 his Infection Prevention articles have appeared in every edition of RNformation, the periodical of the NNA.

He volunteered to join the Battle Born Medical Corps and vaccinated thousands against COVID in rural areas from Pahrump and Tonopah to Panaca. He has a professional relationship with many officials in the Southern Nevada Health District (SNHD) and with the Nevada Department of Public and Behavioral Health.

Norman contacted the Southern Nevada Health District which resulted in the SNHD coming to vaccinate at Mountain Shadows. He advocates against vaccine disinformation by presenting accurate facts proving how safe and effective the vaccines are. Data from the SNHD verifies vaccines prevent hospitalization and deaths. The unvaccinated in Clark County are over 8 (eight) times more likely to die from COVID – Norm hopes knowing the truth will encourage some who remain hesitant to get vaccinated.

We range in age from 55 to over 100. Some have lived here since the beginning (over 31 years ago) while many others just recently moved in. Living here since 2013 has given me an understanding of the various needs of our neighborhood as they relate to our oldest and youngest citizens.

I am in favor of the current board’s initiatives to examine how space in our facilities is utilized and if elected I will work to achieve their most efficient use, while respecting and balancing the rights of all.

Being a Sun City board member also involves resolving issues and learning personal things about people. Being an RN for over 40 years and understanding HIPPA gives me the experience to keep private matters private.

My name, **Norman Wright**, is last on your ballot. Review the prior names but please save at least one of your three votes for me. I will strive to keep our community healthy and vital.

That is my promise.

A handwritten signature in black ink that reads "Norman Wright RN, BSN, MS". The signature is written in a cursive style with a horizontal line underneath.

AS A CERTIFIED WHOLISTIC HEALTH EDUCATOR, I was trained to help clients by examining five areas in their lives: physical, emotional, nutritional, environmental, and spiritual. The goal was to help the person deal with whatever problems they were having by dealing with the "big picture." All well and good!

BUT as one religious leader said to me, "Good intentions pave the road to hell." So, how do we become the best person we can be in the New Year when it's so hard to keep those resolutions? Why do sometimes we feel like we take two steps forward towards our goals only to take a step back? Is there any way to somehow train our brains to reevaluate old habits and create new ones? To help us all improve ourselves in the New Year, I took a mini course on "Neuroplasticity: How to rewire your brain," and would like to share the information with you:

It turns out, you can "teach an old dog new tricks" as our brains are constantly making and building connections. Simply put, the more you shake things up in your world via change, the more connections are built. A brain that isn't challenged ceases to grow and eventually deteriorates.

Simple things to help challenge the brain that one can do, and I tried are:

- Shower with your eyes closed. Caution! I did this and to be on the safe side, be sure that you only close your eyes cleansing with your cloth or sponge.
- Try using your non-dominant hand to write yourself a note. Do this throughout the day. Doing this exercise, I felt I had to slow down and concentrate so I was more "mindful" of what I was writing.
- Eat something new, paying attention to the texture and taste.

Just shaking up our routine will stimulate the brain! Leave your comfort zone and do something new, be it learning a skill, a language or traveling.

But how do we replace a bad (or old) habit with a new more positive habit? The brain will literally do what you tell it to do but will follow routine. And the brain will resist change if you simply say, "I'm on a diet to lose weight." In fact, the brain may resist in such a way that despite your good intentions you end up eating more than you ever would have. So, what do we do?

Professor Gregory Caremans suggests the following in the mini-course I took:

- Make a list of things you enjoy doing.
- Establish enjoyment with the new habit. By joining the new habit with something you enjoy, the brain easily adapts to the new habit.

Write down a goal or a couple of goals you'd like to work on in this brand New Year. Figure out the baby steps you will take towards this goal.

One final word about whatever goal you choose – be it losing weight, getting fit, becoming more organized in the house, following a new budget; remember this: We humans are a work in progress the whole time we are on earth, and so "slips" or realistically being able to meet even half of your goal is cause for celebration and a pat on the back."

We have a brand new year to look forward to. This is the perfect time to reflect where we'd like to be or what we'd like to accomplish in this coming year, and with a good positive and forgiving attitude, we can do this!

"When you're young, you're encouraged to try new things. At a certain age, nobody says that to you anymore. If you're lucky enough to be alive, why not say yes to all of it at any age?"

This year, we were able to apply federal stimulus money to implement some of the On Board elements that you told us were important.

What you tell us today will help to continue to shape the future of mobility in Southern Nevada, so your participation is critical. Investment Club: Special Meeting

Wednesday, January 26, 2022

"The Sun City Summerlin Investment Club is proud to announce that the Financial Industry Regulatory Authority, FINRA, from Washington, D.C. and the Nevada Secretary of State Security Division will be its special guest speakers on Wednesday, January 26, 2022, at Desert Vista @ 7:00pm. Join us for a discussion of emerging investment trends, tips for keeping track of your investments, strategies for spotting and avoiding fraud, and tools offered by financial regulators to help you become a smarter, more informed investor, etc. It is also very important for YOU to know how FINRA and the Nevada Security Division protect you.

FINRA is the single largest independent regulatory body for securities firms operating in the United States. FINRA oversees more than 3,500 brokerage firms, 154,000 branch offices, and nearly 625,000 registered securities representatives, as of 2019. FINRA regulates the trading of equities, corporate bonds, securities futures, and options.

FINRA has the power to fine or ban brokers and brokerage firms that violate its rules. FINRA has 19 offices across the United States and over 3,000 employees. In its enforcement capacity, FINRA has the power to take disciplinary actions against registered individuals or firms that violate the industry's rules. In 2019, FINRA reported that it initiated 854 disciplinary actions, levied fines totaling \$39.5 million, and ordered restitution of \$27.9 million to investors. FINRA expelled 6 member firms and suspended another 21, while barring 348 individuals from the securities business and suspending another 415. In 2019, FINRA referred 827 fraud and insider trading cases to the Securities and Exchange Commission (SEC) and other government agencies for prosecution.

The Nevada Secretary of State's Security Division law imposes a statutory fiduciary duty on Broker-Dealers and Investment Advisers. It prohibits the unethical or dishonest practice in the securities business of utilizing certain "senior designation" certifications, as well as other unethical conduct. It is a violation of the Nevada Uniform Securities Act to make any materially false, fraudulent, or fictitious statement or representation; present as genuine a document or record that has been forged or fraudulently altered; destroy, alter, erase, obliterate, or conceal any document or record with the intent to conceal violations of the Nevada Uniform Securities Act, conceal the identity of any person who has violated the Act, or to delay or hinder an investigation.

This is a free educational program brought to you by the Sun City Summerlin Investment Club on January 26, 2022, at Desert Vista @ 7:00pm. Due to the substance and importance of this meeting, an RSVP is requested ASAP due to limited seating. **Kindly email your RSVP to Investment Club President sdcommand@centurylink.net.**

KRYSTA PALMER OLYMPIAN

Hosted Event On November 24, 2021

Krysta Palmer, native Nevadan and niece of a Sun City resident, hosted a Meet & Greet on Wednesday, November 24, 2021, at Desert Vista. **Attend our Free - Living Trust Seminar & Learn
Wednesday, January 26th at 11:30 a.m. at Desert Vista**

TrustMasters, is a local Nevada living trust preparer with 40 years of combined experience helping individuals, couples, families, and businesses with their estate planning legal document preparation.

Life is unpredictable; it is vital to have legal documents in place prior to unseen events. Often people think an estate plan is only for rich people! This is not true. Anyone who owns a home, a condo, or a mobile estate needs to have a living trust. At **TrustMasters** we have simplified the process of preparing a revocable living trust, saving you time and money. Unlike Nevada estate planning law firms or living trust attorneys that charge by the hour or by the document, we offer a flat fee for our revocable living trust preparation.

Attend our Free-Living Trust Seminar & Learn

- Why NV Trusts are ranked #1 out of 50 States!
- Why you must have a NV Trust if you have an out-of-state Trust
- Wills vs Trusts
- Why you need a Trust if you own a home!
- How you can protect your home from lawsuits & creditors for \$136
- Why you need POA's for HealthCare & Finance
- How you can save \$400-\$700 on a Trust Package, etc.

HEALTH & FITNESS

The Future of Health: Integrating Medicine and Fitness

We all know that Americans are living longer than ever before. Some of the contributing factors to this increase in life expectancy are medical advances, increased activity levels, and improved access to health information.

A more recent development is the gradual integration of traditional medicine with non-traditional approaches like exercise, nutrition, and meditation to treat illness and promote overall health and wellness. Who among us has not had a doctor suggest that we eat a healthier diet, or get more sleep, or become more active?

The coming together of these disciplines is the focus of the Health & Fitness Department for 2022!

Pam Shields, SCSCAI
Health & Fitness Director

Throughout the year, we will provide seminars, workshops, classes, and activities that focus on a wholistic approach to improving and maintaining our health. This includes, but is not limited to:

- Monthly lists of health and wellness resources
- Workshops on rehabbing after a shoulder/knee replacement or surgery; how to exercise safely with certain medical conditions; conditioning for a specific sport or activity
- Lunch & Learn sessions with local healthcare practitioners

If you live in this community, you are probably experiencing or soon may be experiencing one or more age-related or other chronic medical conditions.

Regardless of whether we are feeling perfectly healthy or are dealing with multiple medical conditions, we tend to rely heavily on our doctors to manage our healthcare and treatments. Our doctor(s) should be a major part of your healthcare plan, but we all need to be active participants in our own healthcare. We have more control and more options than we may realize when it comes to managing our health.

Throughout 2022 and beyond, we hope to provide you with the kind of information and experiences that will help you improve your health and happiness and lead to a longer, higher quality of life.

Junior's Detective Work

Many of you may not know Corey Rosencrans, aka Junior, a 5-year employee here in Sun City. Junior is our golf cart mechanic responsible for taking care of 210 golf carts, 3 ranger carts, 4 range pickers and 3 beverage carts along with several other requests from management around our facilities. Junior is not only a great employee but a great detective as well. On November 1, 2021, a Sun City golf cart was stolen from Eagle Crest golf course. Junior spent his weekend researching golf carts for sale in the area on sites like Craigslist and Offer Up. Lo and behold he came across a golf cart that looked to be the Associations golf cart with a new seat cover and wheels for sale in Henderson. Junior immediately contacted me with the information, and we began to plan our "recovery mission". We made an appointment to "test drive" the cart. When we arrived, we immediately noticed the warning sticker on the windshield, the sticker was created for Sun City Summerlin carts telling golfers to yield to oncoming traffic while playing our courses. During our "test drive" we confirmed that the serial numbers and asset tag on the cart matched our records and took photos

By Donny Long,
Director of Golf

to show the police. Following our "test drive" we contacted Detective Izzo assigned to our missing cart case. Detective Izzo put a plan in place that same evening to test drive the cart. Junior and I drove to Henderson with Junior's trailer and waited for

Detective Izzo's phone call. Detective Izzo and his team were able to confirm that it was in fact the Associations cart and we were able to load up the cart and bring it back to Sun City with no damage. Detective Izzo and his team have concluded that the gentleman selling our cart was not in fact the culprit, but he had purchased the cart from the likely suspect. The gentleman who was in possession of the Association golf cart was smart enough to make a non-cash payment to the thief so Detective Izzo has the information of the thief and is working on tracking him down. I want to thank Junior for going above and beyond and not only investigating but solving the missing cart case. If you see Junior traveling between the three courses or working on a cart, please stop by and thank him for the outstanding service he provides the Association.

SECURITY PATROL

New Security Patrol Board

Alan Lebarts, Chief

I have 3 areas of focus for this next year:

1. Continue to recruit and develop our membership
2. Create an Evolution Committee to focus where Security wants to be 3 to 5 years from now.
3. Crime Prevention for our community.

Michael Pennock, Assistant Chief

I will continue working with the recruitment committee to increase the new members in the Patrol. Integrate them into their new, routine duties. Then work to bring them into new positions of responsibility within the Security Patrol.

Janet Bailey, Treasurer

My goal as Treasurer is to find an assistant to work with me and the great team who report to me, i.e., motor officer, car washing team and the uniform shop. I also look forward to working with this year's Board for a positive year to hand over to next year's Board.

Dorothy Macchio, Personnel Officer, 2021

My goal for 2022 is to leave an efficient Personnel department to the next Personnel Officer. To accomplish this, I will work with the team of Security Patrol members who work within the Personnel department on the myriad of jobs - assistant to the Personnel officer, scanning documents, identification badges, timekeeping, membership awards, and recruiting. In addition, there are many one-time activities that need to be completed in a timely fashion. I have inherited a great team, and together my goal will be accomplished.

Darlene Vaturi, Secretary

As the Secretary I am responsible for:

1. Ensuring meetings are effectively organized and minuted.
2. Maintaining effective records.
3. Upholding the requirements of security's procedure manual. I will also direct the positions listed under me.

Front: Alan LeBarts-Chief + Michael Pennock-Assistant Chief. Back (Left to Right): Darlene Vaturi-Secretary, Janet Bailey-Treasurer, and Dorothy Macchio-Personnel Officer.

Smoke Alarm Replacement Program

The Sun City Smoke Alarm Replacement program is moving along. We are finishing up installations for people who, in many cases, paid for the project just before the start of The Pandemic. They've been patiently waiting almost 2 years!

This is a program of the Las Vegas Fire and Rescue, with some organizational help from the NPT. And, NPT has stepped up to help move things along faster. We recently took over responsibility for scheduling installation appointments. Previously the Fire Service had been doing this. But we know how it goes. Somebody calls you, you don't recognize the number, so you don't answer. That was happening waaay too often for the fire service. They would spend up to 40% of their time just trying to schedule appointments. Now it's done by the NPT so 100% of our installer's time is spent actually installing alarms! How cool is that?!"

“As I See It . . . ”

“Life In Technicolor”

By Alan G. Spector /Link

Sometimes life can seem rather monochromatic, dull, and aimless . . . unless you open your eyes and open your heart. I consider myself extremely fortunate to have been asked to write this column each month for the past 18 months (though Mitzi originally said when she asked me "Just try it for a month and see how it goes!") This opportunity has been really amazing for me, especially when I get to meet people who have been touched, inspired, or enlightened from one of my columns. I am so fortunate to receive such remarkable comments and feedback that all the effort is more than worth it. I have been blessed that I have been able to meet some of the most wonderful, brightest, inciteful, and caring people you could ever hope to meet.

Life here in Sun City Summerlin never has to be monochromatic . . . IF you are just open to all the amazing color there is in the world. There is so much beauty and amazement in the world, IF we are open to it. Recently, I received some really extraordinary thoughts from two very extraordinary people who took the time to share with us all great wisdom, meaningful thoughts, and warmth from the heart. These people are among those who have brought color, excitement, and joy to my world, and I would like to introduce them to you.

First, Mike Fefferman. Mike is a very special and multitalented guy. He has a great sense of humor and is bright, caring, and generous hearted. Mike's beloved wife, Roberta, passed away this past year, and he keeps her memory alive every minute of every day. Mike took the time to share the following which deeply

touched me and really puts things in perspective. This thought really shows us the true meaning of life, and I am so grateful to Mike for sharing it with us all. "When we are dead, and people weep for us and grieve, let it be because we touched their lives with beauty and simplicity. Let it not be said that life was good to us, but rather, that we were good to life." I

have spent hours contemplating this incredibly vital thought, and I am so grateful to know Mike and to be able to share his gift to all of us with you. It is always a blessing when we share ourselves with others. Mike knows that. Sincerest thanks, Mike.

I also want to introduce you to Holly Noll Russo. What a sweet, kind hearted, and delightful woman she is. Although Holly's dear husband, Ike, has passed away, she is keeping his memory alive by cherishing wise thoughts that he found important and valuable. With a generous heart and sincere thoughtfulness, Holly sent me the following

thought and offered it to all of us. What a generous soul she is. It feels like Ike's spirit lives on through Holly's caring and great heart. Read this and sit with it for a while . . . I did . . . and I thought a lot!

"Myself" (by Edgar Albert Guest) –

I have to live with myself, and so, - I want to be fit for myself to know - I want to be able as days go by - Always to look myself straight in the eye; - I don't want to stand with the setting sun - And hate myself for the things I have done. - I don't want to keep on a closet shelf - A lot of secrets about myself - And fool myself as I come and go - Into thinking that nobody else will know - The kind of man I really am - I don't want to dress myself up in sham, - I want to go out with my head erect, - I want to deserve all men's respect; But here in the struggle for fame and self, - I want to be able to like myself. - I don't want to think as I come and go - That I'm bluster and bluff and empty show. - I never can hide myself from me, - I see what others may never see - I know what others may never know, - I never can fool myself and so, - Whatever happens, I want to be - Self-respecting and conscience free."

What wonderful gifts we have been given. What treasures they have shared with us. So, thanks to these two very special people our world has more color, richness, and life. All of us truly live in a technicolor world, and can have technicolor lives . . . IF WE ARE OPEN TO IT. --- I'M IN!

(PS: I could not resist showing you Holly's adorable Emily. She adds color to Holly's world . . . and that makes me happy, too!)

3 Opposed – Dick Clark, Jim Akers, Sandy Krause

100-2021-.2022 - Landscape – Irrigation System Rebuild – Heads, Valves and Controller Only – Greenbelt 14

MOTION by Dick Clark to accept the recommendation by the Executive Director and Director of Landscape to approve a not to exceed amount of \$30,000.00 for new irrigation parts, sprinkler heads, valves and a controller for the area known as Greenbelt 14 which is located in the common areas adjoining Palm Valley Golf Course hole number 14. The area is a little larger than 4.35 acres and is in need of replacement of all valves, sprinkler heads and the controller. This request is for parts and supplies only and the work will be done in-house by the SCSCAI common area landscape personnel. This is a Reserve Study Component projected for replacement in the year 2021 with total funding to date of \$62,000.00. The purchase of this item is under the planned reserve fund expenditure by \$32,000.00 because the total funding includes the replacement of the underground irrigation pipes, which is not part of this request. The purchase of the new irrigation heads, valves and controllers will be updated in the Reserve Study in the amount of \$30,000.00 and given a life of fifteen (15) years.

LIGHTS ON IN SUN CITY

The people in Sun City that I most admire are the members of the Security Patrol. In speaking with a few of them they agreed, lighting and a few other things are some of the most important things you could do to deter break-ins and burglars.

Your home should look like someone is inside. The simplest solution is that most of the units (both individual and condominium) have a work light right above the kitchen sink that (usually) can be seen from the front and back, depending on your floor plan. Before leaving home, why not turn on a light. Electricians can also install a "timed switch" so the light goes automatically on and off at random times. If you have some lamps, you could purchase timers for about \$5 each. That would be of great importance.

The more lighting the better. The use of LED's, though expensive to purchase, helps with the electric bill. Interior lighting in your home could possibly be the first step.

If you want to go further, exterior lighting is a great example. Lights that are either battery operated or solar

powered cost more, but they come with LED light bulbs. They also have a timer built in that is usually set to go on at dusk and shut off at dawn automatically.

The next step might be to have some wifi-remote lights that YOU could turn off or on with a smart phone (if you have one.) Possibly wrought iron security gates at the front and back doors as well as a security system might be some things to think about.

Another product on the market is clear plastic film that adheres to the interior side of your windows. It provides a barrier to possibly prevent a burglar from breaking in. The purpose of this product is that if some tries to break in through a window, the glass will shatter, but it will stick to the film and still provide a deterrent to open access of your home. The product can also be tinted to cut down on the sun's rays and use less electricity to cool your home. This product has to be professionally installed.

Whatever you do, please make your house look "lived-in!" The worst thing you could do is do nothing!

Close Encounters of the Sun City Kind

During some months, seems we wake up in the morning with Republic Services cans half way down the block, patio cushions gone, branches strewn throughout the yard, random trash covering our patio, and our phones overloaded with high wind advisories.

For me – t'was a little more un-nerving. Waking up during one of our infamous 55+ mph winds around 1:30 AM and, being a watchful homeowner, my back porch light stays on all night. I heard the wind and thought, "this too shall pass." Well, *something* passed, and as I caught a glimpse outside my bedroom window, I saw a large, flat cylinder form hovering, then leaning, then traversing from one end of my yard to the other. Being of sound mind and relatively intelligent (in my opinion), my initial reaction, as it would have been for anyone, was, "It must be a flying saucer."

It appeared gigantic – round, black, no lights, just rolling from right to left, then coming to an abrupt stop. At this point, I thought for sure little green men would be exiting the hatch and knocking on my door (yes - knocking - I thought aliens would be polite). While I have been known to have a vivid imagination, this could only be a scouting party of extraterrestrials. Would they take me with them, just enter my house to seize control of me and my dog - take me to their leader?!

But why me? I'm a Senior citizen in an age restricted community of no use to anyone from outer space; I am barely of use to anyone here on earth. Bravely, being from tough Irish stock, I went to my back door, hoping my 'visitors' were more like E.T. and not the ugly, scary kind; I got my Amazon industrial flash light (bright enough to land planes), and investigated the 'flying object' for no other reason than I'm being nosey!! Not necessarily smart mind you, just nosey! And suddenly, my light caught a glimpse of the UFO and, for some reason, I was disappointed – my flying saucer was not a UFO, but rather an UFKP (an Unidentified Flying Kiddie Pool) that had taken off from the neighbor's yard above me, and landed in

my yard, traveling not through the galaxies, but from one yard to another, now having "landed" in the corner, not stopped by the military, but by a planter.

No one came out of it, or from underneath it, and, as it rested in the corner; I turned to my dog and said, "Well, don't WE feel stupid." I'm sure he thought "What's this WE stuff - I was content to continue to sleep – you were the one acting like the female version of Captain Kirk to go where no man has gone before!" Again, with my vivid imagination, in my world, my dog also talks to me!! I call it Patti-land and most of the time I am very happy here, but then there are times, well, we won't talk about those.

The next day, I contacted my neighbor to ask her if she was missing anything from her yard, anything – perhaps a kiddie-pool? Living in Sun City, one expects to find trash or

branches in their yard after a wind-storm, perhaps cans a block down the street, patio cushions missing, but a kiddie-pool - especially in the odd hours of the morning, in the dark, during a noisy wind, and not by someone with an imagination that rivals Steven King.

Well, who knew?!? To paraphrase Vivien Leigh in "Gone with the Wind", "as God is my witness, I thought it was a flying saucer. Had I been more cognizant of my surroundings, one would have thought, "Why on earth (no pun intended) would they want to study me?" I think I might be worth studying, but not sure what I could contribute to any alien species except, perhaps my opinion and not everyone I know appreciates that as it is.

But for a brief moment, I thought I alone could save the world from an invasion from outer-space. Again, a movie reference, "I could have been a contender!" So, instead of my E.T. moment that was going to phone home, it became a simple P.T. moment that was going back to bed. Well, so be it, as any claim to fame was diminished as I went back to bed, knowing the world was safe – at least for now.
