BOARD'S MESSAGE

Many of our Sun City Summerlin residents live alone. And in many cases, these individuals are advancing in age and physical abilities. Often, they have little contact with their neighbors or have remote family members. We are presenting this information as a cautionary tale and suggestion for examining how you and your neighbors are living here in our community.

A few months ago, one of our single residents fell inside of their house during the evening. The result was a broken hip and a broken shoulder. They had to crawl across the floor to reach a telephone and call 911. When the emergency responders arrived, they found all the doors to the house were locked, and they could not gain access to assist. A neighbor called Sun City Summerlin (SCS) Patrol but was informed that the listed emergency contact was a person located over 1000 miles away. And they were the only ones that had a key to the house.

The fireman used a special tool, and after about fifteen minutes of effort, were able to open the garage door. And then, of course, the inside door into the house was also found locked. So, the responders had to use a crowbar to break into the home. Fortunately, they were able to then care for the resident and transport them to a hospital for care. But the entire episode took considerably more time that it might have if some advance planning and precautions had taken place.

First, everyone should have an up-to-date Emergency Contact Form filled out and provided to both SCS Patrol and the Administrative Office at Mountain Shadows. These can be found on the Sun City Summerlin website or picked up at the SCS Patrol Office. Second, you should have a set of your house keys kept by a trusted relative, friend, or neighbor who is close by, and can respond in an emergency.

An alternate solution is to place a key inside a lockbox located on the outside of your home, usually near the address number. The Las Vegas Fire Department partners with the Knox Company which manufactures a box that first responders have a special access key to. They open the box to get the keys to your house and enable entry. Several local companies are part of this program and will both sell and install the box.

Another, more economical solution is to purchase a wall mount lock box with a combination. For less than \$40 you can mount it yourself and be all set. You would then need to inform SCS Patrol (or a trusted neighbor) as well as your emergency contact of the combination number for the box. They could then assist responding personnel in accessing the home.

Be safe and enjoy living in our great community!

2024 Board of Directors Candidates Announced

The SCSCAI Election Committee* is pleased to announce that six candidates are vying for the three open seats on the Sun City Summerlin Community Association, Inc. Board of Directors. The candidates have submitted their names, and all meet the qualification of being a unit owner, a member in good standing and have stated they have no professional or personal relationships that would appear to a reasonable person to result in a conflict of interest if elected to serve as a member of the Board. Each elected candidate will serve a three-year term. Candidates met with the Election Committee on Friday, December 1, 2023, to review the details of the election process and hear the extensive time commitment required of Directors.

The candidates, listed using their preferred name and listed in the order in which they will appear on the ballot and in all publicity are:

John Lang

Erik Braun

Gerry Sokoloski

Lynn Kasner Morgan

Lenny Libman

John Berthelsen

Candidates' statements of interest, as prepared by each candidate, appear beginning on **page 11** of this issue of the LINK. There will be two (2) opportunities to meet the candidates, both sponsored by the Residents' Forum. Activities and Achievements

- Appointed to the City of Las Vegas Traffic and Parking Commission representing Ward 4.
- Vice President of the SCS Neighborhood Preparedness Team (NPT) for the past year.
- Neighborhood Watch block Co-Captain.
- Member SCS Computer Club, Men's Club.

Goals

I am committed to continue to foster education relating to safety and preparedness for all Sun City residents. I will continue to support our NPT efforts to achieve this.

As a member of the City of Las Vegas Traffic and Parking Commission, I will continue to work with the city and LVMPD as it relates to Sun City as well as our entire community.

I look forward to working with other Board members, our Executive Director, and staff to continue to provide an environment that promotes and protects our real estate values and maintains our existing amenities, while keeping our annual assessments as reasonable as possible. I regularly attend the weekly Zoom calls with the Executive Director, monthly Board of Directors meetings, and many SCS committee meetings.

My name is Erik Braun and I have been a resident of Sun City for the past eight years with my wife of 25 years, Marianne. We moved here from the Midwest, looking for a break from the cold winter weather. We found a little piece of paradise here in our fabulous community.

During the past eight years, I have had great enjoyment in participating in various clubs and community organizations. I am a member and currently the Vice President of the Sun City Softball Club. As a member of our Sun City Summerlin Patrol, in which I take great pride, I am currently a midnight driver, a Watch Commander, and the Uniform Officer. I was one of the original board members of the Neighborhood Preparedness Team, known as NPT. This is my first year as a member of the Legal Review Committee. I have for years attended in person most of the association board meetings.

I am a Veteran of the U.S. Army from 1988 - 2007, where I served overseas tours in Panama as a Combat Engineer and Kuwait & Iraq as a Combat Medic. The experiences that I gained through my time in the Military, I believe, will be beneficial to me as a board member.

As part of the Military, it was essential to be able to collaborate with those around me. When decisions were being made, I had to be able to analyze and dissect information. When I led various teams in the Military, I needed to be able to direct, listen, and implement decisions that were made. The Army insisted on transparency and honesty, and to this day I still believe these are important attributes.

I ask for your support to represent you on the Sun City Summerlin Board of Directors. As your Board Member, I commit to:

1. **Listening and Welcoming Perspectives:** I will actively listen to the concerns and ideas of our community residents, ensuring their voices are heard in our decisions.
2. **Respecting Resident Input:** Recognizing that I am your representative, I will value and respect the comments of all Sun City Summerlin residents.
3. **Collaborative Decision-Making:** I will work “hand in hand” with fellow board members, supporting our efforts in compliance with NRS 116 and the governing documents for the benefit of our community.
4. **Advocating for Strategic Planning:** I will champion the development of an ongoing business/strategic plan for the HOA, ensuring a clear direction/plan for our community and the understanding of our residents.
5. **Promoting Transparency:** Transparency in managing the affairs of the HOA will be a top priority, fostering trust and accountability within the community.
6. **Balancing Budgetary Concerns:** Always balancing the financial costs versus the wants of the community to avoid any unnecessary assessment increases to balance the budget.

I embrace new ideas and directions for the HOA, understanding that innovation is key to progress. I promise an open mind as a member of the Sun City Summerlin Board of Directors. Your support in the upcoming election is invaluable, and I ask for and thank you for your votes.

Should you have any questions or suggestions, please don't hesitate to contact me at BraunBOD@gmail.com or 608-385-3558. Together, let's shape the future of our community, Sun City Summerlin Community Association.

“That Time of Year AGAIN!”

With the New Year ahead, seems we all give some thought
to perhaps resolutions - if we make them or not.
Our intentions are good, and we vow every year,
this time will be different; we make that quite clear.
How many we keep, well, that simply depends -
if we walk more, eat better, so bad habits will end!
Our intentions are good, and we make them, 'here's hopin' ...
yet, before the month's over, almost have been broken.
We try to save money - then shopping does run amuck -
and we're looking out front for the Amazon truck.
We should exercise more and lay off of the bread;
find a healthier choice - try raw veggies instead.
We'll eliminate junk food, and pass on the cake,
we'll snack on some carrots but find THAT's a mistake!
But it's just not the same, even if we use dips;
all the good things to eat can end up on our hips!
The thought seemed to work, and in theory sounds right -
then our dreams turn to chocolate when we're sleeping at night
We'll be patient at red lights, won't get mad at the news
and be a little more tolerant of alternative views.
We thought we could do it, so we did what we could -
but the spirit was weak and the temptation TOO good.
We all have high hopes of the changes we plan
and the first day or two, we do the best that we can.
But before the month's over, not knowing just when
gone are the best laid plans of both mice and men.
That carrot we grabbed instead of the pie
will soon have us asking, "Resolutions...But WHY?"
We gave it a shot - 'alas and alack...'
we find that in no time we simply revert back
and fall into those habits we swore would soon end,
with resolutions now broken we don't bother to mend.
...and flowing like sand through the hourglass of time,
resolutions are hills we can't seem to climb.
So come this New Year as we welcome '24,
those New Year resolutions have become such a bore.
We need more time to ponder, to commit without fear;
if we want to make new ones - we'll just wait till next year!

Super Agers: How They Live Longer, Think Stronger, Enjoy Life More

How they do it, what they eat, what doctors think, and can you SUPER AGE too?

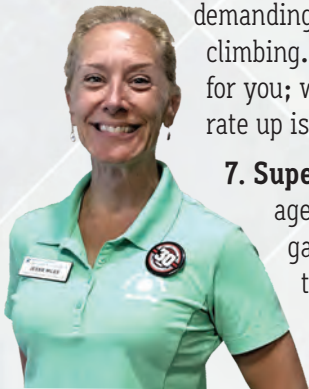

A "Super Ager" is someone over 80 with an exceptional memory, one at least as good as a person 20 or 30 years younger. Angela Roberts of the Canadian Centre for Activity and Aging has been collecting data on lifestyle factors by attaching wearable sensors to study super agers. Though findings are preliminary, they show that super agers in the study do 60 minutes a day of moderate to vigorous physical activity, some as much as 90 minutes, which is well above the 150 minutes a week that's generally recommended for older adults. Sensors also show that super agers tend to get more high-quality, uninterrupted regular sleep than non-super agers.

Researchers are starting to figure out why and how more of us can age the same way.

"7 secrets of the Super Agers" by Sari Harrar in a special report from the AARP Bulletin published November 2023, Vol. 64 No.9:

1. Super agers control their blood sugar and blood pressure.
2. Super agers talk to their friends a lot.
3. Super agers avoid stress and prioritize mental health.
4. Super agers prioritize sleep.
5. Super agers protect their vision and hearing.
6. Super agers don't exercise more, but they push themselves physically. Spanish researchers found that what distinguished super agers most profoundly was that they have greater speed, mobility, agility, and balance than typical older adults despite reporting the same exercise frequency. One reason may be that the super agers tend to do more demanding activities such as gardening or stair-climbing. In other words, walking a mile is good for you; walking fast for a mile to get your heart rate up is better.

7. Super agers do more than Wordle. Super agers do crossword puzzles and Sudoku games more often than normal agers, but they are also more likely to frequently read, listen to music, travel, play, games, and attend lectures and concerts. "Variety is beneficial," says brain-game researcher Aaron Seitz of Northeastern University. "Your brain needs to do a lot of different things."

Jessie Miles
SCSCAI Director
of Fitness

Lifestyle: This is a big one

Several clues are starting to emerge that draw parallels between the lifestyle of super agers. Healthy-aging researchers have identified four common habits:

- A physically and intellectually active lifestyle
- The willingness or ability to constantly challenge oneself
- An active social life and a wide social network
- Moderation in all indulgences

“As I See It . . . ”

“I Permit Myself”

By Alan G. Spector /Link

Folks sometimes ask me where I get the ideas for my LINK column. Answer? I keep my eyes and heart open to the wisdom and beauty all around me. I recently ran across this graphic, and it made me think of some who are sad and think that it is wrong to be sad. They try hard to go around the sadness and they put on a happy-face. I have come to

to permit (even oblige) ourselves to feel our happiness and joy! I know folks who seem to hesitate to celebrate the joy in their life and give themselves permission to shower themselves with happiness. I suppose we all have met that "grouch" that never seems to smile or have a positive word or see all the great things in the world. It might seem odd, but some seem to feel that perhaps it is self-indulgent and self-centered to focus on how fortunate we are and to revel in the joys of life. Maybe we were taught that we shouldn't enjoy our gourmet meal because "there are starving children in Europe" or that by truly enjoying our many blessings we will be inviting "the evil eye" and we might cause something bad to happen to us? Or maybe, we just don't give ourselves permission to feel true, soul-soaking happiness... and to spread it around to all we know?

understand that it is OK, even a good thing to give ourselves permission to be sad. I once heard it said that our grieving is not truly over till the last tear is shed... thus, it is good to permit ourselves to move into the sadness, shed the tears, and then be able to move away from the sadness. There is nothing wrong with us for feeling the sadness in our lives... that is normal... that is what makes us human... we can acknowledge it and work our way through it. We know that you cannot get around, over, or under sadness... the only way to deal with it is to go THROUGH it... the sun shines on the other side.

So, I have thought that if it is good (even necessary) to permit ourselves to feel our sadness... it is certainly good

Whatever the reasons, it is now 2024. Sure, we all have something to be sad about... all the sadness and pain in the world... but, instead of making New Year promises we will surely break, why not just give ourselves permission to take in and truly feel the happiness in our lives. We can open ourselves to be joyful and grateful for all the wonderful things in our lives and to truly experience the joys of life. It's OK... our unavoidable sadnesses will still be there... but when we permit ourselves to be genuinely happy, we are truly living our lives to the fullest.

So, here's to 2024... let's make it the happiest year ever. Good luck to us all on our life's mission.

Honoring Residents Corner: Joe Tao

By Gail Abrams / Link

Joe is a humble person. He starts off the interview by saying: "It's good to help people in need. That is the best reward. One day I may find myself in need of help".

Joe talks proudly of his involvement in the community. He is an AARP Income Tax Program Recruiter, a Sun City Summerlin Patrol Driver, Dispatcher and Recruiter, and a Sunshine Service Volunteer.

For the AARP Income Tax Program, Joe is a tax counselor, who also looks after the computers, and helps to recruit new volunteers. Joe has been a volunteer for the past 8 years.

As for Sun City Summerlin Patrol, Joe is a driver and a dispatcher. He is handy fixing the computer (if needed) and makes the member badges. He has been serving for 10 years.

Since 2015, Joe has volunteered his engineering skills repairing medical equipment (wheelchairs, walkers, etc.) for Sunshine Service. "You are not only fixing something, you are also providing equipment to people who really need it," says Joe.

These three areas, Joe says: "Keep me busy and out of trouble."

Joe's family is originally from China. His Dad was an importer of leather goods, electronics, and cars (from the U.S. into China). However, in the early 1950s, with the rise of communism in China, the family emigrated to South Africa.

Joe came to the U.S. in his early 20's in 1979. He worked for Ford for 20+ years as an engineer in Michigan (when he retired, he was a Project Manager). While at Ford, Joe mentored new hires in the Ford College Graduate Program (FCGP). Ford set up the program for senior staff to help groom new hires. To those he mentored, Joe told them: "Don't ask what you are going to get back, ask how you can help." Some of those individuals he mentored, moved up the ladder, some higher than Joe. He is proud of his involvement and thankful for the experience.

Joe and his wife have lived in Sun City Summerlin for 10 years. They have three grown children and two grandchildren.

In conclusion, Joe shares his simple, yet sincere philosophy in three quotes:

"Don't ask for a reward, just ask how you can help...that is reward enough."

"The more I give, the more I am happy. To be happy, you have to help somebody else."

"Those who give their time generously to help others, live longer."

Joe nominates Barbara Mirman for the next article in this series: *Honoring Residents Corner*.

Joe proudly serves as a driver and dispatcher for Sun City Summerlin Patrol.

Joe repairs equipment for Sunshine Services.

WILL YOU BE PART OF THE NEW EARTH?

Many of you may remember **The 5th Dimension** and their hit song "Aquarius" back in 1969. The 60's and 70's were filled with new hope, love, and creativity. What happened?

Fast forward to the present. The world is very different. Much strife has been created among humans worldwide.

Things appear to be going to hell in a handbasket.

The good news? (You mean, Molly, there is some?) There is a list of respected spiritual leaders, legitimate astrologers and even psychics who have said we are entering into what they are calling a New Earth beginning in 2024. But what on earth does that mean?

Well, wouldn't it be nice to start off a new year with new thoughts? Based on my research, this means that we are all, as human beings who may have an open mind collectively, able to ascend to a higher consciousness where true cooperation with each other and looking out for the collective and greater good worldwide, as opposed to the individual self, will become increasingly accepted and desired.

Is it possible that the collective minds of many can change the world? Are we really that powerful? The answer is a resounding yes.

Need proof? For those who pray, this shouldn't sound too "out there." How many times has a group gathered together to pray over someone considered terminally ill only to find they have been cured? Faith in any way you practice is powerful!

In an article regarding quantum mechanics published in *Scientific American*, French physicist Bernard d'Espagnat summarized this issue by stating: "The doctrine that the world is made up of objects whose existence is independent of

human consciousness turns out to be in conflict with quantum mechanics and with the facts established by experiment."

According to quantum mechanics, everything in our universe is inseparably and instantaneously connected to everything else, without exception.

Many spiritual leaders have called upon us all to come together as best we can to pray, meditate, affirm, or send positive thoughts as one whole, at the same time and same day. But how?

Credit for this goes to Pam Gregory, a spiritual leader and renowned worldwide astrologist. She explored how we could do this collectively, and she herself has thousands of informed people throughout the world who are already involved. She researched all existing time zones to figure out what would be most convenient for those who want to try praying or meditating simultaneously for 15 minutes if possible. For us? **It is every Sunday, at 11 a.m., our time.** How wonderful we might feel joining such a positive and contributing collective!

It all starts within us; perhaps visualizing our own inner being feeling peace and love within, then sending it out to however you refer to your Higher Power, God, Source, Creator, or the Universe.

I began practicing meditation for myself and then for the world in October, on Sundays at 11 a.m. as prescribed. I found that even though I was dedicated, I had to set weekly alarms on my cell, or I'd get busy and forget. The results I have felt lately are amazingly healing.

May I invite you to take up to 15 minutes, from now on as best you can, on Sundays at 11 a.m., to send forth a

visualization, a prayer, a meditation, or affirmation that our planet heal itself and that we all come together respecting one another's differences in peace and love? May we invite other family members and friends to do the same according to the time zone they are in that matches our time?

It feels to me that dedicating 15 minutes on Sundays at 11 a.m. to join in a worldwide effort toward love, peace and harmony is an action that may end up having immensely powerful results.

"If there is light in the soul, there will be beauty in the person. If there is beauty in the person, there will be harmony in the house. If there is harmony in the house, there will be order in the nation. If there is order in the nation, there will be peace in the world.

COMMUNITY STANDARDS

are often from outside Sun City Summerlin and are unaware that rules are in place to protect the community. "Flippers" often circumvent important project approvals and have been

known to make modifications to homes that violate important Standards. Very often, a "flipper's" presence is unknown to the Association. It is known that unsuspecting new buyers have been left to deal with unpleasant surprises because their "flipper" sellers did not disclose unapproved projects at closing.

The Community Standards Office and the Architectural Review Committee do not wish to stifle or inhibit any sale or

upgrade to property. We are particularly interested in any project that improves home values and curb appeal. The office is very willing to work with any "flipper"/buyer/owner to assist with understanding the requirements and to help with project approvals.

"Flippers" often do not register as new owners in Sun City Summerlin, which is a violation in itself. As owners, you can play an important role by volunteering to lend a hand in protecting the community by reporting exterior landscaping or construction activity that may be questionable. A quick call to the Community Standards Office is all it takes for us to verify that a project is legitimate. Your information will be held in confidence and a timely on-site inspection will be conducted to verify the status of the project.

Buyers deserve to know that they are coming into their new homes with no outstanding violations. As an owner, your report of any unsure activity may head off unapproved projects and help provide new residents with assurance that their slates are clean.

The Architectural Review Committee is meeting weekly to expedite the approval of applications that have provided proper back up information. It is our goal to speed the process, for residents and "flippers", alike.

Community Standards*

We're Flippin' Out!!!

When we think of the word, "flipper", we may think back to mid-60's TV, when the intelligent Bottle-Nose Dolphin named "Flipper", was all the rage. Also, those who love a good burger appreciate the "flipper" at the In-N-Out Burger. So, "flipper" in a positive context is nothing new to most of us.

Recently a newer version of "flipper" has emerged on the scene, spawned of a hot real estate market. The new "flipper" can be described as an opportunistic type who has swooped onto the real estate scene to take advantage of quickly rising values. These "flippers" buy up homes, "upgrade" them, and "flip" them for a quick buck. The name "flipper" has been aptly attached to these folks because of their methods---**Buy low, sell high, get out fast!**

There's nothing wrong with the concept but, among other things, critics point out that "flippers" are often outsiders and have no real regard for the neighborhoods they work in. They do little to support the community and can be gone as quickly as they arrived. Misjudgments in timing, financing and market conditions have been known to leave projects unfinished, making them potentially risky to both the "flipper" and the community.

Of course, there are two sides to every story and "flippers" have been known to buy distressed properties, add significant upgrades to neighborhoods and help sell potentially empty eyesores. It goes without saying that "flippers" may have a legitimate place in the "mix" but, the risks are still there.

In the Sun City Summerlin environment, Community Standards has experienced numerous issues with "flippers". They

Happy New Year to the residents of Sun City Summerlin from Sun City Summerlin Patrol. Here's to a New Year full of hope and possibilities. May 2024 be filled with peace, love, and laughter. Our 200 Volunteers wish for all the best to our Sun City Summerlin residents in the new year.

Change will be afoot for our newly named Organization in 2024. The new name, as voted on by Patrol and voted in by the Board of Directors is "Sun City Summerlin Patrol". The duties will be the same as they have been for the past 30 years to help keep Sun City Summerlin the safest community in Southern Nevada.

Because of this change, Sun City Summerlin residents can expect a new look from us in 2024. We will need to update our Uniforms and Patrol Car Identification. Even though we are undergoing changes in the new year, residents can still count on us to be a deterrent to crime. We will continue to patrol Sun City Summerlin every day and at all hours. We will also continue our motto of "Neighbors helping Neighbors". Residents may call us at **702-254-2303** for any questions. Here's to a successful 2024.

THE FABULOUS GIRLS OF '43

Swinging at 75!

By Chris Klee & Kate Putney / Residents

Kate Putney, Kathi Gray & Chris Klee – The Original Girls of '43.

One Tuesday in early 2018, Kate Putney, Kathi Gray and Chris Klee, all members of the Golf, Women's Club in Sun City Summerlin, were having lunch after their round of golf. They discovered that they were all born in 1943, and would all turn 75 during the year. One thing led to another, and they realized there were about 15 other ladies in the Golf, Women's Club who would also celebrate their 75th that year. It was decided to throw a 75th birthday party for the Girls of '43 and invite other ladies in Sun City Summerlin with the same birth year. The party was scheduled for September of 2018 and close to 35 attended including spouses.

Kathi did some deep digging and put together some facts about each birthdate. We were all war babies, and it was interesting to learn what happened on the day each of us was born.

The ladies all brought baby pictures and had a great time guessing who belonged to each baby picture.

A few years went by and once again Kate, Kathi & Chris started planning another celebration for 2023...the year all would turn 80. Kate decided we were now the Fabulous Girls of '43. The party was scheduled for October and amazingly all of the original Girls of '43 were alive and well, and most still playing golf. There were even a couple of new faces to add. We all brought graduation pictures and sat around the patio fireplace guessing who was who. It was a fun wonderful event.

Great News: We have decided to throw a big celebration when we turn 85!

The Fabulous Girls of '43 stay busy playing golf together at least once a week, attending fitness classes, and playing tennis.

What a fun group with a common thread uniting them...*Hats off to the Fabulous Girls of '43!*

Toys For Tots Charity Pickleball Event

By Suzanne Esber, President & August "Augie" Costanzo, Jr., Event Director

We were greeted with perfect weather for the 8th annual Toys for Tots Pickleball Charity Event starting on Friday December 1. That morning, 4 eager players, competed in "skinny singles", a fun, modified version of the game.

The second day kicked off with a Marine flag salute and the singing of the national anthem by player Margie Edwards. Sixty players descended on the courts to play Women's Doubles. The players were organized into groups by level and the teams played each other for 6-7 games. Gold, Silver, Bronze pins were awarded in each group. Club member medal winners for Women's Doubles included: Gold - Tina Jasinowski, Sonja Waterworth; Silver - Lilly Steinecker & Michelle Scholl, Cathy Rohaly & Denise Schwarz, Boon Duffy; Bronze - Liane Emerson & Pam Standen. The Men's Doubles games were played in the afternoon. Club member winners included: Gold - Nick Rohaly & Jeff Stenzel; Bronze - Jerry Lawrence & Ted Barron.

Mixed Doubles play is the most popular and was held all day Sunday with 7 groups participating. Club member medal winners included Gold - Amy & Bruce Coleman, Silver - Liane Emerson; Cathy & Nick Rohaly, Lily Steinecker & Dennis Webb; Bronze - Nancy Popek & Russ Hunt, Marie Ramsey & Mike Wittes, Andrea & Clint King, Jan & Bob Harper, Cynthia Vanetti & Greg Stack, Lori & Dan Salerno.

This was a very spirited holiday activity where we hosted 145 outside players and club members and many spectators. Prizes were given to players for most festive costumes, Marines barbecued hotdogs, and themed baskets were raffled off.

This event is put on by the Sun City Pickleball Club with a team of volunteers at the Desert Vista pickleball and tennis courts. Peg Albrecht who volunteered as a court ambassador said, "This is such a fun event and I enjoy meeting and working with all the players in my group." The Event Director was Augie Costanzo, a former Marine, who has organized this event for all 8 years.

We collected boxes filled with unwrapped toys and donations for the Marines Las Vegas Toys for Tots program. Also, all player registration fees and sales of raffle tickets went to the local program. This year we raised about \$7,500.

It was another successful event where we celebrated the holiday season, raised funds for Toys for Tots, and had lots of fun playing pickleball.

The SCS Art Club is one of the oldest and longest continuously operating organizations in the community. First, we offer friendship to those who love and share the joy of watching art being created, and who simply find their lives enriched by the presence of fine art. Second, the Club offers a multitude of classes in all mediums and for all levels, welcoming both experienced artists and those who are just two steps above a stick figure. Finally, we offer retired seniors the opportunity to create something beautiful, while having fun without any pressure or stress.

Our classes are relaxed and limited in structure. To be sure, our instructors all are terrific artists in their own right, some world class. And with some patience and perseverance, you will learn to draw or paint and be amazed by your steady progress. While not everyone can be the next Monet, Picasso, or O'Keefe, anyone can learn to draw and paint. Still, we joke, laugh, and enjoy our new friendships. We don't have to worry about making the grade, being judged, or impressing anyone. Creating something by your own hand is a joy and fun.

Our classes and sessions include beginner, intermediate and advanced oil/acrylic painting, beginner, intermediate and advanced watercolor painting, drawing, mixed media, contemporary art, colored pencil, and the use of lesser-known mediums. Each class usually meets once a week and lasts for about 2 hours. The sessions are kept small, generally 5 to 10 in a classroom. For most classes with a professional instructor, the fee is \$12.00 per session. Where on earth can you work with a professional in anything for six bucks an hour?

We also offer demonstrations and art-related lectures during our monthly general meetings. Then, of course, there is our incredible annual Fine Art Show, usually featuring more than 170 wonderful works by our members, hand painted cards, small inexpensive artwork for sale, and a spectacular raffle. Come join us...come create something special and have a ball.

Clubs Join To Honor Our Veterans

By James Herhusky / Resident

The Musicmakers Club hit a grand slam to open the game!

To many, Saturday, November 11, 2023, was just another wonderful day in our paradise community - clear, sunny skies, mild temperatures, no wind(!), and a meaningful activity at one of our splendid facilities. The Sun City Summerlin Softball and Musicmakers Clubs collaborated to honor the men and women who have served their country as members of the Armed Forces, Law Enforcement, Fire & Rescue, Emergency Medical, and other first responders. This event was held in conjunction with the Community Golf Cart Parade to honor those who served our Nation and their fellow citizens (and non-citizens).

Air Force veteran Chuck Gerlach suggested holding this event to the Softball Club Board, and they eagerly agreed to sponsor a game involving its members who served. The board surveyed its membership to determine if there was enough interest to form two teams. The response was immediate and far greater than expected - more than 50 members responded with their service or agency component and support.

That response led the club to form three teams, named in honor of our city's professional franchises - Aces, Golden Knights, and Raiders listed in order of the number of league championships while located in The Sports and Entertainment Capital of the World.

The epic battle was preceded by an unprecedented rendition of the National Anthem by our own Musicmakers Club, led by Darlene Vaughan, who encouraged all to "sing" along...most did, (un)fortunately! Following the tribute to our Nation, the game participants introduced themselves, stated their selfless service

component or agency, and revealed their years of service. Firefighter Dave Zuckerman led the way with 46 years in three departments, retiring as a Deputy Chief so he could relocate from the East Coast to play softball in Nevada. Duh!...well done, Dave! Musicmaker Pat Vaughn bravely agreed to throw out the first pitch and fired a strike to get the game underway.

The Softball Club's legendary 20+ year scorekeeper, Vicki Ashenfelter, kept the competition organized, moving, and informed with her astute ability to coordinate the umpire calls and scoreboard to keep the senior participants aware on the pitch count and number of outs each inning...senior players sometimes forget important stuff like that...especially in the stressful heat of battle.

Thankfully for all players, this contest was super un-stressful. The focus was on honor and fun, unlike the club's regular season and playoff competitions. Just kidding...**it's all good.** We generally respect the calls by the umpires and have great fun, whether in victory or defeat.

Both clubs invite residents/members of all skill levels to consider joining, whether it be for competition, exercise, entertaining, or the vibrant social aspects of membership, both for softball or singing. It is probably easier to play softball than to sing. If interested in learning how to sing, join the Musicmakers Club (call Darlene at: 307-330-8421) ... lessons may be required...not so in softball, though highly recommended.

All in all, it was a wonderful event for everyone...mark your calendar for Saturday, November 9th, 2024, for the second annual Veterans Day game of the year...you will not be disappointed.
