Given the shortage of magazine paper these days . . . Please be advised that future Link Magazines may be temporarily taking on a new look without the glossy finish we are accustomed to.

Summer is here. Stay hydrated. If you are outside working in the yard or enjoying any of our outdoor activities, please drink lots of water. If you are just walking around the community be sure to carry water with you. Most Security Patrol cars will have extra water so if you see them on patrol and you have a need for water, flag them down. We should all watch out for our fellow residents that might be walking or participating in some activity to ensure that they stay hydrated. If you see someone who appears to be in distress, say something and do something. We all need to help each other.

On a similar note, why don't we all try to say "thank you" to someone at least twice a day for the whole month of July. Thank a neighbor, or a monitor, or a friend, or a fellow competitor. Say it with a smile and I'll bet that they smile right back at you. One of best things about living in our great community is that we can share it with our friends and neighbors.

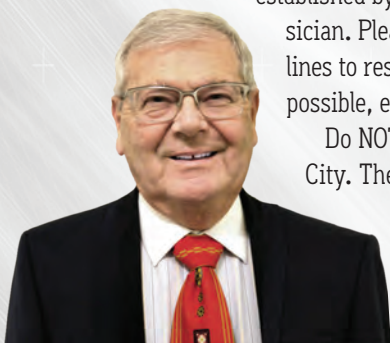

The budget for fiscal year 2022-2023 has been ratified and is available for all to see on our website. It was placed there in early April as a proposed budget for all to view and now is there as an adopted budget. As a reminder to everyone, our website has a lot of information about our community and its operations. Not only is there information about finances but dates of all of the committees that are necessary to help operate the community. These meetings, except for ARC appeals are open to the public and can be attended in person or via zoom. There are meetings every week by one committee or another. The meeting dates and times are also listed in the Link. There is a Board member serving as chair of each of the standing committees. Resident comments are welcome at the beginning of each meeting on agenda items just as with the regular Board of Directors meeting each month. Likewise, at the conclusion of the meeting another round of resident comments is allowed.

Please be aware that COVID-19 is not gone. We all know a friend or relative who has had COVID-19 in the last month. Protect yourself as much as possible and follow the guidelines established by the Southern Nevada Health District or your personal physician. Please isolate yourself pursuant to the current health guidelines to respect the rights of your friends and neighbors to, as best as possible, ensure that they will not have the virus spread to them.

Do NOT speed in Sun City. Do NOT run the stop signs in Sun City. The people that get injured when an accident occurs in Sun City are our fellow residents. All of us need to obey all of the traffic laws at all times.

Lastly, please be careful about your use of water. The Southern Nevada Water District does a good job of keeping us informed about the days to water and thus limit water usage in a reasonable manner.

Be safe. Be happy. Be well.

IN HONOR OF JULY 4TH, I FEEL THE MOST AMERICAN WHEN....

By Molly Sher/Link

I wanted to write about how very lucky we are to live in the United States of America despite our country's challenges. I also wanted to ask myself when had I ever felt so grateful to be born in the USA?

The answer came to me almost immediately. Just a few years ago, when I was in my 20's (okay more than a few years ago) my husband and I went on a vacation to the Turks and Caicos Islands. At that time a relatively unknown chain of islands, and an overseas territory of the United Kingdom in the West Indies. The brochures looked promising and though still unknown, we also looked at it as a place to visit that was still "unspoiled." At that time, I hadn't traveled outside the United States that much and was looking forward to an experience of a lifetime, another culture with a different way of life, and I was curious about how "others" lived.

While the "resort" we stayed at was okay, the English owners warned us to be careful of all the mosquitoes because they don't spray for them. When we took a walk around the local area, we discovered open sewer canals the U.S. Army had excavated while stationed there.

The natives were wonderful; they hoped for, but probably, it seemed might never have opportunities to better their lives.

At one point, I had a sore throat and noticed a kind of white nodule in my throat. I went to the clinic, the only medical service on the island. As I waited, a native came in with a leg 3 times its size. When I asked what had happened to him, he said

that he had forgotten to shake his curtain out and a scorpion had stung him. (I have never been able to take a shower since without inspecting the shower curtain.)

While we were put in separate cubicles, there was just a curtain between us. The doctor addressed me first (presumably because I was an American) and told me I needed penicillin to address my sore throat. Then, as I waited for the prescription (which you could get right there at the clinic), I heard him address the native with the scorpion problem saying, "that's quite a sting you have there, I'm going to give you penicillin to address the infection." I soon realized that basically, penicillin was all they had to treat a rainbow of medical problems, which made me feel pretty insecure.

Later, I saw a scuba diver with a broken leg being carried onto the plane on a "stretcher" using only a wooden stick to stabilize her leg.

We left our vacation early. It was the very first time in my life I wanted to literally kiss the ground in Florida when we got off the plane. What I realized was that if more Americans were to experience what I did, they would so value how lucky we all are here.

Even now, in these times, how grateful we should continue to be!

May you relish the 4th of July as much as I do!

"America is a tune. It must be sung together."—
*Gerald Stanley Lee (American writer and minister;
October 4, 1862 - April 3, 1944.)*

"Michael Monge Encore to Encore"

Sunday, July 3, 3 p.m., • \$25

Experience a memorable evening enjoying Michael's band and his charismatic performances of songs by music icons like Frank Sinatra, Tony Bennett, Dean Martin, and Engelbert Humperdinck. Marinate a voice box in fine wine, wrap it in silk and install it in Michael Monge . . . actually, don't bother. Nature already did. Smooth and swingin', this ex-Bronx car-repair-shop owner's Vegas-style Cinder-fella story—plucked from Nowhere Ville when Steve Wynn caught his set at a Florida restaurant and recruited him posthaste—only deepens appreciation of his talents. Whether he's belting Sinatra-style on "The Lady Is a Tramp" or lending his own chic interpretation to a Billy Joel or John Legend signature tune, Monge is a boomerang back to old-school class—it's in his sound, in his style, in his presence.

In 1996, Matt Lewis was offered to tour the world with Las Vegas' Legends In Concert tribute show while still attending Central Missouri State University in Warrensburg, MO, he went for it and became the headlining Elvis at the Las Vegas location at the Imperial Palace, then Harrah's Resorts for over 11 years! For the past 20 years, Matt has performed as Elvis or produced Elvis shows in every major city in the United States as well as entertained audiences from Singapore, Germany, Australia, Poland, Canada, Japan, and many more. LET'S PLAY BALL!

BASKETBALL CLUB

Interview with Jim Mathews, President and Al Bonardi, Vice President

Jim and Al have a mutual love of basketball. It was Jim's idea to form the club, and Al agreed. Their wives encouraged them to start the club. Before you know it, Jim and Al got the club paperwork going and people interested in joining. It's great for the community.

They are realizing their dream of carving out a place for basketball in the community, to get started and grow from there. Jim and Al are working with the Pickleball and Tennis Clubs to get some court time. They will be scheduling court time in a couple of weeks...working with Jessie Miles, Director of Fitness on the particulars. The following days/hours are in the works: Monday morning...Tuesday, Wednesday, and Thursday evenings. They are hoping to get a court for the club down the road.

It's great, healthy exercise and fun. Many residents like the game and follow their favorite team. Jim and Al want to share their love of the game. Some players want to play three-on-three; others want to play horse. Hopefully they will have a league of their own down the road. Games are half court, keeping it easy.

Al played in high school and in many adult leagues, up until retirement. He follows college ball, having attended Stony Brook University. The Stony Brook Seawolves are his team, also the NY Knicks. Al is also a UNLV season ticket holder.

Jim follows the Portland Trail Blazers (just moved here from Portland). He grew up playing basketball in Southern California (Los Angeles area) and moved to Portland when he was 23. He kept playing into adulthood. Jim also plays with the Men's Softball Club.

To learn more, contact Jim Mathews, President at: jmathews912@gmail.com, or Al Bonardi, Vice President at: albonardi56@yahoo.com.

MEN'S SOFTBALL CLUB

Interview with Robert Stonemetz, Men's Softball Club President

Last year we had @120-130 active players. This year we anticipate expanding to 10 teams from our current number of 9.

The Club also has tournament teams. Throughout the Southwest, there are tournaments held every year and our Club enters teams in different age groups. Our teams have won several tourney championships and by doing so qualified for the Tournament of Champions held in Florida. The age groups range from 50 into the 80s. We have a few players over 80!

Our scheduled season ends in May. The season lasts 54 games per team and is followed by play offs. In the Summer, we have pick-up games on Monday, Wednesday, and Friday, and welcome players of any skill level. We also have batting practice on Saturdays. Our draft is in August for the 10 teams. And, then we start the league up again at the end of September with each team having a different color jersey as selected by the team manager.

At our age, guys who grew up playing baseball move here, see the facility, and say: "Wow, I would like to play again." They see the beautiful Pinnacle Field, and that motivates them to join the Club and get back into playing.

The Club has two leagues: The American League and the National League with 12-13 players per team. The 2 leagues differ in their approach to the game. The American League players are very competitive. These are the guys who are out there to win and play hard. The National League players are there to have fun, exercise and, see their friends in a much more relaxed atmosphere.

And, thanks to the Board of Directors, we will be getting a new scoreboard (to be installed soon)!

The Club dues are \$30/person. The fee covers a jersey, a hat as well as a picnic and banquet.

Come and check out the Men's Softball Club . . . Let's Play Ball!

PICKLEBALL CLUB

Interview with Suzanne Esber, Pickleball Club President

Pickleball is one of the fastest growing sports in the U.S. today having been invented by 3 dads in Bainbridge Island, WA in 1965. It's becoming known as a really fun, friendly game and you can participate as competitively or as socially as you want.

We have 10 Pickleball courts at Desert Vista and about 225 members! Suzanne is blown away by the popularity of the sport. She has received calls from people out of state who are considering moving here and want to make sure that we offer Pickleball!

Just like in tennis you can gravitate to various skill ratings. You can be a 1.0 up to a 6.0+ player, depending on your experience and ability. However, what's nice about Pickleball is that one can learn the game easily and all levels can play together. The equipment is simple - a paddle which is slightly larger than a ping pong paddle and a Wiffle-like ball. Most Club games are played as doubles, (a foursome) however, the game can be played as singles too. We play on an outdoor court that is smaller than a tennis court and the game is scored to 11 points.

When we introduce people to Pickleball, we get them out on the courts and show them the basic strokes and tell them about the safety tips. Then, they start playing and we coach them where to stand on the court and how to keep score.

We offer novice4 games for beginners as well as challenge games for more advanced players. Depending on a person's experience with a racket or a paddle, we find that those who have played tennis, paddle tennis or ping-pong can get into Pickleball quickly. Our members are willing to play with newcomers and get folks involved. Once people try it, they get hooked!

During the year, we host events to get our club members together to socialize, including picnics and our holiday party. We also have round robins, clinics, Pickle Skills sessions, and Halloween event that we call Pickleboo! It's great fun, featuring trickster games. We also host two (2) charity tournaments a year, and usually get about 125 to 150 club members that will come and play. One is the Toys for Tots in December; the other is the Assistance League of LV in April. Many friendships come out of these events.

To learn more about the Sun City Pickleball Club, visit our website: <http://scspickleball.com>.

Also, you may contact Suzanne Esber, President at (714) 478-1653 or shesber@gmail.com. We invite you to come to the Desert Vista Pickleball courts to join in a game or watch the play!

TENNIS CLUB

Interview with Sandy Biedryck, President and Walter Pratt, Vice President

Sandy and Walter are a Team! They work together to maintain participation and broaden interest in the Tennis Club. Walter donates a lot of his time giving free lessons. He instructs people at all skill levels from those who have never played tennis to those who haven't played in 40 years and want to get back in the game.

Residents are encouraged to come out and try tennis. Just come out, get some exercise, meet your neighbors, and have some fun! The Club offers free drills every Wednesday with the ball machine. The Tennis Club does its best to match players with similar skills.

The Tennis Club has evolved offering play for every skill level from beginner to advanced. There is something going on every day of the week! Right now, we have about 125 members and all age groups.

Walter is the Coach! He has a passion for volunteering his time and sharing his love of tennis with others. In Illinois, Walter was President of a Tennis Club Association for 7 years. "It's all about giving back." Sandy enjoys meeting neighbors, especially the new residents.

Both Sandy and Walter have been in their positions for the past 1-1/2 years. Although the condition of the tennis courts has slowed playing time for now, the courts are being repaired in phases and should be up and running soon. Once the courts are good to go, Sandy and Walter expect to have quite a few special events for Club members.

The Tennis Club also plays matches with other communities. The Friday Mixer was originally set-up so that interested members could play other clubs in different communities. They started out playing Sun City Anthem with matches back and forth. Recently, they started playing Siena.

Go to: suncitytennisclub.com to learn more about the Tennis Club. Check it out!

It's never too late to start playing tennis! The Tennis Club has a great, diverse group of members. Sandy recounts: "Often, after we finish playing matches, a group of us will head to a local watering hole for socializing and sharing stories. One time, we all went over to Miller's Tavern after playing a few sets and found out that one of our Club members was on the Dating Game!"

We have created wonderful, lasting friendships thru the Tennis Club! *Spread The Word!*

COMMUNITY STANDARDS

Flying Flags in Sun City Summerlin

Nothing describes the meaning of flying our American flag better than the brief statement below from the United States Government website.

"The United States flag stands for our nation and the shared history, pride, principles, and commitment of its people. When we properly display this powerful symbol, we signal our respect for everything it represents." – USA.GOV

Many patriotic Sun City Summerlin residents proudly fly their flags every day of the year, signifying that respect, pride, and love for our country. With patriotic holidays approaching, we will see more American flags flying in our neighborhoods and on Sun City's main streets. Additionally, numerous residents have favorite sports teams, holidays or schools, whose flags they would like to display to signify their pride, interest, and loyalty. American flag flying and, flag flying in general, necessarily brings with it a couple of responsibilities.

The Community Standards office wishes to remind everyone that our Development Standards offer a few guidelines that define which flags may be flown, how they may be flown and, in what configuration.

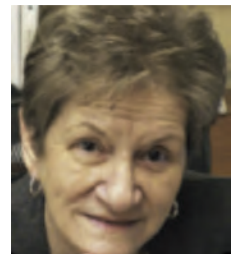

For Free-standing Flagpoles: Flagpoles can only be used for displaying USA, US State or US Military flags, with a maximum of two (2) flags flown at the same time. Approved US Military flags are POW/MIA, Army, Marine Corps, Navy, Air Force, Coast Guard, and Space Force.

For Garage Wall Flag Receptacles: Flag Wall Receptacles a. A maximum of two (2) flag wall receptacles are permitted on any Dwelling; one (1) on either side of the garage door. b. Up to a maximum of a six (6) foot pole may be used to display a flag from a wall receptacle. c. Only one (1) flag may be displayed from a receptacle, no larger than 3' x 5'. d. Additional flags permitted on wall receptacles include themed flags such as holiday/seasonal, or sports teams/colleges.

Please refer to Development Standards. Pages 12-13, Sections D, 1-2-3, for full flag flying details. We also refer you to U.S. Code Title 4, Chapter 1 – The Flag, for all aspects of flag flying, including Important requirements for flying in inclement weather, flying at night, proper lighting, storage, handling, and disposal of worn flags.

Acknowledging that flags do wear out in our hot and windy climate, the appropriate handling of worn or frayed American flags is an important facet of flag flying. We remind everyone that our own Sun City Security Patrol hosts two formal flag-burning events with the Boy Scouts of America, every year. Residents may deliver their worn flags to the Security Patrol office for proper storage and patriotic disposal at one of their events.

Thank you.

In Support of the Military and Friends Club

*Interview with Chris Oelerich, Club Vice President
Photos courtesy of Norman Wright/Link*

On Saturday, June 4th, the Military and Friends Club hosted a picnic at Desert Vista. A group of 45-50 residents came out in support of the Club.

Chris Oelerich, Club Vice President, was thrilled with the turnout. Due to COVID-19, Club membership and participation had slowed in the past two years. The picnic was a fun event aimed at attracting new Club members.

In early July, the Club will meet, and residents are invited to attend. The purpose of the upcoming meeting is to discuss what the new/existing members want to do in the future with the Club. All topics are on the table . . . from social outings all the way down to: "Do you want the Club to continue to exist?"

In the future, Chris and existing members want the Club to be more of a social Club. Of course, they will continue to have meetings during the year. However, the focus will be on social events. In early July, the Club will plan events for the year...probably a baseball game or two, and go to a show at Starbright Theatre, and maybe one on the Strip as well.

That is really what the Military and Friends Club is all about. They have a common bond in that members served in the U.S. Military. By getting together they can share stories, life experiences and, be social.

To learn more, please contact Chris Oelerich, Club Vice President at 970-274-8230.

HEALTH & FITNESS

Time To Hydrate: Make Water Your Best Friend

Jessie Miles, Director of Fitness

The heat of the summer makes it prime time for dehydration. And the easiest solution is to drink a lot of water. If you ignore the body's fluid needs, you'll likely experience headaches, dry skin, dizziness or even feeling light-headed. What if you don't like the taste of plain water or don't want to carry a water bottle wherever you go? And how much water do you really need to drink?

Tips for Staying Hydrated

Cleveland Clinic says, "Water is necessary for nearly every bodily function, from lubricating joints to regulating body temperature and pumping blood to the muscles. So not getting enough of it can have serious health consequences. Many of the earliest signs, like dry mouth, fatigue, dizziness, and muscle cramps are nonspecific and could easily be attributed to other medical conditions, medications, or natural effects of aging."

As we age, the sense of thirst diminishes, and you might not realize when your body needs to be replenished. Dehydration is

a common cause of hospitalization among older adults. The easiest way to check to see if you are dehydrated is to look in the toilet. Your urine should be a pale yellow and if it's darker, then it means to up your fluid intake.

Here is a list of alternatives to plain water that can keep the body hydrated and healthy:

- Add some sparkle. Try seltzer or bubbly water-based drinks. Read labels carefully.
- Flavor it up. Add a chunk of fruit (fresh or frozen), cucumber, or sprigs of mint to plain or sparkling water.
- Try a splash of 100 percent juice. You'll skip the extra sugar and calories by adding a splash or two of your favorite juice to flat or fizzy water.
- Turn to fruits and veggies. Almost all fruits and veggies are mostly water (except corn, peas, and potatoes). Cucumbers have the highest water content of any solid food, at 95 percent. Other top choices are celery, cauliflower, spinach, broccoli, dark leafy greens and tomatoes (technically a fruit). You can't go wrong with all fruits, especially watermelon, cantaloupe, strawberries, kiwis, and oranges. If you're monitoring calories, include all produce, but swap out more veggies rather than extra fruit. Salads are the perfect all-in-one meal choice for a fluid boost.
- Think about soup. Hot or cold, you'll get the same hydration choosing a clear or vegetable-based soup. Make your own soup or try some of the blends of "sipping soups" that are single serve and microwaveable.

The "eight glasses of water per day" rule is a general recommendation. If sitting down and drinking a full 8-ounce glass of water is too filling, little sips throughout the day is better and makes hydration an all-day event. Purchase a nice mug, cup, or tumbler that you enjoy drinking from and keep it by you all the time.

"Thousands have lived without love, not one without water." -H. Auden

Newest Addition to Fitness Department

Hello! My name is Ashley Lawson, I am the new Fitness Manager! I am so excited to join the SCSCAI family!

Being active from a young age instilled the importance of movement, discipline, consistency, and

mental toughness in my life. It also taught me the coach/athlete relationship is unlike anything else. Prior to coming to Sun City, I worked as the Operations Manager &

Coach at a local gym for four years. This gym gave birth to 'Coach Ashley' and is where I refined my coaching skills. Coaching allowed my passions for movement and helping others to merge – allowing me to support and lead others to better their lives in and out of the gym.

I was especially grateful to work with some Sun City residents and together we made massive strides in their flexibility, mobility, strength, as well as confidence and trust in themselves.

These days being active daily helps me feel good, hike, try new things and mostly keep up with my sons! I believe my passion for movement and helping others has led me to Sun City!

I genuinely look forward to working as a member of the Fitness Department to bring more value to residents and community.

New Fitness Department Class

The Sittin' & Drumming demo class was a HIT at the National Senior Health & Fitness Day event in May! Sittin' & Drumming is coming to Sun Shadows July – December. Sittin' & Drumming is using large yoga/exercise balls, drumsticks and a chair to create a fun upper body movement class. Using a variety of music styles you learn several patterns of drumming. It's good for improving hand eye coordination, good workout for the brain and the shoulders and arms. Anyone can join as there is no prerequisite of being able to read music. Bring Your Own Ball!

“Update From Mitzi” Coyotes

June 14, 2022

Dear Sun City Summerlin Homeowners and Residents,

I originally sent this notice out on November 7, 2017, to alert homeowners that Sun City Summerlin and surrounding communities are prone to have coyotes and what individuals should do to detour the coyotes away from their homes and to keep their pets safe. Many of you helped by taking “hazing coyotes” seriously and for numerous months sighting of coyotes around the homes have been rare. Recently, I have started getting reports of coyotes in front and back yards so I want to remind each of you of the action and precautions we all have to take. Remember, if you see a coyote near your home (or other homes) send me the address by email so we can go out and look for the den and remove the den. Removing the dens push the coyotes away from the homes without causing any harm to the coyote.

It is always concerning when we see wildlife such as coyotes wandering our community. This is one of the most difficult and controversial concerns that communities across the United States face. Whether it is bears, snakes, raccoons, coyotes, elk, javelina, alligators, bobcats, or other animals, it seems that every community, no matter where they are, is faced with learning how to live with the creatures that inhabited the area before their homes were built.

As each new development is built the wildlife that called the area home is forced to move out during the construction or adapt to the new conditions. Since there is no way to permanently eradicate the wildlife population around us, removing those who have come into the community only makes room for others to move in and results in mother nature increasing the frequency and size of the litters in those remaining.

The best defense is learning to live with the wildlife in this area and develop the defensive skills that make wildlife, such as coyotes, afraid of people. To keep coyotes away from our homes and pets we need to be diligent. So many people tell me if they are golfing and see the coyotes, they just ignore them, however this just makes the coyotes not see people as a threat. Keep your distance and make noise to scare them away, blow a whistle (they hate the sharp sound) – the more we scare them away with noise the more likely they are to retreat to areas where people are scarce. Remove all sources of food from outside your home and put your garbage into cans with lids when it is out for pickup.

HAZING COYOTES

Hazing coyotes is a widespread practice used in communities to persuade coyotes who have adapted to living in housing communities to retreat into areas away from homes. If coyotes see humans as a food source and very little threat, they will move closer and closer to your homes.

Hazing is a method that Nevada Game and Fish and The Humane Society of the United States recommend. Sun City

Summerlin residents practiced hazing in late 2017 and early 2018 and it resulted in the coyotes moving their dens and hunting grounds away from the homes and common areas, some reported that our residents did too good of a job because in 2018 the rabbit population exploded.

Coyotes are naturally afraid of people, however, living in a community where people do not threaten them in anyway, they lose their fear. Following are the recommended hazing methods to re-establish their instinct to be reclusive and avoid people.

1. When you see a coyote wave your arms and yell, make yourself appear as big as possible by waving your arms above your head while you yell as loud as you can.
 2. Carry a noise maker with you when you are out walking, in your golf cart or on your bike. Coyotes hate shrill, high pitched or loud noise. Use whistles, air horns, bells. Clang pans together or make a “shaker” can full of rocks, coins or marbles. When you see a coyote make noise!
 3. Throw small rocks, sticks or tennis balls at them. Coyotes see these items as projectiles that could harm them and want to get away.
 4. In your yard spray them with the hose, and/or carry a spray bottle or squirt gun with vinegar in it to spray them with. Once the vinegar gets on them, they are not able to get it off quickly and they associate the smell with the location and people and usually will not return to that area.
- Keep in mind, if a coyote has not been hazed before, it might not immediately run away, this does not mean hazing does not work, it means you need to continue the hazing, get louder, throw more rocks, etc. They coyote may retreat for a distance and then turn to look at you, if it does you need to start up the hazing again.
5. **In your yard** – remember coyotes can easily jump over a 6-foot fence.
 - a. Do not leave your pet unattended in your yard. Coyotes see your pet as food.
 - b. Do not leave food out in your yard for your pet.
 - c. Pick up after your pet immediately. The smell from your pet's waste tells the coyote there is prey in your yard.
 - d. If a coyote comes in your yard, bang pots together.
 - e. Keep a squirt gun (super soaker) filled with ammonia or vinegar and squirt the coyote.
 - f. Make a lot of noise, they especially do not like the sound of pans being hit together or air horns.

“As I See It . . .”

“Personal Independence: You Can Make It Happen”

By Alan G. Spector /Link

Do you often find yourself fixated with being lonely? What about obsessing about finding a partner? And what about feeling that only others can make you happy? Sometimes we forget

self, and that is no way to be. Take a step away from that and be confident and independent.

3. Be Self Motivated. There is nothing more satisfying than being self-motivated. Don't get it wrong, we all have those days when getting up in the morning is one SERIOUS struggle, but having that self-discipline to get up and be productive is great. If you want to achieve a goal, do it for YOU. You and you ONLY should be your main motivation for losing weight, moving up on that career ladder or simply making it to the end of the week without breaking down. Each and every success should make you proud of you!

4. Finding Your Passion. Sometimes, relying on other people or focusing too much on everyone else rather than yourself can cause you to lose your way. Do you have a hobby? Maybe once

that being independent is not a bad thing and actually being independent can mean you have healthier, longer lasting relationships with those around you. It can mean that YOU make your own happiness. Take a look at these five reasons why being independent is so important.

1. Reduce Stress. Being independent means that you are able to rely mostly on #1 and that is YOU. By being your own emotional crutch, advisory, and counsel you are likely to reduce your daily stress. Relying on others can be a tricky business and if you are able to cope with situations independently you may find you feel less anxious when stressful times come up. It is important to remember that social support is still key and that relying on your inner circle is a good thing. Perhaps being more independent just means you can deal with things more easily.

2. Believe in Yourself. Independence can be seriously good for your self-esteem. Having a belief in your own opinions, choices and actions give you a confidence boost like no other. If you were to constantly worry about what other people thought, you would never be able to be who you are. If you don't have faith in yourself, you will always second guess your-

upon a time, you did and now that's gone. Or maybe you never gave yourself a chance to explore your passions. Being independent gives you the chance to leave the family and friends at home and go out and find what makes you happy. Perhaps it's learning something new, helping people or exercise. Whatever that is, allowing yourself the freedom to discover it on your own will boost your self-esteem massively.

5. Broaden Your Horizons. Being independent all comes down to point #5 - broaden your horizons. It is so easy to forget about taking time for you during our busy lives and in truth, we all don't practice self-care as much as we should. By consciously broadening your horizons you don't miss out on the opportunity or life experience leading to less resentment and more fulfillment. Life has so much to offer and regardless of how hectic your life can be or how many people depend on you - ensuring that you grab life with both hands is crucial to future happiness.

So, let's all celebrate July 4th, U.S. Independence Day!! Just remember; the first 2 letters of this holiday is U.S., and let's all celebrate our own personal independence day, month, year, decade . . . lifetime.

SECURITY PATROL

It Brings Us to Tears!

When we see folks fly through the STOP signs. We wish we could visit with them about the consequences of their actions. Nothing may happen today or tomorrow, but one day they may meet another person with the same M.O. coming through an intersection. *Please stop* at those big red signs!

Alan Lebarts, Chief
Security Patrol

Then there are those who have a lead foot. They appear to have a basic urge to exceed the speed limit on our community streets. Speed limits are there to protect not only the drivers, but also the pedestrians who just want a peaceful walk. Sometimes our furry friends are along for the fun. Either in the vehicle or on a leash, they also deserve a safe neighborhood. *Please slow down* as posted!!

Why do we keep writing about these subjects? Because if we can change just one person's poor driving habits, we feel the words are worth saving an accident!

Watch Commanders

The Watch Commanders are on duty 24/7 in 12-hour shifts. They are very experienced, very well trained, and capable of helping not only residents, but fellow patrol members. Their duties are varied. They may be in the office, visiting the Information Centers, patrolling neighborhoods, or they may be catching 40 winks at home. These guys and gals have a phone or portable radio to communicate with the Security Office or patrol shifts at a moment's notice. Sun City and the entire Security Patrol membership owe loads of thanks to these folks who have shouldered a heap of responsibility.

Who to Call

We are not the police! Please remember to dial 911 if your issue is a medical or law enforcement matter. We are your neighbors who volunteer our time to help the community be a safer place. We are the folks who come ASAP when you call for assistance. We will help you decide a plan of action for those situations of which you are unsure. We have opportunities for you to check out the possibilities of joining the Security Patrol. Stop by our office at the far end of the Desert Vista parking area. Membership in Security Patrol will be an experience you'll remember.

Address Light Project

Security Patrol is surveying the address light situation in our community. Members are driving as teams on extra shifts in the evening to let folks know that their lights over their address numbers are no longer illuminated. One of the volunteers is in the patrol car with the lights flashing and the other patrol member comes up to the front of the home with a flyer that gives options for replacing lightbulbs or changing your address sign. The resident will not be disturbed but will find that flyer under a doormat or under a rock in the front of the home. Let's try to *light up* Sun City for our safety!

"But Wait . . . There's More"

Many remember this from late night TV. Think Ginsu Knives and the Popeil Pocket Fisherman.

Now we can add this phrase to our Sun City Smoke Alarm Replacement Project. Many readers know that Las Vegas Fire and Rescue will replace existing, outdated alarms with new

units with a ten-year battery life, and add additional units if needed. All for \$135.

"But wait . . . there's more!"

In our program the more is the combination smoke and Carbon Monoxide (CO) alarm. This goes into every house that is serviced. CO is a deadly colorless, odorless, tasteless gas. You need an alarm to detect it. It can be produced from the natural gas used to heat our homes and cook our food.

"But wait . . . there's more!"

A resident recently called Sun City Administration and explained that her new alarms really did save her life!! The alarms had only been in a couple of days. Then they went off in the middle of the night. Awake, she looked for fire or smoke. Nothing, but the alarms were blaring. So, she called the fire department.

The firefighters used their metering instruments to test for CO. What they found was killer levels in the garage and increasing levels inside the house. They told her that without the alarm, there was a good chance she would not have been alive to greet the dawn. She has since encouraged us to tell her story to others.

CLUB SPOTLIGHT

STAINED GLASS CLUB

We are very pleased that we are able to do the "Spotlight" article and also to everyone at the Link magazine for their help and input. We are a very positive stained glass club/group and help our members on their projects as needed. We have been in existence since Sun City Summerlin began (over 30 years ago).

Over the years, we have had many members, a full slate of officers, and winners in many categories at national and local art shows. Our most recent winner being Dave Wignall in the Gallery of Excellence held at the South Point Casino!

We make stained glass projects that cover all the Holidays, windows, sidelights, religious pieces, serving trays, candle holders, containers (for whatever use) sun catchers, insets for pianos and cabinets, transoms, nautical, lamps, prairie designs, all types of door devices, and bevels to enhance or be part of our projects. Many items were made for other clubs for their raffles. Some projects are the object of our imaginations running wild.

We display examples of our finished work in the club house windows, which are in the Craft Wing of the Mountain Shadows Community Center for all to see and enjoy.

We have 72 members, and are growing. As for those of you who are interested and want to learn about this work, we offer classes to demonstrate and teach the basics of stain glass. We are also fortunate to have instructors who are patient and knowledgeable.

We hope that this article will prompt you by joining our Club.

Bob Stoltz has finished up his latest project – a transom for his home, and his wife Hillary is working on one of their many projects.

Dave Wignall is working on another project!

Information Technology – Printer / Copier New Lease and Equipment

Motion #1

MOTION by Gerry Sokolski that the pursuant to SCSCAI Bylaws Section 6.3 the Board of Directors acknowledges that the Board may not enter into a contract with a third person wherein the third person will furnish goods or services to the Association or for the facilities of the Association for a term longer than one (1) year except when at a Board meeting the Board of Directors makes a finding of necessity for a multi-year contract not to exceed three years. The Board does find that for the purpose of negotiating and entering into a lease contract for printer/copiers a multi-year contract is not only necessary but required, in addition a multi-year lease will avoid future unknown price fluctuations, save resources, and allows us to lease rather than buy equipment. Leasing companies require a multiyear contract be signed in order to provide a lease on the equipment.

If the 2023 Budget Ratification passes this item will be under budget \$25,752.00, if the Budget Ratification does not pass this item will be under budget \$15,020.00. The budget was based on our current lease with Elan.
