## Clubs, Clubs and More Clubs

The Clubs that are right here in Sun City Summerlin have something for everyone. A full listing is published in the LINK every month with contact information for you to get in touch with a club president and learn about what specifics they offer and see if you might be interested.

With summer upon us, this is a great time to meet new people, make long-lasting friendships and enjoy doing something you love, or try something new.

Growing bored may not happen often in Sun City, but it is a risk, especially in retirement. People enjoying retirement have more free time than they've had in the past, and seniors who are used to packed schedules may not always know what to do with the additional time on their hands. Some older adults find it fulfilling to take a part-time job, especially for the social aspect. Even if they don't need the money, these seniors enjoy the challenge the work provides and the opportunity to interact with a different set of people on a day-to-day basis.

Others can't wait to relax and take advantage of the rewards they've earned after many years of hard work and dedication. If that's you, congratulations! You deserve this opportunity to explore your interests and spend time doing the things that matter most to you and explore some fun for seniors.

As you embrace your hobbies and new found free time, remember not to limit yourself. You may have carved out routines through the years that worked well for you, but that doesn't mean they're set in stone. If you have a passion or interest you've always wanted to learn more about, this is the perfect time to do it! You're never too old to pick up a new skill or tap into a new area of expertise. Scientific evidence suggests that seniors who continue to learn and engage themselves mentally stay healthy and strong for a longer period of time than seniors who do not.

While reading your LINK this month, scan through the Clubs section, you just might find something that interests you.

# President's Message

## New Food & Beverage Options Signal Growth, Social Opportunities for Residents

I am happy and proud to be president of such a capable and great Board of Directors. Last year's board accomplished a great deal, and I'm sure this year's board will also. You may have seen workers coming and going from the Vista Grille. The Vista Grille has been leased to Five Star Tavern and will soon become the company's newest location. They have slowly been changing décor, procedures and menus. If you have a chance, please check things out, as they are now open for dinner!

I am very excited to announce a new amenity for all of us to enjoy. Starting in July, The Summit will be open for residents to sit and enjoy the view over a cup of coffee or a drink. The room will be set up with tables, the snack bar will have a simple menu available, and you can come and enjoy the room during the hours that the Pinnacle is open (Monday through Sunday, 8 a.m. to 9 p.m.).

The Summit room will still be available for all residents to rent for private events, but since events are planned only a few days a month, the room is left vacant much of the time. This plan will open the room up the rest of the month for all to enjoy that beautiful view! The room will not be allowed to become another card or club room, however, and hopefully residents will use it as a meeting place to visit with friends and talk with neighbors they meet there for the first time.

I believe the Summit room is an amenity for all of us to use, enjoy and show off to others with pride. Just think how nice it will be to have a glass of wine with friends before a show at the Starbright Theatre, or while watching the sun go down. Additional details will follow in the June and July Links.

**Sue Papillion, President,**  
*SCSCAI Board of Directors*

Back by popular demand, Tuacahn's outdoor amphitheater presents Disney's Tony Award-nominated Broadway musical. This stage adaptation of the Academy Award-winning 1989 film features new orchestrations. Ariel, a lovely young mermaid, spends her days dreaming of what life on land (as a human) might be like. With so many magical inventions and curiosities, as well as a very handsome prince, the world above the water proves to be more irresistible than a girl of the sea can withstand. When Ariel trades her voice for the chance to live and walk on land for long enough to make the prince fall in love with her, she sets in motion a dramatic, humorous series of events that will change her life forever. "The Little Mermaid" features new and classic songs from the film, such as "Under the Sea" and "Kiss the Girl."

## Another Great Season For AARP Tax-Aide Volunteers

Volunteers in the AARP Tax-Aide program prepared more than 620 free income tax returns for Sun City residents. These residents would have paid at least \$125,000 for this service if they had been required to see a paid preparer.

Congratulations and a special thank you to all the volunteers who contributed their time here and in other locations in Las Vegas: Leon Angel, Bruno Chalko, Rose Mary D'Aloisio, Sue Grue, Linda Habel, Jim Kuehl, Alberta Martin, Ken Oswald, Wilma Oswald, Marlene Sherman, Marilu Sloboda, Carol Warman, Paul Warman, Roe Wynn, Kathy Yeko, Lea Hahn and Barbara Jones.

Special thanks, too, to the Link for the publicity, Sun City Community Services for providing the space for the program, the Mountain Shadows social monitors for their time and effort to arrange all the appointments and to the custodians for a great job arranging the facilities for us.

See you next year!

## Medication Management and Preventing Falls

The importance of medication management cannot be overstated, especially when it comes to seniors or older adults, who often take multiple medications to treat multiple symptoms and conditions. This is called polypharmacy and can cause overmedication, dangerous drug interactions and increase your fall risk. According to American Nurse Today, 44 percent of men and 57 percent of women older than age 65 take five or more medications per week.

**Kristie McWhorter,**  
Director of Fitness  
kristiem@suncitylv.com

### How can you manage your medications more effectively and safely?

1. Keep a personal medication list that includes drug names, dosages, dosing frequency and the reason for taking the drug. Review this list often with your doctor and pharmacist to avoid drug interactions. Keep a copy in your wallet, car and home for emergencies.
2. Ask your doctor or pharmacist if the dosage is age-appropriate. Older individuals metabolize drugs differently and may be more or less sensitive to drugs than other patients.
3. Ask your doctor or pharmacist about any concerns or issues you have about your medications.
4. Know the potential side effects of the drugs you are taking and be aware of other changes in your health when taking new medicines.
5. Use pill organizers or dispensers to take the right pills at the right time every day.

### Medicines and Falls

The more medications you take, the higher the risk of a fall. Some sleeping medications and those for anxiety and depression have been proven to increase your risk of falls. These drugs may affect reaction time or concentration, or make you slightly drowsy. If you are already at risk for falls due to muscle weakness, trouble with balance or walking, or vision problems, be cautious about taking medication that may further increase your risk. Most importantly, don't be afraid to ask your doctor or pharmacist for clarification on medications you take, whether prescribed or over the counter.

## Health Nut: North Pole or Bust Dolores and Frank Kology

Every evening as the sun sets over Mount Charleston, you will find Dolores and Frank Kology walking, hand-in-hand (to maintain balance and stability), in the neighborhood bounded by Sun City Boulevard, Billy Casper, January and Castle Bar drives. Using their car mileage indicator, they mapped out several 1-1/2-mile street routes within this zone, which they walk each day. A 45-minute workout without using any facilities or equipment other than a new pair of sturdy walking shoes, replaced twice a year, whether they are worn out or not. This daily ritual has continued each day without fail, in the cool of the evening, for the past three years, in the rain (with an umbrella) or in sunshine, summer and winter.

In one year of walking, Dolores and Frank have walked 550 miles – 365 days x 1 1/2 miles per day. That is the distance to Salt Lake City and beyond. “After three years, this adds up to 1,650 miles,” said Frank. “We must be someplace in Canada by now, and there is no stopping because our doctor at Senior Dimensions has recently given us a clean bill of health.”

This year, Frank will be 93 years old and Dolores, 92. They are high school sweethearts and have been married for 70 years. They moved to Las Vegas from Montana in 1963 when Frank was offered a position as principal in the Clark County School System – 40 years ago.

To maintain their health, lifestyle and positive outlook, Frank says he played golf several times a week earlier in retirement. After golf, 30 minutes of walking on a treadmill at a spa became routine. Later, weekly hikes with the Hiking Club were added. When unable to keep up because of age, the two took to walking for exercise. It enabled them to stay active physically and to maintain good health.

“Scheduled dental appointments every six months are routine. We have no dentures. Annual flu shots are a must and necessary doctor visits are made as needed,” Frank said.

Ten hours of each day are devoted to uninterrupted sleep and naps. A breakfast of oat meal with walnuts and 2-percent milk is followed with one banana to start each day. For the rest of their diet, salt and sugar

~ Photo by Jannette Carrillo/Link

are eliminated when possible. Each balanced evening meal includes a protein, a carbohydrate, oil and a salad. A variety of fruits and vegetables are always available as snacks throughout the day.

“Living here, in this beautiful Sun City Community, with our own age group, the responsive management staff, the facilities, the clubs, the Security Patrol and being located in the safe and peaceful part of town, makes this definitely an ideal place to enjoy and experience retirement at its best and fullest,” Frank said.

### ■ EQUIPMENT ORIENTATION

## ■ CAP MEETING

The next CAP meeting is Tuesday, May 13, 9 a.m., Desert Vista.

### New Faces, New Projects Keep Members Busy

**Bruce Alitt**, Chairman, Common Area Properties Committee

SCSCAI Board of Directors Vice President Bruce Alitt took the helm of the Common Area Properties Committee in March, presiding over his first meeting after winning re-election to the BOD in February.

Bruce welcomed Sun City resident Amos Barcus as committee co-chairman, resident Alan Bell as director of streetscapes and resident Connie Sieber as a new CAP board member.

Some of the projects before the CAP Committee this year include reslurrying three community center parking lots. Desert Vista's parking lot will be completely redone, said Bruce, adding that the project went out to bid in April with the goal of getting a three-year warranty on the overall project. In addition, Bruce explained that committee members will be exploring alternative uses for the bocce courts and horseshoe pits at Desert Vista. Lack of use of those amenities has prompted the committee to seek other ideas from residents.

Last but not least, Bruce said that the turf reduction plan for Sun City's golf courses was presented to the committee and approved for recommendation to the Board of Directors.

### It's Always a Good Time to Talk About Safety

I had a safety meeting with my workers and want to also remind all residents to be safe while working in the garden. Some things to remember:

- ◆ Stay hydrated. Drinking water is very important as the weather gets warmer.
- ◆ Insects. Bees will start to swarm, so be careful if you have any irrigation valves that are underground and are covered with a box. Bees will try to nest in them, and if you open one up and they are in there you could be attacked. One precaution is to plug any holes where they can enter. Also, check for gaps around your home and seal them. It's best to keep bees out than have someone remove them.
- ◆ Lastly, I know this is early, but when thunderstorms are in the area remember that lightning can strike many miles away from the actual cloud front.

Keep safe, and I hope everyone is enjoying their spring.

## Tourniquet Use

What is a tourniquet? The term originated from the French word *tourner*, which means to turn. The first reported use of a tourniquet is traced to French Army surgeon Etienne Morel in 1674 to help control hemorrhaging sustained from battle wounds.

Historically, Hindus, Greeks and Romans used tourniquets as early as 600 B.C. Tight bandages above wounds were used by surgeons as an aid to amputation as early as 1517. Due to new research from battlefield injuries, however, this old way of thinking has changed. Since the Iraq/Afghanistan War, no loss of limbs have been reported due to the use of tourniquet.

When we have our blood drawn, the first thing done is to apply a tourniquet on the upper arm to dilate, or enlarge, the vein. That is called a venous tourniquet. The pressure applied by this type of device measures around 40 mmHg (arterial pressure or blood pressure, normally 110/70 mmHg, is not occluded). So, when we speak of a tourniquet in first aid it refers to an arterial tourniquet, which means a higher pressure is applied to above the systolic (or upper number) of the blood pressure.

When I was a Boy Scout, my first-aid training taught me to stop bleeding by applying direct pressure for a good 5 minutes. If the bleeding continued:

1. Apply enough pressure to compress the artery.

2. If all else failed, use a tourniquet. A tourniquet should be used only as a last resort. Note the time and release pressure every 20 minutes to prevent a loss of limb. Write TK on the patient's forehead to remind everyone.

The Community Preparedness Committee is actively acquiring first-aid medical supplies for use by Sun City Summerlin residents should a man-made or natural disaster occur where Emergency Medical Services (EMS) may not be able to respond quickly due to overwhelming numbers of calls or road obstructions.

We at CPC are always looking for assistance from current or retired medical professionals and people who have medical training living in Sun City. Assistance is needed to aid in the committee's endeavor to serve Sun City in an emergency event. ~ Mike Tanaka/CPC

## Security Patrol Dispatcher at Center of the Action

Sun City residents have a good friend in Security Patrol's dispatcher, who routinely is in the middle of whatever is happening in the community. A dispatcher is always on duty at Patrol headquarters to answer residents' phone calls and dispatch Patrol Drivers where they are needed. Dispatchers respond to telephone calls from residents about such concerns as aggressive solicitors, coyote sightings, unresponsive residents and other issues that may need someone's attention.

Dispatchers have a collection of dependable reference material. Generally, they can provide accurate information to callers. The dispatcher is in radio contact with Patrol drivers who are patrolling throughout the community and can direct an officer or emergency responders to a resident's home if they are needed.

Head Dispatcher Silvia LaMay is especially fond of animals. Silvia is gratified when she is able to help reunite a lost pet with its worried owner. "When a resident calls to report having found a pet running free, I ask them to please keep the animal safe, while giving me time to locate its owner," explained Silvia.

Dispatchers also take calls about confused residents who have wandered from their homes and face certain danger from street traffic, temperature extremes, or a lack of drinking water. "We want to help them quickly, give them water and get them safely home," Silvia said.

"Residents who live alone occasionally become frightened when they hear a noise outside their home," said Cynthia White, who enjoys dispatching an early morning shift. Is it a cat, or a cat burglar? "I'll direct a Patrol officer to the address to check around the property for anything that might not be right. We really are all about neighbors helping neighbors," added Cynthia. "I respond to calls about dogs that won't stop barking, blinking 911 emergency lights and, recently, I heard from a resident who had been awakened by someone ringing her door bell." (Alarms sounding at vacant homes are referred to the respective alarm companies.)

"I have answered calls from residents who needed help to manually open their garage doors," said Assistant Security Patrol Chief Bill Henriod. "When residents call us about a suspicious person or vehicle, it would be helpful if they would try to explain what they mean by suspicious." said Bill.

*Sandy Weiser staffs the dispatch desk at Security Patrol. Dispatchers take residents' phone calls 24/7.*

One resident reported an active bee hive in his yard and wanted to know how to identify killer bees. Dispatchers advise such callers to assume all bees are killer bees and they should call an exterminator to remove them. Dispatchers also deal with water leaks and must determine if they are on a resident's property, Association property or city property in order to correctly report them for repair.

To always have someone ready to help you, Security Patrol must have 42 volunteers to work dispatch each week.

If you have questions or concern for your safety or welfare, never hesitate to call the Security Patrol Dispatcher, 254-2303.

*~ Ellen Greenspan/Link*

### ■ STATISTICS

# Architectural Review Committee

## Five Star Tavern Signs Clear Committee

The Architectural Review Committee approved two signs for Five Star Tavern. Street-side signage will appear on the current monument sign located at the corner of Del Webb Boulevard and Echo Mesa Drive and feature Five Star Tavern above Palm Valley Golf Club. The second sign, installed on the front side of the building, will read Five Star Tavern 24/7 Food & Gaming.

**Ken Caroccia,**  
*Chairman, Architectural Review Committee*

Five Star Tavern signed a management agreement with Sun City Summerlin Community Association, Inc., on Friday, February 28, and has been slowly implementing its move into the Vista Grille space with expanded staffing, hours and its signature menu.

“The official opening of the Tavern is expected by September, with a lease signing that will transition Five Star into a full-fledged amenity for our Association,” said Ken Caroccia, ARC chairman.

## Men's Softball Club Ready to Start Season With Old and New Friends

By Ed McKeown, President, SCSCAI Men's Softball Club

Photos by Jeannette Carrillo/Link

Sportsmanship, apple pie and motherhood are the lead-ins to the opening of baseball season. Sun City Summerlin is no exception to the rule, and if it is, it's only because we play softball year round. In Las Vegas, we are blessed with 350 days of sunshine, which allows us all to enjoy being outdoors every day.

Softball is a life line for nearly 100 men in our community. The Sun City Summerlin Men's Softball Club has seven teams this year, and it continues to grow. The leagues play Monday, Tuesday, Wednesday and Friday, with batting practice on Thursday. Naturally, not every team plays every day. In fact, each team only plays two games per week.

As with the community mix, many of our members are snowbirds and only spend a few months with us. The players come and go throughout the season to visit with friends and family, go on vacation and miss time due to injury and illness. However, we continue to play by picking up players from available teams. Each player is provided a shirt and cap donated by sponsors.

Come up and visit our beautiful ball field. We are blessed to have one of, if not the best facility, in the city. We have a grass infield, manicured grass outfield, protective fence cap, bleachers and an electronic scoreboard. And, of course, restrooms are nearby. Throughout the season we have BBQs in the spring and fall, picnic/potluck lunches with our spouses and sponsors, as well as an annual catered dinner meeting.

The Club teams play a schedule of 60 to 70 games per season and another 20 to 30 pickup games during the summer.

We have enjoyed playing many teams from other communities throughout the valley—Aliante, Anthem, Las Vegas Senior Softball, Clark County Fire & Rescue, The Wounded Warriors and several tournament teams. Last year, the Club hosted the World Masters Major Women's 40+ Tournament in late September 2013 and will host it again this year.

Come and enjoy playing three games before you need to make any commitment. Get some exercise, loosen

your limbs, stretch those tired muscles. Join us for fun, exercise and meet new friends, or perhaps rekindle some old friendships.

If you decide you would like to play, our annual dues are \$40. For more information, call Club President Ed McKeown, 287-2888, or check out our website, [SCSSoftball.com](http://SCSSoftball.com).

## A Touch of Stained Glass

Sandy Mandel was born and raised in Brooklyn, New York, where he met and married his wife, Joanie. One year later, he was inducted into the United States Army and sent to Fort Bragg, North Carolina, home of the 82nd Airborne. While there, Sandy ran an offset printing press. Following his discharge, Sandy returned to Brooklyn and, a year later, he and Joanie left for Southern California to start a new life.

It was in the Golden State that they raised three children. It also was where the creative bug bit Sandy.

He had always loved to create things – he was a printer, then a salesman and held many other occupations. But when the creative urge came to him, Sandy tried making art out of mosaic tiles, then oil paints. Unfortunately, when the Northridge Earthquake rocked the San Fernando Valley in 1994, Sandy and Joanie realized it was time to go. Their home in Granada Hills was almost totally destroyed by the quake.

By this time, also, all their children were grown and on their own, so the couple made the decision to move to Las Vegas, where they settled in Sun City Summerlin.

The beautiful blue skies over Las Vegas inspired Sandy once again, and he decided to try something new. He soon became involved with stained glass and joined the Stained Glass Club.

He really loved working with the large pieces of glass and cutting them into smaller pieces, then fitting them together like parts of a puzzle. To hear Sandy talk about the glass, “It gave me the creative freedom I had been searching for all of my life,” he said.

If you were to go into Sandy and Joanie’s house, you would think you were in a stained glass showroom. Sandy has crafted several windows and wall decor for friends and neighbors. He was amazed and deeply touched that other people not only loved his work, but were offering to pay for it.

After 61 years with Joanie and 18 years of creating stained glass artwork, Sandy’s love for both is still going strong.

On Oct. 1, 2000, the size of the ball was changed from 38 mm to 40 mm, and the games changed from 21-point to 11-point games. In 1971, ping pong diplomacy was established with China as a way to improve diplomatic ties. A USA table tennis delegation was sent to China as a good will gesture.
