# MEET THE BOARD!

# “Am I crazy?”

**Scott Meier**  
“The King of Cool”

**Am I crazy?** “I’m offering my Amazing \$149 Heating System Tune-Up® for only \$79...AND I guarantee your system won’t break down this Winter or my service is Free!”

I must be crazy! When the temperature falls, I can get pretty busy. So, why am I offering such a drastic discount on my Amazing-Tune-Ups? It’s very simple. I want you as a client for life! So, I call this my INVESTMENT IN YOU!

I believe that I run the tightest service company in the business. I belong to a National Organization of highly motivated and technically competent heating and air conditioning contractors. We are professionally and continually trained in the skills of service, repair, and system replacement. If my technicians weren’t the best in the industry I could not make such an amazing offer!

I am serious about my profession; proud of my entire staff; and completely dedicated to each and every one of my clients... new and old.

Now, how am I going to prove all this to you if I can’t get your attention?

Right! I make you a spectacular offer you can’t refuse and win you as a new client for life.

Back to my offer...

My Amazing-Tune-Up includes a painstaking and thorough 14 point examination of more than 50 potential problem areas in your heating system. I will inspect, adjust, and clean your system and if I find anything wrong, I’ll bring it to your attention. I will guarantee that your system is fixed right and if it breaks down this winter my service is FREE!

This is a \$149 value for only \$79, when the cold weather hits I will be too busy to offer this super value, and since I have to limit how many of these we do each day, the schedule will fill quickly so don’t miss out!

Call **483-9908** now and ask for Tiffany or Brandi. They will set your appointment time.

P.S. I am so interested in making you a client for life, if you make an appointment, and if you let us provide you with this \$149 Amazing-Tune-Up for \$79 and you are not 110% satisfied...we’ll charge you nothing.

The Sun City Summerlin Community Association, Inc. operates three dining establishments for residents within the community – the Vista Grille, a full-service restaurant and bar at Palm Valley Golf Course; Tavern at the Falls at Highland Falls Golf Course offers breakfast, lunch and bar service until 3 p.m.; and the snack bar at Eagle Crest Golf Course, which stocks snacks, hot dogs, sandwiches and bar service. In an effort to accommodate residents' dining needs,

SCSCAI would like to know if residents would be interested in a food delivery service? Residents would be able to order from a takeout menu and have their food delivered to their home by a Sun City staff member. Another option under consideration is curbside dining, where residents could call in their order and pick up their food curbside.

Let us know what you think.

# Letter From The Executive Director

## Interesting Facts About Homeowners Associations

**Patty Rosia**

*Executive Director*

Sun City Summerlin is an elite community. It has set a high standard for master-planned developments across the country. What you might not know are some interesting facts on associations that I would like to share with you:

The following information and more can be found on the

Community Associations Institute website, [caionline.org](http://caionline.org).

- ♦ An estimated 50 million Americans live in association-governed communities. Some 1.25 million

people serve on community association boards, with another 300,000-plus serving as committee members.

- ♦ About 6,000 to 8,000 new community associations are formed every year. This includes condominiums, cooperatives and planned communities. It is estimated that more than four in five housing starts during the past five to eight years have been built as part of an association-governed community.
- ♦ The estimated real estate value of the homes in all community associations is about \$2 trillion, approximately 15 percent of the value of all U.S. residential real estate.
- ♦ Estimated annual operating revenue for U.S. community associations is \$30 to \$35 billion.

### CORRECTION

The Executive Director's letter that appeared in the October 2012 Link misidentified the Las Vegas city ordinance pertaining to RV parking. The correct citation is City Ordinance 11.52.305, which reads: "It is unlawful for a person to stand, park or store, upon any residential street, a commercial vehicle, recreational vehicle, trailer, or any combination of vehicle and trailer having an overall length

of twenty-four feet or more, except in front of property from which or to which goods or passengers are being picked up or delivered, and then only for that period of time during which goods or passengers are being expeditiously loaded or unloaded.

The Link corrects mistakes. If you have an error to report that has appeared in print, email Jeannette Carrillo, [jeannettec@suncitylv.com](mailto:jeannettec@suncitylv.com).

## Do you suffer from hearing loss?

There is a strong relationship between age and reported hearing loss. National Institute on Deafness and Other Communication Disorders NIDCD statistics show 18% of American adults 45-64 years old, 30% percent of adults 65-74 years old and 47% of adults 75 years old and older have hearing loss.

And did you know that only 1 out of 5 people who could benefit from a hearing aid actually wears one? The Fitness Department is offering a series of events to help you understand how important hearing health is.

We invite you to join Shane Osmond, the executive director of the Olive Osmond Hearing Fund, April 10, at 1:30 p.m., at Desert Vista for an educational seminar to learn more about the effects of hearing loss, why people can hear but have trouble understanding, ringing in the ears, and about new hearing technology.

The Olive Osmond Hearing Fund has partnered with My Hearing Centers, located at 8578 Del Webb Blvd, [www.myhearingcenters.com](http://www.myhearingcenters.com), to offer several programs in Sun City Summerlin. They will give away a pair of top-of-the-line hearing aids to a Sun City resident. For more information, attend the seminar, or visit the Fitness area of the SCSCAI website.

Other programs offered will include free hearing exams, free professional hearing aid cleanings and free hearing aid adjustments (even if you did not purchase hearing aids through My Hearing Centers), free ear wax removal, drastic discounts on hearing aid batteries and My Hearing Centers will offer 30 percent off new hearing aid purchases. These events will be scheduled throughout the next several months.

## Mr. Gym Etiquette

**Tip:** Please clean up after yourself in the locker rooms and gym areas. Please do not color your hair in the showers or sinks. Permanent dyes stain the facilities and leave a mess. Use towels on the floors or benches when using powders or lotions to prevent slipping.

## Pool Reminders

It is spring time and the outdoor pools open on April 1. Sun City Summerlin residents share a variety of interest. Everyone has to share the facilities and there are rules in place to help make usage fair, safe and enjoyable for all. Our pool rules are in accordance with the SCSCAI Rules & Regulations and the Southern Nevada Health District. Following is a friendly reminder on some of the rules we all need to follow.

1. On-site showering is required prior to entering and re-entering the pool or spa. If lotions are used, individuals must shower again. Appropriate swim attire must be worn (no cutoffs or street/gym clothes).
2. Street shoes are not allowed in the pools or pool areas. Clean pool shoes are acceptable.
3. Persons with a cold, cough, sore or inflamed eyes, any or communicable disease, or with open sores or bandages must not enter the pool or spa.
4. Diving, running and horseplay are not permitted. Climbing over, swinging, or leaning heavily on lane ropes or ramp rails is not permitted.
5. Pool toys, such as balls, rings, diving toys, etc., are not permitted. Oversized inflatable or flotation devices are not permitted. Exceptions are safety devices, kick boards, noodles and arm floaties as long as they are used properly and not for horseplay.
6. Children (under 19) must be 42 inches tall (without shoes) to use the pool and must be supervised by an adult at all times. Children (under 19) are not allowed in the spas.

## Equipment Orientation

Join SCSCAI Fitness Assistant Melissa George for a free Equipment Orientation class, where she explains how to properly use the strength and cardio equipment in each fitness center. Classes are limited to five participants and last an hour. Advance signup is required with the Fitness Monitor prior to the day of class.

**First and third Wednesdays**  
**Desert Vista – 9 a.m.**  
**Pinnacle – 10:15 a.m.**  
**Mountain Shadows – 2 p.m.**

7. Lane users must share lanes with those performing similar activities (i.e. swimmers, walkers, etc.) as much as possible by circling or splitting the lane in half. Time in lap lanes is restricted to 30 minutes when others are waiting and sharing is not practical.
8. Lap swimming time is from 6 to 8 a.m. and 4 to 6 p.m. at indoor pools. During these times, priority is given to lap swimmers in three lanes, one lane is set aside for walkers to share.

Rule pamphlets are available at each fitness center monitor station. Also, please be sure to communicate basic rules to your guests so that everyone's visit will be consistent and enjoyable.

*“Without art, the crudeness of reality would make the world unbearable” – George Bernard Shaw.*

## Sun City Libraries:

### *A Book A Day Keeps Boredom Away*

Did you know that Sun City Summerlin offers residents two libraries, where they can check out up to 10 books on titles ranging from adventure to romance and mystery to celebrity autobiographies. Check-out is free and there is no deadline on when books need to be returned. For those who like to keep up with their magazine reading, periodicals also are available.

If you're looking to thin out your collection, the libraries also accept book donations.

The libraries are located at Mountain Shadows and Sun Shadows community centers and are open every day during regular center hours. For more information, call the Social Monitor at either center (Mountain Shadows, 966-1410; Sun Shadows, 363-1719).

## In Memoriam

Sun City Summerlin Security Patrol Chief Lou Polizzotti died Tuesday, February 25, at 1:30 a.m. after suffering a heart attack during his patrol shift. Lou was transported to

Summerlin Hospital, where he was pronounced dead. His wife, Susan, was with him. Las Vegas Metropolitan Police investigated the scene. Lou will be greatly missed in Sun City Summerlin.

## Community Standards

### Please Pick Up After Your Pet

Sun City Summerlin residents love their pets, especially their dogs, whom they walk morning, noon and night. While it's great to see residents getting out of the house and enjoying some exercise, it's worth a minute or two to think about the impact some actions have on the community as a whole.

First and foremost, responsible pet ownership includes leaving community greenbelts, common areas, your neighbors' yards and walking paths free of pet waste. It's just common courtesy to pick up after your pet. Always remember to take a plastic bag with you on your walk and use it. Afterward, dispose of the sealed bag in your own garbage can. You'll feel good about being a good neighbor and your neighbors will appreciate the gesture.

Next, always keep your dog on a leash. Even if you have the best trained dog in the world, you can't be sure how he or she will react in every situation. Plus, it's the law.

When your dog is at home in the back yard, it's good to be aware of its barking. Dogs bark, that's natural; but incessant barking can be considered a nuisance. It seems that some people are oblivious to repetitious barking while others are annoyed by a woof or two. If your dog is left unattended outside and begins to bark, please bring it back inside so as not to disturb the neighboring residents.

Three simple rules – easy to remember and pretty straightforward. Keeping them in mind the next time you head out for a walk will ensure a pleasant experience for all.

# Common Area Properties (CAP)

## What Goes On During a CAP Meeting?

Meetings are divided into two sections – reports by the community’s department heads and reports by the leader of each inspection team. The February meeting included the following:

- ◆ Dennis McGrew, Sun City Summerlin Community Association, Inc. building maintenance director, reported on the painting of roadside railings; Mountain Shadows walking track, lights and mini golf course; Desert Vista wood floors and picnic tables; and signage.
- ◆ Brian Bagwell, SCSCAI’s golf course maintenance director, reported on xeriscape plant trimmings; bird control; and new equipment needs
- ◆ Kristie McWhorter, fitness director for SCSCAI, reported on the success of the new entertainment system at Mountain Shadows and requested approval of the plan to purchase and install the same equipment at Desert Vista and Pinnacle fitness centers.
- ◆ Louis Darling, SCSCAI’s landscape director, reported on the refurbishment of benches in the greenbelts; removal of the curved pavement at the Vista Grille; changing of plants along “upper” Lake Mead to reduce

maintenance; the rabbit problem at the Pinnacle; and refurbishment of the Mountain Shadows patio.

After the reports, CAP Chairman Ken Carocchia asked for comments from the residents in attendance. A question about the status of the Mountain Shadows administration remodel was asked. Dennis reported that a spec sheet is being developed to better define costs and it will be presented to the SCSCAI board of directors soon.

Team reports included the following discussions:

- ◆ Photinia plants are being replaced because they do not do well in our soil.
- ◆ The new shower head under test at the Desert Vista men’s showers works great.
- ◆ The ledge at the Vista Grille patio will be repainted due to the bird mess.
- ◆ Trees that overhang the Sun Shadows dance room need to be trimmed.
- ◆ Repair is needed for the Mountain Shadows fitness center sign.

If you have an interest in knowing what is going on with the maintenance of our community, come to the next CAP meeting, April 9, 10:30 a.m., Desert Vista.

## Landscape

---

### Warmer Weather Signals Plant Growth

Winter is over and with the season’s change you may wonder what to do with your damaged plants.

I would suggest you let the plant tell you. If you over-trim some plants, it could do more damage. As the plant starts recovering it will start budding where it is still alive (typically where the dead leaf connects to the branch, or if the branch is dead the plant will bud at the trunk). If the main part of the plant is dead, it will sprout from the roots.

Once the weather warms up and if you have done your fertilizing, it shouldn’t take long for your plants to show you what they need. Hope this helps you out.

The landscape department is watering turf on Tuesday, Thursday and Saturday night if temperatures are warm enough. Drip watering is Monday, Wednesday and Fridays; color beds are every day.

# Community Preparedness Committee

## Save A Life Event Set for April 13

*Automated  
External  
Defibrillator*

The Community Preparedness Committee would like residents to learn how they can help save a life at a free class scheduled for Saturday, April 13, at Desert Vista. Hands-on instruction by professional emergency responders from fire stations will take about an hour, from 3:30 to 4:30 p.m. This is an opportunity to learn how to give recommended compression-only CPR and to use an automated external defibrillator correctly. There is an AED in every Sun City community building. In an emergency situation, wouldn't you want to know how to use the AED to possibly help save someone's life?

For preparation to give instruction to everyone, CPC needs to know how many interested lifesavers will attend the event. To RSVP, please call or email CPC Co-chair Teresa Frederickson, 202-0513. Leave a voice mail message, including your name and tell us to count you in. You also may send an email to [groupleader@scscpc.com](mailto:groupleader@scscpc.com). Be sure to let us know if someone will be accompanying you.

## CERT Training Teaches Survival Skills

CPC also arranges Community Emergency Response Team classes that are conveniently located in Sun City. CERT training is a national program designed to prepare citizens in any community to survive and help others after a disastrous event if professional responders are overwhelmed and need help.

CERT classes include such emergency procedures as fire safety, light search and rescue, team organization and basic disaster medical operations. Class training includes hands-on practice in basic fire suppression and basic medical care. After completing the course, graduates receive a CERT backpack that is packed with essential items that will be useful in an emergency situation. The goal of CERT classes and Sun City's CPC is to prepare residents to be able to support themselves for up to 72 hours in an extreme emergency until professional emergency responders can resume their responsibilities.

If you are interested in joining CERT, please email [groupleader@scscpc.com](mailto:groupleader@scscpc.com). Residents are always welcome to attend the CPC board meetings on the first Wednesday of the month. ### **NeriumAD** AGE-DEFYING TREATMENT

Join us 7 pm Thursday, April 25 at Highland Falls Restaurant to find out how **NeriumAD** can help your skin look younger. It addresses the appearance of fine lines, wrinkles, uneven skin texture, enlarged pores, and aging skin.

**RSVP 243-2848 or 290-0697**

**Means Stop,  
It's The Law**

The Sun City Summerlin Security Patrol cannot enforce traffic laws. Sun City streets are public roads whose laws are enforced by the Las Vegas Metropolitan Police Department. Patrol volunteers do not confront drivers who exceed posted speed limits or those who fail to obey stop signs.

Sun City resident Chuck Strickland has been a victim of four traffic accidents, one when his truck was hit by a car and three that were caused while Chuck was riding a bicycle. He was not the irresponsible person in any of the incidents. In the most serious accident, Chuck was driving a highly visible, bright red truck on Thomas Ryan Boulevard. A car exiting Button Willow Drive drove through the posted stop sign and hit Strickland's truck. Chuck said, "The only thing that saved me was that I was driving a large, heavy truck."

Slamming on her brakes and swerving her car have prevented Sun City resident Barbara Alitt from being hit numerous times at the intersection of Thomas Ryan Boulevard and Hallston Street near her home.

"There's a four-way stop sign there, but four out of five drivers speed right through without stopping," Barbara said.

Security Patrol driver Adrian Cole questioned if Sun City motorists ever will understand that they must obey all stop signs. Too often, Adrian has heard residents say that because they live here, they do not have to stop.

Nothing could be further from the truth.

If stopped by a Metro traffic officer for running a stop sign in Sun City Summerlin, the driver could be fined as much as \$300. Then there is the possibility of having

points attached to one's driving record and the cost of attending traffic school to expunge those driving points.

In January, four residents were seriously injured and one driver died in a two-car accident at the intersection of Sun City Boulevard and Billy Casper Drive. According to information released by Metro's Accident Investigation section, one of the cars failed to yield the right of way from a posted stop sign by entering the intersection in the travel path of the other car. All occupants of both vehicles were transported to area hospitals with moderate to critical injuries.

"They will live with the aftermaths of that accident for the rest of their lives," said Metro Public Information Officer Laura Meltzer.

According to Meltzer, citations and fines levied in traffic court don't always change the bad habits of careless drivers. For bad drivers to become more attentive, the life-altering results of their carelessness must be personal. A driver must realize that "It can happen to me or someone I love," she said. "Witnessing the carnage at serious accidents changes the lives of first-responders, as they can't help visualizing the faces of their own loved ones."

In an effort to help increase awareness of stop signs in Sun City, SCSCAI Executive Director Patty Rosia has been working with Anthony Ruggiero, community liaison for Las Vegas City Councilman Stavros Anthony, on a proposal to install highly visible lights on stop signs at specifically troublesome intersections throughout the community.

Additionally, many stop signs in Sun City are larger than those found elsewhere in the valley. The larger sign, which is 18 inches wider in diameter, is another attempt at increasing visibility.

However, while these measures take aim at the visibility issue, the problem remains: Residents need to understand that failure to stop at a stop sign in Sun City Summerlin is **BREAKING THE LAW**. In all, a stop sign in Sun City Summerlin means exactly that – **STOP** – just like it does in any other part of the city.

## A Huyck of a Couple

### *Sun City Pair Pour Passion Into Racquetball, Therapy Dogs*

Have you ever entered the fitness center at Mountain Shadows and seen a large German shepherd sitting quietly by the racquetball court? That would be Hope, a therapy and service dog owned by Nadine and Clyde Huyck, a remarkable couple who live in Sun City Summerlin.

The Huycks also own another service dog named Augie. He's a Manchester terrier.

Nadine and Clyde, who have been married since 1995, moved from South Dakota to Sun City six years ago to be closer to their three grandchildren who live in Bullhead City, Ariz.

By profession, the Huycks are educators who have lived in the United States and Europe. They currently work at the College of Southern Nevada, where Nadine is the director of counseling and Clyde teaches art.

Nadine originally became interested in dog rescue when she found Hope in an animal shelter in Germany. When they returned to their South Dakota farm, Nadine took Hope to her elementary school on a regular basis and noticed that the dog had a positive effect on the schoolchildren. Later, while living in Las Vegas, Nadine rescued Augie and, with the help of Clyde, trained him to be a therapy and service dog, too. Today, Nadine and Clyde make the rounds at local hospitals and assisted

living facilities with the dogs, who provide a lot of love and support to those they visit.

In addition to working with the dogs, Nadine and Clyde are into sports in a big way. In fact, they credit taking up racquetball after they met while both were teaching abroad.

Soon after meeting, the pair took on competition in singles and doubles matches and dominated most opponents. Nadine even became the military European champion.

"I enjoy racquetball very much," said Nadine. "It's one sport where two people off the street can have a great time (playing)."

As for Clyde, his accomplishments in racquetball are a natural extension from a lifetime of sports competition. In high school, he lettered in baseball, basketball and football, and was inducted into the Vallejo, Calif., Sports Hall of Fame; at Oregon State University he starred in two sports; over the years he's run one marathon each month for 12 consecutive months just because he could.

These days, you can find the couple on the racquetball court at Mountain Shadows, where you'll most likely see Nadine and Clyde smashing up serves behind the glass while Hope and Augie wait patiently for the game to wrap up.

## Mountain Shadows Display Case: Model Builders

Sun City's model builders have been replicating railroads, aircraft, ships, doll houses and model cars since the club began in 1993. Members' most intricate projects, such as the Taj Mahal, London Bridge and multi-mast tall ships can take years to complete. On a recent visit to the workshop, modeler Glenn Williams, who has built 25 sailing ships, fine-tuned his Cutty Sark, while Jack Norwood's 18th Century warship was taking shape and Edie Bush was experimenting with realistic-looking stucco on a doll house exterior.

Club president Fred Vincent explained that in a separate room the Club's woodcarvers create figurines, animals, planes, castles and historic buildings from scratch. Expertise is not a prerequisite to become a modeler; patience and perseverance are more important.

"We welcome new members of all skill levels and they should have fun with whatever they build," Fred said. Accomplished modelers are always willing to help new members learn new skills. "There's something for everyone to do here."

Sharp eyesight and steady hands aren't an absolute requirement to help maintain the HO railroad layout. Trains and buildings need constant repair and tracks must be kept clean.

In April, examples of model builders' creations are displayed in the Mountain Shadows showcase. Club members work on projects in the model-building rooms at Desert Vista, Monday to Saturday, from 9 a.m. to mid-afternoon. Visitors are welcome. Annual dues are \$25. For club information, contact Fred Vincent at 256-7468, or email 1Levi936@cox.net.
