“Am I crazy?”

Scott Meier
“The King of Cool”

Am I crazy? “I’m offering my Amazing \$149 Heating System Tune-Up® for only \$79...AND I guarantee your system won’t break down this Winter or my service is Free!”

I must be crazy! When the temperature falls, I can get pretty busy. So, why am I offering such a drastic discount on my Amazing-Tune-Ups? It’s very simple. I want you as a client for life! So, I call this my INVESTMENT IN YOU!

I believe that I run the tightest service company in the business. I belong to a National Organization of highly motivated and technically competent heating and air conditioning contractors. We are professionally and continually trained in the skills of service, repair, and system replacement. If my technicians weren’t the best in the industry I could not make such an amazing offer!

I am serious about my profession; proud of my entire staff; and completely dedicated to each and every one of my clients... new and old.

Now, how am I going to prove all this to you if I can’t get your attention?

Right! I make you a spectacular offer you can’t refuse and win you as a new client for life.

Back to my offer...

My Amazing-Tune-Up includes a painstaking and thorough 14 point examination of more than 50 potential problem areas in your heating system. I will inspect, adjust, and clean your system and if I find anything wrong, I’ll bring it to your attention. I will guarantee that your system is fixed right and if it breaks down this winter my service is FREE!

This is a \$149 value for only \$79, when the cold weather hits I will be too busy to offer this super value, and since I have to limit how many of these we do each day, the schedule will fill quickly so don’t miss out!

Call **483-9908** now and ask for Tiffany or Brandi. They will set your appointment time.

P.S. I am so interested in making you a client for life, if you make an appointment, and if you let us provide you with this \$149 Amazing-Tune-Up for \$79 and you are not 110% satisfied...we’ll charge you nothing.

Your "Precision Tune-Up and Professional Cleaning" Consists of These 14 Individual Operations:

Letter From The Executive Director

Patty Rosia
Executive Director

I am so excited and proud to be joining the Sun City Summerlin master community as your new executive director. To have been selected for this wonderful opportunity and to be a part of Sun City's elite community is an honor. I already have had such a warm reception from the board of directors, staff members and homeowners whom I have had the pleasure of meeting.

My heart always has been in the Summerlin area. My family and I moved here in 2001 from San Diego, Calif., and from the moment we moved into our house in Summerlin we knew this was home.

We always have been huge supporters of the area and very involved in neighborhood projects and community events.

Association management has been my career for over 28 years, and I bring an extensive background of experience to your development. I have worked in all areas of association management and I am fortunate that I truly love what I do. The beautiful community of Sun City Summerlin is your home and as your executive director I am dedicated to ensure that the standards and integrity of your community continues.

I am looking forward to meeting the members of the community and working together with the board of directors and staff to continue with all the success that has taken place in Sun City Summerlin. My door is always open, so please feel free to stop by and visit.

The Exchange Room at Mountain Shadows Community Center will be open for voting from 8 a.m. to 3 p.m. on Tuesday, February 26.

The ballot bar codes will be scanned and verified in the Exchange Room. This will be done starting at 3 p.m. on Election Day, in full and open view to any who want to witness it.

The ballots will then be secured in the Association

Office until the day following the election.

The ballots will be opened and counted starting at 8:30 a.m. on Wednesday, February 27, during an **official Association meeting - open to all residents**. There is only one agenda item for this meeting, that being the counting of the election ballots.

The results will be announced by the Association Secretary and reported to the Board of Directors.

How to Vote for the Board of Directors

the envelope so that the “bar code,” which is used for validation, shows through the envelope’s window. On vote-counting day, the Election Committee will cut off the bar code **before** removing your secret ballot. We will use optical scanners to count the ballots and tabulate the votes electronically.

If you make a mistake marking your ballot, do not correct it. Exchange the old ballot for a new one at the Administration Office (located at Mountain Shadows). Before requesting a replacement ballot and envelope, be certain that another member of the household has not voted. Should two ballots be received from the same home, **both will be voided**. Casting **more than four votes** also will **void** the ballot.

Your four votes may be cast for one candidate or divided among two or more candidates.

If you have questions about how to properly fill out your ballot, or you need a replacement ballot, please call the SCSCAI Administration office at **966-1401**.

No candidate information will be available from this source.

This year we will be electing four (4) residents to serve on the Sun City Summerlin Community Association, Inc. Board of Directors. The candidates will be elected for two-year terms.

The ballot format is the same as used last year, and is prepared for electronic counting. The ballot has two halves and a **pre-posted return envelope**. Instructions are printed on the ballot. A member household has four (4) votes. After marking the ballot, remove the “Instructions” side to remove your name and address. **Insert the ballot half into**

Ken Caroccia

Dear Residents, Neighbors and Friends:

I have served on the Sun City Summerlin Board of Directors for the last eight years. But for those who may not know me, I would like to introduce myself.

My name is Ken Caroccia and I have combined my professional business experience, personal background and the experience I have earned serving Sun City as a Board Director and Committee Chairman to help make Sun City the best place to live in Las Vegas.

Over my eight years of service to Sun City, I have received many testimonials from residents who believe that I am sincerely dedicated to doing the best job I can. And so, I would like to share with you what I try to do for you, the residents, and for Sun City:

- I take your requests and problems that you feel need attention very seriously. I feel it is my duty to always try and resolve issues that come to my attention. I work at this by doing my best to attend all the monthly Board of Director meetings, as well as the numerous committee meetings that serve Sun City, even if it is not my committee.
- I feel that I need to keep abreast of what is happening in our community so that when you ask me a question, I can give you a complete answer of what is happening, or why it is happening.
- Many may think that this job is a three- or four-hour-a-week job that only requires attending the monthly BOD meeting. It is not. I regularly put in far more hours that can well exceed over 20 hours a week.
- I am a dedicated, 9-year resident who loves Sun City and works tirelessly to make it the best place in the city to live.

Those who know me understand that they can call me 24/7. My home telephone number is 702-254-8852, and although you may get an answering machine, it is my personal answering machine and I try to return calls within 24 hours unless I am out of town. For even more accessibility, you can reach me at my email address: Kcaroccia@cox.net. You can trust that if I do not think I can help you, I will put you in touch with someone who can.

I am strongly dedicated to the well-being of our community, and I believe I have consistently measured up to what you expect from a member of your Board of Directors. For more information, please take a minute to read my "Goals for the Community" listed on my campaign flier. I am sure you will agree with my vision of keeping homeowners' dues reasonable, increasing golf revenue and maintaining Sun City property values.

If you believe as I do, then I welcome your vote.

Thank you!

Ken

KENNETH RESNIK

**Security Patrol
Legal Services Committee
Veteran**

Before moving to Sun City from New York, I practiced law for almost 45 years, including almost three decades as Town Attorney and Town Justice for the Town of Ramapo. These positions, which were part-time, allowed me to practice law privately as well. My emphasis was in Real Estate, Planning & Zoning and Business law. The last five years of my legal career were spent as County Court Judge and Acting Supreme Court Justice, where among my other duties as a trial judge, I presided over the Rockland County Drug Court.

My years of experience representing both public and private entities, has taught me how to work with people of differing personalities and interests and has made me uniquely able to weigh and balance the needs of the homeowner and the association. Those same experiences have also taught me what *not* to do to achieve those goals - how to avoid the pitfalls and overcome the obstacles that come with membership on any civic board.

Since 2005 when my wife Phyllis and I moved here, we have been active in the community. I served Sun City as a Dispatcher on the Security Patrol for five years, and have been a member of the Legal Services Committee for five years, where I contributed substantially to our recently adopted Bylaws.

Phyllis and I feel fortunate to live in Sun City, where we enjoy our community and have made many friends. I am committed to the association, and believe that my experience and judgment as a member of the Board of Directors will help to maintain the beauty and wonderful amenities of Sun City.

I ask for your vote.

Common Area Properties (CAP)

All rolling stock owned by the Sun City Summerlin Community Association, Inc., which includes pickup trucks, golf carts, food carts, mowers and other maintenance vehicles, is inspected monthly by members of the Common Area Properties Committee.

What We Do

The Common Area Properties Committee inspects all common areas of the Sun City Summerlin Community Association. These include:

- ♦ The four community center complexes, including the fitness centers, indoor and outdoor pools, tennis courts, bocce courts, mini golf course, horseshoe pits, walking tracks, as well as all the buildings and surrounding grounds.
- ♦ The golf pro shops and cart barns, and restaurant facilities.
- ♦ Common area landscaping along major internal streets (Sun City, Del Webb and Thomas Ryan), as well as along the external streets that border the community (Lake Mead, Anasazi and Rampart), and in the green belts scattered throughout.
- ♦ All rolling stock – pickup trucks, golf carts, food carts, mowers and other golf course maintenance equipment, landscape maintenance carts, anything owned by the Association that has wheels.

All of our inspections include appropriate staff members to ensure the best results for our residents.

What We Do Not Do

We are not responsible for any of the maintenance or landscaping that is part of any of the sub-associations within the community. Those areas fall within the responsibility of each respective sub-association.

In addition, we do not inspect the golf courses themselves. The Golf Oversight Committee is responsible for monitoring the maintenance of the golf course greens, fairways and adjacent plantings. Information on contacting

the Golf Oversight committee can be found in the Link and at our SCSCAI website.

Finally, anything concerning private property surrounding single-family homes should be directed to the office of Community Standards, 966-1411. This includes issues/questions about a neighbor's tree that blocks a street sign, weeds in yards and similar items.

Love is in the air

It's February after all, the month synonymous with amour. If you're looking to shower the one you love with flowers, candy or cards, there are plenty of outlets waiting to indulge your passion for gift-giving. But if you're looking to celebrate your sweetheart with dinner and/or dancing, then you've come to the right place as Sun City Summerlin has crafted both a sumptuous menu and a dance designed to tickle your heart's desire.

First, Food & Beverage Manager Joe Vaccaro will offer two dinner seatings (3-5 p.m. and 6-8 p.m.) at **The Summit Restaurant on February 14**. Each RSVP, priced at \$40 per couple, will include a choice of entree and a decadent dessert.

Two evenings later, on February 16, SCSCAI will present "**In the Moonlight**," a Valentine's Day dance at the Desert Vista community center. The event, organized by the Community Services Department, will feature music by the Kathy Watterson and Friends Band, along with a sampling of delicious small bites by the Food & Beverage Department.

But perhaps the best way to celebrate the love of your life may be just what these Sun City couples did when they shared their photos with us – take a moment, pull your partner close, smile and tell them how they make your heart sing!

Golf

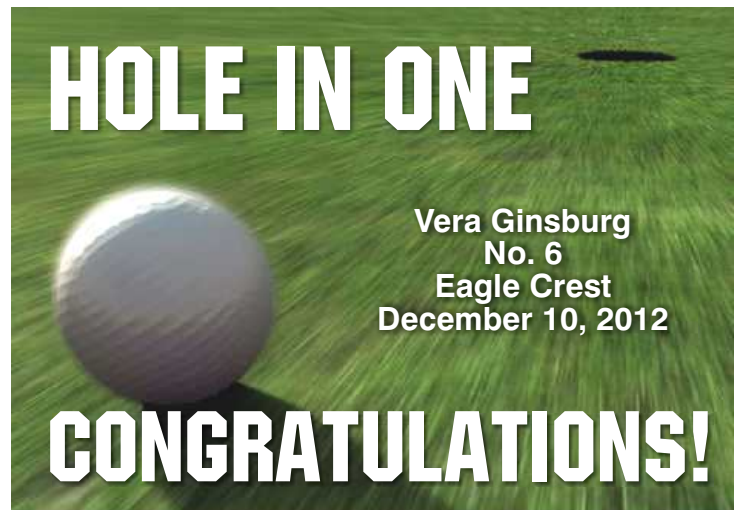

Joe Kelly
Director of Golf

As Director of Golf, I am consistently observing the safety practices of our golf shops, cart barns and course maintenance staff. The Safety Committee is constantly addressing these issues through safety training. The issue that is my greatest concern in our community is the safety of golf carts crossing the main streets of our community.

The No. 1 rule in driving a golf cart in Sun City is that the automobile always has the right of way. If a vehicle stops on the street and waves a golf cart across, refuse and wave the car through. Golfers can never count on other traffic stopping.

As an automobile driver in the community, it is imperative that when driving on the streets that border the golf courses you always slow down to a crawl but do not stop. Motorists always have the right of way. Please use that right of way with a slow caution.

5 Tricks for Sticking to Your Workout

Did you make a resolution in January to be more active or lose weight? February can sometimes bring a slump or put a pause in your fitness goals for 2013. Use these tricks from the International Dance and Exercise Association (IDEA) to help you stay on your path to a healthier you in 2013.

Kristie McWhorter
Director of Fitness
kristiem@suncitylv.com

1. Start Looking at Exercise Differently. All movement is exercise. Try and find other options for activity. Take the dog for a walk, bike or walk to the store. Take five-minute stretch breaks. You might be missing some of your best opportunities to stay active.

2. Think Small. When you don't have time for a full workout it is still worth it to get in a mini-workout. It can be a brisk walk around the block or a 20-minute visit to the fitness center.

3. Get off the Beaten Path. Have you tried something new lately? Bowling? Line dancing? Tai chi? How about reversing your walking route? Exercising at a different time of day? Physical activity isn't boring, but how you participate in it can be.

4. Get an Accountability Partner. Finding a friend, mentor or coach who will help keep you honest with your exercise plan. You can either exercise with your partner, or simply check in with him or her to report your progress.

5. Face Your Fitness Foes. Does vacation throw your exercising schedule out of whack? Do injuries sideline you? Do you get bored easily? Fitness foes can be beaten once they've been identified. You can change your vacation style, get guidance for injury-free activity, or find new challenges.

Tip: Please place all jackets, sports bags, etc. in a locker or a cubby. The floor space and ledges need to stay clear of objects to keep the area clean and free from trip hazards. Remember to bring your own lock. The Association is not responsible for lost or stolen items.

SCSCAI Tallies Survey Results, Reporting to Begin

Several months ago the **Link** included a **flier asking for residents' responses to 10 questions**. Thanks to the almost 600 residents who took the time to respond. In the next several months we will be summarizing those responses and responding.

Several people commented on specific maintenance issues, such as a leaking faucet and those were immediately referred to the maintenance folks for correction. Whenever you do see a maintenance problem, call facility maintenance at 966-1417 during working hours, or notify one of the social or fitness monitors. We need your help to keep our facilities in tip-top shape.

A number of responses concerned issues that we have very little control over. We are an open community and do not own the streets, street lighting, traffic control, bicycling, etc. Those are under the control of the city of

Las Vegas. We can try to influence them, but the city has the last say. Likewise, trash collection is provided by a contract between the city and a vendor. You pay for trash collection directly to the vendor (some sub-associations may have other arrangements for paying). If you have an issue with those services, please call the responsible city department or vendor and notify the SCSCAI Board member who heads up the appropriate committee, probably Common Area Properties, in most cases. But, again, recognize we are not able to take direct action.

There were several comments about people not picking up after their dog. If you see that happening, please say something to them. If they refuse to comply or repeat and you know who it is, let us know. We have no way to monitor for such instances.

(Editor's note: The following article is the first in a two-part series regarding safety in Sun City Summerlin.)

According to the Las Vegas Metropolitan Police Department, **Sun City Summerlin ranks as one of the safest communities in the Las Vegas Valley.** Undeniably, however, crime happens everywhere. Using information shared with Metro, the Security

Patrol has documented 41 thefts or attempted break-ins in 2012.

The following articles are designed to get residents thinking outside the box with regard to safety and, in turn, minimize the likelihood of being victimized by a crime.

Daytime awareness

According to Metro's Undersheriff Jim Dixon, **nearly all burglaries in Sun City last year occurred during daylight hours.** Residents should not confuse burglaries with robberies. A burglary involves property thefts, where there is no personal confrontation between burglar and victim. A robbery is a face-to-face confrontation.

According to Security Patrol reports, two robberies last year involved residents who were targeted at a nearby casino. In each case, the resident was followed home and robbed. If the victims had lived somewhere else, the robberies would have been committed elsewhere. The lawbreakers were not targeting

Sun City residents, said Sun City Security Patrol Crime Statistician EC Forbes.

Apart from a single incident in 2012, burglars have managed to enter properties while residents were not at home. According to Forbes, who talks with residents who have been burglary victims and attempts to establish trends if/when they become apparent, the question becomes: "How do they consistently determine that a home is unoccupied before they break into it? One theory offered by the statistician is that two burglars work together. Before committing to a target, they drive through the community watching for a resident who is backing out of his or her driveway, leaving home. After the resident drives away, one thief may follow the car, while the second one knocks on the front door making sure that no one is inside. If there is no response, a break-in is attempted. The two culprits stay in contact by cell phones, one advising that the coast is clear, while the other loots the house. Forbes said that in most cases, burglars are looking for money, jewelry, small electronics and guns – items that easily can be carried away and sold quickly.

Residents must take responsibility to protect their property. Security Patrol's high visibility is effective, but patrol cars cannot be everywhere.

Community Preparedness Committee

The How and Why of CPR

Cardiopulmonary Resuscitation (CPR) for use by non-medical personnel began in 1972 in Seattle, Wash. Since then many changes have occurred to how CPR is performed. Every five years the American Heart Association (AHA) gathers the latest research and makes improvements to the use of CPR.

Currently hands-only CPR (no breathing assistance) is taught as the best technique for CPR. This consists of 1.) Call 911 and 2.) Push hard and fast with the heel of your hands on the middle of the chest at a rate of 100 beats per minute (bpm).

Why is CPR so important and effective?

When the heart stops, the blood flow throughout the body also stops. Fortunately, our body can usually maintain electrical impulses for 3 to 5 minutes following heart failure. This phase is called the electrical phase. If CPR is started and maintained during this phase the electrical phase will be prolonged. Defibrillation or electrical shock delivered during this stage has the best chance of converting the heart rhythm back to an organized heart beat.

After 3 to 5 minutes, the circulatory phase begins. Electricity starts to diminish and the oxygen reserve is depleted. Defibrillation at this point will not be as successful. CPR initiated during this phase will return the body to the electrical phase.

The last phase of the process is the metabolic phase, which starts approximately 8 to 10 minutes after the ces-

sation of circulation. At this phase, cells in the body begin to die. Since cells are only starting to die, if CPR is performed, it can help revert the body back to the electrical phase and defibrillation can be successful in returning heart function back to an organized beat.

CPR started after 10 minutes has a survival rate of less than 1 percent. Calling 911 and starting CPR early is the best way to ensure a higher survival rate.

First Aid Through the Years

What has changed with first aid over the last 50 years?

With regard to bleeding, it was taught to use direct pressure and then pressure point techniques. If that didn't work, a tourniquet was recommended as a last resort. (The use of tourniquets was frowned upon as the lack of circulation could result in the loss of a limb).

While direct pressure remains the preferred method to stop bleeding, the use of tourniquets remains. During the Iran Afghanistan war, tourniquets were used first and foremost to control bleeding during battle. The results were astonishing – no limbs were lost; but a loss of life was reported when tourniquets were not used. This news resulted in tourniquets becoming the acceptable and recommended treatment for the control of hemorrhage or bleeding.

Other developments made during this time period included the use of clotting agents to help control bleeding. Such ingredients were combined into gauze. The use of this so-called "combat gauze" has resulted in decreased recovery periods and blood transfusions.

CPC is always looking for volunteers who are current or retired medical professionals to help with the training and treatment of Sun City residents during an emergency event.

Chartered Clubs

Mountain Shadows Display Case:

Ceramics Club

When it comes to holiday generosity, the members of the Ceramics Club know no limits. Last Christmas, approximately half of the membership, made up of 83 residents, jumped in to help make the holidays a little brighter for homebound seniors and children in the pediatric unit at Summerlin Hospital.

In all, 64 baskets for Meals on Wheels and 45 banks for Summerlin Hospital were created.

According to former Club Secretary Becky Gnauck, Meals on Wheels is important because it benefits seniors, she said. And while members are not sure exactly who their generous gifts benefit, they know that their creations stay locally. "We would prefer them to be Sun City residents. But if not, at least we know they stay nearby where people know who we are," Becky said.

To see what the Ceramics Club is up to next, or just to admire their creations, stop by the display cases in the lobby of Mountain Shadows, where their work is on display all month.
