*Flag Day is celebrated on June 14 in the United States and, although the day is not an official federal holiday, it was established by an act of Congress in 1949. Americans pay tribute to the stars and stripes on this day across the country. In Sun City Summerlin, the Maintenance Department places U.S. flags throughout the community in tribute. For more information on what's happening in Sun City this month, see pages 18-20.*

# From the Executive Director

---

I wanted to remind everyone that the streets throughout Sun City Summerlin are city of Las Vegas streets. The city enforces all rules regarding traffic and vehicles. When you are driving through Sun City, always keep basic rules in mind, including driving at a reasonable and proper speed. This means that in addition to any posted speed limits, you must consider the amount and type of traffic, weather, road conditions and other factors. The proper speed may be considerably less than the posted limit. (NRS 484B.600).

Another concern is our STOP signs throughout our community. Recently, the city of Las Vegas placed red blinking lights above some of the stop signs in various locations. This effort was made to make them more visible.

In addition to stopping at the signs, which is the law, here are a few things to remember:

Be extra cautious at intersections with a STOP sign and no pavement markings. Legally, there is a crosswalk at every intersection even if one is not marked.

At a two-way stop, always come to a complete stop before either the stop sign or the limit line, whichever comes first. Look left and right for traffic. If you cannot see traffic, pull up carefully and come to a complete stop again. Check again in all directions for traffic, pedestrians, golf carts and bicycles before proceeding.

At a four-way stop, come to a complete stop before either the STOP sign or the limit line, whichever comes first. Look left and right for traffic. The vehicle that arrives at the intersection first goes first. The vehicle to the right goes next when vehicles arrive simultaneously. Be prepared to yield the right of way to any vehicle that goes out of turn.

Hopefully, these few reminders regarding speed and STOP signs will help everyone. I personally want to ensure that our residents are safe as they drive through our community.

## Other important topics Sun City residents need to keep in mind include:

- ♦ **Dog waste.** Please remember always to take a plastic trash bag with you when walking your dog. It is not only a good neighbor practice, but a sanitary one to pick up after your pet during its daily walk.
- ♦ **Securing trash.** This is especially important on windy days. According to the office of Community Standards, always make sure that the receptacle lid is securely fastened. Tie trash bags and secure recycled newspapers to keep them from taking flight around the community.

*~ Patty Rosia, SCSCAI executive director*

# SCSCAI President's Message

---

The rules for governing an HOA in the State of Nevada are lengthy and complex, and are specified primarily in Nevada Revised Statute (NRS) 116 and expanded on in our own governing documents such as our Master Declaration of Covenants, Conditions and Restrictions (CC&Rs). As an example, Sun City Summerlin Community Association, Inc., must follow Robert's Rules of Order when conducting formal board meetings.

It takes a lot of work to follow all those rules and to keep Sun City Summerlin operating. To help make that happen, we have eight standing committees that do much of the work for the SCSCAI Board of Directors. Committee members are resident volunteers who consider items under their jurisdiction and make formal recommendations to the board. We are fortunate to have so many dedicated residents who contribute their time and talent in keeping our community running so well. For example, the Common Area Properties Committee members spend many hours inspecting facilities and making suggestions for improve-

ments or identifying deficiencies. Finance Committee members recommend insurance needs, monitor our \$14 million budget and oversee investments. We all owe a big thank you to all our committee members.

The *Link* publishes meeting schedules, and the committees would love to have residents attend and participate; it's a great way to find out what is happening in our community. If you have a question or complaint, start by attending the appropriate committee meeting.

Summertime! Home turnover tends to accelerate in the summer months, and when you get a new neighbor, go say hello and greet them to our community. Ask what their interests are; do they play softball, tennis, woodwork, paint, exercise? Drive your new neighbors around; show them a facility; visit the Security Patrol and Sunshine Service building. Let's make our new residents feel welcome and show them that moving to Sun City Summerlin was one of the best decisions they have ever made!

*~ Leo Crawford, President, SCSCAI Board of Directors*

## Head Pros Continue Successful Direction of Sun City Golf

Sun City will sorely miss Director of Golf Joe Kelly as he heads off to new adventures. In his 9 ½ years at Sun City Summerlin he hired an impressive staff of golf course superintendents who have gone to great lengths to turn our courses into something the community can be proud of. Working with his pro shop staff, he developed an aggressive marketing plan to bring Las Vegas locals to the Sun City courses. In doing so, he increased outside play by 20 percent. The image of the Sun City courses was totally transformed under Joe's watchful eye and now the courses are highly regarded in the Las Vegas golfing community. Joe is leaving behind a very capable staff who have excelled under his tutelage and are ready to continue where he left off.

*Jim Neighbors, Head Golf Professional, Highland Falls, Eagle Crest golf courses*

Las Vegas native Jim Neighbors chose a career in golf for the same reason most do; he loves the game and enjoys teaching people how to play it or improve upon their existing game. He began his career in 1992 as assistant golf professional at Palm Valley Golf Course. He also participated in opening both the Highland Falls (1992) and Eagle Crest (1995) courses.

In 1997, Jim obtained his PGA Professional status and was promoted to head golf professional at the Eagle Crest Golf Course. Later, he was named Head Golf Professional for Highland Falls Golf course. Further demonstrating his love of the game, Neighbors became a Class A PGA Professional in November 1997. He frequently plays in Chapter PGA events, several of which he has won, along with participating in some section events.

A favorite instructor among the patrons, Jim spends much of his time providing one-on-one instruction at both Eagle Crest and Highland Falls. He also handles all merchandising in the pro shops for all three courses.

In his spare time, Jim enjoys supporting the sporting endeavors of his three children – Allie, Michael and Brett. He also enjoys movies and the occasional outing to one of Las Vegas' many restaurants.

*Donny Long, Head Golf Professional, Palm Valley Golf Course, Tournament Director*

Like Jim Neighbors, Las Vegas native Donny Long chose a career in golf because he loves the game and enjoys teaching. He began his career in 1999 as assistant golf professional at Revere at Anthem, where he spent two years teaching and assisted with the opening of a new property that included two courses in a Del Webb community. He developed a special affinity for tournament golf and accepted a position as tournament director at Silverstone Golf Club, where he spent a year opening the 27-hole course and running many large outings including the Celebrity Golf Classic, which was televised nationally.

In July 2002, Donny joined the staff at Palm Valley Golf Club and in 2006 was promoted to head professional/tournament director.

Further demonstrating his love of the game, Long became a Class A PGA Professional in July 2005. He frequently plays in Chapter PGA events, several of which he has won, along with some section events.

Donny resides in Las Vegas with his wife and two children. Besides playing golf, in his spare time he enjoys fishing, baseball and anything involving time spent with his family.

# Fire Station 107 Settles Into Sun City

## Ample Activities, Assistance Mark 1st Year of Service

*By Jeannette Carrillo and  
David Steinman/Link*

**I**t's called the prototype for future two-bay designs. It has received two energy awards in its first year of service.

Seven days a week, 365 days a year, Las Vegas Fire & Rescue Station 107 is referred to as a necessity and good neighbor by Sun City Summerlin residents who have either used its services or who have been granted peace of mind by its proximity to the community.

"It fits in so well with the community," said Sun City resident and Security Patrol member Mary Jo Richards. "The design is so beautiful. Instead of being just a square building, it's nice to see they made it so nice and efficient."

And while Mary Jo has not had any direct contact with the firefighters to her great relief, resident Matt Kisosondi, who suffered a heart attack last year, has.

"I was for this fire station from the beginning," said Matt. "I thought if they save one life it's worth it. Little did I know that it was going to be mine."

In 2008 when Sun City Summerlin was approached by Las Vegas City Councilman Larry Brown and then-Las Vegas Fire & Rescue Chief Greg Gammon, the community did not have timely coverage for fire and rescue calls. Many calls at that time averaged 8- to 12-minute response times.

The need for a fire station within a community of 14,000 senior citizens was obvious. Unfortunately, because Sun City had been built out, there was no logically available space to place the building until the Sun City Summerlin Community Association, Inc., and the city of Las Vegas launched a coordinated effort to pinpoint a location. Over the next four and a half years, the plan for Fire Station 107 not only materialized but reached fruition when the station celebrated its grand opening in June 2012 with an engine. Two months later, the community welcomed a rescue vehicle to the station.

"It's a great location," said Louis Baker, construction project administrator for Fire & Rescue for the city of Las Vegas. "The firefighters love being part of the community and overall it was a win-win decision."

Fire Station 107 is staffed by three platoons composed of six firefighters each – a captain, an engineer (who drives the engine), two firefighters and two rescue vehicle paramedics – who work 24-hour shifts.

In addition to their life-saving responsibilities, FS 107 firefighters maintain an active presence in Sun City. Events over the first year of operation have included a grand opening, an open house, softball games with the Sun City Summerlin Men's Softball Club and Wounded Warriors Amputee traveling team, a kickoff pancake

breakfast for the MDA Fill the Boot fundraiser, a Save a Life compression CPR event sponsored by Sun City's Community Preparedness Committee, as well as an ice cream social and several resident meet-and-greets.

## Fire Station 107 Stats

Since its opening in June 2012, Fire Station 107 logged 2,439 calls within the first nine months of operation in its service area.

Overall, the engine responded to 1,193 calls, 746 of them in Sun City Summerlin; while the rescue (or ambulance) has made 1,246 calls, 762 of them in Sun City.

*The LED sign on the front of Fire Station 107 is part of a safety initiative across all newer fire stations. The technology is quick and efficient, as Fire & Rescue personnel can program messages from their desktops that alert residents to weather hazards and heat warnings, while reminding them to change their smoke-detector batteries.*

*Measuring approximately 7,800 square feet, Fire Station 107 sits on less than an acre of land adjacent to the 9th tee of the Palm Valley Golf Course. Referred to as a "smart building" in construction design, FS 107 is Leadership & Energy Efficiency Design (LEED) Silver certified and employs technology like Low-E glass and state-of-the-art insulation. A building management system remotely controls A/C and heat, and monitors water use.*

# Community Preparedness Committee

## Can You Survive 3 Days on Your Own?

Your Community Preparedness Committee (CPC) suggests you have an emergency survival kit in case of a disaster. The basic survival kit should meet your needs for three days. If you don't have such a kit, you can make one.

A basic emergency supply kit includes the following recommended items:

- ♦ **Water.** One gallon of water per person, per day for at least three days for drinking and sanitation
- ♦ **Food.** At least a three-day supply of non-perishable food
- ♦ Battery-powered or hand-crank radio and a NOAA Weather Radio with tone alert and extra batteries for both
- ♦ Flashlight and extra batteries
- ♦ First aid kit
- ♦ Whistle to signal for help
- ♦ Dust mask to help filter contaminated air and plastic sheeting, and duct tape to shelter-in-place
- ♦ Moist towelettes, garbage bags and plastic ties for personal sanitation
- ♦ Wrench or pliers to turn off utilities
- ♦ Manual can opener for food
- ♦ Local maps
- ♦ Cell phone with chargers, inverter or solar charger

You also may want to include your prescribed medications and food for any pets you may have. Keep this kit in a designated place and have it ready in case you need to leave your home quickly.

For more information, visit [www.ready.gov](http://www.ready.gov).

## CPR & AED 101

Sun City Summerlin residents received hands-on training Saturday, April 13, during a Save-A-Life event presented by SCSCAI's Community Preparedness Committee and the Las Vegas Fire & Rescue Department at Desert Vista. CPC Co-chairwoman Teresa Frederickson originally contacted the Fire Department about the program because she said residents had been asking her how they could learn to use the automated external defibrillators. What she discovered was the Save-A-Life program, administered by the fire department, which teaches compression-only CPR and how to properly use an AED machine. In Sun City, there are 10 AEDs, located in all centers and both pro shops, and all fitness and social monitors, as well as some staff are trained on how to use the AED. Because the event turnout was so strong, Teresa said CPC will look to hold a similar event in the fall.

*CPC Co-Chairman Leo Crawford demonstrates the proper technique for compression-only CPR while his wife, Ellen, looks on.*

*Residents learned to use the AED machines that are located at all Sun City centers and pro shops.*

# Volunteers at Heart of Sun City Experience

Sun City Charities

Security Patrol

Sunshine Service Club

Located at the rear of the Desert Vista parking lot, at 10362 Sun City Blvd., is a very important building staffed entirely by resident volunteers who offer three very valuable services to those living in Sun City.

In the center of the building is the headquarters of the **Sun City Summerlin Security Patrol** that watches over the community 24/7. Rain or shine, 365 days a year, the office operates five Patrol cars, a dispatch and four information centers that greet and assist visitors. Security Patrol may be reached at 254-2303. For more information on the Patrol, see page 22.

At the east end of the building is the **Sun City**

**Charities.** This organization provides help to residents seeking to contact government services; running errands or with a ride to the supermarket or doctor's office; changing light bulbs; handyman services and more. The office is open Monday through Friday, 8:30-11 a.m. For more information, call 254-5831.

At the west end of the building, residents will find the **Sunshine Service Club.** This group provides wheelchairs, crutches, walkers, shower seats and other health-related accessories for resident use free of charge. When grandkids come to visit, the office also stocks folding day beds, car seats, porta-cribs and highchairs. In addition, the Sunshine Service Club accepts donations of non-perishable food items for the Salvation Army. The office is open Monday through Friday, 9-11 a.m. For more information, call 341-9741.

Please be sure to support those who generously volunteer their time to help make Sun City a better place to live. If you would like to offer your time to any of the above groups, give them a call. They would love to hear from you.

### Security Patrol Stocks Helpful Stickers

#### Alert Stickers

**NRA** - Residents might reconsider the habit of putting a National Rifle Association membership sticker on their window. An NRA sticker tells a burglar there is a likelihood that he will find guns in the house.

**Pets Inside** - If you are not at home but your dog is inside, one of the best crime prevention tools is to let a potential intruder know there is a dog in the house. Put Pets Inside stickers on your front and back windows. It's a good bet that burglars will reject a house where it is apparent they will encounter a barking watchdog.

**Vial of Life** - When emergency responders see the red Vial of Life window sticker, they know your vital health information is on your refrigerator. If you are confused or unconscious, they immediately learn your medical history, attending doctors and medications that you are taking. That accurate diagnosis and swift treatment could save your life.

Security Patrol has free Vial of Life and Pet stickers at its headquarters located at the back of the Desert Vista parking lot. Stop by and ask for one.

#### SECURITY TIPS

Be aware when placing trash out on collection days that empty television or other expensive appliance boxes are red flags to burglars. Refrain from putting out such boxes the day/night before to keep from advertising recent purchases. Also, always remember to bring in trash cans and recycle bins quickly because leaving them out all day is a signal that no one is home.

## Mountain Shadows Crafts Area Open for Business

Concrete work in the crafts quad at Mountain Shadows was completed in April, following a two-week closure of the area. SCSCAI contracted with Daniels Concrete of Las Vegas at a cost of \$62,400 to remove and replace the existing concrete. The project was taken to bid by the Landscape Department due to safety concerns following reports that several residents had tripped or fallen over raised concrete. In addition, complaints from the Community Standards office cited that raised concrete, which had been repeatedly ground down by the Landscape Department, continued to be an issue. According to Louis Darling, SCSCAI landscape director, the reason for the problem was most likely due to soil compaction.

The patio reopened to club use on April 12.

## Meet Cynthia M. Dobek, *MSHRM, IPMA-CP, SCSCAI Director of Human Resources*

Every once in a while a career opportunity presents itself and you cannot pass it up. Such is the case in how I came to be the director of human resources for SCSCAI. It was no April fool's joke to begin work on April 1. My first two weeks blew by so fast. I hadn't been the new employee since I started with Nevada Public Radio 15 years ago as the director of business, finance and HR.

In the coming weeks, it is my intention to meet with every director, manager, supervisor and all their staff. This will allow me to understand what they and their teams do every day and gain perspective in order to provide the necessary HR support as a true business partner, which ties directly to my professional philosophy for being a proactive, systems-thinking, solutions-oriented and results-driven leader.

I also look forward to meeting as many of you as I can as I am out and about within this beautiful community in which you live. What a wonderful place to come to work every day, and what great people we have working here. Help me remind them that they are appreciated for their work by saying "Thank You" any chance you have an occasion to do so. Likewise, if you are ever dissatisfied with any aspect of our employees' performance, please reach out and let me know so that the matter may be handled from a human resource management approach. We are here to provide all the residents and our employees with the excellent customer service they deserve!

## Drink Up! Why You Need Water

**Kristie McWhorter**  
Director of Fitness  
[kristiem@suncitylv.com](mailto:kristiem@suncitylv.com)

Water is the most common substance on earth, and it's also the most common substance in the human body, making up more than 60 percent of a person's body weight. While you could potentially live without food for weeks, you are unlikely to last more than a few days without water.

Staying hydrated is extremely important; water is used by your body to perform almost every major function. For example, your body uses water to transport nutrients and oxygen to cells, regulate your body temperature, moisten mouth, eye and nose tissues, protect organs and tissues, lubricate joints, and flush out waste products. Without proper hydration, the body's normal functions can become seriously inhibited.

Dehydration occurs when liquid is being replaced at a slower rate than it is being used up by the body and is most commonly caused by diarrhea, vomiting or sweating. Early symptoms include dry mouth, the inability to produce tears or sweat, muscle cramping and lightheadedness. At its worst, dehydration can be life-threatening.

Be sure to have extra available water in situations that involve physical activity. Avoid outdoor exposure and limit physical activity when it's particularly hot or humid outside. Pay close attention to physical cues (thirst, dizziness, headache), which might indicate your fluid levels are getting low.

## Mr. Gym Etiquette

**Tip:** Use the treadmill safety clip. More accidents occur on the treadmill than any other piece of cardio equipment. Please CLIP ON! Wear the clip, save a Band-aid and a trip to the emergency room.

# HEALTH NUT

## Small, Steady Steps Net Enormous Rewards

On the verge of seeing the scale hit the big 200, having my blood pressure register in the high-borderline category, seeing the onset of high cholesterol and realizing the threat of having to resort to a lifetime of medications to help control the symptoms, I knew it was time to get serious about my health.

*When Janine Lowen decided to get fit, she consulted with her doctor and headed on a path to health that has resulted in her losing 55 pounds.*

About eight years ago, I dusted off the treadmill that had been sitting in the spare bedroom and began my weight-loss program. My doctor recommended a low-carbohydrate diet, which promoted eating less of the bad carbs – bread, potatoes, pasta and sugar. Most of the high-protein foods I liked were OK, so it was not too difficult to stick to the recommended foods, and I did not need to count calories or keep a daily list of everything I ate.

After following the diet and exercising consistently for a few weeks, it was great to see the weight begin to come off, and my blood test results and blood pressure were improving dramatically.

For me, I found that weighing in regularly and keeping a log of my progress helped me to be aware of where I was in relation to my goals.

Today, I do a lot of brisk walking, play tennis once or twice a week, swim laps occasionally and enjoy the benefits of Pilates. I also ride an exercise bike for 10 miles and work out with weights. Now I am 55 pounds lighter, and my doctor couldn't be happier with my progress. But most of all, I feel great, and I am happy, too!

By the way, I love dark chocolate and still enjoy it as a treat.

# Landscape

## Be Careful Not to Over-water Plants This Month

June is here and another summer is upon us. I like to remind residents of two things:

First, don't forget to be careful working and being outside in the heat. As I have mentioned before, stay hydrated and do the hardest work in the mornings. Even just sitting in the heat can cause ill effects.

Second, remember that one of the biggest killers of plants during this time of year is over-watering. It is very common for some plants to wilt during the heat of the day. When you add water to a plant that doesn't need it, it will continue to wilt and look worse. If this cycle continues, within a few weeks, the plant will start changing colors on the edges (usually a blackish color). If the plant is not allowed to dry out, it will die of root rot.

During the day, the top 2 to 4 inches of soil/root zone will dry out. Further down the plant, however, the roots might be sitting in water. As I have advised in the past, it

would be helpful to have a soil moisture probe. You don't need to spend a lot of money on one, either. The probe can be very helpful in determining the condition of a plant.

When a plant looks ill, check the moisture first, then decide what action you need to take.

The Landscape department is watering every day at night/early morning.

*~ Louis Darling, Director of Landscape*

## Common Area Properties (CAP)

### Monthly Inspections Ensure Facilities, Equipment Operate at Optimum Levels

**Sue Papilion**

*CAP Chairwoman*

Did you know that there are 27 resident volunteers on the CAP Committee? Each person spends many hours a month touring and walking the common areas that include three golf courses, four social facilities, five pools and spas, three fitness centers, numerous tennis courts, greenbelts and street-scapes. The committee also inspects trucks, tractors, pump houses, electrical systems, HVAC, irrigation systems and plantings. Most of the volunteers have an expertise in the related field that they inspect and all of the committee members care!

We residents own a huge common area and a very large amount of equipment. So how are the CAP volunteers organized to make sure our investments are in tip-top condition?

Volunteers work in teams with a team leader. The team leader organizes inspections of their assigned areas and writes a report that is given to Patty Rosia, executive director of Sun City Summerlin Community Association, Inc. Patty then passes the information on to the director responsible for the facility or equipment listed on the report so problems can be corrected quickly.

All items are addressed and a report is issued back to the CAP committee and discussed at the monthly meeting.

If you are interested in volunteering on CAP, or would like to discuss an item that needs attention, call Sue Papilion, CAP Committee chairwoman, 838-9089.

**The CAP Committee meets on the second Tuesday of each month, June 11, 9 a.m., in the Committee Room at Desert Vista.**

A huge, total remodeling project of the Mountain Shadows community center is scheduled to begin in June and end in August. The work will affect more than 1,200 residents and 20 clubs for a minimum of two months. Half of the facility will be closed at a time. Look for more information and project updates on the Sun City Summerlin website, [www.SCSCAI.com](http://www.SCSCAI.com).

## Transformation

By Ann Kmit

*(Editor's Note: The following essay was written as a writing assignment for the Writer's Workshop, of which Ann is a member. Ann and her husband, Dennis, have lived in Sun City for 16 years. Photo by Kim Tuel/Link.)*

Not long ago, a tiny egg and an infinitesimally smaller sperm got together in a dark, moist place and BAM, at that instant, you were created. Immediately you grew at an enormous pace, first splitting cells, then forming a beating heart, a working alimentary canal, a miraculous body that after the perfect time of gestation – you entered this noisy and bright world as a breathing, yowling brand new human being. Now that's transformation!

But that was only the beginning. Your growing demands were met by unsuspecting parents: feed me, keep me dry and warm, clothe me, love me, show me off to family and friends and then feed me some more. You grew fast with all this care. In no time, you were toddling around the house. Your curiosity was intense and you were most scientific in your experiments with tasting everything, pounding and pulling at the dog's ears, climbing on furniture to ever greater heights; in short, you were finding the unlimited potential of this world into which you came.

Your transformation continued. Your somewhat grateful parents were relieved to send you off to school. As far as you're concerned, YOU were the center of the universe, isn't that so? But school teaches hard lessons –

more than the ABCs, more than history and algebra, you learn to interact with others as an individual who is a member of the group. But don't look now; you continue to grow, and now your libido takes command of your mind and body. You have entered puberty. You try to be calm – that lasts about 5 minutes. You have so many questions; the dictionary explains those forbidden words in an unsatisfying way. Your body is . . . well, bumpier, and your parents who were okay a few weeks ago have suddenly become annoying and frankly, dumb. You develop zits, body odor and hair growth in places hitherto unexplored. You are transforming; it's as it should be. No kidding, that's life.

After a tumultuous senior prom, you enter college. Now you are ready to be an adult. Well, sort of. Your higher education whizzes past. You are still experimenting; there's smoking, drinking, drugs, sex and surprise – spirituality to explore. Some you take up eagerly, only to give them up at a later more clear-headed time. Thank goodness for that. Funny, your parents are suddenly smarter. Then watch out: you meet your true love – the passionate, heartfelt person you wish to share your life with. So you take the plunge. It's great, isn't it, this transformation?

Now in fast succession comes work, cute needy children, home (which is always needy), in-laws, mortgages, older suddenly surly offspring, clothes that seem to be too small around the waist: You have entered the hallowed halls of middle age.

You hope this will be a constant state and that if you just keep taking your vitamins you will remain this way forever. Wrong. You are still transforming, my friend. Now comes the time to downsize; you know, buy a smaller house in Las Vegas. Your children are only too happy to see you go.

You wander into the activity centers and think to yourself, "These people are so old." They are . . . and you are, too. You swim, you play cards, you have fun and you laugh. But then you hear that another neighbor has died. Then there are others entering rest homes, hospice.

You don't want to face it, but you have almost reached the end of this whirlwind existence! Take heart, the transformation continues, only in uncharted territory. But until then, you keep living this wonderful transformation of life.

Gateway Arts Foundation Presents

## VICTOR MOEA "THIS MAGIC MOMENT!"

Sunday, June 23, 2 p.m. · \$12 residents/\$15 non-residents

Victor Moea will present a show filled with musical memories from the 1950s to today. You will remember him as a star of the middle-age musical comedy "I Know I came in Here for Something." He also appears with the popular Nite Kings at the Orleans, Suncoast and Sam's Town casinos. Victor will be joined by music director Michael Dubay and many local favorite artists. Maggie Albasani's Connie Francis tribute will be a special treat. We're coming back with new faces and the old bodies of the veteran players. Practices/games start at 9 a.m. and will continue at those times until it's too hot out, then we'll be out there in the early morning. We have extra mitts and loads of tolerance for the rusty new/old players. 2013 officers can be reached at Betty's phone number, 242-4240, or Nadine's, 326-1429.

## Spanish

The Spanish Club's new beginner's class started on April 12. There is still time to join us in this new adventure of speaking this language. We offer classes at all levels of learning. We also have an open conversation group that converses on many subjects. Classes are held at Sun Shadows starting at 9 a.m. on Wednesdays and Fridays. Contact Ray, 254-1499, [raylemay@gmail.com](mailto:raylemay@gmail.com); or Susan, 776-8461.

## Stained Glass

Summer is finally here. While everyone is in the pool, you can be in our nice, cool studio. It's a great time to start or finish a project. If interested in classes, call Walter Medla, 228-0917. Stained glass is a beautiful art form. It always will bring a smile when you see the light dancing through the colored glass that you created. For more information, contact President Dale Kavula, 240-6257.

Every year our club hosts a breakfast for members at the Red Rock Casino and an annual picnic at Desert Vista. Both events are free for Club members and are available to guests at a minimal charge. Ping pong is a great way to meet new friends, get some exercise and sharpen your hand/eye coordination. Did you know that ping pong may help slow the effects of Alzheimer's? According to Dr. Oz, the rapid hand/eye movements and quick decision-making stimulate the brain and make our sport an excellent way to help those with Alzheimer's. **We play every Monday, Wednesday and Sunday at the Pinannacle fitness center, 9 a.m. to 1 p.m.**

## Theater Club Not Just for Thespians

*Dale Meeker adjusts a sign on the set.*

"If it has to be done, you do it," said Community Theater Club Secretary Joan Messineo, who likens the Sun City group to traditional summer stock theater.

"You do everything. You can have a part on stage or paint the scenery, help with shopping" and, of course, lend support and camaraderie to fellow cast mates.

"We have Myrtle who is just a gem," Joan said. "She loves to shop, and she loves to scrounge. If we need something, she goes and finds it."

In addition to Myrtle's behind-the-scenes preparations, another pivotal role is the responsibility of newly appointed stage manager Steve Fannin. Steve will be in charge of keeping things on track – assisting the producer/director with blocking, coordinating the lighting, sound and props, as well as stage traffic.

With very little theatrical experience, Steve said a friend inspired him to sign up for the Club.

"I always seemed to hang out with theater majors in college. I did have one experience of assisting with the set design for a production of 'Godspell' and that was fun. I also assisted in coordinating the onstage band for the same show," he said.

And while he doesn't expect to be in front of the curtain, you never know said several Club members who explained that variety is the spice of life with the Community Theater group.

This month, Club members will be in rehearsals for their next show, "The Paradise Retirement Village Annual Yard Sale," set for September 21-22 at the Starbright Theatre.

For Club President Judy Berkowitz, everyone is excited by the buzz the shows generate before and after performances.

"Anyone is welcome to join the club. We meet every Thursday at 5:30 p.m. at the Starbright Theatre."

Desert," July 18 at The Venetian. A few session tickets are available for the next Broadway series, starting with "Les Miserables," August 8. For more information, call Marise, 242-2704; Sharon, 838-4319; or Shirley, 656-1850.

### WaterRobics

You are what we are missing in the pool. Check us out one on one. We welcome all residents to participate in classes twice before joining. You can't beat the water for getting more out of a workout. **Eight 45-minute workouts weekly at 9 a.m., Monday-Friday, plus Monday, Wednesday and Friday at 1 p.m.** All sessions are designed and led by certified instructors in the Sun Shadows pool. Dues are \$110 per year and pro-rated each month. We have fun activities throughout the year. Call Cary 228-5673.

### Women's Club

The entertainer for the **June 20 meeting at Desert Vista is Joey Ciccone, "The Voice," an actor, singer and guitarist.** There also will be a prize awarded for the most patriotic outfit (in recognition of Flag Day). Doors open at 11:30 a.m. and the program begins at 12:15 p.m. For additional Club information, contact Judy Auerbach, 242-0727.

### Writers Workshop

If you love to write and want to be inspired by a group of talented members, you are invited to join us twice a month. We even have a new creative writing class that will help improve your writing skills. **Our meetings are the second and fourth Mondays of each month, Sun Shadows, 9 a.m. Our members are published and novice writers.** We have classes on short stories, memoirs, poetry, children's stories, etc. Annual dues are \$15. Contact President Jerry Silvers, 489-3305, or visit our blog: [suncityww.blogspot.com](http://suncityww.blogspot.com).

### Yoga

All classes are held at Desert Vista on Tuesdays, Thursdays and Saturdays, 8:15-10 a.m. **Beginners are welcome in all classes. The only requirement is that you can get up and down from the floor without assistance.** Monthly fees: one class weekly, \$20; two classes weekly, \$30; three classes weekly, \$45. Walk-ins any time are \$5 per class. For questions, call Carolyn, 243-3758, or Marilyn, 254-6280.
