# “Am I crazy?”

**Scott Meier**  
“The King of Cool”

**Am I crazy?** “I’m offering my Amazing \$149 Heating System Tune-Up® for only \$79...AND I guarantee your system won’t break down this Winter or my service is Free!”

I must be crazy! When the temperature falls, I can get pretty busy. So, why am I offering such a drastic discount on my Amazing-Tune-Ups? It’s very simple. I want you as a client for life! So, I call this my INVESTMENT IN YOU!

I believe that I run the tightest service company in the business. I belong to a National Organization of highly motivated and technically competent heating and air conditioning contractors. We are professionally and continually trained in the skills of service, repair, and system replacement. If my technicians weren’t the best in the industry I could not make such an amazing offer!

I am serious about my profession; proud of my entire staff; and completely dedicated to each and every one of my clients... new and old.

Now, how am I going to prove all this to you if I can’t get your attention?

Right! I make you a spectacular offer you can’t refuse and win you as a new client for life.

Back to my offer...

My Amazing-Tune-Up includes a painstaking and thorough 14 point examination of more than 50 potential problem areas in your heating system. I will inspect, adjust, and clean your system and if I find anything wrong, I’ll bring it to your attention. I will guarantee that your system is fixed right and if it breaks down this winter my service is FREE!

This is a \$149 value for only \$79, when the cold weather hits I will be too busy to offer this super value, and since I have to limit how many of these we do each day, the schedule will fill quickly so don’t miss out!

Call **483-9908** now and ask for Tiffany or Brandi. They will set your appointment time.

P.S. I am so interested in making you a client for life, if you make an appointment, and if you let us provide you with this \$149 Amazing-Tune-Up for \$79 and you are not 110% satisfied...we’ll charge you nothing.

## GARAGE SALE SURVEY

Thirty homes comprised of nearly 60 residents responded to the question posed by the Link in the December 2012 issue regarding whether or not to continue the fall community-wide garage sale.

The responses returned by residents included:

### Yes – 23

- Convenience of having the sale at home is a plus. It is difficult to drag all one's items to Mountain Shadows. Not as young as we used to be.
- Divide the areas and have the sale on different days to ensure all participants get some sales.
- Provided a great chance to visit/interact with neighbors.
- One day sale with maps.
- Great way to clean out the garage.
- Mountain Shadows parking lot sale fee not inclusive of everyone.
- Have one of each – Mountain Shadows and community wide.
- Great entertainment close to home

### No – 7

- May have contributed to an increase in burglaries.
- Drivers left black marks on driveways
- Traffic blocked driveways and streets
- Mountain Shadows sale is a social event for residents

# Letter From The Executive Director

## Building A Sense Of Community

Since beginning my position as Executive Director of Sun City Summerlin, I have met so many wonderful homeowners; and in talking with them about the community a strong sense of urgency has been expressed to me regarding the rise in community burglaries.

A safer community can be achieved through effective communication among residents and their neighbors. This is why I am inviting each resident to begin participation in a new program that is coming to our community through the City of Las Vegas, Neighborhood Watch. Some of the benefits of enacting a Neighborhood Watch program include deterring criminal activity, building bonds with neighbors, stimulating neighborhood awareness, providing instruction to residents on how to observe and report suspicious activities and encouraging residents to work collaboratively to build a better community.

In addition to communicating more effectively with neighbors and Neighborhood Watch groups, direct communication with local law enforcement is critical. We are for-

fortunate to have our all-volunteer patrol service; however, a Neighborhood Watch program will involve both the residents as well as representatives from the Metropolitan Police Department. Metro will assist in ensuring the effectiveness of the Neighborhood Watch program by providing training, equipment and specifically assigned officers. The officers who are assigned to a particular neighborhood attend watch program meetings and inform the watch group on the

types of crimes to be on the alert for by providing reports from the surrounding area.

A Neighborhood Watch program can make Sun City Summerlin a safer community for all. I encourage all residents to get to know their neighbors. Aside from the benefit of increased public safety, a Neighborhood Watch can

make a more friendly and pleasant community for all who call Sun City Summerlin home.

If you have any questions, or would like further information regarding the Neighborhood Watch program, please contact me, Patricia Rosia, at (702) 966-1409, or by email to [pattytr@suncitylv.com](mailto:pattytr@suncitylv.com).

## Stay Fit to Improve Your Quality of Life

Staying fit as we age is not only a matter of maintaining or improving our appearance. It is also about prolonging our quality of life, our independence and, indeed, life itself. Regular exercise enhances quality of sleep, raises your metabolism to burn more calories, gives you energy, increases bone density and neuromuscular facilitation, improves motor skills, balance, strength and confidence, and promotes heart health, general health and brain function.

Strength is the most often neglected element of fitness in the 50-plus crowd. As we age we lose muscle mass. Our muscles contribute to the support and stability of our joints. An arthritic knee joint, for example, needs as much muscular support as it can get, since the cartilage is compromised.

Functional strength is the real world use of our muscles. Getting out of a car, climbing stairs, getting out of the bathtub, carrying groceries and opening a jar are all examples of functional strength. Strength training gives us the ability to perform these activities that, in turn, gives us the confidence we need to live day to day.

We are never too old to get fit. Eighty-year-old muscle will respond by getting stronger just as 18-year-old muscle will. Walking, as our sole form of exercise, will not provide enough range or load to effectively recruit sufficient muscle mass to restore or preserve the functional strength we need.

Remember that a fitness program should address strength, endurance, cardio or aerobic activity, flexibility and balance. You can start now by attending an equipment orientation class or one of our group fitness classes.

**Tip:** Appropriate shoes should be worn in the fitness centers for safety. Closed-toe, rubber-soled shoes are required for weight rooms. Sandals and wedge shoes are not allowed in the weight rooms. Clean pool shoes are allowed as long they are not worn outside (i.e. sidewalks, parking lots).

## Jean Morton:

### *Working Back From Injury*

“My husband and I moved to Sun City because of all the wonderful fitness centers, swimming pools, tennis courts and, of course, our grandchildren. Little did I know how important they would be in our retirement,” said Sun City resident Jean Morton.

Jean, who suffered a stroke last April, said she got out of bed and hit the floor. “I lost my left side. I was unable to walk and my speech was impaired.

My heart started to fibrillate shortly afterwards and that was the problem,” she said.

During her recovery, Jean credits her former fitness level for the strides she has been able to make. That and her husband, Bill, whom she says, “He’s been my left-handed man the whole time – at the hospital, at home. We’ve been married for 54 years.”

Today, Jean, who always has been a swimmer, started off slow, walking with Bill with the help of a walker and now she’s up to 14 blocks. Shortly thereafter, she decided to take a Sit & Be Fit class at SCSCAI.

“It was a little scary because I didn’t know what would happen. But thanks to some helpful instructors, which made the class fun, I now have more strength and self-confidence. My life is back on track.”

## A Face-Lift for Tavern at the Falls

*The new tile and carpeting project at Tavern at the Falls took five days to complete, and came in under budget.*

Renovations continue in Sun City Summerlin. One such project completed in January included a flooring renovation at the Tavern at the Falls at the Highland Falls Golf Course.

“The new tile and carpeting was done for longevity,” said Joe Vaccaro, Food & Beverage manager for the Sun City Summerlin Community Association. “The new flooring will

last longer and will be easier to keep clean and presentable.”

The project, which came in under budget at approximately \$12,400, involved replacing the green leaf carpeting with new tile and carpeting in the building’s entryway and hall, bathroom hallway and majority of the Tavern’s dining room. A small area of the dining room remains covered in carpeting.

About the new look, Joe says, “Everybody who talks about it says the room looks brighter and bigger. It just looks great.”

# Community News: Business Beat

*There's a lot of business brewing in Sun City Summerlin, and the retail centers at the corner of Del Webb and Sun City boulevards are prime examples of recent growth. One look inside the center anchored by CVS, on the southwest side of the intersection, is Safe Step Walk-In Tubs. Across the street, Bella Si Salon moved into the space formerly occupied by G&S Salon in November.*

## Safe Step Walk-In Tubs of Nevada

In a country where the senior statistic welcomes 10,000 new members a day, the topic of safety is of paramount concern in almost all day-to-day decisions.

"People just don't come in and buy a walk-in tub. They purchase one because they need it," said Mitch Altman, who opened Safe Step Walk-In Tubs in Sun City in January.

And the product does what it was designed to do, added

Mitch, explaining how each tub enables seniors to stay in their homes longer, not to mention the spa-like feel and the therapeutic value.

"It's about independence. It's about being able to take a bath safely, at home, by yourself, with dignity. Our typical customer tells us that it has been years since they have been able to really take a relaxing bath safely. More and more, bathing becomes the No. 1 reason why people go into assisted living, and this product can help extend the time people stay in their homes."

The price of each tub includes complete installation by a factory-trained, licensed/bonded installer.

Mitch and his wife, Debbie, say; "Our concept is a senior independence store. There are so many wonderful new products on the market that are designed with seniors in mind to help protect them and allow them to safely age gracefully in their own homes. This store is a one-stop safety shop featuring walk-in tubs, bath/tub conversion walk-in showers, as well as a variety of designer grab bars, power-lift recliners and senior-mobility products."

For more information on Safe Step Walk-In Tubs, call 765-5111.

## Bella Si Salon

"In the salon the customer is king, or queen," said Bella Si Salon owner Terry Armitage, who has lived in Las Vegas since

1997, and has over 35 years of business ownership experience.

A full-service day spa, Bella Si offers treatments from custom facials to waxing and mani/pedis to old-time barber services with a straight-edge shave. In addition, all hair services, including trims, cuts, sets, styling, color and highlights are served up by a team of experienced stylists familiar with traditional and modern techniques for men and women.

"We make it fun in here," said Terry. "It's not just a salon, but a small-knit family. We always have a special going on," and lively conversation, snacks and a bright vibe guarantee a return visit. In fact, one recent customer couldn't help but say after paying his bill, "I'll be back as soon as it grows back."

## Landscape Inspections Ensure Blooming Beauty

Each month, an inspector with the Common Area Properties Committee climbs into Louis Darling's truck to ride around the community and check for landscaping-related issues. Louis is the director of landscape for Sun City Summerlin, and he is extremely knowledgeable about all of the plants in our community.

The inspection takes the two on a circuit of Del Webb, Sun City, Thomas Ryan, Lake Mead and Rampart boulevards and Anasazi Drive. Within the community, both sides of the streets and the medians are scrutinized, as well as both sides and the median of Lake Mead boulevard, west of Anasazi Drive. From there, only the north side of Lake Mead boule-

vard is ours, along with the west side of Anasazi Drive and the west side of Rampart Boulevard.

The inspection team is looking for any dead or dying plants, whether they are trees, bushes or ground-cover plants. The goal is to identify, as soon as possible, the areas that require the attention of our Landscape Maintenance staff. It is not unusual for Louis to get on his radio during the ride to immediately direct his staff to an unsightly area. Of course, they also watch for any apparent watering problems. Louis is especially good at knowing when a plant looks stressed due to lack of water.

Louis is careful to let the inspector know of all the plans to work on various areas, especially where the watering system is being reconstructed, new flowering plants are to be placed or replacement plants are imminent. Winter inspections are a challenge due to the deciduous trees, and many plants are simply placed on the watch list to return for a look as new growth begins in the spring.

Our Landscape Department does an outstanding job of keeping up with all of our common area landscaping, making our community one of the most beautiful in the Las Vegas Valley. We can thank our very dedicated Director, Louis Darling, for our wonderful aesthetics. His caring shows!

### Time to Love Your Lantanas

Spring marches on, and if the weather holds up it will be time to wake up your garden soon. One thing you can do now is trim and fertilize your lantanas. The landscape department will resume its fertilizing programs, and I suggest you do the

same. As I normally say, "Always be sure to use a well-balanced fertilizer. And, if you can add organic material to your plants, then do so." I know it can be difficult, but if you add organics, your plants will love you.

#### **A few quick reminders on how to do it:**

- ◆ Rake back the decorative rock from around your plants and spread mulch, soil conditioners and fertilizer
- ◆ Lightly cultivate the mixture into the soil
- ◆ Spread your rock back over the area.
- ◆ Water thoroughly when you are done.
- ◆ Keep in mind you do not need to do all your plants at the same time.

The landscape department is now watering three days a week – turf on Tuesdays, Thursdays and Saturdays. Drip is set for Mondays, Wednesdays and Fridays. Both are at night.

*~ Louis Darling, Director of Landscape*

## Think Smart, Avoid Being a Victim of Crime

*(Editor's note: This is the second story in a two-part series designed to help residents think outside the box when it comes to security at home.)*

**Lou Polizzotti**  
*Security Patrol  
Chief*

Never open your door to anyone you do not know. Use the peephole or talk through the security door. Don't be fooled or drop your guard if someone calls you by your name. Bad guys learn your name by taking a quick peek inside your mailbox. Crooks can be very clever. Residents should be equally shrewd about detecting them.

Is one of Sun City's burglars a woman? A developing theory among Security Patrol officers

suggests that possibility. Might residents be less suspicious of a strange woman at their door, than they would be of a man? Be alert and report unusual vehicles, loiterers, trucks with no visible identification, anyone with a clipboard who appears to be canvassing homes, or a stranger looking into a mailbox to the Security Patrol.

Burglars see Security Patrol cars driving through the community. Often, that is enough to deter them. Drivers wave to let everyone know they have seen them and they develop instincts to spot something out of the ordinary. Patrol Officers know dog-walkers, when and where they walk and even their pet's name. They become familiar with landscapers, mail carriers, bike riders, joggers, and they recognize residents who regularly walk in certain areas.

It was daytime when an open garage door off Button Willow Drive caught Security Patrol Chief Lou Polizzotti's attention. Lou said, "Something about it didn't seem right." After finding no one at the house, Lou relayed the address to the Patrol dispatcher, who called the resident's Emergency Contact Number. Sure enough, the resident was away and the garage should not have been open. It was one of 238 garage doors that patrol officers discovered and had secured last month.

Other items to consider to help boost your security at home include:

- ♦ Always keep car keys nearby if they have an alarm button. If you hear a noise outside your home, don't hesitate to

depress the key alarm to activate the car's horn. Don't worry about waking a neighbor; the loud horn will discourage any intruder.

- ♦ If your dog barks at night, do not try to quiet him/her. He/she senses something outside that you don't hear. Let them bark; that's their job.
- ♦ It is always important to lock the door between the garage and your home. Do not rely on a closed garage door for absolute security. Garage doors can be breached. Lock your car doors while the car is inside the garage.

Security Patrol officers are ready to help you, any time. Never hesitate to call, 254-2303.

*Six signs posted at the entrances of Sun City Summerlin in January alert drivers that the community is under observation by the Sun City Summerlin Security Patrol 24/7.*

## Sun City Survey Results Turned Over to Department Managers

**Leo Crawford**

*SCSCAI Board of Directors*

Because there were so many comments (about 5,000 total), I just can't address each individual comment so, you ask, what did we do with the responses? Section three of the Policies and Procedures manual provides a detailed description of the SCSCAI committee structure. The various committees are responsible for certain aspects of our community, such as Common Area Properties, Finance, Legal Services and so on. Committee members are residents just like you who look at issues and make recommendations to the SCSCAI Board of Directors when needed. Each month the Link publishes a calendar showing the date when each committee meets. To highlight one very busy committee, the Common Area Properties Committee, which is responsible for our facilities and grounds, you will see how members are tasked to tour each facility on a regular basis to determine needed improvements. Your comments concerning our properties were referred to that committee for consideration.

Equally, all survey comments were sent to the appropriate committees for consideration.

Many of the recommendations were contradictory (too much vegetation/too little vegetation; pools too hot/pools too cold). Committee members are busy sorting through all responses to arrive at the best decision based on their experience. (Note that residents are encouraged to attend committee meetings if they want to partake in discussions about particular comments.) Don't wait for another survey if you want to make a recommendation on making things better. Instead, go to the appropriate committee meeting and make your thoughts known.

One last point on the comments received: Even if approved, implementation can take some time due to budget issues or the prioritization of in-house manpower.

Please believe that we do care. I have read EVERY one of the almost 600 resident responses. Thank you so much for taking the time to help make Sun City Summerlin a better place to live.

If you have a question on the survey, please contact me (Leo Crawford, Vice President, Sun City Summerlin Community Association., Inc.) at [lcrawford@cox.net](mailto:lcrawford@cox.net), 478-0277.

## Community Preparedness Committee

### Keeping Residents Safe

**What: Sheltering In Place**

**When: March 14, 7 p.m.**

**Where: Desert Vista**

It is 8 p.m., the wind is gusting at 50 to 60 miles per hour, your lights are flickering, it has been raining all over the valley for eight hours, all streets are flooded and the water in your back yard covers your patio.

Are you prepared; will you be ready?

If you live in Sun City Summerlin, you will be ready.

Your Sun City Summerlin Preparedness Committee (CPC) has been working for the last two years to prepare a plan to face such an emergency and we're initiating a new series of meetings with the community to ensure that our residents will be ready also.

Our first meeting will be on Sheltering In Place, March 14, 7 p.m., at the Desert Vista community center.

CPC and the Sun City Security Patrol will be co-

sponsoring a presentation by the Las Vegas Metropolitan Police Department's Homeland Security/Emergency Management Bureau to discuss the concept of "sheltering in place" for 72 hours.

They will discuss making a plan and building a kit that will get residents through a natural disaster for the first 72 hours, or until professional help arrives.

This will be the first of several classes that the CPC will conduct over the next few months, featuring speakers from the Red Cross for CPR training; Las Vegas Fire & Rescue, NV Energy, Southwest Gas, the Las Vegas Water District and the Las Vegas and Clark County Emergency Response teams.

In addition, we will continue our program of training community volunteers to become members of our Community Emergency Response Team (CERT).

Our goal is to make Sun City Summerlin the safest community in the country.

*~ Dick Bennett, CPC Treasurer*

The show is a package of traditional, modern rock, pop, and ethereal jazz arrangements. Tickets are on sale now at Desert Vista, Mountain Shadows and Pinnacle community centers.

## Mountain Shadows Display Case: *Photography Club*

**P**hotography Club members have been honing their skills since the club began in 1995. In February, their meeting focused on pet photography, one of many workshops topics the Club plans throughout the year. Members shared favorite pet pictures and shot pet portraits in their studio at Desert Vista. When asked what's the best way to take a good pet picture, one member replied, "To get one really good shot, take a lot of them." The pet photographer also must remember to get down to the animal's level, which also applies when taking children's photos.

Club President Bill Lane says members participate in field trips and educational seminars in their eternal quest

to shoot better pictures. The emphasis of the Club is on camera proficiency, as well as in developing a photographer's eye for good pictures. The group welcomes anyone who wants to improve his or her photography skills. Sophisticated equipment isn't a requirement; digital point and shoot cameras are fine.

In the club's newsletter, member Joel Jacobs

addresses such topics as how to buy a digital camera. He examines the type of photos to be taken, experience level and budget.

Members' favorite photos will be on display all month in the showcases at Mountain Shadows. Be sure to stop by and take a look. The Club meets the second Thursday of every month. Annual dues are \$15. For information, call Bill Lane, 233-9363.

## Classical Music Club Plays to the Heartstrings

What do you have going on at the Starbright Theatre? Why is the parking lot full of cars?" Those were the questions the Pinnacle Fitness Monitor posed to the Social Monitor one Monday evening last year. Don, who is the Monday night monitor at the Starbright, replied, "It's the Classical Music Club."

The club began in 1997 as the Chamber Music Club. According to charter member Anna Gaspar, the Club first met in members' homes, then in the music room at the Pinnacle. At the present time, concerts are held at the Starbright Theatre. Concerts are arranged when musicians' schedules permit. The goal is to have a concert monthly.

It is no secret that the Las Vegas area is rich with musical talent, ranging from well-known professionals to extremely talented amateurs. These people come to the Club because they are delighted to share their love of classical music with Sun City residents who have the same passion. January's concert featured Firenze, a group of professional string players, along with Aaron Ramsey, pianist, percussionist and composer, along with other members of his musical group.

Recently, entertainers have included Cellicentric (three cellists who performed in Celine Dion's orchestra); pianists Voltaire Verzosa (principal with the Las Vegas Philharmonic); Dr. Mykola Suk (professor of piano at UNLV); and Philip Fortenberry (presently associate conductor and keyboard player with "Jersey Boys" at Paris Las Vegas); and Genevieve Gundlach's Las Vegas Piano Quintet, whose love of classical music makes Mondays at the Starbright truly wonderful. For more information about the club, contact Ruth Hart, 256-1306, or Tammy Collins at 838-0830 or candtcollins@mac.com.
