Welcome to Sun City

In the last few months, more than 60 homes have sold per month in Sun City. That means there is a high demand to live in our community and these new residents are recently retired or still working! We are finding that many of our newest residents do not know about the activity card. In fact, there are many homes that we show have new owners, who have not picked up their activity cards, so this article is for them.

When your home sale is recorded with Clark County, it usually takes our membership department two weeks to get notice of the change in ownership. At that point, our staff is ready to issue your activity card. Your first step is to come into the Administration office at Mountain Shadows community center and sign up for a simple orientation. The Activity Card that's issued will have your resident account number and allows you access to the fitness centers, swimming pools, fitness classes, clubs and if you play golf, earns you special resident rates and 20 percent off everything in the pro shops. You also will receive the Link Magazine. So, it is worth the time to take orientation.

At orientation, you will meet other new residents, see a computer presentation of where to find the answers to questions you may have about remodeling, painting, landscaping, pool rules and lots of other things. Golf gives you two free coupons to play any of the courses, and you will receive an invitation to the New Residents Social, which is basically a meet-and-greet with appetizers and wine. The social takes place on the last Tuesday of the month at the Pinnacle community center and is hosted by the Board of Directors. The event is so popular that several old-timers come to meet and help new residents, too.

Since so many residents today are working, Sun City will begin to keep the administrative office open until 7 p.m. on Thursday nights, starting this month. And soon one of our fitness centers and swimming pools will stay open until 10 p.m. Having new residents in Sun City Summerlin is good for the community, for property values and activity involvement. We all need to go out of our way to welcome new neighbors and new potential members to our clubs. If someone moves onto your street, take the time to go over and say, "Hi" and "Welcome!"

President's Message

David Steinman,
President, SCSCAI
Board of Directors

Will Sun City Summerlin See Changes by 2020?

In mid-June a forecasting seminar was held for the Board of Directors and interested residents of Sun City.

It was scheduled because we feel that changing with the times is so important for Sun City to keep pace with the new residents who purchase

homes in our community. These new residents have different needs and interests from those who moved into Sun City during the late 1980s and early 1990s. A person who came to Sun City in 1990 did not regularly use computers, Wi-Fi, cell phones and ipads unlike our new move-ins of 2015. It has been 26 years since the first residents purchased homes in Sun City and the world has produced a very different way to communicate since then.

We have learned that fitness is extremely popular with the residents of our community. A question that resulted from the seminar was, "Do we have the most efficient exercise machines in our fitness centers?" Another targeted if we are offering the classes that today's residents need.

Over the next several months, you may see some changes to our programs. We will do this because we want the value of living in Sun City to be appealing to seniors looking for a new retirement community.

Currently, Sun City Summerlin has about 80 organizations and clubs. As we gain new residents, we will possibly see the creation of new clubs based upon the needs of people who live in a different world than the one that existed in 1990.

One of the big challenges of our community will be the factor of residents living longer and the high cost of care for those with serious medical issues. Seniors are trying to stay longer in their independent living environments. This produces a constant need for senior services or private citizens to care for these residents and make sure they live in a safe place and their health is satisfactory.

As we age in place and avoid the high cost of assisted living and long-term nursing care, our community will have to react to this change in the lives of our residents. Sure, we are going to have the "young" seniors moving into our beautiful community, but we always have to be mindful of the "older" senior who elects to remain with us during his or her years of greater challenge.

Top, technology and websites was a hot topic during a resident workshop held in June. The event, which was open to all residents, focused on keeping amenities on pace with the next generation of Sun City home buyers.

Over the next several months, you may see some changes to our programs. We will do this because we want the value of living in Sun City to be appealing to seniors looking for a new retirement community.

Signup is available now at the Desert Vista community center.

Avoid Red Flag Potential for Mail Theft

Residents should take precautions to reduce their chance of becoming victims of mail theft. Instead of using your home's mail box to send outgoing letters, consider using the secure post office boxes located at Sun City's community centers. For your safety, also remember to remove mail

as soon as it's delivered. If you must deposit mail into your home's mail box, DO NOT raise the red flag. In addition to signaling the mail carrier, the flag also may catch the attention of others.

More on Mailboxes: Per SCSCAI's CC&R's enforced by the office of Community Standards, mailboxes and posts are the responsibility of each home owner. Mailboxes should be black or white (depending on where you reside. All posts within the community are black). If you need to replace your mailbox you will not be able to find an exact model. Replace it with one as close as possible to the original. Some of these models are available in locking units. They can be found at home improvement stores.

Behind the Scenes at SECURITY PATROL

**CALL
254-2303**

Security Patrol is a volunteer organization of your neighbors who are concerned with your safety and well-being. You can support the Patrol's effectiveness by adding your neighborhood awareness to theirs. Get to know your neighbors – look out for each other and exchange personal contact information. Complete your Emergency Contact form and file it with Sun City's Administration or the Security Patrol. Never hesitate to call Security Patrol, day or night, if anything worries you. You will find the Patrol's dispatchers responsive to your concerns and if you need help they will make sure that you get it.

Residents may be most familiar with the Patrol's dispatchers, drivers and staffers who serve in the Information

Centers at community entrances. However, there's a multitude of vital roles filled by less visible specialists who work behind the scenes. They supervise the myriad tasks and responsibilities defined in Security Patrol's procedures manual. The Patrol's Chief and board of directors establish and oversee policy. A watch commander is charged with ultimate decision making for every shift. Daily logs are pored over by an officer who prepares a monthly activities report that highlights incidents. Motor officers keep the cars running smoothly and a car wash team keeps them clean. Communications/electronics specialists service radios at headquarters, as well as handheld radios, communications

SUN CITY'S FRIENDSHIP TREE: Sculpture a Gift to Last for Generations

Did you know that artist Joe A. Tyler was commissioned to sculpt Sun City Summerlin's Friendship Tree by Del Webb Corp., which donated the artwork to the community in 1994? The Friendship Tree, located in the breezeway between buildings at Desert Vista community center, is the earliest sculpture listed on the artist's extensive professional resume. Tyler graduated from Arizona State University in 1972 with a master's degree in environmental horticulture. He later became the university's founding director of the arboretum. On his 40-acre property in Arizona, Tyler has more than 500 mature trees of different varieties, many of them grown from seedlings in his greenhouses. In the early 1990s, Tyler decided to pursue a career in art sculpting on a full-time basis. Over the past 20 years, he has created more than 100 commis-

sioned projects, most of them huge public art sculptures. A great deal of Tyler's work has strong botanical influences stemming from his passion for horticulture. Well respected corporations, including Del Webb Corp., Mayo Clinic and Westin Hotels have commissioned Tyler to create major art projects. He also created, then crated and shipped three massive, 35- to 55-foot sculptures to Japan, where he reassembled and installed them at a golf club. Tyler's work can be seen in Germany, Japan, California, New Mexico, Texas, Nevada, and Arizona. He has created a war memorial, transit shelters, commercial entryways, fountains, elaborate signs and animal sculptures. His durable work, including Sun City's Friendship Tree, is designed to last for several generations.

equipment in and lights on the five Patrol cars. The IT officers maintain hardware and software, and a procedures officer keeps instruction manuals current, making sure that all 220 volunteers work with consistent information. An editor writes Insider, the Patrol's monthly newsletter, while another writer prepares Security Patrol articles for the Link.

In addition, the Patrol has a pet officer, whose responsibilities involve reuniting lost and found pets. There's also a Patrol photographer, a membership recruiting team and shift schedulers who make sure that duties are covered, every day and every night. The Patrol's social committee prepares refreshments for meetings and plans pot luck dinners and member get-togethers. Another officer keeps an array of

office supplies stocked and completes general paperwork. Telephone committee volunteers call every member to remind them of meetings and keep them apprised of current events. The Patrol's crime reporter presents a monthly analysis of criminal activity in Sun City and nearby communities, while a training officer schedules classes that mandate sessions in every protocol for recruits, as well as refresher training for seasoned officers.

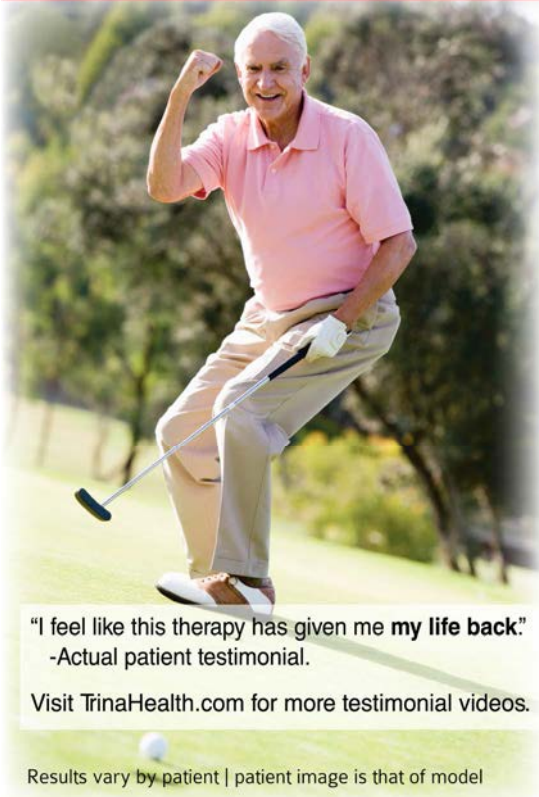

The Patrol also has a Chaplain, and a well-wisher who sends consoling cards and flowers, and they visit members who are facing illness or bereavement.

Security Patrol is a vast, complex operation. It takes a village to make it work.

Why You Need Water

Water is the most common substance on earth, and it's also the most common substance in the human body, making up more than 60 percent of a person's body weight. While you could potentially live without food for weeks, you're unlikely to last more than a few days without water.

Kristie McWhorter,
MS, CPT, GFI,
Director of Fitness
kristiem@suncitylv.com
fitness@suncitylv.com

Staying hydrated is extremely important; water is used by your body to perform almost every major function. For example, your body uses water to transport nutrients and

oxygen to cells; regulate your body temperature; moisten mouth, eye and nose tissues; protect organs and tissues; lubricate joints; and flush out waste products. Without proper hydration, the body's normal functions can become seriously inhibited.

Dehydration occurs when liquid is replaced at a slower rate than it is being used up by the body. Common causes are diarrhea, vomiting and sweating. Early symptoms include dry mouth, the inability to produce tears or sweat, muscle cramping and lightheadedness. At its worst, dehydration can be life-threatening.

We are half way through our hot summer and it is important to have extra water in situations that involve physical activity. It's also a good idea to avoid outdoor exposure and limit physical activity when it's particularly hot or humid outside. Pay close attention to physical cues (thirst, dizziness, headache), which might indicate your fluid levels are getting low. Keep drinking water close at hand during these hot summer months to stay hydrated and healthy!

MR. GYM ETIQUETTE

Safety first! What's safe for you is safe for others. A gym is a place with lots of opportunity to get hurt, and we can put not only ourselves, but others at risk for injury. Some simple tips to keep safe while working out include:

1. Use the equipment the way it was designed to be used. Example? A treadmill is designed for walking and running, not for doing weight lifting. Hand weights can become missiles and ankle weights can come unstrapped and cause a trip hazard.
2. Keep the floor clear. Never leave bags, towels, hand weights or plates on the floor, even if you are doing circuits. Those extra steps between you and the rack or the locker count as cardio!
3. Know and admit your limits. Anyone can experience declines in balance, vision or strength for many reasons. Ignoring these problems is like an accident waiting to happen. Don't self-treat. Have the courage to admit you need some help if you are experiencing some physical problems.

Slow Down, You Move Too Fast, You've Got to Make Your Muscles Last

Have you heard of the terms "full range of motion" or "R-O-M," pertaining to exercises in the weight room? Range-of-motion exercise refers to activity aimed at improving movement of a specific joint, and it allows muscles acting on the joint to become stronger. Having stronger muscles means you have more stamina to do the activities you enjoy doing, like walking, tennis, golf, dancing, fitness classes, swimming and strength training.

I often see residents performing only short range-of-motion exercises, which can cause your joint action or movement to shorten, causing more stiffness in your joints. Short range-of-motion exercises will ultimately decrease your overall muscle strength and functionality, setting you up for more injuries down the road.

A safe and effective strength-training program needs to include full range-of-motion exercises for two out of three sets going at a slow, controlled pace (2 or more seconds in each direction). If you would like a little more intensity, add one set of pulsing or short R-O-M exercises. Doing this will allow your muscles to work all muscle fibers to their proper length, and you will gain greater muscle strength over time.

Biker Bird: Tiny Tenant Brings a Wealth of Good Wishes

With spring comes the return of brilliant blooms laden with nectar that attracts one of our favorite species of birds. How we enjoy seeing and hearing the whimsical maneuverings of these teensy creatures of which there are more than 300 documented species. Not enough to simply enjoy them as they whizz by, many of us feel the need to participate in their visits, concocting sugary solutions that make us feel like we're doing our part to keep the tiny hummingbirds nourished.

"They don't like the red sugar you buy at the store," said Sun City resident Charlotte Moravec, describing the amount of sugar and water that goes into her special recipe that entices hummingbirds back year after year.

"I have always had feeders in the back yard, and now I have a hummingbird feeder in my front yard," she said after her husband, Charles, noticed that his favorite wind chime had become a twig-themed nursery for a mama hummer.

"I worked for Harley-Davidson for 43 years as a tool and dye maker in Milwaukee," said Charles, who collects all things motorcycle. So it was quite a sight, he said, when he looked up one day and saw a hummingbird had made her nest in the seat of his motorcycle wind chime.

"She's a biker bird," he said. "She looks so perfect, like she's riding the motorcycle."

Charlotte said she'd notice the bird would dart in and out of their entryway every time she or Charles headed toward the front door.

"I didn't know what it was doing until I saw the nest up there," said Charlotte. "It's so small."

A quick survey of several Internet sites and one can learn a lot about hummingbirds.

For one thing, they can fly backward, pretty cool. Two, they are only found in the western hemisphere, so our neighbors across the pond won't have the pleasure of enjoying them in their beautiful English gardens, and three, it is illegal to hold a hummingbird, nest or egg in captivity (they are protected under the Migratory Bird Treaty Act of 1918). But perhaps the most feel-good fact about the hummingbird is the mythology that surrounds them

Native tribes always associate the bird with light, love and life. According to www.hummingbirdworld.com, "A Mayan legend says the hummingbird is actually the sun in disguise and he is trying to court a beautiful woman, who is the moon."

Charles Moravec shows where the hummingbird made its nest in the motorcycle wind chime above his front door.

Perhaps it wasn't coincidence that that little bird staked its claim on the Moravec's motorcycle chime. After all, wind chimes add to their environment by breaking the silence with their music and the Moravecs celebrated 54 years of marriage in the month they noticed their little visitor.

Happy anniversary, Charles and Charlotte.

Rich Rizzo is bringing back his Las Vegas Follies! Since we last saw them, they have been performing at other Las Vegas venues at a sold-out performance for 500 in California, and just recently taped a dance number for a TV pilot to be produced right here in Vegas. Michael's mellow voice will be backed by the Dick Kastel Sextette, as he sings some of his favorites, which are sure to be some of yours also. Sandy is a recording artist, and producer and host of the "Sandy Kastel and Friends" TV show. She also will join the Follies in a special tribute to Bob Fosse. What would the Follies be without the ever popular "Bambi – Queen of Burlesque?" Join the journey to Broadway and Beyond as the Gems of the Follies prove again and again that age has no relevance when it comes to this outstanding production!

CLUB SPOTLIGHT: Sun City Charities, Inc.
A Helping Hand When You Need One

Located at the rear of the Desert Vista parking lot, at 10362 Sun City Blvd., is a very important building staffed entirely by resident volunteers. According to new President Mike Lee, the organization provides help to Sun City residents seeking to contact government services; helps with running errands; offers rides to the supermarket and doctor's office; and works with handy men who change lightbulbs, smoke detector batteries and more. While Mike explained there are no formal charges for these services, Charities does appreciate a donation to help cover its operating costs. Talking about his volunteers, Mike said the handy men are invaluable, but they are getting older and he would like to see others step up to help with his group's growing needs.

Handy With a Hammer

Gordon Fast is one of Charities' volunteers, who is a self-taught handyman. He has lived in Sun City Summerlin for two and a half years and enjoys being a volunteer handyman because it is "a labor of love that gives me a good feeling to help people," Gordon said. "I can do it when others can't. If you feel like you want to help people, please join us!"

Dave McConnell is another volunteer handyman who moved to Sun City last November. "I have been a handyman most of my life. I was a professional handyman in Pennsylvania for 10 years. I gained some of my knowledge by working in a tool mill. I think that this is a great service because it gives people someone they can trust and not be ripped off. So far, everyone I've met has been extremely nice, and the people I have helped have just been very grateful for the work. It gives you a great feeling. The last lady I worked for said, 'You just made my day!'"

Aside from these gentlemen, there are countless satisfied clients who want others to know what an asset Charities' volunteers are to Sun City.

Cerna Kalen just loves the handymen. "They are very friendly and helpful," she said. "They will do light jobs like change lightbulbs, which I cannot reach, change the smoke detector batteries and move a heavy box."

Another resident, Edie Klar, said, "I'm just very grateful for the wonderful program that is offered. I've had to call them several times for transportation to get me to a medical procedure and, in the seven-and-a-half years I've been a widow, these people have been invaluable to my survival. The handymen have helped me get things done that I had always relied upon my husband to do. I don't know where I'd be without them!"

Spanish

With the year more than half over, the classes at Mountain Shadows are going a little slow due to so many students going on vacation. It's a great time for all instructors to go into review. A quick phone call can get you on your way to speaking Spanish. Classes start at 9 a.m., and we have four levels to offer. Classes are one hour in duration. The beginning class is still perfect for a newcomer. Interested? Contact Ray LeMay at 254-1499 or raylemay@gmail.com.

Stained Glass

Not only are we a great club, but our membership is increasing. The members have many varied projects and the most important thing is that we help one another when necessary. Officer elections will be held on

October 10. We are located in the Mountain Shadows community center craft wing. Hope to see you soon. Please call our President Roger Wagar, 243-0873, for information and about our next scheduled classes.

Sun City Summerlin Charities

Charities provides residents who are unable to drive with transportation to medical appointments, shopping and other personal services. tion, call 341-9741. Our organization lends canes, wheelchairs and other medical equipment, as well as car seats, high chairs and other children's equipment to Sun City residents with valid Association ID. We also collect aluminum tabs, Campbell's soup labels, greeting cards and food donations to be distributed to various charities. Please help us fill the Salvation Army food barrels with non-perishable food items. The barrels are located at our warehouse and in the lobby area of Mountain Shadows. A general meeting will be held Monday, August 3, 10:30 a.m. This meeting will feature our annual Bingo party. General meetings are held the first Monday of each month at Desert Vista.

Swim

Senior Olympic Games are coming October 3-4. We will honor our Olympians at our "2nd Tuesday Lunch" in October. Anyone interested in joining the Club may contact any of us or just come on over to the Desert Vista indoor pool during our regular swim time, Monday, Wednesday and Friday, 9-10 a.m. We have swimmers at all levels and instructors who can teach swimming or improve your form. Beginner swim lessons are offered free to Club members. Annual dues are \$10. For information, call Carol Rudolph, 869-3303.

Table Tennis

The SCS Table Tennis Club continues to attract new members. Regular practice and play are held at the Pinnacle on Sunday, Monday, Wednesday and Friday, 9 a.m. to noon, and Tuesday, 5-8 p.m., where up to four tables are available. One table is available at Sun Shadows with Table Tennis Club time reserved on Thursdays, 5:30-8 p.m. Other times are available at either location with prior phone calls to fitness monitors. For information, call Bob Swanson, president, 562-5098; or Jeff McCabe, vice president and master table tennis player, 596-6405. Membership is \$10 per year and the Club sponsors a spring breakfast and fall picnic. Tournaments are the first Sunday of each month.

Tai Chi

Tai Chi Club's annual election will be held in the Desert Vista picnic area on Friday, October 2, 11:30 a.m. to 1 p.m. The slate put forward by the nominating committee follows: president, Doyle Kloehn; secretary, Judith Filangeri; treasurer, Arlene Gold. Nominations from the floor will be accepted as well. Classes at Desert Vista: Traditional Short Form-Advanced: Monday, and Friday,

3 p.m.; Traditional Yang Short Form-Beginners: Wednesday and Friday, 4 p.m.; Traditional Yang Family Long Form-Advanced: Wednesday, 3 p.m., and Friday, 1 p.m.; Traditional Yang Family Long Form-Beginners: Friday, 2 p.m.; Andy's Form: Monday (advanced) and Wednesday (beginners), 2 p.m. For information call Mery Finkle, 228-8417, or Jim Ko, 586-7787.

Team Tennis

The Club was established primarily to cater to more advanced players who play at a 3.5 to 4.5 level, although anyone can join. Dues are \$10 per person, per year and that entitles members to attend the May 13 BBQ picnic, September 16 pizza party and December 12 Christmas party. It's a good opportunity to have some positive social contact with those we play tennis with or their non-playing spouses, as well as a lot of good food, good fellowship and a good time for all. For more information, please call Jerry Barksdale, 254-4645, or Art Ott, 586-9585.

Tennis Club

Our Club has no formal meeting in August. Plan to join us when our leagues and meetings begin again in September. For Club information, call Ellen Crawford, 478-8806.

Theater (Community)

For better or worse? That's a very good question and only you can answer it. However, only you can be the judge by seeing it for yourself. That being said, plan to come to the Starbright Theatre on Saturday,

September 12, 7 p.m., or Sunday, September 13, 1 p.m. (please note the time change). For \$8 the answer will become very clear to you. The Social Monitors will have tickets. The scene is set, the cast is in place and all we need is you! A kooky cast of characters cannot be found anywhere else – so come see for yourself. For information, call Kim 901-3358.

Travel

The next meeting will be Wednesday, August 12, 3:30 p.m., Desert Vista, Room 5. Bring your checkbook. Checks are required at time of sign up. Make sure we have your email if you want to stay informed of new shows while you are away this summer.
