Holiday Lights Shine On Community Spirit

Have you seen the huge pine trees that Five Star Tavern has beautifully lit along Del Webb Boulevard? There are 11 tall trees that have thousands of tiny white lights intricately woven up the trunk and limbs. Jim Minchey, the owner, loved our holiday palm tree lights so much that he decided to permanently light the trees in front of Palm Valley Golf Course and Five Star Tavern. I wish to thank him for something that makes me smile and happy every night I see them.

Five Star Tavern has been operating in Sun City for 15 months and their presence is one of my proudest accomplishments. When I served on the Board of Directors, we formed a committee, found Five Star Taverns and leased the Vista Grille to the gaming establishment that knows how to run profitable taverns. Sun City lost \$300,000 a year trying to run the Vista Grille alone (as we are a retirement community and not a restaurant company). Now, we don't lose money thanks to Five Star Tavern.

Five Star is part of the Sun City Summerlin family and everyone should want them to be successful. They are open 24 hours a day and serve food most of that time. They serve liquor all the time and often have great wines in the racks.

They honor our rules by not allowing smoking at the bar, and Five Star works with our Golf Department. The Tavern is planning a major renovation soon to enlarge the facility so it can cater to golf tournaments.

Five Star has struggled lately because the golf course was under such major construction. We have not been very consistent in visiting Five Star. A restaurant only can plan proper levels of servers and cooks if the business is consistent.

I hope Sun City residents will be good neighbors to Five Star and support its business and thank them for being here. I like going there on my free evenings to have a glass of wine. I won't drink alone at home, so I would like to see many of my fellow residents enjoying Five Star with me. I even have won enough money on the machines to sometimes pay for my drinks and tip the waitresses too! Even if you have tried Five Star before, try it again. You will like the new menu and you don't even have to drive far. That alone will keep you happy and safe for the holidays.

President's Message

Finding a New Executive Director

David Steinman,
President, SCSCAI
Board of Directors

When Sue Papillon was appointed executive director by your Board of Directors in 2013, she promised to give us her services for two years. She wanted to enjoy the normal peace and quiet of retirement, especially her 1-year-old granddaughter.

Sue has contributed her extensive experience to the running of Sun City and the Board thanks her for her accomplishments during the past two years.

With this in our minds, the Board embarked on a plan to find a new executive director. We concluded that we would enlist the talents of an executive search firm, commonly known as a "headhunter." We contracted with an out-of-state firm several months ago and it conducted a nationwide search. Their work yielded several good candidates and the interview process began in September.

At press time of the December Link, the Board of Directors has decided on a candidate, however, we have not completed agreements/contracts. We hope to have this person onsite by the first of December. The person will be introduced to the community via our website, www.suncitylink.com, which is updated every Tuesday. A full article on the new executive

director should appear in the January, 2016 issue of The Link.

The duties of an executive director are extensive and far reaching. The director has a staff of nearly 300, and he/she creates and administers a budget of nearly \$15,000,000. In addition, he/she is responsible for the proper use of reserve funds that are in excess of \$13,000,000.

Sun City Summerlin conforms to a committee system of volunteers, where decisions and future plans are discussed before recommendations are made to the Board of Directors. The new executive director will be aware of actions taken by the committees that include: Architectural Review, Common Area Properties, Chartered Clubs & Community Organizations, Deed Restriction Hearings, Finance, Community Preparedness, Fitness, Information Technology, Golf Oversight and Legal Services.

The executive director reports to the Board of Directors (and to the president of the board directly on an as-needed basis). Directors who head up each department in Sun City report to the executive director.

Residents of Sun City will have an opportunity to meet our new employee at community events, Board and committee meetings, and by appointment at the office in Mountain Shadows.

The Start of **COYOTE** Season

Take Steps to Protect Your Pets as Predators Prepare to Mate

Coyotes mate in January and February. After a 60-day gestation period their pups, as many as six in a litter, are born from March through May. The adult males are aggressive during this time because they are hunting food for their mates, the mothers that are feeding their pups. Small domestic pets are sought-after prey.

Coyotes practice compensatory reproduction. Normally, only the alpha male and female in a family group reproduce once a year. If either dominant animal is killed, however, the subsequent lack of hierarchy results in all of the other family members breeding that year, producing up to 10 times the number of normal offspring. When an overabundance of pups creates food scarcity, coyotes will gravitate toward human residences for food.

Coyotes flourish throughout Nevada, including in urban areas. Keeping domestic pets safe from attack is a challenge that isn't unique to Sun City Summerlin. According to the Nevada Department of Wildlife, a

coyote can run up to 40 miles an hour, covering well over 100 miles in a single night.

The Wildlife Department says that trapping and euthanizing coyotes will not significantly reduce their numbers. When their wild land was converted to human development, coyotes had to adapt or die. They adapted well, which isn't a negative consequence because their primary food source is rodents – rabbits, mice, rats, squirrels and skunks.

Everything in the wild is eaten by something; that is the way of the wild. In that respect, Park rangers discourage the use of poison to eradicate coyotes. Poison, rangers agree, risks death to domestic animals, as well as to other species that are not the intended target.

Last year, Sun City's Architectural Review Committee approved the installation of coyote rollers, fence toppings designed to discourage coyotes from scaling 6-foot-high walls. Anyone interested in learning more about the coyote rollers can Google the subject and

**“Coyote is always out there waiting,
and Coyote is always hungry.”
Old Navajo saying**

find a number of local companies that design, build and install them. Applications for the rollers are available in the Community Standards office at Mountain Shadows. (Coyote rollers are subject to a site inspection and ARC approval.)

Other preventive steps that reduce the likelihood of your pet becoming a coyote victim are:

Never leave your dog or cat alone in your back or front yard. Dusk to dawn is the most dangerous time, but a coyote attack can happen at any moment.

Feed pets indoors. Do not leave food or water in your yard.

Tightly cover garbage containers.

Carry a protective stick when walking your dog on a leash.

Creating noise is most effective to reinforce a coyote’s fear of humans – good for them and for us.

Carry a small but loud handheld air horn.

Pet owners need to understand that it is their responsibility to protect their pets from predators. No one can or should be relied upon to do that for them.

~ Ellen Greenspan/Link

Golf Course Maintenance Director Honored for Water Conservation Efforts

SCSCAI Director of Golf Maintenance Brian Bagwell, center, credits the very hard work of his dedicated staff for his recognition as a Water Smart Hero in October. In 2015, the Golf Maintenance Department's water conservation efforts will total a savings of 172 million gallons.

The Southern Nevada Water Authority's Water Conservation Coalition named SCSCAI's Golf Maintenance Director, Brian Bagwell, a 2015 Water Hero during its Water Smart Innovations Conference in October.

Brian, who has served on a local board for golf courses and a drought committee to help set standards and guidelines for saving water for the future, was honored alongside Boyd Gaming, Picerne Real Estate Group and Larry Simon of Pardee Homes.

To date, Brian said Sun City's golf courses have converted 3.1 million square feet of turf, which equates to saving roughly 172 million gallons of water a year. Conversions, he said, have been primarily in out-of-play areas next to homes.

"Water is our most precious resource, and for myself and other golf course superintendents, it is our responsibility to be good stewards of conservation and continue to look for ways to save water," he said.

When Brian arrived in Sun City nine years ago, he said that the Las Vegas Valley had been on water

restrictions for several years. SNWA began encouraging customers to reduce turf on their properties in 2003.

While original water-saving designs were crafted by the courses' original architect, Greg Nash, all subsequent projects (since 2007) have been completed in-house by Brian and his superintendents Eric Alms at Palm Valley and Roger Knight at Highland Falls.

"We converted approximately 7 acres in 2014 and we are in contract currently to do another 7 acres in 2015-2016. We have plans to do one last phase in the fall of 2016 to 2017 to remove another 7 acres," Brian said.

The WCC is a public/private partnership formed by community leaders to help increase water-efficient business practices within the Southern Nevada business community. The WCC provides information and encouragement to business peers in an effort to boost participation in water conservation and incentive programs.

"These Water Hero Award recipients represent companies and individuals that have made water efficiency and conservation a part of their everyday practice and we're proud to be able to recognize each," said Doug Bennett, SNWA conservation manager.

Cold weather is around the corner. As the temperature gets close to freezing the Landscape Department will start watering during the day. Turf is on Tuesday; drip on Wednesday. Be aware that sprinklers at your favorite park may turn on. I normally start to water at 10 a.m. This is also the time of year to be on the lookout for ice in any of the common areas. If you see ice on common area properties, please report it as soon as you can to 254-4092 or 363-7655. If you notice that the grass in any of the Association parks is frozen, do not walk on it as it could kill the grass.

I hope everyone has a great holiday season.

Coffee With the Board Keep Up With What's Going On In Sun City

Friday, December 18, 10:30 a.m.
Desert Vista

CWB has become one of Sun City's most attended monthly meetings. Meet Board members and your

neighbors one on one. Questions, answers, opinions and general information is shared on a multitude of community topics. There is no agenda for this casual meeting and Board members cannot officially make decisions on any matters discussed. Sweets are served and conversation flows.

AARP Honors Sun City's Driver Safety Program

Bob Greene, who has taught AARP driver safety classes in Sun City for 18 years, helped AARP recognize the community for its commitment to safe driving education. Bob presented AARP's award to SCSCAI Executive Director Sue Papilion and SCSCAI Board President David Steinman at the Board of Directors' meeting on November 3.

Desert Vista Community Center

December 2, noon · December 9, 8:30 a.m. · December 23, 5:30 p.m.
January 13, 8:30 a.m.

\$15 AARP members · \$20 non-members by check to AARP

Drop by the Desert Vista monitor station to sign up for this classroom refresher designed for those 50 years old and over. Improve your knowledge of traffic laws, learn to anticipate the actions of other drivers, and identify and correct poor driving habits. Upon completion of the four-hour course taught by an AARP-certified instructor, you will receive a certificate that may qualify you for an insurance premium reduction for up to three years. Max: 30. Signup is available now at Desert Vista community center.

Volunteers Needed to Help Prepare Income Tax Returns

AARP is in need of volunteers to prepare income tax returns for seniors and low-income taxpayers. A site is maintained here in Sun City. Volunteers should have some knowledge of income tax rules, have reasonable computer skills and will be required to attend a one-week tax course in January, pass a minimum proficiency exam and contribute at least four hours per week during the tax season. If you would like to volunteer, you may register at www.aarp.org/giving-back. For more information, contact Barbara Jones, 364-5028, or Barbara@Sarin.org.

Smoke Alarms, Not Just Batteries, Need to be Replaced

Most of us pay attention to expiration dates on food and medical prescriptions. But, have you ever considered the expiration date of a smoke alarm? According to the National Fire Protection Association, the potentially life-saving devices have lives of their own and expire after about 10 years or 87,000 hours of service.

However, that's something that's not widely known. A recent national survey conducted by First Alert Smoke Detectors revealed that most Americans are not aware that smoke alarms need to be replaced every 10 years. If you neglect replacing your alarms, you could be putting yourself and your family at risk.

Everyone should make sure their home is equipped with working smoke alarms – the key word being “working.”

The fact is, even if you have smoke alarms installed at home, you and your family may not be sufficiently protected if you haven't maintained them. The National Fire Protection Association estimated that 30 percent of all residential fires responded to are in homes without a smoke alarm (or they have a non-working smoke alarm).

To ensure that alarms are functioning properly, it is recommended that homeowners test the devices monthly. If you cannot recall when your alarms were installed, it's best to be safe and replace the units. Remember, Sun City is more than 25 years old, so homes constructed in Phases I and II, closest to Rampart Boulevard, already should have had their smoke alarms replaced. As for batteries, experts suggest replacing them twice a year, using the changing of the clocks as a reminder. And, since Daylight Saving time ended last month, batteries should have been replaced. If not, this article may help serve as a reminder to do so soon.

Enjoying the Holidays

The time between Thanksgiving and New Year's Day is the most festive time of the year for many people. It also can be a time of stress. If the holidays make you say "Oh no," rather than "Ho, ho," consider these suggestions for eliminating stress and enjoying the celebrations of the season:

Make Conscious Choices

Set reasonable expectations for yourself and others. Organize your time and prioritize your activities. Be realistic about what you can and cannot do. Think about what you really enjoy during the holidays and plan ahead to include those activities. Also remember what you don't want to repeat from the previous holiday season. Careful scheduling and starting holiday chores ahead of time can help you better savor December events.

Take Care of Yourself

Before the whirlwind of the season starts, recommit to a workable routine of self-care to ward off stress.

Exercise. Exercise will help you manage the stress of the holidays and help keep the pounds off from all of the holiday eating. Even if you can't do your normal workout due to time constraints, any amount of exercise will be beneficial.

Sleep. Be sure to get a full night's sleep every night. Being consistent in waking and sleeping times will help you maintain energy throughout the day.

Eating. Be aware of what you are eating and drinking. Holiday foods can easily affect your energy levels and cause your blood sugar (and mood) to rise and fall. Enjoy your favorites in small amounts.

Relax. Meditate, listen to music or just relax without feeling guilty about not 'doing.'

Do Something Fun. De-stress by treating yourself to a comedy movie, maybe even something beyond your normal tolerance for silliness.

Connect with Others. Spend time with the most important people in your life – the ones who offer you emotional support, care about you and make you laugh.

The Fitness Department staff wishes all residents a safe and enjoyable holiday season!

Save Your Skin All Year Round!

Tuesday, December 8, 12 noon

According to the Melanoma Foundation, skin cancer is the second most common type of cancer in the United States. In fact, one in five Americans will develop skin cancer at some point in their lives. Just because the sun is strongest in the summer does not mean you can skip out on sunscreen in winter months. Dr. Greenberg from Las Vegas Dermatology and a volunteer skin cancer educator for Golf Coaches Association of America will educate us on protecting our skin year round. Light refreshments will be served.

Living with Alzheimer's for Caregivers

Wednesday, December 9, 12 noon

Albert Chavez from the Alzheimer's Association and Artie Anderson from Aegis Living will be on hand to provide information for caregivers about understanding memory loss, dealing with safety issues, planning for the future and making decisions, exploring community resources and forming daily strategies to cope with the changes this disease brings. Light refreshments will be served.

What to Expect After Shoulder Surgery

Thursday, December 10, 12 noon

Mike Rantissi, PT/OT, from Advanced Manual Therapy will discuss common outcomes after different types of shoulder surgeries, including healing time and return to full function, as well as being able to resume your normal activities. Light refreshments will be served.

Why Am I So Fatigued?

Friday, December 11, 12 noon

As many adults get older, they find that they suffer from fatigue. This fatigue affects quality of life, keeping people from enjoying activities they would usually participate in, as well as decreasing their ability to fulfill the necessary everyday tasks. What exactly causes fatigue? Dr. Kyo Mitchell, OMD, will discuss some of the causes of fatigue and how it can be helped. Light refreshments will be served.

Stem Cell Therapies

Friday, December 18, 12 noon

Dr. William Baumgartl of the Nevada Spine Clinic will be discussing innovative new treatments using stem cell therapy. This unique and gentle approach uses a person's own stem cells to treat a variety of conditions. These treatments

have shown to be effective in treating many neurological and systemic conditions, including Parkinson's disease, multiple sclerosis, liver and kidney diseases, and in reducing the need for orthopedic surgeries, especially for tendon and ligament damage. Light refreshments will be served.

Is it time to Revamp your Cardio Workout? Part 3

Are you doing the same cardio workout every time you set foot in the fitness center? Are you bored with your cardio program? Do you want to see more results from your cardio workouts?

Then it's time for a change with Aerobic Interval Training. Don't get scared by the words, it simply means adding intervals or bursts of higher intensity activity into your regular cardio workout routine.

Whether you're just getting started or you've been exercising for years, AIT can help you rev up your workout. Before you decide if AIT is for you or not, consider these benefits:

- You'll burn more calories. The more vigorously you exercise the more calories you'll burn – even if you only increase your intensity for just a few minutes at a time.
- You'll improve your aerobic capacity. As your cardiovascular fitness improves you'll be able to exercise longer with more intensity. This means you will have more energy during the day to get your entire "to do list" done.
- You'll keep boredom away while you exercise on your favorite machine or walk outside. Turning up your intensity in short intervals can add variety to your exercise routine.

How to get started:

After you've warmed up, continue for 3-5 minutes at your normal pace. Increase the intensity for 30-60 seconds and then resume your normal pace. Repeat.

For example: On a treadmill, you can increase your speed or add incline to create more intensity. On a bike – elliptical or NuStep – increase the speed of your pedaling or add resistance by increasing the level. If you are walking outside, increase your speed for 20-30 steps, then go back to your regular pace. Do 1-3 intervals based on how you feel that day. As you begin to adapt to these changes, continue to increase the duration and number of intervals.

AIT is not for everyone. If you have a chronic health condition or haven't been exercising regularly, consult with your doctor before doing any type of exercise, including interval training. Remember to start slowly when doing intervals. If you feel like you are overdoing it, then slow down. As your stamina improves, challenge yourself to do two interval days per week and 1-3 steady-state days. You will be surprised by the results you get!

Going Behind the Scenes at Sun City's 24-Hour Patrol

Jane Ashe,

Security Patrol
Activites Reporter

Sun City's Security Patrol volunteers engage residents every day, throughout the day, responding to calls that come into the dispatch center and more. The following is a list of real-life calls the Patrol responded to in October, and represents situations the volunteers can deal with when they begin their shifts.

The Patrol welcomes all residents who have questions about their service or who are interested in donating their time to help keep Sun City Summerlin one of the safest communities in the valley. Patrol headquarters is located in the Desert Vista parking lot, in front of the tennis courts. The Patrol is open 24 hours a day, seven days a week. Volunteer positions include working in dispatch, at the information centers or being a driver.

Sun City Summerlin Security Patrol wishes all residents a safe holiday season!

- Report of a drone flying around the parking lot at Sun City and Del Webb boulevards. Security Patrol asked the drone flyer to leave.
- A resident reported a dog barking loud and long at a Greenview Court home. Security Patrol attempted contact at the home by phone and walking the property, banging on doors. As no response, the dispatcher called 311 and the Fire Department was on site. The resident was OK.
- Report of man opening mailboxes on several residential streets. He said he was placing pizza coupons in boxes, but the pizza company denied having solicitors in the area.
- A woman reported going door to door on Floyd Court asking for money. Security Patrol spoke with the woman who said she is looking for work. Security Patrol advised her to leave the area.
- Security Patrol reported a truck on fire on City Clouds Court. 911 was called. Watch commander went to the scene.
- A resident reported streetlights out in Area 1. City called.
- A suspected scam report of a man claiming to be a neighbor and using a resident's husband's name to ask for money for a tow. Resident gave the man money and later realized it was a scam.
- Concern for a resident reported to be walking and stumbling on Del Webb and Sun City boulevards. Security

Patrol reported the man was OK. He said he had been robbed the night before (not clear where) and was going to pick up supplies.

- A Tumble Brook Drive resident reported a man banging on his door who said he was from ADT and had a solar sign. The resident called ADT and they said they do not solicit door to door. Watch commander patrolled the area.
- Lost woman taken home by watch commander.
- A Gerald Court resident reported that someone had hit a retaining wall and debris was in his yard.
- A Festival Drive resident reported a Republic Service trash man entered her garage and asked her personal questions. She was given Republic's number to report the worker.
- A man on a bike, stopping to look at residences, was reported on Villa Ridge. Another resident reported a person on a bike came into his garage, saying he was looking for an address. The owner asked him to leave. Security Patrol checked the area.
- Suspicious situation on Paradise Point. A man said he was taking a survey. Security Patrol advised him to leave if he did not have the proper permit to do so.
- Concern for a resident wandering on Button Willow Drive. She seemed lost. Security Patrol found her and drove her home.

In one month, Security Patrol volunteers covered **14,218** miles of the community; responded to **268** open garage doors; performed **459** house checks; and responded to **265** motorists who stopped by the Information Centers to ask a question.

Food & Beverage

I am proud to introduce our first Sun City food & beverage page. Each month I will address F&B topics and introduce new information regarding dining in Sun City.

The most common request from residents I've received is for healthy options at Tavern at the Falls. The majority of our menu is already health conscious. Using fresh, seasonal ingredients always has been a priority for me when developing menu items.

- Our new I Heart Pasta Salad (pictured on page 3) is made with whole wheat spaghetti and fresh vegetables.
- The grilled Hot Leg is a new option that replaces the deep-fried wings.
- We added a new burger menu to enhance our half-pound grilled burgers to include flavors like teriyaki with pineapple mayo and a Southern Nevada burger with onion rings and holiday BBQ sauce.
- We replaced the triple salad with turkey salad lettuce wraps.
- The grilled salmon salad is sprinkled with fresh pomegranate and accompanied with sliced pear.

Come help us celebrate with the flavors of the season!

This time of year is a social time with many holiday events. We all want to meet with friends and celebrate. Tavern at the Falls is excited to announce its small plates appetizers that encourage our guests to experience several exciting flavors while enjoying a glass of wine or craft beer from our new selection. Serving dinner, 4:30 to 6:30 p.m.

Engineering, Classic Cars, Nuclear Fusion All Part of Donald Scranton's History

~ By Jerry Silvers. Photos courtesy of Donald Scranton

In 1989 Donald M. Scranton became one of our first residents to move into Sun City and this is only part of his story. Donald grew up in Manchester, Conn., and was proud to have a father and grandfather who both were in the coffee and tea distribution business. During World War II, Donald's father worked in England installing Pratt and Whitney engines in American B17 bombers. In 1943, Donald left high school in his senior year with enough credits to graduate and joined the United States Navy Air Command during WWII and married his childhood sweetheart, Caroline.

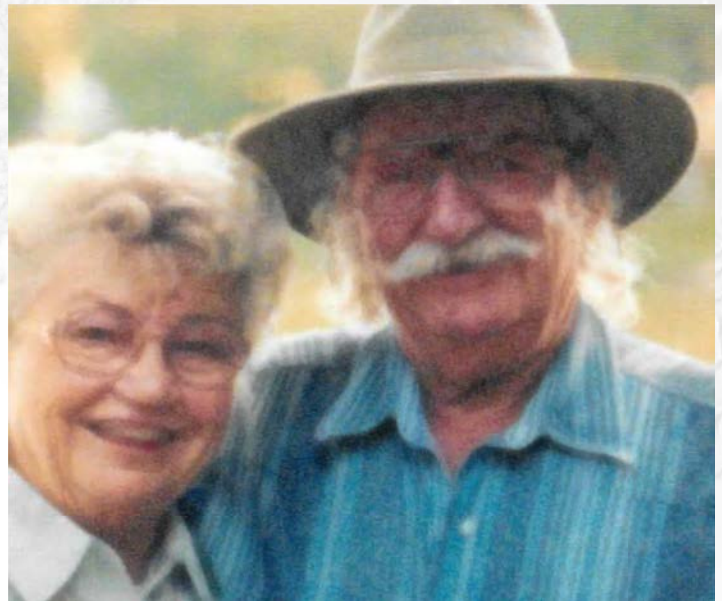

With the help from the G.I. Bill, Donald graduated from Hartford University with a degree in hydroelectric engineering. He was employed by General Electric hydroelectric division and his mentor was Bill Farren, who installed all the original generators at Hoover Dam in the 1930s. Donald's career with G.E. spanned a total of 48 years. Donald is now 92 years old and semi-retired, as he has several ongoing businesses back East that he runs with the help of his two sons.

Donald's first assignment under the U.S. government Marshall Plan was to help rebuild Europe's energy structure. He spent four years in Spain and another four years in Greece installing hydroelectric generators in dams. In the 1950s, G.E. sent him on a special assignment to Princeton University to build two highly sophisticated generators in order to produce enough energy to create nuclear fusion. During his career working for G.E., Donald spent years traveling up and down the Columbia River, as well as six to seven states, including Alaska, to establish generating plants.

His final project in 1987 until his retirement in 1993 was to replace two upright generators originally installed by his mentor at Hoover Dam. To commemorate this achievement all the members of the team received an embossed brass belt buckle made from the scrap metal parts of the original generator.

Donald has amassed many awards throughout his career. He is a collector of old photographs and has manuals on all the specifications of each G.E. generator.

Donald's pride and joy is his 1964 Porsche 356 SC Coupe, which he has owned since 1964 and has personally worked on to keep it running like a clock all these 51 years.

Top, Donald Scranton at work with G.E.; middle, Don and his wife, Caroline, have lived in Sun City for 26 years; bottom, during high school in Manchester, Conn.

Arthritis Club: Water Workouts a Great Way to Target Every Joint in the Body

Most of the people living in our community suffer from some form of arthritis. Even me. Typing this piece, I am wearing a brace on each of my hands, suffering from Stage 3 arthritis in both thumbs.

As I spoke with Jim and Linda Gaughan, the president and vice president of the Arthritis Club, I was informed that the group has been in existence for most of the history of Sun City Summerlin. Jim said that the club has more than 80 members, who range in age from 68 to 91 years old. Linda added that each member pays yearly dues of \$45 (prorated after July) and that is used to pay for a professional instructor who leads the club through exercises at the Desert Vista indoor pool every Tuesday and Thursday from 10:30 to 11:30 a.m. The money is also used towards an indoor picnic/potluck and a December luncheon.

According to Jim, the club's instructor, Tim Cummings, goes through 50-plus exercises during the one-hour classes. Looking at my thumbs, Jim said: "And we even have something for you to do in the water!"

"If you ever wished for a silver bullet to make you feel better, our exercise program will help you look better, feel better, have better health with no side effects," said Edna, who's been a club member

since July 2014. "You don't have to be athletic to exercise. We have a great instructor who is always ready to help you. The point of exercise isn't just to add a few more years to your life, it's about being alive, feeling healthy and staying independent!"

~ By Stu Gershon/Link

(The deadline for January 2016 chartered club articles is Tuesday, December 1. If you have any questions, call Jeannette Carrillo, 966-1436, or email jeannettec@suncitylv.com.)

Aquacize

At our Aquacize holiday meeting on December 2, 2015, we'll be enjoying a delicious pasta luncheon. Come join us at 1 p.m., Desert Vista. For this luncheon you will need to sign up no later than November 25 and submit a check for \$10 made out to "Sun City Aquacize Club." If you attend the luncheon, your \$10 also will pay for your 2016 membership (two-for one!) If you sign up but do not attend you will lose your \$10 and also will have to pay an additional \$10 for 2016 membership. Additional guests are \$10 per person. At this December meeting we will continue our annual tradition of collecting for the Salvation Army. Remember to bring your contributions. FRENCH, ITALIAN AND SPANISH CLUBS Language Classes Offer a Chance to Keep Learning

When I first moved to Sun City Summerlin eight years ago I was amazed at the diverse population of the community. It is this variety of residents that has led to the formation of three foreign language clubs – Spanish, French and Italian.

The President of the Spanish Club is Ray LeMay. Ray describes the purpose of the Spanish Club as helping people to learn the language. The Club is organized into four classes (beginner, advanced beginner, intermediate and advanced) that meet weekly. The annual dues are \$1 per year, and members are asked to donate to a "thank you" fund for the teachers. The Spanish Club has more than 85 members, and those who take the classes must be a member of the Club. Fifteen years ago, Ray joined the Spanish Club to learn the language and now he has evolved into teaching the beginners' class. The Spanish Club ends each year with an annual dinner/party.

The President of the French Club, Danielle Luthy, explained how the Club was created by Paulette Crise, who started the group at the very beginning of Sun City (1989) because there was a demand by residents to learn about both the language and the culture. Many of the residents at that time, she said, had traveled or were planning a trip to France. Currently, the French Club consists of roughly 25 people. It offers three classes that take place on Friday afternoons from 2 to 4 p.m. In order to take the classes, residents must be a member of the French Club.

The last language club in Sun City is the Italian Club. President George Pucine said that the club was formed by people of Italian ancestry who wanted to learn more about their culture, and residents who had traveled to Italy wanted to find out more about the country. With that in mind, George's vision was for a predominantly social component, where members could meet once a month at Desert Vista to eat, dance and discuss their experiences. The Club charges annual dues of \$15, and the members who attend monthly dinners are assessed an appropriate fee. As the Club grew, there became an interest in learning the language and George said they were able to find a wonderful teacher in Joan Jones. Joan gives classes only to members of the Italian Club on a weekly basis.

~ Stu Gershon/Link

Jane Grimes and Vickie Belford, and we congratulate them all! Happy Holidays.

CLUB SPOTLIGHT: Jewish Friendship Club Membership Is One Big Circle of Friends

It's a community. It's a group of friends getting together every month to learn about history and current events, listen to good entertainment, share a meal, celebrate holidays and do philanthropic work. It's the Jewish Friendship Club.

Ed Turken, the club's current president, said the meetings and discussion groups offer members a place where they can feel comfortable. One member described Ed as the "positive force" of the clubs' strong participation. On a recent evening, the club picked up eight new people for an impressive 239 total members.

The Jewish Friendship Club has been around for 18 years in one form or another. Shirley Davidson has been a member for 15 years.

"Everyone is so friendly, and I like the discussion group and speakers, and the opportunity to learn what's happening in Israel," she said.

Micki Abrams has been a member since the very beginning. She says that it's nice to be a part of the Club and to get together with friends to talk about common interests.

For Myrna Weidenfeld, who said she's "not a big joiner," she decided to join the Club she'd heard so much about because it was time to make new friends.

This year, the club adopted the R.E. Tobler Elementary School as its project. Member Suzanne Price works with others, collecting much-needed school supplies, clothing and paper products for the school.

"When we visit the school, the children get excited and hug us," Suzanne said.

The Club has welcomed people from all over the United States, who have settled in Sun City. If you are interested in

Sun City Summerlin Charities

Charities provides residents who are unable to drive with transportation to medical appointments, shopping and other personal services. We also offer handyman services such as replacing light bulbs, fire alarm batteries, furnace filters and repairing cabinet hinges and drawer guides. We currently need more volunteers to handle a growing demand for handyman services. If you are interested in helping your fellow residents who cannot perform these tasks, please call us at 254-5831, or stop by our office adjacent to the Desert Vista picnic area, Monday to Friday, 8:30-11 a.m.

Sunshine Service

Open Monday to Saturday, 9-11 a.m., Desert Vista (warehouse is to the right of the Sun City Security Patrol office). Call 341-9741. Our organization lends canes, wheelchairs and other medical equipment, as well as car seats, high chairs and other children's equipment to Sun City residents with valid Association ID. We also collect aluminum tabs,

Campbell's soup labels, greeting cards and food donations to be distributed to various charities. Please help us fill the Salvation Army food barrels with non-perishable food items. The barrels are located at our warehouse and in the lobby area of Mountain Shadows. General meeting: Monday, December 7, noon. A short general meeting will be held with the election of officers for the year 2016. The meeting will be followed by our annual holiday season party. There is a \$5 non-refundable charge for attendance at the party. Members may deliver their reservation and \$5 to the warehouse on a daily basis or contact Phyllis Grant to submit your reservation. The warehouse will be closed on December 24 and 25 (Christmas) and January 1 (New Year's Day).

Swim

There will be a holiday party/meeting, Friday, December 11, 11:30 a.m. to 2 p.m., held at The Summit Restaurant at the Pinnacle for fun, frivolous frolic, and to vote in new officers! Anyone interested in joining the Club may contact any of us or just come on over to the Desert Vista indoor pool during our regular swim time, Monday, Wednesday, and Friday from 9-10 a.m. We have swimmers at all levels and instructors who can teach swimming or improve your form. Beginner swim lessons are offered free to club members. Annual dues are \$10. Please contact Carol Rudolph at 869-3303.

Table Tennis

The Club held its monthly tournament November 1. George Konrad served as tournament director. Playing doubles, Arnold Hyam and Frieda Young topped three other "A" teams, while Sam Tobias and Gerry Hoffspiegel swept the three other "B" teams. Club elections will take place on December 6. Normal club play times are 9 a.m. to 1 p.m., Sunday, Monday, Wednesday and Friday at the Pinnacle. Tuesday nights from 6:30-8 p.m. are play/practice at the Pinnacle, while 5-8 p.m. on Thursday is reserved at Sun Shadows. Our annual picnic turned out great with the weather cooperating. We were entertained by Don Abrams, Renee Blanchard and Arnold Hyam, all are accomplished singers. We are seeing an increase in players now that our long hot summer is over, and we hope to see some new players at our club. Call Bob Swanson, 562-5098, or Jeff McCabe, 596-6405.

The Many Benefits of a Reverse Mortgage:

- You still own your home.*
- No monthly mortgage payment.*
- Get tax-free** money you can use for anything.
- Eliminate your existing mortgage.

How do Reverse Mortgages Work?

The application process is very similar to any other home loan. If you have sufficient equity in your home, your current loan (if you have one) will be paid off with your new reverse mortgage. This will eliminate any current monthly mortgage payment you have! Any additional money after your mortgage is paid will be available to you tax-free.**
