PRESIDENT'S MESSAGE

Wow, the first of May, and it is starting to feel like late spring and early summer already. Outdoor activities are in full swing, golf, pickleball and tennis, softball, and bocce to name just a few are some of the Sun City activities that more residents than ever before are participating in every day. The outdoor pools have been open for about a month and are as busy as they ever have been before. It is wonderful to see so many residents using the amenities that exist in our community. Residents have been walking around the community from early morning to dusk. The walkers are getting exercise and looking at their neighbor's yards to either admire them and/or get ideas to alter the appearance of their own yard. I call that a twofer, exercise and new ideas.

With this copy of the Link, you as a Sun City Resident received a packet of information regarding the upcoming year's assessment increase and some of the backup information. A complete and total budget is available on the Sun City Summerlin's web site. I cannot and will not speak for any other Board member, however, the Board as a Board presented this year's budget for what it believes is for the good of the community. There was not an increase in assessments in nine of the last sixteen years. There has not been an increase in the last three years. I can speak to the last three years only as I am just beginning my fourth year on the Board. Because of Covid-19 many of the community's facilities were closed or only partially open some of the time. The Board even though it felt that assessment increases were necessary did not want to add them during this period of time. There have been significant changes in the last year that have exacerbated the Board's need to increase the assessment substantially. Some of the reasons include but are not limited to the following: Three years without an increase, inflation, the rising cost of gas, labor, materials, and supplies. There are pieces of equipment, vehicles and supplies that have taken or will take six to eighteen months to obtain. The Board and Administration have tried to anticipate and budget for these additional expenses. The replacement cost of these pieces of equipment and the community's brick and mortar assets has skyrocketed. The "Reserves" (the money set aside to repair or replace the community's major assets) have become underfunded because of the substantial increase in the cost of just about everything.

We have a wonderful community; some like to call it a "world class community". To maintain the landscaping, buildings and amenities we as a community need to work constantly to obtain this goal. Cleaning facilities daily, repairing that which breaks down and replacing that which is broken or "dated" are all a part of what it will take to keep our community great. Our new residents are spending more and more money to buy homes in this community. The new residents are then spending lots and lots of money to update and modernize their new homes. It appears to be contagious as many existing residents are spending lots of money to refurbish their homes as well. The Board recognizes its responsibility to put that same effort into the upkeep of ALL of the community's assets. The Board must and will act in a fiscally responsible manner to protect and preserve community assets. Contact any Board member or Administration if you have specific questions regarding the proposed budget.

Please do not forget that your neighbors and fellow residents that belong to the Silvertones, a community choral group, will be performing on May 14th and 15th at the Starbright Theatre. Tickets are still available.

Be Safe. Stay Healthy and Be Kind to Each Other.

Why Is Mother's Day Special For You And Your Family?

Carole Terry (Mrs. Norman B. Terry) & Grandkids

Well, because it's a time to celebrate Grand-mothering and my two daughters mothering!

Shirley Grimm, Daughter & Grandkids

Mother's Day is special because it's time with my family and they are so very important to me. Life is precious. It is vital to value life and to live it to the fullest every day. Spend time with your loved ones!

Carole Marlene Nelson & Mother & Daughter *Sweet loving memories.*

Mary Jo Schimmels & Granddaughter

I like to celebrate Mother's Day because being a mother is a great blessing from God. On this day, I celebrate with my children the miracle of motherhood and thank them each for making me the mother I am today.

The Sullivan Family

This is going to be a very different Mother's Day for our family. My husband and I are in Sun City, however, the rest of our family is elsewhere. We stay connected with everyone via Zoom, Marco Polo (a video messaging & hosting app) and Facetime. We happily started the year together with everyone to celebrate the wedding of one of our granddaughter's.

The Ladley Family

Ed and I go back to our cottage on Ft. Pond in Littleton, Massachusetts every summer and our three children and our six grandchildren make every effort to join us. It's a very special time for all of us to enjoy each other and renew our bonds. I am truly blessed.

Janice Oliverius & Grandkids

My life was great as a mom. Now that I am retired, my blessing are my grandbabies and my great grandbabies. Getting more time to enjoy both my daughter's family and grandbabies in my golden years are what life is all about.

"Michael Monge
Encore to Encore"

Sunday, July 3, 3 p.m., • \$25

Experience a memorable evening enjoying Michael's band and his charismatic performances of songs by music icons like Frank Sinatra, Tony Bennett, Dean Martin, and Engelbert Humperdinck. Marinate a voice box in fine wine, wrap it in silk and install it in Michael Monge . . . actually, don't bother. Nature already did. Smooth and swingin', this ex-Bronx car-repair-shop owner's Vegas-style Cinder-fella story—plucked from Nowhere Ville when Steve Wynn caught his set at a Florida restaurant and recruited him posthaste—only deepens appreciation of his talents. Whether he's belting Sinatra-style on "The Lady Is a Tramp" or lending his own chic interpretation to a Billy Joel or John Legend signature tune, Monge is a boomerang back to old-school class—it's in his sound, in his style, in his presence.

Meet Anthony Marrone, Food & Beverage Director

My name is Anthony Marrone, and I am the Food and Beverage Director here in the Sun City Summerlin Community Association. My responsibilities as the Food and Beverage Director include the Tavern at the Falls Restaurant, The Summit Restaurant, Beverage Carts and Special Events for the community. My staff and I are excited to be able to serve the community with delicious food and excellent service, as well as a home warming environment. At full staff we have 11 full time employees and 21 part time employees. If you have not had the chance to eat at the restaurants, you are missing out. Give us a try - you will not be disappointed. Come support your community restaurants.

The common question I get is why do you like working here in Sun City? My answer to that is the residents I talk with and the stories they have from their careers or just interesting stories that have happened to them in their lives is what makes it so fascinating to me.

Pool Etiquette

It is important to follow a few simple rules for everyone's safety and enjoyment. Each fitness center has facility rules printed at the Fitness Monitor station.

- On-site showering before entering pool is required by the Health District.
- Food and Drink are allowed only at the outdoor pools and must be kept at least 4 feet away from water.
- Bottled water is allowed in any pool area. Glass containers, alcohol, and gum are prohibited.
- **Children must be 42" tall without shoes.**

Per Southern Nevada Health District, due to stricter regulations in regards to the sizes of pools and/or gallons of water they hold, the Mountain Shadows Outdoor Pool is required to have dedicated supervision in the pool area during operating hours. We had hoped we could get a waiver on this due to our demographics and the depth of the pool, and while they waived the requirement for us to have lifeguards in the area, we recently learned they are going to require us to have a Monitor stationed in the pool area during the hours the pool is open. We currently have coverage at Mountain Shadows from 6 a.m. - 6 p.m. Once fully staffed, operating hours will return to 6 a.m.-9 p.m. Mountain Shadows is the only pool impacted by this regulation.

What is the Best Advice Your Mom Has Ever Given You?

"Never leave the house without having your hair done!"

Mitzi Mills, Link Editor

Mom always said: "Dress for success each and every day." My mom shared with me her amazing eye for fashion. She was stylish in her attire, especially her collection of handbags and shoes. When we moved to Belgium while I was in high school, mom awakened my interest in designer clothes. She would take me to Avenue Louise in downtown Brussels for an education in how to best accessorize outfits, from top to bottom. Her sense of fashion was timeless. She was a great shopper who would keep a keen eye on a chic item but wait for a great sale to buy it. Mom never wore jeans, preferring a lady-like approach to her outfits. She was one of a kind gorgeous!

Gail Abrams, Link Magazine Coordinator

Actions so often speak louder than words and wasn't so much what my mom said, as what she did. She never asked of us anything she wouldn't do herself. She was always of a mind, if something needs doing, just do it. Be considerate, have compassion. Mom always put the rest of the family before herself, which is a hard lesson for kids to learn—after all, the Universe revolves around us, right? Mom showed us what teamwork was all about when she would work a day shift and Dad a shift at his job at night. She set the bar for a good work ethic that served my brother and I throughout our lives. She showed us how to persevere in the face of adversity time and again. The hard times don't always last, and the good times are ones to be cherished.

*Deb Dorchak about Eileen Dorchak
Link Administrative Coordinator*

It's hard to think of the best advice my mom has given me because my mother has always been my teacher and set such a great example for myself and my brother. My mother is one of the toughest women I know. My mom has taught me some of life's most valuable lessons. She taught me to always say please and thank you. She taught me to be a good person, to be honest, and hardworking. When you have a great mother, it's hard to pinpoint one piece of advice she gave me, because my mother shared so many life lessons and advice, that I will always be grateful for.

Kelly-Mae Mahoney, Advertising Coordinator

old baby boy. Somehow, she survived that tragedy with enough hope and positivity toward life to marry my father. How fortunate was I to have these two strong women speaking through example for me? The most fortunate.

Stacie Coppens, Website & Marketing Coordinator

When asked to contribute to the Mother's Day tributes, I struggled to identify the best advice my mother has given me. It is easier to say that my mother, and my grandmother, set great examples for me to follow. These two women live(d) physically and mentally active lives. Their days full of exercise, crossword puzzles and crafts. This led to my grandmother living to 101.5 years old and my mother is currently a very young 85. Both women also showed me that I could survive any curve ball life throws at me and come out smiling and smarter. My mother became a widow at 21 years old with a one-year-

GETTING IT BACK

By Ted Biedryck & Stu Gershon/Link

It was a normal fall day. Sandy Biedryck had just finished playing tennis and her husband Ted had played softball. Together they jumped in their car to head to lunch. Unfortunately this day in October of 2020 would be different and become a 12-month nightmare. As they drove down Lone Mountain Road, a car traveling in excess of 40 mph ran a stop sign hitting their car. Had it not been for Sandy's last minute warning of the approaching car, allowing Ted to accelerate, the impact would have certainly caused multiple fatalities. As it was – the car took a major impact to the rear which spun the car violently out of control and hit the median twice! In that moment, the cliché that "life can turn on a dime" became their stark reality.

Sandy endured significant injuries with head, neck, and hip and hand trauma. As she rode to the hospital in the ambulance, Sandy thought of being on the tennis courts just 45 minutes earlier. The months that followed represented the challenge of a lifetime. Sandy went from someone who was active, playing tennis three times a week, involved in clubs, and sewing designer clothes to someone who was in constant pain, couldn't sleep, and became exhausted at the slightest of activity. Doctor's visits became the center of her life

One doctor told Sandy that with hard work she might get to 60% of where she was pre-accident, as long as she took major pain management drugs. He also told her that she may never play tennis again. This was one of the darkest moments. Switching from that doctor, Sandy began to see Dr. Michael Trainor of Advanced Orthopedics. Through his assessment, he provided hope with a realistic perspective and a clear path to recovery. Working with Performance Physical Therapy's Danny Antonino and his team, Sandy regained her fitness. Over the course of 72 physical therapy sessions and some home therapy, she was able to get closer to her previous reality. After 12 months, Sandy was playing tennis. While her game was not the same, every day got her closer to her previous place.

Fast forward to today - Sandy is back playing competitive tennis 3+ days a week and is designing and creating clothes again. More importantly, she is training for the National Senior Games in Ft. Lauderdale, Florida to be played in May. Sandy and her tennis partners, Sun City residents Walter Pratt and Keiko Gillespie, have qualified to play in multiple events.

The road back for Sandy was a challenge. There were many times when she could have given up. She didn't. With hard work and the support of many people, she is back. Finally, when asked how she thought she would do at the National Senior Games, Sandy said that while she hoped to win, it didn't matter as she has already won by having her life back and by being at the games. Good Luck!

BENEFITS OF VOLUNTEERING

the SOCIAL you!

For over two years most of us were isolated as the world "shut down" due to COVID. It appears the COVID virus is diminishing, and the world is starting to "open up" again. Personally, I feel that no one really knows what the "new norm" will ultimately be, but part of it might be re-connecting with your community, friends, and neighbors in a way that not only brings happiness to your own life but potentially to others as well.

One great way to get back into the swing of things might be to volunteer in a club you enjoy, or you believe in. It turns out volunteering helps the volunteer as much as the group they volunteer for! Here's what I learned:

The key to reaping the benefits of volunteering is to find a match that fits you. We have many clubs and hobbies available to our residents in this community! It's no mystery most clubs could use more volunteers; usually it's just a handful of people willing to take on the responsibility for keeping most of our clubs running.

How would it help YOU?

Volunteering connects you to others. Helping your community connects you to that community in deep and meaningful ways. You get to know your neighbors. Unpaid volunteers are often the glue that holds a community together.

Volunteering is good for your mind and body. The best way to strengthen existing friendships and meet new people to add to your social network is by sharing an activity. Your social network expands in a healthy way as you meet people with common interests, learn about neighborhood resources, and provides you with fulfilling activities. Volunteering can combat depression; studies have shown social isolation is a key risk factor for depression. Other studies have shown those who volunteer have lower mortality rates. Volunteering has also been shown to lesson heart disease and chronic pain.

Volunteering can give you a new skill set to keep you engaged in your daily life. Some of us are naturally shy and may have a hard time meeting new people. By volunteering in something you are interested in, social skills are developed as you meet regularly with people in a group with common interests; it becomes easier to grow your network and make more friends and contacts.

Volunteering brings fun and fulfillment to your life. A healthy boost to your confidence, self-esteem and satisfaction with life is created by doing good for others and the community.

The Happiness Factor

Researchers at the London School of Economics examined the relationship between volunteering and degree of happiness in a large American adult group.

They found "the more people volunteered, the happier they were." Compared with people who never volunteered, the odds of being "very happy" rose 7% among those who volunteer monthly and 12% for people who volunteer every two to four weeks. (Referenced from a special health report published by Harvard Health Publications.)

My "mission" is now to find something I believe in or a club I'd like to join and volunteer for in some small way (to get my feet wet). I'll let you know what I do. If I can do it, YOU can do it! Consider how happy we can all be!

"As you grow older, you will discover that you have two hands – one for helping yourself, the other for helping others." –

Genesis: In The Beginning Russell Roskens Created The Las Vegas Iowa Club

In 1994, Russ and Donna Roskens moved to Las Vegas from their Iowa home. Both are 1960 University of Iowa graduates. Russ, who grew up in Spencer, Iowa, followed with a two-year stint in the Army, including a year of service in Korea.

As relocated Las Vegans, the Roskens soon craved the social camaraderie of fellow Hawkeye sports' fans. Through word of mouth with other Iowa-to-Nevada transplants including occasional gatherings with Hawkeye fans in sports' bars, Russ began hosting routine Hawkeye game watches with a dozen or so fans initially. The Fun Hog Ranch was owned by former Hawkeye basketball player, Mark Eggleston, and featured "Iowa Tenderloins". They were fantastic. The "Iowa Tenderloins" attracted quite a few Hawkeyes. Within five years, a standing room only crowd of up to 80 fans were cheering at the small sports bar on Saturday's Hawkeye game days.

They moved one game to a larger Recreation Hall at Queens Ridge, where a club member lived, but the enormous crowd provoked gripes from residents because of the huge number of cars parking at the event. Their next move was to a sports bar near UNLV, where the club went on to regularly entertain 40 to 70 weekly fans, all relocated Las Vegans with Iowa connections.

To help with developing the Las Vegas group's club roster, Iowa graduates in Nevada received the Iowa Magazine and noted who to contact for the Nevada Iowa Club.

Active club member Kristy Hingtgen took charge of the group in 2010. In 2018, current club President Barbara Holden became the leader of the Las Vegas Iowa Club.

Affectionately known as "Mister Hawkeye", Russ Roskens boasts a distinctive collection of Iowa-related memorabilia, including Hayden Fry and Chuck Long souvenirs in his home's

favored "Iowa room".

Russ plays year 'round softball, including early morning summer pickup games in an eight-team league. The Roskens both have served as longtime Sun City Summerlin Security Patrol volunteers.

Asked which weather extremity he most dreads, Russ claims he handles the summer heat in Las Vegas better than below freezing temperatures in Iowa. Thank you to Russ Roskens, a greatly admired Hawkeye.

"M IS FOR THE MANY THINGS SHE GAVE ME"

By Patti Tripp/Link

Written in 1915 – but the word mother has morphed into phrases that have quite diverse connotations.

The Title "Mother" - Mother Theresa and the Queen Mother could not be further apart, one took the vow of poverty and the other, well, she's a QUEEN. Mother Teresa donned the black habit and white sari - the Queen wore a hat, and, of course, the occasional crown! While both were designated 'mothers', one can only imagine the dichotomy of their life styles and having 'Mother' in their title is where the similarity ends.

Mother-lode – originally describing a rich mineral vein, it has come to mean any grand enrichment of some kind, perhaps winning the lottery. That won't happen in Vegas unless you drive to State Line for a ticket only to find you won less than it will cost in gas to drive back there to collect your 'mother lode'. Mine came to \$3.50 – would not have changed my tax bracket . . .

Mothership – Remember the 'Mother-ship' that rose from behind Devil's Tower and the notes played by the earthling on the synthesizer in 'Close Encounters?' That scene is forever locked in my brain. I can also recall my own Mother approaching my room, hands on her hips, lips pursed, looking as impos-

ing as any 'mothership' and, instead of those synthesized notes, her voice rang out - "Just what did you do." I would have rather faced aliens!

Motherboard – Every I.T guru knows, whether with phones, computers, cars, and now even some refrigerators often refer to problems with the 'Motherboard.' I have to admit, I have no idea what it does except that when it's not working, everything goes awry and our world comes to an abrupt halt. It isn't like the old days when something could be fixed with a screwdriver and a wrench, or in some cases, duct tape. But this is the age of technology, of frustration, complicated by a variety of different colored cable wires.

Mother, Mother - What's Goin' by Marvin Gaye reflected on violence, brutality, hate, war, and the state of the world he found in 1971. Asking 'what's goin' on' summed up the question so many of us were asking ourselves then, and, here in 2022, the same questions can be asked. Mothers, well, many of us, still can't answer "what's goin' on?"

Mother Superior - for me, nothing scared us in school like knowing she was just around the corner, ready to rip those bows out of our hair, or pull us into the principal office for rolling up our uniform skirts. In class, I can see her coming down the aisle, black veil billowing in the breeze like Batman, rosary beads the size of boulders bouncing off the wooden desks . . . it was terrifying. Because of her, to this day, I can still diagram a sentence, but truth be told, there has not been a big call for me to do that since I graduated High School.

Mother Nature – The commercial for Chiffon margarine exclaimed - "It's not nice to fool Mother Nature" – well, neither margarine or butter is good for you and Mother Nature seems to be playing her own bad practical, sadistic jokes. With tornadoes in Philadelphia, hurricanes in New Jersey, and crippling snow and ice storms in the South, glaciers melting, we can only imagine what she has in store. Perhaps it needs to be rewritten - Mother Nature – if not nice to fool with US!!"

Motherland – other than Native Americans, we all have a different one. While many forefathers assimilated into the America we know now, our roots stemmed from elsewhere, with different beliefs, different languages, and customs. But the thread of humanity runs through all of us, even though we sometimes seem to forget.

Mother Earth - so while 'Mother' is still a word that brings fond memories, and perhaps, some not so fond, it is a title worn in every species. Now, 'Mother Earth' herself has a problem. We are in the midst of destroying her, and the precious blue planet we call home. **This** is the Homeland for mankind; maybe we should take stock of her, and the gift of life she has given – **Earth**. There is no other planet out there waiting to adopt, and this is one 'Mother' that cannot be replaced – she's all we've got.

SECURITY PATROL

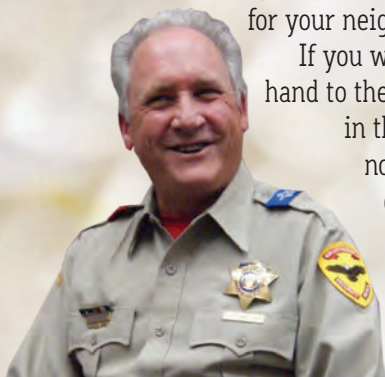

Yes, we are once again talking about lights. Lights are one of the best deterrents against illegal activity around businesses, parking lots and public places, but most importantly, around your home. We've posted pictures, we have discussed it so many times, and still Security Patrol drives around our neighborhoods wondering why more folks are not taking this very simple information to heart.

At the very least, please check your address lights and illuminate your porch. Those lights over the garage door or motion lights placed strategically around your house may deter someone from trying to find a way to enter. During the month of May, you might receive a flyer informing you that your address lights are no longer working. This is a community-wide project from your Security Patrol. Our members hope you will take advantage of our hard work and choose to replace bulbs or possibly change the entire light.

Cameras can be found at many of the homes in Sun City, at the front door, over the garage, pointed down the sides and also viewing the rear. Is this another deterrent? YES!! In addition if there is criminal activity in your area, you may be able to really help Metro.

Action is what you as a homeowner should take to help keep your home a safe and secure sanctuary from the rest of the world. Action can also mean awareness to what's happening on your street as well as watching out for your neighbors.

If you would like to lend a helping hand to the many folks already serving in the Security Patrol, but just do not wish to drive the streets, or greet folks in the information centers, there are plenty of other jobs for you. We will try to highlight them in the coming months, but we will begin with our time-keeper's crew. As patrol is

Alan Lebarts, Chief
Security Patrol

a total volunteer organization, members are not paid in currency. However, they do earn hours for the time spent doing all the necessary tasks. We are computerized for the most part but need persons willing to sit at that computer and compile each member's hours for the month. The patrol and Sun City Summerlin give awards to those completing a set number of hours. We have a few folks with over 30,000 hours of service plus our new members just beginning their career. Everyone is recognized for their efforts. If this job or any of our other jobs, would possibly fit into your schedule, please give a call (702-254-2303) and we will pass your contact information to the recruiting team.

*On duty, Watch
Commander, Judy Hunt.*

Our streets in Sun City belong to Las Vegas. There are always non-residents using them to drive through our neighborhoods. We would like to think that the folks we see speeding and the folks that barely tap their brakes at those big red signs are people who do not live here. That is probably not so. Look in the mirror and ask yourself, why are you not driving safely? What if the car you barely missed at that last intersection, was filled with your family? What if you went through a stop sign and actually hit another vehicle carrying your neighbors? Most of the "accidents" we hear about on the news are the result of the unfortunate choices drivers make. Please, please slow down and remember the often heard phrase, **"the life you save may be your own!"**

Spring Has Sprung

And it brings with it a few subtle reminders about outdoor chores . . . spring-cleaning, so to speak. Here are a few things to keep in mind about the outside of our homes during these beautiful sunny days!

Mother Nature has dropped a few reminders of the winter months in our yards and we need to spruce things up a bit and clear out the palm fronds, pine cones and, most of all, the weeds!

Weeds are the scourge of mankind, even here in the desert landscape. They have lots of nooks and crannies in the stone to hide in and, they are very persistent. They don't go down without a fight but, we have discovered a simple solution that is non-toxic, inexpensive and easy to do.

Place plain white vinegar in a spray bottle with a teaspoon of liquid soap and simply spray the weeds around the yard. The soap will help the vinegar stick to the nasty weeds and they'll disappear in no time. Vinegar contains acetic acid which is the arch-enemy of weeds and usually a quick squirt will knock 'em dead. Nothing is perfect, though, so, if needed, another squirt in a few days will finish them off. Try not to spray the vinegar on decorative plants because vinegar can be toxic to them, too.

Remember, if your property is "walled", or you live on a corner lot, the outside of the walls which border our streets,

belong to you---and they also grow weeds. Those "outside the wall" weeds deserve no mercy, either. Give them a squirt of vinegar, too! One way, or another, the weeds have to go!

Although trees don't grow like proverbial weeds, they do still grow. Tree limbs can encroach on neighboring properties and over sidewalks. Those limbs need to be trimmed back from adjoining properties and Las Vegas Code Enforcement tells us that tree limbs that overhang sidewalks and walkways must be trimmed higher than eight (8) feet from the sidewalk level.

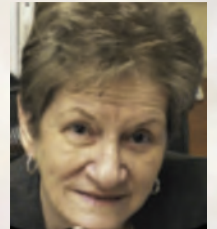

Palm trees can be wonderful and beautiful additions to our landscape but, with so many things, "beauty is in the eyes of the beholder"! There's not much worse that a droopy old palm and those palm trees need to be trimmed regularly so they can be beautiful to all!

And, we can't forget those pesky pine trees that we all have a "love/hate" relationship with. We love their shade but hate their unsightly needles and pinecones. They, too, need to be cleaned-up regularly. And, while we're at it, now is a good time to trim trees and shrubs that block the vision of drivers on streets in the Community.

We hope you enjoy your property in the exciting days of our warm desert Spring. It's a wonderful time of the year, especially in Sun City Summerlin.

Savor the Spring, the heat will soon be here!

Spring is here and the weather does not get any better than this for golf. Our Cinco de Mayo 2022 Invitational is going to be sensational with lady golfers from all over Las Vegas enjoying our beautiful Eagle Crest Golf Course. May tee time is 7 a.m., with check-in at 6:30 a.m., Tuesdays at Eagle Crest. We accept beginning through seasoned golfers. Please contact our Membership Chair, Sandy Wright at 661-478-0076 for more information. To learn more about our fun Club and our social activities, please visit our website at www.scslegc.com.

Golf, Men's 18 Hole

Gentlemen due to popular requests we have gone back to you needing to check in 30 minutes prior to tee time. If you're 1 minute late you will be allowed to play but you will not be in the side pot, closest to the pin or the skins. So, my advice is you get to the course early so you can participate in everything. Don't blame or get upset at the board. It's your responsibility to get to the course in time to sign up and check in. Contact Phil Kapsimallis at 818-489-6076.

Golf, Men's Niners

Golfers of all levels are welcome to come and enjoy our weekly tournaments, held on each of our three courses. Tee off times range from 7 - 8:00 a.m., Thursday mornings, depending on the time of year. We have individual play tournaments, as well as scrambles, or best ball events. Twice a year we hold out-of-town tournaments as well as picnics at Desert Vista. Membership is growing, and we look forward to continuing a great 2022 season. Applications are available at any of our golf shops. For more information, please call Louie Medrano at (661) 478-0182.

CLUB SPOTLIGHT

LONE MOUNTAIN HIKING CLUB

The Friends of Lone Mountain Hiking Club was founded in 1993 when two Sun City residents, Oscar Eitland and Paul Thompson, met on top of Lone Mountain while each was exploring the area. They felt that they and others had a lot in common in their outdoor interests and that a club should be formed.

The group became a chartered club of Sun City Summerlin Community Association Inc. (SCSCAI) on December 19, 1994, with a membership of fewer than 40 members. When the club constitution and by-laws were updated in 2000, the name of the club became simply, "Lone Mountain Hiking Club." As of today, we have 192 members.

Our hikes are led by coordinators on Monday and Wednesdays. Monday hikes have been classified as easy to moderate and the Wednesday hikes have been classified as moderate to more difficult, all based on mileage, elevation, and terrain. Emails to members are sent out on Thursday evenings for the following week. Members select a hike and email an RSVP to the leader. Our hikes are held at various locations in Red Rock Canyon, on Rt 159, at Mt. Charleston, Lake Mead, and Valley of Fire.

We have monthly meetings, January-May, and September-December., on the first Thursday of the month at 8:30 a.m. at Desert Vista. No meetings are held June-August. We have annual picnics in the Spring/Fall as well as a holiday party.

Our yearly fee is \$5. If interested in hiking with us, please call Ann Cronin 702-737-5758.

about the Just Sew Club call President Judy Hatcher at 341-8554. Visit our website at <https://scsclubs.wixsite/scsjustsew>.

Silver, Lapidary & Glass Fusion

With the spring weather and flowers in bloom this is a wonderful time of year to enjoy the outdoors. However, the summer heat is just around the corner and our members can enjoy an air-conditioned room while making floral arrangement with colorful glass and flower molds. Check out our window display in the Mountain Shadows craft area.

Silvertones

The Best is Yet to Come, Who Can I Turn To? Times Of Your Life, and New York, New York are just a few of the numbers you will hear when the Silvertones present Las Vegas - My Kind of Town on Saturday, May 14 and Sunday, May 15 in the Starbright Theatre. For tickets go to the Sun City website or any monitor station. The chorus is a diverse mix of talented singers under the direction of George Pucine. Rehearsals are held on Thursdays from 12:45 to 3:00 at the Pinnacle. Anyone interested in joining our friendly and tuneful group please contact Marty Myers, 256-6646 for more information.

130-2021.2022 Sun Shadows – Fitness Center – Pool and Spa Pumps - Replacement

MOTION by Dick Clark to **accept** the recommendation from the Common Area Properties Committee from their meeting on February 15, 2022, to purchase five (5) Whisperflo Pot and Volute pump housing kits in the amount of \$302.53 each, not including sales tax or shipping and **five (5)** SHZOND 7.5 Kw, 10 hp, VFD Variable Frequency Drive Inverters from Amazon in the amount of \$219.79 each, not including sales tax or shipping, for a total purchase of \$2,611.60 not including sales tax, shipping, or minor supplies that may be needed for the installation. The replacement of all five

(5) pumps was budgeted to be done in the 2020/2021 fiscal year as part of an escalation of projects that were delayed because of COVID-19. The Reserve Study funding model shows the pumps being replaced in the fiscal year ending June 30, 2021, at which time this line item would be funded at \$3,766.32. While this replacement of the housing and addition of the Variable Frequency Drive are not a complete replacement, both extend the life of the pumps, and the variable frequency drive also reduces the wear and tear on the pumps and motors and will reduce our electricity costs. Without sales tax, shipping or the miscellaneous parts that may be needed by staff to do the installation, this item will be under the amount allocated in the reserve funding model by \$732.26.

The Finance Committee recommendation stated that Budget 1B provides for the day-to-day operations of the Association, funds the Reserve Account as recommended by the reserve study specialist who analyzed the assets of the community and provides for the addition of new assets if needed. By adopting Budget 1B the contribution to the Reserve Fund is increased from \$88.10 per home per year to \$150.35 per home per year and will keep the Association Reserve Funding in the range of 70% to 100% which is deemed strong per the Reserve Study Specialist for an Association of this size where the assets are properly maintained. The Association is now over 30 years old and will start seeing major assets or equipment needing replacement. A summary budget is distributed to the homeowners via the May issue of the Link Magazine and includes among other things, the estimated annual revenue and expenditure of the association and the contributions to be made to the Reserve Account. NON-RESIDENTIAL DEVELOPMENT STANDARDS “NRDS”

With great foresight, The Del Webb Company included six commercial centers on the perimeter and within the Sun City Summerlin walls. Included in these centers are churches, several major retailers, restaurants, banks and other services that we use every day. These are great enhancements to our community.

The buildings and grounds that house these churches and businesses are governed by a set of guidelines called the Non-Residential Development Standards (NRDS) that are very similar to the Sun City Residential Standards but, they are aimed more specifically at commercial-type buildings, their grounds and adjacent exterior facilities.

The Standards are designed to guide these centers and assist them in maintaining the same important qualities that are expected of residential properties and the Sun City Summerlin facilities, themselves. Essentially, all of these Standards are aimed at helping Sun City Summerlin to enhance its curb appeal and keep property values at the highest levels possible.

Recently, our Board of Directors approved an updated version of the Non-Residential Development Standards (NRDS) for these commercial and church properties, to fit with today's needs and promote compatibility with their surroundings.

More specifically, the Standards are designed to provide guidance to center owners, management companies and tenants as they conduct their businesses. The Non-Residential Development Standards are very much in synch with the Residential Development Standards, in terms of the aesthetics, colors, textures, designs and the overall look of the Community. Importantly, our goal is also to promote a strengthened relationship with our commercial neighbors.

In line with that, the Executive Director plans to expand our website offerings to include commercial and church site tabs, where business owners and tenants, can link their business websites, as well as promote their locations and contact information.

The Non-Residential Development Standards can be accessed online, at the Sun City Summerlin website, www.suncitysummerlin.com, or at the Community Standards or Administration offices.

Moving forward immediately e-blasts sent out by the Executive Director and the administration office will be posted at every monitor station (social and fitness) for all residents to view if they do not have a computer or do not use the internet.
