DIRECTOR From the Executive Director

Expanded Responsibility Yields an Invaluable Experience

Melissa Spina
Interim SCSCAI
Executive Director

Sun City is an amazing place to live and all the residents should take advantage of all it has to offer each and every day.

As my final days as Interim Executive Director come to an end, I want everyone to know what a pleasure it has been to handle the day-to-day operations of the Sun City Summerlin Community. It has been an experience I have truly enjoyed. The knowledge I take with me moving forward as the Community Services manager will undoubtedly assist me in that position.

I've always thought that I had a good understanding of the workings of the Association, but during these past three months as Interim Executive Director I have learned so much more about how it all comes together. And as we all know, each and every day in Sun City is completely different. Sun City is a small city with so many moving parts. It takes Board members, staff and committees (residents) to keep it working like a well-oiled machine.

First and foremost, I want all the residents to know that Sun City Community has some of the best staff around. They are very dedicated, hardworking and compassionate. It has always been a privilege working alongside the employees I've been lucky enough to work with. However, in my current role of ED, I've gotten to experience more closely the operations of all the different departments. I've had the pleasure to experience and assist the managers (very little assistance was needed) with some of their hurdles and accomplishments. I have learned the most from all of these great people.

It also has been rewarding working closely with the current Board of Directors, each of whom is committed to ALL aspects of the community. They are very generous with their time, open to new ideas for the changing demographics, and very dedicated to maintaining and preserving the Sun City community. They have never-ending energy when it comes to their fiduciary duties.

Attending the monthly committee meetings has been very educational. There are a few committees I never had a reason to attend, so it's been very interesting to hear what goes on – it's where you can really get the idea of what goes on in the community. The hard-working residents that volunteer their time on the committees cannot be thanked enough. Many put in a lot of hours with no compensation other than to know they are helping to keep Sun City a great place to live and a premier community.

I owe my recent professional growth to so many of you in this community. I thank the Board of Directors for having faith in me to take on the position; and to the staff and residents for your dedicated support, encouragement and feedback.

PRESIDENT **President's Message**

New Executive Director Agrees We have a Great Community

This last month we selected a new, very qualified, Executive Director, Mitzi Mills. The process took over a month. Our head-hunter, Colin Baenzinger, found over 25 candidates and said he had some very good ones. On August 9th he culled them to seven very good candidates, and over Skype we chose three. The three came out to SCSCAI to be interviewed.

Pinnacle Pool

Joe O'Connell,
President, SCSCAI
Board of Directors

They were shown around our community in the morning, and interviewed in the afternoon. We all agreed any of the choices would make a good ED. The most interesting part to me was their comments about our community and our Board. They did their homework regarding board meeting minutes, reserves, and upkeep of our community. You might be surprised to learn that they all believed we have a great community that needs little work to keep it looking good, and financially sound. After the interviews they commented about the board's obvious willingness to work together, and actual fondness for each other. They were well aware that other places did not run that way. We are lucky to have talented people who volunteer their time, and work together like: the Judge, Dick Gluch, Ellen, Barbara, Caroccia, Akers and Karl. The

last week's efforts made me want to point out some of our really good assets.

Our 5 pools are great – open from April to October. Softball is now “state of the art.” If you love train sets, glass-working, modeling, jewelry, carpentry, almost anything, it is here – and in a quality building and room. I know you are tired of hearing about our great golf courses, but we have three – one voted best of Las Vegas.

We have some very good restaurants. I eat at the Tavern at the Falls five times a week for breakfast. The service by Robina and Chefs like Daryl, and Denis, is really great. The hamburgers are huge and juicy – the Hawaiian burger is my favorite. Our new Food and Beverage Manager, Rick, is improving everywhere he can. Feedback on his performance is a real positive. Yes, I helped hire him. One of the candidates came in late and was served very politely and got some good chicken wings after 10 p.m. at Five Star. We also have in Sun City a Mexican Restaurant that has been around before I got to Las Vegas in 1981 – The El Burrito. The place started in the oldest building in Las Vegas on Fremont Street. I ate there once a week. Now I eat here once a month. They have the same great soup they were famous for on Fremont Street. I liked the Greek place, but it just closed. It has been replaced by an Italian restaurant that I just visited – My Mother's House. My Italian wife thought it reminded her of the sauces her mother made. It is old time New York style and it is great. Chef Mike and Chef Laura are old school nice and treat you like family. I weigh over 225 pounds and could not finish the “Fruti De Mari.” Real prawns about 7 inches long, snow crab, and clams to die for. This place has to make it. It was packed Saturday night.

Some people like to complain a lot, but we really have a great place to live. Frequent our establishments, our pools, and all our amenities. We moved here for a reason – it's really great here!

Committee Hears a Jammed Agenda at CCOC

Beth Nappe/Link

The CCOC will meet at 1 p.m., October 5, at Desert Vista. All residents are invited to attend.

Alcoholic Beverages

At the September 5 SCSCAI Board of Directors meeting, Barbara Holden, CCOC chairwoman and a member of the Board of Directors, proposed official language regarding alcoholic beverage serving, purchasing and consuming, which stated that, "All alcoholic beverages served at a Sun City Chartered Club or Community Organization event or in any SCSCAI common building must be purchased from and served by Sun City Summerlin personnel licensed by the State of Nevada to do so. No alcoholic beverages may be provided by residents of guests for consumption in any common area properties of Sun City, nor is the Association responsible for beverage consumption."

This proposal was tabled by the Board of Directors pending further information gathering by the Community Services Office, the CCOC chairwoman and member of the Board of Directors. Presumably, this issue will be reintroduced at the October 3 meeting of the Board.

Friends of The Summit

The Friends of The Summit will present any changes to its initial charter constitution and purpose of the club to the Community Services Office

for discussion and approval. Once that is accomplished, the constitution will be presented to the Friends of The Summit membership for approval.

Men's Softball

Softball President Jim Herhusky proposed a change in the Club's field use hours, incorporating taking the field at 7:30 a.m. instead of 7 a.m. The CCOC board approved the change in schedule. Jim also mentioned plans for the September 29 grand opening of the new field.

Zoom Zoom Club and Dance Connection

The president of the Zoom Zoom Club, Teresa Gusel, proposed that the Dance Connection not be allowed to conduct Zumba®-type dance classes. Zoom Zoom Club representatives believe that any Zumba®-type classes should be the domain of the Zoom Zoom Club. Teresa cited competition and conflicts in scheduling rooms as concerns. After much discussion, Ellen Bachman, a CCOC Committee member, moved that both the Dance Connection and the Zoom Zoom Club be allowed to continue their Zumba®-type offerings as long as they are not scheduled at the same time or at the same facility. The motion was seconded and approved.

TECHNOLOGY Information Technology

IT Advances Make Life Safer, Easier

IT will meet October 27, 1 p.m., Desert Vista

Leo Crawford,
Chairman,
IT Committee

And a great October to all the great residents of SCSCAI. Remember what I wrote last month – "join the Computer Club." That just might save you a visit from the Geek Squad or even give you enough computer smarts to impress your grandkids!"

As you walk around our facilities, note how Information technology (IT) has made our lives better with such conveniences as keeping up to date with friends and family using the Internet, the activity display screens in the community centers and the ability to select a seat for Starbright Theatre shows (remember standing in line for a seat?).

The latest improvement is the installation of

security cameras to improve the security at our facilities. The next phase of the security camera project will be to install cameras at our exercise facilities. There are many other improvements not so readily apparent, such as a new SCSCAI telephone system, easier access to our data by staff, more reliable hardware and software, and a much better computer backup strategy.

As computer technology continues to improve, SCSCAI staff and the IT Committee will look for ways to use IT to help make our lives even better. Our thanks to the members of the IT Committee for all their hard work on behalf of SCSCAI.

Living in that home with his parents and older brother, Wayne gradually acquired additional acres as they became available, resulting in the 52 acres the estate consists of today. Story by Bob Cohen

INITIAL BENEFITS OF SYNTHETIC SURFACE POINT TO SAVINGS, SAFETY

IT'S GOING TO BE A GRAND OPENING CELEBRATION WORTHY OF THE AMERICAN PASTIME, AND ALL OF SUN CITY IS INVITED," SAID JOE O'CONNELL, BOD PRESIDENT AND FORMER SOFTBALL PLAYER. THE OCCASION, OF COURSE, IS THE REDEDICATION OF THE SUN CITY SOFTBALL FIELD AT THE PINNACLE. THERE WILL BE FOOD, MUSIC, RECOGNITION OF RESIDENTS WHO WERE INSTRUMENTAL IN ESTABLISHING THE ORIGINAL FIELD, AS WELL AS THE CURRENT UPGRADE AND, OF COURSE, THE CEREMONIAL THROWING OF THE FIRST PITCH.

Ken Caroccia, chairman of the Common Area Properties Committee and vice president of SCSCAI's Board of Directors, added, "The Board of Directors is committed to Sun City's Renaissance and to the residents who enjoy the active lifestyle we have here. We continue to work on upgrading golf, the newly remodeled Pickleball courts are fantastic and now we've turned our attention to America's favorite sport. The new surface at the softball field, along with other improvements, will not only maximize the experience for the club, but for those who come out to watch the games and others who will use the field in the future."

At this point, some history is appropriate. The original field was developed in 1997 with some upgrades in 2005. Time has taken its toll on the field. The infield dirt has compacted and become a hazard, with many player injuries suffered.

"We have had black eyes, broken fingers, stitches, etc. due to the bad hops of the softballs, as well as falls caused by uneven and unreli-

able dirt areas," said Men's Softball Club member and co-project manager Jim Weniger.

Additionally, before each game, the field required over an hour of preparation, which raised large clouds of dust. As co-project manager Fred Baniecki put it, "That didn't make us too popular with the nearby walkers."

The idea for the new artificial turf infield actually surfaced in 2010. There was an article in the Sun City West (Phoenix) journal describing upcoming renovations to its field to include artificial turf. The project remained dormant until last year, when Fred and Jim decided the time had come to address the problem. The two presented the problem and some proposed solutions to the Softball Club, focusing on the safety concerns. With enthusiastic approval, they took the plan to Ken Carocchia and CAP. Committee approval led to putting the project on the BOD agenda and the subsequent thumb's up. Bids were obtained by the Association and the contract was awarded to CG&B Construction to replace the infield with turf (complete with permanent foul lines). Other improvements, accomplished in-house, included expanded dugouts, new benches and water fountains.

During the construction phase of the project, a number of opportunities arose to reduce costs. Early on, Jim and Fred applied to the Southern Nevada Water Authority for a water conservation grant to

replace the grass. That resulted in a check for \$8,000 to the Association. Additionally, another \$2,000 was saved when our Landscape Department took the dirt that had to be removed for the turf installation and used it on our golf courses.

While CAP approved an estimate of \$169,000, the final project cost will be closer to \$148,000.

"Our club members greatly appreciate Sun City's investment in this valuable facility," said Men's Softball Club President Jim Herhusky. "We now have the finest softball field in Las Vegas, and it represents its leadership's commitment to making Sun City Summerlin a preferred retirement community in the Southwest."

GOLF Golf Course Maintenance

If You Are on the Course and Not Playing Golf, You Are Trespassing

Hello Sun City residents, golf operations has received numerous complaints about residents and pets walking on the golf courses. Please DO NOT trespass on the golf courses at any time unless you have paid your green fee and are playing golf. This is very unsafe for several reasons, so we please ask that you respect our policy here in Sun City. Below you will find our rules and regulations written by Sun City Summerlin's Board of Directors.

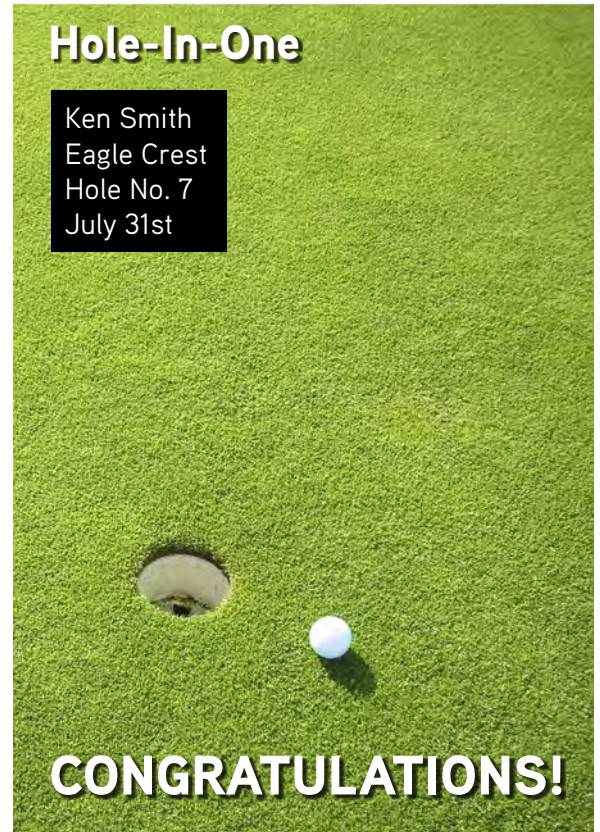

Thank you for understanding, and we hope to see you on the first tee.

SCSCAI Rules & Regulations

"Those not participating in golf activities are not permitted on the golf course at any time except during tournament functions approved by the golf staff, which in this case a cart fee may be applied. Walking, jogging and walking of pets are prohibited. This includes entering from private houses or yards. This rule is for your personal safety as well as cleanliness of the courses." – (Article VI: Section C. Rules & Policies, Item #5.)

Department Welcomes 'Walktober' With a 5K Event

If you are looking to start or change your exercise program, a walking program is a great option. Walking for exercise is free and requires no extra equipment, just a safe, sturdy pair of shoes, the world around you and a few minutes of your time. Walking is aerobic exercise, or exercise that uses oxygen for fuel. This type of activity is considered an endurance activity, meaning it strengthens the heart and lungs, and builds overall physical stamina. Walking can be adapted to a much broader range of intensities than some other forms of aerobic activity, making it an ideal choice for everyone of any ability level, including persons who need to exercise but have to work with medical issues like high blood pressure or peripheral artery disease (PAD). It is also weight-bearing for the major bones and joints of the legs and spine, and so helps prevent osteoporosis.

A brisk, 30 minute walk for a 130-pound person burns 60 to 70 calories, all while reducing stress and improving mood.

Always check with your doctor before starting or changing your exercise program. Once cleared to go ahead, build a walking program that includes short (5 minutes or so), slower-paced warm up and cool down phases at the beginning and end of your walk.

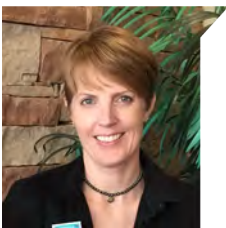

The warm up doesn't really have anything to do with temperature. It has to do with helping your heart and blood vessels prepare for the increased demands of the activity. Similarly, the cool down may not end up with you feeling cool, but it helps your heart rate return to baseline levels safely and your blood vessels adapt gently to keep your circulation humming along as it should.

When planning the main part of the walk, consider things like the terrain – are there inclines, declines, hard or soft ground, rocks or loose soil present along the way? Don't forget that however far you go, you'll have to come back. If you plan to incorporate treadmill use into the program as an option for inclement weather, remember that walking on a treadmill is different than walking on the ground, and not always easier. One is not better than the other, and there are pros and cons to each.

Important components of a safe, effective walking exercise program are stretching and strengthening exercises, which can be done before and after your walk as part of your warm-up and cool-down phases. Stretching helps keep your joints moving in their full available range of motion and helps your posture, which is key for maintaining your balance. It is important to add strengthening exercises, such as sit-to-stands, to your walking program to keep your thigh and hip muscles strong. Walking itself addresses the muscular endurance rather than the strength of your legs.

For more information about planning your walking program, including how to do a warm up or cool down safely, and stretches and strengthening exercises to try, talk with one of our Fitness Specialists, Charli Douglass or Pam Shields, or contact the Fitness Department, 702-255-2294.

Don't forget to come out and celebrate walking with us at our Walktober Hustle 1M/5K event at Sun Shadows on October 21. Sign up with any Social Monitor.

Charli's Corner

Using the Chest Press Machine

Charli Sue Douglass
SCSCAI Certified
Fitness Specialist,
CPFT, GFI

Using the chest press machine is a great way to strengthen your chest, triceps and front of your shoulders. These muscles are used all day long for reaching over your head as you do when you comb your hair or put your dishes away. These same muscles are used to help with pushing up and off of a chair and pushing yourself away from the dinner table when you have eaten enough.

I often see residents using the chest press machines incorrectly. Here are a few tips to help you get more out of your workout, using the machine correctly:

DO

- ◆ Use the foot assist at Mountain Shadows to push the handle bars forward before you begin the exercise.
- ◆ Use the range-of-motion setting at Desert

Vista so your shoulders line up with elbows before you push out.

- ◆ Adjust the seat so that the handles are at mid-chest level.
- ◆ Stay seated! Keep your butt on the seat to focus on the upper-body muscles.
- ◆ Keep your shoulders relaxed and down, avoid hyper-flexing.

All of our fitness equipment have instructions on the machine explaining how to use them. Be sure to read them even if you have been working out for a while and think you know how to do it. We also have five Equipment Orientation classes every week (see below for locations, dates and times). If you are not able to make the times available, please call the Fitness Office to set up an orientation with one of our fitness specialists.

MR. GYM ETIQUETTE

Sweater weather means folks start bringing their jackets, scarves, gloves, etc. with them to the gym. Be sure to hang up these items or use a locker to store them while you are in the fitness center to keep them out of the aisles and walking paths. Also, please make sure you remember to retrieve them after your workout.

EQUIPMENT ORIENTATION CLASSES

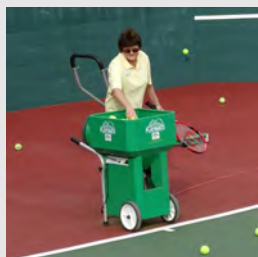

Learn how you use the strength and cardio equipment properly and safely in each fitness center. A fitness specialist will demonstrate proper equipment usage and answer your exercise questions. Orientation classes are limited to five participants and are 60 minutes long. **Participants must wear closed-toe, closed-heel shoes. Advance signup is required with the Fitness Monitor prior to the day of class.**

PREPAREDNESS Neighborhood Watch

Mission Statement Drives Commitment to Safety

CPC/NW to meet
October 18,
9 a.m.,
Desert Vista.

Barbara Holden
Chairwoman, CPC/
Neighborhood
Watch Committee

The Neighborhood Watch/Community Preparedness Committee (NW/CPC) is organized to help residents focus on crime prevention and to be better prepared to survive a disastrous incident if such an event were to affect Sun City. Community Preparedness Committee members are your neighbors; they are knowledgeable volunteers who have learned to provide potentially life-saving advice if a worst-case scenario becomes a reality.

Neighborhood Watch/Community Preparedness Committee members strive to develop educational and hands-on training procedures that teach Sun City residents what to do in situations that might range from an extended power outage to dealing with the consequences of a major earthquake. Radio operators have a crisis communications system in place and the

committee has mobile generators ready for use in an emergency evacuation center. Security and safety preparation issues also are addressed in NW/CPC's emergency response plans.

NW/CPC volunteers have diverse business, professional and educational backgrounds, and they endorse the neighbors helping neighbors' concept. They are eager to serve where they can be helpful. In a disaster, their goal is to have a community that can be self-sufficient for a minimum of 72 hours, or until professional emergency responders are able to resume their responsibilities. Ideally, the committee hopes that residents will be able to shelter in place – in their own homes, where committee

volunteers will keep them aware of what is happening and what they should do until the emergency situation is stabilized.

~ Ellen Greenspan/Link

Neighborhood Watch/Community Preparedness Committee Mission statement:

"To support our community, and to ensure that we all work together to identify threats and improve our local capabilities to prepare for, protect against, respond to and recover from any hazards, including natural, manmade, or terrorist that face our community."

If neighbors helping neighbors is a concept that appeals to you, please consider becoming an active participant in Sun City's Neighborhood Watch/Community Preparedness Committee.

RESIDENTS' FORUM Monthly Meeting

You're Invited to Team Trivia Night

Wednesday,
October 11, 7 p.m.
Desert Vista
Doors Open at
6:30 p.m.

A Grammy is an award to recognize outstanding achievement in what industry? What team won the first-ever Super Bowl? What's the name for trees that never lose their leaves? Think you know the answers? Join Residents' Forum on Wednesday, October 11, for a fun evening at the very first Sun City Team Trivia.

Each team will consist of eight players. Come with your own team of eight or show up and we'll help you get together with other residents. You may have played this on a cruise ship, in a bar or in your home with neighbors. Even if you have never played Trivia, come and join the fun. Each winning team member will be rewarded with a prize.

Free refreshments will include ice tea and nibbles on the tables. There also will be a cash bar for wine, beer and soft drinks. (Due to the fire code, we are limited to 26 teams of eight.)

All residents of Sun City are members of Residents' Forum. There are no dues and no portion of your HOA fees go towards funding RF. The programs, which are presented at 7 p.m. every second Wednesday at Desert Vista, are free to all residents. Residents' Forum has an elected board of officers who, along with resident volunteers, serve on the planning committee. (Everyone is welcome to join us on the first Wednesday of each month, 1 p.m., at the Pinnacle to share ideas for RF programs.)

Our goal is to inform and entertain. Take a look at some of the programs we have presented over the last several months.

Meet the Candidates for Sun City Summerlin's Board of Directors. Hosted by Las Vegas City Councilman Stavros Anthony, residents had the opportunity to submit questions to the candidates. The event also provided a chance for them to meet, one-on-one, with each candidate. This program was a great opportunity to help residents make an informed decision prior to this important election.

The Scam Program presented by the FBI was a full house! The FBI and the Department of Justice provided valuable information to all of us on various scams and frauds. It was so popular we have been asked to do it again.

We want to thank the Link for its wonderful presentation in September. Sun City is lucky to have so much community information available in the monthly magazine and, now, at our fingertips, online!

RF doesn't just provide information, it has exciting social programs, too!

Our Bingo Party this year was a huge success. The Suncoast donated great prizes, featuring dinners at their wonderful restaurants. This popular event is an annual occurrence,

so if you missed out look for our 2018 Bingo Party. Another annual event was our Ice Cream Social. What's not to like? Free ice cream with all the toppings. New on our agenda this year was the very popular Chili Cook Off. It was so successful we have decided it is a "keeper." It will be back in 2018, perhaps with a few new twists.

Programs also include music and entertainment. Hickory Wind provided an enjoyable evening of music for our Hootenanny. The room was filled to overflowing and a great time was had by all. The holiday party, also, was lots of fun. We had a raffle with many prizes, entertainment by a ventriloquist and great refreshments.

Upcoming programs include November's annual Salute to Veterans. This is a special evening as we honor the men and women who have served our country. Our elections will be held prior to the program. If interested in running, contact Julie Zerbel, juliezerbel@yahoo.com.

Plan on attending the annual holiday party in December. It will be another fun-filled evening.

Come to Residents' Forum every month and consider attending the planning meeting every first Wednesday, 1 p.m., at the Pinnacle. Remember, membership is free to all residents.

AARP Income Tax Program Needs Your Help

AARP sponsors an important program in Sun

City to prepare income tax returns for residents. This program is staffed by volunteers who prepared more than 750 free returns last year. Each return is prepared by a trained counselor and reviewed by an experienced volunteer to assure a high standard of quality service. But we need your help. Volunteers should have some knowledge of income tax rules and some computer skills. You will be required to attend a one-week tax course and pass a minimum proficiency exam. You will need to contribute at least four hours weekly during the tax season.

We work at Mountain Shadows on Thursdays and Fridays, from the beginning of February through April 15. Register online at www.aarpfoundation.org/volunteer by October 31. For more information, contact Mike Sanders at 724-0476 or sandersmichael774@yahoo.com.

Toys for Tots Collection Kicks Off This Month

For the past 23 years, Sun City Summerlin has taken part in this nationwide

campaign promoted by the U.S. Marine Corps. This toy drive benefits needy children here in Las Vegas. Sun City residents and employees have participated each year to help this wonderful cause and have donated thousands of gifts. If you would like to take part in this year's Toys for Tots drive, you can drop off a new, unwrapped toy now through Friday, December 15, at Mountain Shadows, Desert Vista, Sun Shadows or Pinnacle community centers. When you begin your holiday shopping this year, think about picking up a something extra for a needy child.

Open Mic Night, October 18

Unleash your inner rock star during Open Mic Night at The Summit on Wednesday, October 18, 6-8 p.m. The event is free and welcomes all residents. A PA system is provided and the room now offers the use of a piano, in addition to the instruments residents bring along. The snack bar is open for a variety of snacks, as well as beverages including \$5 well drinks, \$3 draft beer, \$3 & \$4 domestic and \$5 craft and import beers. There is a sign up sheet at the door. Doors open at 5:30 p.m.; music starts at 6 p.m. Come to entertain or be entertained.

Do You Know? Residents Are Restaurant Owners

Do you know as Sun City Summerlin homeowners we are restaurant owners and lessors? Our Tavern at the Falls and Summit restaurants are owned and operated by the Sun City Summerlin Community Association, Inc. – that's us. In addition, we (the Association) lease our restaurant location at Palm Valley Golf Course to Five Star Tavern.

As owners and lessors, we need to be aware that when these three eateries succeed, we homeowners benefit greatly. The less we must subsidize these Association facilities, the lower we can keep our annual dues. We need to support our restaurants by dining at them frequently and making them known to the general public. All three locations have great views that truly show off our Sun City Summerlin.

True, there may be less expensive dining options nearby, but for just a bit more on our part – whether dining there frequently or taking guests (especially those living in other parts of Las Vegas) to our restaurants and making these guests aware that these venues are open to the public – we help ourselves.

Parking at our Sun City dining spots is often much more convenient than other restaurants in the area. Tavern at the Falls, with its multi-level parking lot may offer challenges for some. However, car-to-door service is available from the Highland Falls Golf Pro Shop by calling 702-254-7010. If you must park at a lower level, just call the number and a golf cart will pick you up, take you to the entrance and return you to your car any day from 6 a.m. to 5 p.m.

Additionally, if you drive a golf cart, there is ample golf cart parking behind the pro shop at Highland Falls Golf Course. Parking a cart in that area is very close to the restaurant, and there is a gently sloping ramp from the cart parking area to the patio entrances to the restaurant.

It should be noted the same nearby and convenient cart parking is also available at Palm Valley Golf Course for Five Star Tavern.

Let's plan to patronize our restaurants, enjoy time with our neighbors and friends, avoid the hassle of inconvenient parking spots and at the same time help our bottom line as restaurant owners and lessors.

Calls for Entry: Photography Club to Host Community Contest

We have some amazing photographers here in Sun City. Are you one of them?

The Club will host a patriotic-themed photo contest open to all Sun City residents at its annual Photo Show on November 11, 10 a.m. to 3 p.m., Desert Vista.

First prize will be a \$100 gift card. There also will be prizes for second and third place. Residents can enter up to two photos with patriotic themes (July 4th celebrations, fireworks, veteran events, etc.). All photos need to be 8x10 inches, mounted on 11x14-inch black or white mat board. (The Photo Club has mats available if needed.)

All entries must contain the following: A label with the photo's title, location and date taken on the front of the mat (or on the clear photo cover); the photographer's name, email, phone number and SCS member ID on the back.

All submissions will be posted on the Club's website www.photography-scslv.club/, and the winning photos will likely be published in local media. Photos can be dropped off at the photo lab (Room D, Desert Vista) on November 7-8; contact snapsclv@gmail.com for times, or brought to the Club meeting on October 12 or November 9, 7 p.m., Desert Vista. The submission deadline is November 9.

All Sun City Summerlin residents attending the show are eligible to vote. For information, contact Dennis or Judith, snapsclv@gmail.com.

HOW SUN CITY WORKS

Sunshine Service Club volunteers

Much of the success of Sun City Summerlin can be attributed to the level of volunteer activity. It is common knowledge that virtually all parts of the community's professional staff is supported by resident volunteers. That support ranges from architectural review to the Link magazine. In addition, there are volunteers in Security Patrol and Neighborhood Watch who provide additional services.

Among the more than 350 resident volunteers who perform these roles, collectively, they contribute some 516,350 hours each year! The direct economic benefit (money saved by the Association by not having to hire additional staff) amounts to over \$1 million each year, and that is conservatively estimated. Phrased differently, the economic benefit of these volunteers is about 8 percent of our annual Association budget. And those numbers do not take into account the amount saved by smarter buys in areas such as IT and insurance because of the expertise of those committee members.

There are some 12,500 people living in Sun City Summerlin. Just 3 percent are having a significant impact. Perhaps it is time the other 97 percent stepped up to the plate. Perhaps it is time for you to volunteer.

Highlights From Our August 8 Meeting

Staff member updates: Brian Bagwell, SCSCAI golf course maintenance general manager, reported that the Palm Valley irrigation system project is under way. Staff is working on holes 1, 2, 5, 14 and 17, removing grass along the perimeter. Approximately 120,000 square feet will eventually be reduced. Brian is waiting on the water rebate amount from the Southern Nevada Water Authority. It usually works out to be \$1 a square foot.

A trench has been dug on the fairway. The staff starts working at 6 a.m. so as not to disturb

residents as much as possible. Holes are still open for play. The Eagle Crest bunker project is coming along; few bunkers need reshaping and sod to refill the areas. The front nine is finished.

Brandon Balek, SCSCAI building maintenance supervisor, reported that the pool structure

at Mountain Shadows is complete.

The Mountain Shadows Exchange Room is now finished. The project was held up due to an upgrade that was needed to the fire system. The administration and arts & crafts building LED light change-over is complete. The Maintenance Department is still working on the roof at Sun Shadows; the leaks have stopped.

The permit process for the dining room expansion at Tavern at the Falls is complete and the project is under way.

Rick Sciascia, food & beverage manager, reported that new equipment is being purchased to keep catering in-house. Brunch at The Summit on Sundays went well, and Rick plans to continue the brunch.

New Business

New carpet for the Billiards Room was presented to the Committee by Brandon Balek and approved.

Old Business

Brandon Balek will attend a solar seminar to see what type of savings the Association may expect. If significant, he will proceed with research for use with the swimming pools and facility buildings.

Brian Bagwell presented Tuff Shed drawings for cart storage at the Eagle Crest Maintenance yard.

BOD member Karl Wiedemann brought in a flag rendering for a new community flag and seven committee members approved the design; one opposed and two abstained. The item was approved.

The Landscape Department will cover up the fire pit at Desert Vista.

The softball field was approved for the installation of two drinking fountains to be located in each dugout, as well as expansion of the dugout areas and new dugout benches.

Chairman Comments

CAP Chairman Ken Carocchia requested to attend all community inspections.

John Ankrapp, who is in charge of rolling stock inspections, presented a 20-page report to the Committee, along with pictures of all the equipment he inspected. He evaluated the golf course equipment and feels all of it needs to be replaced, as well as two trucks for Golf Course Maintenance. In addition, a van for Food & Beverage needs to be purchased.

Due to the thoroughness of his report, the Committee supported his review, and the item passed unanimously.

Resident Comments

BOD member Barbara Holden would like fold-up shelves installed in the women's locker room in the Mountain Shadows restroom stalls. Maintenance is evaluating the purchase costs.

The Committee will meet on October 10, 9 a.m., in the Committee Room at Desert Vista

Fred Schrumm enjoys reading a book in the newly constructed resident library at Mountain Shadows Community Center.

Ford Fusion Hybrids Join the Fleet

History has claimed the days of the clutch, brake, shift, lurch automobiles. Gone, too, are the gas-guzzling, oil-changing and under-the-hood maintenance costs to the Association. In September, Security Patrol added two Ford Fusion hybrids with push-button starts to established fleet.

Security drivers patrol 343 colorfully named streets in Sun City Summerlin 24/7. All that mileage takes a toll on both the vehicles and fuel budget. The Ford Fusion gets 40 miles per gallon. Hybrid vehicles entered the security fleet in 2008. Hybrids cut fuel consumption and, with less carbon dioxide emissions, have a beneficial effect on the environment. Security Patrol's hybrid cars use two engines – an electric motor and a conventional gasoline engine. The electric engine powers the car at lower speeds. This allows drivers to patrol between 10 and 15 miles an hour, enabling them to look right and left, alert for emergency situations and open garage doors

during the evening shifts. The gasoline engine powers the car at higher speeds needed for an immediate response to a 911 light or concern for a resident. When driving on Del Webb and Sun City boulevards, security vehicles may cruise at 30 mph to keep up with traffic. Each time the brakes are applied at stop signs, the battery recharges a little.

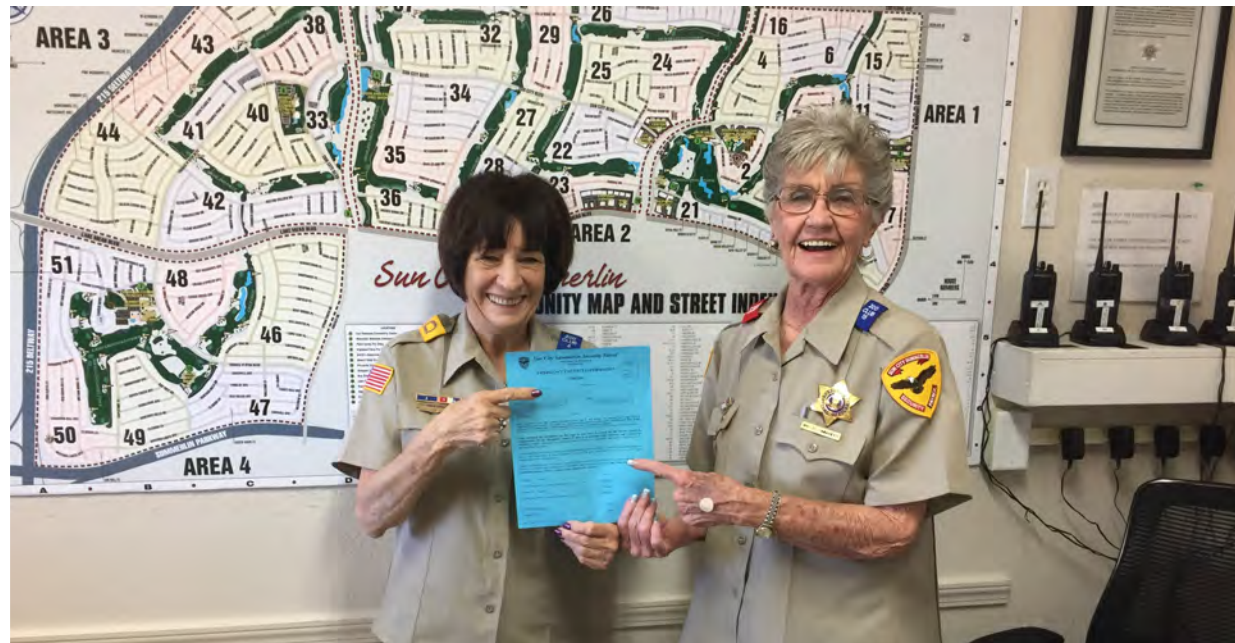

The search for new hybrids began about a year ago. A committee of Security Patrol drivers did the research and the Security Patrol Board approved the switchover from Toyota (Prius) to Ford (Fusion). The Association purchased the 2018 vehicles for the price of the 2017 model.

So, when you see a Patrol car driving on the cocktail-named streets like Bourbon Run, Rum River, Gin Hill or Scotch Lake, wave to the driver. Same for the charming street names Red Dawn Sky, Ruby Hills, Leaf Gold, Blue Bell and Evening Star – flash a smile to the Security Patrol driver. They are your neighbors. Better still, think about joining Security Patrol. You can drive our new hybrids – maybe during your training.

Story and photo by Bob Cohen **DICK WILSON**

To Jump or Not to Jump – What’s the Question?

It takes a certain personality to be a paratrooper. Perhaps it is a feeling of immortality, so common among the young. Perhaps it is a love of adventure. Perhaps it’s just being a dumb kid who never learns.

Take recent Sun City resident Dick Wilson, for example. He had a number of near-death experiences while growing up in the San Diego area. A few of those were the result of reckless driving on his motorcycle – like the time he hit a soft patch and was thrown from the bike into a cactus patch. A painful experience but not as bad as the accident two weeks later when he rammed a car at some 40 mph. Those injuries took a year to heal. But perhaps the worst escapades were the solo abalone diving trips. On one dive, he was so tangled in seaweed that he nearly drowned. On another, a great white shark checked him out.

“Actually, I was the dumbest skin diver in San Diego,” he said. “I would go diving by myself without telling anyone where I was going. If you get into trouble, there is no one to help you or even know where you are.”

At 15, Dick lied to join the National Guard.

“It was during my two-week annual training in San Luis Obispo, Calif., that the Korean War broke out. Every unit in town was called up but mine. I was going to volunteer for active duty, but a motorcycle accident delayed that,” Dick recalled. “When I healed, I started to enlist in the Marines, but I saw a poster that said ‘Join the paratroopers and wear the badge of courage.’ That did it. I enlisted in the Army and volunteered for jump school.”

A potentially fatal incident occurred on his third jump. As he neared the ground, another paratrooper landed on his parachute collapsing it.

On a jump while stationed in Japan, his shoulder hit the side of the door and he went out backwards and found himself pinned to the fuselage by the prop blast.

“I thought to myself, I can’t stay here, so I pushed off. My chute opened but the risers twisted, putting me in a spin. Just as I finished unwinding, I looked over and saw that I was entwined with another jumper. I swung close enough to him to grab his suspension lines and started to climb down to him. I wasn’t able to get low enough to ensure that our chutes wouldn’t collapse. We managed to land OK, but there was a moment there when I wasn’t so sure.”

In Japan, Dick was assigned to the 187 Regimental Combat Team, a part of the 11th Airborne Division, the Rakkasans. The 187th was the only airborne unit to make a combat jump during the Korean War, but Dick wasn’t part of the unit at that time. Between jump school and assignment to the 187th, Dick was assigned to the 612 Heavy Drop Regiment (experimental) and made the first historic air drop of all the heavy equipment required to build an airstrip, a technique that was critical in the Korean War because of the terrain and the lack of good roads.

In 1954, the 187th was put on alert for a drop into Dien Bien Phu to aid embattled French troops, but a disagreement over command authority with the French cancelled the mission at the last minute.

In 1955, his hitch complete, Dick left the Army.

CLUB SPOTLIGHT

By Stu Gershon/Link

DANCE CLUBS

So You Want to Dance? Well, You Are in Luck

In Sun City, we have two great clubs that are totally different. The Sun City Dance Company of Las Vegas focuses strictly on tap dancing and puts on a show every other May (during odd-numbered years.) This year, the club is experimenting with its first-ever holiday production at the Starbright Theatre on December 13.

Tap is hot right now, featured in Broadway shows and TV talent shows. One of the newest members of the Dance Company and already an instructor is Jolynn Reid, who said that “Tap is a unique American art form with a long and fascinating history. The taps provide percussion to music and allow the dancers to play with the beat in creative ways.”

The Dance Company teachers are talented dancers and choreographers who make certain their students look good on stage. The men and women in the club range from their 50s to their 90s.

“The Dance Company performs all over Las Vegas, and the tappers have won many awards,” Jolynn said.

The other club is the Dance Connection. This group is dedicated to teaching a variety of dance styles. Currently, it offers residents 18 different classes, including line dancing, hula, ballroom, Latin and Flamenco.

Dance Connection offers different levels of exercise classes and, in some cases, the classes provide rehabilitation to its members. The teachers are enthusiastic and knowledgeable. You will be able to find the right class and be movin’ and groovin’ in no time at all.

The president of the Dance Company is Suzanne Rosenthal; the president of Dance Connection is Kris Steinwand. Both ladies took the reins of their clubs within the past few years, and both clubs have enjoyed a renaissance that has led to a significant increase in membership.

Suzanne had just joined The Dance Company when she was faced with a common predicament many club members in this community face:

“If you don’t take this job and become president we have no one else. We’ll have to disband, and there will be no more Dance Company after almost 25 years of performing,” she said.

So, with some very strong assistance from her Vice President Joelene Carter, Secretary Joann Hess, Treasurer Phyllis Whited and Director Jane Ross, Suzanne moved into the leadership role.

In addition to the club officers, there are also two new instructors, MaryAnn Arcadipane and Jolynn Reid.

Jane runs the day-to-day activities of the Company and attributes the success of the bi-ennial show to the hard work of all the teachers working together as a team. Under Suzanne, the Dance Company has seen a 35 percent increase in membership to more than 120 dancers!

When Dance Connection President Kris Steinwand was asked about her club, she had almost the same exact story.

“If you don’t want to do this, there’s no one else!” she said.

So, Kris, Janice Hoffman, Donna Weber and Lois Landi Vandon were all elected as new board members. Since the group took over, they have more than doubled the membership to over 350 members by finding fantastic instructors with great dance imaginations.

Paulette Bader, vice president of the Dance Connection, brought a youth and spirit to the group and is one of the few people her age who knows how to twerk.

“The Dance Connection is great for burning calories and firming up, and other benefits are that dancing is good for our bones and flexibility and also sharpens our minds,” she said. “The Dance Connection has become an extension of our family, and remember, it’s not about what you can’t do, it is about what you can do!”
