Our New Speed Indicator Signs

Melissa Spina
Interim SCSCAI
Executive Director

The speed limit indicator sign (below) at Villa Ridge Drive, west of High Range Drive, was placed at the location on recommendation of a city traffic engineer. The device will be moved around the community as other problematic speed zones are identified. Photo by Jeannette Carrillo/Link.

As you know, I am not only SCSCAI's Interim Executive Director but the full-time Community Services Manager in charge of the oversight of 79 clubs, events, bus trips, entertainment at the Starbright Theatre, The Summit and more. No one knows your community like you do, and we want to hear from you. This is your opportunity to jump in and tell us more. The Community Services Department would love for you to weigh in on what you hope to see from us in the future. What activities and events have you enjoyed? What activities would you like to have in your community? Have you seen any entertainers elsewhere that you thought would be great for Sun City? Your feedback is valuable and we want to know where we can improve, or why you attend certain events and activities but not others. We want to evolve, grow and improve, and we want to involve you in the process.

We love it when our residents tell us when we are doing great and we even love it when our residents let us know we haven't done so great. This feedback is invaluable to us as it allows us to ensure a high quality of service for all of our residents. We can build a community around what we learn together.

To share your ideas, go to scscai.com and click on the Community Services feedback link (<https://goo.gl/4GiE1E>) on the News & Events, Starbright Theatre or Summit pages, or email Erica Mollenkopf, special events assistant, at ericam@suncitylv.com.

We look forward to hearing from you.

Speed Indicator Signs

As many of you are aware, there are many residential streets where vehicles travel at high rates of speed. With the assistance of the city of Las Vegas, we were able to have speed mats placed in two areas for 30 days to survey the rate of speed on these streets. It was determined that there were drivers exceeding 45 mph in a 25-mph zone. So, to help deter speed-limit violators, the Association purchased two speed indicator signs that have been placed on Villa Ridge Drive just west of High Range Drive and at Button Willow and Springbrook drives. The Association placed the signs at locations that were recommended by a city traffic engineer. The signs will be moved after a period of time to other high-speed problem areas. Everyone needs to remember to obey the speed limit to help keep Sun City's streets as safe as possible.

PRESIDENT **President's Message**

The End of Summer is Approaching

September is here and the summer is over. It's time to think about football and the end of baseball season. I hope your favorite team wins, especially if it's the Cubs. Speaking of baseball, we have a new infield for the softball players that should be finished this month. If you are a player who was afraid of injuries, come on out. Jimmy Weniger assured me, if the board put in a new artificial turf, there would be "no injuries." The work I saw in August looks like they really will be finished soon, and it is "state of the art."

The most important thing your Board of Directors should have accomplished last month was the selection of a new Executive Director. With a little luck he/she should be on board by October 1. It costs a lot of money to find these people and a long time to get them up to speed on our community. We have gone through quite a few in the last five or six years. Let's be nice to this one so he/she doesn't leave after only a year. Our community is in pretty good shape financially, and physically. The Judge's "renaissance" is working pretty well. I

Joe O'Connell,
President, SCSCAI
Board of Directors

remember when I first saw this place and it was somewhere I wanted to live. It is that way again.

I have seen very few serious ARC issues lately. That is a credit to Kate Carroll, and the sub-associations who care to keep our standards high. If

you are a president of a sub-association, take a walk around your domain regularly to make sure all homes are kept to those standards.

We are the safest zip code in the city of Las Vegas. Let's keep it that way by joining Neighborhood Watch. Barbara Holden has done a great job working with the residents and the Metropolitan Police Department to expand the number of Watches. Working with our Security Patrol and the Neighborhood Watch program will go a long way toward keeping our community safe.

This is also prime time for golfers. Dust off the clubs and get off your duff. I would like to shoot my age before I reach 90. Hopefully, this is the year. The courses are in great shape, and Donny Long gives us all great rates on yearly passes and special rates on Tuesdays and Thursdays. A drink in the Tavern at the Falls, The Summit, or Five Star is a great way to top off your round. I like to have breakfast before my rounds, and frequent the Tavern a lot. The place has a new food and Beverage manager, Rick, who really knows how to treat us residents well. Again, if the 7600 plus homeowners ate at one of our restaurants each month, our good financial picture would be even better.

In September it is not too early to think about running for our Board of Directors. We need some new faces and ideas. The pay is zero, but it really is rewarding, knowing you are helping to keep this place running well.

Softball Field Grand Opening Friday, September 29

Featuring softball games, refreshments and a special program celebrating the new artificial turf at the Pinnacle Field. Festivities will begin at 9 a.m. Sponsored by CG&B Construction and the Men's Softball Club.

PREPAREDNESS Neighborhood Watch

K-9 Corps' Sgt. Rocky to the Rescue

(Editor's note: The following story was reported to Link writer Ellen Greenspan, Neighborhood Watch Committee, by Ed Gioia. It first appeared on suncitylink.com on July 4.)

Hi Ellen, It was good talking with you this morning about Sergeant Rocky's good deed on Sunday. Let me tell you what happened:

Rocky is a wonderful dog that my wife and I adopted while on a trip to Mexico about seven years ago. I'm not sure of her exact breed, but Rocky looks like an Australian sheep dog.

As Rocky and I were taking our regular early morning walk along Crown Ridge Drive,

name again, I heard a muffled voice. Upon entering the garage I found Rocky's friend on the floor. When I talked to him to find out what had happened he said he had passed out and could not move to get up. He called for Rocky, who got right next to him, wagging her tail and licking his hand, which seemed to make Rocky's friend feel a little better. I called for his wife, who came into the garage with her

Sun City resident Ed Gioia walks his K-9 volunteer and neighborhood hero, Rocky, along Crown Ridge Drive. Rocky's recent effort led to the rescue of a resident in need.

Watch Committee

heading toward Villa Ridge Drive, Rocky began pulling hard while turning onto Marble Drive. About four houses down the street, I noticed that the garage door at one of Rocky's favorite human's house was open. Rocky pulled harder and began intensely whining as we got closer to the house. We walked up the driveway calling the owner's name, but there was no response. I told Rocky, "nobody's home, let's move on," but Rocky would not leave and she kept pulling me towards the inside of the garage. When I called the owner's

daughter. Neither of them knew that the man had fallen in the garage. I learned that he had come home from the hospital the previous day.

It was a worrisome experience at first, but I was so glad that Rocky was with me that morning to bring about a happy ending to the story. Rocky is a member of the Sun City Neighborhood Watch K-9 Corps and she was treated to a bunch of dog biscuits from the man's wife for rescuing her husband.

Atta girl, Rocky.

Charli's Corner

*Seated Row –
Learn how to
do it right!*

The seated row is one of the most effective exercises for targeting your back muscles as it imitates the movement of a rowing machine. Performing the seated row, a compound exercise involving more than one joint, will also engage the muscles in your arms and shoulders. The problem we see in fitness centers is that many people use this machine and perform the exercise incorrectly, which can lead to injury over time.

- **Middle:** Palms face towards each other, working the mid-back (shown in photo).
- **Lower:** Palms face up, allowing the biceps to engage, as well as the back.

If you would like assistance learning how to use the equipment, please sign up for an Equipment Orientation and our team – Charlie, Heather and Pam – would love to help you.

TENNIS BALL MACHINE

Thursdays, 4:30 – 8:30 p.m. Practice on your own or with a friend with our tennis ball machine. The cost is \$4 per half hour for up to three people. Advance signup is required at the Mountain Shadows Fitness Center.

First, you'll need to adjust the machine to fit your body. This will help you get the most benefit from your exercise.

1. Adjust the seat so your feet are flat on the floor or on the footrests and the chest pad rests at your lower chest and upper torso area.
2. Reach with one hand for the closest handle, pull it towards you, then place your other hand on the opposite handle.
3. Keep your chest in contact with the pad during the entire exercise. (When you lean back, taking your chest off the pad, you increase your risk of a groin and lower back injury.)

There are 3 handle positions that you can use to work your back muscles.

- **Upper:** Palms face down, keeping elbows at shoulder height, targeting upper back and shoulders as you pull back.

What Is the Nevada Health Information Exchange?

Friday, September 8, 12 noon

Did you know there is a program that your doctors can subscribe to that can expedite your medical care by allowing them all to see your records in a protected portal? That decreases the hassle and vulnerability of copied, faxed, emailed or mailed medical records, which increases wait time for your care and, worse, can be lost or stolen. Come join Kevin Kelly of Health Insight to learn what HealthIE Nevada is and how it works.

Fall Risk Screening

Monday, September 18, 12 – 3 p.m. by appointment

During the screenings, participants will fill out a questionnaire and perform a few simple balance and stability tests that will help assess each individual's risk of falling. Recommendations will be given depending on the results of the individual tests. Some participants will be recommended to attend the Stepping On Falls Prevention Program classes, beginning September 25; others may be referred to their health care provider for further intervention as necessary. Sign up in advance for an appointment with the Desert Vista Social Monitor. Don't delay as spots fill up fast.

Am I at Risk for Lung Cancer? Lunch & Learn

Tuesday, September 19, 12 noon

Lung cancer is sneaky, and catching it early is vital. Early detection increases survival 50 percent or more. Join Dr. Oliver Romero, M.D., and come find out how doctors are using a new, minimally invasive technique called electromagnetic navigation bronchoscopy to view lung tissue before resorting to biopsy or more invasive procedures. Participants must be pre-screened to attend these classes during the screening session held on September 18 and commit to attending all classes. The Stepping On Falls Prevention program is designed to challenge the older adult

to appraise his or her risk realistically and provide a forum for gaining knowledge about safety practices. The Stepping On program's aim is to facilitate the older person's taking control of their situation, explore different coping behaviors, and encourage follow-through on safety strategies in everyday life. The seven-week series will consist of education, group discussions, physical exercises and guest speakers. The classes will be taught by Kristie McWhorter, SCSCAI fitness manager, and Heather Senn, SCSCAI fitness assistant. Both are certified group leaders for the Stepping On Falls Prevention Program. Class size is limited. For more information on this program, contact the Fitness Manager, Kristie McWhorter, at 363-1486. Fence Rollers Help Deter Coyote Attacks

Ken and Phyllis Resnik have had a coyote rollers enclosure installed in their yard to protect Doctor Pepper, their cherished 4-year-old dog. Ankle surgery prevents Phyllis from taking the walks she enjoyed with Pepper in time past.

to the abundance of food and water. Coyotes breed once a year and a female gives birth to as many as six pups.

A coyote can jump over a 6-foot-high fence and be inside a yard in seconds. Although it may appear that the coyote jumped completely

over the fence without touching it, the jump consists of two phases. First, the coyote leaps to grab hold of the top of the fence with its front paws. The coyote then adds to its vertical momentum by pulling on the top of the fence to gain height. Simultaneously, he brings his back paws up to the top of the fence, so that momentarily, all four of his paws are in contact

with the fence top. Next, the coyote uses his back legs to spring off the fence, while extending his front paws in preparation for landing – inside the yard.

The coyote roller interferes with the first part of the jump by making it impossible for the animal to grab the unstable rolling fence-top. Denied traction, the coyote loses footing and ends up falling back down.

To be most effective, it is recommended that coyote rollers be installed on a fence that is at least 6 feet high. The coyote roller system offers an aesthetic solution that can be painted to blend with walls or fences. The rollers are humane and legally approved throughout the Las Vegas Valley.

If you are considering coyote rollers for a fence in your yard, please note that plans must be submitted to SCSCAI's Community Standards Department for approval by the Architectural Review Committee before beginning construction.

*~ Story by Ellen Greenspan
Photos by Stu Gershon/Link*

The Resniks added coyote rollers to the top of a fenced enclosure they had built to protect their precious terrier from coyotes while he's out in the yard. Right, Phyllis Resnik and Doctor Pepper.

"I have a long recovery period that won't allow me to put weight on my foot," Phyllis said. "Pepper, a Tibetan terrier mix, has wormed his way into our hearts. He's absolutely gorgeous and a tough little tyke, but he's no match for a coyote," said Ken. "We needed to be sure Pepper would be safe in our yard."

After careful research, the Resniks concluded that coyote rollers offered the best protection for Pepper, who is a Neighborhood Watch K-9 Corps patrol dog. Coyote rollers are just that, rolling, tube-like structures that are cut to custom fit the top area of a fence. When in place, the rollers prevent predators from gaining the valuable foothold they need to scale a fence. The coyote population is greater in urban developments such as Sun City Summerlin because of the oasis effect, where well-watered developments exist in southwestern areas of relatively low precipitation. Golf courses especially support lush vegetation and abundant small animal life. As a result, coyotes are drawn to such developments and their populations increase in response

ARC will meet on September 14, 2 p.m., in the Committee Room at Desert Vista

Jack Largent Serves Up a Zest for the Game

By Beth Nappe/Link

Sun City resident Jack Largent plays tennis four or five days per week. He loves the sport and the competition. He didn't start playing until he was in his 40s, but has been a devotee ever since. He is pretty good at the game, too, at least that is what his Tennis Club friends say.

"Jack is my hero. I wish I could play as well as he plays. I think he's just got an attitude towards life that he wants to be active and have fun," said fellow Tennis Club member Leo Crawford.

But his fellow club members aren't the only ones who recognize his court accomplishments. Jack was awarded the gold medal for doubles play at the National Senior Games in June.

Held every two years for the past 30 years, the Games bring almost 11,000 over-50-year-old athletes together to compete in 19 sports. Jack and his doubles partner, Emery Petersen, took top honors in the 85-89 year-olds bracket. Jack also earned a bronze medal in singles play.

Jack plays in a number of tournaments throughout the year and travels out of state to participate. He also enjoys watching sports on TV and playing in the occasional blackjack tournament.

He attributes his capability to good genes and a healthy lifestyle. Jack will be 86 years old in March. He has been a Sun City resident for 16 years.

GOLF **Golf Course Maintenance**

Breathing New Life Into Sun City's Executive Course

By Beth Nappe/Link

When Rob Stottern took over the job as Eagle Crest's golf superintendent last year he had his work cut out for him. Anyone who played Eagle Crest back then can attest to the rough shape of the course. Since then, there has been a noticeable and marked improvement. The turf, overgrown landscape and unmotivated crews were some of the challenges that Rob faced.

As golf superintendent, Rob is responsible for everything that has to do with the Eagle Crest golf course. If you ask him what he likes about the job, he will tell you that the people and the company are at the top of the list. "I am surrounded by good people."

According to Rob, putting the right people in the right jobs is key. His crew is responsible for mowing, raking bunkers, cutting new cups,

irrigation and general maintenance.

"When Rob came on board, Eagle Crest was in need of much TLC and improvement. Instantly, major improvements were made," said Golf Course Maintenance General Manager Brian Bagwell. The landscape was cleaned up, weeds were addressed, detail work was done, and Eagle Crest started looking like a golf course again.

"Rob had a very successful overseed and we looked much better over the winter and into

spring. The putting greens are now in fantastic shape and the Bermuda base has improved tremendously. His hard work is showing as Eagle Crest Golf Course is in great shape. I know we are in good hands with the expertise and work ethic that we have in our leader at Eagle Crest."

Returning the compliment, Rob said of Brian, "I thank Brian Bagwell (Director of Agronomy) every week for bringing me on board.

Rob also has great praise for the perimeter landscaping crew that Brian has assembled.

"They are responsible for the great progress that has been made recently in the golf areas adjacent landscaping," he said.

Eagle Crest Superintendent Rob Stottern brings a fresh approach to turf management.

Photo by Stu Gershon/Link

Although he was born in Salt Lake City, Rob says he did most of his growing up in the San Diego area. He started his first career in the grocery business, working his way up from bagger to store manager. But after 20 years, a change was in the offing.

Rob's family has been involved in the golf business for nearly 100 years, and he decided to join them. He studied turf management at the University of California, Riverside, and started his new career.

"I am a fourth-generation golf superintendent. My son is in the business as well, hoping to be the fifth. You could say this work is kind of in our blood," Rob said.

THANK YOU FOR YOUR SERVICE

By Bob Cohen/Link

HARRY GALATI

From New York to France in 12 Days

The time: January 1944. The place: England. The event: the buildup to the invasion of occupied France.

Ten percent of all men in England were Allied soldiers. Seventy-three thousand of those men were Americans who would join more than 83,000 British and Commonwealth troops on that fateful morning. But thousands more Americans would remain in England to support that invasion. One of those was Sun City resident Harry Galati.

Harry was a New York boy who, like many of his generation, joined the service upon turning 18. That enlistment began in April 1943 in Fort Dix, New Jersey. After an initial round of physicals and shots, Harry was sent to Camp Harahan near New Orleans for basic training. Upon completion, he was loaded on a troop train headed to Fort Lawton, Wash., the home of the 8th Traffic Regulation Group. The Army had decided that Harry was to be in the Transportation Corps. "Once I got my orders sending me to Washington state, I figured I was going to be assigned to the Pacific Theater," Harry said. After all, it was the second-largest port of embarkation for U.S. forces and material to the Pacific Theater during the war. But you can never assume anything when you are in the Army.

The 8th Traffic Regulation Group did train at Fort Lawton, Washington, but served in the Northern France and Rhineland Campaigns. So it was that Harry found himself loaded on a troop train headed to New York, where his hopes for a leave were crushed when he was immediately loaded onto a British troop transport. Twelve days later, he arrived in Liverpool. Harry was now part of the 10 percent.

The buildup to and subsequent invasion required massive amounts of transportation, the Transportation Group's specialty. But every modern military unit runs on paperwork and this group was no exception. So, it should have been no surprise when Harry's Sergeant approached him one morning and asked, can you type? Answering in the affirmative, Harry found himself assigned as company clerk. And so his career began.

With units located all across the UK, Harry, as part of Headquarters Company, was based in London, where the

unit occupied a Selfridge Department store. There, from February 1944 until April 1945, Harry experienced the Blitz along with London's civilian population. He may have been behind the lines, but that didn't mean he was safe from enemy attacks; both V1 and V2 rockets were common events.

In late April 1945, the unit was transferred to Reims, France, to more easily coordinate its units supporting the front. Harry lived in a damaged apartment building; no heat and no water. On the ground floor, German POWs toiled

in the kitchen. One of them painted the portrait seen here.

Although the war in Europe ended in May 1945, Harry remained in France until February 1946. He was separated on March 13, 1946. His separation papers read in part that Harry "was Sgt. Major with the 8th Traffic Regulation Group. Supervised all clerical work done at this headquarters."

Harry received three bronze service stars; the Normandy Campaign, the Northern France Campaign and the Rhineland Campaign in addition to the Good Conduct medal.

A young T/Sgt. Harry Galati shown in the photo that the German POW used to paint his portrait. Harry today holding the portrait and wearing the Bronze Service Star.

Meet Community Services' Erica Mollenkopf

Erica, special events assistant, Community Services Department, was born and raised in Mesa, Ariz., She moved to Las Vegas in 2014 when her husband's job brought them here. Erica has two children – a 15-year-old daughter and an 8-year-old son. She started working in the hospitality industry at 12 years old for her parents' catering company. "Food has always been my passion, and after high school I attended culinary school and worked in several kitchens in Scottsdale and Phoenix. Once we moved to Las Vegas I had hopes of going back into the restaurant industry, but the demands of my husband's job were too great and I needed to be home with my children in the evenings. Being the special events assistant has been so much fun, and it has been such a pleasure getting to know so many residents each and every day. I look forward to putting on more new events in Sun City and getting to know more of you in the future."

U.S. Post Office Puts Sun City Mail Back on Daytime Delivery

(Editor's note: This story first appeared in the January 2017 Link, when Sun City's mail delivery was changed to evening hours. Link writer Ellen Greenspan originally reported the story and has followed up on developments from residents who logged complaints with the U.S. Post Office and their mail carriers to the current decision to return the community's mail delivery to a daytime schedule.)

According to mail carriers who serve Sun City Summerlin, their daily work hours have changed. "And it's a change for the better, a really good thing," said one longtime mail carrier.

Carriers are now starting and completing their routes an hour earlier. The revised mail delivery time is now 7:30 a.m. to 4 p.m. Sun City residents can now expect to find mail in their boxes earlier than they have experienced over the past year.

"That's better for us in summertime because we can begin working before the hottest time of the day," said one mail carrier. When Daylight Saving Time ends on Sunday, November 5, the benefit will be even more significant as carriers strive to get daily mail delivered before it gets dark.

During the past winter, the Link reported that many residents were not getting their mail until after dark. "It was

appalling that senior citizens couldn't get their mail on a timely basis," said one resident. "For their safety, mail should be delivered while there is still daylight," he stressed.

Another resident, who is a Neighborhood Watch K-9 Corps dog walker, also worried about her neighbors, who she sees going out for their mail after dark. "It is risky for some of them to navigate sloping driveways at night," she said.

Daily mail delivery requires carriers to stay on the job until everything is home-delivered. Nothing is held over until the next day, necessitating that some carriers were working in darkness during wintertime, using flashlights to see into mail boxes as they negotiated their routes. Carriers also expressed concern about delivering mail at night because residents who checked their mailboxes and found them empty in the afternoon made an assumption that they were not getting mail that day. They failed to recheck the box at a later hour and mail was often left overnight.

"I was putting mail in boxes after dark, and some of those boxes remained unlocked overnight," said another conscientious carrier. "It will be better this winter."

Do You Know?

Understanding Sun City Addresses

Do you know that several of our Sun City Summerlin community facilities have official street addresses that can be a bit misleading?

Three of our community centers have street addresses from which their parking lots cannot be accessed. These are:

- **Sun Shadows**, 8700 Del Webb Blvd.
- **Desert Vista**, 10360 Sun City Blvd.
- **The Pinnacle**, 2215 Thomas Ryan Blvd.

This can be very confusing to newcomers and visitors to our Sun City.

Sun Shadows, which has an address on Del Webb Boulevard, has a parking lot that can only be entered from Sungold Drive. Desert Vista has a Sun City Boulevard address, but the parking lot must be entered from Thomas Ryan Boulevard. And the parking lot at the Pinnacle Community Center, which has a street address of

Thomas Ryan Boulevard, has a parking lot off of Grand Cypress Avenue. Therefore, those seeking Eagle Crest Golf Course, the Starbright Theatre or Summit Restaurant need to know about the Grand Cypress parking lot entrance.

It should be noted that the three service organizations that serve Sun City – Sun City Charities, Sun City Summerlin Security Patrol and the Sunshine Club, are located at the south end of the Desert Vista parking lot. All three offices have a Sun City Boulevard address.

Even the Link can be a bit difficult to locate, as the official address for the magazine is 9107 Del Webb Blvd., but the parking lot nearest the Link office is behind the Mountain Shadows Community Center accessed from Copperstone Drive. Handicapped accessibility to the Link office is from the parking lot in front of the Mountain Shadows Fitness Center.

Be sure to advise new residents and any visitors you plan to meet at Sun Shadows, Desert Vista or The Pinnacle complex of the streets that provide access to the parking lots for those facilities.

RESIDENTS' FORUM Monthly Meeting

Have a Cupcake and Coffee With the Link

*Wednesday,
September 13, 7 p.m.,
Desert Vista*

If you are the club member tasked with sending the monthly article to the Link you might want put this month's Residents' Forum on your calendar. In the hope of helping clubs attract new members by promoting their meeting dates and/ or date changes/cancellations, the Link has created a master club calendar where designated club members will be able to input their information directly onto www.suncitylink.com.

After four years, the Link Committee felt like it was time to refresh and rethink. So, we've expanded the classifieds by adding a freebie section, as well as personal ads. Eligible freebie ads are those items that residents offer up at no charge. Freebie items will only appear in the online classifieds because they will most likely disappear as quickly as they post. And, yes, there is no charge to place a freebie ad.

The personals will be published online, as well as in the magazine. The request for such a section has been in the works for a while and is a direct result of new resident feedback. Look for the personals to launch in the October Link.

Another new Web feature readers may have noticed is the debut of our expanded columnists – a list that is constantly evolving.

Residents Dr. Mitch Fadem, Stu Gerson and Karen Luksich have been enlightening readers on such topics as cigars, golf carts/history and gardening, respectively. It's been exciting to help them share their passions with others through their columns.

Please plan to join us on September 13.

You'll have a chance to meet the Link staff, committee members and contributors. As always, there will be great refreshments and a free thank you gift for letting us bend your ear!

2017

Walter and Marge Medla lived in Milwaukee, Wisc., for most of their lives, but, as they grew older, they were getting frustrated with the weather and taxes of the Badger State. They began coming to sunny Las Vegas in the late 1970s and, finally, when it was time to retire, they looked at properties in the valley and decided to live in Sun City Summerlin. They bought property and a model they liked in 1991 and, when it was finally completed, in 1992, they moved into their home in December of that year. Walter loves taking photos, so he recorded the origin of their new home with his camera. He later took an interest in stained glass and is currently the president of the Stained Glass Club.

If you have lived in Sun City since its inception, or if you are the original owner of your home and have photos, I'd like to meet with you and share your story. Contact me at stugershon@gmail.com.

Who Needs the Geek Squad? Computer Club Has the Experts to Help You

Leo Crawford,
Chairman,
IT Committee

For this month's IT article I want to put in a plug for one of our great SCSCAI resources, the SCSCAI Computer Club. The club offers many classes for all levels of users, including a class targeted for the beginner or someone who needs a refresher course. It's easy to be intimidated when you first sit down at the keyboard and think, "What if I break it." The classes put on by the Club help you overcome that fear and gain confidence in using your computer. The Club offers open times when you can use their computers should you not have a computer at home. The Club's website is scscclub.com, or contact Howard Verne, club president at 527-4056 or pres.scscclub@gmail.com.

Another benefit of joining the Club is the ability to ask for help if you start having a problem with your computer. Volunteers are delighted to help you fix your hardware or software problems. Club members offer advice on backing up your files, selecting a computer, how much memory

to buy, what size disk drive to buy, and whether you should upgrade to Windows 10 and so on.

Stop by the computer lab at the Pinnacle on any Tuesday, from 1 to 4 p.m., for help and join at the same time.

Remember that we now have Wi-Fi at Pinnacle, Desert Vista and Mountain Shadows, and we are extending Wi-Fi to the pool areas at those facilities. When you read this, Wi-Fi might already be installed at the pools. You can use SCSCAI Wi-Fi to check email while you are waiting for a meeting to start, or use Wi-Fi to show portions of your presentation using the Internet as a source of information.

To use Wi-Fi, you'll need to log onto the Internet as an SCSCAI Guest and type the password Welcome! Use a capital "W" and be sure to type the exclamation point.

CCOC Chartered Clubs & Community Organizations

An Update on Non-resident Guest Pass Usage & More

The Board of Directors voted in May to allow clubs to change their charters to enable non-resident guests to attend club functions/meetings more than twice a year. None of the club charters have actually been changed as of yet. The following clubs have elected to change the allowable number of non-resident guests allowed per year thus far, followed by the number the club would allow going forward:

- ♦ Rubber Bridge – 24
- ♦ Classical Music – 24
- ♦ Euchre – 24
- ♦ Pan Games – Unlimited
- ♦ Pickle Ball – Unlimited
- ♦ Writers Workshop – 2 or 50

Community Services will keep track of any additional club votes to change its non-resident guest admission policies, as well as collect any changed club charters.

This policy will be reviewed by CCOC six months after all clubs have voted.

Guest Performers

There was discussion on allowing guest club performers to participate in a performing club

event. Currently, the clubs' charters do not allow for this. The CCOC voted to accept the change on a case-by-case basis. Deviation from this policy may be allowed with CCOC Committee approval.

Alcoholic Beverages

In an effort to clarify the language in the CCOC manual regarding alcohol, Barbara Holden, CCOC committee chairwoman, submitted the following language after careful consideration and consultation: All alcoholic beverages served at a Sun City Chartered Club or Community Organization event must be purchased and served by Sun City licensed personnel. No alcohol may be provided by residents or guests for consumption in the common area properties of Sun City.

Barbara will take the amendment to SCSCAI'S Board of Directors for approval.

Food and Beverage Catering

New Food and Beverage Director Rick Sciascia addressed the committee and guests. He introduced himself and asked that his department be considered for catering club functions. He stated that he believes he can save the clubs money and provide comparable service and food, while increasing the revenue stream to the Food and Beverage Department.

The network is operational 24/7, and so is the IT squad

Brian Dodd and his IT squad, Jim Ross, Beth Clark, Pat Ross and Joe Tao, try to be available when the computers malfunction. The network is operational 24/7, and so is the IT squad. On any day two watch commanders, six dispatchers, the chief and assistant chief, along with three other board members can be working on the system. Schedules for watch commanders, dispatchers, drivers, as well as training are continuously updated. Personnel records, including badges and training records, are updated regularly.

All this information is entered into the six computers by volunteers with varying degrees of expertise. Glitches in the systems occur at all hours. And when they do, the IT squad is called to fix the problem – at all hours.

The IT squad members have specific responsibilities. Brian Dodd is the squad leader. As a former chief and assistant chief, he initiated the complete revision of the computer network sys-

tem. She spent weeks entering and scanning personnel files and training records of past and present members from 1993 to present. Beth continues to enter data into the computer weekly. Joe Tao is responsible for assisting personnel with its computer needs, and producing Patrol members' badges. He is backup for Brian and Jim when they are not available. Pat Ross is the expert for the online scheduling program that enables anyone with an Internet connection to see when they are working, and what shift needs help.

Brian acknowledged the contributions of Tom Burt, one of the SCSCAI's IT people.

"While not a Patrol member, Tom is responsible for the log and resident lookup programs," said Brian. "He has volunteered a lot of support to the Patrol over the years."

Desert Vista have been changed over to LED lights and the project is now complete. The parking lot in front of the Security Patrol building had leaks caused by water lines and repair work is under way. The construction of the new library at Mountain Shadows has been awaiting a fire system upgrade. Hopefully, this project will be completed before this issue prints. Placards were approved and have been ordered for the pictures of the celebrities that hang at the Starbright Theatre. The shade structure at the Mountain Shadows pool is awaiting parts and city inspections. It should be installed by the time you read this article.

Brian Bagwell, SCSCAI's golf course maintenance general manager, reported that the Eagle Crest Golf Course bunker project is almost complete. The pump station at Highland Falls burst, but has been repaired. Golf Course Maintenance is in the process of repairing the hillside next to the pump station and replacing landscape that was damaged during this project.

The Palm Valley irrigation project on Hole No. 5 is under way, and winter grass on Holes No. 8 and 9 have been eliminated and resodded.

Ermando Damien, SCSCAI landscape super-

visor, filled in for Department Manager Louis Darling. Landscape crews are preparing Sun City Boulevard for new rock. The softball field bids were approved for Astroturf. The Astroturf and reseeding of the outfield should be completed by September 10.

New Business: Brian Bagwell approached the committee about new cart storage at the Eagle Crest facility maintenance yard and submitted preliminary drawings. SCSCAI Board/Committee member Ken Resnik made a motion that the Committee get more information on the project before it proceeds. The motion was seconded by Ed Tarken.

Brian also brought up the possibility of a parking lot expansion at Highland Falls Golf Course. Ken Resnick and Brian will look into the cost of contracting valet companies during tournaments, as well as the cost of a parking lot expansion before the Committee proceeds on this issue.

Old Business: Karl Wiedemann presented several designs for a new community flag, and most of the Committee liked one design in particular.

Special Projects: CAP Chairman Ken Caroccia, Brian and SCSCAI Building Maintenance Manager Dennis McGrew will compile data to support the approval for cart storage at the Eagle Crest facility maintenance yard. Ken Caroccia, Amos Barcus and Brandon will look into solar power to help heat the community swimming pools and community buildings, examining costs versus benefits.

Chairman's Comments: Ken Caroccia asked all department heads to submit their capital items, valued over \$5,000, to the Committee before the June 30 deadline.

Residents' Comments: Marsha Kline told the Committee that The Summit Restaurant needs updates to the furniture and kitchen, and that the venue could be a large source of revenue for the community. Chairman Caroccia said that the food & beverage manager would need to submit requests for new items for The Summit, and he will speak with the manager right away about this.

LET THERE BE LIGHT

*Lighting Director Dale Meeker has been illuminating the shows at the Starbright Theatre for eight years.
Story and photo by Stu Gershon/Link.*

Have you ever been to our Starbright Theatre? Beautiful red velvet draperies, 312 seats and a stage. When you sit in the theater, there could be 50 people on stage, professionals or our own residents, waiting to entertain you. Have you ever thought what brings them to life? What gives the program its soul? If you ask Starbright Theatre Lighting Director Dale Meeker, he'll say, "Without lights it's only radio!"

Dale was born in central Ohio and grew up loving music. He was always in the church choir or school choir. He used to be in a band and played the bass, but unfortunately he got into a motorcycle accident, where he was hospitalized for three months. When he left the hospital, Dale said someone who had heard about the accident offered him a drum set in exchange for the wrecked bike and his career as a drummer began! It was hard to play the drums and sing, but most of the equipment was his, so the guys let him do both, on occasion. Dale traveled to Europe and played in clubs in Madrid, Spain. When he came back to the U.S., he returned to Ohio, and in the 1980s moved to Las Vegas.

"Las Vegas is the graveyard for musicians," Dale said. "Most shows pay very little."

As a lighting director in Las Vegas, Dale worked with Chubby Checker, Loretta Lynn, James Brown, Steppenwolf and so many other performers. Over time, Dale developed quite a resume and an extensive reputation.

From his days with the band, combined with his experience with shows, all the equipment he had accumulated not to mention that he owned a tour bus, Dale continued to branch out. When he met another musician who owned some sound equipment the two started to rent out their gear.

About eight years ago, Dale said he was asked to do the lighting at the Starbright Theatre.

"The Starbright Theatre is way ahead of so many venues in Las Vegas with the type and brands of equipment for both sound and lighting. Most community theaters don't have a third of the equipment or experienced engineers that we have," Dale said.

Dale just celebrated his 65th birthday and he really loves his work.

"The producers and customers we work with are some of the easiest and nicest people around."

Golf (Men's) 18 Hole

July was a great month for our group as we celebrated our country's birthday with our traditional Red, White and Blue Tournament on July 3. There are no special tournaments for September. However, please note that for two of the weekly tournaments we will be conducting them on Wednesdays, September 13 and 20. Patience is a virtue. Our golf courses require significant change and work as we move to a more friendly course that uses less water. It will take some time, but our course maintenance guys are really hustling to provide us the best golfing experience. There are lots of workers attempting to accomplish this even while we are playing our rounds. Please try to give them the courtesy to do their jobs and alert them when they may be in danger. If you have questions, check out our website, 18holers.org, or call Colbert, 859-979-4376.
