PRESIDENT'S MESSAGE

Summer is winding down and the "monsoons" are over. We still need to keep ourselves hydrated as the temperatures are still very hot. Once again, we need to keep an eye on each other and if we see a friend, neighbor or anyone that looks like they need to be hydrated we should make sure that they get water.

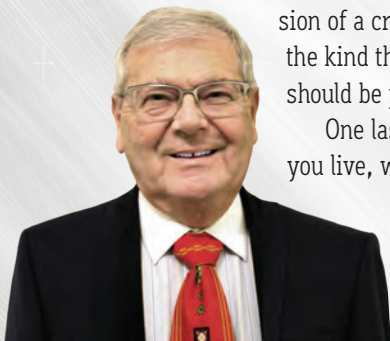

On the subject of looking out for each other, who has checked their Emergency Contact forms lately? We all should have a CURRENT Emergency Contact form on file with Administration and the Security Patrol. We all filled one out back when we moved in and may even have updated the information at some point in time. This information is critical if an emergency occurs inside or outside of your home. Security Patrol is asked to do "Welfare Checks" on residents quite often. If information about family members and/or close friends or neighbors is readily available, then a rapid resolution of many issues is possible. It is always best to have a local contact as well as a relative or two listed. Metro has its protocols when asked to do a "Welfare Check" as well and they often ask Security Patrol for contact information about family or anyone that might have a key or a code that would allow a more rapid entry into a home. I am not suggesting that you give a key or a code to just anyone BUT if you have a trusted friend or neighbor perhaps you can share this with them and get their permission to list them on the Emergency Contact form providing their contact information as well. The blue Emergency Contact forms can be obtained from Administration, all Information Centers, any Security Patrol car, or at Security Patrol base (located in the rear of Desert Vista parking lot). Please check to make sure that your information for your contacts is current. Often, the people that you listed years ago have moved or are otherwise not available to help anymore. All information is confidential and only used in situations that demand that someone be contacted whom could help you.

We should all try to be good neighbors. It is one of the greatest strengths of our community. Being a good neighbor might be bringing in your neighbors' trash cans, letting them use your name on the Emergency Contact sheet, watching their house when they are gone or just saying "hi" to them whenever you see them. Start a Neighborhood Watch program on your block and walk around to meet and sign up your neighbors to participate. Our goal is to have over a hundred Block Watch Captains. As everyone knows, security within our community is a priority of the Board of Directors and it has approved major expenditures to add more and more cameras in the community.

All of us can help Metro by not only being vigilant but having cameras on our homes. Two of the most recent crimes committed in our community were resolved by cameras. In both instances it was a neighbor's camera that captured a picture of the criminal that led to their arrest. Metro can enhance images on our cameras so well that they can identify people and vehicles that are suspicious or may have been used in the commission of a crime. If you invest in security cameras, please purchase the kind that store the images forever. At least one of the cameras should be pointed towards the street.

One last suggestion: Do not talk with strangers about where you live, what valuables or guns you might have or when you will

be out of town. The criminals scour social media to find out if you are on vacation or not home. Talking to strangers in the casino and sharing this type of information is also a very bad idea. Keep your personal information private. Be Safe, Be Neighborly, Be Kind, Be Vigilant but most of all Be Happy.

Dick Clark, President,
*Sun City Summerlin
Board of Directors*

“As I See It . . .”

“Local Wisdom Abounds”

By Alan G. Spector /Link

You know what happens when you let people know that you are open to hearing their wisdom in life? Well, they open their hearts and minds and share with all of us. Here are some examples of our exceptional friends and neighbors here in SCS.

Katherine Singer: "In the June 2022 issue I read, today, here in Colorado, your collection of insightful, wise, and thoughtful things learned over the years.

"I don't know from where or from whom my mother collected this

adage – 'If everyone hung their troubles on a clothesline and it started raining, everyone would run out to collect their own troubles.' I guess it is easier to deal with one's own mistakes because you know the history of their creation. You own them.

"Clothesline activities do date this saying, but we never had a clothes dryer at home while I was growing up. Up the basement steps and down the three steps from the stoop to the back yard lines went the clothes on wash day fresh from the double tub rinses and the wringer. I did take over the clothes washing chores when I entered high school. No PE for girls at my high school – exercise was left to household chores. (Dang how old am I?)

"My mother also advised that one should not judge other people because you don't know what goes on between their sheets. She gave me the best advice on my transition from elementary school 8th grade to the city-wide high school. She said to never gossip in a group of girls because the members will never trust that you wouldn't gossip about any of them. Best advice ever. I enjoyed for all four years being friends with individuals among every group in the school not just my grade school friends."

(Lots of wisdom here. Thanks, Katherine, for sharing your life experiences. Easy to see one reason you turned out to be such a really great person).

Len Libman:

It was easy for Len to offer his piece of wisdom. He lives it every day.

"Never Compromise Your Integrity" This is how I strive to live my life both personally and professionally and with my business.

(I know this man . . . he is integrity, through and

through. A one of a kind of guy that you love to have as a friend.)

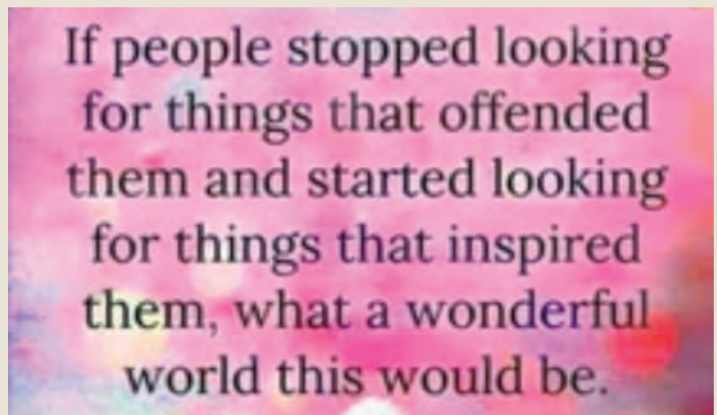

Loretta Gonzalez: Loretta was quick to share some of the wisdom she has picked up along the way. Thank you, Loretta, for your thoughtfulness and generous spirit.

"Masters of Our Destiny: One of the most difficult things everyone

learns is that for your entire life you must 'keep fighting' and adjusting if you hope to survive. No matter who you are or what your position is, you must keep fighting for whatever it is you desire to achieve.

"If someone is not aware of this contest and expects otherwise, then constant disappointment occurs. People who fail sometimes do not realize that the simple answer to everyday achievements is to keep fighting. Health, happiness, and success depend upon the fighting spirit of each person. The big thing is not what happens to us in life – but what we do about what happens to us."

(Sit on all that wisdom for a while. Loretta has held on to these sayings for decades, and you can tell . . . this is one wise lady. What a gift she is to all who know her! Thanks for sharing, Loretta!)

REMEMBERING SEPTEMBER 11 2001

By Mitzi Mills

We all remember where we were on September 11, 2001, and the disbelief we felt as we watched the events unfold on television, but do you remember the day you quit thinking about what happened that day every day? Do you remember when you quit being afraid? Quit crying? For just a few moments, take some time to remember September 11, 2001, and how as individuals we came together to help each other and to grieve for people we knew and those we had never met.

One Great Country, the United States of America joined together by tragedy on this day 21 years ago. 7,670 days have passed since that horrible day. Some have lost so much that it might as well have been yesterday.

The events of that day are now taught as history in grade school and high school. The children born after September 11, 2001, will now be turning 21 years old, and while they were not even alive at the time, the events of the day and the number of people impacted is still unbelievable to them, as they learn:

4 airplanes were hijacked by al-Qaeda. Two of the planes were flown into the twin towers of the World Trade Center in New York City, a third plane hit the Pentagon in Arlington, Virginia, and the fourth plane crashed in a field in Shanksville, Pennsylvania.

19 terrorists from the Islamic extremist group al-Qaeda hijacked four airplanes and carried out suicide attacks against the people of the United States.

87* people aboard American Airlines flight 11 were killed when the plane crashed into the north tower of the World Trade Center. *This number does not include the 5 hijackers.

60* people aboard American Airlines flight 175 were killed when the plane crashed into the south tower of the World Trade Center. *This number does not include the 5 hijackers.

2,596 people were killed in the World Trade Center and surrounding area and over 6,000 were injured.

58* people aboard American Airlines flight 77 were killed when the plane crashed into the Pentagon, killing an additional 125 military personnel and civilians. *This number does not include the 5 hijackers.

40* people aboard United Airlines flight 93 were killed when the plane crashed into a rural field near Shanksville, Pennsylvania. It is unknown what target the terrorists had for this airplane, as passengers aboard were able to stop the plan, while knowing they were going to die anyway. *This number does not include the 4 hijackers.

People from 78 different countries died.

343 Firefighters and Paramedics died trying to save others.

23 New York City Police died trying to save others.

37 Port Authority Police Officers died trying to save others.

These numbers are important, and devastating, and it is important that we never forget them, but what cannot be taught is how we felt, what we did and who the people who died really were, that is lost if those of us who experienced it do not keep the story alive. I hope we never forget what happened that day, but even more importantly I hope that it helps us remember what is important to each of us and how kindness and understanding really are sometimes the most important thing to share.

September: Healthy Aging Month Why Healthy Aging Month?

Carolyn Worthington, Editor-In-Chief of Healthy Aging Magazine and Executive Director of Healthy Aging, created September as Healthy Aging Month, an annual health observance designed to focus national attention on the positive aspects of growing older. According to Worthington, "We saw a need to draw attention to the myths of aging, to shout out 'Hey, it's not too late to take control of your health, it's never too late to get started on something new. Why not think about the positive aspects of aging instead of the stereotypes and the negative aspects?'"

September is a perfect time to celebrate Healthy Aging Month since it is time when many people think about getting started on new tasks after the summer. Drawing on the "back to school" urge embedded in everyone from childhood, the observance month's activities are designed to encourage people to rejuvenate and get going on positive measures that can impact the areas of physical, social, financial, and mental wellness.

10 Tips for Reinventing Yourself During September is Healthy Aging Month

1. **Do not act your age** or at least what you think your current age should act like. What was your best year so far? 28? 40? Now? Picture yourself at that age and be it. Feel it!

2. **Be positive in your conversations** and your actions every day.

3. **Ditch the downer friends.** Have negative friends who complain all the time and constantly talk about how awful everything is? Drop them. Surround yourself with energetic, happy, positive people of all ages and you will be happier too. (Tip: Smile often. It's contagious and wards off naysayers.)

4. **Walk like a vibrant, healthy person.** Come on. You can probably do it. Analyze your gait. (Tip: Make a conscious effort to take big strides, walk with your heel first, and wear comfortable shoes.)

5. **Stand up straight!** You can knock off the appearance of a few extra years

with this trick your mother kept trying to tell you. Look at yourself in the mirror. You will look great and feel better.

6. **How's your smile?** Research shows people who smile more often are happier. Your teeth are just as important to your good health as the rest of your body. Not only is it the first thing people notice, but good oral health is a gateway to your overall well-being. (Tip: Go to the dentist regularly and look into teeth whitening. Nothing says old more than yellowing teeth!)

7. **Lonely?** Stop brooding and complaining about having no friends or family. Do something about it now. Right this minute. Pick up the phone, landline, or cell and make a call to do one or more of the following: volunteer your time, take a class, invite someone to meet for lunch, brunch, dinner, or coffee.

8. **Start walking** not only for your health but to see the neighbors.

9. **Get a physical.** Make this month the time to set up your annual physical and other health screenings. Go to the appointments and then, hopefully, you can stop worrying about ailments for a while.

10. **Find your inner artist.** Who says taking music lessons is for young school children? You may have an artist lurking inside you just waiting to be tapped. Have you always wanted to play the piano, violin, or tuba? Have you ever wondered if you could paint a portrait or scenic in oil? What about working in wood? (Tip: Sign up now for fall art or music classes and discover your inner artist!)

The Healing Power of Reflexology with Stacey Deubler

Wednesday, September 7th at 1 p.m. – Desert Vista Room 5

Reflexology is a natural and holistic approach to stress relief, healing, and pain management. Stacey Deubler practices reflexology out of her salon right here in Las Vegas. The theory behind reflexology is that areas of the foot correspond to specific organs, glands, and systems of the body. By working these reflexes on the hands and feet, reflexology treatments can help reduce stress and anxiety while improving blood circulation and nerve supply. Reflexology can aid with many ailments such as, hypertension, plantar fasciitis, and neuropathy. Using a non-invasive, very relaxing, thumb and finger technique reflexology taps into areas needing attention in the body. Come learn how the healing power of reflexology can help you live a balanced life naturally.

FOCUS GROUP

On Being a Board Member

By John Berthelsen, Director

As we approach the time of year when residents consider running for the board of directors it is appropriate to explore what it means to be on the board. **The Community Associations Institute (CAI)** has a very useful publication titled *"The Board Member Toolkit."* One of its chapters is on the Role of the Board. That chapter details what makes a strong board member and what makes an inappropriate board member. So, let's explore that a bit.

CAI says a strong board member has calm judgement, a willingness to serve, good character, relevant experience, and strong integrity. A key component is to be committed to the best interests of the community as a whole.

They go on to state an inappropriate board member is unable to put the welfare of the community first. They work behind the board to run things their own way. They are unable to work with others for the common good and have poor interpersonal skills.

It is also important to know the difference in the roles of the board and the management of the community. Boards set policy and make policy decisions. The Executive Director and their staff implement the board's directives and take care of operations. It is inappropriate for an individual director to give direction to staff, or to interfere with their job functions. Only decisions and directions made by the entire board are marching orders for staff.

Collectively, the board determines how the HOA should operate. Healthy discussion and debate are appropriate. The board

is not a rubber stamp for proposals or decisions. Divisive, accusatory, and personal comments are not helpful in determining the decisions of the board. Once items are decided and voted on, all directors should move forward together.

The role of the board is as much about building the social and civic well-being of the community as it is about maintaining common areas or enforcing rules. To do this a board must provide leadership and inspiration, not just administration. It should instill a sense of caring, civic pride, and shared responsibility for all. By placing an emphasis on community, boards transcend the legalistic nature of their governing documents. Thus, efforts to work together tend to reduce the number of administrative issues such as rule violations and assessments.

Being selected to a leadership position can give some people a false sense of importance. It is important for board members to remember that they have a serious responsibility to serve the community, not their egos. Telling a professional manager how to do their job is a waste of the manager's expertise and the association's money. It is important for boards to focus on setting policy and leave the implementation of those policies to the manager and staff.

Being a board member takes a commitment to work for the community. As is often the case, there can be a wide range of opinions and discourse from a 12,000-resident group. By following the guideline of acting in the best interest of the community, individuals who serve should be confident that they are fulfilling the responsibility they were elected for.

Get Ready

AN INITIATIVE OF THE AMERICAN PUBLIC HEALTH ASSOCIATION

National Get Ready Day is September 15

By Patti Tripp/
Link

Get Ready for what? It doesn't specify what we're to 'get ready' for, it just celebrates that we should do it. So, that being said . . . Get going!!

The American Public Health Association originated this day to help us get ready for any pending disasters, including pandemics – well, apparently that didn't work like they imagined as our initial instinct was to hoard toilet paper. Life, for most of us, has been full of surprises; some good while others - not so much. We have a habit of postponing things we would rather not think about – that's human nature. But obviously, with toilet paper, we knew where our priorities were.

Personally, I have never claimed to be organized or prepared, and, in truth, I do not always claim to be nice. BUT, I am always 'ready' for some things, like golf – coordinated in every respect from shoes and socks to hat. I don't play well, but presentation should count for something!!

As for me, I am happy procrastinating – no pressure, no anxiety, and time left over for a nap. Most of us spent a lifetime meeting deadlines, watching dates, checking schedules, be they work related or at home – paying bills, keeping appointments, even making a grocery list. Some of us would have to get lunches packed, kids off, spouses ready (especially when they forgot something they had already been reminded of), and all the last minute panic when we had forgotten something, and it mattered not what! Our life was full of deadlines, last minute and what may lie ahead.

And just think, we did it all without Alexa or Siri, without the Internet, and even before Post-its. Makes ya wonder how we

did it, huh? Personally, I have no clue. Alexa has to ask me every day if I know what day it is as being retired, well, they're all about the same. Yes, I have shown up on the wrong day; I got to the doctor's office and was amazed at all the parking spaces, got upset because the office was closed and had every intention of chewing them out later, not realizing until I got home and wondered why there was a pro football game on TV on a Monday morning – needless to say, it was Sunday, not Monday! To my dismay, I had put make-up on for nothing!

We had free calendars on our refrigerator doors; for me, there were times I couldn't read my own writing. There were times I discarded a month before the month was over; there were times I wrote a note on my hand in pen. Not sure I'm any better at being 'ready' today even with all the gadgets we have. I will admit, I have reminders going off all day on Alexa and most of the time I pay attention, and then there are times . . .

I normally come home from the grocery store to find I bought something I didn't need or missing something I truly needed merely because I forgot to look on the list on my phone; I once ended up with two gallons of olive oil and no milk. There are times I wonder how I ever held down a good job, let alone have made it this far in life.

So, as I check my computer calendar, ask Alexa what day it is, make my grocery list, I shall do my part to celebrate the day and get ready – for what? I'm not exactly sure. I like to think I am ready for the important thing in life – well, I guess we'll find out, won't we?!

Meet Jane Cox, Executive Assistant, Executive Offices

I consider working at Sun City Summerlin my third career! After growing up in London, England, I was fortunate enough to travel the world as a professional dancer

on cruise ships. From there my dance career brought me to Las Vegas and I danced at the MGM Grand in EFX Alive and then at Bally's in Jubilee! After hanging up my dancing shoes I transitioned into high-end hospitality as a Director of Spa & Salon Operations for 5-Star hotels on the Las Vegas Strip. I had the privilege of opening, and rebranding, hotels and spas on the strip and absolutely loved working in the glamorous world of spa with world class teams until . . . the doors closed at each hotel on the strip, and around the world, due to COVID-19.

I'm a glass is half-full person so during the stay-at-home order I enjoyed much needed, valuable time with my husband and two daughters. We truly took advantage of spending time together 24-hrs a day which we will never again experience.

During that time an ex-colleague approached me about an opportunity within the Homeowner Association industry. I jumped on the chance in one of the only industries hiring during a Global pandemic. Fortunately, by accepting that position I eventually found my home here at Sun City Summerlin and I thoroughly enjoy my role as Executive Assistant.

Outside of work I spend time with my family, friends and working out as I'm a Personal Trainer and Pilates Instructor.

Dale and Sara Laird: Celebrating Their 70-Year Love Story

Dale and Sara Laird celebrated their 70th wedding anniversary on July 7, 2022. Their story began in Danville, Illinois. Both attended the same elementary, middle, and high school, but did not know each other back then. They graduated in 1949 and, a year later they met at work and started dating. You may be interested to learn that four famous people came from the same Illinois town where they grew up: Dick Van Dyke, Jerry Van Dyke, Gene Hackman, and Donald O'Connor.

In 1951, Dale enlisted in the Navy, and served four years. They married in Pensacola, Florida, where Dale was stationed at the time. Soon after, the young couple moved to Rhode Island where their first child was born. Before Dale was deployed overseas on the aircraft carrier USS Hornet, Sara moved to California to join her family. Dale followed in 1955, after a world cruise aboard the USS Hornet ended in San Diego, CA, with his four-year enlistment completed.

Upon leaving the Navy, Dale worked for Bechtel Corporation based in San Francisco, California. Dale and Sara fondly recall living in Athens, Greece for one year (1977-78) with his family to work on a special project.

Dale and Sara moved to Sun City Summerlin in January 1995. They love their life here in beautiful Sun City Summerlin.

Happy Anniversary Dale and Sara!

SECURITY PATROL

Those Dang Scammers!?!

Strike Plates on Door Latch

They try to get you through the phone. They try to coerce you on the internet. They try to persuade you in person! Don't get mad, get even! Just hang up the phone and if you can, block that number. Check your phone service for a way to reject those computerized calls. If you find a strange email or message from someone you do not recognize, *do not open it!* Delete that "so-and-so" as quickly as possible.

Now we come to the person that shows up at your door. Hopefully you have a sign out that says "No Trespassing" or "No Soliciting." This is a clue that there is no welcome to strangers at this home. Try to find your courage and if they do ring the doorbell or knock, tell them *through* the closed door you do not wish to speak to them and to go away. If they persist, call metro on the 911 number. Then you can call Security Patrol, we can drive by, many times that will discourage those pesky people.

A few other important points were discussed with the Crime Prevention Officer at the Metro Summerlin Area Command, Manuel Barela. Manuel says that being "situationally aware," in other words, take the time to be mindful of people and actions around you, your home, and your car. He emphasizes that 55% of harmful incidents could be preventable.

Alan Lebarts, Chief
Security Patrol

But What If I'm Not Home? These are other thoughts from Officer Barela, "I highly recommend looking into installing one of the many available doorbell cameras. These are great because if someone is

ringing your doorbell, you can still answer the door even if you're away to give that sense of occupancy. There are also plenty of products on the market that can do things such as turn your TV on at random intervals to convey the illusion of occupancy as well. Another great product are the lights you can install at the front of your house that turn on when it gets dark and turn off when it's bright out."

By utilizing just a few of these tips, we can make our homes look far less appealing to criminals and keep us more secure. If you're interested in having Mr. Barela come out for a site survey at your home, please send him an email M14969B@lvmpd.com and he can discuss home security further!

Another tip he emphasizes – Check your door strike plate and make sure you have 3"- 4" screws securing it to the door frame. (The strike plate is the metal area where the latch and bolt go into the door frame.)

Your Emergency Contact Information (That blue sheet). Please visit the Security Patrol headquarters to make any recent changes to your information on your emergency contact sheet. Should you have a water problem or an open garage door along with any other important home situations, Security Patrol may need to contact you. It is so important to have current phone numbers and information. If you are an owner renting your unit, give us your information as well as the occupants.

We Need You! Security Patrol is always welcoming new recruits. We can go over the various and important jobs to see if you think any would fit your schedule. Drop in or call us at the building at the very end of Desert Vista parking lot. Phone numbers are on the side of every Security Patrol car 702-254-2303.

Resident - Blue

So Very Important!! *By Darlene Vaughan, Security Patrol*

Sun City Security Patrol in partnership with Administration, has developed a program whereby we can contact owners or residents if *anything* is amiss at their home. But YOU must start the ball rolling.

There is "the famous blue sheet" (or maybe white) that all residents are asked to fill out and drop off at Security base office in Desert Vista Parking lot, or at the Administration Offices, or at any of the Information Centers in Sun City Summerlin.

Most of the questions are very basic, name, address, phone, and email. Two of the blanks ask you to give emergency con-

tacts along with that same information for those. Also, do your emergency contacts have permission and keys to enter your home? So very important if you should have an accident inside the house and need emergency care. Please, please, have at least one of your contacts close to your address so no time is wasted. Then you can list your "out of town" kiddo if you wish.

As a community, we should be willing to help each other. Perhaps one of your neighbors may need a local emergency contact. Hopefully you would consider doing that for them. Be sure your family and friends who do not live here have the contact information for both Sun City offices and the Security Patrol. Together we will continue to enjoy this beautiful area.

ORIGINAL OWNERS

Judith A. Shellabarger

We had traveled in a motorhome in the early 80's and had seen Sun Cities in Arizona. We bought a home near Meadows Mall and read in The RJ that Del Webb was building here. We selected our model from plans mailed to us prior to them being built on Echo Mesa.

Imagine no Summerlin Parkway yet. In order to get here you had to drive west on 95 and turn left onto Lake Mead against the traffic. Homes were being built very fast, and it was fun checking out the progress of ours under construction. The first homes completed were north of Mountain Shadows Club House on Golf Links.

We moved in on October 20, 1989, and drove back into town 7 miles for groceries and to pick up the mail. Beans was the

only place to eat out. Now many years later, I am still very happy to be here in my original home. I belong to WateRobics for 21 years now, play Bridge, do chair yoga and *love* Mountain Shadows pool and my friends here.

My daughter, Dawn, bought a home here three years ago only one mile from me. A second generation of happiness.

THE NEIGHBORHOOD PREPAREDNESS TEAM

Do you have a Neighborhood Watch sign on your block? Do you know who your Neighborhood Watch Captain is?

On September 11, 2001, I was driving North on the New Jersey Turnpike to my job as the Medical Services Director of Newark Juvenile Detention Center which is a prison. The radio reported that a plane just hit the World Trade Center. I saw the first building burning, but the view was gone before the second plane hit.

On October 29, 2012, I was the Director of Nursing at a New Jersey nursing home when Hurricane Sandy sent a roller coaster into the Atlantic Ocean twenty miles away. No electricity for a week and the generator fails. Nurses who lived by the beach had to dig out from three-foot sand drifts, and more yet we, as a team kept almost 100 patients safe.

From these and other experiences I know that life can change in an instant and the best way to survive a crisis is to have an action plan in place before an event occurs.

On July 30, 2022, over 750 Sun City residents attended three packed presentations at the Starbright Theater when Captain Sims from Las Vegas Metro Police reassured the audience that

the person who attempted to murder one of our residents is no longer in Nevada and is being pursued. Captain Sims emphasized that this was a rare event and assured us we are safe from the perpetrator. On July 31st the perpetrator was arrested.

Ensuring safety is paramount and when a resident is threatened with a gun it shakes our sense of security. But what would our community do if a major event such as e.g., an earthquake, hits Las Vegas? Is our community prepared to deal with broken water mains, burst gas lines, and no ability to communicate by phone?

This is where the Neighborhood Preparedness Team (NPT) comes in. The question is: How does NPT differ from Neighborhood Watch (NHW)?

Neighborhood Watch (NHW) is a proprietary program run by the Las Vegas Police Department that enlists block captains who organize homes that are in view of each other to watch out for suspicious activity in their specific area. It is an important program and additional information can be found at this site: <https://www.lvmpd.com/en-us/PartnersWithTheCommunity/Pages/NeighborhoodWatch.aspx>

So, how does NPT differ from Neighborhood Watch?

The Las Vegas Police Department cannot release the names of Neighborhood Watch (NHW) block captains without their permission and the NHW program is not designed to protect our entire community, rather to only guard 10 to 30 homes in a localized area. This works well in most Las Vegas neighborhoods, but Sun City is different. We, in reality, are like a small city containing over 7,800 homes.

Rather than just overseeing the security of a few homes NPT is a *"Communitywide Network designed to mitigate the consequences of natural, industrial, or criminal incidents."*

The complete mission statement of NPT is found at this Sun City Web Site:

<https://suncitysummerlin.com/page/41537~917006/neighborhood-preparedness-team>

When a natural disaster, such as an earthquake occurs, it is essential to maintain communications, not only with your next-door neighbors, but with our entire community and this where NPT gets involved.

But earthquakes are not our only concern. What if an active shooter is firing away in our community? How do we quickly warn residents to stay in their homes and away from the area where the shooter is?

Catastrophic events rarely and hopefully never occur. But if or when they happen we must be prepared and one primary

factor that saves property and lives is the ability to communicate and coordinate rescue activities. We must rely on each other to quickly organize to work together and prevent destructive paranoia, fear and rumors that disrupt and paralyze recovery efforts hampering rapid mobilization.

Neighborhood Watch (NHW) can be a crucial tool to accomplish this, but for this to occur NHW block captains must have the ability to communicate and coordinate actions and organize resources. NPT has the ability to unite Sun City's individual NHW sectors to minimize threats that impact all or a large part of our community.

Our Sun City Security Patrol is an essential piece of the puzzle and their involvement in NPT is vital. If telephone communication is disrupted the watch commander has the ability to communicate with our security patrol cars.

NPT's Amateur Radio Subcommittee has a team of dedicated Amateur Radio operators who are trained in communications and computer savvy members of the Computer Club can assist to find alternative Internet network providers that remain operational after an environmental catastrophe.

These are only a few of the resources available and NPT is reorganizing to create an active program that has the ability to minimize the impact of a disaster.

NPT's reorganization includes holding elections for NPT officers. Elections will take place on November 16th at 10 a.m. in Desert Vista. Minimally the positions of President, Vice President, Secretary and Treasurer need to be filled, but hopefully others will also run to fill subcommittee positions.

Until the NPT elections occur, contact Norman Wright at (702) 255-5545 if you have questions or would like to run for a board position.

"The mission of the Neighborhood Preparedness Team Community Organization shall be to foster education relating to all community residents' safety in responding to consequences of a natural, or industrial or criminal-related adversity, by means of a communitywide network, and to heighten consciousness of crime prevention techniques through a partnership with the Las Vegas Metropolitan Police Department. The community organization exists to benefit its members and shall operate as a non-profit organization, with all funds being used for community organization purposes."

COMMUNITY STANDARDS

Did You Know???

Development Standards protections have basic rules in place to maintain the appearance of all lots. "Landscape Features," such as statues, fountains, "critters", and other personal niceties, are no exception.

For those who are "Students of the Standards", it is not a secret that no more than six landscape features in both the front and rear yards, is allowed. Del Webb Corporation liked orderly, pleasant, and compatible features when they wrote our rules, but let us know that, while they wanted us to express our individuality, they didn't like too much of a good thing. They also wanted the Eiffel Tower left on The Strip, so they limited the height of yard items to 48" from the grade level. When said another way, that means no 60" birdbaths on top of a 3-foot mound of stone, is allowed. And we're not through yet, because we have to keep plantings and décor at least 3' from the edge of sidewalks in the front yard, and we have to stick with earth-tone colors on items made only of stone or metal—no glass, no plastic, no wood! Live plants in decorative ceramic planting containers are allowed and are not considered part of the restricted items. Del Webb Corporation wanted us to look like the world-class community that we are, and they provided the guidelines for us to follow.

Did You Know???

Trash containers do have a mind and a life of their own! They keep coming back at us, sort of like COVID-19. Our trash containers are only supposed to be visible on Monday afternoons and Tuesdays when they are out for pick-ups. Yet, they peek their heads out from their not so hidden places all too often.

Trash containers are not to be visible from the street, neighboring properties, or common areas. All too often, we are observing unsightly trash cans beside homes, partially hidden behind a bush, or anywhere else they seem to choose. There are many ways to solve this community issue. The easiest is to find room in the garage! If that doesn't work, we're glad to suggest some other reasonable storage alternates that will meet the Standards and get the job done. Moreover, it will save us tons of time writing violations. Remember, maximum trash container hours on the street are from 2:00 pm on Monday to midnight on Tuesday. Keep 'em out of sight, just like the trash stored in them!

And, finally, Did You Know???

Sun City Summerlin prides itself in the appearance of its amenities and landscaping. So, once again we remind ourselves that our Development Standards are aimed at helping us to maintain residences and residential landscaping, as well.

As a result, there are certain "structures" that are prohibited in our front or back yards. Of particular note are sheds, other storage-type containers, wooden garden structures,

lean-to's, wooden trellises, lattice panels, wooden support poles, etc., that are not allowed. Included in the restrictions are storage items made of plastic, vinyl and composite materials that also quickly deteriorate in the desert climate. The use of chicken wire, chain link fencing and other similar materials used for enclosing areas, are also not allowed.

Some structures on golf course lots, such as netting and netting support systems—because they protect residences from damage—will be considered on a case-by-case basis, upon submission of a written plan.

The primary goal of these restrictions is to protect common areas and adjacent residences from having to view unsightly structures, that can impact the value of surrounding properties.

You can reach us anytime during business hours at (702) 966-1411, or feel free to visit us in the Community Standards Office.

Enrolling in Medicare and choosing a plan is one of the biggest decisions you will make. You should be educated about all of the rules before you decide.

- Are you turning 65?
- Did you recently retire or lose group insurance coverage?
- Did you recently move into the area?
- Are you having trouble paying for your co-payments or medications?

If any of these apply to you, please stop by or call PGIA Medicare Health Plan Options to get connected with a licensed agent.

For accommodations of persons with special needs at meetings, call (702) 825-2307, TTY 711, M-F 10a-2p. By calling the number, you'll be directed to a licensed insurance agent.

RESIDENTS' FORUM

Where Neighbors Become Friends

It's the 4th Annual **CHILI TASTE OFF**

Presented by Residents' Forum,
Wednesday, October 12th at 6 p.m. at Desert Vista

Come and sample the great variety of chili made by our residents and employees. Maybe you're into turkey chili, black bean Southwestern or Texas hot chili or want to try something new. This is the night for you to taste and have the chance to vote for your favorite. Come see who gets to take home the Traveling Chili Trophy. Don't forget these are just tastings, not your dinner!

Here's how to sign up. It's so simple. Send an email to juliezerbel@yahoo.com and let Julie know you want to enter. All the details will be provided back to you immediately. Sign ups will close on Saturday, October 1st or when full.

We'll have a cash bar for you to purchase beer, wine, and soft drinks staffed by our own Food and Beverage Department. What could be better than a cold beer to go with that chili? How about winning some money? We'll be doing a 50/50 raffle, tickets are \$1.00 each or 6 for \$5.00.

Come and join Residents' Forum at 6 p.m. on Wednesday, October 12th at Desert Vista. This is another one of our fabulous social events "Where neighbors become friends". Our events are always free to all residents, if you live here you're a member, no dues ever. Residents' Forum is totally self-supporting, not one penny of your HOA dues goes to our events.

Live Tree Removal Policy

From time to time a live tree or trees may become an issue on the common areas owned or operated by the Association. In the case of a diseased or dead tree a homeowner should notify the Executive Director's office. This policy provides the procedure for a homeowner to request that a live tree, or trees, in any common area, inclusive of the golf course, be removed.

To request the removal of a tree the resident must complete a *Live Tree Removal Request and Agreement Form* and submit the completed form to the office of the Executive Director. The form is available on the SCSCAI web page and at the administrative offices. An incomplete form will be returned to the resident that requested the tree removal and no action will be taken until a completed form is received. The consideration for the removal of any tree from the common areas may include, without limitation, the following:

1. The tree is physically damaging property.
2. The tree is at risk for falling.
3. The tree has so developed that there is no longer sufficient clearance around the tree.
4. The tree, or landscaping around the tree, may not receive adequate water and/or sun.
5. The tree creates privacy or protection issues to the surrounding homes.
6. The tree blocks the views of neighboring properties.

After the completed Live Tree Removal Request and Agreement Form is received by the Executive Director, the form and any required back up information will be referred to the appropriate Department Director. If the request is for a live tree removal in the common areas it will be referred to the Director of Landscape Maintenance. If the request is for a live tree removal on the golf course it will be referred to the Director of Golf Course Maintenance. The office of the Executive Director will advise the neighboring property owners of the tree removal request. The neighboring property Owners will be offered an opportunity to comment on the request in writing.

The Executive Director and the appropriate Department Director will review the Live Tree Removal Request and Agreement Form, visit the location of the tree(s) and review the comments from the neighboring property Owners. If after this review, the Executive Director and Department Director agree that the tree or trees can be removed, a landscape improvement replacement plan will be developed for this area by the Department Director and submitted to the Architectural Review Committee. If the landscape improvement replacement plan is approved by the Architectural Review Committee, then the Owner requesting the tree(s) be removed will be notified of the total cost of the removal and the landscape improvement plan. The Owner will have sixty (60) days to submit payment in full for the removal of the tree(s) and the landscape improvement plan. If the payment is received the work will commence within thirty (30) days. If payment is not received the approval for the request is voided.

The homeowner will be advised of the decision of the *Live Tree Removal Committee* by the office of the Executive Director. If the request is denied, the homeowner will be advised that they may appeal the decision to the Board of Directors.
